Absolutely nothing has been seen or heard in Europe of the plane which flew from Curtis field Friday night for Harbor Grace, Newfoundland, to await favorable weather conditions for a trans-Atlantic flight to Europe. The suggestion came from some that Mrs. Grayson and her pilot, Oskar Omdal, headed straight out over the Atlantic for Europe instead of northeasterly to Harbor Grace, but in responsible quarters this theory was discredited, principally because of the adverse flying conditions prevailing over the eastern Atlantic seaboard Friday night.

This is exactly the thing she may have done, however, if weather conditions had been better and the plane had not been loaded with passengers. When Mrs. Grayson was in London this fall she told some of her friends that "some clear day when nobody is expecting it, we will fly away from America without a soul knowing our plans and the next thing heard of us we will be in Europe."

REPORT THAT MRS. GRAYSON WAS PICKED UP BY DESTROYER

PORTLAND, Me., Dec. 25—(AP)—A report circulated tonight that Mrs. Frances Wilson Grayson and her three companions in the Dawn, had been picked up by a destroyer, could not be established as a fact, after communication with several established bases.

The U. S. naval radio station at Cape Elizabeth, reported at 10:45 o'clock that its efforts, carried on up and down the coast, to various points, including Yarmouth, N. S., had failed to bring forth any further news from the amphibian plane, and its four fliers.

A similar report was made by officials at the U. S. radio station at Bar Harbor.

TRAINMEN REPORT SEEING WRECKAGE OF AIRPLANE

ST. JOHN'S, Newfoundland, Dec. 25—(AP)—Reports were received here today that trainmen had seen wreckage of an airplane on the shore near Cape Ray.

Railway authorities immediately instituted a search of the coast to determine if there were grounds for the report and if the plane might have been the "Dawn," of Mrs. Frances W. Grayson's missing expedition.

COL. LINDBERGH SPENT QUIET DAY CHRISTMAS

MEXICO CITY, Dec. 25.—(AP)—Santa Claus brought Colonel Charles A. Lindbergh what he wanted for Christmas—a quiet day.

The flier probably has known few quieter days than his Christmas in Mexico since he became a world hero. In accordance with his own wishes and those of his mother no formalities or entertainments were arranged, and the young man spent a large part of the day wandering about the American embassy, picking up books only to put them down again.

The mother and son were left to themselves as much as pogsible over the holiday. They had Christmas eve dinner and Christmas day lunch at the embassy with only members of Ambassador Morrow's family at the table. At the regular Christmas dinner tonight, which was entirely informal, there were in addition some members of the embassy staff and their wives.

THREE ATTEMPTS TO WRECK NEW HAVEN ROAD TRAINS

BOSTON, Dec. 25—(AP)—Three attempts to cause train wrecks on the New York, New Haven and Hartford railroad resulted in a force of railroad detectives and police being assigned to guard the lines tonight. An insane person, authorities believed, was responsible.

The first attempt was made upon the Fall River boat train leaving Boston at 6 p. m. As it was passing through Hyde Park, a missile was thrown from a bridge striking Engineer W. H. Wilmot at the cab window.

The second attempt was made upon the train due in Boston from Providence at 7.40 p. m. Engineer J. F. Rogers sighted a tie placed across the track in time to prevent a derailment. While removing the tie from the rails, another tie was found across the rails over which the Colonial Express from Washington to Boston would pass.

TRUSTY AT SING SING HAD STARTED FOR HOME

OSSINING, N. Y., Dec. 25—(AP)—Decorating a Christmas tree in the home of Warden Lewis E. Lawes made Ralph de Salvo, a trusty at Sing Sing think of his three children and he started for home today. Within fifteen minutes he had been recaptured by a policeman.

"It was foolish of me, warden," de Salvo said when brought back, "but you know how it is. It is Christmas morning, and I have kids of my own. I just felt I had to go."

De Salvo has served four years and a half of a ten to twenty year sentence for robbery.

FATALLY INJURED WHEN HE TRIPPED OVER CHRISTMAS TREE

WASHINGTON, Dec. 25—(AP)—Joseph T. Halpin, of Dubuque, Iowa, assistant manager of the sales division of the shipping board, died here tonight from a fractured skull after he had tripped over a Christmas tree standing on the front porch of a friend's house where he was visiting.

Mr. Halpin started with the board here seven years ago as a clerk. He leaves a mother and several brothers and sisters. His body will be sent to Dubuque tomorrow for burial.

TWO LIVES WERE LOST IN CHRISTMAS TREE FIRE

CHICAGO, Dec. 25—(AP)—The gaiety of a Christmas party turned to tragedy last night when wires supplying light for a Christmas tree crossed, causing a fire which took two lives and severely burned another.

The dead are the hostess of the party, Mrs. Irene Jorgensen, who was burned to death, and Lee Horton who was suffocated by smoke. Another guest, Miss Alice Clinton was burned so severely she may die.

CHRISTMAS OBSERVANCE IN WILLIMANTIC

(Special to The Bulletin.)

WILLIMANTIC, Dec. 26.—Christmas day was observed today with religious services at the various churches and family reunions in almost every household. At all of the churches special musical programs were carried out and Christmas sermons delivered. Friends and relatives of local people, former residents and Willimantic people employed in other cities, arrived in great numbers over the week end, while there was an almost equally large number leaving here to visit in other places. While religious observance of the birth of Christ was made in places of worship and happiness prevailed in the homes the Christmas spirit was invading various institutions here and the home of the needy as the result of the work of many philanthropic people and organizations. Baskets of generous proportions were opened at the town almshouse, the Card Home for the Aged and at St. Joseph's hospital. Private and organized contributions were made to those unable to provide for themselves.

Christmas business was reported as good and continued at a brisk pace to the closing hour of mercantile houses at nine o'clock Saturday night. Merchants stated that the patronage of residents of the several smaller towns in this vicinity proved a decisive factor in making business in general better than had been anticipated.

Religious services began at St. Paul's Episcopal church where a special service was held at 11 o'clock Saturday night with a midnight community service. The addresses were made by William E. Higgins and Rev. Arthur E. Wheelock of the Congregational church. Sunday forenoon at 11 o'clock the service of the holy communion was held with a sermon by the rector, Rev. F. C. Williams and at seven o'clock in the evening a Nativity play was presented by members of the congregation and the choir.

At St. Mary's church masses were solemnized at 7, 8, 9.15 and 10.30 o'clock with special choral music at the latter two masses, under direction of Joseph F. Gaudreau. Masses at St. Joseph's church were at 5.30, 7, 8, 9.15 and 10.30 o'clock, the musical program being in charge of the organist, Mrs. E. E. Portelance, and the pastor, Rev. Henry E. Quinn delivering the main sermon.

At the morning worship at the First Baptist church the pastor, Rev. David W. Lovett, repeated by request, his sermon of a year ago upon the theme, Is There a Santa Claus? Rev. Harold H. Critchlow delivered the sermon at the Methodist Episcopal church. Mrs. F. J. Williams presided at the organ.

Rev. Arthur S. Wheelock delivered a sermon on A Song of Joy at the worship at the First Congregational church. In the afternoon a Christmas pageant, The Soldier of Bethlehem with a cast of 35 was presented and followed by a White Gift service. Rev. Alfred E. Hendricks preached on A Christmas Message at the Calvary Baptist church morning service. The installation of officers for the year was held in the evening followed by a candle light service.

Industrially, Christmas will be observed Monday when all of the manufacturing places, banking institutions and retail stores will be closed. Activities in general will be suspended with the exception of some amusement attractions including motion pictures and a dance at the Al-Pierre Tobarin in the evening.

Mrs. Mary Burke, widow of Thomas E. Burke, died at her home, 215 Jackson street at 5 o'clock Saturday evening after a week's illness. She was born in Wales, England, March 2, 1840, a daughter of Jeremiah and Ellen McGillicuddy Nash. Mrs. Burke had resided here since her childhood and was one of the best known and most highly respected of the older residents of this city. She is survived by two daughters, Mrs. Ernest Thompson of Danielson and Mrs. Aime Desrosiers of this city; one son, Thomas A. Burke of Danbury and four grandsons, Thomas A. Burke, Jr., and J. Murray Burke of Danbury; Ernest Thompson of Danielson and Paul Desrosiers of this city and one granddaughter, Mary Theresa Desrosiers of this city.

Joseph Serwenski, janitor and steward of the Polish club on Jackson street, was arraigned in police court Saturday morning and fined $100 and costs and given a ten-day jail sentence for six months when found guilty of keeping liquor with intent to sell. The costs totalled $8.15.

"The handling of what will undoubtedly prove the largest mail rush on record was accomplished with dispatch which will long be remembered at the post office for speed and accuracy," Postmaster Frank M. Smith stated today as he enjoyed a brief respite from busy days. There were three primary elements for which the postmaster felt grateful and he named them as weather conditions that allowed unhindered deliveries, the general public response to the slogan "mail early," and the co-operation of all regular and substitute employes, all of which served to enable the office to do its work expeditiously. All of the parcel post matter received up to the 1.30 p. m. train Saturday afternoon was delivered before nightfall. This was followed, however, by another accumulation of mail from subsequent trains including those arriving today and early Monday. Practically all of this mail will be delivered in forenoon trips by the rural and city carriers Monday. The parcel post truck operated by Dennis F. Haggerty will be in service all day Monday to clean up mail in that department. All carriers are authorized to return to the post office at 12 o'clock noon after which they will take a well deserved half holiday. To accommodate business men and others, the post office will be open from 7.30 to 10 a. m. Monday with clerks at the stamp and general delivery windows. The money order, registry and postal savings departments will be closed all day.

In a Christmas eve raid at 11 o'clock Saturday night, Police Officers Rodrick Lariviere and William Hurley took into custody 10 gallons of alleged alcohol at the home of Joseph Racicot on lower Jackson street. Racicot was taken to police headquarters and booked for trial Tuesday morning on a charge of keeping liquor with intent to sell. He was released under bonds of $500.

Mrs. Mary McGlone died at her home, 151 Union street at two o'clock this afternoon. The deceased leaves one son, James F. McGlone, of this city; three daughters, Miss Catherine McGlone of this city, Mrs. John Love of Webster, Mass., and Mrs. Emil Sohlenz of Sag Harbor, N. Y.; four sisters, the Misses Margaret Catherine, Nellie and Sarah Clancy of this city, and three grandchildren.

A jury panel of 24 names from the various towns of the county, was drawn in the Windham county superior court room here Saturday afternoon by Assistant Clerk Miss Marjorie Crawford, of Putnam, and Sheriff Charles A. Gates. Judge Edward M. Yeomans of Andover, who will be on the bench for the January criminal term of the Windham county superior court, presided at the jury drawing. Jurors were drawn as follows: Windham, John A. McKenna and John B. Edgerton; Putnam, Louis Vanarais and George D. Brown; Ashford, Frank Bebbington; Brooklyn, Homer C. Beecher and Merton J. Frink; Canterbury, Wilson F. Herr; Chaplin, Trenor A. Rice; Eastford, John M. Tatem; Hampton, Jesse Burnham and Jirah F. Hyde; Killingingly, Irving W. Davis and Everett F. Michleson; Plainfield, Jeremiah F. Colloner and Thomas Devoe; Pomfret, Sylvester Baker and Arthur G. Grosvenor; Scotland, Frederick Willoughby; Sterling, Walter Frink Thompson, Frank A. Decker and Clarence Stevens; Woodstock, Irving Paine and Bert Johnson. Court opens at Putnam, on Tuesday, January 3, when it will be adjourned until Friday, January 13 at 2 p. m.

The coldest yet. Such was Saturday morning as compared to other daybreaks thus far in the present winter season. The mercury on Main street when the sun hove over the horizon, was from 9 to 12 degrees above zero. Nine degrees above was registered in Storrs and the thermometer at Whitehead's store in Warrenville showed the low figure of eight above. It was good ice-making weather throughout the day and conditions for ice-skating, a popular sport locally, were very good today. The skating rink at Recreation park, which is flooded and then opened to the public by the American Thread company was a busy place Saturday night and today.

Midshipman Charles R. Fenton of the U. S. Naval Academy at Anapolis, Md., is spending the holidays at the home of his parents, Mr. and Mrs. Horace J. Fenton. The Fentons entertained a party of ten at dinner today, including Mrs. Fenton's brother, Captain John R. Kaiser and wife and daughter, Clara Virginia, of Hartford.

Mrs. Michael Moriarty has as holiday guests her daughter and family, Mr. and Mrs. Daniel A. Shea and daughters, Eleanor and Bettey, and her sister, Mrs. Harry D. Williamson of Providence, R. I.

E. B. Latham is confined to his home on Pearl street with a sprained ankle.

Cars operated by Walter Morin of this city and Horace Rood of Windham figured in an accident on Union street about 9.30 o'clock Saturday night, the mishap being Christmas shopping rush. Rood was driving away from the curb when his machine was struck by that driven by Morin. The damage was over ten dollars. Police Captain McLean was notified that an agreement had been reached for a settlement.

Dinner guests of Mr. and Mrs. Arthur Stiles of Windham road today included Mrs. Stiles' mother, Mrs. Mary Dibble, relatives from Norwalk and New York friends.

The annual Christmas tree and exercises of the Calvary Baptist Sunday school was held in Central Labor Union hall at seven o'clock Saturday evening. An attractive program was presented before a large audience.

Mrs. Edward Ellsberg, wife of Lieutenant Commander Edward Ellsburgh, who is in charge of the raising of the submarine S-4 at Provincetown, Mass., and her daughter, Mary Philipa Ellsberg, of Westfield, N. J., are spending the holidays with her parents, Mr. and Mrs. William A. Buck.

LEFFINGWELL

Following the annual custom the Ladies' Aid society sent baskets of fruit to the shut-ins at Christmas time.

Mrs. Roy L. Beard visited her mother, Mrs. John O. Johnson, of Baltic, Monday.

Miss Lena Bitters, of Quaker Hill, was a recent visitor at the parsonage.

Friday evening a rehearsal of the Christmas pageant was held at the home of Mr. and Mrs. N. E. Whiting on Benjamin street, Norwich. A social evening was spent and enjoyed by all. Refreshments were served.

The Sunday school Christmas tree festival will be held Tuesday evening at the church.

DANIELSON

DANIELSON CELEBRATED THE CHRISTMAS SEASON

(Special to The Bulletin)

DANIELSON, Dec. 25.—This beautiful Christmas day was one of quiet and fittingly decorous observance in Danielson. Coming on Sunday, the day was devoid of the customarily frivolous events that mark the feast when it falls on a week day. This day was marked by large attendance at church services, by family reunions, bountiful holiday dinners, the exchange of gifts and the pleasant experience of reunions of families and old friends—and the oft repeated greeting of Merry Christmas. Truly no more beautiful Christmas day has come to Danielson in a generation. It was a green Christmas, but crystal clear and cold and invigorating. It so happens this year that Monday is the holiday of Christmas, and that day promises to be much more lively, and observed in a different spirit, than was today.

SIXTY PRISONERS AT JAIL SERVED CHRISTMAS DINNER

(Special to The Bulletin)

Danielson, Dec. 25.—The very large family that is the county's care at the jail in Brooklyn this holiday season did not go hungry today. The 60 prisoners now held there were given a splendid Christmas dinner, which included roast pork and a variety of vegetables from the stocks of the institution, with which there is a farm connected. The spirit of the great holiday and of the happy outside world eased its way through the steel-barred windows and into every nook and corner of the jail to bring something of the joy of the occasion to those held in custody.

There is pleasure in setting down for all to read an outline of the things that were done for the 16 inmates of the Killingly town farm, at Dayville today. What a host of good friends they have! Through gifts for the happiness of these elderly people, and the kindly and thoughtful activities of Mr. and Mrs. Oliver Bassett, superintendent and matron of the farm home, and carte blanche on the farm stocks of vegetables and other good things, the Christmas dinner consisted of roast turkey, with all the fixings, and that means about everything in this special instance, and a choice of desserts that was so varied as to be a bit bewildering.

The turkey was the gift of the Ladies' Aid society of the Dayville Congregational church. Freezers of ice cream were sent by the Dayville Catholic welfare council and Putnam lodge of Elks, though the Elks' envoy deliberately evaded telling whence that cream came, as is the custom with that order of secretive but generous giving. It matters little how a newspaperman found out that the Elks did not forget. Aside from the dinner, the inmates were made happy by various gifts from various sources, among these two aprons each for the women from the Ladies' Aid society of the Danielson Baptist church. It was a happy holiday at the Killingly town farm, an evidence of the vast amount of goodness and good people that remain in the world, all discouraging circumstances notwithstanding.

A Christmas eve wedding at the home of Mr and Mrs. George Wilson, Reynolds street, Mrs. Wilson being a sister of the groom, was that of Miss Marjorie Smith, daughter of Mr. and Mrs. Walter Smith, now of Jamaica, L. I., and Roscoe E. Burton, of Danielson. The ceremony was performed by Rev. Ernest C. Drake of the United Protestant church of Sterling. The marriage was at 6 o'clock and was witnessed only by relatives and near friends of the contracting parties.

The bride and groom were attended by Mr. and Mrs. David Planchon of Plainfield, relatives of the bride. The bride wore a gown of white crepe de chine and silver hat, the matron of honor being gowned in nile green satin. The wedding march was played by Miss Mildred Burton, a sister of the groom.

The home was prettily decorated with laurel and poinsettas and was brilliant with lights, as befits the holiday season.

After their wedding trip, during which they will visit with the bride's parents on Long Island, Mr. and Mrs. Burton will make their home in Danielson. The bride has been a resident of Sterling and also Wauregan and Brooklyn. The groom has lived here and is with Powdrell and Alexander.

At the Christmas season State Officer George Lester Gardner of the Danielson barracks has been promoted to a sergeantcy. Sergeant Gardner, whose home formerly was in Central Village, where his father, Dr. J. L. Gardner is a physician, has been stationed at the Danielson barracks since entering the state police department.

St. James' church did not provide seating room for all that came this Christmas morning to attend the first mass of the day, at 5.30 a. m., the majority of those attending receiving communion. Four other masses later in the morning also attracted very large congregations, and at every service the obligation of observing Christmas as a great solemnity was stressed.

The Christmas tide of travel ebbed today, after the rush of Saturday. Motor coach lines operating through this territory did close to a capacity business on Saturday. Extra coaches were in use on the Hartford-Providence route, a line that is constantly doing more business, furnishing a fast, through service, and this not intended as an advertisement, but as a statement of an interesting fact.

Three shows this (Monday) at the Orpheum theater—at 2.30, 6.00 and 8.00 o'clock. Seats reserved for 3.00 show. Vaudeville and pictures.—Adv.

Miss Medrice Durminie, 45, died at the noon hour Saturday at the home of Mr. and Mrs. Rocque Lasnier, Dyer street, after an illness of nearly two months. Miss Durminie was a daughter of Mr. and Mrs. Jean Baptiste Durminie, and was a native of Canada, though she had lived the greater part of her life in this country.

Several hundred people gathered at Davis park at 7 o'clock Christmas eve for the community Christmas exercises arranged for the little people, especially, by the American legion and its auxiliary. Very naturally Santa Claus was on hand to distribute candy, oranges and other gifts to the eagerly expectant little people xpriencing the truly fundamental spirit of the occasion. It was a great event for them. The tree was beautiful with its myriad lights, and those who did not see it will have an opportunity any night this week, during which the lights will gleam every evening.

On the West Side Christmas eve at 9.30 Elmer Levenson of Hartford, driving toward Danielson in his car, somewhat damaged the machine when he swung it sharply off its course to save Thomas Gaudreau, a resident of the West Side, who was crossing the street, from being struck and struck a car owned by Charles Parker of Brooklyn that was parked near one of the community stores in that section. No one was injured in the accident which was checked up by State Officer Holman Bell.

Adelard Robillard 57, is among those who happen to be at the county jail in Brooklyn while the world is celebrating Christmas. He was picked up last night by State Officer Donald Geddes to answer, later in the week, to a charge that is larceny. The allegation is that Robbillard, a woodchopper, stole a diamond ring of the value of $100 from Louis Lahie, and also a ruby ring, the value of which is given as $17. The men have been chopping on a lot in an isolated section of the town. They occupied separate shacks. Lahaie complained that while he was away Robbillard entered his shack and took the rings, later offering the diamond for sale to a Ballouville man.

P. A. Reeves, veteran insurance man, has been critically ill the past few days at his home on the West Side.

Basketball—Southbridge vs Danielson—town hall this (Monday) evening at 2.15.—adv.

For the first time this season zero temperatures were reported Saturday morning from outlying sections, though 10 above was about the average here.

Mr. and Mrs. Ashley P. Mills were in Boston today as Christmas visitors with Ashley Mills, Jr.

Mrs. Mary Taylor of Webster is spending the holiday season with relatives in Danielson.

Mr. and Mrs. John Reece of Norwich and Mr. and Mrs. Robert Millay and daughter, Loreta, of Providence, are visiting with relatives here.

Misses Beatrice and Jane Bouthillier are spending the Christmas season with relatives in Pawtucket.

Mr. and Mrs. Charles T. Thayer, Miss Katherine T. Thayer and Aylward Thayer of Putnam were dinner guests today of Mr. and Mrs. J. C. Witter and Broad street.

Christmas eve the fire department was called out for chimney fire in what is known as the Maynard house on the east side of High street. There was no damage of importance to the house.

The current week is a vacation for the hundreds of employees in the various mills of Powdrell and Alexander in the town of Killingly. Operations are to be resumed on Tuesday, January 3.

Mrs. Sarah Nolan of Bridgeport is visiting with relatives here.

Mr. and Mrs. Henry Getty of Boston are with Mrs. Marie Getty for the Christmas holidays.

Many were at the state armory here Christmas eve for a dance under the auspices of the Service battery.

On Monday, the holiday of the Christmas period, city carriers out of the Danielson office will cover their routes up to the noon hour, and the rural carriers will go over the routes they regularly cover. This service will clean up the avalanche of holiday mail.

The rush of holiday trading in Danielson did not cease until unusually late Christmas eve, and it was close to midnight before some business men arrived at their homes.

Young people by the score went out this afternoon to enjoy a period of skating on as perfect a day for the diversion as one can recall.

Mrs. Charles Phillips will have members of the Nazerne church at her home for a prayer meeting on Tuesday evening.

PUTNAM

LOCAL KNIGHTS TEMPLAR JOIN IN TOAST TO GRAND MASTER

(Special to The Bulletin)

WESTERLY, R. I., Dec. 25—More than fifty Knights templar of Narragansett Commandery, No. 27, K. T., of Westerly, Eminent Sir Robert Hazard, commander, gathered about a table in the form of a passion cross in the commandery asylum, at noon Christmas day for the purpose of participating in Christmas greetings to Grand Master Valley, of Denver. The table decorations were ferns and Jerusalem cherry trees

Following the toast to the grand master, sentiments of loyalty were expressed to the grand masters of Masons in Rhode Island and Connecticut, the response to the latter being by past grand master of Connecticut, Thomas McKenzie, a past commander of Narragansett Commandery; and that to the grand high priest of Connecticut, R. A. M., by Past Grand High Priest Arthur N. Nash. Generalissimo David A. Lowry proposed the toast to Columbian commandery No 40 K. T. of Norwich. A silent toast was given to departed fraters.

The speaker on Christmas Templar observance was Rev. Byron Ulric Hatfield, pastor of the First Baptist church, Westerly, a member of Columbian Commandery, of Norwich before his affiliation with the Westerly body. A telephone message of greeting and best wishes was received from his present home in Middle Haddam from Past Commander Abel P. Randall, who presided at the Westerly Christmas observance of Narragansett dery twenty years ago.

MIDNIGHT MASS SUNG AT LOCAL CATHOLIC CHURCH

(Special to The Bulletin)

WESTERLY, Dec. 25—Christmas masses were largely attended in the Catholic churches of Westerly. The Immaculate Conception church began Saturday night its Christmas services with a solemn high mass at 12 o'clock. The choir, under Mrs. Frank G. Ahern, rendered the anthem, "Angels, We Have Heard On High." Dr. Harold F. Doyle sang "Jesu Bambino," and "Holy Night," was sung by Martin Spellman, beginning at 11:45 p. m. Mozart's "Twelfth Mass," was sung by the choir at the stoke of midnight. Assisting the choir were Harold Nicholas, violinist and Amadeo Nardone trumpeter. The male chorus sang "With Glory Let the Midnight Air" at the conclusion of the service.

At St. Michael's church the first Christmas service was held at 5:30 Sunday morning. Gounod's mass was sung with the exception of the Credo "The Mass of the Angels" was sung at 9:15 by St. Michael's parochial school children, with the addition of Christmas hymns. A high mass was celebrated at 10:30.

CHRISTMAS SEALS SALES AHEAD OF THOSE OF 1926

(Special to The Bulletin)

WESTERLY, Dec. 25—Miss Kate Virginia Cottrell, chairman of Westerly committee on the sale of Christmas seals for national anti-tuberculosis work, reports to date that the total of sales of the stickers will exceed by more than $100 the sale for 1926. Workers this year have turned in a total of $1,306 as compared with receipts of $1212 of a year ago, an increase being noted in the sales made by the public schools. On the committee have been Misses Katherine Foster, Ruth Taylor, Phoebe Langworthy and Mary Damerel, Mrs. Arthur Trotman, Mrs. Charles F. Hammond and Mrs. Russell Hemphill. Miss Foster had charge of the publicity and Mrs. Trotman had supervision of the seal booth in the post office.

There was a gathering of several hundred on the lawn of Christ Episcopal church, corner of Broad and Elm streets Christmas eve to participate in the Christmas carol singing. The singers led by members of the church choir, Mrs. Florence V. S. Larkin, choir leader and organist, grouped about an electric-lighted pine set in the lawn while the words of the carols were flashed on a screen at the right of the church main entrance. In spite of the cold nearly an hour's program was given.

Jesse A. Barber, carpenter at the Lorraine Manufacturing plant, Pawcatuck, impersonated Santa Claus, at the fourth annual Christmas observance Friday night for the children of the member of the Lorraine Community association. There was an attendance of between 700 and 800 to enjoy the program provided in part by the management and the association for children under 14. They were presented gifts of candy, fruit and toys. The program opened with a three-act comedy, "Christmas at the Mulligans," presented by mill employes. Master Mechanic Fred Holdsworth had charge of the staging of the play; Harry Anderson, who was in charge of electrical work, and the Misses Lena O'Connell, Margaret Fishwick, Beatrice Law and John Jones, George Anderson, Clarence Kenyon, Austin Schackner and Albert Gractions. The 60-foot pine tree in the house lawn is one of the attractions of Westerly's holiday season.

SIGNS OF IMPROVEMENT IN INDUSTRY DEVELOPING AS YEAR DRAWS TO A CLOSE

NEW YORK, Dec. 24—(AP)—American business last week assumed a livelier aspect, as if preparing to take off into the new year with renewed vigor. The holiday trading season dominated the commercial situation, as would be expected, but signs of improvement in industry imparted a rather pleasing color to the 1928 prospect.

Steel set the pace in the so-called heavy industries. A good deal of general buying for first quarter delivery was reported, partly based on expectations of stiffening prices early next year. Chicago, in particular, felt the stimulus of expanding orders and operations, while there was noticeable increase in some other centers.

Speculative activity in U. S. Steel common ran wild in Wall street in the closing days of the week. Based upon numerous reports circulated in the financial district. In banking circles it was clearly indicated that a successor to Elbert H. Gary as chairman of the board had been selected and that his confirmation was likely at the monthly meeting of directors on Tuesday. In this connection there were free predictions of a more liberal dividend policy and perhaps a large stock distribution early in 1928.

Some other industries reflected the seasonal slackening of operations quite usual at this time of year. Shutdowns for inventory were fairly common. The automobile trade, which fell to its lowest ebb in November, showed signs of quickening and a sharp increase in employment was reported from motor manufacturing centers. Gradual expansion of the Ford plants was partially responsible for this improvement, along with preparations for an expected heavy business year. New models of the low-priced order are understood to be under way and despite energetic denials, reports again gained circulation of an impending price war in the automotive world.

Aviation again asserted its right to recognition as an industrial and business factor. Keen interest in the more recent exploits of Col. Charles Lindbergh again focused public attention upon the manufacture and operation o faerial equipment, and announcement was made of a low-priced "family plane," production of which was to begin before many months. The post office department reported that the use of the air mails has reached unprecedented proportions during the holiday season.

Cotton goods displayed irregular tendencies, southern mills stepping up their operations, while New England concerns showed a decline. More confidence, however, was incted by the resumption of dividends omitted since 1924, on the common stock of Amoskeag company. Wholesale trade in cotton goods was reported on the up-grade and the price outlook was not unsatisfactory.

Building activities were at a low ebb, usual at this time of year, but prospects were declared good for 1928. The tradv arrival of cold weather was seriously felt by the coal industry, and the comparatively small shipments of fuel was a large factor in a further sharp decline in freight car loadings.

Although a tightening in the money market was predicted early next year, little change was shown last week, outside the raising of call money rates following heavy withdrawals of funds for use in the Christmas trade. Bank clearings increased about 12 per cent over the totals for the preceding week, and more than 16 per cent over the corresponding week of 1926.

BEING SANTA CLAUS

Those who have had a chance to assist in the distribution of Christmas baskets containing food, or gifts of a different character, have had a chance to get a close-up idea of the need which prevails for just such work. There are the homes where lack of employment, sickness or death have created conditions which are all out of harmony with those in the comfortable homes. There are those who are struggling under large burdens, handicapped in various ways. In these homes, as well as in homes which know no want, there is the desire for something out of the ordinary scant living to mark the celebration of Christmas. This is particularly true if the household contains several children, and those are the homes which usually do.

No more convincing evidence of the need of providing Christmas dinners and distributing Christmas toys could be asked than is furnished to those who serve as Santa Claus in reaching these homes. With their work made possible through the contributions of those who desired to see attention given to just such cases, these messengers could not fail to find it a pleasant task to distribute such cheer. In the whole campaign however there was manifested a spirit of self sacrifice and willingness which cannot be ignored. It represents a service that cannot fail to mean much to those who receive. It likewise means much to those who give for such a purpose for some agency is necessary to know where to reach those in need as well as to possess the willingness to serve both the giver and the receiver.

Whichever day is celebrated, whether Sunday or today, there cannot fail to be happier homes in Norwich because of the "good fellows" who have contributed their dollars or their dimes to increase the happiness of those who need just such cheer this Christmastide. It is to be sincerely hoped that none has been overlooked, that someone has been able to discern the need even in homes where outward appearances might not indicate it. Many of these have been reached through individual channels, as is always the case, but in all instances Christmas is always made the happier through being a giver as well as a receiver.

HOUSE SPEED INVITES SENATE DELAY

There are times when it is possible for speed to accomplish just the opposite from what is desired. Haste causes delay in much the same way that haste makes waste.

With the idea of putting the revenue bill through before adjourning for the holidays, the house of representatives, in which such a bill must originate, got down to business promptly, received an early report from the ways and means committee and accomplished its object. The bill was passed and forwarded to the senate long before Christmas.

The fact that the senate has received the measure early doesn't mean that it is going to be rushed through and adopted, at least there isn't that indication at the present time. That such might have been the case had the house been disposed to keep the tax reduction limit within bounds is probable, but when it proceeded to add $67,000,000 in tax reductions to the amount fixed by the treasury department, and urged by the president as the figure which ought not to be exceeded, it simply means that there must be a delay until it can be shown more definitely what attitude is going to be displayed in regard to the many projects calling for large sums which remain to be tackled.

If there is going to be a disposition to make appropriations on a scale similar to that used in voting tax reductions, it is going to be possible somewhat later to get a better idea of the whole situation which will permit of a clearer understanding of what should be done with the tax cutting measure.

There was a desire to get it out of the way. There is a common demand for tax reduction at this time, and such action will unquestionably be taken, but it is certainly folly to jump in too deep when inquiry and observation will permit of saner action later in the session when flood control, farm relief, naval construction, river development and some of the other projects calling for large sums of money have been given attention. The house through plunging in too heavily has caused the putting on of brakes as far as speedy enactment is concerned.

FIGHTING THE HIT AND RUN-NERS

There are times when the offering of a reward not only creates much added publicity but prompts many people to act in a manner different from what they otherwise would.

For the same reason that rewards are offered in murder cases, the Automobile club of Boston has announced that it will pay $100 for information that will lead to the arrest and conviction of any hit-and-run driver. The idea is to put an end to such cowardly acts by enlisting the aid of the public, the belief being that if those who use such accidents will take note of the numbers and make a mental note of the character of the car it will do much to assist in catching and convicting those guilty.

It is through the penalizing of such persons that the best kind of influence for the prevention of such accidents is going to be obtained. It must be expected that there will be those who because of existing circumstances will be able to escape, but the public can do much in discouraging the hit-and-run driver and the public knows that in doing so, aside from any reward that may be in sight, it is contributing to the greater safety of the highway. In that increased safety there is no one more interested than the public itself. There's no telling when the hit-and-run driver is going to get personal with his recklessness.

With more than a score of persons killed in the streets of Massachusetts in the past week, none of whom were children, it is quite apparent that the public has an opportunity to do much for itself. In all probability auto drivers were not responsible for all those deaths, for pedestrians have a way of being careless themselves, but whatever contribution can be made for increased safety is needed. Each individual is obligated to be careful. That is a decided help when respected but with additional opportunity for decreasing the hit-and-run driver it should not be overlooked. If more people will give heed to the dangerous drivers, or if the reckless driving will use more care, because of the placing of a price on their identity a welcome relief should follow.

FLYING THE ATLANTIC

Once more the country is stirred by a quartette of lost fliers, not involved in a transatlantic flight but bound for Newfoundland with Europe as the ultimate goal if conditions warranted.

For weeks during the fall the Dawn was at Old Orchard beach in Maine waiting for favorable weather conditions. When Mrs. Grayson abandoned that flight to Europe she acted in response to conditions of the plane as well as of the weather. The wisdom of such a decision was generally recognized.

The idea of trying to cross the ocean in the air during the winter appears to have been a recent decision, but if the dangers involved needed demonstration there are strong indications that they have already been furnished by the fact tht the Dawn has not been seen or heard of since it flew over Cape Cod on its way to Newfoundland. With practically 53 hours elapsed at midnight since their departure the situation grows more serious for in spite of the plane being built to float for a long time the provision against cold the forcing down of such a craft on the open ocean or at some secluded coastal point indicates no real joy ride.

Those who have condemned a flight at this time of the year will have added support for their contention. There are risks enough under ordinary and favorable conditions, but to disregard the advice against winter flying, even in attempting the trip to Newfoundland, indicates an attitude which cannot be overlooked in connection with the disappearance of the plane and its crew. Have four more been added to those who have given up their lives in trying to fly across the Atlantic? The fate of the Dawn doesn't serve to minimize the dangers of the nonstop flight to Europe.

THE RIGHT DECISION

While questions are being asked of the navy department regarding the sunken submarine off Provincetown, some of which are based upon misunderstanding and wrong reports, Secretary Wilbur and Admiral Hughes have made a personal visit to the scene and it cannot fail to be noted with satisfaction that the secretary of the navy announces that the work of raising the underwater boat will go on without interruption, except such as is caused by weather conditions.

The vessels assembled at that point, the equipment, the pontoons, the chains and all that it has been found necessary there to aid in the lifting of the underwater boat are all to remain there. The idea is to employ every facility for the quick lifting of the sub right now instead of waiting until next spring.

This decision must be regarded as the proper one. How long it will be possible to carry on is a question that hinges upon the weather. Handicaps already exist, but the situation requires that they be met in the best possible manner. If it takes a bit longer to do the work now than it would next spring, it is also to be realized that the submarine will not have settled into the mud or sand as deeply as it will have several months from now.

If conditions arise which make a continuance of the work impossible it will be time enough to call off operations for the winter. The need now is to get the submarine up and thereafter there will be an opportunity for not only studying the conditions under which it was sunk but the methods that are practiced for not only raising sunken submarines in the future but of preventing accidents of a similar nature in the future.

EDITORIAL NOTES

A merry Christmas to each and everyone.

Disaster and crime are temporarily forcing attention away from Lindy but he is still fascinating Mexico.

The man on the corner says: So govern your holiday celebration that you will be able to enjoy the rest of the week.

Looking for a comet that refuses to reveal itself is not much harder than trying to decipher some of the fanciful groupings which astronomers make of the stars.

The now famous order to the gas meter readers in Pawtucket, R. I., to report stills has been rescinded in response to protests. It aroused no greater opposition than could be expected.

WOMAN IN LIFE AND IN THE KITCHEN

SUGGESTIONS FOR HOUSEWIFE.

Table salt usually will remove egg stain from silk.

Painted kitchen utensils are a fad of the moment.

Three to four hours is the time required for roasting a 10-pound turkey.

Oatmeal cookies make a good breakfast sweet.

Apples, which are comparatively cheap now, should be used on the daily menu.

Season roast pork with a little poultry dressing.

A layer of newspapers under the mattress of the bed will help keep out the cold.

When you put the oil stove away for the winter, give it a coat of unsalted fat to keep it from rusting.

Try beating the meringue into the custard of your next lemon pie before browning it. The difference is all to the good.

A quarter of a pound of most meats and a quarter of a pound of most vegetables are usually enough to allow for an average serving.

Dingy overshoes can be made more presentable if wiped off with a cloth wrung out of warm ammonia water.

To prevent eyeglasses steaming in cold weather rub the lens with glycerine and then polish.

Leaves of house plants should be frequently washed as smoke and dust from fires cover the leaves and kill plants.

Dirt marks may be removed from white furniture with any good soap or cleansing powder. Ammonia, used in the water, turns white paint yellow.

Always sift flour, powdered sugar, spices, salt, mustard, or baking powder and soda before measuring, as much more than the quantity called for will be used if measured in a solid state as found in the original package.

WEATHER STRIPPING SAVES FUEL

Weather-stripping is one of the steps in the household economy and comfort which this season of the year suggests.

Saving in fuel and increased comfort and freedom from drafts fully repay the home-owners for the slight expense and trouble entailed with its installation.

A form of weather-stripping made in spring bronze which follows any expansion, shrinkage or warpage in the sash will always stay snugly against the sash without the possibility of sticking the window. It is installed without grooving or removing the sash and actually strengthens the wood.

NEW LINOLEUM.

After a new linoleum is laid, give it a coating of liquid wax. That will make it easy to sweep with a dry mop. It can be cleaned occasionally with a cloth wrung out of lukewarm water and mild soap suds. Rinse with a little clear water. Strong soap or washing powder and hot water will ruin any linoleum.

HEALTH AND BEAUTY.

Babies should have sun baths even in winter.

Boil linens used in a sickroom at least 10 minutes; then hang in the sun to dry.

If you wish to measure drops of extract or medicine from a bottle, dip your finger in water and moisten the rim of the bottle in one place, using this place from which to drop the essence. You will find it will drop quite evenly.

For oily dandruff the following lotion is excellent: 20 drops of tincture of cantharides, 1½ ounces spirits of rosemary, 1 1-2 ounces spirit of lavender. Apply this to the scalp two or three times a week before the massage. A weekly shampoo is beneficial for hair with dandruff. After the last rinse, before the hair is quite dry an antiseptic lotion may be rubbed into the scalp.

TAKE CARE OF "CHAPS".

Whether or not your hands will chap at this season depends largely on how you wash them. Use only a mild soap if your skin is sensitive. Rinse it off well, and dry your hands thoroughly. This is most important. Then rub in a liquid lotion, and put on your gloves before you go out of doors. At night apply the lotion or a heavier cream and put on an old pair of gloves before retiring.

It is often the small boy of the household who comes in from play with a painful pair of chapped hands. He has been too busy to think of pulling on his gloves or mittens, and now he protests against washing his hands for dinner. If the hands are very sore, simply wash off the palm and finger tips. Before he goes to bed rub on an oily cream or ointment and put on old gloves for the night. In the morning the cream will have been absorbed and the hands will be ready for a good cleaning with soap and water. It is a mistake to let the dirt become ingrained in sore hands. This only makes the condition worse. More careful, rather than less careful, cleansing methods must be used.

HOUSE LORE.

If you use oil for cooking, heating or lighting, take the precaution of keeping a tin of sand at hand for extinguishing any possible flare-ups. A biscuit tin makes an excellent receptacle, and silver sand is quite cheap.

FOR YOUR PEARLS.

Pearls or other beads which, because of their weight, have a tendency to break their strings, should be strung on either a violin string or dental floss.

BUYING STOCKINGS.

It is a good plan to ask the saleswoman to examine the stockings you buy. She does this by putting her hand through the stocking to show up defects in the weave. If you always request this favor you will never have to be embarrassed by returning them later on.

TESTING DOUGH.

Put a finger into the rising bread dough. If the space fills, let the dough stand a while longer. If the hole remains, the rising is complete.

DICTATES OF FASHION.

Nothing, apparently, can take the place of the huge bunch of violets for street wear.

Short-haired skins make the newest fur coats this season. A goat caracul coat of slender lines has a stock collar that fashions a side bow.

The coat-style wool frock, with as few fastenings as possible, is a convenient and comfortable winter dress for the medium or stout type of woman.

Green velvet which has the appearance of being embossed, is the material used for a lovely rest robe that is trimmed with maribou of a deeper shade, closely clipped.

Tulle assumes new importance for evening wear. A gown fashioned from narrow ribbons of tulle, running around, shades from pinky beige to plum brown.

Quite the loveliest shade of all for evening stockings is a neutral beige. This color blends well with almost every color, and is particularly successful with gold shoes.

A rest robe that rests the eyes as well as the body is made of silver lame, with appliques of sapphire blue velvet on the collar and a wide band upon the hem of the same blue.

A welcome relief from the more elaborate shades are the new ones of parchment, tinted the most delicate tones of rose or yellow or green. The light that shines through is delightfully mellow.

Not all the interest is centered upon slippers these wintry nights, for the stockings that accompany them are worthy of note. Some are exquisitely sheer, with the heels in the shape of silver or gold.

The new winter coats are lavishly trimmed with fur, and the most beautiful and expensive furs are used for trimming. If one's pocketbook can afford the strain it is possible to have a coat trimmed with ermine, silver, fox, mink or broad tail.

SEMIFORMAL DRESS.

Dress designers are letting their colors run wild on the streets. The afternoon semiformal costumes are a blaze of color today. The dresses are slightly connected with the jumper suits in design, but are extensively decorated with needlework embroideries in greens and orange on black, with borders of pearl and neckbands of gold brocade.

FOR A GOOD LITTLE GIRL.

It is enough to make any one good just to contemplate it, that little coat and hat of delicate blue cloth with its matching dress of crepe de chine, embroidered at the yoke with tiny colored flowers. The ensemble is for a very little girl, of six or so.

DELIGHTFUL ROSE DE STYLE

The robe de style continues to be worn at all smart occasions. A delightful one seen recently was made of black velvet, with large red poppies stamped upon the surface. The long and irregular hem-line showed a lining of peach color taffeta.

LAUNDRY HINTS.

When the nude shades of stockings fade and become too light, rinsing in ecru tinting will make them look as good as new.

Silk stockings should be washed in lukewarm water and dried in the house. If exposed to the sun and the air, the threads of silk hose are likely to break.

Silk handkerchiefs should be washed with borax in tepid water. Use little or no soap. Colored handkerchiefs should always be washed in cold or tepid water and dried in the shade.

If possible use soft water when washing linens, adding borax, ammonia or washing soda. Don't add ammonia to very hot water or it will evaporate and lose its strength. Boiling will soften water considerably.

Iodine marks may be successfully removed by using liquid ammonia, a little of the spirit being poured into a saucer, the stained garment laid across it, and the spot dabbed repeatedly with the fingers until it disappears. It should be rinsed in tepid water and washed with strong soapsuds in the usual way.

SMALL ORIENTAL RUGS.

If you don't know whether to use plain carpeting or Oriental rugs why not do as many interior decorators are doing—over your plain carpeting place several Oriental rugs in scatter sizes. The neutral taupe or raisin of the carpeting will make an excellent background for the richly color d Orientals and by this method you can collect your Orientals gradually.

CONCERNING WOMEN.

Of the total population of 75,000 in Angora, Turkey, more than one-third are women.

Miss Victoria Drummond of London has taken up the profession of consulting marine engineer.

In Berlin, Germany, there are 116 women for every 100 men. The same ratio applies to Hamburg, Germany.

Mrs. Bertha K. Landis, mayor of Seattle, Wash., has announced her intention of running for re-election next year.

In Germany the law requires all employers to include in their personnel at least 2 per cent. of disabled men and women.

There are more than 100 women pilots in England who take shipping through the dangerous waters off the British coasts.

Miss Annette Ashbury was the first woman member of the Society of Engineers of England to read a paper before the society.

ANTI-MILDEW COVER.

If you will cover jam jars with some grease-proof paper and seal it on with paraffin, you will find that your jam never mildews.

MENDING TORTOISE SHELL.

To mend tortoise-shell rims for glasses, file the ends of the broken parts until rough surfaces are smooth. Wet the parts with hot water and weld them together with a pair of hot pincers. Then dip in cold water.

WHEN CLEANING WINDOWS

Clean windows help give a fresh outlook on life. As the weather gets colder one of the easiest ways to wash windows is by using a thin paste made of clear water and whiting or some fine commercial abrasive powder. This paste is applied to the glass in a thin layer. The moisture in the paste evaporates before it has a chance to freeze, and so one of the greatest difficulties in cleaning windows in cold weather is avoided.

When the paste is thoroughly dry it may be rubbed off with a soft, clean cloth or paper or chamois and the window will be left bright and clear. One drawback to this method is that the dust flies as the dry paste is wiped off, so windows should be washed on the inside before the room is cleaned.

Mirrors or picture glass with frames that might be injured by water may be cleaned successfully in this same way, leaving a polished surface, free from streaks.

AIR COFFEE POT

When putting away a tea or coffee pot which is not in use every day lay a stick across the top under the cover. This will allow the fresh air to get in and prevent mustiness.

RECIPES.

Apple Strudel—Rub four tablespoons butter into one and one-half cups of flour, add a pinch of salt and one egg well beaten. Add just enough milk to make the consistency of pie dough. Mix two cups of prepared chopped apples with one cup buttered crumbs, a half cup chopped raisins, a half cup chopped almonds, one-half cup sugar and a teaspoon of cinnamon. Roll the dough thin and spread the fruit mixture over it. Roll up like a jelly roll and twist to resemble the figure eight. Bake in a moderate oven about forty-five minutes. Serve hot or cold. Lemon sauce is a good addition.

Apples Stuffed With Sausage Meat—Wash and core large tart apples. Fill the cavities with sausage meat, place in a baking pan, pour a little hot water around the apples and bake in a hot oven, reducing the heat ten minutes after the apples were put in. These apples are excellent with scalloped potatoes or creamed ones.

LETTERS TO THE EDITOR

"Founders" or "Builders," Which?

Mr. Editor: Inasmuch as the distinction between a "founder" and a "builder" is yet confused in my mind, and we don't know exactly what the "founders" found when they came on the scene of action, and we are equally in the dark as to what the "builders" built upon when they commenced building, I am going to take the liberty of quoting further from C. M. Taintor's "Extracts," trusting that it will be as interesting to others as it is to me.

"Rev. John Bulkley was from Glastonbury, son of Rev. Gershon and his wife, (who was a daughter of President Chauncey) and grandson of Rev. Peter Bulkley from England. Isaac Bigloo was from Watertown, Mass. John Bigloo a son of Joshua Bigloo of Watertown, which John Bigloo now dwells in Hartford on the east. Thomas Carrier and his sons, Richard and Andrew, were from Andover, where Martha, wife of Thomas, was executed for a witch, in A. D. 1692. Thomas Carrier had belonged to the body guard of King Charles 1st of Great Britain, and was notorious for fleetness of foot, even after he was more than 100 years old. It is said that he killed the king of England. If so, he must have been the executioner of King Charles the 1st, in A. D. 1648. He was a Welshman. It is said by his descendants that he was 113 years of age at the time of his decease in A. D. 1735. Daniel Clark, locksmith, was from Hartford—Samuel Dickinson from Hadley—Jonathan Dunham from Haddam—Foots were from Wethersfield—Samuel Gilbert from Hartford—Benjamin Graves from New London, doubtless originally from Hatfield—Josiah Gillet and Josiah Gillet, Jr., from Windsor. The wife of Josiah, Sr., was Joanna, daughter of Michael Taintor of Branford. She died in Colchester in January, A. D. 1735, aged 83 years."

So much for the "Extracts" for this time, but perhaps will repeat the dose later, if it seems to hit the case. Let me know. But in the meantime I will add, in regard to the Gilberts. They lived in Salem, probably in the Lyme part, and several were buried on their own land, across the turnpike from the late residence of Alvah Morgan. The stones are, or were a few years ago, in fairly good condition. Capt. Samuel died Aug. 5, 1728, aged 70; his wife Mary died Sept. 30, 1756 in 81st year; his son John died Nov. 27, 1755, in 63rd year; another son Daniel died Oct. 12, 1754 in 82nd year. A marble headstone has lately been placed by the state at the grave of Capt. Samuel, as he was a soldier in one of the early Indian wars, through the efforts of Charles R. Hale of Hartford the state agent having charge of such matters. The father of Capt. Samuel was Jonathan (1618-1682) of Hartford, who lies buried in the old cemetery there, and a son of Capt. Samuel was Samuel (1688-1760) the first of the name in Hebron, settling there in 1718.

But to digress still further, who knows anything about the seven Arcadians allotted to Colchester from the unfortunates deported from Nova Scotia? Compatriot Case, S. A. R., of Danbury is interested to know (and so are we all.)

Whitefoot's Christmas Present.

Christmas joy and Christmas cheer
Ought to last the whole long year
—Farmer Brown's Boy.

It was Christmas morning. Farmer Brown's Boy had been sent out to make sure that all his little feathered and furred neighbors should have a happy Christmas Day so far as he could give it to them. He had even been away down to the Old Briarpatch to leave a Christmas dinner for Peter Rabbit and Mrs. Peter. He had been over to the Green Forest to scatter buckwheat for Mrs. Grouse and Mr. Grouse. He had taken pains to see that Bob White and his family had all that they could eat. Suet and sunflower seeds and nuts had been put

So Farmer Brown's Boy waited to see what Black Pussy was bringing.

out for Tommy Tit the Chickadee, Yank Yank and Nuthatcher, Sammy Jay, Chatterer the Red Squirrel and Happy Jack the Gray Squirrel. And as he had put all these goodies he had wished them all a Merry Christmas.

He had just got back to the house when, happening to look over toward the Green Forest, he saw Black Pussy coming home and holding her head in a way which meant that she had something in her mouth. So Farmer Brown's Boy waited to see what Black Pussy was bringing. Straight to him she came and held up poor little Whitefoot the Wood Mouse as if she were very proud of having caught him. Whitefoot was hanging limply.

"Poor little Whitefoot!" exclaimed Farmer Brown's Boy, stooping quickly and taking Whitefoot from Black Pussy before she realized what he was about. "Poor little Whitefoot! And to think that such a thing could happen on Christmas Day!" He turned to scold Black Pussy, but Black Pussy had slipped out of sight.

And then as Farmer Brown's Boy stood looking down at little Whitefoot he saw one eye open and then quickly close. Then he knew that Whitefoot had not been killed. "You little rascal!" he exclaimed, and then looked Whitefoot over very carefully. "No, sir, you haven't been hurt," said he. "I do believe that you're entirely all right. I'd take you back to the Green Forest, but I don't know where you live over there and I haven't the time now, anyway. So I am just going to make you a Christmas present of a home right out here in the Old Orchard. Yes, sir, that's what I'm going to do.

So Farmer Brown's Boy put Whitefoot in a little wire cage and put him where Black Pussy couldn't reach him if she should come in the barn while he was gone. Then he went in the house and got a handful of cotton waste and some seeds which he had for the birds. To these he added some broken nutmeats and a little corn. In the shed he got a wrenhouse which he had recently built. In this he put the cotton waste. Then he went out to the Old Orchard and fastened the little wrenhouse to an old stone wall. The bushes grew on both sides of that old wall, as you know. Striped Chipmunk lived not far from there. It really was just the sort of a place that a Wood Mouse should like. The seeds and corn and bits of nutmeat he scattered where he know that Whitefoot would find them.

Then Farmer Brown's Boy went back to the barn and got little Whitefoot. He took him out to the Old Orchard and gently held him at the entrance of the little house. Of course, Whitefoot ran in at once. He didn't even say "Thank you" or "goodby." Farmer Brown's Boy stepped away a short distance and waited. After a long time he saw Whitefoot's pretty little head poked out of the doorway. Whitefoot looked this way and looked that way. To such a little fellow as Whitefoot the Green Forest seemed a long, long way off. Certainly he didn't dare to try to get there in daylight. He withdrew his head. That was a very comfortable bed he had inside. He went to work to arange it to suit him a little better. Then he curled up for a nap. He had accepted Farmer Brown's Boy's Christmas present, the present of a new home.

COUNTY HOME CHILDREN GUESTS ON U. S. DESTROYER

Sixty children of the New London County Home of Smith avenue were the guests of the U. S. Coast Guard destroyer No. 4, Sunday, Christmas day at New London. Lieutenant Commander W. N. Derby acted as host to the party while Capt. E. R. Geer of New Haven representing the Conn. Transportation Co., furnished automobile buses for the transporting of the children to and from the home to New London. The children were welcomed on board the destroyer by the officer and crew and they did everything that was possible to make the party one of the merriest. Much credit is deserving the officers for their kindness. Aboard the destroyer was a huge Christmas tree decorated with electric lights, silver trimmings and pretty ornaments.

In the midst of the children's excitement Santa Claus appeared on the scene by crawling out of the crow's nest and came down the ladder with his bagfull of toys for the youngsters. Music for the occasion was furnished by the destroyers band, playing Christmas carols. The children were then taken to the dining room where a very nice spread was waiting for them. A turkey dinner with al the fixings was served.

The children on leaving were presented a bag, which consisted of an apple, orange, mixed nuts and candy. The children were under the direction of Miss Gibson, the matron of the home and she was assisted by her helpmates of the home, namely Miss Duncan, Mrs. George Upton and Miss Ericson who were also entertained.

The County Home children had two Christmas trees at the home on Smith avenue, one was under the direction of the school teachers, namely Miss Leach, Mrs. Savage and Mrs. Preston, Saturday afternoon, each child received a gift and the other was in charge of Miss Gibson, matron of the home.

The trees were very prettily decorated with electric lights, silver trimmings and pretty ornaments. On Monday afternoon the children will receive dolls and watches for the older boys and girls, while the younger children will receive games. These presents were donated by the Connecticut Council of Catholic Women, Norwich branch. Several donations of fruit were made by friends of the community.

Miss Gladys Jones of Winsted spent the Christmas holidays as the guest of Mrs. William H. Bowen of Paige street.

Nathaniel Harington of Detroit, Mich., is spending the Christmas holidays at the home of his parents Mr. and Mrs. Harrington.

The Swedish Lutheran church held midnight services Saturday evening 11:45 o'clock with a large number attending, almost filling the seating capacity. A new pipe electric organ was installed recently and it was the first occasion to use this organ. Mrs. A. J. Anderson was organist. The choir rendered "Glory to God" and the choir octette sang Silent Night. The sermon was delivered by the pastor Rev. A. J. Anderson. The church was prettily decorated for the occasion, the altar being trimmed in white, with candles and evergreen. Two Christmas trees, one on each side of the altar were decorated with electri candles.

The Swedish church also held their regular services at 10:30 o'clock Sunday morning before a large attendance, considering the number that attended the midnight services. Men's quartette rendered "Glory to God in the Highest at the morning services. Rev. Anderson sermon was based on Luke, chapter 2, The Birth of Christ.

George Swanton of Providence is spending the Christmas holidays at the home of his parents Mr. and Mrs. George Swanton of Boswell avenue.

Carl Pearson of Providence is spending the holidays as the guest of relatives on North Main street.

Dr. Thomas McCormich of Yonkers, N. Y., is spending the Christmas holidays as the guest of his mother, Mrs. Elizabeth McCormick at her home on Prospect street.

John Barnett of Southbridge, Mass., spent the holidays as the guest of his brother Mr. Daniel Barnett, and sister Mrs. James Ryan at their homes on Central avenue.

Walter Lukowski, a student of Georgetown university, is spending the Christmas recess at the home of his parents.

William Carroll of Waterbury is spending a few days at the home of his parents Mr. and Mrs. William Carroll of Mowry avenue.

Mr. and Mrs. Walter Donavon of Hartford were Christmas guests of her sister on Central avenue.

Andon Peterson of Sterling is spending the holidays as guests of his parents Mr. and Mrs. Peter Peterson of Boswell avenue.

Mr. and Mrs. Thomas Delaney, Jr., of New York city is spending the Christmas holidays as the guest of his parents Mr. and Mrs. Thomas Delaney of Eighth street.

Mr. and Mrs. Arthur Maynard of Niantic were the guests of her father, Andrew Boyd at his home on Fifth street for the Christmas holidays.

John McClafferty of Southbridge, Mass., is spending the Christmas holidays at his home on Hickory street.

Rev. John Walsh of Bridgeport is spending the Christmas holidays at the home of his father Nicholas Walsh of Prospect street.

Napoleon Kerdock of Putnam is spending the Christmas holidays as the guest of his parents at their home on Central avenue.

Joseph Delaney of New York city is spending the holidays as the guest of his parents on Eighth street.

CALLED FOR PALMER STREET CHIMNEY FIRE

At 8.25 o'clock Sunday morning a telephone call from Mrs. George Blatherwick of Palmer street was received at fire headquarters for a chimney fire at her house. Mrs. Blatherwick in summoning the department led them to believe that the fire was inside the city limits, but when Engine 3 responded it was found that the blaze was beyond the city limits. Engine 3 went as far as the city line and then returned. The blaze was extinguished by Mrs. Blatherwick's home.

MOVIES AND ADDRESS AT Y. M. C. A. SUNDAY

A good sized audience gathered at the local Y. M. C. A. Sunday at the 4 o'clock service which proved to be of real interest. After the singing of hymns and prayer several reels of moving pictures were shown, including "Blind Bartimaeous," and "On the Road to Bethlehem."

A reel of resuscitation furnished by the Southern New England Telephone Co. was full of interest and instruction.

Between the reels Secretary Edwin Hill gave a brief talk and he spoke in part as follows: We recall that the poor shepherds were the first to learn of the birth of Jesus, and they hastened to Bethlehem that they might find him. They followed the road to Bethlehem and found Jesus and gladly worshipped him. Then you remember that the wise men, learned and probably rich, had noticed a peculiar star in the heavens, and they followed it from afar, until they came to the road that leads to Bethlehem, and they sought and finally found the new born King, and they not only worshipped him but they presented unto him costly gifts.

It is interesting to note how Jesus fits into the lives of the poor and rich alike, if they will but give him room in their hearts. Millions since that eventful day have sought and found Jesus precious to their souls; in finding him they have found great satisfaction. Yet there are many in the world yet who have not really found this Jesus they hardly know what Christmas means. Let us learn more and more what Christmas means to the world and to us individually. It means that Jesus became the best gift that this world has ever had or ever will have. If any here have not yet found Jesus for themselves, let them do so at this glad season, and shall we not all do what we can in giving ourselves to those who are less fortunate than we are."

Sullivan, who lives at home, two daughters, Mrs. Gordon McCloud and Mrs. Charles Tetreault of Norwich, and three grandchildren. He is survived by two brothers, Robert Sullivan or Norwich and James Sullivan of Ireland, and a sister, Mrs. Annie McCarthy of Ireland. He was a devout member of St. Patrick's church.

During his illness he was tenderly cared for by his family. He was a loving father and husband, taking special interest in his home. News of his death will be received by his many friends with profound regret and their sympathy is extended to the family in their time of sorrow.

TWENTY-ONE BIBLES FOR UNITED CHURCH CHILDREN

At the Christmas morning service at the United Congregational church, bibles were given to 21 members of the church school who have been baptized and are eight years old. The names of the 21 children are as follows:

Alexander W. Abbott, Marie Beausoliel, Frederick G. Dick, Alberta Freeman, Susan A. French, James L. Gilmore, Hazel M. Gore, Thomas A. Gifford, William F. Hill, Margaret E. Kyle, Richard C. Kyle, Ralph W. Lathrop, Ruth W. LeVaughn, Marion F. Lyon, George K. Peck, Elva C. Ranger, Lawrence P. Rich, Jupa O. Roberts, Charlene M. Shorey, Margaret W. Wibberley, John H. Wilson.

As part of the Christmas decoration, the wreath on the pulpit was given in memory of Dr. Joseph H. Selden, by his sister.

Rev. Alexander H. Abbott, the pastor preached a special Christmas sermon on The Lovely Song.

LARGE CONGREGATIONS AT LOCAL CHURCHES FOR CHRISTMAS SERVICES

Christmas sermons, beautiful pageants, candle light vespers, and white gift services featured the Christmas day services in the local churches Sunday. Christmas decorations adorned the churches and there were special music programs, commemorating the birth of the Christ child. Large sized congregations were present at the majority of the services.

BELIEVES THAT WORLD IS CONSTANTLY BECOMING BETTER

Decrying a nationalism which joins men of such opposite types as William Randolph Hearst and Colonel Lindberg, Rev. David A. Pitt, D. D., pastor of the Central Baptist church, spoke on the theme "Isaiah and World Peace" Sunday morning in his annual Christmas message.

"Imagine calling both Hearst and Lindbergh Americans," said Dr. Pitt, "when in reality these men are as far apart as the poles. Here is the famous airman willing to risk his life if need be for the sake of creating a better feeling between this nation and those countries to the south of us. On the other hand is Hearst, willing to plunge millions of his countrymen into war to protect a few of his own financial investments in Mexico. Every Christian should put his fellow-believers in Germany, Mexico, and Japan ahead of the Hearst type of American at home. When this is done, a long step ahead will have been taken in the interests of world peace."

Mr. Pitt began his sermon by painting the gloomy background against which Isaih lived and foretold a day when "men shall bear their swords into ploughshares and their spears into pruning-hooks; nation shall not lift up sword against nation, neither shall they learn war any more."

"Isaiah looked for a world peace founded on religion," said the speaker. "It will be one in which the implements of war will be converted into those of peace, the sword into the plough-share, and the spear into the pruning-hook."

Dr. Pitt took issue with those who believe that all military establishments should be discarded at once in the interests of peace. "I do not understand that being a peacemaker means taking the attitude of peace at any price," continued the speaker. "Find me a moment in the life of Christ when he was willing to have peace at any price. It surely was not in the temple when he used force and drove out the traffickers and upset the tables of the money-changers. It was not His attitude when he brought a scathing denunciation down on the heads of the Scribes and Parisees."

Dr. Pitt said that he was not an optimist or a pessimist, but rather a meliorist who believes that the world is constantly getting better and will continue to do so because this seems to be the purpose of God and His purpose cannot fail.

On the subject of force as used by Christ, Dr. Pitt quoted from a recent book by Professor Scott of New York city who says "Jesus' attitude was never that of passive toleration of wrong. What He forbad was retaliation. In other words when wrong is done to your own person, do not answer it with a similar wrong; endure the evil done to you and overcome it with good. It is not said that you must stand by when you see wrong inflicted on others, or that force must not be used in the necessary maintenance of law."

"The problem of war or murder among nations is very similar to that of force in the home" continued the speaker. "It may be necessary to use force occasionally in the raising of a family, not only on the part of the parents towards the children, but also on the part of the children toward each other. Force, however, between different members of the family to the point of killing each other off hardly seems the ideal in a well-ordered home."

Dr. Pitt suggested three avenues through which individuals could operate and aid the cause for world peace. He advised a personal investigation to ascertain the will of Christ regarding the matter. As a second course of action, the speaker suggested that all citizens keep in touch with the public press regarding this subject and learn what steps have already been taken in the interests of peace. In this connection Dr. Pitt lauded the Christmas editorial in Saturday's issue of the Norwich Bulletin as exemplifying what the public press is doing increasingly in behalf of peace. As a final means of working for world peace, the speaker advised conversation with one's neighbors and friends in an attempt to arouse and interest them in the subject. In closing the speaker appealed to the young especially to those who are training for leadership to dedicate themselves to this greatest cause of our generation.

PASSION FOR GAIN IS BURNING OUT NERVE CENTERS

The passion for gain is burning out nerce centers, said Rev. Gordon F. Bailey, in his annual Christmas Message at the First Congregational church Sunday morning. Rev. Mr. Bailey spoke from the text Luuke 2.15, "And the shepherds said to one another, Let us go even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known unto us." In part Rev. Mr. Bailey said:

Bethlehem was a small town about six miles from the city of Jerusalem. It was a suburb of the city. The costly temple was in Jerusalem and the higher schools of learning. The rabbis were there to interpret the law. The great feasts and festivals were held in the city and immense throngs came at stated times and greatly stimulated business. Every thing is on a grand scale in the city.

What a pity that Jesus could not have been born in Jerusalem. Would it not have given him a certain prestige, a momgnum of influence that would have been of inestimable value to Him in his later career. He might have grown up with rich men's sons and arrived at manhood with a polish of manner and a social training that would have placed Him at once in the ranks of the first people of Jerusalem. What a shame that He must begin His career in those disgraceful surroundings of a small town and be handicapped with provincial ideas.

If the small town be a handicap to a great career then many of the world's famous men have been obliged to overcome such a handicap. Lincoln was born in a log cabin in the hills of Kentucky. There was no Fifth avenue splendor of the city around him. It is not the size of the place which makes the man, but the size of the man which makes the place. If the small town has less of the man made magnificance than the city it has more of the natural beauty unspoiled by commercial ambition. There is a charm about the small ancestral village with its historical associations, its quaint touches of the ancient days, its traditions and customs and ways of doing things which can not be reproduced in the city. Science and money can build a modern city of steel and concrete and costly woods. Such a city will have conveniences and will be up to date. But all the money in the world can not buy historical associations nor furnish the chain which links us in sacred memories with the ancient days.

Jesus lost nothing by being born in Bethlehem and raised in Nazareth. Bethlehem had its historical shrines and its sacred memories. It was linked with Israel's greatest king and sweetest singer. Moreover Jesus needed in the years of His preparation to nurture His nature in silence, to grow His soul in obscurity, to walk in God's wide out-of-doors in green pastures and beside still waters. In the quiet of the rural province Jesus had opportunity for medition and there he trained 12 men in the art of Christian living. Jerusalem would have hone of Him, but in the small towns of Galilee Jesus laid the foundations of a kingdom that is without end.

Christmas reminds us that we ought to go back to Bethlehem. Let the city cease its hurry and its roar. The passion for gain is burning out nerce centers. It is time to hush the noise of strife and hear the angels sing. Bethlehem is the little old home town around which cluster our holiest memories. There is where we once found the child Jesus and learned to love Him; and is there we may find the Divine Son of Man who will save us from our sins.

NO ROOM FOR THE BABE AT BETHLEHEM

No room for Christ was the topic of the Christmas day sermon delivered Sunday morning by Rev. J. Rees Jones at St. Andrew's Episcopal church. The preacher's text was St. Luke 11:9—"There was no room for them in the inn." In his sermon Rev. Mr. Jones said in part:

So, by the ordering of Providence, that took place at Bethlehem, which was to foreshadow all that has happened since "He was in the world and the world was made by Him, and the world knew Him not." Little did the innkeeper think that with the lowly peasant carpenter St. Joseph and the humble Hebrew maid the Blessed Virgin Mary, was present, veiled and unseen the Incarnate Son of God; the "Emmanuel;" the Word made flesh.

No room for them. It was but an ordinary incident at Bethlehem. The very limited means of accommodation of a poor village inn had been extended to the utmost possibility. Those who came first would be first served, or those who could pay the best would be most carefully attended to. There was nothing blameworthy in this; there was no intentional slight, no rude rejection.

On the contrary, what could be done was done. No room in the better accommodation but there are the outer-buildings, the lesser and so the Saviour of the world was born in a stable, and cradled in a manger.

It is a tremendous truth to accept that we shall look for and recognize the Divine Majesty in a cradle and that a manger, yet that is the truth which the church emphasizes today on the birthday of the Lord. It is the challenge of the cradle at Bethlehem. That inn was the type and similitude, to a greater or less degree of every human heart that has ever beaten since. Who is there but must be constrained to own that while his heart has been swept and prepared for other guests, and all its rooms filled, the poorest, least honoured room has been allotted to Jesus. The lamentable fact too often to the acknowledged is that "no room" is found for Him.

Once He was the little helpless Babe, unnoticed and unknown; so He came at first. But now He comes in different guise. "We know thee, who Thou art—the Holy One of God."

Today He stands beside the door of every heart and there makes His presence known "Behold I stand at the door and knock."

Is He knocking still at a door locked and barren? or have we thrown it back upon its hinges to give Him welcome admittance. Does such an act of condescension to each one of us personally, seem incredible? It has and does quite bonestly to many. Reflect on what the event sof this day testify that He has done for the human race! God became man; the highest became the lowest; the Creator made Himself a creature; the Almighty ruler of the universe, a babe hampered in swabbling clothes. And what more shall I say? Do but believe that all is, as you know it is and further words will be needless.

So now for His sake, in ever present thought of Him, let us draw closer each to his neighbour and all to God." Let us seek Him in His sacrament where most especially the way be found for the strengthening and refreshment of our souls. Now in meditations on the events of this holy season, amid the indulgence of home affections and cheerful re-union with those we love, let us realize our need of His entire occupancy of our hearts, and there is "room" for Him with us today.

SAYS FAITH IS THE WAY TO REDEMPTION

Rev. Harry P. Brothwell, pastor of the Third Baptist church, chose as the topic of his Sunday morning sermon, The Mystery of Christmas. His text was "Unto you is born this day, a Saviour, who is Christ the Lord," and in part he said. We commemorate today the greatest event in human history, the birth of the Christ, an event which has completely revolutionized human thinking and living. The fullness of time had come for this happening to take place. The sacrifices offered morning and evening for so many centures before were symbolical of that "one" who would come and offer himself a supreme sacrifice for all men. The "Coming One" came, and now the whole world has been aroused to the significance of this stupendous happening. Christmas is now the best and most widely recognized festivals in the year's calendar. Yet with all its publicity and almost universal recognition we wonder how many really understand its meaning. The question might well be asked. What think ye of Christmas? Many there are who continue to struggle to settle in their minds the mystery of it. What think ye of this staggering event? Who is this Babe of Bethlehem? Is He to you the Saviour of the world? Can you believe that the God of the universe took up his abode in this humble form, choosing to be born in such an obscure place, selecting a manger for his first cradle? Who conceived such an idea, such a course for God? What think ye? The human mind has been actively engaged during the centuries since He came, in an attempt to grasp the full meaning of this action on the part of God. There is no deeper mystery than the mystery of the Incarnation. It takes all our ideas or theories about natural law, all our materialistic notions and throws them out as rubbish. Joseph headed the list of theologians and others who have struggled with this question of the Virgin-birth of our Lord, and it was his own holiness and the measure of his own faith that saved him from making a terrible error. "He thought on these things." He bowed in the presence of the eternal, he answers his perplexity by faith, he was too honest and believing to doubt the word which he had received regarding this coming one. The silence and lowly service which Joseph rendered to the child and his mother should speak more strongly to us in favor of the virgin birth, than all the arguments of the theologians and doubters.

What think ye of Christmas? If you will come with your wonder, and your faith and believe as did that humble man of Nazareth, and those humble and despised shepherds believe that the Babe of Bethlehem is indeed your redeemer, that he was born into the world for the healing of the nation's sins, if you will but believe, this, though ignorant maybe, of many things, though poor, and despised, believe and receive the Christ-child and you shall enter in and sit at the banqueting table with the redeemed of God.

LARGE CONGREGATIONS AT ST. MARY'S MEMORIAL CHURCH

Large congregations were present at all four masses at St. Mary's Memorial church Christmas day.

At the first three masses hundreds of parishioners received the sacrament. The altar decorations were cut flowers with poinsettia entwined in evergreen for a background and white palm tree graced the sanctuary.

At 5.30 a. m. Rev. William A. Keefe, the pastor offered a private mass on the Blessed Virgin's altar; at 7 o'clock he offered his second mass at the chapel in the convent and at 7.30 his third low mass for the day was a public mass on the main altar in the church. The low masses at 9 and 10.30 o'clock were offered by Rev. Frederick M. Coholan, curate of the parish. Following the last mass Rev. Fr. Coholan gave benediction of the most blessed sacrament. The first public mass for the day, which was a high mass, was sung by Rev. Dr. Patrick J. McCormick of the Catholic University, at Washington, D. C., and at this mass the special Christmas musical programme for the day was rendered by the choir with fine effect. The girls' choir of voices sang the Christmas carols at the 9 o'clock mass. While the boys' choir furnished the music for the last mass at 10.30. The musical programmes for the day were arranged and directed by Mrs. Michael J. Farrell, organist.

The theme of the days' sermons were found in the gospels read for the day and centered around the message of that first Christmas morn.

The Crib of Bethlehem at St. Joseph's altar attracted the attention of the worshippers and this as well as the altar decorations were arranged by the sisters of the parish.

The offertory taken proved to be a generous one and went as a personal expression of the parishioners to the priests of the parish.

IMPRESSIVE PAGEANT AT PARK CONGREGATIONAL CHURCH

A beautiful and impressive pageant, the Nativity, by Rosamond Kimball, was given Sunday evening in Park Congregational church. All of the parts were taken with due appreciation of their dramatic and religious significance. The four scenes acted were linked together by the singing of Christmas hymns by the choir and congregation. The pageant was given under the direction of Mrs. Samuel E. Smiley and Miss Hannah Crowell.

The parts were taken as follows: Reader, Miss Hannah Crowell; Zacharias, Clinton Atterbury; Mary, Mrs. Aurin Payson; Joseph, John Emmett; Angel Gabriel, Elizabeth Johnson; Angel, Eloise Smith; Heavenly Hosts, Janet Pullen, Doris Dreshier, Eunice Ingalls, Rae Robbins, Patience Norman, Ruth Prentice; The Wise Men, Dr. Roland, David Morton and Eben Learned. Shepherds, Stewart Hynds, Charles Prentice, Norman Clapp.

The committees in charge: Costumes, Mrs. Raymond Sherman, Mrs. Frederick Sayles, Mrs. James Morton; propertee, Miss Nellis Loring, Mrs. Harry Prentice, Downer Johnson.

GAVE BEAUTIFUL CANDLE LIGHT CAROL SERVICE

At the candle light carol service held at the Church of the Good Shepherd (Universalist), Sunday school there was a large and appreciative congregation. The organist, Beatrice G. Mitchell, played the prelude Andantino in B flat at 4.20 which was followed by the processional of candle lighters. Misses Nancy Colberg, Hattie Fowler, Marion Service, Betty Pike, and Helma Bjurstrom, carrying long lofters with which the hundreds of candles were lighted.

Then followed the processional of the church choir, singing the "Little Town of Bethlehem." The carols were beautifully rendered and the recessional was followed immediately by the prologue of the pageant read by the minister of the church at the conclusion of which followed the "Sir Galahad" pageant.

There were three episodes, the Knights Vow, the Mother's Blessing and the Holy Grail.

The costumes were very beautiful and the scenes presented by the soft light of the candles were most effective. Those taking the different parts were: The Voice, Rev. A. N. Foster; Sir Galahad, Larry Foster; Iglais, Hattie Fowler; Angel of the Grail, Virginia Disque; trumpeters, George Bell, Irvin Parsons; pages, Alice Parsons and Mamale Kreatess; Knights, John Bell, and William Mitchell; Virtues, Cour-

When the Children of Mary society held a Christmas party during the week at St. John's hall the entertainment consisted of the game "Doulsey", the prizes were won by Alice Langwill, Annette Patric. Miss Antinette Cote entertained as did Miss Sylvina Allard who gave a series of humorous songs and sketches. Miss Geneva Kelley sang several comic songs and several Christmas songs. The entertainment was followed by a lecture by Miss Jeanette Noel, the president. Miss Blanch Drignault played several banjo selections. The Rev. Fr. John Landry gave the girls a pin in cameo style but with a statue of St. Theresa in place of the cameo. Miss Louise Dione received the pin. The election of officers followed: Miss Alma Gobiele is president, Miss Viola Bodoin vice president; Miss Viola Mercier, secretary; Misses Noel, Daignault, Dionne, Bodoin, Bellard, served cheese sandwiches, coffee, cookies and Xmas candy. Each member received a hand-painted calendar.

The Ladies' auxiliary of St. Paul's Episcopal church held a Christmas party during the week at the home of Mrs. William Collins. Presents were distributed by Santa Claus. The hostess served refreshments.

On an evening during the week the choir of St. Paul's Church went to the home of Mrs. Ralph Crocker for the annual Christmas party. Games were played and an enjoyable evening was spent.

NOANK

The boat Betty C., Capt. Chris Christine, came from a few days' fishing around Newport with 29 barrels of fish. The schooner also caught a 14 pound lobster in it's net and that doesn't happen so late in the season. The lobster had only one claw. It was seven inches across and 11 inches long. Captain Chris had it on exhibition at the North dock Friday and will ship it to New York market and see what it is worth. This season lobsters were bringing 48 cents a pound and the highest the fishing fleet ever knew.

Miss Grace Fitzpatrick is home from New York to spend Christmas.

Willis Smith of New Brighton, N. Y., is visiting his parents, Mr. and Mrs. John Smith.

Capt. George Brooks in his boat Julia was fishing with the fleet off the shore of Block Island Friday. When putting his net aboard the boat in a heavy load of fish there was a black suit-case marked Long Sam Barrett, of Chicago. In it was a tooth brush and a comb with brush. Captain Brooks thinks Mr. Barrett was going to Boston by steamer and lost the case overboard.

Noank Boy Scouts' basketball five lost a close game to the Fighting Irish team in Mystic Friday evening by 22 to 14. The Scouts' pass work was good but it was one of the nights when the ball would not stay in the basket. The Scouts fought every inch of the way for a victory but the boys in the green suits had too much of a lead. The Scouts came back to the village with the short end of the score 22 to 14. Robertson, with his shooting and Butson's floor work made them stars for the Scouts. Snappy Donahue made 12 points for the Irish team. His name goes down on the score book as the outstanding star for the evening. Referee Foote; scorer, Nell Morrison; timer, Eddie Morgan.

Mrs. Fannie Knight and son, Douglas, are spending a few days in Stamford.

Robert Maynard of Staten Island, N. Y., is home for a few days' visit.

Harry Edie of Cornfield Lightship is home on a 10 day leave.

On Friday evening at the D. of A. grounds on Elm street, the large community Christmas tree was lighted with over 100 electric lights of all colors. They illuminated the street, also the sky. It was seen a long way off and is something new for the village. About 200 came to see the tree, many from out of town. One little child said, "Where is Santa Claus, so we can get our presents? Has he come from the north pole in his auto yet?" A short program with vocal and instrumental music and carl singing by the Baptist and Methodist church choirs was enjoyed. After that sandwiches and coffee were served. The tree will stay up till after New Year's.

The death of Sidney Collins, 22, after a long illness in Rhode Island, came as a shock to relatives and young friends in the village Friday. He was a former Noank boy and well liked by everybody. He lived on the Crouch farm at Fishtown for years, then moved to Groton with his father and mother. His father, William Collins, died two years ago.

Avery ice house in Mystic is being repaired by a Noank contractor so the owner can get ready for his season's stock of ice.

William Banks has returned from a short visit in Hadley, Mass.

Angus McQuarrie of Montauk, L. I., is calling on relatives in the village.

Many basketball fans went to Mystic on Friday evening to see the Shamrocks and New London battle out on the court.

Leland MacGrath is home after a month's visit in Brooklyn, N. Y.

Leonard Mosher of Greenport, L. I., was calling on friends in Noank recently.

H. E. Robertson has returned from Block Island.

POETRY

A Song of Christmas

Chant me a rhyme of Christmas—
Sing me a jovial song—
And though it is filled with laughter,
Let it be pure and strong.

Sing of the hearts brimmed over
With the story of the day—
Of the echo of childish voices
That will not die away.

Of the blare of the tasseled bugle,
And the chimeless clatter and beat
Of the drum that throws to master
Squadrons of scampering feet.

But, O let your voice fall fainter,
Till, blent with a minor tone,
You temper your song with the beauty
Of the pity Christ had shown.

And sing one verse for the voiceless,
And yet, are the song be done,
A verse for the ears that hear not,
And a verse for the sightless one.

For though it be time for singing
A merry Christmas glee,
Let a low, sweet voice of pathos
Run through the melody.
—James Whitcomb Riley.

"Bells Across the Snow"

O Christmas! merry Christmas!
Is it really come again,
With its memories and greetings,
With its joys and with its pain?
There's a minor in the carol,
And a shadow in the light,
And a spray of cypress twining
With the holly wreath tonight,
And the hush is never broken
By laughter light and low,
As we listen in the starlight
To the "bells across the snow."

O Christmas! merry Christmas!
'Tis not so very long
Since other voices blended
With the carol and the song!
If we could but hear them singing
As they are singing now,
It we could but see the radiance
Of the crown on each dear brow,
There would be no sigh to smother,
No hidden tear to flow,
As we listen in the starlight
To the "bells across the snow."

O Christmas! merry Christmas!
This never more can be!
We cannot bring again the days
Of our unshadowed glee.
But Christmas, happy Christmas,
Sweet herald of good will,
With holy songs of glory
And peace and holy gladness still
For peace on earth and hope may brighten,
And patient love may glow,
As we listen in the starlight
To the "bells across the snow."

HUMOR OF THE DAY

Mable—"She's just flirting."

Mae—"I think it's much more serious. I saw her inspecting his car."—Washington Star.

Fred—I was going to propose to Mavbelle and she cut me short.

Earl—Wouldn't consider it, eh?

Fred—Not a bit. She said "yes" before I got started.—Life.

Club Member—"I say, old fellow, a man I know is charged with stealing whiskey. Will you take the case?"

Lawyer (absently)—"Sure, send it around to my office."—Passing Show.

Uncle John—Can you tell me what the calendar is for, my boy?

Nephew—Yes, uncle. It's to keep us from forgetting Thanksgiving day and Christmas.—Boston Transcript.

A man who had purchased a used car took it back to the deal for examination. "What is wrong with it?" he was asked. "Well, you see, explained the owner, "every part of it makes a noise except the horn."—Montreal Star.

The conductor—"Pardon me, madam, but your girl seems more than 12."

Lady—"Would you take me to be the mother of a girl of that age?"

"Lady, don't tell me you're her grandmother."—Answers, London.

Pauline—That good looking boy from the boarding house kept smiling at me at the theater last night. Nervy, I call it.

Elizabeth—Really? Where was he sitin?

Pauline—Oh, just behind me!—Pathfinder.

Two flappers were discussing a male acquaintance, and one of them stated that she disliked him.

"But if you dislike him," observed the other, "why did you let him kiss you?"

"Well," was the reply, "one can't be downright rude, you know!"—Tit-Bits.

TAFTVILLE CRESCENTS OPEN SEASON TODAY: OTHER GAMES ON HOLIDAY BILL

Eastern Connecticut fandom has four delectable basketball games served up for the holiday meal.

The Taftville Crescents open their home season this afternoon at 3 o'clock at Parish hall, playing the widely known All-Manchester quintet. At the Y gym in the city this evening the C. F. C. meets one of their strongest rivals, Battery E of Westerly and at Danielson Town hall this evening the Danielson Town Team hooks up with the strong Southbridge (Mass) five. All of these games look mighty promising as the teams seem well matched and some highly capable performers are included on their rosters. In Willimantic tonight Company C meets the Hartford National Guards.

Taftville-All-Manchester

Manager Red Burrelle will trot his strongest lineup onto the floor this afternoon to oppose All-Manchester. The Crescents, greatly benefited from the game with Danielson last week, intend to break into the win column today but to the average fan it seems that they have picked a mighty poor time for that event. The Silk Town outfit comes here a grand "rep", having campaigned throughout southern New England with real success. In their last five games they have piled up 182 points.

Although this is the first season together for the team as a unit the members are showing little effects of inexperience in team-play. Three of the best high school players in the state fill in with well-known semi-pro teesers to make a real formidable machine. Ty Holland, last year's South Manchester High captain will run with Faulkner, veteran player, at forwards with Boyle at center, another one not new to the game. In the backcourt there is Farr, formerly of the high school in the Silk Town and Mantelli, formerly of the Hartford Dixies at guards. Gorman, the third ex-school-boy player and Irish will be held in reserve. A fast preliminary between the Taftville Whirlwinds and Baltic Maroons is also scheduled for the banner opening holiday attraction in Taftville today.

C. F. C.-Battery E

After Mr. Fan has thoroughly digested the Taftville program he can journey down town and visit the Y where another game that looks like a headliner is booked. The C. F. C. beat Battery E in Westerly opening their season by doing so. There was much bitter feeling in this game and whether this will have any effect on this game is not known. The local team has lost but one game to date and tonight should find them in a precarious position regarding this record for the Rhode Island team comes here with an extra determination to come out ahead. These two clubs have taken this game as a sort of "ancient rival" affair and tonight's edition should be by far the hardest fought of their stirring tussles.

The C. F. C. will probably lineup Brown and Capt. Lambert to the forwards with Neil at center and Ludlow and Davis at guards. The Westerly lineup will in all probability be Lamb, Dionne and Barber at forwards with Searles or Hall at center and Kingsley, Harvey and Spry at guards. A fast preliminary is also scheduled.

Danielson-Southbridge

The Danielson Town Team, now seemingly in its stride after a series of heartbreaking reverses, looks to be in for a tough evening in taking on the Southbridge, Mass. five. This team has been having success playing throughout central Massachusetts and it comes to Danielson with a good record.

Danielson looked good in first piling up points and then staving off that second-half Taftville Crescents attack last Thursday and tonight in the Town Hall she expects to be just as good. Danielson will probably pick from Keech, Schofield and Reeves at forwards, Armington at center and Potter, Blakeley and Godreau at the guards. The Southbridge lineup has not been announced. A fast preliminary is slated.

Co C-Hartford Guards

Willimantic will not be without its basketball this evening when the Hartford National Guards come to tackle the local service quintet at the Armory. Although neither team has a remarkable record still a stiff contest is looked for.

The rivalry always evident when two teams of the service tangle is also expected to be something of a magnet for the Thread City crowd. Two well known coaches, Paul Bitgood of Conn. Aggies fame and "Babe" Allen of Bulkeley High of Hartford are expected to attract attention. Bitgood recently signed with the Willimantic team and Allen also coaches the Hartford outfit.

The will probably lineup with Hagberg, Gilligan and Pickett at the forwards with Oldershaw at center and Bogard, T. Meikle and Rabinowitz at guards. Hartford will have Carroll, McCollum and Clough at forwards with Gallagher and Allen at center and Riker and Nolan at guards.

The game starts at 8.15 and there is also a preliminary between two Willimantic teams.

HUNTER GIVEN TOP PLACE IN EAST TENNIS RANKING

NEW YORK, Dec. 25—(AP)— Frank Hunter, Davis Cup and doubles champion, partner of "Big Bill" Tilden, tops the 1927 ranking list of the eastern lawn tennis associations, comprising the New York State and Metropolitan district. The list made public today shows that Hunter and Dr. George King traded places. King was at the crest of the heap for 1926 and Hunter third but the order is reversed for this year as a result of Hunter's sensational come-back.

Jean Van Ryn, Princeton star, who was No. 13 a year ago, leaps to second place for 1927, one of the most startling advances ever recorded in the rankings.

Others in the "first ten" of the second group are Herbert L. Bowman, Jerome Lang, Frank Shields, Julius Ligeon, Clifford R. Marsh, Jr., Elmer F. Griffin and Gregory Mangin.

Mrs. Molla B. Mallory remains the No. 1 player in women's ranks, a position she has held for the past dozen years in this district's competition. Miss Eleanor Goss is No. 2 and the others in the "first ten" as follows: Mrs. B. F. Stenz, Mrs. H. P. Falk, Mrs. J. S. Taylor, Miss Edith Moore and Miss G. Dwyer.

BASKETBALL GAMES IN THIS VICINITY THIS WEEK

Monday

All-Manchester at Taftville Crescents 3 p. m.

Battery E (Westerly) at C. F. C. 8 p. m.

Southbridge (Mass) at Danielson Town Team, 8 p. m.

Wednesday

Boston Whirlwinds at Plainfield Pros, 9 p. m.

Thursday

Phantom A. C. (New Britain) at Y Emps, 8.30 p. m.

Senior Church league games at Y gym. 7.30 p. m.

Emmet Guards (Worcester) at Danielson Town Team, 8 p. m.

Saturday

Y Outlaws vs. (opponent unnamed as yet), 8 p. m.

Probably the holiday rush, probably the touch of cold weather lately and maybe both and something else nevertheless, the coming week brings to eastern Connecticut fans some promising basketball games. A real strong lineup is the above list of games and one that should provide some good basketball.

Several champions and near-champs are coming to test the quintets of the section. The Boston Whirlwinds are just about the strongest thing in New England while the Phantom A. C. of New Britain are rated state junior Y. M. C. A. champs. The Emps are the only undefeated team in eastern Connecticut so that these two teams should provide real action. The Emmet Guards claim the championship of Worcester, Mass. county.

Tonight's games look like real battles and the holiday crowd seems in for a real evening of action and then on to Wednesday we find the feature tilt of the week. Thursday is marked with the same quantity of games as tonight while closing the week the Y Outlaws, a collection of local stars will meet a strong team, which has not yet been selected.

The Academy will be idle this week because of the vacation while the other high schools who have opened their season will also rest.

ACADEMY SUSPENDS DRILL UNTIL AFTER THE HOLIDAYS

The Academy basketball team has suspended activities until after the holidays. The squad already has nearly two weeks of practice in and with the first week in January still available Coach Whitney thinks that his charges will be in tip-top shape for the opening game Saturday, Jan. 7 with Plainfield at the Y gym.

A tentative lineup for that game would place Red Fagan or Dave Tigar and Joe Viau at the forwards with Les Pingree at center and Capt. Jim Kelly and Buck LaCroix at guards.

Although the opener is two weeks off still preparations are now being made by the management for a large crowd. The late start this year as compared to the initial campaign in 1926-27 has only increased interest in the Red and White's basketball doings.

When workouts ceased the middle of last week there were at a fairly advanced stage so that with th resumption on Tuesday, Jan. 3 the local schoolboys can get down to the real final parts of the drills. Games will come thick and fast once the season opens and the squad will have to be ready from the start.

BATTERY E LOSES TO FAST PAWTUCKET TEAM

(Special to The Bulletin)

Westerly, Dec. 25.—In the Saturday night basketball game in the Dixon street state armory the basketball team of Battery E, 243rd R. L. C. A. C., was defeated by the Woodbines quintet of Pawtucket, R. I., by the score of 48 to 6. The score at half time was 21 to 18 against the battery boys. Center T. Enright was the chief point getter for the visitors with 16 points to his credit. There was a small gallery of fans to witness the match which was followed by dancing.

PITTSBURGH TEAM WILL ENTRAIN FOR WEST TODAY

PITTSBURGH, Dec. 25.—(AP)—Twenty-four University of Pittsburgh gridders will entrain tomorrow night for Pasadena, Cal., where the Panthers will encounter Leland Stanford in the Tournament of Roses game on Jan. 2. Dr. John D. Sutherland, head coach, will lead the squad, which will also be accompanied by assistant coaches, managers, a physician and trainer.

The players selected to make the trip were described as those who were regarded as having given most to the Pitt cause in the past, and who were best fitted to contribute to a Pitt victory at Pasadena.

Tunney Has Quiet Christmas

MIAMI BEACH, Fla., Dec. 25—(AP)—Gene Tunney, heavyweight champion of the world, enjoyed a sunshiny and quiet day of rest and recreation for his Christmas. He arose early, attended mass, and then read through a pile of telegrams at breakfast. In the afternoon, he donned bathing togs and went to the beach for sun bath and an occasional short swim.

Barbee Sold to Portland

PHILADELPHIA, Dec. 25.—(AP)—Dave Barbee, outfielder, has been sold to the Portland club of the Pacific Coast League by the Philadelphia Athletics, it was announced at club headquarters today. Manager Connie Mack did not disclose the sale price for the player who was farmed out to Reading in the International League last season. Barbee was recalled in the fall and played in several games for the Athletics.

Tigers Retain Lead

BOSTON, Dec. 25—(AP)—The Boston Tigers retain their hold on first place in the Canadian-American Hockey League, although their lead was reduced to a game and a half over Springfield as a result of last week's contests. The standing:

	Won	Lost	Td.	Pts.
Boston	8	4	1	17
Springfield	6	4	2	14
New Haven	5	5	2	12
Philadelphia	4	6	1	9
Providence	3	6	3	9

SPORT SLANTS

By ALAN J. GOULD

(Associated Press Sports Editor)

NEW YORK, Dec. 25—(AP)—Nearing the close of his 25th year with the National League and entering his tenth as president, John Arnold Heydler sees these factors as the chief fruits of the game's development to unprecented heights:

First, faster and snappier play, brought about by changes in the rules, the ball and keener competition.

Second, greater defensive skill in the outfields.

Third, the influence of impartial newspaper reports of the games in contrast with formerly partisan accounts, and, coupled with this, better umpiring.

Fourth, maintainance of "popular prices" for the games, only slightly increased in 25 years as compared with the ten-fold greater cost of operating major league teams.

Fifth, the impetus supplied by Babe Ruth in popularizing the long-hitting type of play, and the governing influence of Commissioner Kenesaw Mountain Landis.

"It was a great game in the old days but is a greater one now," Mr. Heydler is convinced from his observations and close connection with the game over more than two score years.

"There is no other sport in our country with so wide an appeal and no sporting event anywhere that holds the sustained interest that the World's Series does once a year.

"We must thank the American league for that. We looked on that league as an interloper, a bad thing for big league ball, when it first was organized, but we know better now. It has been the best arrangement that could happen to have the two leagues go along, providing the keen rivalry they do, and widening the influence of the game.

"But you can't compare the old time teams with those of the present day. I think the game is better now than ever before; better to watch and filled with more skillful play, but is a different game. Rules and a livelier ball have changed much of it. Comparisons are best restricted to periods of similar play.

"I don't think it is fair to compare the old Orioles with the present-day champion Yankees. The Orioles relied on speed, brains and the bunt. The Yankees are a great all around club but principally heavy hitters. Where the Orioles played for one run, and usually made it decisive, the Yankees and other clubs nowadays play for a "big inning." One run isn't more than a drop in the bucket now.

"Improvement in outfielding skill is one of the most striking features of development to me. A one-handed running catch of a scoop of a line drive was a novelty in the old days. Now the outfielders make great catches as a part of the day's work. They play their positions better. There is ten times the skill to outfield play now that there was 25 or 30 years ago, in my opinion. Jimmy McAleer was one of the greatest old-time outfielders, on defense, but he was an exception. There are dozens with the same sort of skill today."

It is interesting to note that it was Mr. Heydler's penchant for statistics that first brought him into the official family of the National League, although he had served for some time previously as umpire.

Mr. Heydler was working on the Washington Star at the time that the late Harry Pulliam became president of the National League in 1903. One of the first things Mr. Pulliam discovered was that the league had no official averages for the 1902 season. Nick Young, the retiring president, told Pulliam, "The only man I know who can furnish those averages of John Heydler."

Heydler had them, he had compiled the figures for years, after regular working hours, because of his absorbing interest in the game. Mr. Pulliam engaged Heydler on the spot as his private secretary, a post he took over in March 1903.

Serving in his job, until 1909 Mr. Heydler was elected secretary-treasurer of the league, serving also as acting president in 1909 when Pulliam died and again in 1918 when John K. Tender resigned. In December 1918 Mr. Heydler was elected president, as well as secretary treasurer.

BASKETBALL BRIEFS

Three big games today and the Norwich fan has two of them. Maybe he is being repaid for the dull over-the-week-end.

The state league has only one game this week, that Hartford at Waterbury Thursday.

New Haven Atlas now look like the first half winner with New Britain posibly having a chance. The Elm City club has won six and lost one, a lead of a game and a half over New Britain in second place. The first half closes the first week of January.

The series at the close of the season betwen the first and second half winners (if and where) should be interesting.

"Steffy Stavinitsky, also of the Plainfield Pros, continues to roll up a healthy number of points for the Meriden Endees. He scored 19 in one game last week.

The team in the Intercollegiate league are now tuning up for the opening of this important loop. The first game comes Saturday Dec. 31 with Yale and Pennsylvania grappling at the Palestra in Philadelphia.

Yale has its second annual collegiate basketball tournament this week. Four teams are entered with fives from N. Y. U., Vermont and Holy Cross the visitors.

The Hartford Yankees hae the Renaissance Colored Five of New York the opposition Tuesday night.

ALL-EAST VS. ALL-WEST GRIDIRON BATTLE TOPS TODAY'S SPORT EVENTS

SAN FRANCISCO, Dec. 25—(AP)—East and West clash for gridiron supremacy here tomorrow in a charity game bringing together some of the greatest football stars in the country.

Such luminaries as Bruce Caldwell, fleet halfback who made gridiron history at Yale this season and Herb Joesting, All-American fullback of Minnesota, stand out in the Eastern lineup. Only a little less prominent are Presnell, Nebraska halfback, Amos, Washington & Jefferson, who will hold down the quarterback berth, Reitsch, Illinois center, and Scott and Fishwick, both ends on Yale's powerful team this year.

The western eleven, overshadowed somewhat in the matter of individual stars, nevertheless boasts a sterling aggregation—the pick of the region from the vast expanse of Texas to the pacific northwest.

Coach Grin, E. Hollingbery's squad includes Morton Kaer, former southern California ace and All-American halfback in 1926, Nick Kutsch, former Iowa backfield flash now playing with the Olympic club here, Joel Hunt, fleet halfback of this year's Texas Aggies, and Pat Wilson, Washington fullback.

The line numbers such men as Lloyd Yoder, Diehl, Idaho guard, and Sikes, end from Texas A. & M. Yoder, now with the Olympic club, received mention as an All-American tackle while at Carnegie Tech.

Andy Kerr, Washington & Jefferson coach and head of the eastern team, has whipped his players into top form for the contest. Twice last week, the fiery little coach sent his eleven against Stanford in hard scrimmages and he has imbued his men with one idea—bring home the honors for the East.

In two previous games—1925 and 1926—western football triumphed over the eastern game by narrow margins.

In the first classic, "Brick" Muller, greatest end ever developed at California, snagged a pass and slipped over to give the West a 6-0 victory. Last year, East kicked a field goal to take a three point lead early in the game, but a closing drive netted a touchdown for the West and a 7-3 win.

Chances for an eastern victory this year have been enhanced by hard rains during the past few days. On a wet field, the heavier backfield of the east eleven is expected to dominate the play. Average weights of the two starting squads show that the eastern backfield will tip the scales at 188 3-4 pounds against an average of 171 3-4 pounds for the West. Both lines will average the same—about 190 pounds.

ANNOUNCEMENTS

Palace Theatre

Commencing today for a three-day run, the management offers as the feature screen attraction, W. C. Fields and Chester Conklin, in one of the funniest comedies ever produced by any film company. In this comedy both Fields and Conklin portray the characters of two old birds well past middle age who it appears become involved with the spirit of second childhood. Fields is seen as the owner of a one-ring circus that becomes stranded in a small western town. Conklin is seen as the sheriff of the town who takes a personal and violent dislike to Fields after finding him courting the "girl" whom the former intends to marry.

Featured on stage are five acts of unusual merit with the Basil-Lewis Revue headlining. Sharing honors on the bill is a delightful comedy skit, "Going Straight," the plot concerning two reformed crooks with a desire to go straight. Earl and Mathews offer a farce comedy skit abundant in laughs. Beth Marsh, a singing comedienne and Paul and Pauline, in an aerial sensation conclude the vaudeville program.

Broadway Theatre

Jackie Coogan's latest picture "Buttons," which is the feature attraction at the Broadway theatre today and tomorrow is without doubt the best picture in which this popular young star has yet appeared. The large audiences which have attended the Broadway this week have been enthusiastic in their praises for this new production.

The scenes are all laid aboard a ship and the scrapes that young Jackie gets into will keep you in roars of laughter from start to finish.

Breed Theatre

"The Fair Co-ed," which opened yesterday at the Breed Theatre, is the sort of film that makes one optimistic for pictures. In fact, it gives the picturegoer much more than he can rightfully hope to see in one film production.

Marion has the role of an American co-ed and she looks the part as she puts it over in a most convincing manner.

Johnny Mack Brown, who appears opposite the star, works a zealously on celluloid as he used to work with the pigskin when he was star halfback a couple of seasons back on the University of Alabama's football team. Johnny has looks, screen personality and talent. He shows all three and has the advantage of having a new face for confirmed moviegoers to gaze upon.

Jane Winton plays convincingly as the sympathetic heavy and Thelma Hill does some good work as a dumb co-ed pal of the heroine.

Sam Wood should be congratulated on the fine manner he has handled this production from a directorial standpoint. He has even outdone what he did when directing "Rookies." The picture is based on the play by George Ade and Gustav Luders.

Strand Theatre

Husband Hunters, is a colorful story of the lives of four chorus girls, whose one object in life is to marry a rich man and look forward to a life of ease. Two experienced Chorines take a little country girl from the chorus and teach her how easy it is to capture a rich husband. With all the advice given, she falls in love with an ordinary clerk and from then on, the story unfolds itself in dramatic high spots and comedy situations. Mae Busch is the hardened chorus girl and Duane Thompson, Mildred Harris and Jean Arthur are the other chorines. The male cast includes Charles Delaney, Walter Hiers, and Robert Cain.

The Boaster starring Richard Holt is a comedy filled with suspense, happiness and laughter. It tells the romantic adventures of a young college student, dubbed by his buddies as a blow horn. His know-it-all tactics almost cause his father's business to almost go on the rocks, but for the timely interference of dad. He is forced to do some difficult tasks, which are the making of him, and making the girl who dislikes him fall hard and heavy.

Horace Blanchard has returned to his home in Occum after spending some time in Montreal, Canada.

Mr. and Mrs. George F. Blood of North Third aenue are spending the holidays in Fitchburg, Mass.

The scholars of some of the grades at the Wequonnoc school held a Christmas party Friday afternoon, to which their mothers had been invited. There were Christmas songs and drills for the children, and candy and gifts were given out from a large Christmas tree. The school closed after the party for the annual holiday recess until after New Years.

Mrs. Katherine McNamara of Hartford is the guest of Mr. and Mrs. E. W. Yerrington and family of South Second avenue.

The music at the Sacred Heart church on Sunday morning at the solemn high mass at 6 o'clock was sung by the choir of St. Cecile under the direction of J. O. Tellier. The mass of the Holy family was sung, and the choir was accompanied by Miss Alice Frechette at the organ, Gerard Bourdon on the violin and Philip Adams on the cornet. The soloists were Miss Regina Savageau, Miss Leah Plon, Miss Alma Frechette, Miss Germaine Lambert, J. O. Tellier and Desire Bourdon. There were other masses at 8:30, 9:30 and 10:45, at which Christmas anthems and carols were sung.

At the Congregational church Friday evening, the scholars of the church school held their annual Christmas party and service. There was a carol service and a number of the children gave recitations, after which there was the usual distribution of gifts from the large and gaily decorated Christmas tree. The decorations were in charge of the teachers of the church school and were very attractive.

Mrs. Ida Gelinas has concluded her duties at the Totokett Manufacturing company and has left town to make her home in Canada.

Robert E. Cooper of the Ponemah house is spending the holidays at the home of his parents in Fall River, Mass.

ONE INJURED, TWO MACHINES BADLY DAMAGED

One man as winjured and two machines were badly damaged in a crash on the Norwich-Westerly highway, near the city line Sunday. The injured man is said to be George Adams of New London who was taken to the W. W. Backus hospital for treatment and later taken to his home. The machines involved were a Chevrolet owned by the Luxor Cab Co., of this city and a Chrysler, said to be owned by a Mr. Miller of Poquetanuck. The Chrysler was headed towards Westerly and the Luxor cab was coming towards this city. State Policeman Peter Busch of the Groton state police barracks investigated the accident.

Franklin Street Raid

About 2:45 o'clock Saturday afternoon a squad of local police raided an alleged liquor joint at No. 121 Franklin street and secured three cases of beer and several whiskey bottles. Two men in the place were arrested but later released when they proved that they were not connected with the alleged liquor business. The proprietor was not in the place at the time of the raid. The police are on the watch for him.

Won Turkey Shoot

At the turkey shoot at the state armory Friday night the turkey was won by Allyn M. Brand and not Mr. Breed as stated.

TWO NORTH MAIN STREET MEN HELD IN CHRISTMAS EVE LIQUOR RAIDS

Christmas eve raids by the local police landed two alleged liquor law violators at police headquarters Saturday night. Armed with a warrant, a squad comprising Sgt. Matthew Delaney and Officers Peter Sullivan, John Quinn and Patrick Shahan raided the place at No. 461 North Main street, Union hall building, kept by Paul Lemoine. Evidence that the liquor law was being violated was found in the shape of two pint bottles, each containing alleged liquor. Lemoine was booked at police headquarters and later released on bonds of $1,000.

When Sergt. Delaney and Officers Quinn and Shahan unexpectedly visited the place at No. 43 North Main street, kept by Dominic Falcone, 23, Falcone attempted to get rid of two pint bottles containing alleged liquor by throwing them out a side window. Officer Shahan, however, was in the alley and saw the bottles thrown out. He secured them and Falcone was arrested. He was released later on bonds of $1,000. Both accused will be presented in the city court this (Monday).

COMMUNITY CELEBRATION AT NORWICH TOWN

Although the air was keen and cold, ideal weather greeted the chorus of men, women and children who gathered on the Norwich Town green Sunday evening at 6.30 to unite in the singing of Christmas carols around the brilliantly illuminated Community Christmas tree. Frederic H. Wyant was song leader for the following numbers: Silent Night, all; O Come All Ye Faithful, first and last verses, by the entire chorus, second verse, women, third verse, men; Hark The Herald Angels Sing, all; It came Upon The Midnight Clear, first and last verses by chorus, second verse, men, third verse, women; Joy to the World; O little Town of Bethelehem and the First Noel, entire chorus. This consumed about one half hour. Extra song-shets were passed around and all united in singing the first and last verses of We Three Kings. F. B. Decker, cornetist accompanied for the singing.

The programme started promptly at the appointed time. For some little time in advance automobile parties congregated in seeral locations around the ground on East Town street, Elm aevnue and the state highway, it being estimated there were 250 cars and about 500 people present. The brilliancy of the tree which will be lighted evenings throughout the Yuletide season made possible through the courtesy of the Norwich Gas and Electric company which is providing the current. Rev. Gurdon F. Bailey was in charge of the decorations, and Robert Boisson was treasurer of the Christmas tre fund. The thre chairmen reresenting the executive committee of the Norwich Rural association, Walter T. Camp, president, under whose auspices the celebration was held, were Messrs. Wyant, Bailey and Boisson.

Following the singing around the tree a large company of singers visited several locations around Norwich Town especially where homes were illuminated, singing Christmas carols.

DISTRIBUTED NEARLY 500 TOYS TO CHILDREN

The family welfare department of the United Workers has distributed Christmas toys to 457 children, representing 83 families.

The toys donated to the department and those collected by the Boy Scouts and Frederick Bielfield, the scout executive, were repaired and painted to look like new. Several members of the committee and other interested persons dressed dolls and repaired other articles dear to little girl's hearts. Other members of the committee selected and packed stockings given as presents to older boys and girls. The toys ere assembled for the different children with care for each child's desires and needs by Miss Corcoran whose knowledge of the families gave the personal touch necessary to make the gifts appropriate. Toys and boxes of candy were distributed by the motor squad of the committee aided by others who used their cars for the purpose.

Small baskets decorated with red crepe paper, greens and gold tinsel and filled with fruit and delicacies were sent to bring a message of cheer to the sick and lonely. Many hours were given up by members of the committee to accomplish this work.

The sincere thanks of the committee are extended to all who assisted in any way by sending or aiding in the distribution or restoring of the toys.

GAVE PAGEANT AT TRINITY METHODIST CHURCH

Sunday evening the pageant, White Gifts for the King, was given at Trinity M. E. church. The pageant, by Jessie R. Rounds, was given under the direction of Mrs. E. M. Newbury. The prelude, The Coming of the King, was read by Miss Isabel Shearer. The white gifts were deposited in the manager by the members of the church schools. The pageant characters were as follows:

Pilgrim, Fay Hill; Spirit of Christmas, Evelyn Wheeler; Wisdom, Mary Phillips; Conscience, Lois Leffingwell; Fame, Henrietta Frink; Pleasure, Edith Wheeler; Love, Ruth Purvis; Wealth, Edna Judson; Kindness, Agnes Fenton; Faith, Rosaline Cook; Justice, Marie Pierson; Hope, Mary Sautter; Mercy, Marion Miller; Reader, Isabel Shearer; Vanity, Myrtle Browning; Idleness, Agnes Fenton; Greed, Mary Phillips; Pride, Dorothy Ladd; Envy, Ida Sautter; Ambition, Grace Hinrchs, Edward Lichenstein Raymond Banker.

FOUR CHARGES AGAINST VERSAILLES AUTO DRIVER

Joseph Riley, 22, Versailles, was arrested Sunday afternoon by State Policeman Peter Busch on four charges, driving while under the influence of liquor, driving without a registration, reckless driving and evading responsibility. Riley was locked up at police headquarters. His case will be tried before the Lisbon town court.

A machine driven by Riley collided with Officer Busch's car in Versailles, and did not stop after the collision. Officer Busch set chase after Riley and during the chase, Riley is said to have swung his machine to the left several times, evidently to crowd the officer's machine off the road. Riley's machine finally swerved after it had left the cement highway some distance from the accident and crashed into a bank by the side of the road. A man riding with him had his face cut in the crash.

FIRE DEPARTMENT CALLED TO FLORIST STORE

A call was received by fire headquarters at 7:03 o'clock Sunday evening for a supposed fire in the florist shop on Main street conducted by Louis Hawkins of Broadway. A defective oil stove used for heating pury s flared up and illuminated the interior of the store and thinking that the flames might ignite some part of the building the fire department was summoned by Officer Peter Driscoll. Mr. Hawkins was notified and turned off the burner.

CHRISTIANITY IS STORY OF A GREAT LIFE

The Personal Appeal of Christmas was the theme of the Christmas morning sermon at the Church of the Good Shepherd (Universalist). Rev. A. N. Foster, the pastor, preached from the text Matthew II-2. We have seen his star in the east and have come to worship him.

Many times the Christmas observance is made the occasion for restating and emphasizing the great truths and cardinal principles whose application has blessed the world and has brightened the lot of humanity; especially those principles which have been drawn directly from the teaching of Jesus and intended for universalist application said Rev. Mr. Foster.

We have learned more of brotherhood and fraternal regard because this has been done.

It is however, also true that the personal element is very pronounced in the Christmas festivities.

In family reunions we seek again the pleasure of personal contact with those who have been separated. In making gifts, we anticipate the needs and desires of others which are very personal and in receiving gifts, the pleasure is increased when we are assured that the thought of our personal likes and dislikes were considered in advance. Indeed the whole gospel story is dominated by the personal appeal and command. The wise men and the shepherds seek the promised king of the Jews in the person of the child for whom there was no room at the Inn. The story of the temptation; the calling of the disciples and the great confession and the betrayal and all magnify the person of the great leader and teacher. Could we imagine the gospel story without this great personality, how strange it would seem; how its vitality and its inspiration would have vanished! Christianity is the story of a great life—a compelling personality—rather than a system of philosophy and the leadership of that life may hardly be overstated.

The credentials of that personal leadership are presumed to be extraordinary power overlife and ability to override or defy natural law. In the absence of such credentials, there would be scant reason for commemorating the advent of such life into the world and the beginning of Christian history.

And yet there is another view which the open mind and the alert spirit can no longer ignore or deny.

The literalist insists upon believing that the story of the star and the watching shepherds and the adoration of the three wise men are history and that the virgin birth must perforce be believed.

Who does not love to linger over the story of the star and the shepherds and the wisemen? But what reflective person can accept them as history? It should not require very long academic training to distinguish between history and poetry. We have attained so much of material greatness and have become so skilled in mechanical invention, we are prone to crowd all life into those standards for judgment. Thus do we misjudge the products of insight and imagination and the genius of poetry.

So many times fierce objection is made to the dropping of non-essentials in discipleship. Such objection marks the price of freedom. Once men objected to the Copernican teaching that the earth was only one of innumerable heavenly bodies. Once men objected to placing the control of the world in a law because they said such banished God from his universe, and yet the larger thought has prevailed and the earth is recognized in its place in an orderly and not spasmodic universe and the Theists conclusion that the divine is seen in the operation of natural law has given a new sacredness to all life. If stated belief in the cycle of stories associated with the conventional account of the birth of Jesus, were the only reason for observing Christmas, we might feel that the basis was insecure.

The story of the calling of the fishermen to be his disciples; the teaching of the beatitudes and the parables; the courage and the heroism of the last days of his ministry; the life of service and of character and of sustained trust—all give abundant reason for deep and searching gratitude that Jesus was born into the world and shared the stress and pain; the joy and the perils of humanity's life. Not the manner of his birth, nor the particular place nor the exact time are so important as the message of his teaching or the character of his life.

PAGEANT OF PEACE AT FIRST BAPTIST CHURCH

The Way, a beautiful Christmas pageant of peace, was the feature of the Sunday evening service at the First Baptist church. The characters were appropriately costumed and the pageant was splendidly given. Those on the cast were as follows:

Part I—Waiting for the Christ. The Voice, Edward C. Dunbar; Abraham, John Rogers; Moses, Thomas Farrell; Elijah, Robert P. Burke; Isaiah, Herbert Nielsen.

Part II—The Coming of the Christ. The Voice, Mary, Ellen Nielsen; The Angel of the Lord, Mazie Stamm; four herald angels, Celeste Copeland, Edna Sandberg, Gladys Thornes, Thelma Marsh; three shepherds, Royal Wight, Maddison Ayres, Alfred G. Lillibridge, Jr.; three kings, Lloyd Rathbun, Ralph Mitchell, Percy Browning.

Part III—The Christ Among Us. The Voice, Mary, Angel of the Lord, The Nations: China, Grace Mitchell; Japan, Edna Jones; India, Myrtle Connors; Italy, Doris Pulsifer; France, Edith Pulsifer; Belgium, Myrtle Greiner; Germany, Ellen Snow; Russia, Arvilla Kenfield; England, Emily Sandberg; America, Lillian Sandberg.

Choir: sopranos, Mrs. Louis Wheeler, Mrs. Wilfred Langlois; altos, Miss Bernice E. Willey, Miss Marion R. Browning; tenors, Mervin B. Leffingwell, Edward C. Dunbar; basses, Lawrence Browning, Earle W. Stamm; organist, Mrs. Walter M. Cowan.

The Creed of Christmas was the subject of Rev. Edward C. Dunbar's morning sermon. In part he said:

Our creeds are our statements of belief in business, society and religion. We try to live out our beliefs but usually our ideals are above our actions. What is our belief concerning Christmas? What does this holiday mean to us? To the merchant it means increased activity. He hires extra salespeople, orders large quantities of goods which may, or may not, sell. He spends a larger amount of money in advertizing. Usually he is worried. The clerks in the stores are called upon to work longer hours. Confusion and congestion is so noticeable. The clerk is happy when Christmas is over. Parents sometimes use Christmas and Santa Claus as a means of demanding obedience from their children. Children get a material joy from the experience of receiving their gifts and so bear the threats knowing that the expected gifts are forthcoming. If this were all there is to Christmas it would be better for all concerned that the church abandon this part of our church year. But there is more to Christmas than all this commercializing and wasted energy.

There is a side in which the worried business man, the tired clerk, the harassed parent and the domineered child may find peace and real joy. It is back of the stories which center about Jesus' birth. The shepherds watched their flocks and were afraid at first on this first Christmas night. Their fear was short lived for a superior desire suppressed the fear. That superior desire was a desire to worship. So they went "even to Bethlehem" to worship. They had in their hearts the ringing song, "Glory to God in the highest and on earth peace among men in whom He is well pleased." The first Christmas meant a fulfillment of long study and calculations to the wisemen. Prophecy would become history. They however, did not manifest an "I told you so" spirit. Rather they went to worship the new born king in adoration and recognition of His kingship. They carried treasure-chests of gold, frankincense and myrrh but primarily they went to worship.

While the Babe was born a son to Joseph and Mary in the days of long ago, he is reborn today in every heart which accepts His love, in every home which honors His presence, in every society that unites in His spirit and in every nation that strives for His peace. Let our creed of Christmas accept this belief.

CHRISTS'S BIRTH GREATEST EVENT IN HISTORY

Christ's birth was the greatest event in history said Rev. Albert E. Whitten in his Christmas sermon to his congregation Sunday morning at The First Methodist Episcopal church. The text chosen by Rev. Mr. Whitten was:

Isaiah 9-6-7 "For unto us a Child is born, unto us a Son is given, and the government shall be upon His shoulder and His name shall be called—Wonderful Counsellor, Mighty God, Everlasting Father, Prince of Peace." Of the increase of His government and of peace there shall be no end—upon the throne of David, and upon His kingdom, to establish it, and to uphold it through justice and through righteousness from henceforth even forcousness from henseforth even forever."

That is a tremendous statement to make of any person said Rev. Mr. Whitten. For a person to read that about himself he would have to arrive at one of three conclusions—either that it was false, or that he would be an imposter or that he must be a God. We believe that Christ read those words about himself, and accepted them as truth, and declared himself divine. His birth was the greatest event of history. We reckon time from his cradle. He stamped his name on the fleeting centuries. That in itself is nothing short of a miracle. Millions of newspapers daily readjust their date to his cradle.

Isaiah's prophecy of Him was true. Its truth has been fulfilling itself since His birth. Old standards have ceased. New judgments have been established. In the verse preceding our text, Isaiah says—"The stamping warrior's boot, the bloodstained war attire, shall all of them be burnt, as fuel for the fire." (Moffatt's Translation). This involved a changed standard between nation and nation. He has established new estimates. His parable of the Good Samaritan has established Christian hospitals wherever Christianity has come. His announcement of the Golden Rule has changed a mans views regarding his "rights,"—so that even on the highways the man who disregards this rule is styled a "road-hog." His parable of the lost sheep has established rescue missions in the cities of the five continents. His command to preach the gospel to all mankind has sent missionaries to the ends of the earth.

His words are the final court of appeal for the conscience of the world. There is no authority like his words. Hundreds of millions of people decide their moral problems by asking "What did Jesus say about this particular thing? and then finding out what He said. The very principles He established brings in a new fraternity among mankind. The principle running through all His teachings is the sacredness of personality. If personality is sacred slavery is wrong. So of war. And so a spirit of good will is brought into our world. It reigns supreme at the Christmas season. As Dickens makes one of his characters say: "I have always thought of Christmas as a good time, the only time I know of in the long calendar of the year when men and women seem by one consent to open their shut-up hearts freely, and to think of other people as if they were really fellow-passengers to the grave, and not another race of creatures bound on other journeys."

ST. PATRICK'S PEOPLE SHOULD SEEK NEW GIFT

St. Patrick's people, signally blessed from God in the gift of numbers, strong faith, material prosperity, leaders able, trusted and revered, were told Christmas day that they might well seek one other and the supreme gift—imitation—Imitation of Christ. The preacher was Rev. John J. Reilly, who at the solemn mass at 10:30 took his text from the day's gospel which he had just read, Luke 11, 1-14, "Fear not for this day is born to you a Saviour."

Father Reilly considered the marvel of the fact that on Christmas day Christianity was at a standstill, wondering, contemplating, gazing at a scene which held the attention of millions, commonplace in itself, a manger shrine, a Mother and Child. Yet the millions who gaze look on no ordinary child—no ordinary birth; the Babe they adore is the symbol of hope, the symbol of faith. The keynote of His birthday is joy.

To the often asked query why was Christ born the preacher answered, Christ became man because He could not hold in check His love for us. He became like us because of His great love took our humanity because He loved us. Our sufferings cannot match those of Christ; He suffered that He might become our exemplar.

Father Reilly created a heart-gripping moment when he referred to the nation's anguish on learning of the disaster to the submarine; "When will you come to help us?" "What are you doing?" were the messages from the ocean's depths. In the country's anguish, sorrow, disappointment, criticism, if one could have come to stand over those imprisoned sailor with the message, "Fear not; for a saviour is come to you," how such a saviour would be acclaimed! Sad as their plight, the awful suspense, the world was in even greater need of aid when Christ became its saviour. The world was in a worse condition than the hapless sailors dying from poisoned air.

A week ago, the preacher inquired of his listeners what gift they intended to give Christ at Christmas; he wondered now if they had made good confessions, given up some bad habits, broken of some dangerous attachments. If so, they might feel that they had made worthy gifts to the Infant Saviour. They would fail to ask for a lasting gift, he declared, if they did not petition Christ to make them more and more like Him, that they may show to the world through their consecrated lives in their imitation of the new-born King, the appealing loveliness of Christ.

Rev. Father Reilly was deacon in the solemn mass, celebrated by Rev. Myles P. Galvin, Rt. Rev. Msgr. M. H. May being subdeacon. The sanctuary decorations were flowering poinsettias against the foil of tall palms. In the elaborate musical program, Organist Henry J. LaFontaine had his chorus well in hand, the mass in F by Loesch being given with precision and harmony. Mr. LaFontaine's interludes included a number of carols in which he used the chimes with discrimination and taste, also "Silent Night," given during the reading of the last gospel. The offertory, Adeste Fideles, with Miss Sadie A. Driscoll carrying the solo, surpassed any rendering of that majestic ancient hymn ever heard in St. Patrick's. Other fine numbers were "Deum de Deo," "Et Incarnatus," "Sanctus", and the climax of the Creed. Other soloists were Mrs. B. M. Coyle, Mrs. John W. Cantlin, Miss Blanche La Pre, sopranos; Miss Loretta Bellefleur, Mrs. Thomas J. O. Rourke, contraltos. Double quartette, John Kelly, Walter J. LaFontaine, William Shannon, J. Casey, J. Kelly, L. Grover, B. M. Coyle, Messrs. Bellefleur, Cote and H. J. LaFontaine.

It was a matter of regret to choir and congregation that Roderick F. Sullivan was ill with a severe cold, hence unable to sing. His solos were taken by H. J. LaFontaine, whose voice was heard to good advantage in "Divine Praises."

In the church, at the gospel side of the sanctuary the crib of Bethlehem was arranged by Raymond Fields in a very realistic manner.

LOYAL SAMARITAN LODGE HAS ANNUAL ELECTION

Loyal Samaritan lodge, No. 7974, I. O. O. F., M. U., held its regular meeting at the Baltic club hall Friday night. The officers' chairs were occupied by past grands of the lodge. Noble Grand P. BACKUS HOSPITAL BARN AND 14 TONS OF HAY DAMAGED BY FLAMES

Fourteen tons of hay, valued at $450, was damaged by smoke at a fire Sunday morning in the cattle barn in the rear of the William W. Backus hospital, off Washington street. Several head of cattle including horses, cows and pigs, were in the building, but were saved by hospital employees under the direction of Gordon Southworth, boss farmer. The building was slightly damaged.

A call was received by telephone at 8.27 o'clock at central fire headquarters and engines 3 and 5, Squad A, Chief Howard L. Stanton and Deputy Chief Henry R. Taft responded. Previous to the arrival of the firemen a 2 1-2 inch hose was put into service by employes. It was attached to the hydrant in the yard. Another 2 1-2 inch line was laid by Engine 5 and a 1 1-2 inch line by Squad A and in a short time the fire was under control.

The fire was caused by employes using a blow torch to thaw out frozen pipes in the barn it is said. A warning is issued by the fire department to avoid using this method of thawing out pipes, as it is a dangerous one. Frozen pipes can be thawed out by better methods, one of which is to use rags and hot water. Rags or old clothes wrapped around the pipes and hot water poured over them will thaw the pipes or rags soaked in hot water and put around the pipes will answer the purpose.

Good judgment was shown by hospital employes in summoning the fire department by telephone rather than by bell alarm. If the box had been pulled it would have created considerable excitement.

HICKMAN CONFESSES THAT HE KILLED MARIAN PARKER

Announcement Made by District Attorney Keyes—The Youth is Said to Have Admitted That He Strangled the Girl to Death and Then Dismembered Her Body—Is Due to Arrive in Los Angeles at 9.40 a. m. Today—Gave Reason For Brutal Murder: "I Was Afraid She Might Make a Noise."

ON BOARD THE CASCADE LIMITED, OAKLAND, Calif., Dec. 26.—(AP)—William E. Hickman today confessed that he alone killed 12-year-old Marian Parker, of Los Angeles, the day after he kidnaped her single handed.

In a confession, amazing for its unrivaled details of brutality, the 19-year-old youth said he strangled the child with a piano wire and cut her body into pieces in the bath tub of his Bellevue apartment in Los Angeles.

After the strangling Hickman said he realized that he must have the body to produce to the girl's father, Perry M. Parker, Los Angeles banker, or he could not collect ransom, so he devised the scheme of rigging her eyelids with wire to prop her head to make it appear she was alive when he returned the body to the father for $1,500.

The confession completely eliminated the mythical accomplice, one, Andrew Cramer for whom the police have been searching since the youth make his first confession after his capture near Pendleton, Ore., where he sought to throw the blame on an accomplice. He had no aid. It was a single handed piece of work, the latest confession made today revealed.

The confession today removed the last shield upon which Hickman relied to save him from the gallows. When he enters the superior court in Los Angeles tomorrow he will go through the formality of entering a plea to murder and kidnaping based on his signed confessions to both.

The mask of mystery which Hickman sought to throw over the killing of the child, was torn away in the course of a grilling he underwent as the special car upon which he was being taken to Los Angeles was nearing San Francisco.

Hickman gave as his reason for the killing: "I was afraid she would make a noise."

PRECAUTIONS TAKEN TO SAFEGUARD HICKMAN

ABOARD CASCADE LIMITED AT DUNSMUIR, Cal., Dec. 26—(AP)—A genial mood and a healthy appetite today marked the demeanor of William Edward Hickman, as he was speeding toward Los Angeles in a heavily guarded Pullman to face the charges for the kidnapping and murder of 12-year-old Marian Parker.

His spirit had picked up noticeably in contrast to the utter dejectionn apparent when the journey began yesterday at Pendleton.

The train carrying the prisoner will arrive at 9.40 a. m. tomorrow in Los Angeles, where precautions have been taken to safeguard him against possible mob violence.

The stolen automobile that Hickman was driving when he was captured on a highway near Echo, Ore., was left in Pendleton. Arrangements for its return to Los Angeles will be made by an insurance company.

At Dunsmuir, the first stop in the state where the kidnaping and murder of Marian was carried out, a crowd of 3,000 milled around the train in an effort to get a glimpse of the prisoner. There was no indication of disorder however.

Hickman was in good spirits when his breakfast was served at 8.30 and he showed that his appetite was good by consuming a full portion of French toast, prunes, corn meal muffins and a little milk.

Keen rivalry developed among the dining car waiters for the privilege of taking food to the notorious prisoner. Four of them were engaged in a lively argument when Harry G. Kinch, Southern Pacific passenger agent, interceded and picked out Charles O. Wandover, head waiter and R. C. Dawson for the job.

The train went through some cold weather south of Klamath Falls, Ore., and the engine developed a hot box due to frozen oil. There was a delay of about half an hour at Mount Hebron, until a new engine could be obtained.

At Klamath Falls a new relay of Southern Pacific agents came aboard to relieve those who had traveled from Portland, augmenting the regular police guards. At Oakland tonight four new guards were to board the train and during the night two will be stationed at each end of the car.

INVENTOR INJURED WHEN PLANE MOTOR EXPLODED

SPRINGFIELD, Mo., Dec. 26.—(AP)—While warming up the motor of a "self-energizing" airplane for its first attempted flight, J. E. Nordin, of Monett, Mo., the inventor, was painfully injured when the motor exploded.

A large crowd viewed the accident, which occurred Sunday afternoon at a field near Monett. Nordin suffered lacerations on the left leg and right arm when struck by flying fragments from the motor.

The motor does not fly the plane, according to Nordin, but is used to propel the machine across the field for the take-off. Another motor will be installed and the inventor will make another attempt to fly it, he declared today.

A motorcycle engine is used in the machine, which has standard controls. Nordin explained that "vacuum energy" which lifts the lane turpns into rotary power to propel the plane's propeller when it is in the air."

He also said it would revolutionize aviation if it is successful.

TO RAISE $1,000,000 IN CREDIT FOR VERMONT

BOSTON, Dec. 26.—Machinery to raise $1,000,000 in credit for agricultural, commercial and industrial establishments that were damaged by the flood in Vermont is now in operation, and subscriptions to bonds of the New England Flood Credit corporation are being received, it was announced by John S. Lawrence, president of the New England council.

Every banker in New England will have on his desk tomorrow morning complete details of the plan of operation of the New England Flood Credit corporation and the rules under which loans will be made.

Directors of the corporation have fixed the following quotas for the New England states and New York: Maine, $50,000; New Hampshire, $30,000; Rhode Island, $75,000; Massachusetts, $385,000; Connecticut, $110,000; New York, $100,000.

LOVE TRAGEDY ENDS IN DEATH OF MAN AND WOMAN

NEW YORK, Dec. 26.—(AP)—A love tragedy in which a man committed suicide when he found the woman with whom he was in love had killed herself, was revealed in notes left in the gas-filled department where both died.

The bodies of Mrs. Grace Rowan, wife of a stock actor now in Tampa, Fla., and J. J. McDaniel, chief pharmacist on the U. S. destroyer Kane, were found last night. The woman had been dead five days and the man two, autopsies disclosed.

In a note addressed to the woman's husband, McDaniel told how he returned to the apartment to find her an apparent suicide, and concluded:

"I have made up my mind that if her love was so great for me that she did this rather than go back to you, then I, too, will go with her."

Another note asked that Mrs. Rowan's father, C. W. Burrows, of Coshocton, Ohio, be notified.

BATTLE WITH STORM IN INTERIOR ALASKA

CIRCLE, Alaska, Dec. 26.—(AP)—A valiant battle against the most severe storm in interior Alaska in 30 years was successful when Mail Sled Driver Jewell arrived with the Christmas mail on time yesterday from Chatanika. Braving the weather of 4 below to bring holiday greetings to this arctic outpost, Jewell arrived on schedule, but his hands and face severely frozen and his team of dogs suffering from the cold.

LINDBERGH TO HOP OFF FOR GUATAMALA TOMORROW

MEXICO CITY, Dec. 26.—(AP)—Both Colonel Lindbergh and his mother, Mrs. Evangeline Lindbergh, will fly away from Mexico City Wednesday morning. The son goes in the direction of Guatemala City, which is a flight of probably nine hours; his mother starts back to Detroit.

The Spirit of St. Louis will carry the youthful flyer and the trilmotored Ford plane which brought Mrs. Lindbergh, will take her back to her homeland.

After the quiet Christmas day spent with his mother at the U. S. embassy, Colonel Lindbergh went out to Balbuena field this morning and amused himself with the Ford plane. He carried aloft several of the members of the embassy and their wives, as well as Joaquin Amaro, minister of war and marine, with his wife. The flier wore civilian togs and an ordinary hat on these trips.

Lindbergh hopes to hop off for Guatemala shortly after six o'clock Wednesday morning, and as soon as the Spirit of St. Louis gets away, the Ford monoplane will be brought out on the field for the take-off for Detroit. Mrs. Lindbergh and party plan to make stops at Tampico, San Antonio and Indianapolis and they hope to reach their final destination, Detroit, Friday evening.

NO SEIZURE OF HEARST PROPERTIES IN MEXICO

MEXICO CITY, Dec. 26.—(AP)—Reports that the Mexican government had ordered the seizure of the land and properties of William Randolph Hearst in Mexico are completely unfounded, the acting secretary of agriculture, Jose Parres, announced today when informed that such reports were current in the United States. Senor Parres said:

"The reports that the department of agriculture has ordered the seizure confiscation, division and sale of the Hearst lands, or had issued any kind of orders to that effect, are absolutely untrue. I do not know the foundation for such reports, but you may deny them categorically upon the authority of the department of agriculture."

PROSPECTIVE OFFICERS OF UNITED STATES STEEL CORP.

NEW YORK, Dec. 26—(AP)—The New York American in a copy-righted article tomorrow will say that J. Pierpont Morgan has been definitely decided upon as chairman of the board of directors of the United States Steel corporation, the position has been vacant since the death of Elbert H. Gary.

Other new officers, the American will say, will be James A. Farrell, chief executive officer, and Myron C. Taylor, chairman of the finance committee.

Mr. Morgan's duties will be largely nominal and he will, it is believed, act largely as a sort of arbiter on important problems, the article will say. On this condition only, it is understood, he agreed to accept the position, the American will say.

SEARCHING FOR BODIES IN RUINS OF HOTEL

HOPEWELL, Va., Dec. 26.—(AP)—Search of the smouldering ruins of the Grand Central hotel, which was destroyed by fire Christmas morning, failed today to yield the bodies of six persons believed to have perished.

Although the register was burned and a large number of the 55 guests of the hotel were not known here, Chief of Police Middleton said that a check-up showed that Charles Cockes and Luther Hammond, both of Hopewell, and a Mr. and Mrs. Maude, of South Carolina, were missing.

Census of Cities By Bureau Experts

New Haven Leads Connecticut With 184,000—Hartford Placed at 168,300.

WASHINGTON, Dec. 26—(AP)—Sizing up the growth of 265 American cities credited with populations of 30,000 or more, census bureau experts have figured, among other things, that by the middle of next year New York will have more than 6,000,000 inhabitants and Cleveland will move into the 1,000,000 class before the 1930 enumeration.

Computations have been made as of July 1, 1927, and are based, in most cases, on the assumption that the annual increase of population since the 1920 census has been the same as the average annual growth between 1910 and 1920. Estimates were not made for 23 cities.

The four cities in the million class showed no change in relative rank from estimates of a year ago. New York, nearly twice as large as any other city in the United States, is credited

MODERN CHILD BETTER SPELLER THAN FOREFATHER

NASHVILLE, Tenn., Dec. 26.—(AP)—Despite the frequency expressed opinion of his too frequently forgetful elders, the modern child "is a far better speller than were his forefathers."

That, at least, is the opinion of Dr. Frank N. Freeman, professor of educational psychology at the University of Chicago, expressed in a paper read today at a meeting of the section of education of the American Association for the Advancement of Science.

Difficulty with spelling, he said, apparently is no new thing and the modern child is entitled to a better score than his forefathers in spite of requirements that he must learn many more subjects than were taught to his ancestors. The explanation, he thought, lies in the scientific investigation of the conditions of learning to spell which has enabled the teacher to help the child over psychological and intellectual hurdles which his grandfather surmounted only by accident.

DIVERS ARE WORKING ON SUNKEN SUBMARINE

PROVINCETOWN, Mass., Dec. 26.—(AP)—Divers attached to the salvage fleet engaged in the work of raising the submarine S-4 today, were clearing the tangled mass of wreckage surrounding the broken hull of the submersible 17 fathoms down. Permanent moorings having been set for the mine sweeper Falcon from which diving operations are being conducted and aided by bright and clear weather conditions, work continued throughout the day without interruption.

Although the air temperature was officially recorded at 35 degrees divers complained that the sea was cold due to a northeast wind blowing in shore. The divers reported that most of the wreckage is piled up near the conning tower of the S-4 and that it will require some time yet to clear the hull.

ASK FOR U. S. MARINES FOR PROTECTIVE PURPOSES

MANAGUA, Nicaragua, Dec. 26.—(AP)—The residents of Cape Gracis, Nicaragua, have requested that an American gunboat and marines be sent for protective purposes. Colonel Mason Gulick, commanding the U. S. Marines, believes that some of the rebel General Sandino's men, driven out of Nuevazgvoa, have gone down the Cocoa river, on which Cape Gracias is located, and are engaged in depredations.

The U. S. S. Tulsa, which is at Bluefields, will probably be dispatched to Cape Gracias.

38 FAMILIES DRIVEN FROM HOME BY FLOOD

NEW IBERIA, La., Dec. 26—(AP)—Thirty-eight families have been forced to evacuate their homes as a result of a break in a reconstructed Atchafalaya river levee at Cycremore, La.

T. J. McCarthy, a Red Cross reconstruction officer, estimated that 150 families would be homeless by the time the crest of the flood is reached Thursday.

The homeless families are being cared for by the Red Cross. Principal damage was done to truck crops.

GAVE HER LIFE TO SAVE DOLLY FROM FIRE

BALTIMORE, Dec. 26—(AP)—Little Verna Chance, gave her life today to save her Christmas dolly from fire.

The child had crept down stairs to "mother" her little gift, and found that its clothing had caught fire from an over-heated gas stove.

In her attempt to extinguish the flames, Verna's dress became ignited, and she died, shortly after being taken to a hospital, from burns.

GEORGE EASTMAN FINDS MONTE CARLO ATTRACTIVE

NICE, France, Dec. 26.—(AP)—Monte Carlo proved an attractive place today to George Eastman, Rochester camera manufacturer, who is on his way to Africa to shoot the tiger, the lion and, he hopes, the elephant. With him was the big game hunter, Martin Johnson. Mr. Eastman, who made the round of some of the principal show places on the Riviera, said he was enjoying excellent health and that this wa sthe best vacation he ever had.

FOURTH ATTEMPT TO WRECK NEW HAVEN ROAD TRAIN

BOSTON, Dec. 26—(AP)—The fourth attempt in two days to wreck trains of the New York, New Haven and Hartford railroad was reported today, when ties were found piled across both the inbound and outbound tracks between Forest Hills and Roslindale. An engineer discovered the obstructions in time to bring his train to a stop. Three similar attempts were reported yesterday in the Hyde Park district.

KILLED BROTHER WHILE SHOOTING AT TARGET

ST. LOUIS, Dec. 26.—(AP)—Firing a .22 calibre rifle which he had received as a Christmas present, Joseph Fazio, 20, today, accidentally shot and killed his brother, John, 7. Joseph was firing at a target in the back yard when John suddenly ran in front of the target.

Emil Pollak, 82, founder of the Pollak Steel company, one of Ohio's pioneers in the steel industry and who took an active part in educational, civic and charitable work, died suddenly at his home in Cincinnati after an illness of ten days.

Kentucky National Guardsmen at Pikeville, Ky., were ordered by Governor Flem D. Sampson to proceed to Wolfpit, Ky., to prevent mob violence in event of the capture of Homer Mitchell, 42, Negro, alleged to have slain Malcom Sloane, 38, a miner.

Governor Dan Moody announced at Austin, Texas, he would authorize retention of special attorneys to aid in the prosecution of two officers charged with the slaying Friday of two Mexicans and serious wounding of a third in front of a bank at Stanton, Texas.

With the word "evolution" conspicuously absent from their program, hundreds of workers in all branches of science assembled in Nashville, Tenn., for the opening of the 84th annual convention of the American Association for the Advancement of Science.

Hearings will be resumed in Washington today by the special senate committee investigating the authenticity of the Mexican documents published recently in the Hearst newspapers purporting to show creation of huge funds by Mexico to be spent in this country.

Successors to three positions held by the late Elbert H. Gary, with the U. S. Steel corporation, chairman of the board of directors, chairman of the finance committee and his membership on the board, will probably be announced after the monthly meeting of directors late this afternoon.

Military on Duty in Marian County, Tenn.

To Prevent Further Disorders Growing Out of the Gun Fight Sunday Night.

SOUTH PITTSBURGH, Tenn., Dec. 26—(AP)—With virtually all local law enforcement officers of Marian county, Tenn., dead or disabled, national guardsmen tonight policed this section to prevent further disorders growing out of a gun fight last night between city and county authorities in which five were killed and four were wounded, one fatally.

Although military officers said the situation was well in hand, 27 more militiamen were ordered here from Chattanooga late today to reinforce the 35 men called out last night after the two factions had "shot it out" on the downtown streets. At the same time Adjutant General W. C. Boyd left Knoxville to take command of the force.

The guardsmen were ordered here by Governor Horton responding to appeals from local business men, under a state law which prohibits their use in quelling disturbances but permits them to act as peace officers.

The death in a Chattanooga hospital today of Chief of Police James Connor brought to six the number of fatalities in the street battle which was said to have climaxed a feud between police and sheriff's officers growing out of a recent strike at a local manufacturing plant in which the respective law enforcement agencies supported opposing sides.

Details of the shooting, which shattered the Christmas quiet of virtually deserted streets then subsided as suddenly as it started after a momentary exchange of shotgun and pistol fire, were meagre. A statement from one of the principals, however, developed that brother was arrayed against brother in the fatal feud.

Thomas Connor, a deputy sheriff and brother of Police Chief Connor, whose account furnished the only known coherent story of events leading to the shooting said that city officers had drawn pistols on him in an encounter earlier in the evening, and that the fight began when Sheriff Wash Coppinger and several deputies later sought to arrest members of the opposing group for displaying their weapons threateningly.

In the ensuing exchange of shots, the sheriff, Deputy Sheriff L. A Hennessey, City Marshal Ewing Smith, Night Marshal Ben Parker and Special Policeman O. H. Larowee, were killed and Chief of Police Connor, Deputy Fayette Nelson and Special Policeman Charles Pittman and John Bates fell wounded. The latter two were believed not to have been seriously wounded.

W. H. Cameron, president of the South Pittsburgh Savings bank, one of these who requested state policemen for the city and county, said he had been informed that about 20 men, several of whom were civilians and presumably members of the opposing strike factions, participated in the shooting.

Of six officers' revolvers found at the scene of the melee, he said, only one contained an empty shell, but he could not identify it.

An investigation has been started by Attorney General Tom Stewart who sal dtoday that a hearing probably would be called soon to fix responsibility for the fray.

FOUND BODY OF WOMAN WRAPPED IN OLD CANVAS

SAN FERNANDO, Cal., Dec. 26.—(AP)—The body of a woman about 45 years old, wrapped in old canvas and with the hands bound across her breast and the feet bound and drawn up behind her back, was found tolay in Lopez Canyon, on the outskirts of town. Sheriff's deputies expressed the opinion the woman had been dead about 24 hours.

The mark of a blow from a brunt weapon was discovered on the woman's forehead, but investigators said it did not appear to have been severe enough to have caused death.

The body was dressed in a black crepe dechine dress. The victim weighed about 145 pounds and was five feet four inches in height. She had blue eyes and brown hair. Officers reported the hands and feet were tied with old window sash cord.

They said the woman apparently met death by violence. The assistant autopsy surgeon declared there were some indications that the woman had been drinking heavily. The preliminary investigation uncovered no clue to the identity of the woman. The only article of clothing reported missing was the shoes.

The body was discovered by two San Fernando ranchers.

ABOUT 70 ARRESTS FOR BUENOS AIRES BOMBING

BUENOS AIRES, Dec. 26—(AP)—Actively continuing their investigations into the bombing of the Buenos Aires branch of the National City bank, of New York Saturday, the police have made about 70 arrests. An investigation also has been carried out at various workers' clubs and houses, but thus far the instigators of the plot have not been discovered.

The doors of the National City bank branch were opened at the regular hour today, and operations, the officials declared, were "as normal as ever." Great crowds kept pouring in steadily, wishing to see the extent of the damage, and there was universal indignation at the outrage.

Only one death has occurred so far, Manuel Toboada having succumbed to his injuries. One other man is in grave condition, but the remainder of the injured are reported progressing satisfactorily.

CHARGED WITH SHOOTING AND KILLING HIS FATHER

BERKLEY, W. Va., Dec. 26.—(AP)—Charged with shooting and killing his father, Walter Crewes, 24, was held without bond today for grand jury action. The father, Samuel Crewes, was shot while struggling with his son following a drinking party last Friday at Blue Jau mine, near here. A sister, Tessie Crewes, was slightly wounded in the hip, while the son who is in jail had a finger shot off and was wounded in the wrist. A boarder with the Crewe family suffered a flesh wound.

Crewes asserted his father shot himself, but E. Clyde Schotte, county prosecutor, said his story had been discredited because the father had been wounded twice in the head.

FEAR AIRPLANE DAWN HAS BEEN BATTERED TO PIECES

Nothing Heard Since the Brief Message Picked up at Sable Island Sunday Night—Two Destroyers Have Been Ordered to Search the Waters Between Cape Cod and Sable Island—The Navy Dirigible Los Angeles is Making an Aerial Dash to the Vicinity in Which the Dawn Was Last Heard From.

NEW YORK, Dec. 26—(AP)—Rescue craft mobilizing by sea and air were headed tonight toward Newfoundland in search of Mrs. Frances Wilson Grayson and her three men companions aboard the missing amphibian plane, Dawn.

The navy dirigible Los Angeles took off from Lakehurst, N. J., manned by an emergency crew, for the aerial dash to the vicinity in which the Dawn was last heard from. Two destroyers at the Boston navy yard also received orders from the authorities at Washington to search the waters between Cape Cod and Sable Island.

Since last night, when sputtering signals were picked up at Sable Island, the plane's radio had been silent and it was feared the Dawn, forced down in the water, may have been battered to pieces by the winter sea.

The brief last message, which said "Something had gone wrong," and the plane was down, did not give the Dawn's position and rescue craft could only carry on an unguided search in the area between Cape Cod, where the plane's motors were heard whirring overhead last night, and Newfoundland, the fliers' objective.

The Dawn was equipped with pontoons and wheels and could come down on either water or land. Experts believed the ship could be kept afloat for hours if landed in the comparatively quiet waters to leeward of some of the islands along the Nova Scotian coast. There was the danger, however, that even in the event of a safe landing, the occupants of the ship might freeze to death unless rescue came quickly.

The Canadian government radio service canvassed radio and telegraph stations in the vicinity of Sable Island after last night's message, but none had picked up any signal from the Dawn. The Canadian bureau of marine and fisheries was standing by to order out searching and rescue craft at a moment's notice in the event that the plane was located.

Mrs. Grayson took off from Roosevelt field, at dusk last Friday. With her were Brice Goldsborough, navigator and radio operator; Oskar Omdal, pilot and Fred Koehler, motor export. They had expected to reach Harbor Grace, N. F., at 7 o'clock on Saturday morning, the first stop on a proposed trans-Atlantic flight to Croydon, England.

TO SEARCH VICINITY OF SABLE ISLAND

BOSTON, Dec. 26—(AP)—By sea and the air the U. S. navy today swung into an intensive search for Mrs. Frances Wilson Grayson's amphibian trans-Atlantic plane, the Dawn, now three and a half days overdue at Harbor Grace, N. F., on the first leg of an attempted flight from New York to Europe.

The navy destroyers, Sturtevant and Mahan, left Boston and Provincetown respectively late today under orders to search the seas from Cape Cod, where the Dawn was last sighted, to Sable Island, off Nova Scotia, where the Canadian government wireless station early today picked up what were believed to be radio signals from the Dawn's emergency sending apparatus.

Inasmuch as the Dawn's emergency wireless set had a maximum sending radius of 50 miles naval officials in charge of the search planned to concentrate most of their efforts within that radius of the Sable Island station which heard the calls. They planned to keep a close watch, however, for any traces of the plane which might be found between here and the island.

The Sable Island message, relayed early today to C. H. Harvey, Canadian marine and fisheries department agent at Halifax, N. S., merely said: "At 9.45 p. m., eastern standard time (Sunday), heard airship Dawn saying something had gone wrong, but could not get her owing to storm interference. At 10.45 p. m., heard nothing from her. Particulars of signals, interrupted continuous wave, 625 meter wave length, call sign WMU."

The Dawn's call letters are WMU and the "interrupted continuous" described in the message identified the signals as being produced on the plane's emergency set which has a range of 25 to 50 miles.

LOS ANGELES STARTS ON SEARCH FOR MISSING PLANE

LAKEHURST, N. J., Dec. 24—(AP)—The U. S. navy dirigible Los Angeles left here at five o'clock, heading toward Cape Cod, to search for the missing amphibian plane "Dawn" in which Mrs. Frances Wilson Grayson and three companions left Roosevelt field, N. Y., last Friday for Harbor Grace, N. F.

Manned by an emergency crew and commanded by Lieut. Commander Rosendahl, the dirigible will cruise all night between Cape Cod, where the Dawn's motors were heard late Friday night and Harbor Grace, N. F., the plane's objective.

THE LOS ANGELES WILL START SEARCH AT DAWN

WASHINGTON, Dec. 26—(AP)—The navy dirigible Los Angeles will start its search for the missing plane, the Dawn, early tomorrow morning at a point 20 miles off Cape Cod, Lieutenant Commander Rosendahl, the airship's commander, advised the navy department in a wireless message tonight.

The message which was sent from the Los Angeles while in flight read:

"Present intentions to be at a point 20 miles east of Cape Cod at daylight Tuesday morning. Then will search along a line to a point 20 miles east of Sable Island. Returning will search 20 miles westward of this line from Sable Island to Cape Cod.

"It will be probably necessary to head for Lakehurst at dark Tuesday. Thirty-eight officers and men aboard including Commander Pierce and Lt. Commander Muller of the medical corps who volunteered for the flight."

A message also was received by the department from Rear Admiral Andrews at Boston who said that Assistant Secretary Warner in charge of aeronautics was keeping in close touch with the Boston navy yard on the search.

The navy department was requested by the Grayson rescue committee in New York to "extend its search over a 500 mile radius off the coast."

GALES AND HIGH SEAS IN VICINITY OF SABLE ISLAND

NEW YORK, Dec. 26—(AP)—Gales, high seas and snow squalls prevailed from Saturday morning until early Sunday in the vicinity of Sable Island off the coast of Nova Scotia, in the path of Mrs. Frances Wilson Grayson's amphibian plane Dawn, Captain S. F. Sommers said today on the arrival of the White Star liner Albertic.

The Canadian government radio station on Sable Island sent world today that it had picked up fragments of signals from the plane.

Captain Sommers said a sharp lookout was kept for the plane and radio operators were on the alert, but no signals were heard. He said the weather was as severe as he ever had experienced at sea.

ROME WAS SHAKEN BY EARTHQUAKE YESTERDAY

ROME, Italy, Dec. 26.—(AP)—Rome was shaken today by an earthquake of unusual violence, lasting about four minutes. The first shock was at 4.01 p. m.

A fissure was opened up in the poplhous quarter of the city, the ceilings in several houses fell and the cornice of a church broke off, injuring a priest who was passing by. The priest was removed to a hospital.

The tremors were distinctly felt at the Vatican. The pope was in his private study and was surprised to see books and papers moving and the furniture wobble. Servants rushed in to ascertain if any objects had fallen near the pontiff. He told them to urge the others in the apostolic palace to observe a tranquil attitude.

The shock varied from five to six degrees degrees, according to different localities in Rome itself, and increased to seven or eight degrees at the towns of Rocca Di Papa and Velletri.

Spectators at a football game in the Applan velodrome felt the shock distinctly and a stampede threatened in the stands was quieted by officials.

The central point of the disturbance seems to have been in the Rocca Di Papa district, about 20 miles from Rome. At that place and Velletri, as well as several other small towns, fissures were opened both in the streets and houses, and the inhabitants were in a panic. A few walls fell.

GOES ON TRIAL TODAY FOR MURDER OF HIS MOTHER

OTTAWA, Ills., Dec. 26.—(AP)—Charged with the murder of his mother, Harry Hill, 22 years old, goes on trial for his life tomorrow, after spending four months in the La Salle county jail.

In his defense against the charge of having shot his mother, Mrs. Elizabeth Hill, divorced wife of Dr. H. C. Hill, of Springfield and Streator, young Hill will have the backing of his father. Dr. Hill, when his son was arrested in seattle, Washn., after a nation-wide search, took an airplane to reach him as quickly as possible. He said he would use all his resorces to defend the boy.

Mrs. Hill's body, with two bullet wounds in the head, was found buried in a shallow grave in the basement of her Streator home. The police theory of the slaying was that the son shot her after a quarrel over his friendship with Miss Alice Sawyer, Streator girl, and because of alleged check forgeries. Mrs. Hill, it was said, had threatened to disinherit her son.

COAST GUARDSMAN WAS KILLED BY AUTOMOBILE

CLAYTON, N. J., Dec. 26.—(AP)—Returning with other shipmates from his Christmas furlough, Philip Brakeman, a coast guardsman at Base 9, Cape May, was killed today, when struck by an automobile on the Slayton-Williamstown road. Brakeman and his companions had stopped along the road to help another party of motorists who were stalled. He was standing beside this car when struck by a car driven by Frank T. Macrane, a Vineland contractor. Macrane was arrested and later released unde $2,000 bail on a charge of manslaughter.

S. Z. POLI WILL CONTINUE TO MAKE NEW HAVEN HIS HOME

NEW HAVEN, Dec. 26.—(AP)—Sylvester Z. Poli, head of the Poli chain of theaters in New England, stated here tonight that he was not ready to announce his plans for the future.

"New Haven is my home," he declared, "and I do not intend leaving here. I may return to Italy before I die to visit the places of my youth, but I have no intention of giving up New Haven."

Mr. Poli said he had no knowledge of any plans on the part of his relatives to welcome him at Turin.

SUCKERS IN CONNECTICUT DEREASING IN VALUE

HARTFORD, Dec. 26.—(AP)—The market value of suckers in Connecticut decreased about two-thirds of a cent a pound in 1926 from the 1925 quotations, while the total crop showed a decrease of about one pound for every hour of the year. "The catch of suckers shows little variation," is the notation accompanying the report of a catch in 1926 of 102,362 pounds, valued at $7,376, made to Superintendent John W. Titcomb of the state fisheries and game commissioner by Warden Chris Culver, of New London.

SUPT. CASE'S REPORT SHOWS BENEFITS OF TRADE SCHOOL

(Special to The Bulletin)

WILLIMANTIC, Dec. 26.—Facts relative to the school situation in the town of Windham as gleaned from the annual report of School Superintendent Egbert A. Case, recently issued, shows the past year has been a most fortunate one in the development of our local public schools. The purchase of a five acre lot in the fourth ward, ideally located for a future school, and at a most reasonable price has created a community asset far in the excess of the cost. A reduction in the cost of building is making possible school accommodations at Windham street far in excess of what was expected when the appropriation was made. In September, 1926, the town will begin to reap the benefits of an appropriation of $100,000 made three years ago, to be used in connection with an appropriation of $200,000 by the state, for the improvement of buildings and grounds at the Windham Street school. The new building, now in the process of construction, far surpasses any elementary school plant in Windham county. It contains a gymnasium 43 by 83 feet, with a height clearance of 30 feet; shower baths and several special rooms for physical training; an auditorium with complete stage equipment and a seating capacity of 500; a manual training room 24 by 60 feet; a domestic science room 24 by 71 feet; ten standard class rooms; five special class rooms for training purposes; offices, teacher rooms, conference rooms and all the numerous accommodations considered desirable in a modern school. About one acre has been added to the school grounds. This enlarged and beautiful open space will not only benefit the children but add materially to the value of surrounding property. When the building is completed it will be possible to accommodate 700 children under normal conditions, or 900 under conditions far better than the present. The registration is 577 and includes many children from the fourth ward as well as from the first ward in which it is located; consequently there can be no further building problems in this section until the population increases at least 50 per cent.

Favorable action by the legislature of 1927 in making an appropriation of $50,000 for the state's expenses of supervision, instruction, equipment and supplies, has made possible the immediate establishment of a local trade school. At a recent town meeting the citizens voted appropriations totalling $51,600 to provide a suitable building, janitor service, heat, light, power and water and defray current expenses of instruction until the school is formally taken over by the state. There are but few communities that can equal the town of Windham in the range of school opportunity. Ample kindergartens, superior elementary schools, a modern high school, a state normal school, a state trade school, and a state college within easy commuting distance, offer a free and efficient preparation for almost any vocation which a child may select. In physical equipment, also, these schools are much above the average. The four room school at Windham Center, with its large playground and lawn, assembly hall, domestic science room and play rooms, is entirely worthy of the civic pride of that community. The Natchaug building with its new addition, the high school building showing scarcely any tarnish or wear, the new normal school dormitory, and the Windham Street school in the process of construction, accustom children to surroundings that are clean, pleasing and comfortable.

In selection of teachers it has been the first care of the committee to place no other consideration above the welfare of the child. Consequently the town has reaped all of the benefits and none of the usual detriments of having a large supply of local candidates. There are eight local teachers in the high school and 22 in the grades under committee control, but, according to the report, each of these may have the satisfaction of knowing that the selection was made for no reason other than high scholarship and proven ability to teach better than any other available candidate. There are 66 young people now in college who made their whole preparation in Windham High school 20 graduates are attending the local normal school and each year all graduates of the commercial department have been able to secure employment at initial salaries ranging from $14 to $25 per week. Under the heading of recommendations the report directs public attention to the need of purchasing two acres of land adjacent to the North Windham school and the erection of a small annex, providing running water and correcting lavatory facilities. For this work an appropriation was made in the budget for next year. It is also recommended that the selectmen dispose of the tenement buildings on land purchased adjoining the high school property so as to make possible an improvement in the grounds and the establishment of a suitable playground; and further points out the necessity of an athletic field. Windham field has been mentioned as the favorable site for such a field.

Stanislaus Jantek and Amanda Lariviere, both of this city, were united in marriage in St. Joseph's church early this morning by the pastor, Rev Henry E. Quinn, who was also celebrant of the nuptial mass. The attendants were Louis Peparovic as best man and Alice Jantek, sister of the groom, was maid of honor. A reception to a large number of guests was held at the home of the bride, 287 Main street. Mr. and Mrs. Jantek left by motor on their wedding trip.

Christmas and today, the day of its commercial observance, passed on leaving a clean "blotter" at police headquarters.

Christmas was a real day of festivities and good things to eat at the Windham town almshouse on upper Main street. Through the generosity of the superintendent and matron, Mr. and Mrs. Joseph Nolan, the 36 inmates, including 16 men and ten women, enjoyed a bountiful dinner, of roast chicken served with "fixings" of mashed potatoes, mashed turnips, creamed onions, cranberry sauce, celery, pumpkin pie, fruit cake, tea and coffee. In the evening, James E. Lynch, engineer at the Willimantic State Normal school appeared in the role of Santa Claus and gave presents to all the inmates, the gifts having been provided by members of the Congregational church and the Women's Catholic Welfare council. Rev. Arthur S. Wheelock, pastor of the Congregational church, gave cigars and Mrs. Wheelock gave jars of jelly to the women.

Rev. Alfred Rivard, formerly of this city, now of St. Charles college, Catonsville, Md., delivered a most inspiring sermon at the two Christmas high masses in St. Mary's church Sunday. His sermon was a beautiful expression of the exchange of Christmas greetings and the warm fellowship and brotherly love of the occasion in the many languages of the universe. He brought every creed and nationality into the warming glow of Yuletide in a flow of forceful oratory. Rev. Father Rivard came here to spend the holidays at the home of his sister, Mrs. Thomas Moran.

The funeral services for Mrs. Mary McGlone were held from the late home, 161 Union street at 8:30 o'clock this morning with a high mass of requiem in St. Joseph's church at nine o'clock. Rev. Charles M. Kelly was celebrant and Rev. Edward Mathieu of St. Mary's parish was seated within the sanctuary rails. As the remains were being borne into the edifice the choir, with Mrs. Edmund R. Portelance at the organ, rendered Nearer My God To Thee. Miss L. Monica McKeon was heard in Pie Jesu at the offertory and for a waiting hymn Arthur J. Roy rendered O The Priceless Love of Jesus. The recessional, Beautiful Land On High, was by the choir. Burial was in the family plot at St. Joseph's cemetery where Rev. Father Kelley conducted a committal service. The bearers were Michael E. Sullivan, R. Ernest Melody, John B. Edgerton, John Regan, Jr., John Sullivan and Frederick Noel.

At a quiet but pretty ceremony solemnized in St. Mary's church at 6:30 o'clock this morning, Miss Bora Gingras, of 26 Union street, was united in marriage to Elmer J. Michaud, of 81 Center street. Rev Edward A. Mathieu performed the ceremony and was celebrant of the nuptial mass. Special choral music was rendered with Mrs. Joseph F. Gaudreau presiding at the organ. The bride was given into marriage by her father, Napoleon Gingras, and the groom was attended by his brother, George Michaud of this city. The bride was attractively attired in a dress of tan georgette trimmed with brown velvet, worn under a coat of tan suede with beaver trimmings. Her hat harmonized. The wedding party breakfasted at the Nathan Hale hotel after which Mr. and Mrs. Michaud left on an unannounced wedding trip. Upon their return they will reside in a newly furnished home in Bridgeport where the groom is foreman at the Metropolitan Toole company. Mrs. Michaud is a popular local young woman and was guest of honor at a series of pre-nuptial functions.

That Willimantic is line for still another chain store is indicated in the purchase of the brick block at 749-753 Main street from Walter H. Hibbard to Louis Josloff of West Hartford, representing the Economy Grocery company. The building is a two-story structure with two stores on the ground floor and offices on the second. The property has a frontage of 82 feet and a depth of 90 feet. The transaction is to be recorded at the office of the town clerk this week.

MRS. FANNIE P. KENDALL DIES AT HOME OF MOTHER

(Special to The Bulletin.)

WESTERLY, R. I., Dec. 26.—Many Westerly relatives and friends were saddened today to learn of the death of Fannie Parker, wife of Martin G. Kendall of Bangor, Maine, which occurred Monday morning at the home of her mother, Mrs. Mary J. Parker, 48 School street. Failing health caused her return six months ago to the home of her mother in Westerly. She was born in Westerly, Sept. 17, 1893, the daughter of Mrs. Mary J. Parker and the late John Parker. She was graduated from Westerly high school in the class of 1914. Oct. 14, 1915, she married Martin G. Kendall, by whom she is survived, with three children, Ruth, Parker and Hope. She also leaves five sisters, Mrs. Joseph Cooper, of South Manchester, Mrs. Albert Spargo, Westerly, Mrs. H. H. Moyle, Holliwell, Me., Mrs. Philip Burgle, of Stony Creek, Conn., and Mrs. Mathryn P. Scott, of 48 School street, Westerly; also a brother, Edwin H. Parker of Pawcatuck. Mrs. Kendall held membership in Grace Methodist Episcopal church in Westerly.

Freezing weather the past few days has coated Westerly ponds with black ice several inches thick. Advantage was taken of the thicker ice Saturday, Sunday and Monday, and many pairs of Christmas gift skates were tried out and many older pairs were tested also. The artificial pond in Wilcox park is crowded with skaters for the first time this season. Burdens pond to the eastward was the attraction for more ambitious skaters while many others visited the pond for their first tilt-fishing through the ice for the season.

Judge William A. Wilcox of Pawcatuck held but a short session of Stonington town court in Stonington Monday morning. Illness prevented an appearance in the case of alleged drunken driving against Hubert Watson, of Mystic, who was arrested by Officer Adams following an auto crash Saturday night near Stonington Manor inn. The case was continued one week. Another infraction of state automobile laws will be brought before the Stonington town court this (Tuesday) morning by state troopers of the Groton barracks.

Town Solicitor John Ferguson of Westerly was the Christmas guest of relatives and friends in New York.

Mr. and Mrs. Francis W. Taylor of 12 Spring street, Westerly, escaped serious injury Sunday afternoon about 3 o'clock on the Noose Neck Hill state road when the Buick sedan in which they were driving toward Providence ran off the road and tipped over. While proceeding down a slight grade at a moderate rate of speed the rear right tire blew out and the car, out of control, crossed to the left side of the road into a gutter and tipped on the left side. A slightly injured leg was received by Mr. Taylor and his wife has a lame neck and shoulder since thrown against the gear shift. By opening a rear door they were able to crawl over to the rear seat and extricate themselves with the assistance of passing autoists who aided also in righting the car. This was towed to a near-by filling station, where gas, oil and battery were replenished where the contents had spilled out.

The auto had a smashed left running board, crumpled fenders and front and rear windows broken. The machine was driven to Providence, where Mr. and Mrs. Taylor were going, to return to Westerly with their son, Howard, and his family. The car was left for repairs and the return to Westerly was made by train.

Arthur N. Nash was a Westerly auto visitor Monday afternoon to Boston where he has to be in attendance in the evening and following day at banquets. He was accompanied on his trip by Mr. and Mrs. Louis Wilson, returning to their Boston home from a Christmas visit with Mr. Nash's family in Westerly.

Westerly employes of the Columbia Narrow Fabric company with plants in Shannock and Peace Dale, R. I., profited for the 12th consecutive year by Christmas bonus checks from the mill management. The checks are distributed on a graduated schedule, varying from a fraction to 7½ per cent. of the yearly salary of the employe, taking into consideration the length of time in the mill employment. Some 400 workers are benefited by the Christmas gift checks.

The Colonial club of Westerly, Addison B. Archie, president, Monday night held its annual Christmas dance in the ballroom of the Rhode Island hotel, the dance being given in honor of returning college students. Dancing from 9 to 1, the committee in charge consisting of Frank G. Ahearn, Wells R. Fowler, Addison B. Archie, Charles F. Sherman and Daniel F. Larkin.

Monday evening Harley P. Chase post, No. 1265, Veterans of Foreign Wars, Michael J. McCarthy, Jr., commander, held its annual Christmas observance for the children, in Vets hall, Walton block, Pawcatuck. The evening was featured by a program with exercises, a Christmas tree with distribution of gifts by Santa Claus, games and music.

In place of the annual Christmas party for needy children of Westerly given in the rooms of the Westerly Masonic club, No. 176, on High street, the club's contribution of toys and funds was made direct this year to Mrs. Alex Smith, superintendent of the People's Mission in Pawcatuck, to be distributed by her. In previous years the party has been given under the supervision in the club rooms.

The funeral of Francis Lynch was held Monday morning at 8:30 from his home, 37 East avenue. At 9 o'clock a high mass of requiem was sung at the Church of the Immaculate Conception by Rev. J. F. Vincent, S. M. Burial was in St. Michael's cemetery, Pawcatuck, Rev. Fr. Vincent reading at the committal prayers. The bearers were James O., John and Frank Lynch, Lawrence Foley, Robert Sawyers and Thomas Holliday.

Efficient Marketing

SWIFT & COMPANY is efficiently organized to market the farmer's live stock in large or small quantities at a minimum cost both to him and to the consumer.

It is equipped to convert live animals into Premium Ham and Bacon, Brookfield Sausage, Branded Beef and a variety of finished meat products and to distribute them all over the world by means of its branch houses and refrigerator cars with as little waste as possible.

Regardless of time, weather or consuming demand, Swift & Company is able to provide an outlet for the farmer's live stock. Whenever the farmer has his live stock in condition to sell, Swift & Company buyers are at marketing centers ready to pay him full value in cash.

Both producer and consumer reap the advantages of the efficient merchandising methods of Swift & Company. For the entire operation of converting live animals into finished meat products and distributing them to the retailer, Swift & Company receives an average profit from all sources of only a fraction of a cent a pound.

The National Distribution Conference in 1925 found the wholesale expenses of the packers' branch houses to be the lowest of the 17 trades studied.

DANIELSON

SYE-HOPKINS WEDDING IS PRETTY CHRISTMAS AFFAIR

(Special to The Bulletin)

DANIELSON, Dec. 26—A pretty wedding this evening at 6 o'clock at the home of the bride's parents, L'Homme street, was that of Miss Helen Hopkins, daughter of Mr. and Mrs. Burdette C. Hopkins, and John H. Sye, of Pittsburgh. Rev. Harding W. Gaylord, pastor of the Westfield Congregational church, performing the ceremony.

The home was prettily decorated with Christmas greens and the wedding took place beneath a bower.

Miss Katherine Henequit of Dayville was maid of honor and the best man was David Green of Pittsburgh.

The bride's gown was of white georgette and lace and her veil of tulle, beaded with pearls and rhinestones and caught with a spray of orange blossoms. Her bouquet was of white roses. The maid of honor wore pale pink taffeta, bouffant style, and trimmed with tulle.

The wedding march was played by Miss Janet Paige, pianist.

Only members of the families and a few friends witnessed the ceremony.

Mr. and Mrs. Sye left during the evening for their wedding trip, after which they will make their home in Brooklyn, N. Y., where the bride has been a resident several years. She is a graduate of Killingly high school and of Pratt Institute, N. Y., and is a fashion illustrator. Mrs. Sye is with the National City bank of New York.

A group of old-timers, having little else to do today, spent sometime talking about what used to be considered an "old-fashioned Christmas," which presupposes that there was always a foot or two of snow and ice of a thickness beyond anything necessary on lakes and rivers in this vicinity. Anyway, that was the line of conversation And it all led up to the inevitable statement of an oft-repeated falsity that "the seasons have changed." This day, however, was a strong argument in favor of the proposition that things are different, weatherwise, than in days of yore. This day was clear and cold, but there was not a speck of snow within many miles of Danielson. Plenty of ice, though not so heavy, added to the rather peculiar, but very delightful modern Christmas weather—and it was appreciated. The temperature was flown to 12 above this morning.

It is indicated that the volume of holiday business at the Danielson postoffice was the largest in its history. The mountains of Christmas mail had been dispersed at noon today, this day's deliveries having largely to do with getting late arriving matter to those for whom it was destined. Rural carriers went over their routes in this territory today, and city carriers worked until the noon hour. At the office mails were distributed, as on any other day, and despatched as usual. The postal force here is numbered among that great group who find the Christmas season arduous, and a period involving over-time and rush work. The service here has been excellent this year, the vast amount of matter handled notwithstanding, and Postmaster E. H. Keach and all of his associates in the service have the thanks of the thousands of people they serve for Uncle Sam.

At a Christmas party at their home, Mr. and Mrs. Arthur A. Gallup of 72 Broad street, announced the marriage of their daughter, Frances Irene Gallup and Richard DeWitt Grant in New York, on October 1 last. Mr. and Mrs. Grant are visiting in Danielson for the holiday.

A car that had been parked in the rear of the town hall building since last Saturday was the subject of a checkup by Chief McFarland this morning, on the possibility that it might be a stolen machine. The chief's investigation established that the car belongs to a Central Village man who has been employed here recently. The fact that a dashlight on the car was burning aided to make the circumstance of the car being left unattended and unmoved so long a bit suspicious.

This morning the funeral of Miss Medrise Durminie was held from her home off Dyer street, with a solemn high mass of requiem at St. James' church. Rev. Antheleme Mollard, M. S., Rev. James McCarthy and Rev. Alphonse Hebert were the officers of the mass. The bearers were Arthur Lasnier, Theodore Lasnier, Oliver Lasnier, Adelard Lasnier, Edgar Lasnier and Henry Gazette, all nephews. Martin T. Burns was the funeral director. Burial is to be in Holy Cross cemetery Tuesday.

Up to late this afternoon the record of no arrests through Sunday and today remained unbroken in Danielson. Neither had any accidents of importance been reported. As in many other respects, the holiday period was a particularly happy one in this way.

When the Christmas tree party is held at St. Alban's church Wednesday evening, the feast of the Holy Innocents, the children are to present an entertainment. There is to be a tree and distribution of gifts.

State Officer Holman Bell of the Danielson barracks was at Thompson today in connection with the prosecution of Jack Doucette of Hartford, who he arrested last night in Quinebaug for operating a motor vehicle while he was under the influence of an intoxicant. Doucette got into trouble when his machine smashed into another car driven by Rommilard Kokernack, of Webster. Doucette was fined $100 and costs by Justice Tourtellotte today, and will lose his operator's license for the period of a year.

Mrs. George Stott of Mystic is visiting with her parents, Chief and Mrs. John McFarland, of Riverview.

During the first week in January the Windham County Y. M. C. A. is to hold a skating carnival at Perry's pond in Putnam, a matter of interest to Danielson young people.

Christmas tree parties were held this afternoon at various churches in Danielson, and these events furnished delightful hours for the little people.

Theatrical attractions, skating and, this evening, basketball, furnished diversion today for hundreds finding themselves with free time for such interesting things.

The curtain department of Powdrell and Alexander here in Danielson remains in operation this week, though some departments of the plant are closed until Tuesday of next week.

Reports covering the year's activities will be given when the Ladies' Benevolent society of the Westfield Congregational church holds a meeting Wednesday afternoon.

On Saturday of this week—December 31—use of 1926 markers will be allowed on cars registered in Connecticut, and that also happens to be the last day on which use of the 1927 plates will be allowed.

With one holiday period closing this afternoon, there was discussion of plans for Watch Night services next Saturday, and of various other proposals, more largely concerned with giving the old year a hilarious send-off and a hectic welcome to the new.

Heavier ice was reported today on Quinebaug lake, where much of the year's supply used in Danielson is harvested each year, but it is far from heavy enough to cut as yet—and the borough's supply is nearing exhaustion.

The Wauregan company's big mill is among the number of cotton textile plants in this territory that remains closed this week, but will reopen on Tuesday, Jan. 3. The company's milk per also is to close at the end of the year to remain closed until April 1.

Miss Harriet Beecher of Simmons college is spending the holiday recess at her home in Brooklyn.

Henry E. Hill of the Connecticut Agricultural college is at his home in East Killingly for the Christmas holidays.

George C. Bouthillette of Woonsocket was a visitor with relatives in Danielson today.

Homes along Broad street have been made particularly attractive this Christmas season through the use of colored lights and Christmas greens, and, in some instances, the lighting of growing trees.

The Ladies' Prayer circle is to hold a meeting with Mrs. George I. Eaton of Riverview Tuesday afternoon of this week.

Killingly high school's basketball team is being pointed for the game to be played with the Alumni team in the gymnasium at the school on Monday evening of next week. The school team has a long schedule of games for January, February and March.

PUTNAM

COUNTY HOME CHILDREN CELEBRATE CHRISTMAS DAY

(Special to The Bulletin)

PUTNAM, Dec. 26.—A chicken dinner with celery, cranberry sauce, vegetables, fruit, nuts, candy and ice cream were given to the one hundred and nine children at the Windham County Children's home today for their Christmas dinner and there was an abundance of it. The ice cream was furnished through the kindness of The Springfield Ice Cream company and Frank Bowen, of Woodstock. There was enough ice cream for Sunday dinner as well as for the Christmas dinner.

On Saturday evening the tree exercises were held and every child received substantial presents as well as fruits, nuts and candy.

Among the many friends of the Home who helped to make the Christmas time a happy one for the children were Charles Bove, James F. Donohue, the girls of the Howe Marot school, Miss Warren's class of the Congregational Sunday school, the Putnam lodge of Elks, E. L. Darbie, Danielson schools and Camp Fire Girls, D. E. Smith, Mrs. Thompson, Catholic League of Women of Willimantic, Episcopal League of Women of Willimantic, Springfield Ice Cream company, Junior Camp Fire Girls of Webster, Senior Camp Fire Girls of Webster, Mrs. Weed of Thompson, Mr. Frank Bowen and many others.

At the Day Kimball hospital there were thirty-five patients and all who were able to eat it were given a turkey dinner with celery, cranberry sauce, vegetables, nuts, fruit, candy and ice cream.

There are five children at the hospital, three girls and two boys, ranging in ages from 5 to 8 years. Each of the girls received a new dress and toys and the little boys were remembered with toys. Among the adult patients the men received neckties, cigars, handkerchiefs and stockings, while the women received handkerchiefs, towels and wash cloths. All of which was made possible by the very generous donations of Mr. and Mrs. George F. Miles, Mrs. Ethel Goodridge, Pomfret school, Dr. Overlock, Mrs. W. B. Olmsted, Dr. B. P. Murphy, the City Fruit company, Charles Bove, the Woman's board, Dr. J. J. Russell, The ladies of the Baptist church and the members of Mrs. Duxbury's class at the Methodist church sent pretty dinner favors.

The Christmas day music of the Methodist church was given on Sunday but the tree for the children with appropriate exercises was given on Monday evening, beginning at seven o'clock. The program for the Sunday school entertainment was as follows: Organ prelude; hymn, "Joy to the World"; scripture reading and prayer by Rev. John E. Duxbury; anthem, "There Were Shepherds," Ashford choir; Welcome, Martha Shaw; "How Many Days," Richard Slye; song, "Away in a Manger," Beginners and Primaries; recitation, Patricia Shaw; "No room in the Inn," Barbara Fox; recitation, Phillis Bell; carol, "The First Noel"; recitation, Edith Evans; recitation, Edith James; recitation, Marylin Lowery; carol, "We Three Kings of Orient Are"; recitation, Mabel Evans; recitation, Charlotte King; "A Christmas Story," Betty Slye; song, beginners and primaries; responsive exercises, "The Christmas Story," Mrs. Saunders and the children; "The Dearest Gift," Florence Watson; solo, "Christmas Lullaby," Wilson, Miss Marion Wilcox; reading, Louise F. Battey; offering for benevolence; anthem, "Heaven's Own Song," Norris, choir; remarks by the pastor; hymn, "O Come All Ye Faithful"; benediction.

The children were given candy, fruits, nuts and presents.

A large fir tree on the lawn at the Day Kimball hospital has been ablaze for several nights with electric lights through the courtesy of W. E. Moss and the Putnam Electric Light and Power company. As the hospital is located on the Pomfret road, the lights can be seen from the greater part of the city. As the hospital wards were crowded, there were no Christmas trees inside the hospital this year. A bed in the ward where the children were, was moved away from near the large place, so Santa Claus could reach the little ones in the way in which he is supposed to make his advent. The five little folks whose ages range from two to seven were happy to find that he really came in the usual manner as their stockings indicated on Christmas morning.

Mr. and Mrs. Raymond Gilpatric and two sons, Ross and Randall, of New Britain, spent Christmas and the week-end with Mr. Gilpatric's mother, Mrs. Jessie H. Gilpatric, of Fremont street.

Mr. and Mrs. Kenneth Averill, of Springfield, Mass., spent the week-end Christmas with Mr. Averill's parents, Mr. and Mrs. Warren W. Averill, of Pleasant street.

Miss Sarah Averill, a teacher in the Worcester, Mass., schools, is spending he rvacation with her brother, W. W. Averill and Mrs. Averill.

Miss Ruth Perry, a sophomore at the Boston University, is spending her vacation with her parents, Dr. and Mrs. Edward E. Perry.

Miss Corinne Wilson, student at the New England Conservatory of Music at Boston, and Leon T. Wilson, Jr., of the Norwich University, are the holiday guests of their parents, Mr. and Mrs. Leon T. Wilson, Laurel street.

Miss Alice Andrews, of Worcester, spent the week-end and holiday with her parents, Mr. and Mrs. B. N. Andrews, of Farrow street.

The Rev. Frank H. Bigelow, with Miss Elizabeth Bigelow and Frank Bigelow, are on a vacation trip to New York City and Atlantic City.

Mrs. Helen Wiliey, of this city, house manager of Smith College, Northampton, Mass., spent Christmas with her sister, Mrs. W. H. Holmes and family, at Mt. Vernon, N. Y.

The name of Miss Alice Stevens as one of the soprano soloists in the cantata on Christmas evening at the Second Congregational church, was inadvertently omitted. Miss Stevens sang one of the principal solos and is possessed of a beautiful lyric soprano voice.

JEWETT CITY

SANTA CLAUS PAYS VISIT TO METHODIST FESTIVAL

(Special to The Bulletin)

JEWETT CITY, Dec. 26—A Christmas party was held at the Methodist church this evening when Santa Claus (Robert Robertson), distributed gifts from a tree. A social time with the playing of games followed.

Mrs. Anna Cummings of Brooklyn, Conn., is visiting her cousin, Miss M. A. Burdick.

Sunday evening, a group of singers from the churches sang Christmas carols at the community tree in Fanning park. No arrangements were made until after noon Sunday, so that not much publicity could be given. But the tree was so beautiful, and the night ideal, it was a sort of spontaneous appreciation of the Christmas time, and of the thoughtfulness of the borough officials in providing the tree for the pleasure of the community.

Mr. and Mrs. Edmond Jodoin and daughter Catherine went to Brooklyn, N. Y., for the Christmas holiday. Mrs. Jodoin and daughtor are to remain for a week.

Mr. and Mrs. Carl Holdredge of Ledyard spent with the family Mr. Nash yard spent Sunday with the family Christmas party at the Congregational parsonage.

The 300,000 class gained Toledo and found Seattle advancing to second place; Kansas City, Mo. 332,100, Seattle 375,300, Indianapolis 374,300, Rochester 324,500, Jersey City 321,500, Louisville 320,100 and Toledo 305,400.

There was no accession to the 200,000 class but Atlanta advanced four places and Dallas one place, while Columbus took first rank over Denver; Columbus 291,400, Denver 280,000, Providence 280,600, Oakland 267,300, Portland, Ore. not estimated (258,288 in 1920), St. Paul 250,100, Atlanta 249,000, Omaha 219,200, Birmingham 217,500, Akron, not estimated (208,435 in 1920, Dallas 211,600 and San Antonio 211,400.

Five cities found their way into the 100,000 class: Miami and Jacksonville, which are ranked well above the middle of the list, and Long Beach, Cal., Fort Wayne and Knoxville. A number of changes occurred in the relative rank of the 51 cities in this class. Syracuse advanced three places to the lead, Dayton and Norfolk went above memphis and Tulso jumped several numbers and now outranks Grand Rapids. Flint passed Nashville, Camden rose above Fall River, Yonkers went ahead of Kansas City, Kans., and San Diego and Duluth both passed Reading. El Paso advanced above Spokane and Canton, and Tampa jumped over Utica, Lynn and Tacoma.

The 100,000 class: Syracuse 197,000, Worcester 195,500, Richmond 191,800, New Haven 184,900, Dayton 180,700, Norfolk 179,20, Memphis 178,800, Youngstown 169,400, Hartford 168,300, Fort Worth 163,600, Grand Rapids 161,900, Tulsa 150,000, Des Moines 148,900, Springfield, Mass. 147,400, Bridgeport, not estimated, (143,555 in 1920), Scranton 143,900, Houston, not estimated (138,276 in 1920), Paterson 143,800, Flint 142,700, Miami 140,000, Jacksonville 138,900, Nashville 137,800, Trenton 136,700, Sal lake City 135,700, Camden 133,100, Fall River 132,600, Wilmington, Del. 126,400, Cambridge 123,900, New Bedford, not estimated (119,589 in 1925 state census), Albany 119,500, Yonkers 118,800, Kansas City, Kans. 117,500, Erie, not estimated (93,372 in 1920), San Diego 115,300, Duluth 114,700, Reading 114,500, El Paso 113,500, Canton 113,300, Lowell, not estimated (110,296 in 1925 state census), Spokane 109,000, Elizabeth, not estimated (95,783 in 1920), Tampa 107,900, Tacoma 107,300, Lynn 104,900, Oklahoma City, not estimated (91,295 in 1920), Waterbury, not estimated (91,715 in 1920), Long Beach 104,200, Utica 100,400, Fort Wayne 103,100, Knoxville 102,100 and Somerville, Mass, 101,600.

I., not estimated, (27,575 in 1925 state census); Pensacola, Fla., not estimated (25,805 in 1925 state census).

No estimates were made for four cities because the population decreased in the ten years prior to 1920, for nine cities because their population decreased between 1920 and the 1925 state enumeration, and for ten cities because there was reason to believe that owing to exceptional conditions of growth the estimate obtained by applying the average annual growth would be far from correct.

SIX NEW PIERS FOR THE SUBMARINE BASE

With the signing by President Coolidge of the bill appropriating $150,000 for replacement of six or seven of the 11 piers at the Submarine Base, the public works department at the Submarine Base is perfecting plans and specifications for replacing the piers and is expecting to complete the work soon, following which the specifications and recommendations will be forwarded to Washington where final action will be taken in submitting the specifications to contractors. Every expedience will be made that the work may be started early next year.

The project comprises the complete renewal of six or seven of the old piers, which are so old and defective that it is unsafe to allow trucks to go over them. Bids made will determine if the funds available will cover the cost of six or seven piers.

It was originally planned to replace all of the 11 piers at the base but the appropriation was cut from $300,000 to $150,000 making this impossible. As the larger piers are in better condition than those utilized mostly for submarines the smaller piers will be replaced first.

Except for some minor changes in dimensions and possibly slight alteration in location, and the provision for more pier equipment, the new wharves will be about the same as the old ones.

HEAD-ON COLLISION SMASHES UP BOTH CARS

(Special to The Bulletin)

WESTERLY, R. I., Dec. 26—In a head-on collision tonight about 9:15 a Ford coupe owned and driven by John I. Aito, of the Road district, Stonington, was struck when at the junction of South and West Broad street, Pawcatuck and knocked off the road, on its side, in front of the Crandall Auto company station. Thed rivet, his wife and child escaped uninjured. The car was proceeding up West Broad street, when struck by the Buick touring car driven by Adolf Siller, of 19 Spring street, Westerly, which was going down Hinckley Hill. Both cars were so badly damaged that wreckers towed them away. Officer Adin R. Shelden, investigating, made no arrests, when the drivers agreed to settle their damages.

WHAT DOES YOUR MIRROR SHOW?

A yellow, blotchy, pimply skin? You also have a dull, tired worn-out feeling? No wonder. Your system is clogged with intestinal poisonous waste. Remove it at once with Schenck's Mandrake Pills. Take them tonight as we tell you and the sallowness and pimples will start to disappear and oh how much brighter the world will look to you.

Schenck's Mandrake Pills are purely vegetable. Thousands of families for three generations have found nothing better than Schenck's Mandrake Pills for cleansing the system of poisons that cause skin trouble.

SEMINARY IN QUEBEC DESTROYED BY FIRE

QUEBEC, Que., Dec. 26.—(AP)—For the third time in a month a religious institution in Quebec was destroyed by fire, when flames early today consumed the summer retreat of the Maizerets seminary.

Joseph Pageau, the caretaker, the seven members of his family, and a staff of servants escaped in their night clothes.

The building destroyed today was built in 1776, following the destruction of the original building on the site held by Montgomery's troops a year earlier.

MONOPLANE TO START ON ENDURANCE FLIGHT TODAY

ROOSEVELT FIELD, N. Y., Dec. 26.—(AP)—Bert Acosta and Emile Burgin announced today adjustments to their Fokker monoplane had been completed and they would take off tomorrow to attempt to bring the flight endurance record for airplanes back to America.

Burgin took the plane up today in a load and motor test. He said the ship had performed satisfactorily.

Will Entertain S. S. Club

Mrs. Vera Sterry is to entertain the S. S. club this (Tuesday) evening at her home at No. 10 Summer street. A Christmas tree and social hour will follow. Last week the club met with Mrs. Annabelle Enback on High St. The evening was spent with sewing. The hostess served coffee, cookies and sandwiches.

PICKING MONTAUK POINT

Much interest has been manifested in this part of Connecticut over the possibility that a new transatlantic steamship line, operating ships from one terminal to the other in four days, would select New London as its terminal in this country. Such a utilization of New London harbor with its effect upon that city and surrounding towns has been carefully appraised and regarded as highly desirable. If such a development is possible New London had a right to seek and work for it.

Those backing the project have been giving consideration to all available harbors in New England and at Montauk point. From such facts as have been brought out in a hearing in New York by the district engineer of the war department, the promoters of the new line are favorably disposed to the advantages which are offered at Montauk point, where it is desired to erect piers and where certain additional responsibilities would have to be assumed by the government in connection with the maintenance of navigation safeguards.

This indicates the preference of the steamship company but it is to be remembered that there has been much talk in years gone by about much the same kind of development that is now indicated and there is not as yet a steamship line with a terminal at the end of Long Island. Perhaps the present effort will come to nought. Because the idea is revived at this time does not necessarily assure its fruition and yet in these days when so much speed is demanded there was never a better time for providing such service.

To many a four day service, with the rates that would have to be charged for transportation, seems like taking a big chance especially in view of the high cost of operation. That is a matter for the company to carefully consider, as it undoubtedly has, but something more definite than a government inquiry into the plans of such a line will be needed before there will be a feeling of certainty that such a line is actually going to be established at this time. The eastern end of Long Island has been advocated before for such a purpose but it is still in the market.

BRIAND'S PLAN AND ARBITRATION

Among matters which have awakened much comment within recent months is the proposal which has been put forth by Foreign Minister Briand of France by which he would conclude a treaty between the United States and France under which these two countries would refrain from war between themselves. There are many who have given endorsement to the idea from the time it was mentioned, regarding it as a move in behalf of international peace which deserved the utmost support. It is right in line with those efforts which have for their object the outlawing of war everywhere with this as a test step.

At the same time that thought is being put upon the Briand plan and advocates of it are giving it backing, it is realized that the arbitrary treaty between the United States and France runs out within a short time. The renewal of such an instrument is of course desirable if it was worth having in the first place it is worth continuing. The arguments for the arbitration of disputes arising between the two countries are just as strong as ever.

With the Briand proposition getting attention and the treaty renewal under consideration it was inevitable that they should be discussed together. They are both headed in the same direction but it doesn't appear that they are both looked upon with the same degree of favor. In all probability the treaty renewal can be accomplished with much greater ease than the other. To the Briand plan there has been opposition from the presentation. Whether this can be overcome by the modification of the senate resolution dealing with it is a question which is now being considered by the state department and the foreign relations committee of the United States senate. If there could be a combination of the two, whereby the Briand proposal in some form could be worked into the treaty, two birds might be killed with one stone when there is likelihood of only one killing if they are taken up separately.

THE METRIC SYSTEM

Demands are constantly being made for changes. First it is one thing and then it is another and if first efforts do not succeed there is enough interest among the backers to keep everlastingly after it.

It is an old story that there are many who are firm in their belief that it would be to the advantage of the people in this country if the metric system of weights and measures were adopted here. There is an organization which has for its purpose the promotion of this proposition. It has been at work for years and though it is busy at all times in support of its ambition it is always active during a session of congress in support of a measure that would establish the metric system of weights and measures in this country.

Regardless of the efforts which have been put forth, regardless of the arguments that have been advanced, regardless of the freedom from complications in the metric system, it has made slight progress. We see no one employing it as a demonstration of their conviction that it ought to be adopted. Simplified spelling has not been generally adopted but there are those who believe in it and use it, by rule and otherwise. Such cannot be said of the metric system. We stick to our weights and our measures. We know there are complications in all of them that tax our memories at times but we have not shown a disposition to give them up for something else. We oppose any change because we are familiar with what we have; it has come down through the various generations and we are not inclined to encourage an upheaval and substitute something strange and foreign.

This may not always be so. At the present time there is no indication of a general public demand for something new and different. What may come about through educational efforts in behalf of the metric system no one can tell. But those who are laboring in behalf of it must fully understand the prejudice that exists in behalf of the long established and the reluctance to throw off the old for the new. Most people can imagine the muddle that would be created by putting such a change into effect.

HICKMAN AND PROBATION

The probation system isn't helped by such cases as that in which young Hickman has become involved. It is probably true that the Los Angeles affair would not have occurred if he had been sentenced to jail instead of being put on probation on a forgery charge, and it directs attention once more to the number who abuse such a law and in doing so subject the law-abiding public to gross injustices.

When Hickman was under arrest for forgery he told the court that he was only 18 years of age. As a matter of fact he was 19, but he knew that if he could mislead the court he would be sentenced under the juvenile law and could expect to get the benefit of that chance which is very frequently given. His story was against his police record, but the record was overlooked and his false tale believed and he was put on probation as a juvenile offender.

With such leniency being shown to a young man who has gotten himself so badly mixed up in that horrible crime in California, the operation of the probationary law seems to have given him the impression that the law was something which could be easily evaded, that courts could be played with and that crime was the easiest way in which to obtain desired funds. Probation played its part in leading Hickman further into criminal acts.

Probation has done much for many individuals, those who have been taught the error of their ways and reformed. It has also liberated many a confirmed criminal to prey upon the public, when they should have been put where they might reflect upon the results of their bad judgment in resorting to crime for a living.

WINTER DRIVING

How much automobiles are used during the winter depends upon the character of the weather. If it is an open winter autos are in constant use. If it is a winter of snow and ice the number of machines on the streets will be much less and yet the extensive operations in snow removal eliminate most of the restrictions in that direction a day or two after a storm.

Even as modern roads are constructed in response to the demands of the motor vehicle so are these same roads being cleared of snow during the winter season from one end of the state to the other. Highways are in constant use throughout the year and winter driving is in fact encouraged by the manner in which the snow is cleared away in the winter time quite the same as it is invited during the summer by the building and maintenance of hard surfaced highways.

Winter driving has those dangers which do not prevail during the rest of the year. There is a disposition on the part of many to refrain from putting on their chains when snow and ice indicate the need of them. Procrastination and the hope of escaping the work involved lead many to take a chance which leaves them helpless in the handling of their machines when they unexpectedly come upon icy places or encounter difficulties making grades in both directions.

Preparations for winter are made in many ways but the clearing of the highways does not overcome the hazard in negotiating icy places. Winter thus imposes added cares for the drivers of motor vehicles and if they are heeded less accidents will happen.

EDITORIAL NOTES

Did your stocking hold full and did everything fit?

From now on it will be the exchanges that will keep the clerks in the stores busy.

The man on the corner says: After two days with the mechanical toys dad will reluctantly return to regular duties.

Some people like to ring in false fire alarms to see the department respond. It resulted in the death of a fireman at Newton, Mass., this week.

Is Los Angeles planning a big public reception, with banquet, flowers and plenty of sob sisters on the return of Hickman to that city?

The conviction and sentence of that co-ed bandit to 14 years in a Texas prison shows that some crime is taken seriously in the Lone Star state.

Only a few days left to get those new resolutions completed. Of course you'll be serious about them and conscientiously carry on through the year.

Whether as driver or pedestrian, give heed to the estimate that autos will kill 23,000 and injure 700,000 during 1928. You can help reduce that number by being careful.

WASHINGTON AFFAIRS

(Special to The Bulletin.)

WASHINGTON, Dec. 24.—To prevent future delay or difficulty in securing federal aid to stricken sections of the country, in case of great emergency a bill will soon be introduced in congress by Representative Curry of California, carrying an authorization of 50 million dollars under which a president of the United States could draw from that sum in rendering immediate aid to stricken districts. Mr. Curry is dean of the California delegation, he is ranking member on the house committee on flood control. Moreover he is one of the most respected and influential men in congress, so unless factional or sectional splits occur, the measure has a good chance of passing the house. The bill will cover damage by floods, fire, earthquakes, famine, epidemics and other great disasters of sufficient magnitude to require national aid. "Such aid as we are ever ready to give foreign countries under similar circumstances" Mr Curry explains. "When congress is in session such financial aid could be quickly arranged under special rule, but when congress is in recess, only such an emergency fund would make federal aid immediately possible, unless a diversion of funds is made by a very broad interpretation of certain appropriations, such as was done in the Mississippi flood emergency. That is not a safe or certain method, and I believe the method I suggest is a wise one. The president would not have that 50 million dollars in the form of an appropriation lying idle, but would be authorized to call for whatever amount might be necessary to relieve the stricken districts in case of great disaster. Mississippi and Vermont are examples, and I believe the United States should be always in a position to save its own people in time of great distress and danger without waiting specific congressional action, if an emergency exists."

There are 2800 positions in the federal prohibition service, and the civil service commission has already received 19,000 applications for those places. It is expected about 5000 applicants will qualify as eligible, and that the expense to the government for investigation of 2500 successful applicants will be about $100 each, or a total of $250,000. First comes a written test, then an oral examination, then a character test, all of which tests must be made by examiners who are paid from $2000 to $2400 a year. Prohibition officials are found to be frequently changed from one place to another and that necessitates more extended investigation. One example is here given: An applicant filed his papers as a resident of Quincy, Mass., but in making the investigation it was found necessary to deal with Washington, Spokane, Milwaukee, Chicago, Grand Rapids and Boston. Of course that is an extreme case, but shows what may happen when the investigators start out to trail an applicant.

Saloon keepers of the old days are not barred as prohibition agents. This brought out a lively and amusing discussion during a session of the house committee on appropriations, of which Wason of New Hampshire is a member. Commissioner Wales doubted if such an applicant should have credit marks for "experience" in the tests. Whereupon Wason of New Hampshire, who owns a stock farm, remarked with a chuckle, "then, if you wanted a man to train horses you would pick up somebody with an academic education?" To which query Wales is said to have solemnly replied, "I do not think so."

Connecticut and Massachusetts and Maine are the only New England states which have general laws providing for the retirement of pension of state employees, and all such legislation is of recent date, the bureau of labor statistics announced this week. The bureau makes a distinction between general public service retirement systems and legislation in the interest of special groupes, such as teachers, judges, and war veterans.

Massachusetts led the way in 1911 and Connecticut was the next to follow, passing its law in 1919. The Massachusetts law covers all emloyed "in the direct service of the commonwealth or in the service of the metropolitan district commission, whose sole or principal employment is in such service. The Connecticut law provides pensions for persons in the state service who meet certain requirements as to age and length of service. The systems of those two states and Maine's laws are different from the others. The three remaining states that have such pensions are New York, New Jersey and Pennsylvania, all with varying requirements and restrictions.

The senatorial investigation committees are adjourned until after the holiday recess, then the "milling" will begin.

It was the irony of fate that made Senator Tom Heflin the target for poisoned arrows, and not the archer drawing the bow, during the Mexican alleged bribery hearing. Those on the side lines had many a laugh over Senator Heflin's discomfiture, for no man in the senate is so ready to accuse others as is that Alabama senator, when things do not go to his liking. Mr. Heflin is the most "prolific speech maker in the senate," and as he has been known to talk for hours, after rising and saying "I shall take but a few moments," etc., the galleries are now prepared for long sessions, as Mr. Heflin, although entirely vindicated by the committee, has announced he "will speak at considerable length" on the Mexican accusations.

Practically all the Connecticut delegation have gone home for the holidays, or if not home, are away on some congressional service, as is the case with Representative Freeman, who has left for a fortnight's trip to Florida with other members of the rivers and harbors committee, to look over the needs of certain sections where federal aid has been asked. Mrs. Freeman accompanied her husband on the trip.

WINNERS LOSE

They got up from the luncheon table and when they had emerged from the restaurant Jerry turned to go with his wife rather than in the direction of his office.

"I'm shopping with you," he informed her. "We're going to buy you that sport dress you saw this morning and liked so much!"

"You're not—and we're not!" Caroline flashed at him, stopping short. "That money is to be used for your new golf suit!"

"You don't say!" Jerry drawled, pulling her along. "I guess I'm not going to have you look shabby among the other girls when you go out!"

"They'll put you off the golf course if you appear again in that ragged old thing you wear!" Caroline insisted, walking on because she could not help herself. Jerry's grasp was strong. "My goodness, I was just talking — why on earth did I mention that dress? Honest, I don't need it, Jerry! Let me go!"

"I'm afraid you'll duck if I do," Jerry confessed. "I'll say you need it! At Meadows', wasn't it?"

"You'll never learn from me!" she retorted, pulling away in vain.

"Gold suits," said Jerry with elaborate kindness, "are among the many things that George Washington and King Lear and Socrates grew to fame without, my child! George never set eyes on even the top button of a golf suit and look what happened to him! Your size is 38, isn't it?"

"Listen!" Caroline hissed fiercely in his direction. "Nothing you can say or do, Jerry Palmer, is going to make me get that dress! I—I'll do something dreadful to keep you from being so silly! I'm bound you're going to buy the suit you need and—"

Jerry led her over the State street crossing, enjoying her defiance extremely. Moreover, there was a warm spot in his heart over her anxiety that whatever was bought should be for him.

"For the last time!" Caroline begged with a hint of tears. "Will you let go my arm?"

"No, dearie," purred Jerry in her ear. "You come along with papa!"

The glance of the blue-coated guardian of the law at the crossing was turned for an instant in their direction—and then it happened!

"Officer," Caroline quavered, answering that speculative look, "th-this man is annoying me!"

"I thawt so!" retorted the policeman with great satisfaction, clasping Jerry's arm to his chest. "Yeh don't know him?" Caroline's face was a blank mask of stony ignorance.

"I never," she sai calmly, "laid eyes on him in all my life!" and walked on triumphantly.

Finishing her shopping with some excitement and considerable glee she hurried home, planning an especially good dinner to soothe any irritation Jerry might have felt over his defeat. Of course, she assured herself, he would have no difficulty in proving to the officer who he was and that it was merely a joke, a very funny one, in fact. Nobody could talk to Jerry two minutes and not realize that he was a gentleman. But he had to be taught that not always was he to get his own way and enjoy all the self-sacrificing in the family!

The steak grew cold, the shortcake dried up, the rest of the world went out to the evening movies and still Jerry did not come. Cold apprehension gripped Caroline. They couldn't—it wasn't possible—she fell bodily upon the telephone and when she hung up the receiver her face was white. Jerry Palmer was locked in jail under his own name—and he distinctly didn't wish to talk with his wife over the phone!

No doubt, Caroline told herself miserably as she got into her coat, he would never, never forgive her for her asinine trick. It was all over—their fun, their spats, their kisses and their individual efforts to put the other first. Tears spattered on her new handbag unheeded and the taxi driver who took her order to drive to central police station wondered cynically what her particular trouble could be! The prettier they were the keener their woes, he observed.

Caroline was a good talker. Pinning the desk sergeant with a mere glance she talked Jerry out of his cell and into her presence. Unmindful of curious glances they stared at one another warily, Caroline in nervous uncertainty, Jerry with uncatalogued emotions in his gray eyes. All the rest of his life he knew he was to walk gingerly, uncertain of his wife's next move—but that knowledge was not to be here!

"Jerry!" Caroline collapsed at last into his willing arms. "I—I'm so sorry! I'll never, never win in one of our fights again—darling—never!"

"You're dead right you won't!" Jerry informed her, dissolving into masculine superiority. "And pardon me for mentioning it, but you didn't win this time! Hey, sergeant, just give me that dress-box from Meadows' that I telephoned for after you put me in jail."—Exchange.

YOUR HEALTH

FOOD IDIOSYNCRASIES.

By E. Bosworth McCready, M. D., Pittsburgh, Member Gorgas Memorial

There are some fortunate persons who pride themselves upon the fact that they can eat anything and that everything agrees with them. Others have found through unpleasant experiences that they not only have an actual distaste for certain articles of food, but that some food actually makes them sick. For the most part the latter class has been looked upon as somewhat queer and notional, with ills more imaginary than real. Children especially have been the sufferers from this attitude and many a storm has centered about the family dinner table, the stern parents insisting that a certain portion be eaten even in the face of evident nausea or even more violent incompatibility. Frequently the distaste for certain articles of food has an entirely emotional basis; the color may not appeal the shape resembles some object connected with unpleasant memories, it may have previously been eaten when the individual's sense of taste was perverted through illness, it may have one time been eaten to excess with unpleasant immediate consequences; there are any number such possible causes. But on the other hand, as has been definitely shown by medical science in the last few years, the food actually may disagree with the person in question, and this in the absence of any existing functional or organic derangement of the intestinal tract. It has been found that many persons are what is called hypersensitive to one or more of a host of substances which may be introduced into the system through indigestion, inhalation, or through the skin by means of a hypodermic needle or a cut or scratch.

Thus it is well recognized that hay-fever and asthma in insusceptible individuals follow the inhalation of the pollen of plants and grasses to which they may be hypersensitive. Some forms of headache, hives, nausea and vomiting, digestive disturbances, swellings, joint pains, certain skin diseases, even convulsions, and many obscure and ill-defined conditions of ill health have been found to be due sometimes to the extreme sensitiveness of the individual to certain substances with which he comes in contact. Very often these happen to be foods which are in common use. The old saying to the effect that one man's meat is another man's poison is a statement of scientific fact.

It is possible for a physician to determine with a considerable degree of accuracy just what substance or substances are the offenders and, when the prevention of further contact is impracticable, to immunize the patient, wholly or at least partially, so that future contacts will be without ill effect. So far, possibly, the best results have been gained in hay-fever but, as experience and knowledge accumulate, it is probable that many other conditions of ill-health will succumb to intensive study and treatment along this line.

One lesson of utmost value that has already been learned is that new foods must be introduced into the diet of infants and young children with extreme caution. Some babies are even hypersensitive to their own mother's milk and react in a way that constitutes a serious danger not only to growth and development but perhaps to life itself. With others it may be cow's milk or commonly used foods, as oatmeal or wheat flour. Convulsions which are attributed to teething may be due, instead, to the beginning use of new foods, for both commonly occur at about the same time.

STOP. GO. STOP.

A play in three acts.

By CHL.

Characters.

Mamma—A fat woman.
Willie—A thin little boy with large eyes.
Time—The present.
Place—Ballyville.

Act One.

(Scene: A living room with table and couch. The table stands in center of room and on it a bowl of apples. Door at rear of room and door to kitchen no side opposite couch. Willie is seen near table reaching for apple. Mamma is entering from kitchen.)

Mamma: Willie! (Willie, astonished turns to her.) Whenever you want an apple after this I want you to ask me if you may have one.

Willie: But Mamma, I never did before.

Mamma: Never mind. From now on, you must ask.

Willie: Why?

Mamma: Because I say so. And mind you, if I catch you taking an apple without permission you will be locked in that dark closet.

Willie: Yes, Mamma.

(Curtain)

Act Two.

Early afternoon. Mamma is seen sleeping on couch.

Willie: (Running in through rear door). Mamma, may I have 'n apple? (Stops and stares at Mamma, who sleeps on.)

Willie: MAMMA! MAY I HAVE AN APPLE?

(Willie stares down at the sleeping woman, thinks hard, looks over at apples and back to the sleeping woman. Thinks again, does a caper and runs out through kitchen door, returning at once with an alarm clock. This he winds and sets on table. Alarm goes off. Mamma pulls blanket up around fat chin.)

Willie: Mamma, may I have 'n apple? (He gets no reply, looks determined, runs out through kitchen door, returns with big tin dishpan. He winds clock, sets it into pan and places pan beside couch on the floor. Alarm goes off. He stands back to watch effect. No effect. Mamma turns over, face to wall. Willie now with one single thought in mind, that of waking Mamma, winds alarm again, sets clock into pan and holds the pan over her head. Alarm goes off. Mamma wakes.)

Willie: (Shouting) May I have 'n apple? May I have an APPLE?

Mamma: Can't you take an apple without spoiling my nap? Go away. (She settles down for another nap. Willie stares and stares.)

(Curtain)

Act Three.

(Late afternoon. Scene, the same.) (Willie comes running in through rear door, grabs an apple, bites into it with relish, and is about to leave the room when Mamma comes in through kitchen door. She stops, arms akimbo, and looks stern.)

Mamma: Willie!

Willie: Yes, Mamma.

Mamma: What did I tell you? (Willie squirms.) Come here. (Willie advances. She seizes him by coat collar. You will remember what I tell you after this. Into the closet you go! (Willie gazes at her in speechless bewilderment.)

IN THE PUBLIC EYE

James McNeill, who is to succeed Timothy Healy as Governor-General of the Irish Free State, is now the Irish Free State High Commissioner to London. Mr. McNeill, after a public school education in Ireland, went to Emmanuel College, Cambridge, then obtained a post in the Indian Civil Service. He was a great success as an administrator, but always shunned the limelight. Retiring on a pension 12 years ago he returned to Dublin and became chairman of the Dublin County Council. A brother, John McNeill, later Free State Minister of Education and boundary commissioner, induced him to participate in the legal side of the Sinn Fein movement and in helping to frame the Constitution. Later he went to London as a representative of the Free State and in this position he has displayed great tact and efficiency.

Today's Birthdays

Major General Peyton C. March, U. S. A., retired, who was chief of staff during the World war, born at Easton, Pa., 68 years ago today.

Sir Henry Hadow, vice chancellor of Sheffield University and a leader in the movement for education by radio, born 68 years ago today.

Dr. John A. Marquis, former moderator of the Presbyterian General Assembly, born in Washington county, Pa., 66 years ago today.

Roy Eastman and Oscar Bullard, of Lewiston, Idaho, both six years of age, had the key-collecting mania and decided that automobile keys are as good as any and much easier to obtain. They collected ninety-nine keys from parked automobiles within two hours, before police, driven on by frantic motorists, discovered them. Sixty of the keys were returned to their owners.

IN THE DAYS NEWS

Iraq.

Should Iraq become a member of the league of nations, as discussed by King Feisal in London, "the oldest country in the world will become the newest member of the league," says a bulletin from the Washington, D. C., headquarters of the National Geographic society.

"Iraq is a modern name for the traditional Garden of Eden, historically known as Mesopotamia. Many historians hold that somewhere in the valley of the Tigris and Euphrates rivers is to be found the cradle of civilization.

"Upon the breaking up of the Turkish empire following the World war, Mesopotamia became a British mandate, which was erected into the Arab Kingdom of Iraq with a Mohammedan prince from Mecca upon the throne. Such is the latest form assumed by the phoenix among nations. In the last six thousand years Babylonian, Assyrian, Chaldean, Persian, Greek, Roman and Saracen civilization have flourished in Mesopotamia, each rising from the ashes of its predecessor.

"The great irrigation works which, throughout the centuries, had kept the Tigris-Euphrates valley green, rich and flourishing were destroyed by invading Mongols and allowed to decay by heedless Turks. The Garden of Eden became a treeless desert, except for a few date palms along the river banks. Cities like Bagdad and Basra fell into decay and seemed fast approaching the fate which had overtaken Ur and Babylon, where jackals howl above a lonely waste.

Then followed a rebirth during the throes of the great war. Once more boats crowded the swift and treacherous reaches of the Tigris. Once more the bazaars of Bagdad and Basra and Mosul hummed with world traffic. Marauding desert robber tribes were kept in perpetual peace by airplanes humming over their remote villages. Sanitary regulations and electric lighting made town and country both more safe and more healthful. Ice factories and soda water establishments helped alleviate summer days of 120 degrees in the shade. Levees were built to keep the flooding rivers within their banks and slowly bit by bit work was begun on repairing irrigation works and building railroads. Thus was modern Iraq born.

"The new kingdom under British mandate embraces the valley of the Tigris-Euphrates between the Arabian desert on one side and the Persian uplands on the other. To the northwest lies the French mandate of Syria and to the north the Kurdish highlands of Turkey. Southward stretches the Persian gulf, the country's salt water outlet to the wide world. Within this strip of territory are barely three million people where once flourished a population denser than that of modern Belgium.

Arabs Adopt City Life.

"There are three principal cities: Mosul, of oil fame, is in the north; Bagdad, the capital in the central part; and the important Port of Basra in the south. The latter is situated on the Shatt-el-Arab, a river formed by the union of the Tigris and Euphrates. Smaller centers of importance, such as Kut and Amara, follow each other at intervals the entire length of the valley. Most of the inhabitants are Mohammendan Arabs, though in the cities are many Jews, while in the mountains north are settlements of Nestorian Christians dating from very early times.

"City Arabs have taken readily to the ways of civilization and seem glad for the chance to work in ice and cotton cloth factories, and upon engineering and public works. Much agricultural land has been reclaimed, the date palm, of which more than sixty varieties are known, being the chief product. Wheat, barley and rice are also grown, and experiments with cotton are being made. Flowers, pumpkins and vegetables are planted in the date orchards where the palms protect tender leaves below from the scorching summer sun. These spots are still chiefly confined to the region of the river banks. The rest of the lower valley is swamp or treeless plain.

"At some distance from the settled districts roving bands of Arabs herd camels and sheep wherever they can find a little grass for grazing. When forage gives out in one spot they fold their brown tents and deaprt quickly and silently for fresher regions.

Land of Noah and Ali Baba.

"In the spring months when snows are melting on near-by mountain ranges the Tigris and Eliphrates become swollen torrents and often overflow their banks and inundate the surrounding country, just as they did in the days of Noah. The new regime is taking active steps in flood prevention by strengthening river banks in low places and damming up the flow at headwaters. There has been no serious flood since 1919 when the Tigris rose to within a foot of the level of Bagdad and the lower valley became one vast lake wherein man and beast vainly sought for safety.

"Mesopotamia teems with other reminders of Bible stories. From the city of Ur Abraham set forth for the land of Canaan. Near Babylon are the traditional ruins of the Tower of Babel and the great palace of Nebuchadnezzar. Besides the Tigris is the domed tomb of the Prophet Ezra. Up country is pointed out the firey furnace into which the Hebrew children were cast. Whether authentic or traditional, these spots carry the traveler's imagination into a remote past.

"In addition to Bible history Mesopotamia teems with legends of Arabian Nights of later days. Bagdad the magnificent was the home of Ali Baba and the Forty Thieves with all their romantic associates. Though they lived in story only these characters have cast a lasting spell upon the city's domes and minarets. History and romance have mellowed the capital of modern Iraq, now returnished for action a sort of Father Time is khaki."

POETRY

The Day After Christmas

On the day after Christmas we see everywhere
The utmost confusion, but none in despair!
The stockings that hung by the chimney before,
Are empty, and scattered all over the floor!
The children, enchanted with so much ado,
Have fired all the queries they thought of at you;
And father and mother exhausted with care
Are busy restoring the order once there!
No chance for a nap, the youngsters are busy,
And, oh, how their noises make older folks dizzy!
The drums they are beating, the whistles they blow,
The "choo-choo" of engines, and toys made to go!
Airplanes and pieces of all sizes and sorts,
With skates, skis, and snowshoes for winter-time sports!
The tree in the corner that sparkled and shone,
Is stripped of its beauty and stands sad and lone!
The reindeers that came in the dead of the night
With sleigh loads of goodies all kept out of sight;
And Santa Claus, too, so jolly and gay,
Had scarcely arrived 'are they whisked him away!
And brothers and sisters and uncles and aunts
Who furnished his whiskers and laughed at his pants,
Have bade him farewell, but he yelled with delight,
"Hug the children for me, and bid them 'Good-night!'"
And reindeers and Santa; My! How they did go,
As swift as the lightning they sped on the snow!
But he turned and he shouted as loud as he could,
"Please tell all the children for me, to be good!
And write me about them and tell all they do
All the rest of the year! Tell me honest and true!
And send me the list of all good girls and boys
To whom I will bring big bundles of toys!"
He shouted again: "Tell fathers and mothers,
And uncles and aunties, and sisters and brothers,
To tell all the children to write me, and then,
When Christmas time comes I'm coming again!"
'Twas the day after Christmas, what clutter was there!
But the song of the angels still rang in the air!
Though purses are empty, what pleasures remain
Enshrined in the heart, that no bank could contain!
Great changes will come as the years speed away!
The Christmasses go, but memories stay!
Recall after Christmas The Star, and The King,
The joy of the children, and the song angels sing!
—By Rev. William Wood.

Si Jeunesse Savait!

When the veil from the eyes is lifted
The seer's head is gray;
When the sailor to shore has drifted
The sirens are far away.
Why must the clearer vision,
The wisdom of life's late hour,
Come, as in fate's derision,
When the hand has lost its power?
Is there a rarer being,
Is there a fairer sphere
Where the strong are not unseeing,
And the harvests are not sere;
Where, ere the season's dwindle,
They yield their due return?
Where the lamps of knowledge kindle
While the flames of youth still burn?
O, for the young man's chances!
O, for the old man's will!
Those flee while this advances,
And the strong years cheat us still.

Two fashionable dressed women walked into an Augusta (Me.) fire station carrying a well-fed cat. Informing the firemen that the cat evidently had been lost by some one in the city, they left the cat. The next morning they appeared to claim the cat. It developed that they had desired to register at one of Augusta's hotels wher the cat was taboo and that they had implicit confidence in the kindness and gullibility of Augusta's firefighters.

Organized physical culture is making rapid strides in Soviety Russia, the membership having increased in the last year from 2,700,000 to a present enrollment of 8,660,000 persons. The membership is about evenly divided between men and women, while students comprise more than half the total enrollment. Workmen with 22 per cent. of the total membership, and office employes comprising 18 per cent. are the other most important classifications.

Out-of-town theatrical artists in Paris have hit upon a new method of bringing in the few honest sous that they require to sustain life. They have decided to revive a few of the old "thrillers" of decades ago and give them on an improvised stage in one of the public squares. The audience will give what it thinks the show it worth—by the tin cup method. Three or four melodramas will be given during the winter and if the plan is successful it will be adopted regularly for the spring and summer months.

COLUMBIAN COMMANDERY NO. 4, K. T., HOLDS CHRISTMAS OBSERVANCE

The annual Christmas observance of Columbian Commandery, No. 4, Knights Templar, was held Monday at 12 o'clock noon at the Masonic Temple, Broadway, in conjunction with similar observances conducted by Knights Templar commanderies under the Grand Encampment of Knights Templar of the United States of America. Unusual interest was manifested in the pleasant occasion as evidenced by the good sized attendance, which was larger than on previous years.

The memorial programme included several selections by the Masonic quartette, comprising James Jackson, Lyle H. Fillmore, Arthur Blackledge and William A. Lund. Sir Knight J. Frank Corey presided at the organ. An inspiring and interesting Christmas message was delivered by Sir Knight E. C. Dunbar. Toasts were given to Mt. Eminent Grand Master George W. Vallery, Rt. Eminent Grand Commander James P. Mustard followed by toasts to the various commanderies in the state. Greetings were also extended to Narragansett Commandery, No. 37, of Westerly.

Sentiment to Grand Master George W. Vallery, prepared by the committee on Christmas observance of the grand encampment of Knights Templar of the United States of America with office in Hamilton, Ohio, and the grand master's response were read as follows:

To George W. Vallery, most eminent master: Emerging from the deep shadows of anxiety and real distress caused by your recent serious illness, the Templar hosts under obedience of the grand encampment are again approaching yuletide with hearts filled with joy by the announcement of your recovery.

He, under whose banner we are enlisted, was himself a healer of the sick, and it is not too much to believe that your unbounded faith in Him had its reward in the help it gave you to help those who were helping you. May God grant you full restoration to your former health and vigor.

It may encourage you to know that Templary is marching onward with the cross of Christ upon its banners, and its feet keeping step with the music of the hour; and while its volunteers may not have been as numerous during the past year as in former years, you may be assured that the high morale has been maintained, and the army is moving forward on the broadest and most improved highway of human endeavor.

We salute you and greet you as the present head of this great order of Christian knighthood, and as the merry Christmas bells ring out the old sweet story of the nativity of our Saviour, may we, his followers, who delight to serve and honor you, have an abiding place in your memory. May God's choicest blessings be showered upon you and those near and dear to you, and may those in authority with you be the continual recipient of His favors.

The grand master's response was as follows:—

With heartfelt thanks and due appreciation of your gracious solicitude, with gratitude to God for all his renewed blessings and with a sublime trust in our blessed Redeemer the Great Captain of our salvation, we, with you and the hosts of our Christian knights, on this festival of His birth, will join in that most wonderful of His pronouncements: "Peace on earth, good will to men."

With our order based on such Christian principles, we may see, in the happy ending of the year, the promise of our Immanuel: "I will be with you to the end."

So, while those yuletide bells peal again the old, old story, may we all consecrate ourselves anew to the cause of the destitute and the helpless, that it may be truly and proudly said of our order "By its works ye know it."

For the third and last time, with all the compliments and best wishes of this Christmas season, your grand master salutes you. Ave atque vale.

Greetings to the officers and members of the grand and constitute commanderies of Connecticut from the Grand Commander James P. Mustard of Willimantic were also read.

INCREASE NAVAL ACADEMY APPOINTEES TO FIVE

Congressman Richard P. Freeman will be enabled to appoint five men to Annapolis from the Second congressional district if a request made by the house naval affairs committee is approved by congress. At present Mr. Freeman, and every other member of congress, has but three appointments to the Naval academy.

The law authorizes five appointments by each member of congress, but since about 1921 congress has been allowing only enough money for three appointments per member of congress. The house naval affairs committee, in view of the probable expansion of our fleet and the growth of naval aviation, which requires more officers, has now asked the house appropriations committee to give enough money, starting this year, so that the authorization of five appointments can be carried out in fact.

If the proposal gets passed by congress this Connecticut appointments to Annapolis will be increased from 21 to 35. It is estimated that the plan, for the whole country, will cost about $1,000,000.

ALL-WEST TEAM EASILY BEATS ALL-EAST; CALDWELL IS THE STAR

SAN FRANCISCO, Dec. 26. —(AP)— In a great struggle between outstanding college football stars of the country, West trounced East, 16 to 6 today to win the annual intersectional charity game before a crowd of more than 37,000 persons.

It was a stunning upset as the Eastern squad, boasting some of the finest players developed on the sunrise side of the Rockies in years, was a heavy favorite to come through for victory.

Outplaying their opponents in the first two periods, the Westerners seized three opportunities to score a pair of touchdowns and a safety. East came back to take the play away from its rival in the third period and pushed over a touchdown. A savage thrust in the closing quarter was halted when the Western team's defense stiffened.

Three minutes after the start of the game, West crossed the opposing goal line for a touchdown, Presnell, Nebraska, who started at right half for the East, fumbled and the West recovered on the 22-yard line.

The West counted two more points when Amos, quarterback, Washington & Jefferson, missed a bad pass from center and was thrown behind the Eastern goal line. Just before the half ended, Mahn, Southern Methodist, substituting for Hunt, broke away to run fifteen yards to a touchdown. Wilson, fullback for the West, kicked both goals.

Caldwell, Yale, left halfback, scored the only touchdown for the East after hard line plunges by the entire backfield had carried the ball deep into Western territory. He ran 12 yards to score but failed on try for the extra point when Wilson broke through to block the kick.

Among the heavy list of stars, two ball luggers from Texas stood out. They were Joel Hunt of this year's Texas Aggies, and Gerald Mann, Southern Methodist, who substituted for Hunt in the Western lineup. Both played brilliantly at right half, packing the ball for long runs. Hunt's punting also was a determining factor. Caldwell, Yale halfback, Joesting, Minnesota fullback, and Connor, N. Y. U., who replaced Presnell, stood out for the East.

The East carried on an aerial attack throughout for the game but completed only four passes out of 19 attempted. In six tries, the West completed two passes, both Caldwell, of the East, and Hunt of the West, averaged around 40 yards in punting.

The East carried on an aerial attack throughout for the game but completed only four passes out of 19 attempted. In six tries, the West completed two passes, both Caldwell, of the East, and Hunt of the West, averaged around 40 yards in punting. The Easterners were penalized three times, once for 30 yards when Weinstock, Western Maryland, substitute tackle, was banished from the game for striking Hunt of the Western team. The West was penalized three times for five yards each.

The lineup and summary:

BARRY WINS SCULLING TITLE FROM GOODSELL

VANCOUVER, B. C., Dec. 26—(AP)— Bert Barry, British sculling champion annexed the world title by defeating Major James Goodsell of Australia, erstwhile champion, here today over the three mile Port Moody course. Barry won the race by six lengths.

Barry led all the way and with the finish was going strong, approximately eight lengths ahead of the Australian titleholder, who seemed to be out of condition. The time for the three miles was 21 minutes and four seconds.

The weather was unfavorable, a heavy rain falling with a moderate breeze blowing.

This was the second encounter here in recent months of Barry and Goodsell. Goodsell successfully defended his title on Labor day of this year.

SEA ROCKET EQUALS RECORD IN NEW ORLEANS FEATURE

NEW ORLEANS, Dec. 26—(AP)— Sea Rocket, 4-year-old son of Sea Rock, owned by C. A. Coyle, of New Orleans, won the $5,000 added Christmas handicap at Jefferson Park race track today when he equalled the track record of 1.44 4-5 for a mile and a sixteenth. Justice F., the favorite, was second, Marcont third and War Eagle fourth.

A $2.00 mutuel ticket on the winner paid $9.40.

C. F. C. SOUNDLY TROUNCES BATTERY E OF WESTERLY

The C. F. C. decisively settled matters between them and Battery E of Westerly by soundly trimming the Soldiers 45 to 22 Monday night at the Y gym. A last period spurt turned a close and rough game into a walkaway for the locals.

Brown led the scorers with 24 points while Lambert and Dionne were next best with 10 points each for C. F. C. and Battery E, respectively.

The C. F. C. held the upper hand most of the way although they had it none too easy in the first three periods. The Rhode Island outfit counted greatly on its ability at long shots and they converted quite a percentage of these until the last period when the C. F. C., short shot and quick passing storm that had been ever threatening broke.

In the preliminary the Buddha club, a collection of local stars defeated the C. F. C. Seconds by even a larger score than the latter's first team won the first game. The score in this case was 42 to 13. Reed McCrum led the winners with 20 points while Archibald and Tigar threw in ten points apiece. This was the C. F. C's first start. Summaries:

PLAINFIELD PROS TACKLE BOSTON WHIRLWINDS WED.

(Special to The Bulletin)

PLAINFIELD, Dec. 26—The Plainfield Pros are busy preparing for the invasion of the Boston Whirlwinds Wednesday night. This game, the second of their series, should draw many to the Community house for memory of their many stirring clashes have not dimmed.

The famed Hub quintet took a close victory in the first meeting this season two weeks ago. They are now in the midst of a grand scoring march, taking their first eleven games this season by handsome margins and the Pros will have to be at their very best to turn them back.

However, the locals have shown exceptionaly well during the last, few games and prospects are bright for a victory.

Both teams intend to have their regular lineups. It was also announced here tonight that the preliminary Wednesday will bring together the Norwich C. F. C. and Plainfield Buddies, two of the strongest amateur fives in eastern Connecticut.

"WHOSE TAR BABY ARE YOU?" SAM LANGFORD

BOSTON, Dec. 26.—(AP)—Sam Langford, one time "Boston Tar Baby" of the prize ring, is beginning to think he has half a dozen "doubles" scattered around the country, according to his employer, Jim Toland, Boston gymnasium owner.

Langford, who sometime ago suffered a serious infection in his eye, was given a Christmas benefit in New York about a year ago and "since that time he's been reported blind, halt, lame and feeble from all over the country," Toland declared today.

"As a matter of fact he's going to work for me as a boing instructor in my gymnasium. He had a gym of his own out in Cambridge, but it didn't go so well, I guess, and I can use him mighty well. The latest story on him came out of West Palm Beach, Fla., a couple of days ago. They had him almost blind in a poor house with somebody trying to find him a pair of number 13 shoes.

"As far as that goes, Sam has exceptionally small feet and they are mighty light and shifty too, as any old time heavyweight might tell you. And he's far from blind."

Gross Undergoes Operation

NEW YORK, Dec. 26—(AP)—Jack Gross, Philadelphia heavyweight, was operated upon here today for torn ligaments of his left hand received during his recent bout with Sandy Siefert. Gross came off victor in that bout but severely injured his hand. Dr. W. G. Fralick performed the operation. Gross was accompanied by Max (Boo Hoo) Hoff, Philadelphia fight promoter and manager.

CRESCENTS LOSE TO MANCHESTER

The Taftville Crescents lost their opening home engagement Monday afternoon at Parish hall, the speedy All-Manchester five out-tossing them 27 to 22. It was a closely fought affair although the visitors held the upper hand practically all the way. Manchester led at the half by 14 to 11 and then slightly widened this margin in the final 20 minutes.

Manchester had a big advantage from the floor, getting thirteen field goals, a margin of five over the locals but ability at the free throw line kept Taftville in the running. A good-sized crowd attended.

Les Pingree was best for Taftville, his floor work helping greatly while Mondi Normandin also played well, leading the home club in scoring with 8 points. Roland Harris, at center, had six points.

Faulkner, speedy forward, led the winners in scoring although every one of the Silk City crew tossed in at least one field goal.

In the preliminary the Taftville Whirlwinds defeated the Baltic Maroons 36 to 22 in an exciting game.

Next Monday evening the Hartford Aetna Five plays at Taftville. Summary:

NEILD STILL TOPS BASKETBALL SCORERS

Bill Neild, Chapman Tech captain, continues to burn up eastern Connecticut basketball floors with his accurate shooting. He further boosted himself above the ranks of eastern Connecticut high school scorers during the past week, scoring eleven points and being second only to Saba of Windham for week's high total.

The Chapman forward now has 59 points on 25 field goals and 9 foul tosses. Scotty McKelvie, running mate of Neild, continued to hold the runner-up post, now having 23 points on 12 field goals and four fouls. However, Saba's wonderful spurt, which featured the week, brought the Windham center up to striking distance of the Tech forward. Saba scored 15 points last week.

Heller of Windham is fourth with 11 points while Capt. Eddie Nichols also of the Willimantic quintet, rounds out the select five with 10 points. Incidentally these five are the only players to score into double figures.

Stonington, by winnnig her opener from the Alumni Thursday placed herself at the end of the four teams. Chapman Tech has a 48 point margin over its nearest competitor Windham, for high scoring honors, the New London now having scored 105 points in four games. The Academy does not open its season until Jan. 7. Teams are inactive this week because of the vacation.

SOUTHBRIDGE DOWNS THE TOWNERS IN ROUGH GAME

(Special to The Bulletin)

DANIELSON, Dec. 26—Before a large holiday crowd the Danielson Towners met defeat tonight at the hands of the Southbridge Whirlwinds by the score of 39 to 19, in a fast, but rather roughly played game. The first half ended with the score standing 21 to 10 in Southbridge's favor, but the half was exciting from the start of the game. The second half started with Danielson making two baskets and it looked as though they would overcome the early lead of their opponents, but however, they were unable to do this.

The teams played very hard and although Danielson had many shots they could not seem to make the ball go through the hoop. Although beaten the Danielson boys played a very good game without two of the regulars in the lineup. Honors were about evenly divided among the Danielson boys while Holden starred for Southbridge with several long shots from the center of the hall.

Thursday night the Towners meet the Emmet Guards of Worcester. The summary:

GODFREY KNOCKS OUT SOLDIER JONES IN FIRST

PITTSBURGH, Dec. 26 (AP)—George Godfrey, Philadelphia Negro heavyweight, added another knockout victime to his long list here this afternoon when he put Soldier Jones of Toronto down for the count after 55 seconds of fighting in the first round of a scheduled ten round bout. Godfrey weighed 240 pounds and Jones 184 1-2.

Jones, rated as a heavy hitter, came from his corner at the bell and missed with a left swing. Godfrey went in close, ripped three hard rights to the soldier's body and sent him to the floor for the toll. The club physician had to be called before Jones could leave the ring.

Garfield Johnson, Negro heavyweight of Seattle, won a decision over George Gemas of Philadelphia in eight fast rounds.

ACADEMY BRIEFS

Just a few days more than a week until the first basketball game.

The squad is getting a rest now but things will hum after this week.

Some of the boys got a bit of practice tossing about packages working in stores during the Christmas rush.

The Red and White, school newspaper, made its last appearance of the year with last week's issue.

The All-Hellers will be missed as a local basketball attraction this year. It is now practically certain that they will not again play the Academy quintet this season.

Two weeks from tomorrow Wednesday, Jan. 11, comes the meeting that is expected to definitely complete the formation of the new "conference" of eastern Connecticut high schools. It will be held at the Academy.

Ray Terrington, leader last year of the Red and White quintet, is playing great basketball this year and stands a good chance of winning a berth on the Springfield college frosh.

DIXIE TEAM PROVES TOO STRONG FOR ALL-WESTERN AGGREGATION

LOS ANGELES, Dec. 26—(AP)— Football stars of the south turned back an All-Western aggregation 3 to 0 today on a rain-soaked gridiron.

Dixie's team of all senior-college stars showed greater strength, although its speed was held in check by the soggy field. A touchdown in the first period and a safety in the final quarter gave the southerners their points. The game was marred by many fumbles, owing to the wet pigskin.

The southerners displayed an edge over the west in offensive power, but there was no sustained attack by either eleven. Bill Spears of Vanderbilt, the south's chief ground gainer, was thrown for losses as often as he gained. Defensive play predominated throughout the muddy contest, ball-carrying being virtually out of the question with water standing five inches deep in pools over many parts of the field.

The skidding players racing over the lines shed spray like a motorboat.

The south had 13 yards to go in the opening quarter when Spears tried a pass. Merritt, Pomona star, knocked the ball down over the goal line. A fumble was recovered by Creson, who skidded to the two-yard line. Here the southern board of strategy decided to inject a dry man, into the fray, all the players being soaked from head to foot.

Middelkauff, 200 pound Florida fullback, was rushed in. Hodgens of Oregon was watching the apparent play, and threw Middelkauff in his tracks. On the next play the Florida heavyweight pushed the ball only inches over the line for the only touchdown of the game. Spears missed the kick.

The opening period also brought one other serious blow to the west. Tesreau, Washington's chief threat of the season, was injured in the first two minutes of play and left the field.

Scheving, Southern California tackle, featured the west's play of the second period, appearing at all danger points and often ending a southern scoring threat before it was fairly under way.

The Western eleven showed little ability on the offensive, because of the wet field and many fumbles.

It was necessary to wipe off the ball between all plays, but this aided little.

The second and third periods went without scoring by either side. In the final period a punt by Spears was allowed to roll to the six yard line. Merritt's punt then was blocked and the ball rolled behind the goal line. Laraneta dropped on it for a safety and the south's two additional points.

The lineup and summary:—

BETHLEHEM BEATS NEWARK IN SOCCER LEAGUE GAME

NEW YORK, Dec. 26—(AP)—Bethlehem, pennant winner in the American Soccer league last season, tightened its grip on first place in the closing campaign wth a 4 to 1 victory over the Newark Booters in Newark today. The third place New Bedford outfit kept in the running by triumphing over J. & P. Coats at New Bedford by 4 to 2.

The championship probably will be decided in struggles over the next week end. On Saturday, the second place Boston team will oppose the leading Bethlehem aggregation at Boston.

TAYLOR ARRIVES FOR BOUT WITH CANZONERI

NEW YORK, Dec. 26—(AP)—Bud Taylor, slashing Terre Haute featherweight, is due here tomorrow after a long siege of training for his ten round bout with Tony Canzoneri at Madison Square Garden Friday night. Taylor is reported to be in excellent condition. This will be his first appearance in New York in little more than two years and incidentally his initial tilt in the new garden.

In two other ten round featherweight clashes, on the card, Dominick Petrone of Harlem is pitted against Ignacio Fernandez, Filipino boxer, while Georgie Rivers of Los Angeles will make his eastern debut paired with Andy Martin of Boston.

Diamond Gets Verdict

ALLENTOWN, Pa., Dec. 26.—(AP)— Mickey Diamond, Philadelphia, 126, won the judges' decision over Paris Sanger, New York, 124, in ten rounds of slow fighting in the feature bout of the Christmas day matinee boxing show here.

Jack Perry, Allentown, 158, defeated battling Willard, Lancaster, 151, in the eight round semi-final. Perry led throughout the bout.

After being floored for a nine count in the first round, Lew Keppel, 154, this city, came back to knock out Phil Rossill, 147, of Wilmington, Del., in the fourth round.

"Tiny" Haffner, of Reading, 225, knocked out Joe Alberts 197, Roxboro, in the first round of a scheduled four round bout.

Waterbury Beats Meriden

MERIDEN, Dec. 26—(AP)—Waterbury defeated Meriden, 33 to 30 in a spectacular Connecticut State Basketball league game here tonight. Carrington for Waterbury and Carroll for Meriden staged a sensational scoring duel throughout the contest, Carrington getting 18 and Carroll 16 points. Waterbury led at half time 22 to 13.

REP. BRITTEN PREDICTS THAT COLLEGES WILL BAR ARMY

WASHINGTON, Dec. 26.—(AP)—Predicting that prominent universities ultimatelyy will "refuse all athletic contests with West Point," Representative Britten, Illinois, ranking republican of the house naval committee, said today that Annapolis is not alone in its demand that the Military academy adopt the three year eligibility rule.

"Other foremost universities have protested to West Point without effect," he added.

Secretary Davis of the war department "cannot fail to be impressed with the unreasonableness in West Point's insistence to ignore the rules governing sports in every other first class university," Britten said in anticipating the war secretary's appearance before his committee on his resolution to provide equal rules on athletic contests between the two academies.

The Illinois representative said it was up to Secretary Davis to stop West Point from writing sarcastic letters to Annapolis. He declared the institutions are not rivals and that the government would insist upon them being conducted along the highest standards in everything they do.

Britten charged that Sprague, Saunders, Cagle and Wilson on the Army team last fall were ineligible to play on any American university team and that for the past seven years players who were all-American stars before entering West Point were responsible for Navy defeats. Eighty per cent of the football stars resigned from the Army soon after graduating from West Point, the representative said. He expressed the hope that the academies would meet on the gridiron next fall.

DEMAVE GETS VERDICT OVER JACK HUMBECK

PHILADELPHIA, Dec. 26.—(AP)— Jack Demave, Jersey City heavyweight, moved up a step on the pugilistic ladder today, when he won a 10-round decision over Jack Humbeck, Belgian heavyweight champion, in the feature bout at the Arena. Demave weighed 195 and Humbeck 202.

In another bout, K. O. (Phil) Kaplan, New York, knocked out Pierre Gandon, French middleweight champion, in the fourth round of a ten rounder. Kapian, who has outgrown a lighter division, was in his old time good form and smothered the French boer with blows to the head and body puhches. Each weighed 158.

Rene Devos, 158, Belgium, shaded Vincent Forgione, 160, Philadelphia, in the 10-round semi-final.

In the opening bout, Tony Ascensio, 118, Spain, won the decision in 10 rounds over Andy Romosky, 119, Pittsburgh.

PITTSBURGH ELEVEN OFF FOR WESTERN CONQUEST

PITTSBURGH, Pa., Dec. 26—(AP)— Feeling fit and confident, the football squad of the University of Pittsburgh tonight started its long trek to the Pacific coast and the New Year's Tournament of Roses game at Pasadena, Calif. Stanford university, coached by Glen "Pop" Warner, former Panther mentor, will carry the colors of the west into the battle, set for January 2.

The eastern representatives, one of the foremost claimants to 1927 eastern grid honors with only one scoreless tie to tarnish an otherwise perfect record of victories, were twenty-four strong when they entrained for Pacific shores. Dr. John B. Sutherland, head coach, and Captain Gibby Welch, All-American halfback, were in charge of the squad.

TO BROADCAST GAME BETWEEN STANFORD AND PITT

NEW YORK, Dec. 26—(AP)—A play-by-play account of the football game between Stanford university and the University of Pittsburgh at Pasadena, Calif., January 2, will be broadcast through a nation-wide hookup of 50 radio stations, the National Broadcasting company announced today.

Approximately 4,000 miles of wire will carry the description to New York, where it will be distributed to the National Broadcasting company's red, blue and Pacific coast networks, M. Aylesworth, president of the company, said.

Hatfield Gets Decision

LANCASTER, Pa., Dec. 26.—(AP)— Joey Hatfield, of Conshohocken, Pa., was awarded the judges' decision over Frankie Nelson, of Wilmington, Del., in an eight round bout here tonight. Hatfield carried every round.

Steve Nitchie, this city, earned a judges' decision over Ray Weigel of Conshohocken in six rounds.

Harry Kid Ross, this city, was awarded a judges' verdict over K. Harris, Conshohocken, in six rounds.

Sammy Kautz, this city, was given a six round decision over Dick Curtis, Lebanon, Pa.

In the opening bout, Art Fritz, Lebanon, earned a hard fought six round decision over Whitey Kinser, Harrisburg, Pa.

Trainor Beats Richardson

JOHNSTOWN, Pa., Dec. 26. —(AP)— Al Trainor, of Trenton, N. J., 147, won the judges' decision over Bob Richardson, of Portage, Pa., 152, in a ten round bout here today.

George Paulick, of Johnstown, handed Hughie Haggerty, of Pittsburgh, a decisive trimming in the semi-final bout of six rounds. They are middleweights.

Billy Palm, of Johnstown, scored a technical knockout over Billy George of St. Michael in the fifth round of a scheduled six round bout.

Barney Nevling, of Altoona, failed to appear for a bout against John Chiodo, of this city.

ENGLAND EXPERIENCED A HEAVY SNOW STORM

LONDON, Dec. 26.—(AP)—England after all, had her traditional "white Christmas, but it came a day late, and added its discomforts to the recent strange vagaries of the weather clerk.

Only a week ago the country was frost bound, and skaters were delightedly anticipating a pleasure on rare ly enjoyed here. Then suddenly there came, for England, the remarkable phenomenon of a "silver thaw." This was last Wednesday, and it dashed the hopes of the skaters and brought in its train a wet and muggy Christmas.

Late Christmas evening, however, the rain turned to heavy snow, which continued throughout the night and covered the country to a depth of seven inches. It is said to be the first Christmas snow storm for 21 years and in many parts reached the intensity of a blizzard.

All outdoor sports incident to Boxing day were suspended, and snow plows were brought into requisition in the big cities to clear the streets for traffic, which even then was carried on with great difficulty. Fortunately both today and tomorrow are national holidays, and there will be less inconvenience than there might otherwise have been, most of the people keeping to their homes.

The blizzard raged throughout the day in southern England. Several minor shipping and motor accidents have been reported tonight, telephone service was considerably disorganized, railway and road traffic was badly hampered, and a number of deaths, chiefly to aged persons, were recorded.

6,401 DEER KILLED IN N. Y. STATE 1927 HUNTING SEASON

ALBANY, N. Y., Dec. 26.—(AP)— A total of 6,401 deer were killed in New York state in the 1927 hunting season according to reports to the state conservation department. Of this number, 5,647 were shot in the forest preserve counties of the northern part of the state, 684 in the Catskill counties and 70 in the counties of Rensselaer, Columbia and Dutchess.

"-in the case of a Used Car"

In the case of a used car, one cannot always judge by appearances.

The real condition of a used car is not apparent—that is why it is best to buy from a dependable dealer.

Values in the Cadillac-La Salle dealer's used car stock are high, prices are low. Cadillac-La Salle dealers must sell a tremendous number of used cars every year. The Cadillac-La Salle dealer's word is good—a good name and a valuable franchise are at stake.

POETRY FOR THE WIDE-AWAKES

THE LITTLE PINK PIGS

The little pink pigs have been rooting around.
Rooting around all night.
Though I warned them well they must slumber sound,
Till the blink of morning light;
I warned them well, as the owner I gowned
And snuggled them warm and tight.
But though I told them they mustn't peep out,
The little pink pigs have been rooting about;
I warned them one and I warned them ten,
So now they must go in the sock-and-shoe pen.
The pen of the sock and shoe.

First the sock and then then shoe; it's nearly 8 o'clock!
Lock the little pigs in the sock,
Shoo the little pigs in the shoe,
Pen the little pigs in the pen,
The pen of the shoe and sock.

The little pink pigs, with a wriggle and dive,
All under the gown they run.
While the owner watches we coax and drive,
And giggles a gale at the fun.
And squeals as I swoop on a drove of five
And capture the five in one.
Oh, the little pink pigs have been rooting about,
Though I warned them well they mustn't peep out,
So I capture five and I capture ten
And drive them into the sock-and-shoe pen,
The pen of the sock and shoe.

First the sock and then the shoe, and then the shoe and sock;
Lock the little pigs in the sock,
Shoo the little pigs in the shoe,
Pen the little pigs in the pen,
It's almost eight o'clock!

THE LITTLE BLUE PIGEON
(A Japanese Lullaby)

Sleep, little pigeon, and fold your wings—
Little blue pigeon with velvet eyes;
Sleep to the singing of mother-bird swinging—
Swinging the nest where he little one lies.

Away out yonder I see a star—
Silvery starry with a tinkling song;
To the soft dew falling I hear it calling—
Calling and tinkling the night along.

In through the window a moonbeam comes—
Little gold moonbeam with misty wings;
All silently creeping, it asks: 'Is he sleeping—
Sleeping and dreaming while mother sings?'

But sleep, little pigeon, and fold your wings—
Little blue pigeon with murmful eyes;
Am I not singing?—see, I am swinging—
Swinging the nest where my darling lies.

UNCLE JED'S TALK TO THE WIDEAWAKES.

Members of the Wideawake Page: Uncle Jed wishes you a very happy New Year and wishes to acknowledge the season's greetings from members.

Appropriate at this time is the conversation between a father and son. The son asked his father the significance of wishing a person a Happy New Year. His father replied that it was the custom shortly before or on New Year's day to wish your friends a Happy New Year simply as a significance of good will.

This brings to mind the custom of people on the new year to resolve to do or not to do such-and-such a thing for the coming year. In other words make resolutions. Some people take this as a joke. But, in truth, it is one of the greatest ideas originated for the benefit of young boys and girls, who are starting out in life or in a world in which little is known by them.

A sensible resolution made by a boy or girl at the beginning of the year and faithfull carried out in the 12 months of the year is a credit to them. Many resolutions are made by youth, but in a day or so, are broken and forgotten. The idea is to make a resolution and carry it out to the letter "T", that is to its conclusion.

Do not make more resolutions than you can swing. It is better to resolve to do or don't do a few things than it is a large number. Do not bite off more than you can chew. If you do you will become discouraged and lose interest in the endeavor. As a rule not many boys or girls complete or finish a problem to its end, in a short time he or she becoming disinterested or have not the gumption to continue.

Now, Wide Awakes, let all of us make the resolution that during the year 1928 you will endeavor to use every effort in whatever task it may be, whether big or small, to complete that problem or task to the finish to the best of your ability. Do not forget that the boy or girl who is not afraid to work and put himself or herself out of the way will not proceed very far in this world.

LETTERS WRITTEN BY WIDE AWAKES

My Pet Dog.

Dear Uncle Jed: This is my first story to you and the Wide Awakes. I am going to tell you about my dog. He is a small poodle, and is six months old. I received him for my birthday. His name is Beauty and he can do many tricks. When he wants to go outdoors he will stand and try to reach the door knob. Knowing he can't open it, he barks very loudly, until I open the door for him. Meal times he will stand on his hind feet and beg for food. Beauty and his pal, Blacky, sleep together. Hhis pal is a black cat. They have very good times together.

HENRY LUKOWSKI. Age 10.
Norwich, Conn.

A Bird and Two Worms.

Dear Uncle Jed: I am writing you a letter about how I fed a bird. A bird built her nest on our porch. The bird laid eggs and hatched little birds. When summer came my father was digging a hole. I saw a worm and I took a flat stick and put the worm on an old beinch. Then that bird came who built her nest on our porch and took the worm to her nest and gave the worm to her little birds. They had two worms and they ate them all.

HELEN CZORNEGO. Age 9.
Leonard's Bridge.

My Baby Brother.

Dear Uncle Jed: This is the first time I have written to you. My baby brother is one year old tomorrow. He is full of mischief. He plays in the coalhod. When he gets through he looks like a colored boy. His name is Stanley. He is so funny. He is so glad to see me when I come home from school.

HELEN SPICER. Age 8.
Norwich, R. F. D. No. 2.

My Four Gray Squirrels.

Dear Uncle Jed: This is my first letter to you. I have heard that many of the children have written to you so I decided to write. Every morning about 6 o'clock, there are four squirrels I feed peanuts. When they see me they come nearer. When they get the peanuts they go up the tree and eat them. They look so cute I just love to watch them.

HERBERT SPICER. Age 10.
Norwich, R. F. D. No. 2.

New Member.

Dear Uncle Jed: This is the first time I have written to the Wide Awakes. I am going to tell you about Thursday after school. I went to Crusaders. We sang songs, then we played games. We sang Christmas songs and played Santa Claus. My sister was Mrs. Santa and one of the boys was Mr. Santa Claus. It was dark. Mr. and Mrs. Santa Claus were in a different room. We played we were asleep in the dark. Then the light went on. Mr. Santa came in. He shook hands with every one and gave us a bag of pop corn. And then Mrs. Santa came in and gave us a basket of candy. Then we went home.

My Dog.

Dear Uncle Jed: I have a dog. His name is Prince. He is black and white. He loves to go automobile riding. Every time my father and my aunt go out in the car he gets in the car and wants to go. He always wants to sit on the front seat.

BESSIE VARE. Age 11.
Norwich.

My Rabbit.

Dear Uncle Jed: I am writing to tell you abut the little rabbit I got. One day my friend and I went walking in the woods. The cat came along toto. We went to sit down on a rock in the woods when we heard something squealing. We can to see what it was. When we got there my cat had a rabbit in its mouth. It was a little rabbit. We took it away. When we got home I told my mother I was going to keep it for a pet. She told me to put it back in the woods. I put it bac kand I saw a big rabbit. I let the little one go and went home. The little rabbit was so cute I felt like keeping it.

HAZEL CONGDON. Age 11.
Plainfield.

My Pony.

Dear Uncle Jed: When I lived in New Haven I was on a farm. My father bought me a pony. I rode it every day. One day he got caught in a trap I set for bears. He fell down and almost broke his legs. I took him into a barn and gave him some oats.

FRANK SZNURKOWSKI. Age 11.
Norwich.

Santa Claus.

Dear Uncle Jed: One day I was going home from school and I saw Santa Claus. He said he wouuld bring me an erectotr set, also lots of candy. I went home very happy.

RAYMOND BONKOWSKI. Age 12.
Norwich.

Gray Squirrels.

Dear Uncle Jed: This is my first letter to you. I will tell you about some gray squirrel. They have a nest in a tree in front of our house. Mother put some corn out and four to eat. When anyone goes along the street they go up the tree a little way and wait until they pass. I like to watch them. They sit up so pretty when they eat. Some boys like to throw stones at them. I don't like them to.

JENNIE FRINK. Age 8.
Norwich.

Christmas.

Dear Uncle Jed: I hope you and the Wide Awakes will enjoy my story. I am going to Lanielson to do my Christmas shopping with my sister. We've got a Christmas decorated already. I hope the Wide Awakes have a good time on Christmas. We went to the forest to make wreaths. We have made many already. I haven't much money of my own. But I hope you and the Wide Awakes will receive many presents and I hope you all a Merry Christmas.

KATHERINE HILL.
Brooklyn, Conn.

Fishing.

Dear Uncle Jed: I hope you and the Wide Awakes will enjoy my story. Last summer I went fishing in a brook near our house. When I was walking through the brush I saw a large white rabbit. I wished my pole was a shotgun. I would have shot him. That would have made me a good dinner. I came to the brook and threw my line in the water. I got a fish about 9 inches. I went down the brook. I found a nice place to fish. It was a hot day so I went swimming. The fish all hid away. So I sat down to rest. Then I thred my line in the current. I fish snapped the worm so I pulled up. The line went into a tree and the fish got away. The line was all tangled in a tree. It took me a half hour to get it off. I started for home. I got about half way home when I thought of my fish. I went home tired and hungry.

HENRY HILL.
Brooklyn, Conn.

Winter Sports.

Dear Uncle Jed: I am going to tell you about winter sports. I like winter sports very much. Among the most prominent sports are hockey, skiing and skating. There are also other sports as sliding or coasting. Among all these sports I like coasting the best. Coasting appeals to me the most because there seems to be more fun and excitement than in other sports. Many times we go racing with sleds for distance or speed. Sometimes we slip while running and fall down on the snow while the sled goes shooting down the hill. Other times while climbing up the hill we fall we must go back the hill after it.

Skating is also an exciting outdoor sport. At first I had many falls but I kept on practicing and earned. Now I am able to skate fairly well. Winter sports are very healthful and vigorous.

Whitefoot Decides to Stay.

Contentment is a state of mind
That we, alas, too seldom find.

Strange things had happened to Whitefoot the Wood Mouse. Yes, indeed, very strange things had happened to Whitefoot. To begin with, he had been caught by Black Pussy the Cat, and the wonder was that he hadn't been killed right then and there. Then Farmer Brown's Boy had rescued him and had made him a Christmas present of a new home. That home was a little house which had been built for Jenny Wren. It was out in an apple tree close to the stone wall on the edge of the Old Orchard. Whitefoot had accepted it gratefully, but he hadn't intended to stay. In fact, he had expected to go straigl.. back to the Green Forest as soon as the Black Shadows made it reasonably safe for him to go.

But when Christmas night the Black Shadows did come creeping through the Old Orchard and the time came for Whitefoot to start he kept putting it off. You see, it was a long way to the Green Forest. That is, it was a long way for such a little fellow as Whitefoot. Then, when he had started out, he had almost right away discovered the good things to eat, things which he couldn't get over in the Green Forest, the things which were part of Farmer Brown's Boy's Christmas gift to him.

When he had eaten his fill he sat up and washed his face and hands and looked over to the black mass which he knew must be the Green Forest. "I believe I won't start yet," said he. "It certainly is very nice here. I don't have to get back to the Green Forest right away. It would be foolish to leave such good food. When the food is gone it will be time enough to start. Besides, no one can run well on a full stomach."

So Whitefoot explored a little along the old stone wall, discovering some wonderful hiding places, and then climbed back to his little house in the old apple tree. As you know, that house had been planned for Jenny Wren, so the doorway was very small. Whitefoot approved of this. "It's just my size," said he. "It couldn't be better. No one bigger than I can possibly get in. And this house is just the right size inside. No, I don't think I'll hurry back to the Green Forest. I'll Just then a shadow moved across the snow. Whitefoot saw it. He drew back until only his nose was outside his doorway. A moving shadow was a thing to suspect. Yes, sir, it was a thing to suspect. Whitfoot kept very still. That shadow moved back and forth. It reminded him of the shadow of Hooty the Owl, only it was very, very much smaller. Then the shadow disappeared. Still Whitefoot remained right where he was. Presently he heard a scratching sound on the top of his house. He drew away back then. Then he heard a voice.

"Well, well," said the voice, "this is a new one. I wonder what Farmer Brown's Boy is putting up a house at this time of the year for. Perhaps he thinks Tommy Tit the Chickadee will use it to sleep in. But he won't. I know where Tommy sleeps and he'll be perfectly satisfied to stay right there. No one bigger than Tommy could possibly use this house because the doorway is so small. I shall have to keep an eye on it. Yes, sir, I shall have to keep an eye on it, though it won't be used until spring, I am sure."

Whitefoot shivered a little bit. He knew that voice. It was the voice of Spooky the Screech Owl. Spooky was actually sitting right on top of his house, talking to himself. Not for the world would Whitefoot have started for the Green Forest that night. No indeed! He would stay right where he was.

Spooky was actually sitting right on top of his house.

NORWICH DOINGS 75 YEARS AGO

During the first two weeks in December 75 years ago there were a number of fires in Norwich and vinicinity with varying damage. News arrived in Norwich of the death of a former resident of this city who had gone to California during the gold rush.

Extracts from the files of the Courier for 1852 follow:

Tuesday, Nov. 30, 1852—In a letter from California we find the notices of the deaths of Dr. Alanson Hurt, formerly of Norwich and Charles H. Pendleton of New London.

Mr. Hurt died in Marysville and Mr. Pendleton in Sacramento.

James Lane, principal of the Norwich grammer school has advertised that he is enrolling pupils for the winter term which will open soon.

Thursday, Dec. 2, 1852—About 4 o'clock this morning an alarm of fire was sounded. The fire proved to be about half way up town, in a shop owned by Miss Lucretia Caryw. Owing to the distance and to the difficulty of getting water the shop was entirely consumed, we understand; and the house in which Miss Caryw lived was also mostly destroyed, most of the contents, however, being saved.

The second lecture in the Union course was delivered last evening to a large audience by Rev. W. W. Patton of Hartford. The speaker took for his subject, the peculiarities of the animal known as "The Loafer."

Saturday, Dec. 4, 1852—Mr. Dempster's concert on Thursday evening was well attended. His "May Queen" and "I'm Sitting of the Stile, Mary," beautiful as are the words and exquisite as is the adaption of musical expression, are yet almost painful from their demand upon our sympathies and need more frequent relief from the gayer ballads Mr. Dempster knows so well how to intersperse.

An auction sale of the carpet machinery on Thursday at Greeneville is attracting the attention of carpet manufacturers.

A letter of acknowledgment of the $35.26 contributed to the Washington monument fund has been received from the treasurer of the fund.

Tuesday, Dec. 7, 1852—A fire occurred at the Falls Sunday in a house occupied by James Sears. The fire originated in one of the chambers which had been unoccupied for some time, consuming all the contents of the room before it could be subdued.

A shocking case of suicide occurred in the village of Windham on the second when a prominent young man of that vilage put an end to his life by shooting himself through the heart.

Hon. John W. Crockett, son of the celebrated Davy Crockett died at Memphis, Tenn., on the 24th of November.

The receipts of gold at the U. S. mint last month amounted to $1,259,000; the coinage was $4,900,342.

Thursday, Dec. 9, 1852—Rev. James A. Hasen, late of South Williamstown, Mass., was on the first of December installed as pastor of the Congregational church and society at Hanover.

At a meeting of the common council on Tuesday evening it was voted pay those who fired the minute guns upon the death of Daniel Webster for their service. The master of sidewalks on Broadway from Bath street to the Great Plain was referred to the committee on street.

The new hotel known as the Union house in New London was damaged by fire last evening. It is supposed that the fire was the work of an incendiary.

Saturday, Dec. 11, 1852—A barn belonging to Charles Williams was burned down yesterday morning between 5 and 6 o'clock.

During the recent session of the county court in this city the following men were admitted attorneys and counsellors at law: Jared F. Crocker and Charles W. Avery, of this city, and Robert Coit of New London. John T. Wait was re-appointed to the office of state's attorney for the county for a period of two years.

The upper loft of the William F. Clarke factory at Greeneville took fire on Wednesday evening and but for the timely help of a powerful forcing pump the building would have been destroyed.

The Connecticut Citizen in its new form published at Rockville, announces that its office will be moved from Hartford to New Haven Jan. 1st.

Transactions which in the first 22 months of 1927 exceeded by approximately 100 per cent. the entire business done in 1926, have made this the greatest year in the history of the Standard Stock and Mining exchange ni Toronto, Ont.

PENDLETON HILL

Mr. and Mrs. Clifford B. Thompson entertained a family party Monday. Mr. and Mrs. Irving Thompson and Harry Palmer, of Westerly, Mrs. Frank Thompson Palmer of the Hill, and Mrs. Jennie J. Thompson of Norwich.

Mr. and Mrs. Henry Johnson entertained at Christmas dinner Mr. and Mrs. George Pierce and children, Arlene and George, Jr., of Bradford, Mr. and Mrs. Arthur Frink and Mrs. Hattie White and Eli King and Mrs. Fannah Hiscox of Jewett City.

The children of the Hill seem to be especially favored by Santa Claus. He has appeared to them four times. Early Friday morning he came to the school with sandwiches, cakes, bananas, candy and pencils. This seemed to altogether a surprise appearance. On Friday afternoon he left a heavily laden tree at the school at which time parents and friends were in attendance. The children gave a program of recitations and songs. Saturday evening he again visited the Hill with a tree and bountiful collation for all. Again there was a program of recitations and songs. Santa also left trees at many homes in the neighborhood.

Miss Juliet Palmer Boardman of Montclair and Pendleton Hill, has been on the honor roll during the last month.

Mr. and Mrs. Charles Cottrell and sisters, Misses Hattie and Cecile Palmer, spent the Christmas holiday with Mrs. Cottrell and family at Oak Lawn, and Mr. and Mrs. Arthur Billings at Natic.

Thomas Wheeler dined Christmas day with his son, Noyes and family, in Willimantic.

Mrs. Etta Miner is at her home here.

The grange meeting Friday evening was one of unusual interest, and was well attended. A Christmas ballad in pantomime and story was very pleasingly enacted. Many characters appeared in this playlet. Those taking part from the Hill were Mrs. Clifford Thompson, who acted the part of Peace; Reginald Briggs and Emil Gadfelder were two of the wise men and Miss Catherine Thompson, who was in the chorus.

After the entertainment Santa lined up the assembled company and presented each a gift.

Mrs. Annie Cook was the guest over the holidays of her son, Morton, at Stonington, where the Cook family gathering was held.

ANNOUNCEMENTS

Strand Theatre

Husbands Hunters is a colorful story of four chorus girls who believed in husbands instead of Stage Door Johnnies, who believed in momentary friendship. How one of them fell in love with an ordinary clerk, furnishes some dramatic high spots and comedy situations. The cast includes Mae Busch, Duane Thompson, Mildred Harris, Chas. Delaney and Walter Hiers. The Boaster featuring Richard Holt tells the story of a "Know-it-all young college man who has some ideas of his own in regard to running his father's business. How he almost puts it on the rocks, but for the timely assistance of his dad and how he finally makes good after being given some difficult things to do, makes an amusing and interesting story. There is a romantic climax to the picture with the girl he is in love with falling in love with him.

Palace Theatre

Commencing today for a three-day run, the management offers as the feature screen attraction, W. C. Fields and Chester Conklin, in one of the funniest comedies ever produced by any film company. In this comedy both Fields and Conklin portray the characters of two old-birds well past middle age who it appears become involved with the spirit of second childhood. Fields is seen as the owner of a one-ring circus that becomes stranded in a small western town. Conklin is seen as the sheriff of the town who takes a personal and violent dislike to Fields after finding him courting the "girl" whom the former intends to marry.

Featured on stage are five acts of unusual merit with the Basil-Lewis revue headlining. Sharing honors on the bill is a delightful comedy skit, "Going Straight," the plot concerning two reformed crooks with a desire to go straight. Earl and Mathews offer a novel comedy skit abundant in laughs. Beth Marsh, a singing comedienne and Paul and Pauline, in an aerial sensation conclude the vaudeville program.

Breed Theater

There is more feminine beauty in "The Fair Co-ed" than any other film which has ever been made.

Almost a thousand girls appear in the picture as college students. This number takes in hundreds of the prettiest co-eds in the west, dozens of beautiful girls who have gone to Hollywood from all parts of the world to enter pictures as a profession, and a number of eastern society girls who were visiting the Pacific coast when Miss Davies made the picture of the Metro-Goldwyn-Mayer studio.

"The Fair Co-ed," which closes tonight at the Breed theater, was directed by Sam Wood and was based on the stage play by George Ade and Gustav Luders. The cast includes Johnny Mack Brown, Jane Winton, Thelma Hill, Lilllianne Leighton, Gene Stone and others.

Broadway Theatre

Jackie Coogan's latest picture "Buttons," which is the feature attraction at the Broadway theatre today and tomorrow is without doubt the best picture in which this popular young star has yet appeared. The large audiences which have attended the Broadway this week have been enthusiastic in their praises for this new production.

The scenes are all laid aboard a ship and the scrapes that young Jack's gets into will keep you in roars of laughter from start to finish.

NEW LONDON PUNCH-BOARD OWNER DISREGARDS ORDERS, SO IS FINED

(Special to The Bulletin.)

NEW LONDON, Dec. 26.—Thirteen cases claimed the attention of the police court this morning, while four others did not reach court. The offenders being sailors, they were turned over to the shore patrol and taken back to the state pier for discipline there. Joseph Saunders, arrested Sunday by Acting Sergeant William Graham charged with jumping his bond, was not tried today, the case being deferred until tomorrow.

John Gentilella, proprietor of a fruit and confectionery store on Bank street, was presented on a charge of conducting a gaming device. Several days ago the police received orders from Prosecuting Attorney Daniel Cronin to instruct all store proprietors where punch boards were exhibited for patronage to remove the devices. So far as the police have knowledge, the order was complied with except in the case of Gentilella, who is alleged to have allowed the board to be used. Last night Patrolman Carlos Salsanitsky entered the store and finding the board exhibited for play, Gentilella was arrested. Today he was fined $5 and costs.

Gus Gaither, 40, of 32 Douglas street, was charged with breach of the peace, but the case was nolled. Gaither was arrested early Sunday morning by Patrolmen Louis Wheeler and Lawrence Fardy upon complaint of Louis Strather. The latter claimed that Gaither arrived at the house about 3 o'clock in an ugly mood, finally abusing the Strather woman to such an extent that she caused his arrest.

Frank Barscay, 45, a stevedore residing at 3 Front street, was charged with breach of the peace and was fined $5 and costs. Barscay went to the home of Mrs. Codette, 372 Williams street, Saturday night and annoyed the woman by his conduct so persistently that Mrs. Codette complained to the police. He was arrested by Patrolman Henry Sylvia.

George P. Sheehan, West High street and Henry Magrini, 778 Bank street, were charged with intoxication and breach of the peace. Their cases were continued to the 31st inst. Sheehan and Magrini met on Bank street at 3.30 o'clock Sunday morning and both had been drinking. The two engaged in an altercation and soon were exchanging blows. The fight did not last long, but just long enough for Sergeant Samuel Hick and Patrolmen William Riordan, John Sullivan and George Labonte to arrive and arrest the battlers.

The four sailors who were taken in charge by the coast guard shore patrol were intoxicated and were amusing themselves when arrested by overturning traffic signs along state and Bank streets.

A. & P. EMPLOYES SLOW IN REPORTING ROBBERY

(Special to The Bulletin.)

NEW LONDON, Dec. 26.—The detective bureau has been unable to obtain any clue that might lead to the arrest of the pair of crooks who held up the clerks in the store of the Great Atlantic & Pacific company, corner of Bank street and Lee Avenue, Saturday evening. Donald Fairbrother and Allen Barrows, the clerks, who were forced into the stock room and there held prisoners while the second gunman obtained the cash, about $300, have supplied additional descriptions of the crooks. The clerks assert that the men were about five feet three or four inches in height, young, and both wore caps and dark overcoats. One of the gunmen gave the appearance of being of Polish nationality. He had sunken cheeks and high cheek bones. Included in the plunder was a check for $7 drawn on the Union Bank & Trust company by Frederick W. Wintkorp, of the Golden Spur, in favor of his daughter, Mrs. Carl French or Mrs. Gertrude French. The crooks have probably made a successful getaway, they were given aid by the store employes in doing so for the police were not informed of the robbery until 15 or 20 minutes after the crooks left the store. Fairbrother and Barrows did not come out from the stock room until at least five minutes after the thieves had gone to the street. There is no telephone in the store and Fairbrother had to hunt for one in the neighborhood in order to notify his manager. When this was done the police were not notified, but the employes of other stores of the company that have telephones were notified to be on the lookout for a holdup. When all this had been done the police received the information of the robbery.

THE LATE J. C. HASSETT ONCE STAFFORD MILL MAN

(Special to The Bulletin.)

NEW LONDON, Dec. 26.—John C. Hassett, 78, died suddenly at the residence of his daughter, Mrs. Lawrence J. Conti, 879 Bank street, Sunday. He was a former resident of Stafford Springs, where he was employed many years as a mill foreman. Mr. Hassett had been ill about a week with heart disease and yesterday he suffered a sinking spell and died a short time afterwards. The body was forwarded to Stafford Springs.

Miss Isabel Beckwith, formerly of New London, died Saturday night at the Masonic home, Wallingford, where she had made her home for many years. She was of advanced years and was a member of the First Baptist church. Miss Beckwith, who was born in New London and resided here until she moved to the Wallingford home, is survived by a brother, Mortimer E. Beckwith, of this city.

George Lasco, son of Mr. and Mrs. Michael Lasco, of Flanders, died while being taken to Lawrence-Memorial hospital after he had been rescued from the waters of Lake Pataganasett, Flanders, into which he had fallen while walking on thin ice last Friday. The funeral was held this morning at 8 o'clock at Our Lady of Perpetual Help church. The mass of requiem was celebrated by Rev. Joseph Kaniszewski. Burial was in St. Mary's cemetery.

The funeral of Carl A. Bergason of Briar Hill, Groton, was held this morning at 9 o'clock at Sacred Heart church, Groton, where a mass of requiem was celebrated by Rev. William J. Fox. Relatives acted as bearers. Burial was in St. Mary's cemetery, New London.

There is good skating on the little cove south of Hamilton street and the boys enjoyed it today.

An amusing sight was presented this forenoon when some 300 sea gulls flocked on the ice in Shaw's cove west of the New Haven railroad bridge. The large white and grey birds made a fine picture as they fed on the refuse from tables and galleys of steamers, barges and other craft. There they had their Christmas dinner and an abundance of it appeared to have been provided.

A large number of residents visited the location of the Schall property fire today. The destruction was complete for there is little left of what Saturday was an inspiring structure.

CHAS. W. RORKE INJURED IN A PECULIAR ACCIDENT

(Special to The Bulletin.)

NEW LONDON, Dec. 26.—Charles W. Rorke, 23, residing on Bank street, a teamster, was struck by an automobile tonight under peculiar circumstances. Rorke was injured and is now a patient at Lawrence-Memorial hospital suffering from an injury to his right ankle and thumb. Rorke will be detained at the hospital until an X-ray picture is taken of the injured ankle that it can be determined whether any of the bones are broken.

Rorke was attempting to cross from North Bank street to the corner of State and Bank street. He had stepped to the pavement and was walking in front of an automobile driven by D. V. Forbes, 13 Alden street, Mystic. Forbes reduced the speed of the automobile to permit the pedestrian to pass, but as the car slowed up another auto, driven by John L. Pagonini, Box 134, Uncasville, and which was following close to Forbes' auto, struck the latter car, causing it to plunge ahead. Rorke had not passed the front of Forbes' auto and was struck, being thrown to the pavement. Patrolman John Clifford, who was off duty and was near the location of the accident, had Rorke taken to the hospital. Traffic Officer Carlos Salsanitsky investigated the accident, but as neither driver would complain against the other, Forbes and Pagonini went to police headquarters, where they made their report. There Pagonini said that it was Forbes' reversing the movement of the latter's auto that caused the accident. This Forbes denied.

Edward J. Henderson, of Ledyard, and Miss Stella B. Rolfe, of this city, were married at the parsonage of the First Church of Christ Saturday afternoon by Rev. J. Romeyn Danforth.

Miss Margaret Rowley, a student at Hay Path institute, Springfield, Mass., is spending the holiday vacation with her parents, Mr. and Mrs. George L. Rowley, of Waterford.

Arthur Wilson and Mrs. Lila D. Nichols O'Leary, both of this city, were married Sunday afternoon at the parsonage of the First Church of Christ by Rev. J. Romeyn Danforth.

Patrolman Henry Hick reported a defective sidewalk on Ocean avenue, near Bank street, today, a deep depression dangerous, especially at night. Patrolman Dennis Cavanaugh also reported that a danger spot existed in the highway of Willetta avenue, near the corner of Montauk avenue. The hole is of such size as to liable to cause broken springs to automobiles. Both defects were reported to the department of public safety.

Traffic on the New York, New Haven & Hartford railroad, both as regards east and west bound trains, was exceedingly heavy again tonight, particularly on west bound trains. Thousands of men and women were returning home having spent the holiday with New England relatives. Several trains were operated in extra sections. Automobile traffic also was heavy during the late afternoon and early evening thousands of machines passed through the city with holiday visitors. Because of the great number of automobiles there was frequent congestion on State, Bank and Main streets.

A Yellow cab, driven by Frank Packer, was wrecked and Packer was injured this morning when the car overturned on the curve between Quaker and Boiles Hills. Packer had driven a passenger to Montville and was on a passenger to oMntville and was on his way back to New London when the accident occurred. After descending Quaker Hill and the auto was rounding the curve, the cab suddenly turned over on the macadam highway. Packer was thrown out and the cab slid over the pavement for several yards. Packer sustained an injured shoulder and bad bruises.

NOANK

Stonington's Ironmen basketball team made its second stop at the village hall, Saturday night and played the fighting Crescents team. A good sized crowd of fans gathered to see them in action. The first quarter ended Ironmen 17, Crescents 14. The pass work of the fighting Crescents seemed to bother the Ironmen, Stretch Morrison at center with a high jump keeping his teammates after the ball from the tap off. When the first half was over the score was Ironmen 34, Crescents 28. Curley Rover was shooting them in all shapes that kept the Ironmen in the lead and the third quarter was over with a tight score, Stonington 34, Crescents 36. From the length of the hall Flash McDonald put the ball into the hoop clean as a whistle and Sure Shot Morgan got a pretty shot so the cheering section gave him a big hand. In the last minutes of the battle the Ironmen team won, 49 to 46. The features for the Ironmen was Rover with 6 field goals and Stowell with 12 points and Stenhouse's clever floor work. But Dash A. Patterson for the Crescents was above them all, with 14 field goals and one foul, total 29 points. All the rest of the players did good work. Referee, Fitzpatrick; timer, Jake MacMahon; scorer, Malerstrieca. Attendance 90.

Mrs. Elisabeth Troland of Lisbon was visiting her mother Mrs. Susan Morgan Saturday.

Mr. and Mrs. Karl Ebberts of Brooklyn, N. Y., are spending a few days in Noank.

When the temperature was 12 above Saturday at 8 a. m. while the village was asleep, Night Cop Elmer Baker was walking his beat on Clark avenue and saw a fellow with an armful of rope and a fishing net at a dock near Pine Morgan's place. The cop went as lightly as he could and laid his hand on the fellow's coat; but quick as a cat the stranger got away and started to run, with the blue-coated policeman after his man, over fences, through yards, along Riverside avenue, only a few feet behind. Finally Baker told him to stop in the name of the law. But the runner would not stop so the cop got out his revolver and fired two shots in the air, trying to scare him. That only made him go faster like an express train putting on more speed. He left the village cop far in the rear. Baker lost his man in the dark. For 40 minutes it was some chase. Night Cop Baker told his friends at the waiting room. He said the man was short and had a brown suit and no overcoat; but he had a fast pair of feet and it was a good race with no crowd looking on, as it was too early in the morning. "I will get that shore thief yet," the cop declared.

Saturday noon as the men at the shipyard gathered in the pay master's room for their money, from the crowd Almon Mesiter stepped to the front, having a small box under his arm. He asked Foreman Charles Butson to come forward. Then Speaker Mesiter said, "In behalf of the rest of the workmen and for rushing the work on the new fishing boat, we present you this little gift." Taken by surprise Mr. Butson thanked them all. It was a fine box of cigars. Turning to Miss Gladys Morgan, paymaster-bookkeeper for the last ten years, at the yard, Speaker Mesiter said "All honor to you, Miss Morgan, from the working men for your faithful services toward us during 1927," giving her a gold fountain pen with G. M. on it. She was so surprised she could not speak for a few minutes, then she thanked them gratefully. The boiler room trio sang "In the Good Old Noank Shipyard." "Wish you all a merry Christmas" was the message that come from Owner Harry Morse.

TAFTVILLE

Through the holiday season, one of the ornamental spruce trees growing on the grounds of the rectory of the Sacred Heart church has been trimmed with colored electric lights.

The Christmas music at the Taftville Congregational church on Sunday was in charge of Miss Nellie S. Howie, the church organist and choir leader. The carols included It Came Upon a Midnight Clear (Kerns), and The Shepherds in the Fields (Malley). The offertory solo, In Old Judea (Goebel) was sung by Thomas Grimshaw, baritone, and in the choir anthem Hail, the King (Homer K. Bartlett), Mrs. William J. McNally had the contralto solo part. There was no service of the young Peoples Society of Christian Endeavor in the evening, as the members attended the service at the Church of the Good Shepherd, Universalist, at Norwich.

Robert E. Cooper of the Ponemah house has returned from Fall River, Mass., where he has been spending several days with his parents.

Peter Lukoff of North Third avenue has returned to town after spending the holidays with Daniel Patrylo of Blackstone, Mass.

The children at the Blissville school held a Christmas party Friday afternoon, arranged by their teachers the Misses Bergen and Keenan. Games were played and gifts from the tree were distributed by Santa Claus.

WEDDING

Way-Leonard

A very pretty wedding took place Monday at 8:30 o'clock when Francis Joseph Way, son of Mr. and Mrs. John Way of 27 Meyers avenue, Norwich was united in marriage with Miss Isabelle Emojene Leonard, daughter of Mrs. Bertha Leonard of 9 South Second avenue at Sacred Heart church by the pastor, Rev. Frederick R. Desfuresault, who also celebrated the nuptial high mass which followed.

The bride was charmingly gowned in white silk, embroidered flat crepe and wore a veil caught up with pearls and orange blossoms. She was attended by Miss Calista Way, sister of the groom who wore baby blue silk crepe with picture hat to match. The best man was George Way, brother of the groom. The wedding march was played by Miss Alice Frechette, organist at the church, who also had charge of the music of the mass. Being a member of the Children of Mary Sodality, Miss Rita Faucher and Miss Viola Michon took part in the ceremony, removing the bride's insignia of membership in the society before the altar of the Blessed Virgin.

A wedding breakfast and reception was held at the home of the bride's mother after the church ceremony, and was attended by members of the families and close personal friends of the young couple. The bride received many beautiful wedding gifts. The house was attractively decorated for the reception, the decorations being in charge of Mrs. Adam Troeger.

Mr. and Mrs. Way left after the reception by automobile for a wedding trip which they will spend in Vermont. The bride's traveling costume was of black satin with rhinestone trimmings, and she wore a plush coat with satin hat to match. They will be at home to their many friends upon their return about New Year's Day at 9 South Second avenue.

Mr. and Mrs. Joseph E. Heselton and their children Kendall and Revella of North B street have returned from a visit with the former's relatives in Ballouville.

Mr. and Mrs. Joseph Laramie of Plainfield have been visiting Mr. Laramie's brother-in-law and sister, Mr. and Mrs. Wilfred Smith of North B street.

Mrs. Catherine McNamara has returned to her home in Hartford after spending the holidays at the home of Mr. and Mrs. E. W. Yerrington and family of South Second avenue.

Mrs. William Jackson of Baltic has been spending the holidays with relatives in town.

Mr. and Mrs. Louis Rangus of Norwich Town spent Christmas at the home of Mr. and Mrs. Basil Horoszko and family of South Third avenue.

Mr. and Mrs. Wilfred Pollard of Block Island were in town to spend the holidays with Mrs. Pollard's father, Thomas Greenwood of South Second avenue.

LIQUOR LAW VIOLATOR FINED AND SENTENCED TO JAIL FOR 10 DAYS

Pleading guilty to violation of the liquor law, Paul Lemoine was fined $200 and costs and given 10 days in jail when his case came up at the Monday morning session of the city court. Lemoine was one of the two men arrested Christmas Eve by the local police. The place he was doing business in was at No. 461 North Main street, in the building known as Union hall. Saturday night a squad of police headed by Sergt. Matthew Delaney armed with a warrant, suddenly descended on Lemoine's place and found liquor evidence in the shape of two pint bottles containing liquor. The bottles were seized and so was Lemoine.

When the liquor law violation case against Dominic Falcone, 23, was called, it was continued until Saturday at the request of Falcone's counsel. Falcone was not present at the court session. He is at liberty on a bond of $1,000.

Falcone was arrested Saturday night following a raid on his place of business at No. 43 North Main street. The raiding squad, headed by Sergt. Matthew Delaney, seized two pint bottles containing alleged liquor as evidence that the liquor law was being violated.

Three men were presented before the court on charges of intoxication. All three were fined $5 and costs.

HOSPITAL PATIENTS HEAR CATHOLIC CHURCH CHOIRS

A well arranged musical program of a high order of excellence was given by the choirs of St. Patrick's and St. Mary's churches at Backus hospital on Monday afternoon, under the auspices of the Connecticut Council of Catholic Women. The committee in charge was: Mrs. Thomas J. McVeigh, chairman, Mrs. James Purdon, Mrs. Roderick F. Sullivan, Mrs. Thomas J. O'Rourke, Mrs. Joseph F. Burns, Mrs. Frederick LaFontaine, Mrs. Louis Combies, Mrs. Carl Welte and Mrs. John R. Tarrant.

In particular, the Christmas carols brough much joy to patients and staff as sung by the male chorus of St. Patrick's choir, under the direction of Henry J. LaFontaine. The chorus comprises Walter F. LaFontaine, Matthew J. Sheridan, James N. Casey, Louis J. Grover, John P. Kelly, William Shannon, Frank R. Murdy and Henry J. LaFontaine. The program included: Benedictus, La Hache, chorus; Holy Night, Adam, Frank R. Murdy; Adeste Fideles, Novello; Away in a Manger, Luther; We Three Kings, Hopkins; Silent Night, Franz Gruber; Gesu, Bambino, Yon; O, Little Town of Bethlehem; Crucifixus, from Mass of St. Thomas; It Came Upon a Midnight Clear, Willis.

Adeste Fideles, Novello, was sung by the double quartet from St. Mary's choir; Agnus Dei, G. Bizet was sung by Edward T. Connelly; With All Your Hearts, with Recitative from Elijah by Nicholas J. Spellman; Sanctus and Benedictus from Gounod's St. Cecelia Mass, by Edward T. Connelly and choir; the Angels' Song, Dressler, Mr. Connelly; Mid-Winter's Snows, by choi.

The singers were: Sopranos: Mrs. John Marshall, Miss Josie Hartle; altos, Miss Catherine Brennan, Miss Thresa Portelance; tenors, Edward T. Connelly and N. J. Spellman; bass, John Keenan and Joseph Portelance. Mrs. M. J. Farrell is organist and director of St. Mary's choir.

PLAINFIELD DESCENDANT IS 101 AT SEATTLE, WASH.

A Seattle paper of Dec. 14th said: There is one woman in Seattle who isn't afraid to tell her right age. She's proud of it. For she was 101 years old Tuesday.

Mrs. N. E. Herlinger of 1427 W. 62d street, lighted the 101 candles on a beautiful tiered white cake and cut the slices for her friends.

In the 36,866 days she has lived, Mrs. Herlinger has seen the development of the telegraph, of matches, electricity, telephones, automobiles and radio. She was one of the pioneers in Minnesota in 1885, and came to Seattle 22 years ago.

"When Minnesota became a state, it took eight days for the news to get there from Washington, D. C." she remembers, "and now somebody would broadcast it on the radio and we'd find our immediately. I'm just waiting now to find out what the next invention is to be."

Friends of Mrs. Herlinger gathered at her home Tuesday to congratulate her and brings flowers and gifts of all kinds. Wednesday her chapter of the Woman's Relief corps was to give a special party for her.

She can play the piano and sing.

Mrs. Herlinger has two daughters, Mrs. C. W. Chandler and Mrs. E. J. Gove; two grandchildren and five great-grandchildren.

And at the rate she's going now, she expects to enjoy many more happy birthdays.

This story recalls the fact that some time within the year John Troland, of Winchester Place, Norwich, gave to Faith Trumbull chapter, D. A. R. a copy of Year Book of Seattle chapters, sent him by Mrs. Cyrus W. Chandler of that place, which contained data of all the D. A. R. chapters in the state of Washington.

Mrs. Herlinger's paternal ancestor was George Hopkins of Plainfield, Conn., and her mother a daughter of George Hopkins and Nancy Davis Hopkins, of Plainfield, and through him she holds her title to the revolutionary stock. The homestead of George Hopkins and the family burial place containing their remains even today is in possession of a descendant Deacon Charles E. Hopkins of the Packerwille Baptist church. Recently Mr. Troland gave to the D. A. R. here, a snapshot of the centenarian lady and this and other data is to be found and seen in the museum at Norwich Town.

The late Mrs. John Troland was also the second in descent from George Hopkins and Nancy Davis.

SUB BASE TO LAY OFF 35 CIVILIANS

The number of unemployed in New London will be increased by about 35 men on Jan. 1 as the result of notice issued to that many by the public works department at the Submarine Base that after that date their services will att least temporarily be disposed of. The reason for the lay-off is because of the lack of funds on hand to pay the men.

Appropriations for carrying on the work done by the public works department at the base are made every three months and the lack of appropriations for the period beginning Jan. 1 has made necessary a curtailment of expenses. There are about 100 men ordinarily employed by the public works department, including 35 who were added to the force when the power plant was taken over by that department from the navy proper. Most of those who will be laid off are laborers who are normally engaged in work of building roads and general maintenance to the various buildings at the reservation.

Gets Judgment of $585

Judge Charles B. Waller of the court of common pleas has handed down a decision awarding Orazio Perrone of New London $585.58 against Samuel Turello, doing business as Turello Bros., of New London. Perrone sued for screened sand, cinders and gravel sold by him to Turello Bros.

RAIL CONDITIONS IMPROVED DURING THE PAST YEAR

More than $1,141,000 was spent in dining and buffet cars on railroads operating in Connecticut during 1926, according to the 16th annual report of the state public utilities commission. This amount is an increase, of $89,164.35 over that received from this source in 1925.

The five operating railroads, and three non-operating companies which are under the jurisdiction of the state public utilities commission represented an investment in road and equipment of $350,523134.51, in 1926, an increase during the year of $2,194,397.45. No new capital stock was issued by any of these companies during the year. The long term indebtedness of such companies was increased practically $300,000 according to the report.

Special consideration was given to grade crossings of railroads and highways in the annual inspection of steam railroads the report states. In general, an improved appearance is noticeable in the stations and buildings, due the commissioners say, to constantly following a painting program. Wooden intertrack fences have to a large extent bene replaced with iron.

The railroad tracks as a whole are reported as being in good condition. The Central Vermont railway and some of the branches of the New York, New Haven and Hartford company, showed marked improvement over the previous year, due to the laying of heavy rail and ballasting.

There are nine telephone companies which are under the jurisdiction of the commission and make reports to it, six of which operate under Connecticut charters. The combined financial statements of the telephone companies included in the report include those of the American Telephone and Telegraph company and the New York Telephone company, both of which report to the commission because their operations extend to this state, although nearly all their business is carried on outside Connecticut.

The assets of the five companies Dec. 31, 1926, were $2,594,227,687.54 of which $1,517,137,794.05 was investment securities and other advances, and $878,892,471.69 in fixed capital. During the year investment securities had increased in value $114,662,133.68 and fixed capital increased $99,504,601.28, forming part of a total increase of $253,672,522.98 in telephone company assets. The greatest increase in liabilities of the five companies during the year was $244,853,244.48 in capital stock. Long term debts of the companies were reduced by $51,866,884.47.

Slightly more than half of the $282,059,946.15 received by the companies in operating revenue came from exchange service, which is between 40 and 50 per cent greater than toll service revenue. Customers paid $149,103,662.52 for exchange service, $106,494,641.81 for toll service and $4,172,130.95 for miscellaneous direct operating revenue. The remainder of the operating revenue, $32,289,510.84 is classified as license revenue. Exchange service revenue in 1926 increased $15,254,106.97 over 1925, toll revenues increased $11,488,332.90, miscellaneous direct revenues $782,677.55 and licensee revenue decreased $27,128,421.42. Operating expenses of the companies in 1926 were $18,842,307.81 over the previous year. The net income of telephone companies was $146,126,913.95, of which $112,593,815.50 was paid in dividends.

Thirty-two public utilities, five of which are operated by municipalities, constitute the electric companies covered by the report. The combined surplus of these companies at the end of the year 1926 was $3,271,234.32, a decrease of approximately $2,928,000. This decrease is largely a result of the transfer by the United Illuminating company of its surplus to its capital ports.

There has been an actual increase in the amount invested in fixed capital of electric companies of $3,167,275.05, fixed capital to the amount of $2,152,451.16, heretofore applicable to the electric companies, having been transferred to the gas and electric class of utilities through the merger of the several electric companies with the Connecticut Light and Power company.

Cities and towns spent $268,724.27 for street lighting in 1926, a decrease of $344,517.05 from the 1925 figure.

Prepaid gas sales in the eight companies in the state engaged solely in the manufacture and distribution of gas for light and heat decreased $277,481.47 during 1926, there being approximately $930,000 received in revenue from this source. In the gas companies, too, municipal street lighting revenue decreased, the amount in this case being $2,439.20.

But one municipality in Connecticut, the city of Norwich, carries on both gas and electric operations the commission's report shows.

There are 14 utilities in all, classed as gas and electric utilities listed. The Bristol and Plainville Electric company, previously classed as a street railway company, was transferred to this class in the present report of the commission, its operations being more particularly identified with this group.

The total assets of all such companies are $66,231,536.12, an increase over the previous year of $28,364,218.50. Of the $19,152,486.15 apparent increases in fixed capital, $2,315,682.23 represents an increase caused by transfer from the street railway class to this class of utilities of the investment of the Bristol and Plainville Electric company.

SEN. BURROWS MENTIONED FOR FEDERAL JUDGESHIP

The Hartford Times, in a recent editorial, makes the following observance anent the candidacy of State Senator Warren B. Burrows of Groton for appointment to the new federal judgeship:

"State Senator Warren B. Burrows of Groton and New London is now being talked of as a possible candidate for the new federal judgeship in the Connecticut district. He has abundant capability for the office, but if nominated would be the most nervous judge in New England during the hunting season. We have no member of the bar more ardent in the chase or more adept in knocking down a brace of partridges one-quarter of one second after."

BASIC LAW OF THE UNIVERSE IS LOVE TO GOD

The basal law of the universe is love to God with all the heart and mind and strength said Rev. S. H. Howe, D.D., in his message Sunday morning to the congregation at Park Congregational church, Matthew, 11:3, "Art thou He that should come, or do we look for another?" was Rv. Dr. Howe's text, and in his sermon he said:

Does it matter what we think or does it matter? But how we act. But we act as we think. It matters what we think of gravitation when we step off a precipice, what we thing of nevigation before we engage our passage—is the vessel sound and the navigator skilled? Or what we think of the soil before we sow the seed.

Or what we think of the rigor of law before we defy it. Mr. Chesterton was right when he said he didn't ask the lanlady the price of her rooms, but what she thought of the universe. We may well raise the question today. What do we think of God or of Jesus Christ or of Christmas? What are we celebrating today? Why exchanging felicitations?

Do we make this ado over the birthdays of our national heroes, or over our poets, our artists, our philanthropist? Why this ocean of gladness that it billowing over the world today? Who is this Jesus Christ who came to us on the first Christmas day? Another man child who would reach a little provincial destination? Or was it God bursting into this sea of humanity whose sins and miseries are a sea without bounds, calling for a diverse redemption help that no mere human hand can bring. God manifest in the flesh, seen of angels, believed on in the world, dying on a cross, received up into glory. Out of sight but perpetually with us, Emmanuel revered, loved, and adored by millions in the past and in the present and will be in the future until the end of time.

John's question is rich in its suggestions and implications, even though the translators may not have been exact. "The one who should come"—conveying the ideas of necessity and of propriety and fitness. There is the element of inevitability. God being what He is, the Incarnation and the whole redemptive system must be.

The first factor in the problem was and is the hunger of the universal heart for God. The old idolatries were the expression of this world-hunger. You may visit the ruins of ancient temples and religious shrines drawn by your interest in the beautiful and massive temples of Luxor and Karnack, and of Baalec, of Athens, of Rome. To me they are the expression of the world-hunger for God, and a faith in a power in the high heavens with which humanity held direct relations. They enfroce the inference that God will come, must come and meet this universal hurt and hunger of the world. What would a human parent do but heed the cry of the children out in the dark, but hunting for the key to the gate of the lost Eden? Was it not in the range of the compelling proprieties that God should come and take on His heart and hands this remedial redemptive work, though it led to a cross of sacrificial love? The time was wholly fitting. The race had tried all its experiments and expedients and failed in the work of self-recovery. Was it not fitting that He should come to the throne in all human hearts and occupy it as He did, from which He has reigned through the gnerations following and to be.

But the coming one must come for self-revelation. The basal law of the universe is love to God with all the heart and mind and strength. But we must know and have vision of the wealth of love in the heart of the beloved. Your friend must reveal his heart to you before you can love. Wrapt in the folds of reserve and aloofness he can never win your love. And a God unrevealed, non-resident, an absentee God dwelling back of Sirius and Orion can never get this primary affection of human hearts. He must come near. We must hear His footfalls on our planet. He must come to us. He must bring a sacrificial love that can suffer with us and for us. If He asks our love He must come. There is the element of coercion and compulsive power. No one can love a distant God, a Deistical Being withdrawn from His creation. We must have a God with us, coming in meekness and true humility, taking the form of the servant obedient unto death, even the death of the cross.

And this solves all questions and resolves all mysteries. It was this the angels sang the Gloria over. They must have watched the sad and sinful generations with wondering bewildered eyes. How can this race having lost its way in sin find the end of its long travail? The tears of compassion must have furrowed their faces; but when they looked into the manger and saw God on the scene they broke into orchestral song till the hills of far off Tekoa and the Judean wilderness echoed to their joyful acclaim. Angels had come on ministries of service to man and not a note of acclaim had been struck—but the Bethlehem Babe loosened their ecstatic tongues and they sang a better song than that heard over the original creation when the morning stars sang together and the sons of God shouted for joy.

But John's question is not complete. He failed in the earlier stages of Christ's career to grasp the situation. "Art thou He that should come or do we look for another?" After his own convulsive, revolutionary but hectic ministry, he could not understand his Master's method of procedure. He made the mistake of misinterpretation, blundered like all the rest of us in diagnosis. When Jesus Christ came to the front of the stage John should have retired into the background and ceased his denunciatory outcries. He should have closely allied himself with the new prophet and taken orders from Him. But it is hard to drop out of leadership into the ranks, and follow after we have led, and so we finding him anticipating Nietzsche and Mr. Wells in suggesting the superman. He thought Jesus should take this revolutionary role and send fire upon the earth. But that sort of superman was not for that age or for ours.

Jesus was superman and would win His kingdom, but not with the flail or mace of compulsion. He was the Truth, the Revealer of God and of human destiny. He would conquer the world by sacrificing Himself for the world. His words, His teachings were to capture mens' hearts and mould their characters. He was to be the uncopyable utterer of Truth. No human utterances have so searched the human heart. No attempt to imitate them has succeeded. Bonventura tried to reproduce His unrecorded prayers and made himself ridiculous. A Kempis tried it in his "Imitation" and failed. The great Milton attempted it in his "Paradise Regained," but dropped into sheer banality. Compare the whole of them with the majestic speech of the four Gospels and they blanche and fade into sheer insignificance. The successful dramatists and historians have been content to use His golden speech without attempting to imitate. And when it comes to reproducing His work and His career the failure has been complete. They have not succeeded in making a manger a sacred shrine. They have not copied His miracles. They have not drawn the populations of great cities to greet and welcome His approach. They have not glorified a felon's cross and put it on the steeples of a million churches. They have not died and risen on the third day. They have not filled the world in all the centuries with their names nor passed a regenerative force into the hearts and lives of the multitudes which no man can number, and make men capable of gaining all the white purities.

Until such men appear we will hold our loyalties for Him who loved us and washed us from sin in His own blood and made us Kings and Priests unto God, and to Him be the glory world without end.

HOME AFTER 11,000 MILE TRIP THROUGH COUNTRY

State Treasurer and Mrs. Ernest E. Rogers have returned to New London after an 11,000 mile trip that took them into nearly every state in the Union. Mr. Rogers made the trip in his official capacity as president general of the Sons of the American Revolution and was the guest of honor at nearly 50 banquets arranged by state and local branches of the society throughout the country. The trip had been mapped out for the state treasured far in advance by the executive committee of the organization and it required more than three months to complete the tour. Mr. and Mrs. Rogers left New London on October 15.

The itinerary carried them as far north as Minneapolis, Minn., and Seattle, Wash., to the south as far as New Orleans, La., and St. Petersburg, Fla. San Francisco, Los Angeles and San Diego were other points on the west coast which they visited. Chicago, Cleveland, Denver, Washington, D. C., were some of the other more important cities in which they were officially welcomed, and the state treasurer's diary shows that he made more than 60 addresses in various cities of 25 states.

While the trip was made primarily in the interests of the organization of which Mr. Rogers is the head, he found time to observe business conditions in the various places that he visited and said from the first hand information which he obtained he is convinced that the entire country is riding on a high wave of prosperity and that the general economic situation confronting the nation is stable and healthy. Being a former president of the Connecticut chamber of commerce the state treasurer said that while not a little time was spent in observing systems and methods in use in chamber of commerce work in the middle ann far west, he had been unable to find that the Connecticut chamber suffered any in comparison. He found that the traditions of Connecticut, its resources and manufactures were well known to the rest of the country and said that it gave him considerable pleasure to be able to extol the attractions of the old nutmeg state.

Treasurer Rogers said that he carefully refrained from mixing politics with the original purposes of the trip and said that while he kept his ear to the ground in an effort to learn the political sentiment of the other sections of the country, he steadfastly refused, when interviewed by newspaper men, to discuss the situation as he found it.

While in Chicago, the former senator said, in his capacity as president of the Sons of the American Revolution, he was asked by newspaper men to express his views on the drive that Mayor "Big Bill" Thompson of that city was making against what the latter termed "British propaganda" in the teaching of history in the Windy City schools.

"I told the newspaper men, "Treasurer Rogers said, "that I believed that Chicago and Chicagoans had always been able to furnish their own headlines and I saw no reason why a tender-footed easterner should attempt to steal their thunder."

The head of the Sons of the Revolution refrained from commenting on the subject over which a serious controversy has arisen.

While in Washington, Mr. Rogers called on President Coolidge to invite him to attend the annual congress of the Sons of the American Revolution which will be held in the Capitol City next spring. The state treasurer said that he and the president had something in common and that his visit proved highly interesting. The president, Mr. Rogers made known while a senor at Amherst college, won a prize for submitting the finest essay on the subject The Cause of the American Revolution, and has always been an ardent student of colonial and Revolutionary history. These are subjects that are also very close to the heart of Treasurer Rogers and he said that he and the chief executive had a very enjoyable chat.

Mr. and Mrs. Rogers also took occasion, while in Washington, to visit United States Senator Hiram Bingham, Congressman Richard P. Freeman of New London, and other members of this state's congressional delegation. The state treasurer spoke before the District of Columbia society, and before leaving Washington he made a trip to Mount Vernon where he placed a wreath on the tomb of George Washington.

The long trip proved very interesting and instructive. Mr. Rogers said, but added that after all "there is no place like home."

A Christmas tree laden with gifts was waiting in the vestry to which the children marched for the remainder of the program. This included the distribution of gifts and candy.

FEAST OF THE NATIVITY OBSERVED IN THE CHURCHES

The beautiful weather Christmas day attracted large congregations to the three Norwich Town churches. All congregations listened to special sermons by the pastors and enjoyed the Christmas music arranged by the organists. There were attractive floral decorations combined with evergreens.

At the First Congregational church, small cedar trees were banked in front of the pulpit platform intermingled with Jerusalem cherry trees along the border of the platform and twined around the pillars at the side. On the side lights and window seats, mountain laurel was used. The decorating was done by several members of the church. In his Christmas sermon, the pastor, Rev. Gurdon F. Bailey cohse for his text, Luke 2:15.

Although not yet completed, the organ, which for some time has been in progress of rebuilding, was used for the first time Christmas morning by Organist Herbert L. Yerrington.

Rev. Mr. Bailey was assisted during the morning worship by Rev. Charles E. Reeves, who read the Scripture lesson and offered prayer.

Three masses were celebrated at Sacred Heart church Christmas morning by the pastor, Rev. Edward J. Quinn, with a large attendanc at all, and many communicants. The singing at the 6.30 mass and at the high mass at 10 o'clock was by the senior choir, the solo parts being sustained by Miss Mary Buckley and Henry Jarvis, also by a former soloist at this church, Mrs. Morgan Cronin, of Norwich. Hanna's high mass was sung at 10 o'clock. The junior choir sang in pleasing voice the Christmas hymns at the 8.30 o'clock mass, under the direction of theorganist, Mrs. William A. Murphy.

Rev. Father Quinn read the gospel of the day from St. Luke, second chapter. Prior to his sermon, he wished his parishioners a Merry Christmas. Conspicuous at the gospel side of the altar was a reproduction of the Christ Child's crib. The altar was elaborately decorated with a quantity of calla lilies, carnations, roses, poinsettia and evergreen wreaths. Palms were arranged abouthe sanctuary. Benediction of the Blessed Sacrament followed the mass. Every family of the parish received a large handsome calendar for 1928 on the face of which was a beautiful holy picture entitled "Adoration of the Shepherds."

Previous to his service at the First Congregational church, Sunday morning, Rev. Gurdon F. Bailey gave a Christmas talk to the patients at Norwich State hospital. The musical part of the hour was given over to the patients who sang several Christmas carols.

During morning worship at the First Methodist Episcopal church, when the pastor, Rev. Albert E. Whitten, preached from Isaiah 9:6-7, Miss Doris Estelle Rose was in charge of the music, substituting for the organist, Mrs. Lewis Aldrich. As an organ prelude, Miss Rose played a Christmas medley. At the offertory Mr. and Mrs. Irish sang as a duet Silent Night.

Under the direction of Mrs. George Manning, assisted by Mrs. Harry Cripps and Mrs. Harold Rose, also members of Mrs. Manning's Sunday school class of young men, the church was attractively decorated. A rope of evergreen caught in the center with a large evergreen star, was arranged at the rear of the pulpit. In front of the pulpit was a small arbor vitae Christmas tree decked with tinsel and numerous electric bulbs lighted during the service. A rope of evergreen was twined around the chancel rail and caught with an evergreen wreath tied with scarlet ribbon. The decorations will remain until after the Christmas tree entertainment of the Sunday school this (Monday) evening.

Mr. and Mrs. James F. Connolly of Sentry Hill entertained informally Christmas eve, when a few friends were invited in to listen to a radio concert just before midnight while seated at a table lighted by blue and orange tinted candles. Mrs. Connolly assisted by her daughter, Miss Margaret Connolly, served a delicious luncheon to those present. The time was devoted chiefly to Christmas carols and special services carried out in some of the larger New York churches, in recognition of the birthday of our Lord and Saviour Jesus Christ.

HICKMAN TO BE ARRAIGNED FOR MURDER ON THURSDAY

Slayer Was Lodged in the County Jail at Los Angeles Without Any Mob Demonstrations—A Crowd of About 4,000 Persons at the County Building Seemed Impelled More by Curiosity Than in Any Intent to Attempt Violence—The Confession Made by the Youth Probably Will Be Presented at the Arraignment Thursday—Hickman Said Last Night That He is Going to Plead Guilty.

LOS ANGELES, Dec. 27.—(AP)—Brought safely back to the city where less than two weeks ago he murdered Marian Parker, 12-year-old school girl, and dismembered her body, William Edward Hickman was in the county jail here tonight awaiting arraignment next Thursday on a charge of murder.

Despite the intense public feeling aroused over the kidnaping and killing of the Parker girl, there were no outbreaks today when Hickman was returned from Pendleton, Ore., where he was captured last week. No effort was made to seize him from his guards on the way from the train to the jail.

A crowd of about 4,000 persons had gathered about the county building when officers arrived with Hickman. The throng, however, seemed impelled more by curiosity than any intent to attempt violence.

No demonstration occurred although there was a surge forward against police lines when the prisoner was taken from the motor car which bore him from the train and hurried into the building.

Precautions taken by the police left little chance for any possible mob action to succeed.

The train which brought Hickman from the north was stopped in the downtown district at Jackson and Alameda streets and he was hustled into a police car manacled to two detectives. Convoyed by other police cars, the automobile in which Hickman rode took a roundabout route to the county building and the caravan attracted little attention.

While squads of police kept a lane opened in front of the entrance to the county building, the two detectives to whom the youth was shackled made a dash for the doorway, literally dragging their prisoner. In a moment Hickmon was safely within.

As Hickman was pulled inside, one of the swinging doors struck him in the face and he cried out. He was placed on an elevator and taken immediately to a cell.

Within less than two hours after his arrival, the youth was brought before Superior Judge Carlos Hardy for arraignment, upon motion of District Attorney Asa Keyes, a postponement was granted until 2 p. m. Thursday.

The delay was granted to permit the arrival of Jerome Walsh, Kansas City attorney, retained by the defendant's mother, Mrs. Eva Hickman, of Kansas City, to direct her son's defense. Walsh, the son of Frank P. Walsh, prominent attorney of Kansas City and New York, is 25 years old and the youngest member of the Missouri legislature.

After facing Judge Hardy, before whom he appeared last summer on a forgery charge, Hickman was sent to a cell on the 12th floor of the Hall of Justic building.

Crowds intent on catching a glimpse of the young slayer gathered at stations and cross roads as the train on which Hickman was returned neared Los Angeles. All were orderly.

About 1,000 persons at Glendale cheered Tom Gurdane, chief of Police of Pendleton, Ore., and Buck Ireualen, Oregon state traffic officer, who captured Hickman.

The confession obtained from Hickman by District Attorney Keyes, in which the youth admitted he had no accomplices in the kidnaping and slaying of the Parker girl probably will be presented at the arraignment Thursday.

HICKMAN SAYS HE IS GOING TO PLEAD GUILTY

LOS ANGELES, Dec. 27.—William E. Hickman said tonight he would plead guilty when he is arraigned Thursday for the kidnaping and murder of 12-year-old Marian Parker.

"Even if the lawyer engaged by my mother tells me to plead not guilty, I will refuse to do it," he said. "I said I'm going to plead guilty and I mean it. The officers have my story all down in writing, anyway—and I signed it. And I told everything I knew. I can't see where that lawyer will be much help now.

"But all I expected to have was the public defender," he continued. "I don't want my trial to be too speedy. All I ask for is fair treatment and I'm getting that."

Despite his statement, members of district attorney's office said they would not be surprised if Hickman pleaded not guilty.

Reports that the youth had been intimidated or beaten into confession were denied by him.

"Everybody treated me squarely," he said. "I have no cause to complain."

He reiterated a previously expressed desire to meet Perry M. Parker, the father of his small victim, face to face.

"If Mr. Parker wants to see me and talk with me, I'll see him and talk with him," he said. "I have nothing to hide. I will tell him everything in detail—just as I told it in my confession."

HICKMAN CONFESSION WAS WITHOUT IMMUNITY PROMISE

LOS ANGELES, Dec. 27.—(AP)—William E. Hickman confessed the killing of Marian Parker without any promises of immunity, Herman H. Cline, chief of Los Angeles detectives, said tonight.

The slayer decided to confess after being questioned for five hours Sunday morning on the train carrying him to Los Angeles from Pendleton. Cline said. Hickman concluded he would "adopt the Leopold and Loeb program," in which the slayers of Bobby Franks pleaded guilty at Chicago. Leopold and Loeb were given life terms.

On Monday morning Hickman wrote in long hand a 19 page confession of the slaying and six pages outlining his motive, Cline asserted. The slayer had asked only, he added, that a copy of his confession be placed in the hands of the judge in his case.

HAS DEVISED PLAN FOR RAISING SUNKEN SUBS

TERRE HAUTE, Ind., Dec. 27.—(AP)—R. B. Kellogg, superintendent of the Dresser super-power plant of the Indiana Electric corporation here, and a former navy engineer, has devised a plan for raising sunken submarines which, in his opinion "would prevent many lives being uselessly lost in the future."

Mr. Kellogg declared that the plan is simply to employ the main engines of large battleships as derricks or hoists. All rigging necessary is found on all battleships, he said.

"The plan," he continued, "contemplates clamping the end of a steel cable to one of the main propeller shafts immediately aft of the main engines. The other end of the cable would be let out through a hole in the side of the ship immediately above the armor belt and over a steel wheel or sheave.

"The cable would be made fast by divers to noses or bridles around the bow and stern and other portions of the submarine being raised.

"The engines of the battleship would be slowly started, winding the cable into the shaft and the most powerful derrick in existence would be in operation. The submarine could be hauled up alongside of the ship within a few minutes' time."

Mr. Kellogg estimated that a submarine could be raised eight hours after the arrival of a battleship on the scene.

FIRE DAMAGE OF NEARLY $500,000 AT BOLLING FIELD

WASHINGTON, Dec. 27.—(AP)—A fire thought by army officials to have started from defective wiring or an over-heated hot water heating system, did damage estimated at slightly less than half a million dollars today at Bolling field. The blaze was confined to the air corps and quartermaster warehouse where $5,000,000 worth of service uniforms and airplane parts were stored. No planes were in the warehouse.

The goods destroyed were mostly quartermaster supplies, including uniforms for 250 men, airplane wings, motors, and other parts.

A board of inquiry was appointed to investigate the fire.

SOLDIERS FROZEN TO DEATH IN PERFECT MARCHING ORDER

BELGRADE, Jugoslavia, Dec. 27.—(AP)—Clutching their rifles and in perfect marching order, the dead bodies of seventeen soldiers, frozen in the cold wave a week ago, were discovered today when the snow melted along the railway to Nish. Huge snow drifts had prevented a search for them before today.

NAVY DEPT. RECORDS THE DEATHS OF ALL OF S-4 CREW

WASHINGTON, Dec. 27.—(AP)—The Navy department completed the records of the crew of the S-4 today by recording the deaths of all on board. At the same time Secretary Wilbur sent the following message to the next of kin of each man:

"With the official announcement by the Navy department of the death of all persons who were on board the ill-fated S-4 at the time of her disaster, December 17, 1927, salvaging of which will be pushed with all possible speed, I desire to offer you my own personal and heartfelt condolence over the tragic death of your gallant kinsman, a member of her crew.

"Please accept on behalf of the officers and men of the navy our deepest sympathy. We share with you in the sense of personal bereavement. We trust that you may find comfort in the thought that he died at his post of duty and hope that your grief may be assuaged by him who controls the eternal destiny of us all."

LINDBERGH TO HOP OFF FOR GUATAMALA TODAY

MEXICO CITY, Dec. 27.—(AP)—Away on another aerial voyage of almost 3,000 miles to the Central American capitals, Colonel Charles A. Lindbergh, who brought a message of good will and amity from the United States to Mexico, will take off for Guatemala City soon after dawn tomorrow morning.

The "Spirit of St. Louis" is ready, the airman is anxious to be aloft again, and he hopes to traverse the intervening space between the two capitals, a distance of a little less than 800 miles, in nine hours. To accomplish this he must cross dangerous mountain ranges, and will fly high.

Mrs. Lindbergh, his mother, will see him go and, soon after, will disappear into the cabin of the tri-motor Ford plane, which brought her here, for her return journey to her homeland.

DOLLY SISTERS ARE TO RETIRE FROM THE STAGE

NICE, France, Dec. 27—(AP)—The Dolly sisters announced today that they have decided to retire from the stage and to spend most of their time on the Riviera.

They had intended to retire next year, Yanca Dolly said today, but the illness of Roszika, who has been under the care of four doctors at a local hotel caused them to decide to announce their immediate withdrawal. Roszika suffered from an intestinal poisoning which prevented her taking food, but this is now cleared and she is slowly regaining strength, but probably will undergo an appendicitis operation when sufficiently recovered.

The sisters have long been headliners as a singing and dancing team.

Tilson Prominent For Vice President

The Washington Star Puts Tilson at Head of List of Potential Candidates.

(Special to The Bulletin.)

WASHINGTON, Dec. 26 — The Washington Star in a summary of potential vice president candidates puts Hon. John Q. Tilson of Connecticut at the head of the list. Commenting on the personal characteristics of Col Tilson the Star says:

Tilson, John Quillin, republican floor leader of the house of representatives. A shrewd east Tennessee mountaineer turned into a canny Connecticut Yankee. Took the simplicity of Clear Branch, Tenn., with him to the frugal bareness of the life of a student working his way through Yale. Thinks this country has plenty of ways up for the poor boy. Is not given to any great plans for making everything different by new laws. Served in the Spanish-American war in 1898 and also on the Mexican border in 1916 and is now in his ninth congress. Is a lawyer. Is hardworking, thoroughly informed, very wide awake, strong on details, pleasant in manner, well liked, not very stern or ruthless, more given in his leadership of the republican majority in the house to persuasion than to coercion. Sixty-one years old.

MAY BE CHARGED WITH KIDNAPING A TEACHER

MANLY, Iowa, Dec. 27—(AP)—Miss Pauline Thompson, 20 year old school teacher of Unionville, Missouri, and Joey Reynolds, were located here today, after a search by authorities through Iowa since yesterday.

Reynolds is held in jail at Northwood, awaiting officers from Centerville, where it is expected charges of kidnaping will will be placed against him.

Miss Thompson, kept a virtual prisoner since Monday afternoon when Reynolds forced her into his automobile at her school between Unionville and Cincinnati, Iowa, tonight was started back to Des Moines, where she was to be met by her parents.

The girl at first declined to file charges against her alleged abductor, declaring she wanted the matter dropped, but when she was told Reynolds claimed to be engaged to her, she declared:

"If that's what he claims, you can do anything with him."

Reynolds told Manly authorities that he had lured the girl from the school by exhibiting a revolver and declaring he had killed her brother-in-law and was going to leave the country. Frightened, the girl entered the car and was driven northward.

The abductor headed for Mason City, Ia., and spent last night in a farmer's yard near there, he told officers. This morning he drove through here and thence north across the Minnesota line.

Soon afterward, he admitted, he said, that his story of slaying the girl's brother-in-law was merely a device to get her away from home. Upon being told that he could "shoot her, or anything," but she would not marry him, he turned southward and stopped in Manly.

After learning from an afternoon newspaper of the excitement caused by her disappearance, Miss Thompson entered the Manly hotel and telephoned her parents, who reside near Unionville, Mo.

Overhearing the telephone call, hotel employes notified the town marshal, who arrested Reynolds.

WOMAN SHOT IN CROWDED MACARONI SHOP IN HARTFORD

HARTFORD, Dec. 27—(AP)—Mrs. Frances Michali, 35, of 182 Temple street was shot in the left forearm at 7.30 p. m., tonight ni the macaroni shop at 501 Front street. Police are holding Raymond Guipa, 56, of 514 Front street, who police say, accused the woman of encouraging Michali's 18 year old daughter Frances, to elope with her lover, a boarder at the home of Mrs. Michali. The girl failed to return home after work today and her suitor, Joseph Scarevello, likewise is missing.

Entering the store, which was crowded at the time, Guipa walked up to Mrs. Michali and exclaimed fiercely, according to witnesses:

"You are going to die."

He drew a 25 calibre automatic pistol from his pocket and fired point blank at the woman who made a dash behind a counter, police say. Joseph Caracciolo and his wife Marianna, who conduct the shop, seized Guipa and held him until Policeman Daniel McCarthy arrived and disarmed him. It was said that Guipa attempted to fire the weapon repeatedly but either because the pistol jammed, or because Guipa was unfamiliar with the safety devices on the handle, it failed to discharge. One steel capped bullet was in the chamber and four were in the magazine when the pistol was examined at the police station.

FIELD MINSTREL SHOW CLOSED AT WILMINGTON, O.

COLUMBUS, O., Dec. 27—(AP)—Closing of the Al G. Field minstrel show at Wilmington, Ohio, was today described as "only temporary" by Mrs. Edward Conrad, daughter of the late minstrel king and part owner of the show.

Mrs. Conrad, who with her husband is in charge of the minstrels, said that reports from Wilmington giving the impression that the career of the troupe was at an end were erroneous.

"Because of difficulties encountered in booking theatres for the show, we decided to close for the time being," she said. "It is probable that we will put the troupe in vaudeville until more satisfactory bookings can be made."

The troupe was organized forty one years ago by Al G. Field, who formerly had been in the circus business. Upon his death seven years ago, the daughter and her husband became owners.

HEROIC SERVICE MEDALS FOR PENN. ROAD EMPLOYES

PHILADELPHIA, Dec. 27—(AP)—Heroic service medals will be presented to nine employes of the Pennsylvania railroad by President W. W. Atterbury tomorrow. The company's higher executive officers will attend the presentation ceremony, which will be part of the regular meeting of the directors.

Heroic service medals are tokens of the company's official recognition of acts of valor by employes outside the regular line of duty.

England Beset by Blizzard and Gales

Snow Drifts as High as 12 to 16 Feet Reported—Heavy Damage in Coast Towns.

LONDON, Dec. 27—(AP)—It has been fortunate for King George's subjects, snowed up in a most unprecedented manner this Christmastide, that the fates decreed that his majesty, as though in prescient anticipation, should have proclaimed one extra day national holiday. This extra day has been a real boon, not only for humble workers, to enable them to stay at home until the worst aspects of the blizzard were partly obliterated, but also for the wealthier classes marooned in distant parts of the country by snow-clogged roads, impassable for motors.

By the time business resumes tomorrow, locomotion, at least in the towns and cities, will again be possible without extreme discomfort, such as was experienced yesterday and today. Though the blizzard continued in some of the southern and eastern sections of England this afternoon, a sharp frost set in tonight and the snow ceased.

Many stories are coming to hand of automobiles, omnibuses and other vehicles stranded in the country roads in huge snowdrifts, remote villages isolated and suffering from lack of food supplies, of farm animals needing to be dug from the drifts; while the strange sight was witnessed, even in London, of adventurous souls walking the streets on skis and snowshoes.

In a few short days England has experienced rain and snow, a silver frost and a blizzard. In some distant places drifts as high as 12 to 16 feet are reported. For a day or two there was skating on the ice that covered the roads and the streets of many towns, and the hospitals attended to hundreds of cases of fractures and bruised limbs in London alone.

The coast towns have suffered severely from the force of the gales and conditions prevailed today on the French, as well as the British shores of the channel, which compelled stoppage of various sea and air services. There is still danger of serious floods in the Thames valley and elsewhere when the snows melt.

Although there has been a large number of minor accidents and a few deaths, no accidents at sea or on the land are reported involving a heavy death toll.

COMMUNICATIONS LINES IN FRANCE HARD HIT BY STORMS

PARIS, Dec. 27—(AP)—Communication lines in France have been hard hit by storms which are general along the coast and scattered interior regions of the country.

Service between Calais and Boulogne and the English channel ports was suspended today, while all air lines northward from Paris ceased running.

With communication with England is extremely limited because of storm conditions.

RECIPROCAL MOVEMENTS BY U. S. AND MEX. GOVERNMENTS

WASHINGTON, Dec. 27—(AP)—Executive acts tending to crystallize into definite form the atmosphere of reapproachment between Mexico and the United States that surrounded the Lindbergh flight from Washington to Mexico City came to the surface today in both capitals.

President Calles moved toward the amendment of his republic's oil laws in conformity with the recent decision of the supreme court of Mexico in the Mexican Petroleum company drilling permit case, apparently with the purpose of eliminating retroactive features of articles 14 and 15 against which American companies have appealed to the Mexican courts.

President Coolidge made it known that the Washington government was preparing to ease the arms embargo to Mexico to permit importation by the Mexican government of airplanes and other munitions from the United States. The state department announced that a license had been issued to permit the Mexican government to purchase the Ford plane in which Mrs. Evangeline Lindbergh flew to Mexico City to join her son for the Christmas holidays.

PLANES SEARCHING FOR TWO YOUNG DUCK HUNTERS

CHICAGO, Dec. 27—(AP)—Two young duck hunters apparently lost in the North Shore Skokie Valley district today were the object of a concerted search with two airplanes, 100 Boy Scouts, a coast guard crew and police taking part.

The young hunters, Robert Case, 14, and Alexander Maitland, 25, left home yesterday morning after breakfast with the intentions of not staying away long. Their continued absence alarmed their families and the search was begun in earnest when they failed to return overnight.

TEMPORARY INJUNCTION AGAINST OKLA. SENATE

OKLAHOMA CITY, Dec. 27—(AP)—A temporary injunction against a meeting of the Oklahoma self-convened senate to act on impeachment charges against Gov. Henry S. Johnston was granted the executive in district court here tonight. The injunction is returnable Jan. 3.

AMPHIBIAN PLANE DAWN ENTERED IN MYSTERY LIST

An Extensive Search by Air and Sea in the Vicinity of Sable Island Proved of No Avail—With Visibility Good the Dirigible Los Angeles Covered an Area of 60 Miles Without Any Sign of the Missing Plane—Two Destroyers and Three Coast Guard Vessels Made a Search of the Sea.

NEW YORK, Dec. 27—(AP)—The graveyard of the Atlantic, that turbulent stretch of water around Sable Island, N. S., failed to divulge today whether or not it had added to its list of victims the names of Mrs. Frances Wilson Grayson and her three man crew of the amphibian plane Dawn.

All day long the navy dirigible Los Angeles sailed above the waves. Two navy destroyers and three coast guard destroyers ploughed through them. But not a sign was seen to help solve the mystery of the missing plane.

Last Friday evening Mrs. Grayson, joint owner of the Dawn, hopped off from Roosevelt Field, N. Y., with Oskar Omdal, pilot, Brice Goldsborough, navigator and Fred Koehler, engine expert. Two hours later they were heard passing over Cape Cod, bound for Harbor Grace, N. F., where Koehler was to leave the expedition before it started on a flight to Europe.

From the time they left Cape Cod until Sunday night, more than 48 hours, no word was heard of the fliers. Then the Canadian government wireless station at Sable Island picked up part of a message signed with the Dawn's code letters saying "something wrong here." All efforts to reestablish contact and get more information were unavailing.

The Sable Island operator judged the sender of the message to be about 20 miles distant, and it was on this slender clue that searchers on the sea and in the air proceeded on their fruitless hunt.

The Los Angeles reported by wireless that visibility was good and it covered an area 60 miles wide, and yet it saw nothing. But the search was to go on. The destroyers requested the Sable Island operator to give them the weather since Christmas eve so that they might estimate drift and include in their search area the waters into which the plane might have been washed by wind and wave after landing.

The flight to Newfoundland was preparatory to Mrs. Grayson's attempting to achieve her ambition of becoming the first woman to fly the Atlantic. That ambition had not been diminished by her knowledge that four women had set forth upon ocean flights this year, that all had failed to reach their objectives, and that two had lost their lives.

NAVY SEARCH FOR PLANE TO DEPEND ON CIRCUMSTANCES

WASHINGTON, Dec. 27—(AP)—Searches by the navy for lost transocean fliers in the future will depend on circumstances and on the amount of information furnished the navy department by aviators before they leave.

Secretary Wilbur, in outlining this policy today, said that search for the Grayson plane was being conducted as part of the naval program to give aid to any ship of any kind that was in trouble.

"If those making such flights in the future would advise the department of their course, the condition and range of thei rradio and other equipment useful in emergency, search in case of accident would be facilitated," the secretary declared.

The navy has been handicapped in its search for the Grayson plane, he said, because the plotted course was not known and the only information on which to base a plan for search had come from press dispatches.

DIRIGIBLE LOS ANGELES RETURNS FROM SEARCH

LAKEHURST, N. J., Dec. 27.—(AP)—The dirigible Los Angeles arrived over the field at 11:46 p. m. tonight on her return from a cruise in the direction of Sable Island, off the coast of Nova Scotia in search of the plane Dawn, missing since Friday with Mrs. Frances W. Grayson and a crew of three.

BELIVES "GOOD LUCK STAR" HAS FAILED MRS. GRAYSON

MUNCIE, Ind., Dec. 27—(AP)—The "good luck star" that has hovered above Mrs. Frances Wilson Grayson, missing flier, at last has failed her, A. J. Wilson, Muncie grocer and her father believed today.

"Frances always was an adventurous girl, continually up to perilous stunts from the time she was a mere child," he recalled. "But always there was what she called her 'good luck star' to save her from serious trouble. But now I'm afraid that star has vanished."

Mr. Wilson frankly despairs of his daughter's life.

"When her airplane, the Dawn, was not found yesterday after a reported radio message from Sable Island, I gave up all hope," he said.

FAKED PHILANTHROPY IN ORDER TO STEAL CHILD

OAKLAND, Calif., Dec. 27—(AP)—A warrant charging Robert E. McClelland, 27, with child stealing, was sworn out here today by Mrs. Anna Smith, following the disappearance of McClelland and her daughter, Evelyn Smith, 11, on Christmas day. Police declared McClelland is a former convict, released from Folsom prison last October.

Frank W. Smith, father of Evelyn, has been out of work for some time. McClelland came to the home Sunday with clothing and provisions for members of the family, which includes ten children.

Appearing to take an interest in their welfare, he said that his mother, a wealthy Pasadena resident, would find work for Smith, and would like to have the oldest daughter, 14, visit her for the holiday week. It was finally agreed that Evelyn should go, as her older sister refused, and she and McClelland left in an automobile which it has since been learned, was borrowed from his landlady. He gave Mrs. Smith a check for $125, which he said would be her husband's first month's wages when he went to work.

Mrs. Smith learned today McClelland's mother is unknown in Pasadena, but that he has a wife and two children living there. He was not found there and the warrant for his arrest was issued. McClelland served a two year term in Folsom for forgery, the police stated, and also a term in a federal penitentiary in 1921, for desertion from the army.

ARTIFICIAL RESPIRATION FAILED TO SAVE GIRL'S LIFE

OCONTO, Nebr., Dec. 27—(AP)—Death won in a thirty-seven day fight for the life of Alma Overgard, today, after her courage and artificial respiration had enabled the 16-year old high school girl to live from November 20, when the ravages of infantile paralysis had virtually ended her natural breathing.

During the long hours that her arms were raised and lowered by friends and relatives, to force air into her lungs, the girl was happy and cheerful, and insisted she would recover. On Christmas eve, when her mother and father seemed somewhat depressed by her condition, Alma promised them she would recover, and added she was eager for the happiness of Christmas day.

CHOPPY SEA HALTS SALVAGE WORK ON SUBMARINE S-4

PROVINCETOWN, Mass., Dec. 27—(AP)—Work on the second tunnel under the sunken submarine S-4 was halted late this afternoon when a strong southwest wind and a choppy sea forced navy divers to suspend their operations for the day.

Six divers working in relays, descended during the day and half completed the second tunnel, located about 10 feet forward of the S-4's gun. Given favorable weather tomorrow, the divers should complete this tunnel and then Captain Ernest F. King and Lieut. Commander Edward Ellsberg, who are directing the diving operations, will be able to determine the buoyancy of the sunken craft and whether a tunnel for a third cable beneath her keel will be needed for the pontoons which will be used to raise her.

It is the intention of the salvage officers to seal the hole made by the coast guard destroyer Paulding in the submarine hull and pump out the boat with compressed air.

NARROW ESCAPES WHEN PLANE CRASHED

HICKSVILLE, N. Y., Dec. 27.—(AP)—Major Frederick L. Martin, commander of the U. S. Army round-the-world flight in 1924, and a companion escaped with cuts and bruises when a plane piloted by a Martin crashed tonight in an attempt to land in a ploughed field.

Major Martin and William R. Ives of Washington, were en route from Washington to Mitchel Field. Missing the field beacon light, they circled for some time and then Martin brought the plane down in the field.

The machine, a Curtiss observation plane, was demolished. Martin suffered cuts on the face and body and Ives a few bruises.

Major Martin dropped out of the round-the-world flight after his plane had crashed in Alaska. He was missing for some time, making his way through the snows to a settlement in the Aleutian Islands.

THREE STEEL GIRDERS FELL 24 STORIES ON TO A SHED

NEW YORK, Dec. 27.—(AP)—Three steel girders weighing many tons fell 24 stories from a new building in narrow, crowded Nassau street today, but the only persons injured were a man and a woman slightly hurt in the scramble for safety.

The beams struck a construction shed built over the street and sidewalk and the steel frame held although the boarding was shattered to splinters.

The girders were being hauled up the face of the 33-story Chase National bank building and the usual crowd to be found in the financial district was unconcernedly passing underneath.

MEXICAN DEPUTIES VOTE TO AMEND ARTICLES 14-15

MEXICO CITY, Dec. 27—(AP)—The chamber of deputies tonight unanimously and without discussion passed a bill submitted by President Calles amending articles 14 and 15 of the oil laws which have been the cause of friction between Mexico and the United States.

The measure now goes to the senate for action. Its passage by the chamber follows a recent decision of the Mexican supreme court that the articles were unconstitutional as applied to the Mexican Petroleum company, and by inference to other companies.

J. P. MORGAN THE NOMINAL HEAD OF UNITED STATES STEEL CORPORATION

NEW YORK, Dec. 27—(AP)—John Pierpont Morgan, international banker, has become the nominal head of the United States Steel corporation founded by his father.

The board of directors, meeting here today, elected Mr. Morgan as chairman of the board to succeed Elbert H. Gary, who died last August. Myron C. Taylor, attorney and corporation executive, was named as chairman of the finance committee, a post also held by Mr. Gary. James A. Farrell continues as president of the corporation and becomes its chief executive officer, under the direction and supervision of the finance committee and the board of directors.

This action virtually places the destinies of the corporation in the hands of a triumvirate representing finance, business and steel. While Mr. Morgan is the titular head of the corporation the chairman of the board no longer is an executive officer. Mr. Farrell, as chief executive, is under direction of the finance committee of which he, Mr. Morgan, Mr. Taylor, George F. Baker, Sr., William J. Filbert, Nathan L. Miller and Percival Roberts, Jr., are members.

The election of Mr. Morgan as chairman of the board, it was explained by his associates, will not add to his executive responsibilities, he having "acquired a title and not an office." His acceptance of the post was viewed as a means of continuing the close interest of the Morgan family in the affairs of the corporation.

COUNCIL VOTES TO SECURE ESTIMATES ON NEW ROAD

(Special to The Bulletin)

WILLIMANTIC, Dec. 27.—The proposed new state aid highway from Village Hill in Lebanon to Willimantic via Mountain street first came before the public eye at a special meeting of the common council tonight when the street committee was authorized to secure estimates of the cost of building a permanent road along Mountain street to the Lebanon town line to meet the new highway. Mayor Charles A. Gates explained that at a town meeting in Lebanon some time ago it had been voted to build the state-aid road as a short route to Willimantic.

At the special meeting about a score of resolutions opening a new administration were adopted. Among these was one authorizing the purchase of 11 acres of land on West Main street from the Connecticut Co. for use as a city yard. The option on this property is held at $3000. Two claims were taken up, one from Charles F. Palmer for burns sustained while on duty as a member of Engine Co. No 1, and another from Mrs. C. E. Dufresne for a fall on the ice and resulting injuries which caused confinement in the hospital. Both were referred to the claims committee. A petition signed by 23 citizens and headed by M. E. Lincoln was read calling for a special city meeting to take action on the matter of voting machines. Corporation Counsel William A. King gave it as his opinion that this petition was not properly drawn up and it was voted that the mayor call the next special meeting within reasonable time.

The state police of the Stafford barracks have placed under arrest a local young man, who is alleged to have made a small fortune by the novelty of conducting wholesale thefts of cord wood. According to the information secured during a lengthy investigation of the case, the young man whose name is being withheld by the police, owns a Reo truck and after scouting around this vicinity sent out employes whom he paid 40 cents an hour to cart away wood from various piles which he had located. The truck carried a sign "Wood for Sale" and it is understood that a profitable business was done. The investigation followed a series of complaints from several towns in the vicinity of Willimantic. The case is now pending in the Mansfield town court.

EIGHT WEDDINGS IN WILLIMANTIC AND VICINITY

(Special to The Bulletin)

WILLIMANTIC, Dec. 27—There were eight weddings in Willimantic and vicinity over the Christmas holidays. Four of the weddings were solemnized in St. Mary's church, one at St. Joseph's church, one at the Baptist parsonage and two in South Coventry. The first wedding at St. Mary's church Monday morning was that of Edmond J. Michaud of Bridgeport and Miss Dora Gingras.

Perreault-Frappier

At seven o'clock Monday morning Leonel Perreault and Miss Aurore Frappier, were married at St. Mary's church by Rev. Hormisdas C. Belec, David Proulx, brother-in-law of the groom and Alderick Frappier, father of the bride, were witnesses. A breakfast and reception was held at the home of the bride on lower Main street, followed by an afternoon reception attended by about 200 guests in the American Thread company hall on Union street. Mr. and Mrs. Perreault are spending their honeymoon in Biddeford, Me., and Fall River, Mass. They will later reside in this city. The groom is employed as a clerk at the Lowell market in lower village.

Bedard-St. Onge

Rosario Bedard of Waterbury and Miss Leona St. Onge of this city were married in St. Mary's church at eight o'clock Monday morning, the ceremony being performed by the pastor, Rev. J. J. Papillon. The witnesses were Wilfred Bedard, brother of the groom, as best man and Miss Lea St. Onge, sister of the bride, as bridesmaid. The reception was held at the home of the bride's parents on lower Main street. Upon returning from their wedding tour Mr. and Mrs. Bedard will reside in Waterbury.

Bourgeois-Carpenter

At the nine o'clock mass in St. Mary's church, South Coventry, Monday morning, Leo B. Bourgeois, of Mechanicsville and Miss Esther Irene Carpenter of South Coventry were married by the pastor, Rev. Dennis F. Moran. Edmond Bourgeois, brother of the groom, was best man and Miss Effie Carpenter, sister of the bride, was maid of honor. A reception at which 50 guests were present was held at the home of the bride's parents, Mr. and Mrs. Charles Carpenter. Mr. and Mrs. Bourgeois are to make their future home in Putnam.

Reil-Dawson

Arthur Reil of Perkins' Corner and Miss Ethel May Dawson of Pleasant Valley were married at two o'clock Monday afternoon in St. Mary's rectory at South Coventry. Rev. Dennis F. Moran, the pastor, officiated. The attendants were Raymond Reil of Middletown, brother of the groom, and Miss Edith Dawson, sister of the bride. The reception and wedding dinner was tendered at the home of the bride's parents, Mr. and Mrs. Ernest Dawson of Pleasant Valley. Returning from their honeymoon, Mr. and Mrs. Reil will make their home on Hope street, this city. The groom is in the employ of Welch & McCarthy, plumbing contractors. The bride has been employed at the Holland Silk company.

Allain-Caloustte

At nine o'clock Monday morning in St. Mary's church Omer Allain and Miss Mary Marguerite Caloustte of this city, were united in marriage by Rev. H. C. Belec. John C. Platt of Ash street and Miss Lina Bacon of Mt. Hope, Ashford, were married Saturday evening at the Baptist parsonage, 215 Valley street, by Rev. David W. Lovett. They were unattended. Mr. Platt is employed in North Windham.

At the session of police court this morning Joseph Racicot, 40, of 41 Jackson street was arraigned on a charge of keeping liquor with intent to sell as the result of the seizure of ten gallons of intoxicants at his place in a raid by police officers Saturday night. The court granted Racicot a continuance until next Tuesday morning and continued the bond of $500. Court was still in session when police officers arrived at headquarters bearing two containers of liquor which they had just taken from a garage at 16 Prospect street. Upon learning this fact, Racicot said that he was the owner of the liquor taken from the garage and that he had hidden it there without the knowledge and consent of a relative who occupies the premises. An additional bond of $500 was named for the second count and both cases will be heard at the same time. Four other cases were taken up this morning and disposed of. One was for a violation of the parking regulations, two for intoxication and the fourth a breach of the peace case. The accused in the latter case, Louis Beruhe, was taken to the county jail to work out the fine and costs and serve a ten-day sentence.

Everything in the line of Christmas mail matter was cleaned out of the postoffice in a rapid return to normalcy today. The nine regular carriers, parcel post carrier and the two rural free delivery carriers took with them all that remained of the Yuletide mail when they left for their deliveries at eight o'clock. Postmaster Frank M. Smith said today that of the 1,300 or more sacks or pouches of mail received during the rush, not a single package was found broken and all but one piece of mail had a definite address. This was a photograph by Bachrach of a mother and a child bearing the following inscription on a small tag: "To Cousin Alice from Alfred, Marian and Tommy." Postmaster Smith believes the photograph dropped out of some larger package in handling the sacks. Since December 19, nearly 100,000 letters under the first class mail classification, were run through the cancelling machine. The sale of stamps and the general business was the largest in the history of the office. An effective part of the mail rush was handled at the sub-station on Main street where Mrs. Mary Barber, clerk and her assistant, Miss Rose Welch, found little idle time during the rush. Postmaster Smith expressed his appreciation today for the excellent work of the men and the able assistance of Assistant Postmaster Daniel A. Sullivan.

Services for Mrs. Mary A. Burke were held from the late home, 215 Jackson street, this morning with a solemn requiem high mass in St. Joseph's church at nine o'clock. Rev. Charles M. Kelley was deacon; Rev. E. A. Mathieu, sub-deacon and Rev. Henry E Quinn celebrant. Mrs. E. R. Portelance presided at the organ and solos were rendered by Mrs. Henry Mathieu and Arthur Roy, who were also heard in effectively rendered duets. There was a large attendance and a generous display of floral tributes. The bearers were John J. Sullivan, Daniel P. McCarthy, Henry Lavigne, George Timmins and Henry Boucher of this city and James Casey of Norwich. Burial was in the family plot at St. Joseph's cemetery where a committal service was read by Rev. Father Kelley. Arrangements were in charge of Killourey Brothers.

Francesco Larussa died at the home of his daughter, Mrs. Josephine Salviggio of 420 Prospect street at 9:30 o'clock this morning. He had resided here for about seven years. He is survived by his wife and the daughter with whom he made his home, and one brother, Anthony Larussa of Italy, also several grandchildren.

Alfred P. Abbe of Windham Center, president-elect of the Exchange club, gave an interesting travelogue at the luncheon-meeting of the Willimantic Rotary club held in the Nathan Hale hotel this noon. Mr. Abbe reviewed a 13,000 motor trip undertaken by Kingsley Brown of Windham and himself last fall and which led to the west coast. The speaker was introduced by Secretary Gerard E. Loiselle. Guests were Rotarian Julian H. Norton of Bristol and H. P. Kingsbury of Northampton, Mass., who was with Louis A. Kingsbury. President Richard E. JEWETT CITY

CAR AND THREE TRUCKS OF P. J. MALADY BURNED

(Special to The Bulletin)

JEWETT CITY, Dec. 27—About 12:45 o'clock today fire of undetermined origin caused damage of about $3,000 to a wooden structure and four machines in the borough. The building owned by Andrew and Alec McNicol, located in the rear of their factory the Textile Novelty company, was used chiefly as a garage by P. J. Malady, Jewett City truckman. At the time of the fire three of the best trucks of a fleet of six owned by Mr Malady were out on the road, but a small Mack truck, Indiana truck and a Maxwell truck were burned as well as a Studebaker big six touring car owned by Stephen Tenzer of Jewett City. A quantity of tools also was lost in the fire, which completely destroyed the building and the contents. No one was in the vicinity at the time and a mechanic who had been working on one of the trucks had gone to dinner. About 12:45 o'clock an explosion attracted the attention of mill workers, and the building was soon in flames. Several other explosions, resulting from the gasoline tanks of the machines followed. Firemen from the borough confined the fire to the burned structure.

TWO MOTORISTS ARE FINED FOR VIOLATING AUTO LAWS

(Special to The Bulletin)

JEWETT CITY, Dec. 27—Liderato Mastramattei, 28 Arnold street, Providence, was arrested by Officer Vegiard for reckless driving Monday. He drove the Essex sedan which ran into the Taftville Wet Wash truck and tipped it over. He was tried in Judge Barry's town court this morning, pleaded not guilty, but was found guilty and fined $25 and costs.

Edward Larkin of Voluntown parked his car on the sidewalk in front of Officer Vegiard's home Monday. When he was asked for his registration, the officer found he was using some other person's number plates. He appeared in the town court today and was fined $3 and costs.

Miss Regina Gutknecht, a student nurse at Backus hospital, spent Christmas at her home.

Dorcas Circle of The King's Daughters sent fifty-nine gifts for Christmas to the Children's Seaside sanitorium at Crescent beach. Fifty gay postcard picture books were sent to the Bureau of Child Welfare in Hartford, to be distributed in the homes where children are cared for by the state. The gifts were given by the members and a few friends of the circle and the books were made by the members, some of them being the work of school children and teachers. The Congregational Sunday school also donated story books to be sent to the sanitorium.

Mr. and Mrs. George Geer Jr., entertained on Christmas day Mrs. Lillian Frissell, Miss Clara Gerbits, Mr. and Mrs. Chauncey Geer, Mr. and Mrs. George Geer, Chester Geer and Mr. and Mrs. Charles Armstrong.

Mr. and Mrs. Charles Anderson had as Christmas guests Mr. and Mrs. Morris J. Anderson and Warren Andrews of Norwich, Nathan Ayer of Newport Training station, Mr. and Mrs. James Nuttall and Miss Clara Nuttall of Pomfret and Mr. and Mrs. Elmer Hall of Mystic.

Mrs. H. E. Paul and Miss Dorothy Paul have been holiday guests at Mr. and Mrs. A. H. Strickland's in Middletown.

Mr. and Mrs. J. H. Tracy were guests at the family Christmas gathering at the home of their son Dr. Norman Tracy in Boston.

NOANK

The members of the Sardine club held a Christmas tree festival Monday night at their room on East Main street. Evergreen and mistletoe decorated the room. Each member brought a 10-cent gift, also was told to bring along a friend. At 8 o'clock the Sardines' Trio, Billie Fitzgerald, tenor, Harry Johnson, bass, and Arthur DeBiasi baritone sang "We're All Jolly Good Fellows." At the piano was Willis Smith, of New York, while his mater, Murray played on the hand-saw, also sang. Ten little girls with red, white and blue, dresses, each carrying a small American flag did a flag drill that pleased the crowd of one hundred. Then Santa Claus in his oversize red suit and snowy whiskers appeared and anyone guessing who he was would receive a prize, a gentleman's silk umbrella. Guessing went on for ten minutes until Harry Sweet said it was Stretch Moran; he was right. Santa then gave out the presents and the fun began when all were opening them. Fruit and candy in a Christmas stocking was distributed. A guessing game was tried; the one who came the nearest to how many members the club had was Toney Passi, who guessed 47. The official list showed 50 members on the roll. Then the committee passed chicken and turkey sandwiches, cake, also pineapple punch brewed by Steward Merton Beebe.

Dave Davidson, of Philadelphia is in the village to see Mr. and Mrs. Duncan McDonald, his cousins, before leaving on a trip around the world, which will take ten months.

Leland MacGrath a smiling young man of 20 who has been in twenty states since starting on his roaming trips has been in Cuba, with its warm sun and shirt sleeve weather. Bicycles are as thick he says as flies on a cow's back. That was the sport young MacGrath liked so he won two races in champion style of 5 miles and 7 miles. They went wild over the young American, gave him $10 dollars and a bicycle. While spending three months in that country he saw an old friend, Dave Cramerson, running a pool room there. He used to attend Stonington high school. Old times were talked over. MacGrath is back in the fishing village telling his friends about Cuba. He will spend two weeks before taking a trip to California.

George Deveau forgot that when Christmas came on Sunday it is a holiday Monday. So in his working clothes all ready for his day's labor he went down to J. H. Webster's plumbing shop where he is a steam fitter. Sitting on the doorstep from 8 o'clock to 10:30 he waited two hours and a half until Edward Ellis came along and said "Don't you know it is Christmas?" Deveau said "Too much Christmas" going back home to change his clothes after admitting the joke was on him. He left to spend the day in New Haven.

Among those at the shipyard is Angus MacLeod who got badly hurt a week ago and is laid up in bed with a broken collar bone and two ribs. With George Cutten in the lead, the others being Frank Tracy, Sidney Butson, Kenneth MacNeil, Monday the delegation went to his home and gave him a box of cigars also a turkey. On this a note read "From brother workmen at the yard. Hope to see you out soon, to be with us again. Merry Christmas and happy New Year."

Two local young men were out in an auto for a ride to Essex recently. Eugene Grant with Driver Clifford Pheleps behind the wheel. The wind was blowing a gale along the Connecticut shore. They felt the auto going sideways and it blew Driver Pheleps from the wheel, but the quick grip of Grant saved his pal from going out. They never saw the wind blow so hard as to almost make the auto do the black bottom. His friends joke over the story, but it is the truth, for several people living near Essex said it happened to them when the wind blew hard.

Mrs. Etta Crowell is visiting Providence relatives for a few days.

Charles Wolverston of Troy, N. Y., is home on a week's visit.

Eugene Butson has left for two weeks' vacation with friends in New Jersey.

Frances Goodwin has returned to Philadelphia after a short visit with her aunt, Mrs. Lewis Main.

Capt. Henry Langworthy of the fishing schooner William Morse had to come back from the south on account of the boat springing a leak; and a fire from the engine burned seven bunks. The schooner had to be towed to a dock before it went down to Davy Jones' locker. After getting it refixed the good ship Morse got to New York, where the boat will be hauled out at a dry dock for repairs. Capt. Langworthy is home for a few days. He has told his friends about the fishing down in the southern waters and said he would like to spend another month there but came north on account of the hard luck with the boat.

Paul Bishop of Perth Amboy, N. J., is spending this week in Noank with relatives.

Raymond Sistare has gone to Newark, N. J., on a business trip.

Marvin Porter has returned to Staten Island after a brief visit in the village.

WESTERLY

ESCAPING GAS FROM MAIN AFFECTS FOUR AT MOORE PLANT

(Special to The Bulletin)

WESTERLY, R. I., Dec. 27.—A leak in the Beach street gas main of the South Coventry Public Service company in Westerly was the cause of four employes of the George C. Moore company plant near-by being overcome by fumes and between 300 and 300 employes being sent to their homes, at an early hour this morning. Those overcome were Harold Q. Moore, a vice president of the company; Miss Elizabeth Banker, stenographer; George R. Jackson, an assistant superintendent, and Tony Quattromanie, a sample room clerk. They were in the front offices of the mill.

When the plant for the manufacture of elastic webbing started work at 7 o'clock the pressure of gas was not detected but before 8 o'clock the odor was noticed, but nothing was thought of it, as the plant had no gas service. It was when the gas filled the front office and sample room and caused an employe to keel over that help was called for. Supt. Ernest H Saunders of the South County company and men responded with inhalators and worked on those overcome, who were taken to an adjoining building. Dr. John H. Ruisi was called to attend Mr. Moore who appeared to be the most seriously affected.

Workmen with pneumatic drills began a hasty attack on the asphalt surface of the highway to reach the gas main, from which it was thought the gas was escaping. When the pick of a workman struck stone and a spark resulted the escaping gas became ignited. A stream of water was directed on the flame from a mill fire hose laid through the mill yard driveway to the street. When the four-inch main was uncovered gas was found to be escaping from a crack in the main. General Manager William C. Clarke, of the South County company, was of the opinion that sewer pipe installation in the highway was the cause for the crack in the main and that gas had foun dits way into the mill buildings through the sewer, as there is no gas service pipe into the mill.

Vice President Thomas F. Moore said that it was thought best to send the workers employed in the part of the mill affected to their homes. It was his opinion that much of the gas found its way into the mill offices through the windows. First word of the trouble at the Beach street plant was to the effect that there had been a gas explosion and several had been injured. Many of the plant employes come from the northern section of the town and relatives and friends were greatly concerned, until the safety of the workers was learned. The section of Beach street near the mill has recently been resurfaced by the Westerly Highway department and the added pressure of heavy loads may have been a contributing cause for the break in the gas main. Other sections of the town have been affected where heavy loads have come over gas mains and many shade trees have been ruined by the gas escaping from cracks in the mains. Westerly Tree Warden Everett Barns at one time on Elm street caused an iron bar to be sunk in the street surface near his home and he was able to light gas which came out of a hole thus made.

Whitefoot Has A Neighbor.

Good neighbors are a lasting joy;
Poor neighbors constantly annoy.
—Whitefoot the Wood Mouse.

Whitefoot isn't one who cares much about his neighbors. I mean by that he isn't one who has much to do with his neighbors. He would do very nicely if he had no neighbors at all. He wouldn't be lonesome. It wouldn't have troubled him at all to find that in this new home over there in the little house in the apple tree on the edge of the Old Orchard he had no near neighbors. No, sir, it wouldn't have troubled him at all. Still, it was rather nice when he discovered that he had a neighbor and knew who that neighbor was.

Whitefoot prefers to be out at night. He is always more timid in the daytime. Perhaps there are no more enemies looking for him in the daytime than at night, but he feels that it is easier to hide when there are Black Shadows around everywhere. So though he does come out in the daytime occasionally, especially on dull, dark days, he is much more often out at night. You will remember that when Black Pussy caught him it was in the daytime.

But when Whitefoot found that Spooky the Screech Ow spent much of his time in that part of the Old Orchard, even sometimes sitting right on Whitefoot's own house, he changed his habits somewhat. Yes, sir, he did so. He came out more often in the daytime and less often in the night. He felt it quite safe in the daytime because of that old stone wall. That was a perfectly lovely place for such a little fellow as Whitefoot the Wood Mouse. Why, there were ever and ever so many places down underneath that old wall where no one could possibly reach him, unless it were Shadow the Weasel. So when he was on the old stone wall Whitefoot fell quite safe.

He was out there early one morning sitting up on top of one of the stones in the old wall eating his breakfast when suddenly, without any warning at all, a head popped up from between two stones only a short way from him. "Well, well," said a sharp voice, "see who's here! I suppose you are one of the cousins of Danny Meadow Mouse."

Whitefoot nodded. "Yes," said he, speaking rather timidly. "I am his cousin, Whitefoot the Wood Mouse. I suppose you are a cousin of Chatterer the Red Squirrel. You must be Striped Chipmunk."

"I am," said he. "I am both."

"Both what?" asked Whitefoot, looking a little puzzled.

"Striped Chipmunk and cousin to Chatterer the Red Squirrel. I'm not proud of the relationship," sputtered Striped Chipmunk. "I don't like Chatterer and I don't care who knows it. What are you doing here?"

"I am living in that little house up in the tree. I hope you don't mind," replied Whitefoot.

"Not at all, not at all," replied Striped Chipmunk. "I don't care about trees myself. No, sir, I don't care about climbing up in trees."

"Do you live near here?" inquired Whitefoot politely.

"Right down below," replied Striped Chipmunk. "So you see we are neighbors."

"But why haven't I seen you before?" exclaimed Whitefoot.

"I've been asleep," replied Striped Chipmunk, yawning. "I haven't poked my head outside for a month. Now if you'll excuse me I think I'll go back to bed. I hope I'll see you again."

"But won't I see you every day?" inquired Whitefoot.

"Not if I know it," replied Striped Chipmunk. "It may be two or three days, it may be a week or it may be a month before you see me again."

"But where are you going?" cried Whitefoot.

"To sleep," replied Striped Chipmunk, once more yawning. "All I ever wake up for at this time of year is to get something to eat. Goodby." Striped Chipmunk disappeared.

How to Save Coal: No. 1

The Proper Firing of Anthracite

1. The coal and ash-pit doors should be kept shut. The draft should be regulated by a damper in the ash-pit door, and a turn-damper in the pipe.
2. Flues should be kept clean
3. The turn-damper should be partly or wholly closed when possible. There should also be a check damper, kept ¾ closed.
4. The heater and pipes should be covered.
5. The fire-pot should be kept full to the level of the fire-door. Keep a layer of ashes on the grate.
6. The ash-pit should be kept clean. Remove ashes daily. A little water in the bottom of the ash-pit will prevent dust.
7. Stop shaking the fire before unconsumed, live coals fall into the ash-pit.
8. Study your own plant. Consult us about the proper size of coal for your particular heater.

DANIELSON

ROBILLARD PLEADS GUILTY TO THEFT OF RINGS

(Special to The Bulletin)

DANIELSON, Dec. 27.—Adelard Robillard, a woodchopper, pleaded guilty at a session of the town court held this afternoon to a charge that he stole two rings of a total value of $139, from Louis Lahaie, another woodchopper, and was held for trial at the superior court by Judge W. Fenner Woodward. In default of $500 bonds, Robillard was committed to the county jail at Brooklyn to await trial.

Robillard also was charged with breaking and entering in connection with his going to the shack where he got the rings in the woodlot where he and Lahaie have been working, in an isolated section of the town. He pleaded not guilty to this charge, however, and it was not pressed against him. The rings in question, one with a diamond setting, the other with a ruby setting, have been recovered by the state police.

The only excuse Robillard had to offer for his lapse from honesty was that he had been drinking at the time he committed the theft and was a bit irresponsible for his acts.

The body of Henry Lambert, 23, who died at Denver the past week is en route to Danielson, and is expected to arrive here Thursday. The young man succumbed after a long illness. He is a son of Mrs. Anna Kay, resident in the Quebec section of the West Side, and was serving an enlistment in the regular army when he became ill.

At last evening's Christmas program at the Nazarene church the exercises opened with a march by the children, followed by the singing of Christmastide by the choir. A recitation, Merry Christmas, by Veronica Kamada, was followed by prayer by the pastor, Rev. E. A. Gallup.

Other numbers on the program were: Recitation, Christmas Morning, Mary Doloff; recitation, The Jolly Winter Time, Stella Kogat; recitation, In Trouble, Mary Reynolds; recitation, No Christmas, Florence Gallup; recitation, Jackie Horner, Wendell Gallup; recitation, A Speech, Phyllis Reynolds; piano duet, Esther Ware and Marion Gallup; recitation, Glad Christmas Story, Meribah Miner; recitation, Star of Bethlehem, Harold Stein; recitation, Walter Reynolds; exercises, by nine girls; song, Nazarene choir; recitation, The Star, Dorothy Rainville; recitation, A Lesson in Arithmetic, Louis Jessup; solo, Jesus' Birthday, Mary Doloff; recitation, Eliza Stein; recitation, Marion Arnold; duet, Celia and Marion Gallup; recitation, Bethlehem, Albena Kamada; recitation, Long Ago On Christmas Day, Virginia Blean; recitation, Message of the Christ Child, Eva Harney; recitation, A Lesson From the Old Folks, Ida Arnold; recitation, Six Christmas Candles, Evangeline Rainville; recitation, Howard Arnold; recitation, A Good Night Wish, William Richardson.

George Blaney, of Villanova college, Villanova, Pa., has been the guest of Miss Diana Bernier, of Reynolds street.

Selectman Napoleon P. Gingras, who was so unfortunate as to have his stock destroyed and store building badly damaged in a fire at Dayville during Christmas week, has re-established himself in a new location in that community. It was stated today that Mr. Gingras has not decided as yet whether he will reconstruct the damaged building.

It is already indicated that reports covering a year's business that will be compiled on Saturday of this week will show material increases in the resources of Danielson's three banks during 1927. The growth has been very rapid since 1913, and has now reached proportions, as to total assets, that would have seemed impossible a decade ago.

There is no wish that heavy snow may come connected with making mention of the fact that state highway forces in this section are well equipped to clear trunk line highways in the event of bad storms. Only once this season have the plows been out in this territory, to clear away sleet that came in early December, but they are ready for work on short notice.

One hears it frequently stated that Rhode Island State officers have been ordered to deal as severely as may be possible with drivers of Connecticut cars that may be found running in the neighboring state without a full complement of lights, as a reprisal for recent efforts to enforce the automobile lighting law in this state against Rhode Island drivers, but it is said on good authority that officials of the neighboring state have no such intention. They are to operate merely in the routine manner.

The Goodyear Tire and Rubber company of Akron, O., and with one of its subsidiaries in this town, will open with the coming of the new year an English plant, located at Wolverhampton. The plant has been under construction for six months and just has been completed. It is to manufacture tires and tubes, and 60 expert tire builders from the Akron plants have gone to England to introduce the latest American methods in tire building. The plant will turn out 2,000 tires and 2,000 tubes daily. The local plant of the company manufactures fabric exclusively.

Excavators have been at work making ready for the foundations for the new planing mill and stockhouse to be erected for LaBelle and Page on Railroad street. Work on the project is to continue as weather permits during the winter season and the hope is to have it closed in within a few weeks.

Mrs. Ida Newell and son, Louis, of Marblehead, Mass., have been visitors with Mrs. George Stone, of Academy street.

Donald Stone returned to Hartford after spending the Christmas season with his family here.

L. E. Kennedy was at Jewett City today in connection with the making of funeral arrangements for Mary Hebert, 79, formerly a resident of Plainfield.

Fred J. Miner, of Norwich, spent the holiday here with Mr. and Mrs. George H. Miner.

Lewellyn Richardson, of the Eastern Nazarene college at Wollaston, Mass., has been a visitor here with his brother, George Richardson, and spoke at the Nazarene church Sunday evening.

There is a steady gain in the thickness of ice, with uninterrupted freezing weather, day and night, for nearly a week, forecasting an early harvesting of the season's crop for Danielson.

William McDermott, at his home here for a few days, was in Quebec city when fire destroyed an orphanage where more than 30 children lost their lives, and saw much of the heart-rending scenes incident to the disaster.

Rev. and Mrs. William C. Pittman, of Hartford, and members of their family, Deacon Samuel F. W. Lacy and members of his family, of Norwich, and Mrs. and Mrs. William Hickman of Hartford, were guests here Monday of Deacon and Mrs. Ransom Liner, of North Main street, at a Christmas gathering. There was an illuminated tree, an exchange of gifts and the bountiful dinner that is an associated feature of such observances.

PUTNAM

WOODSTOCK SOCIETY REELECTS OFFICERS FOR COMING YEAR

(Special to The Bulletin)

PUTNAM, Dec. 27—At the annual meeting Monday evening of the Woodstock Agricultural society all of the officers of last year were reelected to serve for the coming year. In the ladies' department the following were chosen: President, Mrs. Wendell Witter of Putnam; vice presidents, Mrs. George M. Sampson, Mrs. Carl Eke, Mrs. Alice Johnson of Woodstock; recording secretary, Mrs. John May, Woodstock; corresponding sceretary, Mrs. Louise Child of Woodstock; directors, Mrs. A. D. Briggs of Pomfret; Mrs. S. Nikoloff of Putnam, Mrs. Harris Sanger of Woodstock, Miss Rilla Child of Woodstock, Mrs. Harmon French of Woodstock, Mrs. Harmon French ofdulR(a stock, Mrs. A. Maitland of Thompson, Miss Leslie Sumner of Woodstock, Mrs. Ewart Healey of North Woodstock, Miss Helen Perley of Woodstock, Mrs. John Wetherbee of Pomfret, Miss Rosamond Danielson of Putnam and Mrs. Will Child of Woodstock.

The Putnam grange held their Christmas party last night at their rooms on Pomfret street. The affair was arranged by the grange for the members of the order and their families. There was a Christmas tree, with a present on it for each person attending, and after the distribution of the gifts, refreshment were served and a social time and dancing followed. The festival was in keeping with all of the social affairs of the grange.

In the report of automobile accidents throughout the state during the month of November, Putnam is credited with the smallest number of accidents during that time, there being but four.

Rev. Richard B. Hatch of Brooklyn, Conn., who has been acting as minister in charge at St. Philips Episcopal church in this city for the past two years closed his pastorate with the children's service on Sunday evening. With Mrs. Hatch, he will leave today to spend the winter in the south, stopping first at Washington, D. C., for a short visit and from there will go to Florida where he expects to spend the greater part of the winter at St. Petersburg.

The new rector at St. Philip's church is expected here some time during the latter part of January.

Mrs. Ida G. Kennedy, formerly of Putnam, who has been in ill health for some time has been visiting relatives in Pawtucket for a number of weeks. Her many friends in the city will be pleased to know that she is much improved in health and has returned to her home at New Rochelle, N. Y.

The Putnam lodge of Elks will have their usual New Year's party which will be held in the lodge and banquet rooms. The committee in charge consisting of James E. Murray, Keyren H. Cotter, Henry A. Wheelock, Louis Girard, Allen Mosick, E. M. Bartholomew, William Wheatley and A. J. Dery have completed their arrangements. A supper will be served the Elks at 9:30 o'clock and will be followed by an entertainment for which some of the best possible vaudeville talent has been procured.

Extensive plans are being made by the local branch of the Y. M. C. A. for the annual ice carnival which is to be held on Perry's pond on January 6 and 7. Secretary L. Edwin Hill will receive entries for the events up to and including December 28, for all classes in the carnival. It is hoped to make the affair even more interesting than the one of last year.

Now that Christmas is over, the children who wished for sleds and skis find themselves very much out of luck but the ones receiving skates, bicycles, wagons, and skooters are having the times of their young lives. The ice is perfect for skating and the skating ponds around the city are crowded both in the day time and in the evenings. The ice companies of the city are now using the early ice crop of this winter.

Mrs. Annie S. Rafferty entertained relatives from Hartford over the Christmas holiday and week end.

Miss Edith Gilson, a teacher in the schools at East Orange, N. J., is spending her vacation with her mother, Mrs. Clement Gilson of the Sawyer district.

Miss Gladys Shalor of Grove street is the guest of her parents, Mr. and Mrs. Edward LeMire at Worcester, Mass.

Capt. Ivy Martin and Lieut. White of the Salvation Army spent Christmas at their homes in Boston.

Funeral services for Mrs. Georgiana Smith, wife of Charles Smith, who died at her home on South Main street last Saturday evening, were held Tuesday afternoon from her late home, conducted by the Rev. Henry E. Hodge, pastor of the Baptist church. Burial was in the Grove street cemetery.

Mrs. Smith's death came after a long illness with heart trouble. She seemed to be improving during the few days preceding her death, which came very suddenly.

She was born in Putnam 52 years ago, the daughter of Mr. and Mrs. Nelson King. All of her life has been spent here, with the exception of a short time in Providence. She was a member of the First Baptist church and greatly interested in its work.

She is survived by her husband, Charles Smith, and by two daughters, Florence, the wife of Arthur Plough, of Putnam, and Helen. She also leaves two brothers, Allie S. King, of Putnam, and Arthur King, of Boston, and a sister, Mrs. Aline Hogan, of Edmonds, Washington.

night is held at the Westfield Congregational curch Tursday, it will be te opening night of the Pastor's library, and those who attend will receive the suggestion to visit the Jacobs Memorial library at the church and inspect the books.

Christmas cards received here from Danielson people who are spending the winter in Florida tell of the unusually cold weather recently experienced in that state, even as far south as Miami.

The rush to get 1928 registration markers for automobiles is on in Danielson by those who have delayed until now, and daily pilgrimages to Hartford or New London are the rule.

Miss Margaret Sullivan is to spend the New Year holiday period with friends in Hartford.

CALLES' ACTION

It is good news which comes from Mexico City. The indications now point to the adjustment of those differences which have prevailed too long, and it is the cause for general satisfaction that evidences of such termination are discernible.

The rights of Americans have been at stake in Mexico ever since the adoption of its new oil laws, certain provisions of which were retroactive and amounted to confiscation of property. Under them Mexico sought to get greater control of its oil properties and overcome the laxity which it believed existed in the past, but in trying to put the government in charge it disregarded the fact that those who acquired rights by purchase prior to the date when the new laws went into effect could not rightfully be deprived of their holdings without proper compensation.

The determination to enforce the laws as they stood even though that meant the taking of legally obtained land and rights, led to much dickering over Mexico's intention. The fact that the law was retroactive created an uncertainty which could not be overlooked. When Mexico sought to force Americans to give up their property and take concessions for a limited period of years they balked and in that attitude they had the support of their government. Their contention was likewise upheld by the Mexican supreme court.

It is the right attitude on the part of President Calles to bow to decision of the supreme court of his country. He is now endeavoring through amendments to straighten out the situation created by an upjust law. It is unfortunate that it could not have been set in motion before and thereby prevented much of the feeling that has arisen in connection therewith. It is at least headed right now and even though the part played by the Mexican supreme court cannot be overlooked there can be no doubt but what the improved relationship evidenced since Ambassador Morrow was sent to Mexico has had its influence in getting action at this time. The Mexican legislature can do no less than its president.

THE CHANCE-TAKER TO BLAME

An effective illustration of the reason for grade crossing accidents is furnished by the fatality near Columbus, O., where four persons were killed because the driver of the car refused to heed the warnings and respond to safety measures the same as other drivers.

At this particular crossing, where the danger must have been obvious, two machines had halted because of the approach of a train. They had perhaps made a greater allowance for safety than some drivers would have but they have the satisfaction of being here today instead of having been run down by a locomotive.

A third car approaching that same crossing while the two cars waited threw safety to the winds. The driver refused to take his place in line and wait for the train to pass. He was not to be delayed. He drove past the waiting cars, got onto the tracks, discovered the locomotive about on him, figured that the only chance he had then was to try to outstrip the train by driving ahead of it down the track. That's what he attempted to do, at least, and the four persons in the car were killed. He invited death and got it.

There are those who maintain that just because such fatalities occur there should be heavy outlays incurred for the construction of overhead or underneath highways. Where there is much traffic the desirability of eliminating congestion by such construction adds its weight to safety, but it is perfectly evident that that Columbus accident should not have occurred. The driver was entirely to blame. It is imposing unwarranted burdens when heavy expenditures are urged because of the recklessness of certain drivers.

The demand that should be made is that all should use the same care at grade crossings that the drivers of the two halted cars did. That was not unreasonable. It left those cars intact and the occupants alive. The chance-taker, not the crossing, was the real menace at that grade crossing. It will have to be admitted that there are too many of them and their errors are not all disclosed at grade crossings. On the other hand the elimination of grade crossings isn't going to drive care into the heads of those willing to take desperate chances anywhere.

THE RIGHT ATTITUDE

In the filling of a political office importance attaches itself to the character and qualifications of the appointee, but it is also of value if it makes a good impression upon those who are to be governed by such an appointment.

This is brought to attention in connection with the recent naming of Henry L. Stimson as governor general of the Philippines. General recognition is given to the fitness of the selection. He is qualified through ability, temperament and experience and should make an excellent successor to General Wood, and it is to be expected that he will carry out the policies of the administration in quite as satisfactory a manner as he did his mission to Nicaragua.

But what must be looked upon as particularly pleasing, at this time at any rate, is the reception which it has received from leading Filipinos, those who may be said to speak for considerable numbers and in some instances those who represent the element which created so much opposition to General Wood's efforts.

When the resident commissioner of the Philippines in addressing the house of representatives says, "I may say that under present conditions the appointment * * * will inaugurate a new era of cooperation and harmony. * * * In my belief Governor Stimson will be accorded the most cordial cooperation so essential to the promotion of the best interests of both people," he indicates the right kind of a reception is going to be given to Governor General Stimson. If that is based upon the belief that the politicians in the Philippines are going to abandon their obstructive tactics and strive to cooperate it means even more. It is time the islands tried to get the best out of what this country is trying to do for them instead of handicapping themselves by striving for conditions which they are not justified in getting now.

It is to be hoped that the proclaimed attitude is not overstated and that cooperation will be furnished that will mark a decided and needed change at Manila.

SICKENING SENTIMENT

Now that Hickman is back in Los Angeles and preparations are underway for an early hearing for him, it is to be hoped that there will not be a lot of sickening sentimentality displayed in his behalf.

Strange as it may seem there will be those who will seek to make a hero out of him, who will rush to his support with all sorts of aid and encouragement, who will struggle to get a look at the young man and who will try to figure out what he ought to have done in order to escape detection in connection with his hideous crime. Not satisfied with that they will be found contributing all comforts and assistance in the efforts that are made to escape penalization.

Full and adequate legal defense will be provided for him so that all of his rights will be protected, but there should be no unwarranted delay in disposing of his case. In the confession he is alleged to have made there is no development which was not expected. More and more does it become apparent that a very bad criminal career has been checked, although it is grossly unfortunate that the legal restraint that was possible before was not effectively applied.

It is a strange reaction of the public mind that it should find so much interest in studying a crime of this kind and the perpetrator of it so thoroughly. But even more so is that reaction on the part of sentimentalists who seem to indicate by their attitude that his career and atrocious act are worthy of encouragement. Maudlin sympathy isn't deserved in this case, but who will say that its display in other instances hasn't been responsible for too much willingness to indulge in crime?

REED'S WILLINGNESS

It was months ago that the name of Senator James Reed of Missouri was mentioned in connection with the possibilities of nomination for the democratic candidate for the presidency. Not much has been said about it in the meantime, but now it appears that through his friends his hat has been thrown into the ring and he intends to try his luck.

Thus far without any organization back of him his candidacy has amounted to little more than a number of favorite sons. It is, nevertheless, claimed that he can command support far outside his own state.

The Reed candidacy creates less surprise than the announcement to the effect that he will not be, under any circumstances, a candidate to succeed himself as United States senator from Missouri. He could file his intentions for that office and be in a position to fall back on it in case the national democratic convention failed to pick him for other honors but apparently he is ready to get out of political life unless picked for higher honors. But even if nominated it seems highly probable that he would still have a chance to satisfy his ambitions, if such exist, to get out of public office.

With the Reed boom being pushed there is no claim that he can command anywhere near a majority of the delegates, to say nothing of the two thirds needed, but being in the field with a willingness to be considered puts him in a position for consideration in case the convention finds itself unable to agree upon anyone else. The possibility of being a compromise candidate is evidently making an appeal to his backers.

EDITORIAL NOTES

What plans are Mr. Levine making about flying down to Mexico City?

Christmas is over but there are plenty of Christmas seals to be had.

The man on the corner says: Keep up the Christmas spirit. Profit from its lesson.

Russia is referred to as the enigma. It may have been once but Canton has no doubts about it any more.

"Three feet of snow in Vermont." Everything disagreeable has been coming Vermont's way in liberal quantites.

With Firestone after rubber in Africa, Ford making plans for it in Brazil and Edison studying it in Florida, something ought to stretch.

When a coal conference means that the consumer is to be treated to an increase in prices he is very much interested. Otherwise he isn't apt to show much concern.

DINNER IN THE DINER

What luck! The dining car steward seated Sewell at the same table with the Pretty Girl! Of course, there were only a few empty seats in the diner, and Sewell had been right behind her as she entered from the chair car. Nevertheless, the steward might have spoiled it all. Sewell was grateful.

The pretty Girl had boarded the train several stations back, and had at once aroused Sewell's interest. So far, however, he had made little progress in getting acquainted. He had watched her covertly from behind a magazine which he pretended to read. She was smart looking. Her ankles were trim, her head was well poised, her clothes were quite modish. And above all else, she was pretty. He had walked past her slowly on his way to the smoking compartment, but she had not even glanced at him. And he had no other opportunity to make her acquaintance.

He waited impatiently for dinner time, knowing that often a dining car offers opportunities that a chair car denies. Then, when dinner was announced for the second time, she arose, went to the diner, and—he distinctly noted—she neglected to take her pocketbook. He would follow her, save her from an embarrassing situation and thus create the desired opening!

The Pretty Girl was enjoying her dinner and Sewell was enjoying his conjectures. Probably a school teacher, he was thinking, or a typist, going to the city for a holiday. Somehow she didn't look like the big city type.

"Pardon me, but could I have the sugar?" Her voice startled him.

"Why sure, miss," he replied heartily, and passed her the sugar.

"Thank you," she said, with a smile.

Well! This was better! He might as well get started.

"Tiresome trip," he observed authoritatively.

"Indeed?" she responded. "I'm rather enjoying it."

"Well, I suppose you do when you don't make it often," he conceded, with a condescending laugh. "But I'm on the road all the time. Just coming in from the best trip I've ever had. I cleaned up this time, and I guess my bonus will run into four figures." (That would impress her.)

"Well, that's splendid," said the Pretty Girl.

"I sure get tired of eating these awful dining-car meals," was Sewell's next comment. You'd think they could dish out decent grub for the prices they charge, wouldn't you?"

The Pretty Girl simply smiled and remarked, "This steak I have is very good. I really think they do very well on these trains. It's hard enough to get up an appetizing meal at home, and it must be much harder on a train."

"Well, maybe so," conceded Sewell, "but if you ate on the fly as much as I do you'd get sick of it. You don't travel much, I suppose? Just going to to the city on a short trip?"

"Yes, just a short trip."

Sewell busied himself with his dinner. He wasn't making much headway with the girl. If only she weren't so darn pretty! But just wait until she discovered that she didn't have her pocketbook! That would give him his chance.

The rest of the meal was rather bare of conversation. The Pretty Girl responded courteously but briefly to the few remarks that Sewell made—mainly complaining about the food—and that was all.

She has not yet discovered her embarrassing position. The waiter was coming with the check. Then the steward advanced from the end of the car, spoke a few words to the waiter and proceeded to the table.

"How do you do, Miss Gray?" he said cordially to the Pretty Girl. "I notice that you had a steak. I hope you enjoyed it. Your father always orders a steak when he rides this train, and he likes it particularly."

"It was excellent, Mr. Walton."

"I'm glad," said the steward. "I'll take care of the check."

"Thank you," replied the Pretty Girl. Then with a nod to Sewell she arose and left the car.

"And you, sir—how was your dinner?" The steward was addressing Sewell.

"Mine? Oh, it was all right," he replied, abstractedly. The dining car menu had caught his eye. Below the name of the railroad line he saw the words, "Raymond C. Gray, vice-president."—Chicago News.

LETTERS TO THE EDITOR

Outlaw All Submarines

Mr. Editor: We are aghast at what happened near Provincetown, Mass., recently. And we have reasons for that feeling. The thought of it causes sadness and general sympathy—we regret that such a calamity should come to those who are in the government service. Several persons have advanced ideas which are intended to prevent a repetition of like results. I would say outlaw all submarines! The use of them is a diabolical scheme, anyhow. Nature has provided a way for fish to live under water and birds to move about in the air above the cold earth but neither is man's domain. How about the hundreds who have lost their lives experimenting and fooling with airships? Humanity is paying a very heavy toll to science. How about the hundreds of lives that are needlessly snuffed out every day as the result of automobile accidents? Speed! Speed! And more speed!

YOUR HEALTH

Appendicitis

By Ivar Sivertson, M. D., Minneapolis, Minn., Member Gorgas Memorial

Familiarity breeds contempt but contempt never solved a problem. For the past forty years we have been familiarized with the ravages of the disease of the vermiform appendix, that worm-like afterthought located in the lower right part of the abdomen. The operation has become commonplace. It is no longer new. The tyro surgeon speaks of the operation off hand almost as minor surgery. The older, more experienced surgeon however, tells it differently. The problem has not been solved. This year some 16,000 lives will be snuffed out as a result of appendicitis, states a report by a surgeon of Minneapolis, where the death rate is twenty per hundred thousand people each year. Surely, if the death rate is so high, the disease is not under control. Why not, when the doctors know so much about it?

The hospital reports show that about one case in four is of the very serious type with formation of abscess. An analysis of the death records in Minneapolis showed that sixty out of each hundred fatal cases were sick for an average of over three days before calling the surgeon. Three days of inflammation make a difference of life and death, as these records silently testify. Three days allowed the disease to progress beyond the limits of safety. Deaths from uncomplicated appendicitis are few and far between. Complications usually appear late and can best be avoided by early diagnosis and treatment. The Minneapolis surgeon then carefully analyzed one hundred and thirty of his worst cases, in which the disease had spread beyond the appendix to the other tissues. These cases had, of course, the highest death rates. He found that even in these severe cases, those who were operated within twenty-four hours after the first signs of appendicitis had a 100 per cent. chance for recovery. Those who were operated in the second twenty-four hours had eighty-seven chances out of one hundred for recovery. Those who were operated in the third twenty-four hour period had an 80 per cent. chance, and so on. The longer the delay the less the chance for recovery. Delay is most dangerous because it allows the disease to spread beyond the appendix.

Let the following lesson be learned from the experience of Minneapolis. Any person, of any age, who develops pain in the abdomen with nausea and vomiting and soreness over the abdomen, should be placed immediately under the care of a reputable physician or a surgeon of mature experience. Lives may be saved each day in the year if we follow these simple instructions.

IN THE PUBLIC EYE

John J. Esch of Wisconsin, who has been nominated by President Coolidge for another term as interstate commerce commissioner, is regarded as one of the ablest members of that body. Previous to his first appointment to the commission by President Harding, in 1921, Mr. Esch had had the benefit of a long career in congress. For twenty-two years he sat in the house as representative of the Swedish Wisconsin district, serving most of that time on the committee on interstate and foreign commerce. He was ranking minority of the committee while the democrats were in power and became its chairman in 1898. Mr. Esch was born in Wisconsin and after graduating from the State university at Madison, he entered upon the practice of law in La Crosse. His congressional career began in 1899.

Stories That Recall Others

"Even Your Best Friend Won't"

The theatre was dark and still. All expectantly watched the hero as the wicked vampire strove to tempt him with her charms. Will she succeed? No! With a violent gesture he thrusts her from him. Simultaneously with this action a petulant voice from the center of the audience protested shrilly, "No! You have halitosis."

Ultra-Modern Education

Paul, age nine, tells this one:

A boy in the lower grade of school was caled on to spel "cat!" in class recently. He began to spell "krazy kat."

"Right," answered another boy, "because they spell it that way in the movies."

It is said boys played marble in the time of Indian mound builders.

RADIO "VOTERS' SERVICE" FOR THIS STATE

Connecticut will learn of political issues and candidates through a radio "Voters' Service" to be inaugurated by the National League of Women Voters, Miss Katherine Ludington of Lyme, Conn., co-president of the league, announced at Washington Tuesday.

The service will be started, on a nation-wide chain, on Jan. 3. The first program will be broadcast from New York. The second of the half hour programs will launch a "What Congress is Doing" series on Jan. 10.

"The service will attempt to inform and to clarify, but will not promote anything, except intelligent discussion of public questions," Miss Ludington said.

Republicans, democrats and progressives will share alike in the presentation of the programs.

EXECUTIVE COMMITTEE IS NAMED BY FAIR SOCIETY DIRECTORS

At an adjourned meeting of the directors of the New London County Agricultural society held Tuesday evening at 8 o'clock in the rooms of the Norwich Commercial school, Franklin street, the members of the executive committee were chosen and considerable progress was reported in various phasis of the work in the presentation of the New London county fair on the 26, 27, 28 and 29 of September 1928, the 75th anniversary of the fair.

Elected on the executive committee were F. S. Armstrong, Daniel Polsky, L. M. Crandall, Max Hanover, Dr. I. F. Manwaring, Alfred G. Lillibridge, Otto F. Ernst and Robert Montgomery, all of Norwich, C. J. Ducy and L. Kaplan of New London, Allison B. Ladd of Sprague. These members were chosen by the nominating committee consisting of Daniel Polsky, Herbert R. Branche and Max Hanover and were elected by a vote cast by the secretary, L. M. Crandall. Allison B. Ladd of Sprague was appointed a second vice president.

There was a good attendance of directors and enthusiasm prevailed, as evidenced by the many suggestions offered by the directors, and the smoothness with which the meeting was conducted. It was suggested that the fair grounds be graded and levelled, shrubbery be planted, so that it might be created into a recreational center for eastern Connecticut.

Secretary Crandall said that the last week in September should be chosen for the fair days next year in order not to conflict with the Springfield exposition and the Brockton fair. Usually the latter part of the month the weather in this district is fair. Several schemes of advertising, which would better notify the public of the fair, are to be pasteboard signs, calendars and bill boards. An activities committee should be chosen in each town, consisting of 10 people, to interest the townspeople in the fair. An auditor should be procured to prepare a budget for the coming year. A camp site erected at the fairgrounds would be the means of drawing a large number of travelers. An airport would boost the county and an invitation could be extended to governors or well known flyers to visit the city.

The merchants should have a bigger place for their exhibits and an exhibition hall erected for the staging of radio shows, etc. A baseball diamond would also be an attraction. The fair grounds should be used many times during the year, as a place for conventions, etc.

President F. S. Armstrong said that the merchants of New London and Norwich can not live without the farmers and visa versa, this also applies to all industries. New London county people spend thousands of dollars at the Springfield fair each year, but this does not benefit this city. But if this money were spent at home, it would do the county some good. The New London county fair is an institution and should be maintained. Everybody in the county will be benefited by the fair if it is properly carried out.

Herbert R. Branche, president of the fair association last year, recommended that the publicity campaign be doubled. The 1927 fair made a big profit, but much of the money was used in making permanent improvements, he said among other things.

Following the directors' meeting the executive committee met for a get-acquainted meeting and it was planned to stage a birthday party in the future in honor of the 75th anniversary of the fair. A general discussion of the fair was held and adjournment was taken to next Tuesday evening at 8 o'clock, when they will meet in the Norwich Commercial school rooms.

BURROWS MOVE BACKED BY BINGHAM AND FREEMAN

Endorsements of State Senator Warren B. Burrows of Groton for appointment to the new Connecticut federal judgeship, created by the last congress, continue to come to Senator Bingham. No protests whatever against the proposed appointment of Burrows have been received by the senator. "Personally, I would be very glad to see the eastern part of the state get this recognition," states Mr. Bingham. It has been many years since the eastern end had a federal judgeship.

Congressman Freeman also added his public endorsement to the move. "I would like to see Senator Burrows get the appointment, and I am doing what I can to that end," said the congressman. "Of course, I would like to see a man from the eastern part of the state receive the appointment; and I would like to see Mr. Burrows that man. As is known, the selection has not been made. Senators McLean and Bingham will, according to right and precedent, have much to say in the matter," added Mr. Freeman.

STATE HAS WAR OF 1812 CLAIM FOR HALF MILLION

The comptroller general of the United States is now investigating the claim of the state of Connecticut for the payment of $560,242.04 interest on a war debt incurred by the federal government to the state during the war of 1812. The comptroller has been directed to investigate the claim through a resolution drawn up by Senator Hiram Bingham and given the approval of the senate.

The debt had its inception during the activities of the war of 1812, when the state of Connecticut not only suffered extensive losses through the ravaging by the British of many river and shore towns but also expended funds for the purpose of carrying on military activities. Such funds were borrowed in the name of Connecticut and interest on the loans was paid by the state.

By legislative action of March 3, 1857, congress provided that federal powers should pay the principal and interest of such debts incurred by the states in the behalf of the government during the war. Refunds were paid to Virginia, South Carolina, New York, Pennsylvania, Maine and Maryland, but Connecticut received no such compensation under the act of March 3.

Senator Bingham, in undertaking to provide for the refunding of such sums plus the interest to Connecticut, not only introduced into the senate a measure authorizing the comptroller general to investigate the claim but also sent to the comptroller various documents as evidence in support of the claim. The senator, in his communications, pointed out that the claim will total $560,242.04 March 11, 1928.

Senator Bingham forwarded to the comptroller the following transcripts:

"A certified transcript of an act passed by the Connecticut assembly in October 1814, entitled "An act authorizing a loan."

A certified transcript of an act entitled "An act for enlarging the powers of the incorporated banks in this state," passed in the special session of January, 1915.

A certified transcript of the state treasurer's books showing a loss sustained by the state in the sum of $180,000 from Nov. 25, 1813, to April 13, 1815.

A statement showing the amount due Connecticut under the act of March 3, 1857.

The claim will be referred to the senate after the comptroller general has made his report and will be included in an appropriation bill if favorable action is taken upon it.

BABE RUTH IN BEST PHYSICAL SHAPE OF HIS BASEBALL CAREER

By Alan J. Gould
(Associated Press Sports Editor)

NEW YORK, Dec. 27.—(AP)—If Babe Ruth doesn't break his own home run record next season it won't be because he isn't in condition.

Reporting today for the first gymnasium work-out of his pre-season training campaign, the big Yankee slugger was pronounced by his physical adviser, Artie McGovern, to be "in the best shape he ever has been at this stage of his conditioning."

McGovern is confident that Ruth, although nearing the "advanced" age of 34, will have at least as great a season in 1928 as he ever has enjoyed, all because the big fellow has buckled down to year-around conditioning and become a "physical culture fiend."

The more or less monosullabic Babe is less eloquent.

"Yuh! Might do it," he grunted, as his muscles were being briskly massaged, in reply to a query about the home run record. "There's a possible chance of breaking it again, if they keep tossing 'em at me.

"No, don't think there's much change in the ball. Thing that's helped is throwin' so many new ones. Fella can see 'em now.

"The boys have nearly all changed their way of hittin' now. Used to choke their bats. Now they swing from the hips. Only one or two choke-hitters left, like Joe Dugan and Dave Bancroft.

"No, there wasn't any pitcher, that gave me much trouble last season. All looked abou alike. I was just hittin' em, that's all.

"Lou Gehrig? There's a great kid. Always working hard. I know I've done all I could to help him and I hope he has another great season. More competition there is the better I like it.

"Yuh! Don't see why I won't still be goin' strong at 40. Only be 34 next February. They started countin' me out five years ago when I kicked up a little fuss. Feel better now than ever. Yuh! Great.

"Well, s'long, kid."

Ruth and Gehrig, the twin batteringrams of the Yankee attack, will get in condition together before departing for the training camp at St. Petersburg, Fla. Both are slated for regular workouts at McGovern's gymnasium for the next two months. They will go south around Feb. 26.

Today Ruth's brisk program included a half hour of set exercises, twenty minutes of handball, five minutes in an electric cabinet, shower-bath and rub-down.

After it was over he tipped the scales at 222 1-2 pounds, actually a dozen pounds less than he weighed at the close of the American league season and within six pounds of the lowest he has been since coming to the Yankees.

"A lot of the boys wagged their heads when Ruth signed that three year contract at $70,000 last year," McGovern remarked. "They said the big fellow would take it easy, knowing he had nothing to worry about for that time.

"But actually he is taking his training more seriously than ever before. He used to drink coffee by the gallon. Now he rarely touches it. He stays away from pastry and rich foods, doesn't dissipate. He's going at his work like a rookie with everything at stake on his showing next year."

DONOHUE OPPOSES BILL TO RAISE TICKET TAX

NEW LONDON, Conn., Dec. 27.—(AP)—Speaking in his official capacity, Thomas E. Donohue, of New London, president of the National Boxing association, today denounced the bill now before congress which seeks to add a 25 per cent tax to all fight tickets over five dollars.

"This bill is putting an unjust burden upon the fight fans, and I firmly believe that since the federal government already imposes a tax of 10 per cent on all fight tickets over 75 cents, the matter of further taxing the fight tickets should be left to each individual state," declared the doughty president of the N. B. A.

However, President Donohue can see the viewpoint of the federal government in the matter of the 25 per cent ticket tax, as he declared "that the boxing industry partly brought it upon itself."

"When congress saw thousands and thousands of persons paying $40 for a ticket to the second Tunney-Dempsey fight it seemed to the lawmakers that slapping on a tax of 25 per cent would be of little consequence to those who could afford to pay $40 for a ticket."

"The burden of this tax would not however fall upon the bloated millionaire fight fan, but on the group of fight followers who are the mainstays of the game as five dollar tickets are usually found at shows patronized by the average fight fan," he stated.

The N. B. A. at its convention in Toledo last fall unanimously went on record as favoring the elimination of the ten per cent federal tax on fight tickets. The N. B. A. has maintained that in view of the large surplus in the treasury the federal government could easily do away with this tax which it termed "a nuisance."

The National Boxing association has instructed its secretary, Latrobe Cogswell, of Baltimore, a member of the Maryland boxing commission, and a past president of the N. B. A. to appear before congress and present the claims of the N. B. A.

WISCONSIN COMMISSION DEFIES ILLINOIS RULING

MILWAUKEE, Wis., Dec. 27—(AP)—Joe Sangor, of Milwaukee, under suspension by the Illinois athletic commission, will fight Phil Zwick of Cleveland in a scheduled ten-round bout here Jan. 2, despite the commission's action, Ralph Wettstein, member of the Wisconsin boxing commisson, announced today.

The action taken by the Wisconsin commission in allowing Sangor to engage Zwick will not impair the commission's standing with the National Boxing association, Wettstein stated, as the Illinois commission has voiced its refusal to file the necessary charges against the Wisconsin body.

The Milwaukee featherweight was suspended indefinitely after he refused to box Benny (Kid) Carter of Los Angeles, on the Christmas charity fund program there a week ago.

Sangor said he was suffering from infected teeth.

ILLINOIS BOARD REFUSES TO CLEAR SANGOR

CHICAGO, Dec. 27.—(AP)—The Illinois state athletic commission refused today to lift the suspension on Joey Sangor of Milwaukee so he could engage Phil Zwick of Cleveland in a ten round bout in Milwaukee January 2.

The Milwaukee featherweight was suspended indefinitely after he refused to box Benny "Kid" Carter of Los Angeles on the Christmas charity fund program a week ago. Sangor claimed he was suffering from infected teeth.

Appeals were presented to the commission at its meeting today in Sangor's behalf. Sangor also stands suspended in 23 states affiliated with the Illinois commission.

NORWICH BOY CAUSE OF TROUBLE AT LOUISIANA

BATON ROUGE, La., Dec. 27.—(AP)—Breaking his silence maintained since the announcement that Francis T. "Tad" Gormley's connection as track coach and athletic trainer at Louisiana State university had been discontinued, Thomas W. Atkinson, acting president of the university today declared that Gormley was discharged after being "plainly and unmistakably under the influence of alcohol" at a football game October 22.

President Atkinson, in a statement addressed "to parents of Louisiana State university students" declared definite and positive information of Gormley being under the influence of alcohol had been brought to him by men "of the highest honor and standing." When confronted with the charges and a suggestion that he resign, Gormley, President Atkinson said, declared the charges "a lie" and that they were being used to cover up my mistake in renewing M. J. Donahue's contract as athletic director at the university for an additional six years."

No amplification of his statement as it referred to Coach Donahue would be made by President Atkinson. Gormley would not comment when told of the president's statement. He has refused to resign and still is at the university although the Christmas holidays practically cleared the campus of students and he has had no duties to perform.

Gormley came to the university twelve years ago from the old New Orleans Athletic association. The 1926 L. S. U. track team won the Southern conference championship while it has finished as one of the strongest contenders in conference track events for the past decade. Gormley is a native of Boston.

M. J. Donahue is a former Norwich boy and a graduate of Norwich Free Academy and Yale.

MALCOLM HOLDS HIS LEAD BY LONE POINT

WATERBURY, Dec. 27.—(AP)—Jimmy Malcolm, of Bristol, played in one of the two games his team lost during the past week in the Connecticut State Basketball league, but he managed to keep one point ahead of Herm Cohen, of New Haven, in the race for scoring honors in the first half of the season.

According to the official records released today by Secretary William P. O'Donnell, which include the holiday games played yesterday, Malcolm leads the individual scores with 64 points. The best scoring performance of the week was shown by "Hennie" Carrington, of Waterbury, who advanced from 23rd position a week ago to seventh in the list. The Brass City veteran scored 18 points against the Meriden Endees in the holiday game last night.

Carroll, of Meriden, also enjoyed one banner night on the court and moved from tenth to fifth position.

New Haven Atlas lead the circuit with six victories in seven starts with New Britain in second place with five victories in seven games. The first and second place teams meet in the second game of their series in another week which will have an important bearing on the first half championship race which is drawing to a close.

Waterbury completes its first half season schedule here Thursday night in the only scheduled game of the week with the Hartford Yankees, but at a meeting called for in Meriden next week by President William J. Lee, of Hartford, several games pending for suitable playing dates are expected to be announced.

Spectator Killed at Soccer Game.

ORAN, Algeria, Dec. 27.—(AP)—An Arab spectator, standing close to the goal posts watching a soccer match, was struck by the ball in the pit of the stomach, dropped to the ground and died within a few minutes. The ball had been shot by a star forward with a reputation for a "strong toe." He expressed profound regret at the accident but said: "They should keep away when I shoot; keep them away from the goal."

Hill Signs With Braves

ST. LOUIS, Dec. 27.—(AP)—Ralph Hill, a left handed pitcher of Boston who has played semi-professional baseball with various New England teams, has signed a contract with the St. Louis Browns, it was announced at the offices of the club here today.

BASKETBALL BRIEFS

The Y Emps held final practice Tuesday afternoon for their game with the Phantom A. C. of New Britain here at the Y gym Thursday evening. Coach Conklin put his men through a stiff workout for the Hardware City team is claimants of the state junior Y championship.

Plainfield ought to see some good basketball tonight with the Pros and the Boston Whirlwinds in the main spot and strong preliminary in the Plainfield Buddies-C. F. C. clash. It all happens at the Community House, as may be known.

Although team practice will not be resumed until Jan. 3, when suits will also be handed out, Coach Courtland Whitney of the Academy has ordered his players to practice individually during the coming week to keep in trim.

The Y Outlaws are scheduled with the Willimantic Red Men this coming Saturday at the Y.

Danielson Towners have another chance to return to their usual form in meeting the strong Emmett Guards, champions of Worcester (Mass.) county Thursday at Danielson.

The American league representatives in New York, the Original Celtics, had their largest home crowd of the season Monday night when the Cleveland Rosenblooms fell in an exciting tilt. About 8,000 were present and from reports, they thoroughly enjoyed the proceedings for together with some rapid-fire basketball there were a few lively exhibitions of fisticuffs. Vic Hanson, famed Syracuse all-round athlete, however, failed to satisfy.

There are few better at the game than Nat Holman, of the Celtics, and C. C. N. Y. coach.

Here it is basketball nearing the first-third mark and Norwich has hardly had a headliner game, as yet.

However, the next ten days promise something with the Y Emps meeting the New Britain Phantoms, Taftville Crescents playing Aetna Five of Hartford and the Academy opening its season, also Plainfield-Renaissance.

And then, lest we forget, there is the second chapter of the Taftville Crescents-Danielson Town team series coming Tuesday, Jan. 10, at Taftville.

HENSCHEL AND DICKERMAN LEAD CHURCH SCORERS

The two Church leagues have had their openings but that is all. After both loops had played their opening games they rested and no activity has been registered since. However, schedules to definitely get the teams on their way are to be drawn up this week and plenty of excitement should be evident from then on.

Henschel of the Brothers of Joseph leads the scorers in the senior loop having run up 18 points on nine field goals. Archibald of the First Baptist is second with 7 points and Neilsen, also of the First Baptist is third with one less point.

In the junior loop Dickerman of the Central Baptist has 20 points to his credit, which is also the highest individual score of either loop. He threw in 10 field goals. Lambert also of the Central Baptists has just half as many points as the leader, he having rustled the hoop for five field goals.

The Brothers of Joseph quintets led both leagues with one victory apiece.

The scoring records:

FIGHT IS EXPECTED OVER CHANGES IN GRID RULES

NEW YORK, Dec. 27—(AP)—Those who watch over the destinies of the collegiate pigskin were arriving here tonight for a series of conclaves, with the stage set for a bitter verbal battle over the drastic changes made last year in football's rules and regulations.

With the annual meeting tomorrow of the Eastern Association of Football officials, oponents of the revised rules were expected to launch their fight to abolish the new lateral pass rule and at the same time, move the goal posts ten yards forward to their old position at the actual goal line. These were not the only rules under fire but the controversy was expected to center largely on them.

Indications were that the annual sessions on Thursday of the National Collegiate Athletic association would see more fuel added to the fire. Chief interest in this gathering was manifested in the probable attitude of the rules committee through Edward K. Hall, its chairman.

Fireworks of all sorts were expected to develop at the meting of the Football Coaches' association on Friday. Not only have there been indications that the coaches would recommend abolishment of some changes in the rules but that they also might request that they be given greater representation of the national rules committee.

NAMES OFFICERS WHO HAVE LEFT THE SERVICE

NEW YORK, Dec. 27.—(AP)—Exceptions to alleged statements on the use of the veteran football players as recruits in the army were made today by Major Philip Fleming, graduate manager of athletics at West Point through the Army Information Service bureau here. The service statement said:

"Waving the ethical points of a sister service institution conducting a secret investigation of athletic conditions at the U. S. Military academy aside, Major Philip Fleming, graduate manager of athletics at West Point issued a statement Tuesday night (tonight), giving the total number of varsity football players since 1917 at West Point, who whether or not they have played college football, have resigned from the army.

"These officers," Major Fleming stated, "are McEwan, Oliphant, Vidal, Blaik, Briedster, Garbisch, Mulligan and Storck. Before resigning, however, these officers averaged three years and seven months in the service."

Y EMPS TO PLAY NEW BRITAIN THURSDAY

The Y Emps will play the state junior Y champs, the Phantom A. C. of New Britain, Thursday night at the Y gym.

This team comes here with a strong record and the Emps, last year's eastern Connecticut junior champs, will have to travel at top speed to maintain their unbeaten record of the present season.

Coach Conklin has drilled his boys hard with all regulars in action, including Dave Tigar and Switzburg who will return to the lineup for this game. A dark horse is also slated to perform for the Emps. It was rumored that he is a college freshman player at a leading Boston institution and that he will greatly bolster the Emps' chances is practically a certainty.

A senior church league game starting at 7.30 will precede the main attraction which starts at 8.30.

SERGT. BAKER NOW UNDER MANAGEMENT OF KEARNS

NEW YORK, Dec. 27—(AP)—Sergeant Sammy Baker, middleweight boxer, now is under the wing of Jack Kearns following a deal involving $10,000, according to information received here today. In a letter to Teddy Hayes, prominent trainer of boxers from Los Angeles, Kearns said he had bought Baker's contract from Sergeant Steve Weber.

Only recently, Pete Reilly, manager of Jack Delaney, former world's light-heavyweight champion, disposed of the Bridgeport battler to Joe Jacobs and Billy McCarney for a price reported to be $50,000.

PASTIME TO RUN AMATEUR SHOW FRIDAY

The Pastime A. C. has another amateur boxing show scheduled for Friday evening at Olympic hall, it was announced Tuesday night.

Boys from Willimantic, Putnam, Danielson, Lebanon, Colchester, Westerly and New London are expected to compete along with the Norwich punchers.

Whether this show will be under A. A. U. sanction has not been determined, as yet, as Mr. Burns applied for sanction but has had no word from Mr. Dunn.

McNAMARA TO HAVE WINTER AS PARTNER

CHICAGO, Dec. 27 (AP)—Reggie McNamara, world's greatest six-day bicycle rider, is going to have Charley Winter of New York as his partner in Chicago's nineteenth international six-day bicycle race, which starts in the coliseum Jan. 7. Winter, fresh from his victory in the recent New York six-day race agreed to team with McNamara today.

McNamara has won 13 races, finished second seven times, been third nine times, and fourth six times. He has won the New York race six times and the Chicago grind four.

PLAINFIELD PROS AND BOSTON WHIRLWINDS CLASH AGAIN TONIGHT

(Special to The Bulletin)

PLAINFIELD, Dec. 27—The Boston Whirlwinds, one of New England's best, invades Plainfield Wednesday night for their second tilt of the season with the Plainfield Pros at the Community house, starting at 8 o'clock.

The Boston combination, rated by many experts as the class of the six states, comes to Connecticut with an unbeaten string of 14 games, taken from the pick of the New England quintets. The Pros were one of these victims, falling two weeks ago after a thrilling tussle.

The Whirlwinds and Pros have never been implicated in one-sided games when they met. Both teams seem to battle fiercely when they tangle, one good proof of this being their three overtime period tie game last season.

The locals will have their strongest lineup ready for the Hub outfit, sending Normandin, Dissinger and Brusso to the forwards with Steffy Stravinitsky at center and Whitey Bernot and Madden at guards. Eddie Nichols will be in reserve.

For Boston Jimmy Crotty and Nig Curtin will run at forwards with Leo Martin at center and Henry Kilby and Capt. Fiddle Morley at guards.

Although all of the Whirlwinds have splendid reps still Morley is probably best known for he has played many times on eastern Connecticut courts, both with and against, and he has always shown high class basketball.

This game is the second of four for the Whirlwinds this week. Alongside a tilt at Provincetown Monday they will play the Black Cats at Bristol Arena, New Bedford, Thursday and Saturday battling the American Legion five of Plymouth.

Plenty of interest is being manifested all over New ngland in tonight's game, as may be found out by notices given it in Hub City papers. A large crowd is expected and preparations have been made accordingly. Johnny Beizniak of Worcester has been signed to referee.

The preliminary is also carrying plenty of interest, bringing together the Norwich C. F. C. and the Plainfield Buddies. Each team has been defeated but once, the Buddies' setback being inflicted by the Norwich team a few weeks ago after a hard battle.

PLAINFIELD PROS HAVE FEATURE ATTRACTION COMING

(Special to The Bulletin)

PLAINFIELD, Dec. 27—The Renaissace Big Five of New York city, world's championship colored basketball team plays at Plainfield Community house, next Wednesday night, Jan. 4. In tackling this outfit the Pros seem to have cut off quite a large slice.

This team has more decisions over the Original Celtics, world's champs, than any other team and to beat the Celtics even once, is some task.

They slaughtered the Hartford Yankees tonight in Hartford 53 to 19 and that may be taken by the Pros as something of a warning.

The Renaissance will have Ricks and Fiall at forwards with Sanders or Slocum at center and Jenkins and Mayers at guards.

BOSTON TIGERS SHOW WAY IN HOCKEY LEAGUE

BOSTON, Dec. 27.—(AP)—The race for first place in the Canadian-American Hockey league remained unchanged after the smoke of the holiday week-end battles had cleared.

The standing announced today shows the Boston Tigers still leading the Springfield Indians by three points, both teams having won their holiday encounters.

The standing:

Team	W.	L.	T.	Pts.
Boston	9	4	1	19
Springfield	7	4	2	16
New Haven	5	6	2	12
Philadelphia	4	6	1	9
Providence	3	6	3	9
Quebec	3	4	3	7

Meyers and Demetral Signed.

CHICAGO, Dec. 27.—(AP)—Johnny Meyers, world's middleweight champion, signed today to defend his title against Jimmy Demetral, Wisconsin grappler, at the Broadway armory here, January 9. Demetral gave Meyers a terrific battle at Madison, Wis., a year ago, with Meyers the eventual victor.

Cubs Release Two

CHICAGO, Dec. 27.—(AP)—Outfielder Frank Kern and Pitcher Lester Rouprich were released under option tonight by the Chicago National baseball league club to the Reading, Pa., club of the International league.

LEDYARD

The Center school, Miss Mathilda Tashea teacher, gave a very interesting program in Grange hall Thursday evening, Dec. 22. A large Christmas tree decorated with colored electric bulbs stood in one corner of the hall. The following program which was heartily applauded was well rendered by the pupils: "Welcome," poem, Harry Holdridge; "All the World Says Merry Xmas," entire school; "Christmas Colors," Mary Davis, Raymond Crouch, Dorothy Avery; "I See You," Dause, grade one; "Who's the Most Important," Harry Holdridge, Routh Jencks, Evelyn Crouch, Ruth Collins, Theodore Crouch; music, Miss Lillian Crouch; "Hello Santa", pantomime, Ruth Jencks; "Silent Night," song, school; "The Happy New Year," pantomime, Dorothy Avery; "Sign of Christmas", grade one; "Away in the Manger," song, school; "Mr. and Mrs. Santa Claus," dialoge, Ruth Collins, Theodore Crouch; "Detective", pantomime, Ransford Collins; "Listening In," pantomime, Raymond Crouch; music, Miss Lillian Crouch; "Rig-a-Jig," lower grades; "Jack Frost," play, Theodore Crauch, Ruth Collins, Harry Holdridge, Chester Pierce, Ruth Jencks; "Merry Christmas," song, school; "Clap, Clap, Boys," dance, lower grades; "Jolly Old St. Nick," song, lower grades; music by Miss Crouch; "Gifts of the Heart and Soul," entire school.

The children were remembered with gifts from their teacher and she in return received many from her pupils. Sandwiches, cake and cocoa were served to all present, including Supervisor and Mrs. James F. Connelly and Miss Margaret Connelly of Norwich, the parents of the children and many friends of the teacher and pupils.

Mrs. Anna P. Hero of Norwich, teacher in the Geer school had a very interesting program carried out by her pupils in the schoolhouse Friday afternoon. As follows: Song, "It Came Upon the Midnight Clear," school; "The Babe of Bethlehem," Karl Wiernan; "Joy Bells," Laura Wiernan; "A Visit from St. Nicholas," school; song, "Jingle Bells," school; "Santa Claus," George Clark; "A Christmas Telephone," Virginia Hazen; "Christmas Joy," Isaac Geer; "A Merry Christmas," Florence Wieman; "O Little Town of Bethlehem," song, school; "The Coming of Santa," Alfred Clark; "Preparations," Gilbert Hazen; "Christmas Cheer," Marian Hazen; "Jolly Old Santa," song, school; "Good Bye," Mary Wieman. A handsome Christmas tree yielded gifts for teacher and pupls. Many parents and friends were present.

A group of young people in the north section of the town sang Christmas carols before a number of houses Christmas eve, which proved pleasing and entertaining.

HOPKINTON

As Arthur Stanley, Jr., was taking children to school in a bus Wednesday, a car with a Michigan number plate ran into the bus near the home of Fred Bliven on the state highway. Both vehicles were damaged. The driver of the auto claimed that he fell asleep. No person was injured.

The family of Thomas A. Grieve of Shawsheen, Mass., is visiting at the home of Daniel E. Blake.

Miss Daisy Kenyon and brother Edwin of Westerly were callers at the home of Alonzo P. Kenyon Sunday.

A number of young people sang Christmas carols about the village of Ashaway last week.

Among the students and teachers at the homes of their parents for Christmas vacation were Donald Burdick of Alfred, N. Y., Andrew Mackenzie of Philadelphia and Miss Clara Pashley of Bristol, Va.

Lewis F. Randall has his new shop nearly completed.

IRREGULARITY MARKED THE PRICE MOVEMENT IN YESTERDAY'S MARKET

NEW YORK, Dec. 27.—(AP)—Extensive readjustment of speculative accounts imparted much irregularity to the price movement in today's stock market. Marking up to the call money rate to 5 1-3 per cent. coincident with the calling of about $36,000,000 in loans, while regarded as a seasonal development, nevertheless had a tendency to restrict speculative operations. Trading showed a rather substantial falling off in volume, the day's sales aggregating slightly more than 1,000,000 shares, as against a daily average of nearly 3,000,000 shares for the full sessions of last week.

There were no week-end developments to disturb speculative confidence although several commission houses continued to urge a lightening of commitments on the theory that a "technical reaction" was likely after the recent sustained advance. Offsetting this profit-taking was the short covering operations of "bear" traders who were buying in stock to establish losses under the income tax laws. With few exceptions, this has been a bad year for professional speculators for the decline, as there has been no major reaction to speak of all year.

Extreme nervousness characterized the trading in U. S. Steel common because of the uncertainty regarding the market effect of the proposed changes in the personnel of the directing officers of the corporation. Rumors that J. P. Morgan would be made chairman of the board and Myron C. Taylor chairman of the finance committee, posts held by the late Elbert H. Gary, proved to be well founded as the official announcement of such action was made after the meeting of the directors, late this afternoon. James A. Farrell, president of the corporation becomes chief executive officer. Steel common closed fractionally lower at 153 after fluctuating between 155 5-8 and 154 7-8.

Despite the relatively poor November sales report published today, General Motors common was well bought, closing 3 points net higher at 137 7-8. While the buying demonstration in that stock was regarded in some quarters as the usual "window dressing" on the eve of the opening of the New York Automobile show, talk also was heard of surprising features in the introduction of the new Chevrolet models in January. Nash crossed 70 for the first time on expectations of a distribution of surplus next year. Most of the other motors were inclined to heaviness, Mack Trucks falling back nearly 2 points.

Midland Steel Products preferred was the individual feature, soaring 22 1-4 points to a record of 272 1-4 as against a low of 106 earlier in the year.

Collins & Aikman soared nearly 7 points to a new record high at 207 1-2 on a revival of merger reports. Archer Daniels Midland, the largest producer of linseed oil in the country, ran up to a new peak on expectations of an early increase in the dividend. In the fiscal year just ended Archer Daniels reported sales of $41,336,242 against $30,513,016 in the preceding year.

Pools were again active in a number of specialties. Substantial gains were recorded by such issues as Abitibi Power, Brooklyn Edison, Certo corporation, Davis Chemical, Otis Elevator, Pittsburgh Terminal Coal and U. S. Cast Iron Pipe. On the other hand, Case Threshing, Chicago Pneumatic Tool, Gimbel Bros., Montgomery-Ward and Porto Rican Tobacco B were conspicuously heavy.

Call money renewed at 5 per cent. and then advanced to 5 1-2 closing at the top. There was no change in time money and commercial paper rates.

Foreign exchange trading was extremely quiet with rate changes nominal. Sterling cables held firm around $4.88 3-8.

Commodity markets displayed a strong undertone. Cotton rallied $1.25 to nearly $2 a bale. Wheat futures advanced a fraction of a cent a bushel. Sugar prices held steady and coffee quotations advanced 5 to 13 points.

MARKETS AT A GLANCE.

New York.

Stocks firm; Midland Steel Products preferred up more than 15 points.

Bonds quiet; New Haven railroad is active.

Foreign exchanges firm; sterling reacts.

Cotton higher; favorable goods reports.

Sugar easy; disappointing spot demand.

Coffee advanced; firmer Brazil.

Chicago.

Wheat steady; decreased visible stocks.

Corn firm; exporters buying.

Cattle steady.

Hogs steady.

CARD OF THANKS

We wish to express our sincere appreciation and heartfelt thanks for the many acts of kindness and sympathy shown us during the illness and death of our brother, Matthew J. Geary of Jewett City, and for the beautiful floral tributes sent to the funeral. These acts of kindness will always be cherished by us.

Signed: HIS BROTHERS AND SISTERS.
Dated at Jewett City, Dec. 27, 1927.

ANNOUNCEMENTS

Strand Theatre.

Shadows is a screen picturization taken from the famous story "Ching Ching Chinaman" by Wilbur Steele. It is a powerful drama of life and love. Marguerite de la Motte as the leading lady is as lovely as usual and with the capable Harrison Ford lend support to the ever popular Lon Chaney, who has the leading male role. This is a very wonderful photoplay and you owe it to yourself to see the gorgeous scenes, beautiful gowns and exceptionally clever acting.

"West of Rainbow End" is a thrilling western picture full of pep and action. The exciting plot is well carried out by the wonderful acting of a capable all-star cast. If you enjoy suspense, thrills and excitement, see this splendid western feature tonight and Thursday night at the Strand.

Palace Theatre.

A Mexican hero and an American villain fight each other in Richard Dix' new Paramount picture, "The Gay Defender," which will be shown at the Palace theatre, starting tomorrow.

For many years, the Mexican has been used as a stock figure in motion pictures, especially in that type of picture known as the "Western." But now the Mexican has come in for glorification at last.

For in "The Gay Defender," Dix plays an aristocratic Mexican youth who turns to banditry to fight the wrongs done him and his people by American desperadoes drawn to California in search of gold. Laid in the colorful period of 1850 and photographed in its actual California locale, the picture is said to be Dix' most romantic, picturesque vehicle.

The story, an original for the screen by Grover Jones, is based loosely on the almost unbelievable exploits of Joaquin Murrieta, Mexican bandit leader whose raids and depredations held California in a grip of terror in the years following the gold rush of '49. As adapted by Ray Harris, Sam Mintz and Kenneth Raisbeck, the picture retains the tense drama and amazing narrative of an historical biography. Gregory La Cava directed.

Fred Kohler, "welt of the screen," is cast as Jake Hamby, American man-killer of the type that was famous in California in those hectic days. Thelma Todd, ace graduate of the Paramount Picture school, lends her blonde beauty to the leading feminine role as the daughter of the U. S. Commissioner to the newly acquired territory.

Broadway Theatre.

Tim McCoy, Metro-Goldwyn-Mayer Western film star, has just completed "Spoilers of the West," said to be the most perfect American frontier picture ever filmed.

The picture is based on authentic historical data regarding the Laramie treaty with Red Cloud, famous Indian warrior, and was photographed in the state of Wyoming on the very spot which ran red with white and Indian blood in the early seevnties.

Not a white man appears in the film as an Indian because McCoy believes that white men cannot faithfully portray the Indian, either in looks or action. A thousand real Shoshones and Arapoes from the Wind River reservation appear in this picture, which will be shown at the Broadway theatre today and tomorrow.

Jobyna Ralston and Johnny Walker have the leading roles in the co-feature "Pretty Clothes," which, it is known, is not the customary run of the mill. It tells a direct and forceful story and it tells its dramatically.

The story deals with a girl who, from poor surroundings, meets a wealthy man who falls in love with her. Ashamed of her mother and sister, she misleads him, and is involved in a series of disastrous events due to her overwhelming passion for beautiful clothes.

NORTH STERLING

The selectmen of Killingly have made much improvement to the Margaret Henry road, filling up the mudholes which for some time have been bad for automobiles.

ANNOUNCEMENTS

Breed Theatre

Hold your horses? Here comes Johnny! Yes, no other than Johnny Hines is coming to the Breed theatre today and Thursday in his latest First National picture, "White Pants Willie."

Johnny is said to be his funniest in this new comedy, which is an adaption of Elmer Davis' Liberty Magazine serial story of the same name.

In the supporting cast are Lilla Hyams, Ruth Dwyer, Margaret Seddon, Walter Long, Henry Barrows, George Kuwa, Bozo, the educated goose, Buddy, the comedy dog, and Harold, the horse with the underslung stomach.

This riotous outburst of celluloid was directed by Charles Hines on days when he was in very good humor, as can be seen.

Buzzy Barton is also coming to the Breed today. He's half-pint size, but it's a half pint of TNT—that's Buzz Barton, thirteen-year-old daredevil rider, whose newest production for FBO, "Wizard of the Saddle," appears on the bill today and Thursday as a special added feature.

As swift as he sweeps across the plains on his mount, Buzz has swept into popularity. FBO elevated him to starmdom a short time ago in "The Boy Rider," and by the time his second production, "The Slingshot Kid," was ready for release he was already a national favorite. "Wizard of the Saddle" is his third starring production.

Dodge Brothers.

Dodge Brothers, Inc., is now equipping all passenger cars in its "128" line of fours with the latest and most efficient type of steel-draulic (mechanical) four-wheel brakes, a company announcement today states. The cars comprising the "128" line are the de luxe sedan, the sedan, the coupe and the cabriolet roadster.

The new four-wheel brakes are of the expanding band type, operating mechanically on 12-inch drums. They can be operated with the lightest foot pressure and make possible absolutely uniform braking on all four wheels. Although they constitute a major improvement to Dodge Brothers four cylinder line they are being added at no extra cost to the purchaser. The de luxe sedan, in fact, is being reduced $25 and will hereafter sell at $950 f. o. b. Detroit. Prices of all other types with four-wheel brakes remain the same.

"Dodge Brothers four cylinder line gains another important selling advantage through the addition of mechanical four-wheel brakes," says The Jordan Auto company, local Dodge Brothers dealer in discussing the most recent improvement. "Since thhe company first introduced the line last summer," says Mr. Jordan, "it has gained radily in popularity with the purchasers of moderate priced cars. The slogan by which it was introduced—"America's Fastest Four"—has been one of the most potent reasons for the remarkable success which it has achieved, for with the public's recognition that Dodge Brothers four surpassed all other fours and equalled in speed many of the light sixes, sales mounted steadily. The remarkable acceleration of the new cars—0 to 25 miles through gears in less than seven seconds—and their ability to make 25 miles to the gallon at 25 miles per hour have also proved substantial arguments in their favor.

"The addition of four-wheel brakes, making possible deceleration as notable as the mile-a-minute performance of which Dodge Brothers fours are capable strengthens the advantage which they have enjoyed in their field and should add greatly to their popularity next year."

IN LAWRENCE-MEMORIAL HOSPITAL FIRE, NEW LONDON, LOSS IS $8,000

(Special to The Bulletin)

NEW LONDON, Dec. 27.—New London's fire department was called upon late this afternoon to battle a two-alarm blaze, a fire that threatened to cause serious damage to the city's largest hospital, Lawrence-Memorial, where about 200 are either medical or surgical patients. The fire resulted in every piece of apparatus owned by the city being called out. When the firemen who responded to the first alarm arrived at the institution there was every indication that the fire would spread throughout the upper part of the three-story brick structure and where many patients were quartered. Chief Thomas Shipman took every precaution against the fire getting beyond control by immediately sending in the second alarm which brought out seven pumpers and hose apparatus and the big aerial ladder. The presence of the large number of automobiles did not hamper the work of the department for the police maintained a safety line that insured freedom to the firemen in their combat with the flames.

The fire was fought entirely with chemicals, but a large quanity had to be used. Water was ordered not turned on by Chief Shipman because of the large number of patients there and so as to incur the least possible damage to the acilities in the treating of the patients there.

The damage, it is believed, will not exceed $8000 and is confined to the third floor. How the fire started has not been definitely decided but it is believed that is originated from a defective chimney.

The fire was discovered by nurses about 3.30 o'clock when clouds of smoke began to gather in the corridor and wards. Investigation revealed that the fire was located in the partitions and beneath a section of the roofing adjacent to one of the big chimneys. A telephone message sent to fire headquarters brought out Chief Shipman and the Ockford Hose company. The flames had then made considerable headway and a second alarm was sent in, which brought all apparatus in the center and northwest section of the city and Deputy Chief Calvin Edmunds, to assist in subduing the fire.

Captain of Police Charles A. Pinney ordered a squad of police to rush to the hospital to establish a safety line that every favorable condition might exist in furtherance of the efforts of the firemen.

Several lines of chemicals were stretched through the building to where the fire was in progress. The big aerial truck entered the hospital grounds from the Ocean avenue side and firemen went to the roof with additional lines of chemicals. These streams were emptied upon the burning roof from the open and into the partitions from the interior for an hour and a half, before the stubborn blaze was conquered. It was not until 5 o'clock that all the apparatus had been ordered back to quarters. A detail of firemen remains on duty at the hospital tonight to be on the lookout lest the fire break out again.

During the progress of the fire the entire staff of nurses, including the night staff, was detailed to look after the patients, some of whom are unable to leave their beds. Those patients on the floor where the fire started and where it was confined, were removed to the furthermost part of the building and close to an elevator, so that if the fire got beyond control of the firemen the patients could be hastily moved to floors below or out of the building.

The fire department had an unusually busy week-end and Sunday. Saturday night a fire was discovered on the roof of the residence of S. H. Parsley, 11 Harris court, and a still alarm brought out the Ockford Hose company and Allen Hook and Ladder company. The fire was quickly subdued with chemicals and without damage of consequence. It originated from sparks from a chimney landing on the dry shingles.

About the same time the fire on Harris court occurred another still alarm was received for a fire at the residence of Frank H. Chappell, 182 Hempstead street. The fireplace had become overheated and a small amount of timber was charred. The fire was extinguished with chemicals. The house is owned by Mrs. Elisha Turner.

A third fire occurred Saturday night when O'Leary's restaurant, corner of Green and Golden streets, was threatened. A large receptacle containing hot grease became ignited and much of the burning liquid spattered on the kitchen floor. A still alarm was sent in, causing Namseaug Engine company and Allen Hook and Ladder company to respond. Several tanks of chemicals were used to extinguish the blaze and the damage was slight.

About 1.30 o'clock Sunday morning members of the family of M. J. Ryan, 22 Addison street, detected the odor of smoke and an investigation found fire between the bricks and woodwork of a fire-place. A still alarm caused one company to respond and a small amount of chemical sufficed to extinguish the fire and, with only slight damage. The house is owned by Attorney Nathan Belcher.

Sunday evening a fire resulted in the home of Mrs. R. S. Gammons, 2 Faye street while Christmas festivities were in progress. Lighted candles suspended from a Christmas tree became dislodged and fell to the floor causing some of the furnishings to become ignited. A still alarm brought the Niagara Engine company to the house and chemicals were used in extinguishing the fire. The damage amounted to $75. The house is owned by Mrs. May Gammons.

The final fire of the holiday occurred late in the afternoon when the house at 51 Hempstead street, occupied by Samuel Hale and owned by Barbett Greenblatt was threatened. The fire was in the chimney where a quantity of soot had ignited. The still alarm which brought the North-west Hose company and the Allen Hook and Ladder company to the house resulted in a small amount of chemicals being poured down the chimney, extinguishing the fire before damage of any account had resulted.

NORWICH WELFARE BUREAU LOOKING FOR MISSING GIRL

(Special to The Bulletin)

NEW LONDON, Dec. 27—The state bureau of child welfare, Norwich, has requested the New London police to assist them in apprehending Cornelia Johnson, alias Faley, colored. The girl is described as being 16, is light skinned. She has a sister, Mrs. Gonzales, residing at 51 Hempstead street, this city.

Mrs. Braun, reported to the police this afternoon for Mrs. Harry Hume, 99 Garfield avenue, that while the former's automobile was parked on Bank street, a thief stole a purse containing about $10.

The police had a quiet day today and as a result there will be but little business in the police court tomorrow. The only occupants of cells at police headquarters tonight were three drunks.

Owners of automobiles started renewing their licenses for 1928 today and for the first time in the history of the motor vehicle department in this city the office was crowded with seekers of new licenses. There were two police officers on duty at the office and they were kept busy the entire day keeping applicants in line, something that has never occured before when a week remained from the date of application and the license issuance.

Frederick W. Calkins has sold to Mabel C. Barker, a life interest in two building lots on Riverview avenue.

Mabel C. Barker has sold a building lot on Riverview avenue to Mildred V. Eames.

The Gager-Crawford company has sold to the Connecticut Power company two tracts of land on which are two dwellings and which land adjoins the New York, New Haven & Hartford railroad. The property adjoins other property of the power company.

Two youths were in the Groton town court this morning as a result of their handling of liquor Christmas day. The boys were arrested when the elder, who is 20, was found intoxicated. His companion had a gallon of wine, but he was not prosecuted for possession contrary to the provisions of the prohibition law. Neither was disciplined, but Acting Judge Charles F. Willard reprimanded the youths for their conduct, also gave them some advcise as to their future conduct.

Walter A. Towne, for years principal of Bulkeley high school, and Mrs. Towne, left yesterday for Powell river, British Columbia, where they will make their home, at least temporarily with their daughter, Mrs. Grace Domigan. It is understood that Mr. Towne is contemplating the erection of a home at Powell river. Mr. Towne, besides having been principal of Bulkeley high school many years was a member of the school faculty about 50 years.

Louis Hyatt, of Norwich and Miss Betty Dean, daughter of Mr. and Mrs. Joseph Dean, of Carroll court, were married Sunday night at Chev Sholem synagogue, Bilinman street, by Rabbi Delatzky. Alfred Hyatt, brother of the groom was best man and the bride was attended by Miss Ada Koman as maid of honor and Misses Celia Dean, Jean Ritberg, Bella Lowyant, Emma Traystman, Celia Fellman, Rose Hirsch and Hilda Sherb as bridesmaids. Mr. and Mrs. Hyatt are on a wedding trip and upon their return will reside at 21 Carroll court. Mr. Hyatt is in business with his father-in-law, conducting the New England Poultry market.

Announcement is made by Mr. and Mrs. Manuel Perry, of Waterford, of the engagement of their daughter, Miss Anna Perry to Ralph E. Tashea, Jr., of this city. Mr. Tashea is employed by the Robert Gair company, Montville.

Merrill Bergman, son of Mrs. Sophia Bergman, of this city and Miss Bess Cohen, daughter of Mr. and Mrs. Benjamin Cohen, of Chelsea, Mass., were married Monday in Chelsea. Mr. and Mrs. Bergman will make their home in Everett, Mass.

The hotels in this city are beginning to experience a lull in business for with the advent of December many salesmen do not continue soliciting business and as a result there are more rooms available now and will be for several any one year.

The Doris club, Masonic, will watch the old year out and have an entertainment, feasting and dancing. As usual the Methodists will have watch night services with prayer meeting. These services are among the most interesting of the year in that church. The engine companies wil lhave old year festivities at their respective headquarters.

Auto traffic has slackened since the Christmas holiday to a great degree and it will probably diminish still more for many autoists put their cars in the garage from January 1st till April 15. They thus save three months of registration cost, also avoid wear and tear that comes with icy weather and freezing temperature.

Brainard lodge of Masons held a meeting this evening at which there was balloting for members.

The highway department of the city government is hoping that the old year will pass out without necessitating the expenditure of money for the removal of snow. In recent years the city has been most fortunate in this respect for there has ben little snow to remove. Winters are becoming less severe as they pass along and this winter may prove one of the mild kind.

Mrs. Stephen Gallup and infant daughter of 18 Lewis street; Mrs. J. M. Broder, Colchester; Frank Sisson, Gales Ferry; Frederick Livermore, Ocean avenue; Mrs. James Robinson and infant son, Groton; Dr. Manning Rose, 299 Huntington street; Mrs. Elnor Brown, 20 Darrow street; Mrs. William Holden, 294 Main street; Miss Margaret Morin, Winthrop street and Brailey Sprague, West Haven, an engineer in the employ of the New York, New Haven and Hartford railroad, who was badly burned several months ago when tubes in the boiler of a locomotive he was in charge of exploded near Westbrook, were patients discharged at Lawrence-Memorial hospital Sunday, Monday and today.

The funeral of Joseph G. Cavarly, former well known sea captain, was held this afternoon at 2 o'clock at Beckwith Memorial chapel, Cedar Grove cemetery. Burial was in Cedar Grove.

The funeral of Miss Isabel Beckwith, formerly of New London, who died at the Masonic home, Wallingford, Saturday, was held at 3 o'clock this afternoon at Beckwith Memorial chapel, Cedar Grove cemetery.

The funeral of Forest Buddington, former employe of the New York, New Haven and Hartford railroad, was held this afternoon at 2 o'clock at Mr. Buddington's residence, North road, Poquonoc. The services were conducted by Rev. Freeland Knapp. Burial was in Starr cemetery, Groton.

Joseph Saunders of Reed street, a tile worker, was in the police court today for jumping his bail. He escaped punishment just the same as he has on previous occasions for the court took into consideration Saunder's family. He has two children and his wife is in need of his support, especially as her health is impaired. Saunders' case was continued two months and he was placed on probation. Saunders was arrested a month ago charged with intoxication. Thomas F. Moran, contractor, qualified on Saunders' bond of $25. When court convened the next day, Saunders failed to present himself and his bond was declared forfeited. A few days ago Prosecuting Attorney Daniel M. Cronin instructed the police to arrest Saunders and this was done Friday night.

BOND MARKET.

NEW YORK, Dec. 27.—(AP)—Trading in the bond market today fell to a low ebb, and prices exhibited fractional irregularity. Although call money rates advanced, there was no change in time loans, and consequently no large increase in offerings was forthcoming. New issues were not in large enough volume to have and particular bearing on quotations for listed bonds.

The domestic department displayed very little activity, except in the case of a handful of mortgages which advanced for special reasons. Among these were Brooklyn Union Gas 5 1-2s, convertible into common stock, which had a gain of more than 2 points in new high territory. Liquid Carbonic 6s, a so exchangable for stock, jumped more than 4 points, and sold at 125 1-2 for the first time.

Little interest transpired in the railway group. New Haven issues, which have had a firm tendency since the new financing of last week again advanced fractionally, but sales were not large. Public utilities were neglected.

Firmness characterizedy the foreign division generally, with German and French bonds making the best showing. Transactions were few, however, in all sections.

The United States government group had a firm undertone, but business was limited.

CHICAGO GRAIN MARKET.

CHICAGO, Dec. 27.—(AP)—Suddenly making a "U" turn after reaching new low-price records for the season, corn scored a substantial advance today at the last. All day, corn was much more active than other grain, and the late switch to the buying side was largely due to disclosure that for at least the time being the corn market was oversold and had become almost bare of offerings.

Closing quotations on corn were firm at the day's top figures, 1-4c to 7-8c net higher. Wheat finished unchanged to 7-8c up, oats at 3-4c decline to an equal advance, and provisions ranging from 2c setback to a rise of 7c.

At first, the corn market was dominated by the fact that corn receipts were of large volume both here and likewise at Kansas City and Omaha. Indications, however, pointed to weather conditions adverse to continued free movement of corn from rural sources, and it was pointed out that today's arrivals represented accumulations over Christmas. Meanwhile, new country offerings remained small.

Rallying power which developed in the corn market was also associated with trade gossip to the effect that most grain dealers are acting on the basis that the largest government figures as to corn production and to oats yield are over-estimates. The late advance in the corn market was in the face of announcement that the corn visible supply had increased 2,835,000 bushels for the week. The increase, though, left the total 23,214,000 bushels against 32,173,000 bushels a year ago.

Wheat and corn were mainly governed by the action of corn values. There was no export business of consequence in wheat from North America. On the other hand, deliveries of wheat here on December contracts today were small. The United States wheat visible supply showed 1,209,000 bushels decrease.

Provisions, like grain, were easier early, but toward the close firmed up.

WALL STREET BRIEFS

NEW YORK, Dec. 27.—(AP)—Net railway operating income of the first 22 railroads to report November earnings, aggregated $38,597,000 in contrast to $49,845,000 in November, 1926, a decrease of 22.2 per cent. Net for the same number in October was $61,573,000. Gross revenues were 10.9 per cent. lower than a year ago.

The gain in sales of Montgomery Ward & Co. thus far this month indicate the largest volume of business for any month in the company's history, assuring, it is said, an annual volume of $200,000,000 for the first time. The nearest approach to that mark was $119,262,565 in 1926.

Net profit of Underwood Typewriter Co. for the first ten months of 1927 was $1,974,747, equal after preferred dividends to $4.74 a share on the common stock, against $1,642,146 in the same period of 1926, or $3.63 a share on the common.

Industrial Rayon was heavily traded in, but heavy offerings around 23 3-4 drove the price back for a net loss of more than a point. Celanese common also was heavy, but the preferred climbed 10 points to a new high for the year.

POETRY

Voyage End

The stripped hold her course, showing red
Sank,
Scattering the sea-rose into golden rain.
The waves bowed down before her like
blown grain;
Swords she thundered, on; her voyage
was short,
Before the tried bells rang her into
port.

Cheerily they rang her in, those hearing
bells,
The new-come beauty stately from the
sea,
Whitening the blue heave of the drowsy
swells,
Treading the bubbles down. With three
times three
They cheered her moving beauty in, and
she
Came to her berth so noble, so superb;
Swayed like a queen, and answered to
the curb.

Then in the sunset's flush they went
aloft,
And unbent sails in that most lively
hour,
When the light gentles and the win is
soft,
And beauty in the heart breaks like a
flower,
Working aloft they saw the mountain
tower,
Snow to the peak; they heard the launchman shout;
And bright along the bay the lights came
out.

—John Masefield, in "Dauber."

Kicking

It doesn't pay to kick, some say,
But are they right?
To get what is your due sometimes
You have to fight,
The man who always is content,
Or doesn't dare
To say he isn't, isn't sure
To get his share.

When things aren't going as they should
Why not complain?
Things may continue to go wrong
If you abstain.
Just register a stalwart kick
In language strong,
And you may see things going right,

Instead of wrong.
It isn't always wise to take
Things as they come,
A well-timed protest, well-advised
May help you some.
Don't be a kicker, finding fault,
With everything,
But when a kick is needed, give
Your leg full swing.

CASE AGAINST LOCAL TAXI DRIVER NOLLED ON PAYMENT OF $25

At 7:30 o'clock Tuesday evening William Bassette, 24, local taxi driver, was presented before Justice of the Peace Walter S. Tarbox on a charge of reckless driving at a session of the Preston town court. The court session was held at the Norwich state hospital. The charge of reckless driving was nolled and a new charge, failure to grant the right of way was brought. After the testimony had been heard the justice nolled the charge of failure to grant the right of way on payment of $25.

Bassette was summoned to court by State Policeman Peter Busch following an automobile accident on the Norwich-Westerly highway Sunday just below the Norwich city line. Bassette, employed by the Luxor Cab Co., was driving a Chevrolet sedan containing a passenger who is said to have been considerably under the influence of liquor.

It is understood that Bassette was on the wrong side of the highway and his machine collided with a Chrysler machine owned by Fred Miller of No. 1 Wightman avenue. Both machines were badly wrecked and one man, who resides in New London, was slightly injured. His injuries were attended and later in the day he returned to his home. The state police were notified and State Policeman Peter Busch of the Groton police barracks conducted an investigation which resulted in the court summons for the taxi driver. It is said that both machines were traveling at a good rate of speed.

LOCAL MAN CHARGED WITH RECKLESS DRIVING

As a result of an accident on the Gallows Hill road Sunday at 3 o'clock in which the Cadillac car driven by Philip Adams, of 92 Merchants avenue, Taftville, struck the Overland sedan owned by James McGee, of No. 26 Lafayette street, Mr. Adams will appear in the local city court Wednesday morning on the charge of reckless driving. The accident was investigated by State Policeman Arthur Whitmarsh of the Groton barracks, and he ordered Adams to appear in court.

Both automobiles were being driven in the same direction on the Old Canterbury turnpike and it was said that the accident happened when Mr. Adams tried to pass the sedan operated by Mr. McGee. The Adams car collided with the Overland and came to a stop on its side, only after ripping down about ten feet of wire fence and four posts on the property of Selectman Charles P. Bushnell.

WITHDRAWS DAMAGE SUIT AGAINST GROTON DRIVER

The suit of Frederick L. Zepp, of New London, against Frank Allen, of Groton, in which $5,000 and treble damages are asked, has been withdrawn from the superior court without costs.

Zepp sued for injuries he received in an automobile accident on Aug. 21, 1927, the most serious of which was a long gash in his thigh which was sewed up with seven stitches. He was a passenger in the back seat of an automobile driven by Clifford Zepp on the Poquonnock road in Groton, when it was in collision with a machine driven by Allen, which, it was claimed, was trying to pass another car and failed to give the Zepp machine its half of the road.

The suit was brought in December.

VERSAILLES DRIVER PAYS FINES ON TWO CHARGES

In the Lisbon town court Monday morning, Joseph Riley, 22, of Versailles, was fined and paid $98.85 on the charge of operating a motor vehicle while driving under the influence of liquor and driving without an operator's license. Twenty-five dollars of the $100 fine on the former charge was remitted and the fine for the latter charge was $3. The charges of reckless driving and evading responsibility were nolled.

After Riley had struck the machine driven by State Policeman Peter Busch Sunday afternoon in Versailles he drove away without ascertaining the damage done. Officer Busch followed Riley's machine for some distance before it went off the road into a bank.

Reilly, Mr. and Mrs. Dennis J. Brennan, William A. Callahan, Mr. and Mrs. Joseph P. Connor, Mr. and Mrs. John Conway, John P. Corcoran, Mr. and Mrs. John L. Counihan, Mrs. James L. Crawford, John F. Donohue, Miss Ella A. Fanning, Mrs. Joseph T. Fanning, Thaddeus Leahy, Mr. and Mrs. John O. Mahoney, The Misses Mullin, Mr. and Mrs. John J. Murphy, Mr. Matthew J. Sheridan, Mr. and Mrs. Edward J. Sullivan, Mr. and Mrs. John S. Sullivan, Mr. and Mrs. John R. Tarrant.

The club officers are John D. Brennan, '28, president; James T. Sullivan, '28, vice president; Edmund Fanning, '29, secretary and dance chairman; John L. Counihan, '31, treasurer.

MANAGERS SHIFTED AT TWO LOCAL THEATRES

Announcement was made Tuesday of a shift in manager at two of the local theaters. Jack Fink, who succeeded Philip Wolfsohn, at the Palace theater, about two months ago, will have charge of the management of the Broadway theater, and his place at the Palace theater will be taken by C. W. Maxfield present manager of the Broadway.

In referring to the change Manager Fink stated that before deciding on it the suggestions of numerous patrons were taken into consideration as well as the expert opinions of specialists in theatrical enterprises.

Starting next Monday the vaudeville and motion picture policy now being presented at the Palace will be transferred to the Broadway, and the Palace theater will be devoted exclusively to the presentation of photoplays.

SALVATION ARMY HAS PROGRAMME FOR CHILDREN

The local Salvation Army brought Christmas cheer to the hearts of nearly 250 poor children of the city and town Tuesday evenoing when the annual Christmas social was held at the army citadel on Cliff street. The citadel hall was crowded by the children who ranged in age from 4 to 14 years. A delightful programme of carols, readings and recitations was given under the direction of Mrs. W. E. Gilleao, wife of Captain Gilleo, after which gifts including games, books, dolls, etc., were presented to the children. In addition each child received a box of candy, an apple and an orange. The gifts were distributed under the direction of Captain Gilleo. Irving Miller impersonated Santa Claus for the evening.

CHURCH SCHOOL CHRISTMAS SOCIAL SEASON ARRIVES

The Sunday school Christmas social season has arrived. Now that Christmas day has come and gone, the children are looking forward with anticipation to the Christmas tree parties held annually by their respective Sunday schools. Three Sunday schools are to hold tree socials this (Wednesday) evening. They are Christ Episcopal church school, Park Congregational church school and the United Congregational church school. Friday evening the Sunday school of the Central Baptist church is to hold its annual social.

Three Minor Accidents.

At the corner of North Main and Tenth street, a Flint coupe owned and driven by Wicenty Stranz, 44, of 372 Central avenue, was in collision Saturday with a Dodge touring car operated by John Keller, of 10 Hadley avenue. Both automobiles were damaged.

While parked on Main street, according to the owner, William H. Kay, 31, of Providence, an Oldsmobile sedan was struck Saturday by a trolley car in charge of W. H. Stone of Main street. A tire on the sedan was ripped off and a fender was damaged.

A Dodge truck owned by Onofrio Amedio, of No. 122 North Main street, and a Hupmobile sedan owned by James Leonard Donnelly, of Preston, collided on North Main street Saturday, both cars sustaining slight damage.

Why You Should Do Business With a Member of the Norwich Real Estate Board

The Norwich Real Estate Board was organized to promote the real estate interests of Norwich and vicinity, to facilitate the business of buying, selling, and renting real estate, and to encourage close and friendly cooperation of owners, agents and customers.

Membership in the Board requires honesty, efficiency and fairness in all dealings of members with owners and purchasers, and guarantees to you experience and judgment.

Unbusiness-like methods and unethical dealings are not countenanced by the Board, and any person deeming himself unfairly treated by or through any member of the Board may lodge a complaint which will receive prompt and careful investigation.

A REALTOR

"Realtor" is the name adopted by the National Association of Real Estate Boards as describing a member of any one of the more than five hundred Boards in the country that are affiliated with the National Association, and have subscribed to the Association's "Code of Ethics." The Courts have upheld the claim that this title cannot be used by anyone who is not a member of such a Board. Therefore, this term, used instead of "Real Estate Agent" is becoming increasingly known throughout the country as a synonym for the correct methods of transacting the real estate business.

ATTEMPT MADE TO POISON MINERS' DRINKING WATER

Chemical Analysis of Water in the Columbine Mine in Northern Colorado Revealed "Enough Poison to Kill the Entire Underground Crew"—National Guard Troops Have Been Placed on Duty at All Wells and Water Reservoirs in the Northern Colorado Coal Field—Raids Made on I. W. W. Headquarters.

DENVER, Colo., Dec. 28—(AP)—Activity flared up today in the I. W. W. strike in Colorado's coal fields with the discovery of an attempt to poison drinking water used by miners at the Columbine mine in the northern field, and announcement of raids by a citizens' "vigilance committee" on a hall at Trinidad used by the Industrial Workers of the World.

Discovery of the attempt to poison the drinking water at the Columbine mine was made last Friday, said a report made today to Governor Adams by Adjutant General Paul P. Newlon, a chemical analysis of the water, said the report, revealed the presence of "enough poison to kill the entire underground crew."

With this discovery, national guard troops were placed on duty at all wells and water reservoirs at mines in the northern field, while others sought the identity of those responsible for the alleged poison plot.

More than a hundred persons, all admitting membership in the I. W. W. and the fact that they are striking miners, were held in the county jail at Trinidad following two raids on their headquarters. The raids grew out of an attempt by E. A. Cleary, night chief of police, acting Mayor James Espey and three deputies to enforce a health department ordinance banning the use of the I. W. W. hall as sleeping quarters for strikers. Chief Cleary and the others were held at the hall for three hours before being released.

A raid last night was participated in by nearly 500 citizens of Trinidad, to whom police commissions had been issued following a call through the newspapers for volunteers to assist in the closing of the hall. The raiding party searched the hall and confiscated records of the organization. Later the windows and doors were boarded up. State police today patrolled the territory adjacent to the hall to prevent any attempt to reopen it.

Although national guard officers were without any clues in the alleged poison plot, they were inclinded to believe the poison was placed in the drinking water by a "crank" or strike sympathizer. Since the clash at the mine several weeks ago between strikers and state police, in which six striking miners were killed, the mine has been operated almost daily with a normal force although repeated threats have been received by the workmen.

Despite efforts of those on strike to increase their ranks, reports from the coal fields of both northern and southern Colorado today revealed almost normal forces at work.

The strike in the Colorado coal fields was called by the I. W. W. Oct. 18. Last week the state industrial commission opened an investigation with the purpose of ending the strike.

LIQUOR PRESCRIBED FOR "PATIENTS" IN CEMETERIES

HARTFORD, Dec. 28—(AP)—Medicinal liquor has been prescribed by Connecticut doctors for "patients" whose addresses were found to be cemeteries, railroad stations and similar unusual places of habitation, according to records of the federal deputy prohibition administrator here, which shows revocations of liquor prescription rights of a dozen or more Connecticut physicians for violation of the national prohibition act. Only one of these, Dr. Arthur B. Moran, of Manchester, is being proceeded against under the state law.

These other cases have not been brought to his attention, State Health Commissioner Stanley H. Osborn said today. Commissioner Osborn appears as complainant of record against Dr. Moran, who has been cited to appear before the Connecticut medical examining board at the state capitol Friday Friday morning to show cause why disciplinary action should not be taken against him for "fraudulent, dishonorable or unprofessional" conduct in the specified violations of the dry law.

COLLAPSED AT DANCE AND DIED OF HEART FAILURE

PLYMOUTH, England, Dec. 28.—(AP)—Herbert Darling Foster, professor of history at Dartmouth college, Hanover, N. H., died of heart failure after collapsing at a dance last night.

Professor Foster arrived yesterday from Penzance Cornwall. Medical testimony was that he died of heart failure and a coroner's jury today returned a verdict of death from natural causes.

Mrs. Ada Crawshaw, of Brockley, London, who said she had known Professor Foster for twenty years, identified him at the inquest. She said the Dartmouth professor frequently visited England to study at the British museum. Mrs. Crawshaw's daughter, Doris, said she danced three times with Foster at the St. Ives hotel, and that just before midnight he complained of being tired and suggested sitting down. Then he suddenly collapsed and was carried out dead.

FUNERAL OF SENATOR JONES OF NEW MEXICO

LAS VEGAS, N. M., Dec. 28—(AP)—New Mexico today paid a last and impressive tribute to one of its outstanding citizens and statesmen—the late United States Senator Andrieus A. Jones, who died last week in Washington.

The nation joined in the tribute through the presence of a delegation of 28 senators and congressmen, who accompanied the body from the national capital.

Hundreds of friends of the senator passed his bier as the body lay in state. Business was suspended as those who had known the senator during his years as a resident of this community paid their last respects. Governor R. C. Dillon covered the statehouse closed during the service and in company with other state officials came here from Santa Fe.

KILLED HIMSELF AFTER SLAYING THREE BROTHERS

BAKERSFIELD, Calif., Dec. 28.—(AP)—Albert Villard, 50, the father of nine children, today was reported by the sheriff's office to have slain three of his brothers and then to have taken his own life in an outlying ranch country in Tulare county.

August, Eugene and Gabriel Villard were the slain victims. Another brother, Joseph, was wounded when the elder Villard ran amuck.

Only meagre reports of the shooting reached authorities here. Albert Villard suddnly appeared at the ranch house near Doody where his brothers were having breakfast and opened fire with a pistol, the report to the sheriff's office said. The three brothers were killed before others at the ranch could disarm him.

HEARINGS TO BE HELD BY THE SHIPPING BOARD

WASHINGTON, Dec. 28.—(AP)—To bring about a clearer understanding of the position of private steamship interests on the establishment of an American merchant marine, a series of hearings will be held by the Shipping Board beginning January 10. Invitations to steamship owners were issued today by Chairman O'Connor.

In a resolution calling for the hearings the board pointed out that several bills were before congress affecting the present status of the merchant marine, on which the board had been asked for opinion and criticism.

DEATH OF GAVIN M'NAB, SAN FRANCISCO LAWYER

SAN FRANCISCO, Dec. 28—(AP)—Gavin McNab died at his work desk today in the city where he rose from an obscure hotel clerk in San Francisco's early days to become a foremost figure in the legal profession and a commanding influence in politics.

The noted attorney, who had engaged in many outstanding court battles in California in the last 35 years, was found unconscious in his office chair, his body slumped over his desk. His secretary notified a physician but when he arrived McNab was dead.

McNab's rise to prominence was a colorful chapter in California history. While working as a clerk in the old Occidental hotel, he started the study of law and eventually became one of the foremost democratic leaders of the Pacific coast. He served as a member of President Wilson's industrial labor conference, was a member of the aircraft reorganization committee during the war, was appointed by Wilson to arbitrate the shipbuilding labor dispute.

Among the many important legal cases McNab handled was the litigation over the $18,000,000 estate of "Lucky" Baldwin, pioneer San Francisco figure.

He defended Roscoe (Fatty) Arbuckle, a film star, who was acquitted a few years ago of a charge of manslaughter after three trials following the death of Virginia Rappe. He also was chief counsel for Charlie Chaplin in his recent divorce case.

McNab was legal adviser to Mayor James Rolph, Jr., adviser to Edward L. Doheny, southern California oil magnate, and handled the affairs of the late George Shima, Japanese potato king.

McNab suffered from high blood pressure and his strenuous legal work aggravated his condition, said Dr. T. B. W. Leland, his personal physician. He is survived by the widow, Mrs. Wilhelmina McNab, and a brother, John L. McNab. McNab was born in Glasgow, Scotland, Feb. 11, 1869.

$103,858,687 REFUNDS TO BE MADE TO 240,000 TAX PAYERS

WASHINGTON, Dec. 28.—(AP)—Chief Justice Taft and Harry Lauder; Frank O. Lowden and the Duke of Marlborough; Kenesaw M. Landis and Smedley Butler, all rubbed figurative shoulders today in the list of those sharing in a tax refund melon disbursed by the treasury to 240,000 taxpayers.

The rebates total $103,858,687, and they constitute reimbursements for federal taxes illegally collected during the current and previous fiscal years. Money for the payments, similar to those made a number of times in the past, has been appropriated by congress, of which the latest list of beneficiaries has been transmitted.

The refunds cover a wide range, the largest being an award of $1,113,692 to the estate of William L. Harkness, New York city, and the smallest one cent to the Beneficial Loan Society also of New York. Scores of rebates were under one dollar.

The list of names, covering 12,133 long typewritten pages, disclosed that taxpayers at the crossroads, in the Canal zone and in distant China, like the wealthy families and big business corporations of America's largest cities had convinced the treasury they had paid in too much in taxes and were entitled to some money back.

EARTHQUAKE OF INTENSITY RECORDED AT GEORGETOWN

WASHINGTON, Dec. 28—(AP)—An earthquake of great intensity was recorded on the seismograph of Georgetown university today beginning at 1:32 p. m., and continuing at intervals for three hours. The maximum was reached at 2:07. Director Tondorf estimated that the disturbance took place 5,900 miles from Washington.

A quake of considerably less intensity was recorded at 6:04 a. m., 4,900 miles distant. These, Director Tondorf said, were the first earth disturbances in seventeen days.

HIS THIRD ATTEMPT AT SUICIDE SUCCESSFUL

DULUTH, Minn., Dec. 28.—(AP)—Succeeding in his third attempt, Wilfred Blais, 27, committed suicide today by hanging in the attic of his parents' home while funeral services were being held for his brother, Edward, 22, who killed himself four days ago.

Neither Wilfred nor his brother left any explanation. Edward, whose body was found Sunday, cut a hole in the ice on Lake Superior and crawled under to drown in three feet of water.

CABLED PARAGRAPHS

DUBLIN, Dec. 28—(AP)—Frederick A. Sterling, American minister to the Irish Free State, will leave Dublin for Washington early in January, although no definite date has been fixed as yet.

DUBLIN, Dec. 28—(AP)—Within a period of ten days before Christmas eve, 234,000 money order advices arrived in the Irish Free State from the United States, representing at the lowest estimate 500,000 pounds or approximately $2,500,000.

CONSTANTINOPLE, Dec. 28—(AP)—Forty lives are feared to have been lost by the sinking of the Turkish steamer Sviedj at the entrance of the gulf of Mudania, after a collision with the Turkish steamship Marmara. The vessel sank within a few minutes. It carried 126 passengers.

FORMER MRS. MELLEN WEDS HENRY DOUGLAS BROWN

NEW YORK, Dec. 28.—(AP)—Mrs. Katherine L. Mellen, former wife of the late Charles S. Mellen, former president of the New York, New Haven and Hartford railroad, and Henry Douglas Brown, former assistant manager of the Vanderbilt hotel, were married in the municipal building December 3, by City Clerk M. J. Cruse, it became known today.

Brown was named by Mellen in a suit for separation the railroad man brought against his wife in Pittsfield, Mass., in 1918. Evidence was introduced to show that Mrs. Mellen had written letters to Brown signed "Fondly, Kitten." Counsel for Mrs. Mellen had however, said the letters had been "framed" and sold to Mellen to test the extent of his affection. Mellen won a decree of separation September 28, 1918.

Mrs. Mellen gave her age as 55 and Brown said he was 56. Both reside in New York.

MOROCCO EXPERIENCING A DEVASTATING FLOOD

CASABLANCA, MOROCCO, Dec. 28.—(AP)—Flooding of farms and washing away of the railroad line between Petituean and Tangeiers by continued havy rain have caused a situation in Morocco bordering on desperation.

Two Frenchmen, including one army captain, have lost their lives while the number of natives drowned connot be reckoned until the waters have subsided.

Ouezzan, on the Ouergha river, which was the scene of the bitterest fighting between Abd-Elkrim and the French in 1925, has suffered more in the past three days from water than from shell fire in three months of fighting between the French and Riffian armies.

The French resident-general, Theodor Steeg, accompanied by his staff, left today for the stricken districts.

BANK MESSENGER FORGOT TEN THOUSAND DOLLARS

NEW HAVEN, Dec. 28.—(AP)—Ten thousand dollars in crisp new $10 and $20 bills wrapped up in paper and mistaken for a loaf of bread lay unguarded and unwanted for 18 minutes in a trolley car here today.

A bank messenger laid the package of money on the seat beside him and he forgot to take it with him when he left. While the messenger, bank, trolley and police officials searched frantically for the money, a lady on the car, who had taken the messenger's vacant seat, refused the package when the conductor offered it to her. He thought she had forgotten a loaf of bread.

The money was recovered at the end of the car's run.

ARRESTED FOR THREATENING GIRLS IN NEW HAVEN

NEW HAVEN, Dec. 28.—(AP)—Barney Marshak, 23, of this city, was arrested tonight by police as one of a party of three men who had terrorized girls in the Hill section of the city all evening by attempting to drag them into the car in which they were riding.

The incident which led to Marshak's arrest occurred near the New Haven hospital when the trio made a particularly bold attack upon two nurses. When the girls screamed, one of the men struck one of them across the face with a bottle. The nurses later identified Marshak as one of the men in the automobile, although they could not name him as the man who wielded the bottle.

RUSH FOR REGISTRATION OF AUTOS IN HARTFORD

HARTFORD, Dec. 28.—(AP)—Approximately 8,000 people registered automobiles at the windows of the state motor vehicle department at the state capitol today, and 2,200 registrations were received by mail. The crowds at the capitol formed a line which wound about the third floor and part way down the stairs. In the afternoon, about an hour was consumed for each person from his joining the line until the registration was complete. In 1924, it was said at the capitol today, a double line extended to the outside door on the first floor each day of the last week in the year.

80 INDIANS DROWNED WHILE ATTEMPTING TO CROSS RIVER

SANTIAGO, Chile, Dec. 28—(AP)—Despatches from Temuco report the drowning today of eighty Araucano Indians while attempting to cross the River Cautin on horseback.

The Indians were returning to their homes after a festival at a native gathering. Missing the shallow fords, the Indians floundered into deep water and were swept away by the swiftly flowing current. Among those who perished were numerous women and children.

MISSING EVELYN SMITH LOCATED IN REDLANDS

REDLANDS, Cal., Dec. 28.—(AP)—Eleven-year-old Evelyn Smith, who was reported kidnaped Christmas day from her home in Oakland by Robert E. McClelland, paroled convict, was brought to the Redlands police station tonight, by Mrs. Emma J. Spence of Redlands.

DISHES RATTLED BY EARTH SHOCK AT GRASS VALLEY, CAL.

GRASS VALLEY, Calif., Dec. 28—(AP)—Windows and dishes were rattled by a sharp earth tremor felt here at 4:12 p. m. today. No one was injured.

Rumors of Calls From Plane Dawn

Airplane Motor Was Heard Sunday Noon About 20 Miles North St. Johns, N. F.

NEW YORK, Dec. 28.—(AP)—While five destroyers combed the area near Sable Island, N. S., where the missing American plane, Dawn, is believed to have appealed for aid on Sunday night hope for safety of Mrs. Frances Wilson Grayson, and her three companions flickered unsteadily tonight.

Fresh reports of the Dawn, too infinite to be ignored, but too vague to be of any certain value, kept searchers on the alert, but [illegible] commander Charles E. Rosendahl, commander of the navy dirigible [illegible] Angeles which covered [illegible] miles of ocean in a futile [illegible] for the fliers, held virtually [illegible] hope that the amphibian plane [illegible] afloat.

He considered [illegible] the fliers, who left Roosevelt Field, N. Y., last Friday for Harbor Grace, N. F., had but one chance in a thousand of remaining afloat from the time their plane may have struck the water until the search by air and sea had gotten underway on Monday. If the Dawn struck the water at night, he believed it was probably wrecked and sunk immediately.

Meanwhile a growing list of rumors came from Newfoundland outposts to spur on searchers. Rev. Edward Bishop, an Anglican clergyman at Pouch Cove, 20 miles north of St. John, N. F., revealed today that he had heard an airplane motor Sunday noon. Another report was that a Western Union Telegraph company operator at Hearts Content, N. F., had intercepted a code message, "Where are we? Can you locate us?" This message was said to have been signed WHU or WPU. The call letters of the Dawn were WMU.

Using Sable Island as a focal point, the two navy destroyers Mahan and Sturetevant, and the coast guard destroyers Shaw, Downs and Monahan, steamed in a semi-circle with a 75-mile radius, continuing the search for Mrs. Grayson and her companions, Fred Koehler, motor expert, Brice Goldborough, navigator, and Lieut. Oskar Omdal, pilot.

Mrs. Goldborough, at her home in Brooklyn, clung tenaciously to the hope that her husband was still alive.

TWO MEN KILLED IN COLLAPSE OF BUILDING

BUFFALO, N. Y., Dec. 28—(AP)—Two men are known to have been killed and three others were injured when the eighth floor of a ten story apartment house under construction at Bryant street and Delaware avenue, collapsed late this afternoon and crashed through to the basement, carrying with it the other seven floors.

The dead and injured, workmen on the building, were buried under tons of concrete and reinforcing steel. Although a checkup showed all the employes had been accounted for, the ruins will be searched throughout the night for other possible victims.

The dead are William Klein, Sr., 52 years old and an unidentified laborer, believed to be Garlip Pino, address unknown.

The collapse, according to officials of the Cross Construction company, the contractors, was caused by the unauthorized removal by workmen of shoring timbers between the seventh and eighth floors of the structure. The cement on the top floor had been recently poured and had not been given time to set, the officals said. The outside walls of the house were not damaged.

ENGLAND IS CLEARING ITS SNOW BLOCKED ROADS

LONDON, Dec. 28—(AP)—With the resumption of business and the industrial life of the country today, hosts of men got to work clearing away snowdrifts, and are slowly restoring normal conditions on the snow blocked roads and railways. Bright, frosty weather promises to continue and has temporarily relieved the anxious fears of floods in threatened districts.

Much remains to be done, however, before the usual transportation conditions are restored, and motoring, golfing and other outdoor activities are still out of question and it will be some days before the telephone and telegraph lines are repaired.

Many villages and hamlets in the wilder regions of Devonshire and Cornwall are still islotade, including Princetown, the famous prison settlement on Dartmoor.

Terrifying experiences are told of steamers which ventured across the nglEish channel in the past two days.

OKLAHOMA SENATE HELD SESSION IN HOTEL

OKLAHOMA CITY, Okla., Dec. 28—(AP)—Barred from their chambers in the capitol by national guardsmen and defying a district court injunction forbidding a meeting, twenty-six members of the state senate met late today in a downtown hotel room and adopted by a vote of 24 to 2, an opinion affirming the exclusive jurisdiction of the senate court in bringing impeachment charges against Governor Henry S. Johnston of Oklahoma.

Adoption of the opinion placed the senators on record as holding that they are answerable to no other state court for their activities in impeachment matters.

With the adoption of the opinion the session recessed until tomorrow with the understanding that the hotel meeting would be resumed.

DECREASE OF CONTAGEOUS DISEASES IN CONNECTICUT

HARTFORD, Rec. 28.—(AP) — The number of cases of diphtheria, scarlet fever, and measles in Connecticut decreased materially during the week ending Tuesday, according to a report today from the state department of health. Diphtheria was reduced from 59 cases to 41 last week. Scarlet fever was reduced to 65 cases, as compared to 70 the previous week. Thirty-five cases of measles were reported last week, with 43 during the previous week. Whooping cough, however, increased with 117 cases reported for the week ending Tuesday, as compared to 109 the week before.

ITALIAN VICE-CONSUL MURDERED IN ODESSA

ODESSA, Russia, Dec. 28.—(AP)—Signor Cozzio, Italian vice-consul, has been murdered by robbers who stripped all clothing from his body and even wrenched a gold plate from his mouth. The robbers escaped.

To Oppose Delay in the Hickman Trial

The Kidnaper and Murderer Will Appear in Court at 2 P. M. Today.

LOS ANGELES, Dec. 28—(AP)—District Attorney Asa Keyes late today declared his belief that William E. Hickman, confessed kidnaper and slayer of Marian Parker, had withheld important facts in his lengthy statement concerning the death of the 12 year old school girl.

The prosecutor indicated he would seek a new and more comprehensive statement from Hickman which he believed would remove certain obscurities in the story of the crime.

Elden McFarland, assistant United States attorney, and a deputy United States marshal, questioned Hickman in his cell in connection with the alleged stealing by Hickman in Kansas City, Mo., of the automobile in which Marian Parker was taken from school on December 15. An indictment charging violation of the Dyer act was returned against Hickman by the federal grand jury several days ago.

Conjecture as to whether Hickman would plead guilty or not guilty to murder was overshadowed today by a controversy which arose between District Attorney Keyes and County Autopsy Surgeon Dr. A. F. Wagner, as to what caused the school girl's death.

Dr. Wagner's report that he believed death was due to fright and exhaustion rather than from the towel which Hickman confessed he drew tightly around the girl's neck to strangle her was met by a retort from Keyes that the report meant nothing to him. The district attorney was convinced, he said, that the girl had been choked to death, but whether she was or not, he would demand the death penalty for the confessed kidnaper.

The autopsy surgeon's report was based principally on the fact that the conditions usually present after strangulation were entirely absent and that since no poison was found in the stomach, death probably was due to heart failure induced by fright.

Keyes said that Wagner's friendship for the Parker girl misled him in his conclusions. The surgeon was the next door neighbor of the Parker family.

Hickman is scheduled to be arraigned tomorrow at 2 p. m. By that time Jerome Walsh, an attorney engaged by Hickman's mother at Kansas City, is expected to be in court representing the youthful defendant. Though Hickman reiterated today that he would enter a plea of guilty in view of his "complete confession," rumors were current that he probably would decide to take his chances in a jury trial.

Any move for delay on the part of Hickman's counsel would be opposed vigorously, Keyes said. "Hickman will get a fair trial," the district attorney added, "but there is going to be no delay."

70-MILE GALE LASHED THE ALEUTIAN ISLANDS

SEATTLE, Wash, Dec. 28.—(AP)—Storms sweeping the icy northland have taken several lives and an undetermine number of passengers are missing on a small boat lost in the Gulf of Alaska.

A 70-mile gale has lashed the Aleutian Islands and the Alaskan gulf, and the deaths of four persons in the storm were reported today in a message from Capt. George Lemarquand, manager of the American Pacific Whaling company.

Ice floating from the Copper river flats forced back rescue parties three times in their search for the Diesel boat, Pioneer, missing for two weeks. The Pioneer plied between Cordova and Katalla and was commanded by Captain William A. Taylor.

Two government boats, the game commission boat Seal and the Forest boat Chugach have been dispatched from Cordova to take up the search. The number of passengers aboard was not known here.

Two men and two women drowned on their way to a Christmas party when their skiff capsized in a squall near Akutan in the Aleutians, Captain Lemarquand reported.

Mr. and Mrs. Mike Stearns, formerly employed by the whaling company at Aberdeen, Mrs. E. B. Elliott, wife of the company's radio operator, and Ole Anderson, a company employe for ten years, were those drowned. Elliott managed to swim ashore to safety, but by the time natives in canoes reached the spot where the skiff spilled its human cargo into the icy water, the four had been chilled to numbness and released their hold on the boat. The bodies were recovered.

ST. LOUIS GANGSTER SHOT TO DEATH WITH MACHINE GUN

ST. LOUIS, Dec. 28—(AP)—Vito Giannola, 34, gang leader and terrorist, was cornered by two unidentified men late today and shot to death with a sub-machine gun as he crouched in a darkened attic where he had fled for shelter. He was the fourteenth victim of gang warfare in the last five months.

The house where he was killed was the home of Mrs. Peter Cusimano, whose husband, police said, was driven from St. Louis by Giannola gangsters. Giannola had been a frequent visitor at the house.

Giannola was wounded twelve times, six times near the heart. The slayers escaped.

Giannola had been arrested numerous times as a suspect in shooting cases and for violation of the prohibition laws.

FIFTH ATTEMPT MADE TO WRECK N. H. ROAD TRAIN

BOSTON, Dec. 28.—(AP)—The fifth attempt this week to wreck trains of the New York, New Haven and Hartford railroad, was reported tonight. A night watchman in the Roxbury district discovered two young men placing a tie across the tracks. They ran at his approach and escaped.

Details of police and railroad detectives have been guarding the New Haven lines in the civinity of this city since the four previous attempts, three of which were in Hyde Park and one in Forest Hills. The guard was increased as a result of the report from Roxbury tonight.

WREATHS PLACED ON THE TOMB OF WOODROW WILSON

WASHINGTON, Dec. 28.—(AP)—Several wreaths were placed on the tomb of Woodrow Wilson in Bthlehem chapel of Washington cathedral here today, in commemoration of the wartime president's 71st birthday.

They included offerings from the Kansas City and Minneapolis Democratic clubs and the Woodrow Wilson club of Kentucky

GUATAMALANS TURNED OUT TO GREET COL. LINDBERGH

Thousands Were at the Flying Field When Lindbergh Landed—Hopped Off at Mexico City at 6:35 A. M. and Arrived Over Guatamala City at Noon—Distance Covered Was About 675 Miles—Made the Voyage in Much Faster Time Than He Anticipated.

GUATEMALA CITY, Dec. 28.—(AP)—Guatemala is the first of the Central American republics to greet the good-will ambassador from the United States, Colonel Charles A. Lindbergh. Lindbergh today flew over the mountains which separate Mexico City from Guatemala City, the first to make the flight between these two points. He came winging his way between the ponderous mass of two volcanoes, Fuego and Agua (Fire and Water,) and was over the flying field soon after noon. He had left Mexico City at 6:35 a. m. (Central standard time).

No event has so stirred the people of Guatemala, and thousands wended their way to the flying field to give suitable greeting to the youth who has stirred the pulses of the world. They began to arrive early in the day, and they were still moving in the direction of the field, when Lindbergh landed.

The lone eagle evidently was bent on speed; he made the aerial voyage in much faster time than he had anticipated. The enthusiastic Guatemalans had debecked their automobiles with bunting; others carried banners with appropriate inscriptions of welcome, and everywhere was to be seen the Stars and Stripes along with the national colors of the country.

First to extend the hand of fellowship to the intrepid airman, was Colonel Francisco Amado, speaking for the Guatemalan army. Government officials followed with their welcome, and Arthur Feissler, the American minister, after a warm greeting, bethought himself of the anxious mother, who had parted with her son at Valbuena flying field a few hours before and was herself on the way back to her homeland. He sent her a telegram reading:

"Your son has again achieved glory in making the first non-stop flight from Mexico City to Guatemala. Cordial felicitations."

President Chacon went to the flying field and received the youthful aviator with every manifestation of cordiality. He was accompanied by several ministers, generals and high officials of the government. The president had high words of praise for the daring feat.

Lindbergh was taken from the flying field to the city hall where Mayor Angel Arturo Rivera welcomed him in the name of the people of Guatemala, gave him a medal and told him he was the nation's guest of honor.

The flier was loudly acclaimed in every street he passed. The city is profusely decorated, buildings with bunting and automobiles with pennants.

Lindbergh's first words upon landing at Aurora field were, "Hello Guatemala." He was smiling as usual. In answer to Colonel Amado's speech of welcome he said, "In the name of my country I thank you for this hospitality."

The extraordinary speed with which Lindbergh flew from Mexico City to Guatemala City, a distance of about 675 miles, averaging in the neighborhood of 100 miles an hour, was beyond even the flier's most sanguine expectation. He had figured on nine hours at the maximum, but hoped he would make better time.

Taking off from the Mexican capital at 6:35 in the morning, when there was just enough light to show him the way across the flying field, Lindbergh swept upward in a high climb and then pointed directly for his destination. It was his intention, he said before the start, to seek a high altitude, for it was necessary to cross mountain ranges and a vast stretch of almost unknown country.

One by one cities along the route picked up the hum of the Spirit of St. Louis, and it almost seemed as though Lindbergh gained speed as he approached the Guatemalan border and the capital.

America's goodwill ambassador flew away from Mexico and carried with him not only the good wishes of all that republic, but the admiration and affection of the people. President Calles bade him Godspeed the night before, and General Alvarez, presidential chief of staff, together with Ambassador Morrow, Mrs. Morrow and the embassy staff, said farewell to him at the flying field.

His mother, Mrs. Evangeline Lindbergh, who a moment later was to start on her homeward journey by the Ford plane that brought her here, stood silently by—without emotion. The boy looked at her and said: "Good bye, mother," and stepped into his own plane that bore him first to Paris, then to Mexico City, and is to carry him to all the Central American capitals and Havana, and back again to the United States.

The first sighting of Lindbergh's plane after he hopped off was at 8:30, Mexican Time) when he passed over the town of El Faro, state of Caxaca. Half an hour later the Spirit of St. Louis sailed over Santa Rosa Hacienda. Then came Tuxtepec.

Cintalapa, about 140 miles from the Guatemalan border, came into view at 10:20, and about noon Lindbergh left Mexico behind and was over the Guatemalan republic.

Good weather favored the airman, and he probably had strong winds to carry him along, for his average speed was about 100 miles an hour—many miles better than his long flight from Washington to Mexico City.

Many honors await Colonel Lindbergh at Guatemala City, where he is expected to spend two days. From there he will proceed to Belize, British Honduras—250 miles away.

MRS. LINDBERGH IS RESTING IN SAN ANTONIO

SAN ANTONIO, Tex., Dec. 28—(AP)—Mrs. Evangeline L. L. Lindbergh, mother of Colonel Charles A. Lindbergh rested here tonight at the half way point in a projected we day journey from Mexico City to Detroit.

Hopping off from Mexico City this morning, the big tri-motored plane carrying Mrs. Lindbergh and six other persons completed a non-stop flight to the border city of Brownsville at 12:13 p. m., today. From Brownsville the party flew to San Antonio.

Mrs. Lindbergh's first request when she alighted at Kelly field this afternoon was that no entertainment be arranged to interfere with the good sleep she hopes to get tonight before taking off for Detroit in the morning.

Other members of the party making the trip are: William B. Stout, designer of the plane; Mrs. Stout, Stanley Copeland and G. Muller, Ford representative in Mexico City; H. J. Brooks, pilot and H. L. Russell, mechanic.

CALLES' COMMENT ON LINDBERGH'S FLIGHT

MEXICO CITY, Dec. 28—(AP)—When President Calles received the news of Lindbergh's fast flight to Guatemala City and his safe landing, he exclaimed joyfully to General Alvarez: "Why, it is another record. We thought it would take him at least 7 1-2 or eight hours. Telegraph him my felicitations immediately."

CROWD AT MANAGUA AWAITING LINDBERGH

MANAGUA, Nicaragua, Dec. 28.—(AP)—Managua already is becoming crowded with vistors for the forthcoming flight of Col. Lindbergh and the government is making every possible provision to bring as many people to Managua for the visit as possible.

The liberal party will give a reception to the American aviator in the international club and will present him with a gold medal commemorate to the visit to Nicaragu.

ESSAYS NOT WORTHY OF FIRST AND SECOND PRIZES

NEW YORK, Dec. 28—(AP)—None of the 10,000 essays on the late President Woodrow Wilson, submitted in the prize essay contest conducted by the Woodrow Wilson foundation, was considered worthy of either first or second prize, the jury of awards announced today.

A total of $62,000 had been set aside for first and second prizes. There were two first prizes of $26,000 each and two second prizes of $1,000 each.

Third prizes of $100 each were awarded to the writers of 14 essays "without distinction of place" and the writers of thirty more received honorable mention. Six of the first were from New England.

The jury of award read forty-five essays, chosen by a special committee as the best of the 10,000.

"In our judgment, none of these essays is worthy of the conspicuous honor or of the monetary reward which the first and second prizes carry with them," the jury reported. "We cannot conscientiously agree, therefore, to the award of the first and second prizes."

Seven men and as many women were chosen as recipients of third prizes. They were:

Charles William Morris, Jr., The Rice Institute, Houston, Tex.; Carl L. Weicht, Northfield, Minn.; William Benfield Pressey, Hanover, N. H.; Troyer Steele Anderson, Providence, R. I.; Schuyler C. Van Sickle, Springfield, Mass.; Earl Meadow Dunbar, Hemet, Calif.; Richard Connell, Green's Farm, Conn.

Mrs. W. W. Flint, Jr., St. Paul's school, Concord, N. H.; Miss Ruth A. Peiter, Toledo, Ohio; Miss Jennie H. Honnold, Kalamazoo, Mich.; Mrs. John A. Baker, Westport, Conn.; Mrs. Paul Ramsey, Atlanta, Ga.; Miss Margaret Gillingham, Akron, Ohio; Miss Josipa Harjung, Oakland, Calif.

The jury of award consisted of George McLean Harper, chairman, and Marian A. Park, Walter Lippman, Ray Stannard Baker, William Allen White, Ellen F. Pendleton and John W. Davis.

INFANT SWALLOWED AN OPEN SAFETY PIN

WATERBURY, Conn., Dec. 28—(AP)—A mother's watchfulness led to the discovery Monday that her 9 months old son had swallowed an open safety pin in her absence from the room. Mrs. Edward D. Deiman of 67 Adelaide avenue, removed four pins from the clothing of her son, Edward, while dressing him. She left the room for a moment and when she returned she found only three pins near the child. Edward showed no signs of pain and the only indication that he might have swallowed the pin was a slight cough. The family doctor

NEW CHAMBER OF COMMERCE HAS MEMBERSHIP OF 460

(Special to The Bulletin)

WILLIMANTIC, Dec. 28.—At a reorganization meeting of the Willimantic chamber of commerce in the chamber auditorium tonight, 460 new members were elected to membership. The final total of the drive for a paid secretary and increased activities for the chamber was given tonight as $9,725. The quota of the drive, which was completed last week, was $7500. In connection with the complete reorganization a new set of by-laws presented by a special committee composed of Judge Frank H. Foss, chairman, Charles W. Hill and Robert C. Snow, was accepted. The object of the new chamber as outlined in the by-laws is "to hold intact present business interests, add new industries and to promote the general welfare of the community."

The following new directors were elected: H. C. Lathrop, Harry N. Bullard, Charles W. Tryon, Oliver L. Willard, Charles W. Hill, P. J. Twomey, Harry Cohen, James B. Fullerton, Edwin J. Donnelly, Frank P. Fenton, Kenneth N. Hillhouse, Roland B. Jordan, Andrew Roux, Aime J. Martineau and James H. Hurley.

On motion of Judge Foss, President Frank P. Fenton appointed a committee of three to draw up suitable resolutions and forward flowers to Rev. W. C. Norris, who is seriously ill at St. Joseph's hospital, and who for many years has been an active and interested worker in the chamber of commerce.

TWO ARRESTED FOR LIQUOR LAW VIOLATIONS

(Special to The Bulletin)

WILLIMANTIC, Dec. 28.—The largest haul of alleged intoxicants to be seized here in many months was taken to the police station early this evening following a raid by federal, county and local police at the home of John Hoffman, of 14 Lewiston avenue. The contraband consisted of 12 cases of beer, four 48-gallon barrels of malt syrup, a large bale of hops, capping machine and caps and malt cans. Hoffman was placed under charges of keeping intoxicants with intent to sell and manufacturing. He was released under bonds of $3,000.

In the second raid early this evening, the police entered the store conducted as a smokeshop by George Timmins and Alvin Swanson, on Lower Jackson street. A quart of liquor was found and Swanson was notified to appear on a liquor violation charge before United States Commissioner Earl Mathewson in Norwich next Tuesday.

Two other raids were made, one in Windham, and the other on Union street, both proving unsuccessful. The raiding squad consisted of federal enforcement officers, Stanton L. Briggs and Harry Avery, County Detective William E. Jackson, Captain of Police Frank McLean and Officers Lariviere and Montie.

WINDSOR MAN HELD FOR PASSING WORTHLESS CHECKS

(Special to The Bulletin)

WILLIMANTIC, Dec. 28.—George A. Beebe, 28, of Windsor, was placed under arrest early this evening by State Officer Frank A. Starkel, of the Stafford Springs barracks, on a charge of passing fraudulent checks. Beebe was kept at the local police station over night.

Of late he has been residing in South Coventry. It is understood that he has forged checks for some time and amounts representing about $300 are involved in his transactions with local concerns. A sweeping investigation is to be made in other cities including Hartford.

NOANK

Skating has started for the winter on Bergman ice pond where over 125 skaters have enjoyed the sport. A hockey game was arranged between Noank Blue Devils and Panceitra's All-Stars of Mystic. The All-Stars picked the word that set the game going to stand pat on the east side, as Referee John Ashly in his white suit, gave the word tht set the game going. When the game ended the tally gave the Blue Devils from the village by the sea a score of 3 to 2. Capt. Panceitra said the next match will be held in Mystic, at MacGrath's ice pond. In the evening a skating party of young people was on the ice. A large bonfire made light all over the pond.

Robert Lamay has returned from a visit of a few days in Providence.

Mrs. Allen Stafford had the Christmas tree at her home all lighted up with electric bulbs when wires got crossed and set the tree afire. Mrs. Strafford called for help so Elliott Bennett came on the run and got the tree out of the house. Two curtains were burned. The blaze was put out by Hero Benenit, but he had both hands and his face burned so that the burns were dressed by Mrs. Strafford until a doctor came. The fire company was not called.

Mr. and Mrs. Bennie Benoit were in East Providence, recently calling on relatives.

Robert Wilson of Middletown spent a day in Noank this week.

Raymond Rathbun was at Deep River calling on friends Tuesday.

Boat "Shoot Again" with Capt. Ben skipper, and Carey mate is coming from Portland to Noank. This is the new boat that Capt. Burr purchased a few weeks ago. Off Newport they hit a heavy storm when the wind was blowing and a snow storm was making it hard for the captain to see the course. Mate Carey, cool as a cucumber was taking it easy, nothing worrying him but the coffee pot on the stove. The boat was making only six knots an hour and from Newport to the north deck was the longest time of the trip. Tuesday afternoon as the sun was sinking up the harbor came the good craft, moving slowly carrying the Pacific flag. The other boats gave the fishermen's salute, blowing the fog horns and whistles for it was another boat added to the Noank fleet. Mate Carey said that December wind can make an awful lot of trouble on the water and make even an old sea-going fisherman feel a little seasick. The boat will be fitted out for flat fishing around Block Island.

Roy Abate has moved his household goods from Mystic to a tenement on East Main street, Noank.

Miss Grace Rathbun of Willimantic is spending a week in the village.

William Plumstead has gone to Jamestown, L. I., for a few days' visit.

When funeral services for James Arthur Cox were held at the home of his brother Charles Cox on Prospect Hill, Rev. Ernest F. Weise, pastor of the Baptist church, praised the worthy life of Mr. Cox. Burial was in the family plot in Noank Valley cemetery. The bearers were Duncan McDonald, William Bishop, Charles Smith, Otis Douglas, John Ellis and John Sawyer. There were beautiful floral pieces.

Frank Williams seems to be the champion hog raiser of the village so far this season. The hog butchered weighed 460 pounds. But another farmer, Kenneth Steele has not been heard from, while he was watching the hog champion, Williams getting the third degree by Frank Burdick and Steel said: "Wait a little longer and I will show that I know my vegetables about raising hogs!" It will put Noank far ahead of any town out west. Watch out and you will hear the story of my hog soon!

Paul Chesebro of Princetown university is home on his vacation of ten days.

Mrs. Roscoe Bacciocchici is ill.

Miss Elizabeth Spicer is home from Massachusetts with her parents, Mr. and Mrs. W. I. Spicer.

At the church service Sunday afternoon Rev. H. W. Gaylord gave one of the best Christmas sermons ever by those present.

The Kitadini Camp Fire Girls were entertained at the home of their leader, Mrs. H. W. Gaylord of Danielson, Thursday, from 3:30 to 6:30. Gifts were distributed and supper served. The girls report a most enjoyable time.

Mr. and Mrs. Jacob Spaulding and children, Marshall, Malcolm, Nelson and Louise spent the week end with Boston relatives.

Mrs. Arthur Tetreault is ill.

A Christmas entertainment by the pupils of the local school under direction of the teacher, Miss Kelley, was given in the Community house Wednesday evening. There was singing, also recitations and a short play. The children did well showing much careful training on the part of the teacher. The singing of carols by the Junior High school pupils and several selections by K. H. S. orchestra added to the musical part of the entertainment after which each child in the community received a gift. Candy and oranges were also given.

WINDHAM

There was a large attendance at the Community Christmas party in the school assembly hall Friday evening, in charge of the grammar school teachers and Supt. E. C. Cook of the Congregational Sunday school. There were Christmas carols, and an amusing play, Santa Claus' Air Line, the principal parts being well acted by Leo Mara as Santa Claus, John Dean as Groucho and Joseph Sublsky as Peterkin. Gifts were distributed from a pretty tree and oranges and a box of candy were given each child. As has been his custom for several years, H. C. Lathrop gave each child a new dime.

Miss Julia Guild, R. N., returned Tuesday to her duties in Princeton college infirmary.

Guests in town for all or a part of the holidays are Mr. and Mrs. H. W. Keller of New York and Mr. and Mrs Wallace Kelley and daughter of Winthrop, Mass., with the Misses Johnson; Mr. and Mrs. E. W. DANIELSON

BANK ASSETS INCREASE OVER $900,000 IN 1927

(Special to The Bulletin)

DANIELSON, Dec. 28—It is no unpleasant task to relate this morning that assets of Danielson's banks have increased between $900,000 and $1,000,000 during 1927. Final figures will not be available until next Saturday evening, but the increase up to today was in excess of $900,000. This, be it understood, is the joint increase in assets of the Windham County National bank, established more than 100 years ago; of the Danielson Trust company, which started to do business as early as 1914, and of the Brooklyn Savings bank, which dates back to 1872.

Danielson is very proud of this showing, but it is fully sensible of the fact that this gain, and others that preceded it, have been made possible not only by the industry and thrift of the people of this community but as well by the people of all the communities that make Danielson a banking center. The total assets of the local banks are now in excess of $10,000,000, and at the highest point their histories, individually and collectively.

These assets are indicative of the stability of this little corner of the state financially. It so happens that the major part of this year's increase is in savings accounts. It would seem to serve as an adequate answer to those who carp about decadent New England. It would appear that a comparatively small area which can produce close on a $1,000,000 in savings within the period of twelve months is neither dead nor dying, but alive and virile. There is satisfaction in contemplating the security and protection from certain untoward phases of life that these millions assure those who own them, for, after all, they largely belong to the people and to concerns doing business in the territory.

Danielson, as a community, had a look at one of the new Fords for the first time this afternoon, when a coupe was put on display at Frank O. Plummer's. Hundreds looked the machine over during the course of the afternoon and scanned its lines and visible features with more diligence than is usually given to the inspection of new cars. Owners of old Fords expressed themselves as not at all averse to having one of the new cars, about which so much has been written and said in the past few months.

James Riley, practically all of his life a resident of Brooklyn, died of pneumonia this morning at a hospital in Norwich where he had been a patient the past few years. The body was the past four years. The body was brought here this afternoon in charge of Undertaker L. E. Kennedy.

Mr. Riley was a native of the town of Brooklyn, a son of Mr. and Mrs. Patrick Riley, and was 52 years of age. During his adult years he was engaged in Brooklyn as a farmer. He leaves three brothers, Charles and Edward of Brooklyn, and Thomas of Newport, N. H. There is also one sister, Mrs. Delia A. Park, of New York, formerly of Brooklyn.

Indications are multiplying that several hundred residents of the town of Killingly are not going to pay their personal taxes until the time limit for so doing is at hand. That seemed to be the forecast today, when 500 names, or thereabouts, remained on the uncollected list. January 14 is the time limit, and all who have not paid this tax by then will find themselves assessed $3, instead of $2, when they do come to pay.

As the period for which it is permitted draws to a close, it is interesting to note that there has been no abuse of the unlimited parking privileges in the business section during the holiday season. At the request of the chamber of commerce in early December, borough officials took off the 60-minute parking regulation in the business section, that out of town shoppers coming here in cars might not be handicapped by the restriction. The plan worked out well. The special regulation did not apply to local people, and they were careful about parking their machines no longer than necessary.

Tonight the Merchants' committee of the chamber of commerce held a meeting to discuss among other things the giving away of the automobile, the Orthophonic Victrola, the Fada Electrified Radio Set, the washing machine and purchase certificates that are going to make some persons so happy. The distribution of the gifts will be made next Tuesday evening at the Orpheum theater.

The Goodyear Mills of this town continues in steady operation this week, though many other plants manufacturing cotton in the territory are closed until January 2. The output of the Goodyear mill goes to the Goodyear Tire and Rubber company at Akron, which concern is reported doing a heavy business in tires this season.

We wish to all our friends and depositors a most happy and prosperous New Year. The Windham County National bank, Danielson.—Adv.

In the Emmett Guards, the Danielson Town basketball team has another fast basketball team to play this week.

On Monday next, in observance of the holiday of New Year, Danielson's banks will be closed.

Up to this noon, Town Clerk Frank F. Preston said, only six licenses for hunting or fishing had been issued for 1928, yet all 1927 licenses expire at midnight next Saturday.

December became exceptionally genial today, with an early afternoon temperature of 62 degrees in sunny places.

There are those who live hereabouts who feel quite certain that they heard the motors of the Los Angeles overhead last night, but no definite checkup on this was possible today.

Basketball this (Thursday) eve. town hall, Danielson vs. Emmett Guards, champions of Worcester; game at 8:15.—Adv.

The annual meeting of the Ladies' Benevolent society of the Westfield Congregational church was held this afternoon in the church parlor.

George C. Watson of Lowell returned to his home today after spending several days with friends in Danielson.

Hundreds of mill employes who are off duty in this territory this week have been making the most of the ideal weather to be out of doors and to take little trips into surrounding country.

Mr. and Mrs. John Newell of New York have been visitors with Mrs. Newell's parents, Mr. and Mrs. S. Gingras of Reynolds street.

Dealers report a heavy sale of New Year's cards this week, and the mails will be carrying thousands of them during the next few days.

Mrs. Hugh L. Mason, who spends much of the year in Brooklyn, has gone to Hammond, La., to remain through the winter season.

This evening members of the Danielson Girls' club held a birthday party at the club's rooms for some of the members.

Open winter weather is favoring men in the building trades, and many of them living here are still as busy as during the warm weather periods of the year.

There is to be more agitation, it is understood, for a new road into East Killingly in 1928, a project that has been advocated for several years. East Killingly is the one community of the town that cannot be reached over a really good road.

When the Alumni team plays the K. H. S. basketball team to open the season at the high school gymnasium next week an added feature will be a game between a team of Alumnae and a team of high school girls.

P. A. Reeves remains seriously ill at his home on the West Side, though he is able to sit up for a time each day.

PUTNAM

GIVEN SUSPENDED JAIL SENTENCE IN PUTNAM COURT

(Special to The Bulletin)

PUTNAM, Dec. 28.—In city court Wdnesday morning, John Pezanko, of Mechanicsville, employe of a local mill, appeared to face the charge of driving while under the influence of liquor. He had been arrested the day before on Arch street, when he was driving his car in such a manner as to endanger himself and other motorists. It was his second court appearance this year on the same charge, and presented a difficult case for Judge M. H. Geissler to handle. The man was found guilty, but in imposing sentence the court had to take into account the fact that he is the sole bread-earner in a family of eight, and that to send him to jail for a long period would force hardship upon his family and make town aid necessary for them. The minimum sentence under the statute is six months in jail, and this was accordingly imposed, but was suspended for one year.

At the meeting of the Putnam Rotary club Wednesday noon at the Putnam Inn, Walter Musgrave, of Danielson, was the guest and speaker. Mr. Musgrave in his talk yesterday described the various methods of accounting.

REV. F. H. BIGELOW BUYS THE HARRISON ESTATE AT POMFRET

(Special to The Bulletin)

PUTNAM, Dec. 28.—The estate of the late Thomas Skelton Harrison, situated on fashionable Pomfret street in Pomfret, has been purchased by Rev. Frank H. Bigelow, headmaster of the Pomfret Rectory school. The amount of the purchase price has not been made public. This is the same property the school has been occupying since the first school building was totally destroyed by fire two or three years ago.

The property which Mr. and Mrs. Bigelow have just purchased was formerly the summer home of the late Thomas Skelton Harrison, a former consul general to Egypt. Since the school has been occupying the school, the buildings have been remodeled, painted and repaired and are now excellently adapted for school purposes. There are large grounds, part of which are used for athletic fields and both winter and summer sports are provided under the supervision of an athletic instructor and coach. Just south of the boundary of the rectory school grounds are the large grounds of the well known Pomfret school, a preparatory school for boys.

The purchase of the Harrison estate assures the permancy of the school and portends further improvements and additions for the scope of the Rectory school is every broadening.

Miss Ruth Swest, daughter of Mr. and Mrs. Alvin Sweet, of Killingly avenue, is at the home of her parents for the holidays. Miss Sweet has just finished her training at the Rhode Island hospital at Providence. Miss Ruth Chase, of the Day Kimball hospital staff, was a recent graduate of the same institution and attended Miss Sweet's graduation.

There have been a number of minor accidents at the Day Kimball hospital within the last few days. Leonard Hamel, a thirteen years old boy, student at the Tourtelotte Memorial High school, is suffering with a badly fractured leg. The boy was struck by an automobile and taken to the hospital by Dr. LaPalme, of North Grosvenordale.

Others patients at the hospital are George Langlois, age six, of Putnam, and Robert Ingraham, age fourteen, of Thompson, who both received broken bones by falling on the ice. The former has a fractured right arm while the latter is suffering from a broken collar bone. Bernard Johnson, whose residence is unknown, is at the hospital with a badly dislocated shoulder and William Van Tyne, of Hoboken, is there with a badly injured thumb.

Eugene Benoit, a local barber, is a patient at the local hospital where he underwent an operation for appendicitis. Mr. Benoit is a well known barber here. John Ojala, of West Woodstock, also underwent an operation for appendicitis. Both are resting comfortably.

Th Day Kimball has one Christmas baby, a son to Mr. and Mrs. Durham Hall, of this city, was born on that day.

The public utilities commissions of both Connecticut and Massachusetts have been in conference over the North Woodstock road bridge over which there has been so much dispute between town, county and state officials.

The bridge which spans both the southern New England and the New Haven roads is also on the main highway from Southbridge to Putnam, Willimantic, Providence or New York, and wile the bridge has been condemned is still being used at the driver's own risk.

LEFT OVER CHRISTMAS TREES

When it was thought that the future timber supply of the country was being seriously reduced by the cutting of Christmas trees, there were many voices raised in protest against the use of Christmas trees and it looked for a time as if someone would have a chance to rake in a fortune by inventing a substitute.

This brilliant opportunity was all knocked in the head by the declaration of conservationists, foresters and others who had studied the situation thoroughly that to a large extent such trees as are used for Christmas would not contribute to the nation's lumber supply and that they were planted and raised for that particular use the same as other crops. Raising Christmas trees is a business for which due preparation is made and which represents no real loss to the timber supply.

That served to mollify those who were sincerely protesting out of regard for the nation's resources. It shed a new light upon a situation which was none too well understood, and the situation which surrounds those Christmas trees which remain in the market unsold after stores close the night before Christmas is not so different.

Frequently reference is made to the fact that there are stacks of such after the demands of the buyers have been filled. It looks like a great waste and it is a waste to a certain extent, quite the same as those peaches, those apples and other produce which fill the trees, cover the ground and are in marketable condition but there is no market.

It is to be remembered, however, that those who make a business of growing those left over trees and who sent them to market got their pay for them quite as much as for those that were sold by the marketmen. The leftovers represent those which the retailers paid for but couldn't sell. They are obliged to stand the loss on them and they figure in the overhead, allowance for which had probably been made in putting the price on the trees that were sold.

The left over Christmas trees have no redemption value. They are wasted in the same sense that those which have been used will be thrown away in a few days if they haven't been already. The real unfortunate part of the leftover Christmas trees is that they could not have been distributed among those homes which would liked one but could not afford the price.

SEEKING THE DAWN

Not until every nook and corner where the quartette on the Dawn might be found has been searched will hope be abandoned, although it must be admitted that only the evidence furnished by the uncertain radio messages, coming from no-one-knows-where gives much if any ground for such hope.

The flight to Newfoundland was not such as to be regarded as dangerous, not it was a flight over northern waters at a time of the year when extra hazards prevailed, and it was a flight that involved many more than the persons seated in the plane.

Once it became known that the fliers were in trouble the first thought was to send aid. Government resources were drawn upon and the Los Angeles and destroyers were brought into service. With the covering of nearly 12,000 square miles in the region where it was thought they must have been forced down, the Los Angeles gave up the search, the big dirigible having covered a risky water assignment at one of the worst times of the year. Destroyers are still scouring the waters about Nova Scotia and Newfoundland in the hope of effecting a rescue. With more than five full days having elapsed since their departure the chances of finding the crew of the Dawn alive grows rapidly dimmer.

Even though they may have been picked up, or are yet found, there seems to be no further lesson needed to emphasize the danger of winter flights across the Atlantic. Courage isn't the only thing that is needed for such a crossing. With those who have made the flight successfully experienced enough handicaps during the best season of the year, the wisdom of restricting such attempts to the milder weather is strikingly set forth. Even if those who set forth are willing to risk their lives they ought to give some consideration to those who willingly or unwillingly are pressed into a rescue service because of a defiance of good advice.

HIGH FLYING

Records are about as uncertain as the weather. They are correct, when proof has been established, but they exist today and new ones come with the morrow.

This has been particularly true in connection with aviation. Developments have come so rapidly that it has been next to impossible to say where the limit of speed or altitude was likely to be found. We marvel at accomplishments only to have them exceeded and new astonishment created.

Contests for speed and altitude have awakened much interest and they promise to continue indefinitely. False honors were claimed by Callizo the French flier when he descended one day and claimed that he had flown to a height of 40 000 feet above the earth. When his deception was discovered he was quickly denounced and henceforth he will find difficulty in getting credit for any record accomplishment which takes him out of the sight of the judges.

His altitude claim put him so far ahead of others that it was believed he had made a mark which others would not quickly erase. When his flight was branded as a fake, the honor reaching the highest point was credited to Lieutenant Champion of the United States navy at 38,474 feet.

That gave the Italian flier Donati something to work on and according to official records he has succeeded in beating that mark by a few hundred feet, having reached 38,722 feet. That is enough. It makes a new mark and for the time being the record rests in Italy. How long it will remain there or at that figure no one dares to predict. It may be broken on the very next try by an altitude flier and it may be a long time before it is topped. In view of improvements which facilitate high flying one would hesitate to think that the top had been reached. So easily do the new records seem to have been established that more of them are not only possible but they are looked for. It is a test, however in which every flier isn't equipped and isn't willing to participate.

QUICK FEDERAL AID

When disasters of anything approaching disastrous occur thought is at once turned to federal aid. Again there are conditions growing out of disasters which call for immediate attention with no agency able to meet the situation and appeal is made to the federal government.

When the government is able to do what is necessary it always responds, as a leader or the supporter of other efforts. At other times it does not because its hands are tied or it hasn't been provided with the authority or the means.

With these situations in mind it is the belief of Congressman Curry of California that such handicaps ought to be lifted and he believes it can and should be done by authorizing the president to draw upon the treasury to the extent of $50,000,000 to give direct financial aid to communities stricken by flood or other disaster of sufficient magnitude to call for federal assistance. He would leave the decision with the president.

Before such a measure is adopted it will probably be viewed from various angles so as to include such matters as the repair of the destroyed levees along the route of the Mississippi flood, which called for immediate attention to guard against the high water of winter, but which required much scrambling on the part of the federal authorities to find funds which could be thus employed. Such a fund as proposed ought to be available for use under such conditions until the voice of congress could be heard upon the matter. Such a fund would of course apply only while congress was not in session.

BETTER RELATIONSHIP

It cannot fail to be noticed that at about the same time that President Calles of Mexico was seeking amendment to the oil law that would conform to the decision of the supreme court of that country, and that was in accord with the claims of this government in behalf of its citizens, the United States was lifting the embargo so that Mexico could acquire an airplane in this country, with the possibility that there will be a further lifting of embargoes which conditions made it necessary to establish.

This is a pleasing indication of amity. No more, however, than ought to exist and no more than would exist if relationships were what they ought to be. It indicates the overcoming of that suspicion which has prevailed in the past, that unwillingness to believe that this country was seeking only its rights and that distrust which has been fostered by a seeming willingness to encourage rather than dispel ill will.

If we have reached a basis of better understanding there is cause for sincere gratification. We have long desired it and Mexico has long needed it. The difficulty has been to get the diplomacy of the two countries attuned to the task at hand. The pleasing start which appears to have been made in the right direction it is to be hoped will continue and the bonds of friendship become stronger.

At the same time it is to be noted that Mexico is manifesting a real interest in the advantages of aviation and the fact that the nations can be brought closer together through such a medium. Real accomplishments have been made in the last month in Mexico.

EDITORIAL NOTES

Everything considered there is no likelihood that 1927 will be rated as a dry year.

HE LEARNED ABOUT WOMEN

According to O. Henry, "it takes a man who understands the symptoms and by-ways of woman folk to take care of himself in this world."

New Jimmy Regan, traveling salesman for the Peek-a-Boo Hosiery company, had never heard of O. Henry, but he firmly believed that he understood the symptoms and by-plays of women, and was, therefore, immune to their calculating but honeyed overtures.

Breezy, cocksure, impudent, with green-gray eyes coolly appraising, lips parted in a quizzical smile, hands thrust noncommittally in trousers pockets, Jimmy Regan was baffling but attractive to the feminine contingent.

Time passed, but Jimmy remained smugly heart whole and fancy free. Then Fate, with her usual malicious impudence, took things. Jimmy included, into her hands and plopped them down in the Uplifting Arms hotel. Jimmy wanted to live—when he was in Chicago—near the lake, where the comforts of home and the conveniences of a hotel were happily combined. The Uplifting Arms hotel met all these requirements.

Three nights after Jimmy had called the Uplifting Arms hotel "home" he discovered Rita. Rita was the switchboard operator, an uncommonly pretty girl with auburn hair, hazel eyes and creamy skin. Jimmy—breezy, cocksure, impudent—appraised coolly, smiled quizzically and thrust his hands into trousers pockets.

"Uplifting Arms—one moment, please—outside wire? Mr. Drake? A call for you. Yes? Miss Brown doesn't answer. Do you wish to leave your number? Manager's office——"

Cool, calm, collected. Jimmy was impressed! Here was something a bit different in femininity. And Jimmy met the occasion with a different brand of approach. He combined frankness with deference, flattery with sincerity, savoir faire with schoolboy reticence. She looked up—she smiled—she laughed.

Well, during the next six months Jimmy never failed to reach Chicago for week-ends. And it was a different Jimmy. Formerly his green-gray eyes had coolly appraised every female within sight. Now countless hundreds passed unnoticed! The whole world to Jimmy was a beautiful blur of auburn hair, hazel eyes and creamy skin.

Jimmy confided all his hopes and plans to Rita. Rita listened with eager attention and profound interest. Jimmy admitted that there was no other girl in the world like Rita. Rita acknowledged the compliment with gratitude shining from her eyes. Jimmy emphasized his convictions by explaining to Rita how completely he knew women—all kinds of women. Rita lowered her eyes, blushed and patted Jimmy's hand.

It was just one week before the passing of a full six months that Jimmy rushed into the Uplifting Arms hotel, eager for a glimpse of Rita, thrilled at the prospect of another happy week-end.

She was at the switchboard—he could see the top of her head as he rushed up the hall.

"Ri——" he started to call out, then stopped abruptly.

A strange face turned inquiringly.

"Hello, who're you?"

"I—I—where is Rita?"

"Rita? Oh, she left last Wednesday."

"Left!"

"Yea, who're you?"

But Jimmy had already fled up the stairs to the managers office. "Mrs. Brown, can you tell me where Rita is?" asked Jimmy, bursting in upon the buxom female manager.

"Why," laughed Mrs. Brown, "she's married."

"Married!" gasped Jimmy, sinking helplessly into the nearest chair.

"Yea, Wednesday, it was. And it all happened the funniest way! She married Evan Drake—who has lived here for over a year—just two days after they spoke to each other for the first time."

Mrs. Brown paused. But Jimmy, still speechless, nodded for her to continue.

"Rita got into the habit of listening in on Mr. Drake's calls. I used to tell her it was wrong, but she'd only smile and say, 'Oh, he's the most wonderful man!'

"And do you know, she fell in love with him just that way—just listening in whenever he called any one or any one called him. She says that in his telephone conversations he revealed just the qualities she admired most and that he was her ideal man.

"Well, Sunday night after you left Mr. Drake came in kind of early and somehow Rita and he got to talking and she told him all about listening in and everything.

"And the upshot of it all was that Wednesday morning she came into the office and showed me a diamond wedding ring and told me that a new operator would be on duty in the afternoon. And that's all, I guess. Oh, yes, I most forgot, she did say to tell you 'Good-by and good luck.'"—Chicago News.

LETTERS TO THE EDITOR

The Navy and the S-4

Mr. Editor: Due to the adverse criticism by the general public in regard to the ramming and sinking of the U. S. submarine S-4 by the coast guard boat Paulding off Woods End, Provincetown, Mass., on Dec. 17, 1927, I wish to state here through the medium of your paper that the "navy" has done its very best and had its best talent at the scene of the disaster and is doing its very best, trying to raise the ill-fated submarine, and when life was aboard, the navy tried to the utmost of its capacity to save those lives.

The writer does not know of any organization in the United States that has as many or as efficient deep sea divers as the U. S. navy. There are several private concerns that specialize in salvage work, and I think if the public would examine closely these concerns they would find that the majority of those divers are formerly navy men who were proficient in deep sea diving.

In regard to the criticism by the public of the navy for not having a surface vessel protecting the submarine while it is diving, it must be remembered that a submarine is a man-of-war vessel and is capable of keeping a lookout. And if it is not, then she fails to do an important function and therefore is no longer an asset to the navy. That type of submarine is equipped with three periscopes, instruments that she has to ascertain if there is any surface vessel in her vicinity.

The reason the submarine did not see the destroyer Paulding in time to avoid the collision will probably never be told. But all the facts of the case will be studied very closely by the board of inquiry which the secretary of the navy has appointed to convene on Jan. 4, 1928.

We hear the public discuss the navy's lack of equipment and salvage ships. Let us analyze the reasons for those things. Congress has the sole power of appropriations and has repeatedly cut the secretary's recommendations for navy appropriations.

In regard to life saving devices for submarines, the navy department has tried all inventions that have been submitted to them and as yet they have not found one that will be reliable and at the same time not interfere with the military efficiency of the boat.

We hear so much about the navy "red tape" and the neglect on the part of the navy in rescuing the men of the S-4 and the failure to equip the submarines with hooks or bands by which they may be lifted. Those things are ridiculous in the eyes of the experienced engineer. Those things are not possible with the size submarines that we have today.

The navy is the public's organization and is just what they make it. Also remember that the lives of those brave men were sacrificed that the development of submarine may be improved and that this country may be equal to other great powers.

In conclusion I wish to say that the statements that I have given are based on 10 years service on submarines of that type, and if any reader can get any benefit from those statements and will satisfy his mind that the navy is doing its very best in salvaging the boat, then the writer will have accomplished his task.

Today's Anniversaries

1833—John J. Ingalls, U. S. senator from Kansas and one of the most picturesque figures in American public life, born at M'dbleton, Mass. Died Aug. 16, 1900.

1837—Imperial Winter Palace at St. Petersburg, the largest in Europe and capable of housing 12,000 people, was destroyed by fire.

1843—Dr. Elisha North, who established the first eye infirmary in the United States died at New London, Conn. Born at Goshen, Conn., Jan 8, 1768.

1873—Submarine cable completed between Aden, Zanzibar and Natal.

1891—Remains of British soldiers and sailors who died in the Crimean war transferred from Balkos to Scutari Military cemetery.

1893—Prendergast, the assassin of Mayor Harrison of Chicago, sentenced to death.

1894—Thomas M. Byrnes, superintendent of New York police, resigned.

1925—Senator Burton K. Wheeler of Montana was absolved of all charges made against him in the alleged oil and gas land conspiracy cases.

1926—1[illegible] thousand reported homeless as result of floods on the Cumberland river, Tennessee.

IN THE PUBLIC EYE

Dr. Ludwig Quidde, who shares in the Nobel Peace Prize, is a University of Munich professor who was once ostracized by his countrymen for his attack on the sanity of the kaiser. As delegate to the twentieth universal peace conference at The Hague in 1913, he moved before the conference a proposal for gradual disarmament, at the same time severely blaming Germany for the increase in armaments in Europe. During the war he was subject to much adverse criticism by military authorities. He is best remembered, however, for his publication of a book by which he hoped to show the dangers in the accession to the throne of William II. He lost many friends and gained many enemies by it, as he must have foreseen, and that it still rankles in some circles is shown by the storm with which the German nationalists have received his nomination for the Nobel award.

Stories That Recall Others

Trying George

George's report card was not up to the expectations of his mother and she was admonishing him to try to do better in deportment next time.

The mischievous lad, wishing to convince his mother he had tried, said: "The teacher thinks I try 'cause she said one day I was the most trying boy in the class."

The Cow's Feathers

Aunty had gotten some new shoes with fur tops. She happened to be wearing them in the presence of her little niece. That they made quite a hit could be seen from the attention given to them.

Getting down to observe them more closely, the niece looked up and inquired:

"Aunty, are those the cow's feathers?"

YOUR HEALTH

Everybody Should Have It

By George Joyce Hall, M. D., Sacramento, Cal. Member Gorgas Memorial

(The following is one of a series of articles prepared under the direction of the Gorgas Memorial as part of its Better Health and Longer Life program. President Coolidge is the honorary president of the Memorial, which has been organized and endowed by prominent doctors and laymen throughout the country to perpetuate the work of the late Major-General Gorgas in preventing unnecessary illness. Headquarters of the Gorgas Memorial are at 400 North Michigan avenue, Chicago.)

"Once upon a time" there was a—well, this is not a fairy tale, so I suppose that is the wrong way to start an article on health. However, the thought does occur that there must be some more interesting way to present general health information than the dehydrated, expurgated, and censored simple facts commonly used. It is generally admitted that a small percentage only of the readers of a newspaper actually read the articles on health regularly published. Why? It seems to me to be due primarily to a lack of interest in the subject by those who think they have good health. Health, as a rule, is taken for granted until it is impaired or lost. The parents who cannot be interested in having their children immunized against diphtheria frantically demand that "no expense be spared" when one of their children develops what was formerly known as membranous croup.

If our efforts as physicians and health officers to disseminate valuable information gathered at the expense of great energy and long years of study are still not heeded, would you be more interested if the facts were written in any different style?

After having spent some years as a health officer trying to "sell" public health, I have found that the sales, though very encouraging, are certainly very small when compared to the fact that "everybody should have it." The sales should be 100 per cent. And instead of that, the weekly reports of cases of contagious diseases and deaths from preventable causes is positive proof that in the entire nation there is something wrong with the sales department.

The Gorgas Memorial has taken over a large part of this work of the broadcasting of health facts and information, and is sincerely trying to be of value in the problem of keeping well.

If you want these things written in an entertaining fashion, the Gorgas Memorial will have it done in that way. If you want tabloid newspaper headlines of suicide and murder stories, you will get them, because there are plenty people doing just those things with their health. If you want romance and love stories, or drama and tragedy, they can be written, for our case records are full of them. If you want fairy stories about the wicked king, the beautiful golden-haired princess, the horrible giant, the terrible ogre, and the brave little blue-eyed boy, you shall have them.

Truly, all of these things are seen daily in the homes, offices, and hospitals, by every member of the Gorgas Memorial. With health, the beautiful blonde is attractive, without it she may be not only unattractive but at times repulsive. The little blue-eyed boy, when sick, is the recipient of pity and sympathy, and frequently the sorrowing parents mourn his loss. The beautiful girl, beloved by all who know her, becomes a frail, thin, helpless little thing, with almost transparent body, after having been attacked by the horrible giant tuberculosis.

No one who is mentally and physically fit wants the pity or sympathy of his fellow-men. Still there are constantly thousands of crippled, maimed, sickly bodies, the prey of contagious diseases, who get nothing else out of pathetic pity of friends and family.

Health is not a matter of money. The laborer's family is generally just as healthy, or more so, as the family of his wealthy employer. Everybody should have it. Everybody is entitled to it. The Gorgas Memorial is willing to help you keep it, or help in having it returned to you. If you want health articles such as suggested above, write to the Gorgas Memorial and, if replies are sufficient, then you will get them.

DUCK HUNTERS MIGHT HAVE BEEN KIDNAPED

CHICAGO, Dec. 28.—(AP)—Kidnapping today was included in the speculations of those seeking two youthful duck hunters who have been missing from a Chicago suburb since last Monday.

Alexander F. Maitland, 25, and his brother-in-law, Robert Case, 14, went out for a couple of hours' shooting before breakfast. They did not return and since then the marshy wastes of Lake Michigan, north of here, and the waters of the lake have been searched in vain. Airplanes were sent over the wooded regions adjacent to the Glencoe home of Maitland's father-in-law, and United States coast guardsmen from Chicago to Milwaukee scanned the lake.

"I am ready to talk money," said Ernest F. Smith, step-father of young case. "I will also hold to myself everything I learn." Smith, however, has not regarded the kidnaping as likely.

Officers began consideration of the possibility that Maitland and Case may be held for ransom because of the fact that Maitland carried more than $100 when he set out in search of ducks.

Investigation of the sinking of the S-4 with a view particularly to promoting the use of safety devices on submarines was urged yesterday by Representative Updike, republican, Indiana.

Joseph Pollakoff, general manager of the Amtorg (Russian-American trade organization) expects to leave Moscow next week for an extensive American tour to study the Russo-American trade problem at close range.

BURGESS BEDTIME STORIES

Jimmy Skunk Comes Along.

Who to his own affairs attends
Soon finds his neighbors are his friends.

—Jimmy Skunk

Whitefoot the Wood Mouse spent a lot of time thinking over what Striped Chipmunk had said to him. Striped Chipmunk had said he might not be seen again for several days, or for a week, or for a month. "I don't understand it," said Whitefoot to himself. "I suppose he means he is going to sleep all that time. But what I don't understand is why anybody should want to sleep in nice cold winter weather. I never feel better than I do in winter. Striped Chipmunk is a lively fellow and I don't see why he wants to sleep. And I don't see how he does sleep like that, anyway."

"What are you talking about, you little pinch of nothing?" said a voice.

Whitefoot looked down. There just below him was Jimmy Skunk. Whitefoot grinned at him. Jimmy grinned back at him. "Come on down here and give a fellow a bite of fresh meat," said Jimmy.

"No, thank you," replied Whitefoot. "I know you would like a nice, tender Wood Mouse like me, but so long as you are here I am going to stay right where I am. Do you know what, Jimmy?"

"What?" asked Jimmy.

"I'm glad you can't climb," retorted Whitefoot.

Jimmy yawned. "It would be too much work if I could," said he. "By the way, what were you talking to yourself about?"

"I was telling myself how queer it seems to me that any one as lively as Striped Chipmunk can be satisfied to sleep so much of the time," replied Whitefoot. "He just told me that I might not see him again for several days, or a week, or a month. Isn't that queer?"

Jimmy Skunk yawned again. "Nothing queer about it that I can see," he replied. "I'm going home and going to bed to do the same thing."

"Do you mean you are going to sleep these beautiful days and night away?" cried Whitefoot.

"Some of them, anyway," replied Jimmy. "I wouldn't want to sleep the way Johnny Chuck does, but I wouldn't want to be up and running around all the time the way Peter Rabbit

"What are you talking about, you little pinch of nothing?" said a voice.

does. Striped Chipmunk has the right idea. He and I know what is real comfort. We wake up once in a while, have something to eat, find out how the weather is, take a little look around and go back to bed. We don't lose any time worrying about things; we don't care what the weather is; we keep in good condition and comfortable. What more could any one ask? Now, Johnny Chuck sleeps all winter as a rule. When he does come out he doesn't know anything that's been going on. He's weeks behind the times. But Striped Chipmunk and I wake up and come out often enough to keep track of things, and that's enough. Come on down here, Whitefoot? Be a good fellow and come on down."

"Go on off to bed, you sleepy-head," said Whitefoot. "You and Striped Chipmunk are the laziest folks I ever knew. Think of all you miss! Life's too short to sleep it away."

Jimmy grinned. "It's better to sleep it away than to give it away," said he. "If you don't watch out that is whatyou'll be doing. Spoky the Screech Owl is sitting in his doorway over in that tree yonder and he's got his eye on you this very minute."

MOTOR MART STARTS SUIT FOR $1,000 DAMAGES

Claiming damages of $1,000, Harry Rosoff, engaged in business as the Motor Mart, this city, has brought suit in the court of common pleas against E. A. Noble of Boston. Plaintiff claims that an automobile owned by him and driven by Herbert Campbell on August 25, 1927, was hit and damaged by a truck owned by the defendant. The accident happened on High street, Hartford.

HEALTH OFFICER FOR TOWN OF PRESTON

To fill the vacancy caused by the death of Everett P. Barnes, Dr. Kathryn M. Brayan, a member of the physician's staff at the Norwich State hospital, has been appointed health officer for the town of Preston. The appointment was made by County Health Officer Hibberd R. Norman, of this city. Dr. Brayan will serve as health officer until the first Monday in October, when it is probable she will be reappointed.

AUTO SKIDDED AND TURNED UPSIDE DOWN

Mr. and Mrs. Louis H. Walden and children left last Wednesday noon to spend the holidays with Mrs. Walden's mother, Mrs. Aime E. Becker in Fairport, N. Y. Leaving Albany Thursday they encountered ice and snow and in going down a long grade, the car skidded, although well chained, left the road and turned upside down. None were seriously injured although all the glass was broken and the top crushed. They proceeded by train to Rochester. Mr. Walden will return to Norwich the end of the week.

Adams Case is Continued

In order that the accused may secure counsel the case against Phillip Adams of 92 Merchants avenue, Taftville, charged with reckless driving, was continued to Friday morning, in the city court Wednesday morning. The reckless driving charge was placed against Adams by Officer Arthur Whitmarsh following an accident on the Gallows Hill road, in which Adams car collided with that driven by James McGee of 26 Lafayette street.

Boston Store Improvements

Men in the employ of P. F. Sweeney, contractor, will commence work this (Thursday) morning in tearing down the brick partition on the first floor of the Boston store. This partition separates the men's department from the main store on the Main street side, and on completion of the work there will be extra floor space of about 75 to 100 feet. The improvements also call for reenforcement of the second floor with steel girders.

OBITUARY

Mrs. Sarah E. Risley Reavey.

The death of Mrs. Sarah E. Risley Reavey, formerly of Providence, occurred Wednesday morning in this city following an illness with pneumonia since Monday and due to the infirmities of advanced age.

Mrs. Reavey was born in Lebanon on Aug. 4, 1845, and was the daughter of Alvin T. and Ruth Congdon Davis. She was twice married. Her first husband was George A. Risley, and the wedding took place in [illegible] 1868. May 19, 1909, she was united in marriage with Phillip B. Reavey. Mr. Risley conducted a pottery at the foot of Cove street, where he was injured in a boiler explosion, which caused his death.

For the past two years Mrs. Reavey made her home in Norwich, but from 1909 to 1925 she lived in Providence. She is survived by two daughters, rMs. Eugene S. Leonard of Bellows Falls, Vt., and Mrs. Lila Boynton, of Providence, a son, George A. Risley of Norwich, and a sister, Mrs. Edward Crowell, of Hartford. She also leaves four grandchildren. She was the oldest member of the First baptist church at the time of her death.

Mrs. Reavey had many friends in this city, who learned of her death with sincere regret. Their sympathy is extended to the family in their time of grief in the loss of a loving mother and sister.

At 2 o'clock Monday afternoon, at the home of the bride's mother, Mrs. Walter C. Cole, Miss Frances Viola Lovett of Preston, became the bride of Howard J. Johnson, U. S. C. G., of Quonochontaug, R. I. Miss Rosetta Albro of Willimantic was the bridesmaid, Miss Mary Greenman of Windham was the maid of honor and Albert Pendleton of Quonochontaug was the best man.

Rev. George W. Clark of Preston City Congregational church conducted the marriage ceremony. There were about 30 guests present, some coming from New London, Groton, Pachaug, Windham, Norwich, Willimantic, Preston and Quonochontaug.

The bride was charmingly attired in a white silk crepe gown and with veil caught with orange blossoms and the bridesmaid's gown was of blue silk with hat to match. The bride's traveling costume was of gray satin. Following a buffet luncheon the couple left by automobile for a wedding trip and on their return will reside at Quonochontaug. The bride received many beautiful gifts including cut glass, china, silver, linen, pictures and money.

The bride presented the bridesmaid a platinum chain and pendant. To the best man the groom presented gold cuff links. The bride and groom have the best wishes of their many friends for a happy married life.

BROUGHT HERE FROM WESTERLY TO STAND TRIAL ON LIQUOR LAW CHARGE

Patsy Serra, 35, was brought to this city about 9:15 o'clock Wednesday night to stand trial in the local city court on a charge of violation of the liquor law. Serra, who is charged with being the proprietor of the place at No. 121 Franklin street, which was raided last Saturday afternoon by the local police, was arrested in Westerly Wednesday evening by the police of that town and held at the Westerly police station pending the arrival of officers from this city to take charge of him.

Early Wednesday evening Captain Thomas P. Murphy detailed Sergt. Matthew Delaney and Officer Patrick Shahan to bring Serra to this city. He was locked up at police headquarters, his bond being set at $1,000.

Last Saturday afternoon a squad of officers headed by Sergt. Myron O. Morgan raided the Franklin street place and found three cases of beer and several empty whiskey bottles. Serra was not in the place at the time of the raid. Two young men who were in the place were taken into custody by the police but afterwards released when it was found that they had nothing to do with the proprietorship.

Serra has been residing at Central Park, Westerly, and about 7 o'clock Wednesday evening was arrested on Canal street, that place by Officer Robert M. Kessell of the Westerly police. He was turned over to the local officers at the Westerly police station by Lieut. George H. Champlin. Serra agreed to return to Norwich with the officers.

WINTER TROLLEY TRAFFIC COSTLY AND DIFFICULT

Street car traffic in Connecticut cities during the winter months is maintained only as the result of long experience in meeting emergency situations caused by the state's annual crop of snow, sleet, and rain storms. The removal of snow from trolley tracks, however, forms one of the most costly items of expense in the Connecticut company's budget. During particularly bad winters, snow removal costs the company between $100,000 and $150,000.

The trolley company must begin preparations for removing the first fall of snow from its tracks during the days when a large portion of the population is spending its spare time at the bathing beaches and when thoughts of winter are far from the average mind. Foresight is essential in meeting traffic emergencies. The company's snow fighting equipment is put into condition during the month of August and is in complete readiness long before the first flake flutters down. This equipment consisting of plows, brushes, sand cars, and hand tools becomes an item of maintenance even though a mild winter puts its use at a minimum.

Long experience has taught company officials and employes the exact course of action needed to meet every obstacle to operation, so that action becomes almost automatic when snow sets in. A fall of snow lasting over a long period of time will often make it necessary to keep the equipment in action through two full days and nights. All night work is common in order that the tracks may be cleared to meet the needs not only of the regular morning passengers, but also of those who because of adverse weather will leave their motors at home and journey to work by trolley.

PREDICT BIG FUTURE FOR FLOOD LIGHTING

Although practically every city in Connecticut of more than 25,000 population can now boast of its own "white way" of street lights and although most central streets in Connecticut are illuminated almost to daylight intensity, street lighting of today will appear dim and dingy in comparison to the intensity of illumination which will come in the future, according to lighting engineers connected with light and power companies in this state.

The greatest improvement in street lighting during the next few years, according to the experts, will come in the illumination of the facades of important buildings. In several cities, Connecticut merchants have already taken pioneer steps in this field and many building fronts are being flooded with light at night.

At the present time, the buildings which have been flood-lighted stand out in bold relief from the darker buildings surrounding them, and furnish their owners with considerable private outdoor advertising. With the inevitable increase in the use of flood-lighting, however, will come a departure from the use of white light and the substitution of lights of varied colors which will serve to enhance the advertising value gained. Lighting engineers predict that in the future practically all important buildings will be flood-lighted to such an extent that the unlighted facades will appear antiquated.

PRINTING CLOCK CHECKS TIME OF TOLL CALLS

Toll telephone calls are accurately timed by an instrument known as the calculagraph. The instrument is much like a clock, with carbon ribon attachments by which the exact time at the beginning and at the end of a telephone conversation is printed on the toll ticket. The clocks are tested at frequent intervals daily for time of day and legibility of printing.

When a subscriber places a toll call, the operator fills out what is known as a toll ticket. On the face of this ticket, in spaces allotted, she writes the calling and called numbers and the time the call is received. When connection is established the operator puts the toll ticket in the calculagraph and presses a lever. This stamps the exact time on the reverse side of the ticket. When the conversation is finished, the ticket is again inserted in the calculagraph, a different lever is pressed and this stamps, also on the reverse side, the elapsed time, which is the exact time in minutes and seconds of the conversation.

When person to person calls are made, the toll tickets are not stamped with the time until the person calling is actually speaking to the person for whom he asked. On station to station calls, however, the time is marked as soon as the call is established. The clocks are extremely simple in operation, and their precision has reduced errors in timing Connecticut telephone calls almost to the vanishing point.

BANQUET FOR STATE HOSPITAL SENIOR NURSES

The graduate nurses are Mrs. Mabel Zemke, R. N., superintendent of nurses, Miss Margaret O'Brien, R. N., Miss Anne Blue, R. N., Mrs. Edna Tefft, R. N., Mrs. Catherine Mills, Miss Helen Lumis, Mrs. Anne Burdick, Mrs. Beatrice Duggan.

The senior class nurses are: Miss Yvette Guillete, Miss Dorothy E. Rodman, Alice A. Helpard, Miss Irene Bellinger and Mrs. Isabelle Clark.

FIRST BAPTIST SUNDAY SCHOOL HAS ELECTION

At the annual meeting of the First Baptist church Sunday school Wednesday evening at the church, Mervin Leffingwell was elected superintendent for the coming year. Other officers elected are as follows:

Assistant superintendent, Lawrence Browning; secretary, Miss Marguerite Copeland; assistant secretary, James L. Tourtellotte; treasurer, William Amburn; treasurer birthday box, Mrs. Lena Perkins; chairman committee on religious education, Mrs. E. LaRue Bliven.

The Sunday school meeting followed the church supper held at 6:30 o'clock.

OPPOSED TO FEDERAL POWER DISTRIBUTION

That the electric power industry in America is opposed to Federal participation in manufacture and distribution of power, was revealed by Howard T. Sands, president of the National Electric Light association, in a talk before the Norwich Rotary club on Wednesday noon. Mr. Sands after briefly outlining the growth of the electric power industry and its service to the community, took up the matter of the bill which will come before congress at the present session relative to the Boulder Dam project in Colorado.

Mr. Sands said in part:

The electric light and power industry, as we know it today, had its birth in a small generating station in Pearl street, New York city, forty-five years ago last September. Many of the men present on that occasion are today still actively identified with the industry, including the man whose genius was responsible for constructively laying its foundation, Mr. Thomas A. Edison.

From that small station, lighting but a small section of the lower end of Manhattan Island, there has grown an industry that today reaches out into nearly every city and town and hamlet in this country, and in one way or another vitally affects the prosperity and welfare of every individual in the community.

Forty-five years ago the sole function of that Manhattan Island station was electric lighting. Today that same force in town, city and hamlet is not only lighting our homes and places of business, but furnishes the motive power for industry, drives our trolleys and our elevators, and performs hundreds of services which have so naturally become a part of our everyday life, that we fail to realize how necessbeing.

The story of the forty-five years of progress of this industry is the record of a pioneer. It has been obliged to blaze its own trails. There were no established precedents for it to follow.

There are indications that in the present session of congress the electric light and power industry will receive considerable attention. This situation arises from the size to which the industry has attained, in part from views held by certain members of congress in respect to the conduct of the electric light and power business in this country, and in part because of certain local conditions. I think these are matters of interest and concern to every citizen of this country, regardless of business, profession or position.

The electric light and power industry has nothing to fear from any investigation impartially and competently conducted, however extensive or searching it may be.

We are a big industry. If we were not big we could not serve the public in a large way.

It is my personal belief that a thorough investigation of our industry, which would develop and make known to the public all of the facts in regard to its operations, would be beneficial both to the industry and to the public; but an investigation of a superficial character which fails to develop all of the facts, might work irreparable injury to the industry and to those who have invested their funds therein.

These advocates of federal ownership raise the bogey of the "power trust" and shout that the people are being subjected to the exactions and extortions of the "power trust". Gentlemen, there is no such thing as a "power trust" in this country. The federal trade commission after an investigation of operating companies producing over 95% of the electric energy generated in this country, found that the largest single interest controlled companies having 12½% of the installed capacity, 11.8% of the electric energy generated and 9.6% of the number of customers.

The outstanding situations today of this character are Boulder Dam and Muscle Shoals.

There is much confusion in the public mind in respect to the Boulder Dam proposition. It is generally considered as a measure for the protection of the Imperial Valley from flood stages of the Colorado river.

The bill as introduced in congress provides for the construction of a dam in Boulder canyon on the Colorado river, to provide not only for flood control but also for irrigating a large acreage in lower California, a power house with a capacity of one million horsepower and the so-called All American Canal, which will make possible the irrigation of larger acreage in the Imperial Valley.

This canal is really a separate and distinct project from the question of flood control. It has no physical connection with the proposed dam and is in fact located several hundred miles further south.

The estimated cost of the entire project is 125 millions of dollars.

The only apparent market for the power generated at this dam is in southern California, approximately 250 miles away.

When this project was first conceived, some six or seven years ago, it seemed quite probable that a price which would provide for the amortization of the project in fifty years could be paid for the power at Boulder Dam, which would make that power delivered at Los Angeles compare favorably with the cost of power produced in Los Angeles by steam.

Since that time however, there have been tremendous strides made in the economy of steam produced power, and the end is not yet. Today the price which could be paid for the power at Boulder Dam in order to deliver the power at Los Angeles at a price comparable to the cost of steam produced power, would be such as would probably afford the government no more than the interest on its investment, leaving nothing to be applied to its amortization.

The estimated time to complete the project is five years, and it is not at all improbable that it will be ten years before the plant can be put into operation.

It is inconceivable to me how the government can expect any responsible business concern to make a contract for a term of fifty years for power at a stated price to be delivered ten years hence.

When the history of the present generation shall have been written, shall that history record that we were unfaithful to that trust? The answer is in our hands. The responsibility for that answer is ours.

Mr. Sands at the conclusion of his talk was given a rising vote of appreciation. The speaker was introduced by Harold D. Larabee, who was in charge of the program for the day.

Mr. Sands who was introduced by Harold D. Larrabee, was accorded a rising vote of thanks for his mighty fine and enlightening talk.

President Clarence A. Spear presided at the business session and Lucius Briggs was the song leader. Among the items of business transacted at the meeting was the dividing of the club into two teams preparatory to the opening of the attendance contest in this part of the 30th Rotary district.

Dr. Hugh B. Campbell was named as captain of one team and Edwin A. Harris as captain of the other. Mr. Harris will be captain of Team A. No. 1 and has chosen F. Russell Smith as his aide de camp with E. LaRue Bliven, H. B. Cary, E. W. Jewett and Joseph W. Curtis as lieutenants. Dr. Campbell named Emory Davis as his right hand man with Alfred G. Bliven, Harold F. Hannigan, Henry S. Lyon and John J. O'Rourke as his lieutenants. The contest starts next meeting and will continue through to the first of April, the losing team to provide dinner for the winners. Besides the competition between the two club teams the entire club competes with the four other clubs in this section, Putnam, Danielson, Willimantic and New London.

Several letters of thanks for the gifts made by the Rotary club to children in Norwich were read by Secretary Jewett.

Arthur M. Thompson announced the program for January as follows:

Jan. 4—Rev. Alexander H. Abbott, speaker; topic, New Year's Resolutions; songleader, Herbert C. Adams.

Jan. 11—William H. Oat, speaker, topic, South America, this talk to be illustrated by motion pictures; songleader, C. A. Gager.

Jan. 18—Business Methods committee in charge, C. A. Saxton, chairman; songleader, Flint Brayton.

Jan. 25—Open date. Songleader, A. E. Payson.

LOCAL SUNDAY SCHOOLS HAVE CHRISTMAS SOCIALS

Three Sunday schools had Christmas socials Wednesday evening. Christmas tree exercises were held at Christ Episcopal church, Park Congregational church and the United Congregational church.

United Church School

The United Congregational church school held its Christmas social at the Community house, Church street. The programme consisted of a play, The Holly Wreath, in the main auditorium of the Community house, followed by refreshments of cake and ice cream in the social rooms down stairs. The play was admirably staged, and the characters were appropriately costumed. The stage was banked with evergreen trees and in the center was a beautifully decorated and illuminated Christmas tree. The lighting effects were most attractive and na large spot light, throwing a golden glow, was used in placing a "magic spell on the forest". The play was given by the younger home time group of the church and the characters were as follows:

Jelf, Susan French; Annabelle, Lois Allen; Adrienne, Ralph Sinay; Christmas Spirit, Peggy Ross; Gray Messenger, Sandy Abbott; Christmas Tree, Frances Young; Swift, the Messenger, James Gilmore; Jumping Jack, Herbert Dawley; Jack-in-the-box, Theodore Kennedy; Santa Claus, Paul Latimer; Rabbit, Allen French; Holly, Ruth Gore.

Popcorn boys, William Hill, William Harris, Leonard King, Francis King, William Armstrong, Frank Kennedy.

Cranberries, Marion Lawton, Elsie Lawton, Marion Krohn, Doris Krohn, Ruth Ayling, Genevieve Angel, Janey Gifford.

Candles, Shirley King, Rita Krohn, Hazel Gore, Marion Lyons, Mary Wiberly, Ruth Fitzgerald, Florence Smith.

Tinsel Fairies, Katherine March, Helen Kerr, Mary Waters, Doris Seagrave, Nancy Grenman, LaVere Wiberly, Theresa Wibberly.

Christ Episcopal Social.

About 75 attended the annual Christmas party for the children of the Sunday school of Christ Episcopal church held Wednesday evening at the church. If the smiles and expressions of the children is a criterion the affair was a huge success and those in charge are deserving of much credit.

At 7 o'clock a carol service was given by the children in the church, to which the children brought gifts and placed them on the manger to be donated next Christmas to to orphan homes. The church was in darkness representing the world before the time of Christ, a star then appeared above the high altar, after which about 75 candles were lighted and the electric lights were turned on, flooding the interior with light. This scene represented the world after the first Christmas.

The children repaired to the parish social room, where a prettily decorated Christmas tree greeted the eyes of the youngsters. Santa Claus later appeared and presented gifts and candy to the children. Harrison Crooks, secretary of the Sunday school, and James Sanford, treasurer, assisted Santa Claus.

Previous to the arrival of Santa Claus and the presentation of gift recitations were given by Virginia Maxson, William Powell, James Southhouse, Francis Corcoran, Helen Taft (two), and Kenneth Sterry.

Park Church Social.

The annual Christmas party of the Sunday school of Park Congregational church was held Wednesday evening at Osgood Memorial, about 100 attending. The entertainment included a moving picture of six reels, Kid Boots, in which Eddie Cantor starred, a talk by Santa Claus and various games. An attractively decorated Christmas tree, burdened with gifts, was a feature and Santa Claus, impersonated by George Turner, distributed gifts from the tree, his appearance causing much laughter among the children. Refreshments were served.

The successful occasion was in general charge of Superintendent Samuel E. Smiley, assisted by Clinton Atterbury, William Tirrell, Henry Johnson, Mrs. George Ingalls, Misses Helen and Constance Clapp, Miss Dorothy Harris, Mrs. W. W. Leonard, Mrs. Hibberd R. Norman and Mrs. Lee Roy Robbins.

Trinity Episcopal Church

An enjoyable Christmas social was held Tuesday evening in Trinity church parish rooms by members of the Trinity Episcopal Sunday school classes. Two motion pictures, A Tricky Dog and A Bashful Suitor were shown followed by singing of a number of Christmas carols and the presentation of gifts and candy by Santa Claus from a prettily decorated Christmas tree. Thomas G. Brown played the role of Santa. Thanks were extended General Secretary Edwin Hill of the Y. M. C. A., for furnishing the motion pictures and Emory Davis, boys secretary at the "Y", who operated the motion picture machine.

Universalist School

The Christmas tree party of the Church of the Good Shepherd, Universalist, was held Tuesday evening in the church social rooms. A large attendance of children and adults enjoyed an attractive program of games and stunts.

At 7:45 o'clock Acting Superintendent Herbert Lawrence made an address of welcome, which was followed by Forgotten Lines, Junior Nelson; Anxious One, Russell Culver; Snow White Chimney, Janice Jackson; Christmas Advice, Mildred Banning; More Trouble, Billy Nicholson; The Mystery Gift, Eleanor Nelson; Merry Christmas, Elaine Lawrence; Market Maids, Janice Jackson and Eleanor Nelson; Christmas in Norway, Janice Jackson, Junior Nelson, Eleanor Nelson; Carols of Old, Hattie Fowler; Betty Pike, Thelma Bjurstrom, Helen Hannigan; Farewell, Ruth Banning.

Interpretive dancing was given by Helena Crandall with Mrs. Beatrice Mitchell at the piano. The games were in charge of Virginia Disque. Mr. William Mitchell acted as Santa Claus, his witty remarks and clever stories producing much laughter.

Charles Parsons and his class of young men had charge of trimming the large tree, which was very beautiful with its brilliant ornaments and colored lights. After the distribution of gifts ice cream, and cake were served by Villa Bussey, Larry Foster and William Mitchell and candy in gay Christmas boxes were distributed by Bertrice Mitchell.

The evening closed with the singing of carols.

Girls' Friendly Social.

Following the Christmas party by the Sunday school of Christ Episcopal church the Girls' Friendly society, connected with the church, gave their party Wednesday evening. Various games were played, refreshments served and the presentation of gifts concluded the delightful evening's program. Mrs James Southouse is branch president and Mrs. C. M. Budlong is New London Archdeaconry vice president.

PLAINFIELD PROS DROP ANOTHER CLOSE GAME TO BOSTON WHIRLWINDS

(Special to The Bulletin)

PLAINFIELD, Dec. 28—Before a packed house here tonight the Plainfield Pros fought an uphill and losing battle with the Boston Whirlwinds, the locals being on the short end of a 24 to 21 score. It was the Hub team's fifteenth straight win of the year and it was likewise one of their hardest struggles. The unbeaten Massachusetts team came here favored to win and that's what they did but only after forty minutes of bristling play. Over 1,000, the largest crowd of the season, jammed into the Community House.

The Whirlwinds took the lead right at the opening whistle and scored three points before the Pros counted. Plainfield then started and soon had the lead but Boston took it back and then lost it again. It went on this way all through the half until a final spurt left the Whirlwinds in the van by three points at intermission.

In the last 20 minutes the Boston team played a defensive game, seeming content to hold their slender lead of the earlier part of the game. Plainfield was forced to go all the harder to dent the net through this time but all her efforts still left that three-point margin at the finish.

It was a great game and no doubt the large turnout was well satisfied.

Henry Kiley, Boston left guard was high scorer with 12 points while for Plainfield Steffy Stravinitsky led with 9 points, five of which were on foul shots. The Plainfield guards held the Boston forwards to three field goals all round.

Next week the occasion of the Renaissance Big Five invasion from New York should be the signal for even a larger crowd than was present tonight.

Buddies Lose to C. F. C.

The Plainfield Buddies lost their first home game this season tonight to the Norwich C. F. C., being nosed out 17 to 16 in a thrilling encounter. The game was played as the preliminary to the Pro-Whirlwnd game.

Action was brisk all the way with neither team slackening its pace at any time. Peterson and Eaton were high scorers for the home team while Brown and Neil were high point getters for the Norwich team.

BASKETBALL BRIEFS

The announcement Wednesday morning that the All-Hellers would visit Norwich again this season comes both as a surprise and a promise of a great exhibition of basketball.

No doubt these boys have improved even over the wonderful showing made here last year.

The Academy should also be better than in their first season, and being better, they ought to give the Willimantic assemblage more opposition than they did last New Year's day.

The Hartford Yankees were on the retreat most all the way the other night against the Renaissance Big Five, that plays the Plainfield Pros next Wednesday night. The Pros can look for plenty of trouble in this meeting as the New York colored boys sure are good.

Incidentally, the Phantoms of New Britain, who play here tonight defeated the Good Will club of Hartford, in the preliminary to the Yankees game Tuesday night.

The New London City league is marking time these days, the government detachments, of which the league is largely constituted, having decided to cease operations until next week because of the S-4 disaster.

Meanwhile, little is heard of a Norwich City league.

The teams of this section are sure branching out in getting opponents. Plainfield, after tackling the Boston Whirlwinds for the second time last night, gets ready to meet a New York team, the Renaissance Big Five next Wednesday at the Community House while Danielson this evening meets the Emmett Guards of Worcester, Mass. and the Y Emps, here in the city, meet the New Britain Phantoms.

The Taftville Crescents have evidently not found it too profitable to perform holiday afternoons. The game next Monday (New Year's) comes in the evening and the opponent is the Aetna Five of Hartford.

The Patterson brothers, forwards on the Noank Crescents, are sure running in tough luck. They passed all around the C. F. C. here a week or so ago but lost by a wide margin while against the Stonington Iron Men together they scored something like 35 points but their team lost 49 to 43. Where's the rest of your team, Stretch?

Uzcudun to Meet Winner

BOSTON, Dec. 28.—(AP)— Paulino Uzcudun, the Spanish heavyweight wood chopper and boxer, has signed a contract to meet the winner of next Friday's bout between Roberto Roberti of Italy and Jack Gagnon, New Bedford heavyweight, Eddie Mack, matchmaker of the Argonne A. A. announced today.

The Roberti-Gagnon bout will top an all-heavyweight card. The date of Uzcudun's appearance has not been set.

Y EMPS PLAY Y. M. C. A. JUNIOR CHAMPIONS TONIGHT

An unusual feature basketball game is slated at the Y. M. C. A. tonight when the Emps meet the New Britain Phantoms, Connecticut state junior champions of 1926-27 season.

The New Britain team comes to Norwich tonight with a record that slightly overshadows the locals' string of five consecutive victories. In the 1926-27 season, the Phantoms won 29 out of 34 games while the locals won 15 consecutive games. Thus far this season, the New Britain quintet has won 7 out of 8 encounters while the Emps have won 5 games in a row.

Among New Britain's victories, the most impressive was their win over the Springfield Imperials, who were the champions of the Southern Massachusetts Junior league.

The "Y" Emps will enter the fray with their strongest lineup of the season. The offensive and defensive power of this team has been developed rapidly this season. Much depends on Capt. Swatzburg, the able backcourt leader, and Murphy, running mate of Swatzburg at the other guard position. The forward positions will be taken care of by the scoring ace of the Emp team, Tigar, and Economus, who is only a few points behind Tigar. At the pivot position will be either Lynch, Sussman or Henschel, all of whom have shown a fine brand of basketball this season. Held in reserve will be Ogulnick and "Shorty" Hamil, forwards; Sherry and Diachychyn, guards.

The probable starting lineups will probably be:

Emps	Phantoms
Tigar, lf	lf, Cohen
Economus, rf	rf, Crane
Lynch, c	c, Ikowitz
Swatzburg, lg	lg, Levine
Murphy, rg	rg, Yankowitz

The game starts promptly at 8 o'clock.

TO RECODIFY FOOTBALL RULES DURING 1928

NEW YORK, Dec. 29.—(AP)—Complete recodification of the football rules is to be undertaken "soon," E. K. Hall, chairman of the National football rules committee announced today.

Speaking before the annual meeting of the association of eastern football officials, Mr. Hall said the task would be undertaken, probably by a sub-committee of the rules committee, with the idea of "simplifying the language of the book and making it easier to coaches, players and officials to understand."

Although work on rewriting the rules is to begin early next year, the new code will not be available for use until the 1929 season, Hall said, because of the magnitude of the task.

"The work will be done slowly and as thoroughly as possible," he declared. "For that reason we do not expect to have the new simplified code ready for use until the 1929 season although the work will be done during 1928. We want to check up with the leading coaches, officials and authorities before actually putting the revised form into use.

"Since 1920 we have planned to recodify the rules as soon as we got the various odds and ends cleared up. Now, I think, we have the game in the form, basically, which makes it possible to go ahead and formulate a code which will be a stable, thoroughgoing foundation for the sport."

PASTIME A. C. HAS LARGE LIST OF BOXERS FOR SHOW

One of the largest lists of amateur boxers ever to register for an amateur show in Norwich is ready for the card to be out on by the Pastime A. C. at Olympic hall on Friday evening. The list includes between 30 and 40 boys representing Willimantic, Putnam, Danielson, Westerly, New London and Norwich. Many of these boxers are boys well known to local fans and have been favorites in A. A. U. shows in this section of the state. Although no sanction has been received from the A. A. U. as yet although had been applied for, the bouts will go on just the same.

With the A. A. U. boys being suspended in almost wholesale lots it is providing the unsanctioned show with plenty of material and it is understood that many of these boys will participate in the bouts on Friday night. Westerly will send up a good team as will New London. Artie Kumpf will bring down a good quartette of boxers and Norwich will be represented by Vic Darr and a number of other pugilistic aspirants.

MAROONS LOSE AGAIN TO ASSUMPTION COLLEGIANS

The Baltic Maroons lost the second game of their series to the Assumption Collegians, 25 to 23, Wednesday evening at the Baltic gym. The game was fast and close as the score would indicate. In the preliminary the Baltic Daredevils won from the Versailles Aces, 24 to 16. The summary:

DICTATOR PLAN TO CONTINUE ANOTHER YEAR

NEW YORK, Dec. 28—(AP)—The system of having a "dictator" for selection of football officials, tried out by a group of eastern colleges last season, met with such success that it will be continued in 1928.

Continuance of the plan, it was learned today, already has received informal approval from representatives of 12 of the foremost eastern institutions but definite action is not expected to be taken for several weeks.

Walter R. Okeson of the Lehigh university, who occupied the "Commissioner Landis" role for the eastern group last season is expected to be asked to continue his work in centralizing the selection of officials as well as aiding in rules interpretations. The colleges involved have expressed high regard for Okeson's first season results.

In the group expected to subscribe to this co-operative plan for 1928 are Cornell, Dartmouth, Princeton, Yale, Harvard, Pennsylvania, Columbia, Brown, Army, Navy, Penn State and Syracuse.

WEST IS SLIGHT FAVORITE FOR NEW YEARS

PASADENA, Cal., Dec. 28.—(AP)—East-West football showed up on the gossip platter today with the placing on sale of several thousand tickets for the intersectional gridiron argument at Rose Bowl next Monday between University of Pittsburgh and Stanford university.

The first consignment of pasteboards for the side show of the annual tournament of roses were snatched up rapidly.

Dopesters seeking to lay the foundation for betting odds made capital of a letter written by "Pop" Warner, Stanford coach, in which the veteran mentor insists that "ours is not a hopeless case."

Warner said that his boys were not in the same frame of mind they were in last year and that if they lost Jan. 2 they would be surprised.

DELANEY ONLY TO FIGHT SHARKEY OR HEENEY

BRIDGEPORT, Dec. 28.—(AP)—Jack Delaney, former light heavyweight champion, will not appear in a New York ring unless he meets either the winner of the Jack Sharkey-Tom Heeney battle or replaces Sharkey against Heeney next month, Joe Jacobs, Delaney's manager announced here today.

Jacobs came here to make plans with Delaney for his coming campaign among the heavyweights which he hopes will end with a championship bout with Gene Tunney next fall. The new manager of the Bridgeport boxer has been offered fights with Chuck Wiggins in Detroit and Larry Gains in Toronto for Delaney, but has refused them, he said.

E[illegible] and Jacobs are awaiting the wor[illegible] f Tex Rickard in regard to Delaney's future activities. Delaney has been promised the right to meet the winner of the Sharkey-Heeney battle, Jacobs said, when Rickard was planning his elimination tournament to select an opponent for Tunney next year.

Delaney will start training tomorrow at the Park City gym in Bridgeport, to be ready to replace Sharkey against Heeney if the Boston boxer is unable to go through with the scheduled bout. Sharkey's hand has been bothering him for quite some time and it is still an uncertainty whether he can go through with the bout.

The Rapier of the North weighed in before newspapermen and Manager Jacobs this afternoon and tipped the scales at 194 pounds. Jack has been gaining weight steadily and by next summer expects to weigh close to 190 pounds in his best fighting shape.

Immediately after conferring with Delaney here, Jacobs left for New York to attend a conference with Tex Rickard.

N. A. A. F. VOTES TO REJOIN THE OLYMPIC BODY

NEW YORK, Dec. 28.—(AP)—The first definite step toward healing the breach that developed last year in the American Olympic association was taken today when the National amateur athletic federation, at its annual convention, voted unanimously to rejoin the Olympic body.

The federation was one of four national groups that withdrew from the Olympic association in November 1926, after a bitter fight with the amateur athletic union and the latter's allies over control of Olympic policies and organization.

Today's action paves the way for harmony in the 1928 Olympic campaign, since it forecasts similar steps by the other three organizations that withdrew from the Olympic group. One of these, the National Collegiate Athletic association, will vote tomorrow on the question of rejoining the Olympic association. The other two, Y. M. C. A. and Western Conference, are expected to follow suit later.

The terms on which the federation agreed to return to the Olympic association were not disclosed today by its officers but at Olympic headquarters it was said they would accept membership on the same basis as before they withdrew.

TO FLOAT STOCK ISSUE FOR NEW BALL PARK

BRIDGEPORT, Dec. 28.—(AP)—Fifty thousand dollars worth of stock will be floated by the Bridgeport baseball club to construct a new park and place the franchise on an equal financial basis with the leading clubs in the Eastern league, it was decided at the special meeting of the board of directors today.

Sale of the stock by popular subscription will be started immediately under the supervision of Harold C. Rood, prominent manufacturer of the city, who was named vice president, replacing Walter Haggerty who has held the office since the present group of men have been in power.

Date of Minor Meeting

CHICAGO, Dec. 28—(AP)—The meeting of the minor league presidents to consider the draft question in relation to the major leagues will be held in Chicago, Jan. 9, instead of in West Baden, Ind.

LET FOOTBALL RULES ALONE IS ZUPPKE'S ADVICE

ROCHESTER, N. Y., Dec. 28.—(AP)—The "juggling" of football rules to satisfy the whims of a favored few was denounced by Coach Bob Zuppke, of the University of Illinois in an interview today. Zuppke was in this city to address the Rochester Ad club.

Football rules need letting alone, more than anything else, according to Zuppke. The annual changes serve to puzzle the public and the players and result in confusion and criticism.

"The moving of the goal posts has been scored by the public, but I hope there will be no change this year. The goal posts were moved back primarily to open up the territory about the goal line and pave the way for successful aerial attacks. What must be done is to let the rules stay as they are, and give the players and public a chance to grasp their meaning, before a new set of rules are proposed," the Illinois coach declared.

Zuppke, who is on his way to the coaches conference which opens in New York tomorrow, is opposed to any plan leading to the abolition of the point after a touchdown.

"The point after a touchdown should stay as it is," he said. "It certainly would be eliminated from the rules as some have suggested."

ALL-HELLER TEAM TO PLAY HERE NEW YEAR'S

The All-Hellers, greatest brother act in New England basketball and also one of the best quintets in this section, will make their second annual invasion of Norwich next Monday (New Year's) afternoon in tackling what is really the Academy team but, which will for that game go under the name of Academy Independents. This was announced Wednesday morning and no doubt it will bring joy to local fandom.

These five brothers, augmented by Eddie Nichols, Windham captain are a spectacular outfit and they should draw many to the Y gym.

The opposition will be those who will make up the Academy quintet this year and prospects are bright for an interesting tilt.

MIKE DONAHUE RESIGNS AS COACH AT LOUISIANA

BATON ROUGE, Ala., Dec. 28—(AP)—Less than two months after renewing his contract as head coach and athletic director at Louisiana state university for six years, and an annual salary of $10,000, M. J. "Mike" Donahue, one of the outstanding figures in southern conference football for the past twenty years, resigned, it became known today through a formal announcement by Thomas Atkinson, acting president of the institution.

Coach Donahue will be succeeded by Russell Cohen, whose five year contract as first assistant to Coach Wallace Wade at the University of Alabama expires Jan. 1, 1928. Cohen's salary and the term of years his contract provides for was not announced.

Y. OUTLAWS TO PLAY RED MEN SATURDAY

The Y. Outlaws will make their second start of the season Saturday night at the Y gym tackling the Red Men from Willimantic in what looks like a fast basketball game.

The locals, who are really the Y. Seniors, defeated the Plainfield Buddies in their initial game two weeks ago and at that time looked mighty good. The experience of that contest should go a long ways toward helping the Yers on to their second win.

The Thread City outfit is expected to bring down several high school stars to close the year with a win.

Although neither lineup will be announced probably until game time it is fairly certain that plenty of regulars will be included.

The preliminary Saturday evening will be a Senior Church league game.

Baltic Inds. Play Friday Night.

The Baltic Independents will clash with the Westerly Collegians on Friday evening at the Baltic gym. In the preliminary the Maroons will play the Willington team.

WESTERLY

IN ONE HOUSE SINCE 1868, MRS. F. H. CRUMB ACTIVE AT 92

(Special to The Bulletin)

WESTERLY, R. I., Dec. 28—At her home, 199 West Broad street, Pawcatuck, today Mrs. Martha Crumb, widow of Franklin H. Crumb, celebrated her 92nd birthday. Mrs. Crumb, who reads without glasses and attends to her household duties, is in the best of health. All day Wednesday she was in the receipt of flowers, cards and the visits of friends, although no formal party was held. Since 1868 Mrs. Crumb has occupied the house where she resides with her daughter, Mrs. Jennie E. Phillips. Mrs. Crumb is able to recall happenings and events in Westerly and Pawcatuck for a period of four score years in a surprisingly clear and accurate way.

POSTMASTER LENIHAN HANDLED MAIL WITH SYSTEM

(Special to The Bulletin)

WESTERLY, R. I., Dec. 28—Postmaster Thomas F. Lenihan reports the Christmas rush cared for at the local office in a manner better than ever before. The outgoing packages were taken with the mail to the basement floor where each day's business was cared for before the day ended. The first floor of the office was devoted to the handling of incoming mail. There were employed 19 extra in help in addition to the regular force of 11 with 10 letter carriers. Concerning complaints on present day postage stamps Postmaster Lenihan declares that trouble in making the stamps stick is due not so much to inferior glue used but to the heavier quality of paper employed in the printing of the stamps. In the expediting of this year's outgoing parcels and packages a clerk was employed solely in affixing the stickers in the large denominations necessary, the stamps being already cancelled before being affixed to the mail matter being sent out.

A Western Union Telegraph company train arrived at the Westerly freight yard Tuesday night and Wednesday morning was run on the siding near the west-bound train shelter. The six cars comprise a dining car and the sleeping quarters of the camp car line forces, a baggage car of tools, water tank car and two freight box cars of supplies and equipment. The men will be quartered here until work is completed on the company telegraph lines in the vicinity.

The January meeting of Westerly town council, Horace E. Burdick, president, falls this year on the first Monday of the month, Jan. 2nd, which is to be kept as a holiday. There seems to be some doubt as to whether the town fathers will assemble at this time to transact business.

Thomas L. Fontana, John W. Brophy, Byron Champlin and William Holden were among Westerly sports in Providence Wednesday night who attended French Night at the Rhode Island auditorium and witnessed the ice hockey league match between the Quebec Beavers from Canada and the Providence Reds.

The following transfer has been recorded in the office of Westerly town clerk: Dec. 27. Frederick P. Babcock to Dorothy Drew, land on the southwesterly side of the Westerly-Watch Hill road, bordered southwesterly by a 40-foot drive or right of way.

Members of Westerly town council have received a formal invitation to be present this (Thursday) evening in Mechanics hall at the installation of Harley P. Chase Post, No. 16, American Legion. Presiding at the installation will be State Department Commander Francis B. Congdon. A social time and dance will follow the formal program. The officers to be installed are: Commander, D. Gerard Shea; first vice commander, John Nielyd, Jr.; second vice commander, James I. Ross; adjutant, H. Russell Burdick; treasurer, Robert M. Freestone; chaplain, the Rev. Arnt L. Schoning; sergeant-at-arms, H. Wayland Lanphear; historian, H. Russell Burdick; executive committee, Walter F. Thorp, John B. Taillon, Rogers E. Trainer, George Kemp and Grover C. King.

The following auxiliary officers will be installed: President, Mrs. Mary Sherman; first vice president, Mrs. Louise Ross; second vice president, Mrs. Lydia Brown; secretary, Mrs. Ida May Smith; treasurer, Mrs. Thelma Smith; sergeant-at-arms, Mrs. Evelyn Barber, historian, Mrs. Adelaide DeFanti; chaplain, Mrs. Lucy Sanders.

Funeral services for Anna E., wife of Harlan P. Hakes, were held Tuesday afternoon at 2 o'clock at her home on the Potter Hill road. Rev. Clayton A. Burdick, D. D., pastor of the Pawcatuck Seventh-day Baptist church, conducted the services. Burial was in River Bend cemetery. The bearers were Robert Hakes, Jesse Hakes, Henry Havens and Sinclair Barker. A number from out of town attended the funeral among whom were Mr. and Mrs. Robert Hakes of the Bronx, N. Y., Jesse Hakes, Baltimore, Frank Palmer and daughter Rhoda, Brooklyn, N. Y., Miss Effie M. Mull, East Marion, N. Y., and Mrs. Augusta Lockwood, Brooklyn, N. Y.

Mrs. Hakes was born in Westerly on Nov. 17, 1859, the daughter of William and Emma Lanphear. She is survived by her husband, Harlan P. Hakes, two step-sons, Robert and Jesse Hawes, an adopted daughter, Miss Abbie A. Hakes, an aunt, Miss Elizabeth Lanphear, who made her home with her niece, and a cousin, Mrs. Henry Havens who spent the greater part of her life in the same home.

Westerly lodge, No. 768, Benevolent and Protective Order of Elks, this Christmas cared for some fifty families. Dinners were the principal donations although toys and in some in some instances clothing were added. The boxes were packed in the store of Exalted Ruler George Dolan and delivered Saturday.

At 2 o'clock Wednesday afternoon funeral services for Fanny Parker, wife of Nathan Kendall of Bangor, Me., were conducted at the home of her mother, Mrs. Mary J. Parker, 48 School street. There were beautiful floral tributes. Rev. Henry C. Suter, pastor of Grace Methodist church, officiated, assisted by Rev. Joseph Cooper of South Manchester, Conn., a brother-in-law of the deceased. The bearers were four nephews: Raymond Scott and Thomas Spargo of Westerly and John Burne and Edward Burne of Stony Creek, Conn. Burial was in River Bend cemetery.

The funeral of Mrs. John McCormick, was held at 8:30 o'clock Wednesday morning from undertaking parlors on Canal street. Requiem high mass was celebrated at 9 o'clock at the Church of the Immaculate Conception by Rev. J. F. Vincent, S. M.

Burial was in St. Sebastian cemetery, where the committal prayers were read by Fr. Vincent. The bearers were Charles Lowe, James Hepworth, Albert Bennett and Ernest Crowther.

Miss Louise Murano, 63, who had lived in Westerly over twenty-five years, died Tuesday evening at her home, 57 Tower street. She was a native of Italy and lived her early life there, later coming to this country. She made her home here with her only brother, John Murano.

Dr. Charles H. Perkins returned to Norwich Tuesday, after a short visit with Westerly friends.

William M. White, manager of the Central theatre in Pawcatuck, sustained a slight shock while at the Boston film exchange in Boston the past week.

Thomas H. Shea has returned to his duties in Uxbridge, Mass., after visiting over Christmas at his home in Westerly.

Mr. and Mrs. Henry L. Burdick will leave their Elm street home after January 1st to reside in Providence for the remainder of the winter.

Dr. Burt Browning of the New York Eye, Ear and Nose infirmary arrived in Westerly Wednesday morning to be the guest of Dr. J. Gordon Anderson.

Mr. and Mrs. Constance T. Cundall of Pawcatuck left Wednesday morning for Boston.

Mrs. Mary E. Arnold was in Providence Wednesday.

Earl E. Saunders has returned home, after a holiday vacation visit with friends in Providence and Edgewood, R. I.

Mrs. M. H. Scanlon and daughter were in Providence Wednesday.

Mr and Mrs. Bernard Smith have returned to Hartford, after being holiday guests of Mrs. Smith's parents, Mr. and Mrs. Michael Sullivan, in Pawcatuck.

Francis R. Cella, son of Mr. and Mrs. Frank L. Cella of Pawcatuck and captain of the two-times champion Stonington high school football team, is recovering from an operation for appendicitis performed at the Anderson hospital the past week end.

Westerly high school football team is to be tendered a banquet by alumni and friends as "A fighting 1927 team," at the inn in Granite street, Tuesday evening, Jan. 3rd. The dinner is given to boost W. H. S. athletics and to celebrate the tenth anniversary of the 1927 Steam Rollers. Geoffrey Moore is in charge of the arrangements for the testimonial dinner.

Returning from a Christmas visit in Stonington borough, Mrs. Eugene Atwood left Westerly Wednesday afternoon for New York.

MYSTIC ENGINEER KILLED—STRUCK BY PLEASURE CAR

(Special to The Bulletin)

MYSTIC, Dec. 28—J. Eugene Wilcox, 50, engineer at the Wilcox Fertilizer Co. plant, was killed today about 4:30. He left the plant on his bicycle to go home and on the state road near his home was struck by an automobile driven by Hobart Siswick, son of Sidney Siswick, treasurer of the Mystic woolen company. Mr. Siswick placed Mr. Wilcox in his car and took him to a doctor's office but found he was dead when they reached there. Dr. W. H. Grey, medical examiner was called and the state police from Groton came over and investigated. The body was taken to Mystic undertaking rooms.

Mr. Wilcox was the only son and child of Capt. and Mrs. Jesse H. Wilcox, of Quinnebaug. He was born in Mystic and had always lived here. He was a member of the Union Baptist church and was highly respected here.

SISWICK UNDER $2,500 BONDS—HEARING SET FOR JAN. 10

(Special to The Bulletin)

WESTERLY, R. I., Dec. 28—Hobart Siswick is a student in Providence. He was accompanied by his mother, Mrs. Sidney Siswick. They were returning to their home on the Old Mystic road when the car struck Mr. Wilcox.

Connecticut State Troopers Bernard Kennerson and Arthur Whitmarsh of the Groton barracks, who were called arrived in les than 15 minutes. They found that the bicycle had no lights. The automobile was off to the right of the cement road where they was a pool of blood. The accident occurred at a point west of the Doyle garage, on the Stonington-Mystic road.

Siswick reported to the state troopers that he was nearing the brow of a hill and looking ahead, did not see the man on the bicycle until he had struck him. Siswick took Mr. Wilcox to Dr. A. H. Myers of Mystic, but the injured man died within ten minutes after the accident happened.

The accident happened but 100 feet from Wilcox's home. The accident was reported to Medical Examiner Dr. William mH. Gray of Mystic and he is to take it up with Coroner J. J. Desmond of Norwich.

Siswick was taken to Pawcatuck by Officer Kennerson and was presented before Judge Wilcox at 7 o'clock tonight on a technical charge of manslaughter. His father, Sidney Siswick, became surety in the sum of $2,500 for his appearance in the Stonington town court Jan. 10 at 9 a. m.

Mr. Wilcox is survived by his wife Carrie L. Wilcox.

STONINGTON

In the Stonington town court on Tuesday morning before Judge William A. Wilcox, David E. Chamberlain, of New Haven, was arraigned on a charge of speeding. Evidence in the case was given by Stanton Pendleton, of West Mystic driver of the car which was badly damaged when the automobile driven by Chamberlain struck the rear end. Chamberlain testified that Pendleton stopped his car without giving a signal. Judge Wilcox found Chamberlain guilty and fined him $10 and costs of $14.76. The accused paid. The arrest was made by State Policeman Frederick Johnson of Groton barracks.

John Cravinck has returned to Providence after a visit with relatives here.

Drs. Herman and Clara P. Atwood, Mrs. Minnie P. Hyde and Mr. and Mrs. Oliver C. Pendleton have returned from a visit in Brooklyn, N. Y.

Miss Beatrice Clark, of New Haven, spent Sunday with Mr. and Mrs. George Hyde. Prof. and Mrs. Harold T. Eaton and daughter, Janet, of Brockton, Mass., are guests of Mr. and Mrs. Edmund Hyde.

Howard Gavitt, of Dexter, N. Y., is the guest of his parents, Mr. and Mrs. Isaac Gavitt.

Mr. and Mrs. Merton Clark, of Worcester, Mass., spent the week-end as guests of Mr. and Mrs. Edward Clark.

Mr. and Mrs. Henry Gardiner and family, of Hartford, are visiting Mr. and Mrs. Byron Gardiner.

Walter L. Chesebro has returned to Cambridge, Mass., after visiting borough relatives.

John D. Rockefeller took advantage of fine weather yesterday to play his customary eight holes of golf, then returned to his winter home at Ormond Beach, Fla., to rest up for his annual Christmas party at night.

CARTER'S LITTLE LIVER PILLS

BUSINESS FACES COMING YEAR WITH CONSERVATIVE OPTIMISM

By STANLEY W. PRENOSIL
(Associated Press Financial Editor.)

NEW YORK, Dec. 28.—(A.P.)— Business men and bankers view the outlook for 1928 with conservative optimism.

There is a feeling in many quarters that political uncertainties invariably arising during presidential years are likely to have a retarding effect upon some lines of business, but it is pointed out that other factors are decidedly favorable.

Credit supplies are ample, inventories low, transportation system efficient labor plentiful and relations between capital and labor generally pleasant. Most concerns are able to finance themselves without extensive recourse to bank credit. The studendous flotation of new securities during 1927 has created a demand for labor and materials. Increasing competition from Europe has been off-set to a certain extent by higher exchange rates.

Wall street faces the future with confidence.

Easy money rates resulting from a tremendous increase in investment capital and a moderate recession in commercial demands formed the basis for virtually an unchecked rise in stock prices to new high levels during 1927. Business generally, however, as reflected in freight car loadings, automobile and steel production and corporation earnings, fell slightly below the 1926 figures.

From an economic standpoint, one of the most significant developments of 1927 was the return of farm prosperity, due to a gradual correction of the disparity between agricultural and non-agricultural prices. The Northwest, which produced the largest spring wheat crop since 1926, is reported to be in the best condition since the war.

Crops—Business

Crops were off to a bad start in 1927. Unseasonable weather in midsummer aroused fears of a poor wheat harvest, a disastrous shortage of cotton and the smallest corn crop in 26 years. So warm was the weather in September and October, however, that a substantial part of the wheat and cotton crops, which had been given up as lost, blossomed into maturity. The government estimate of the corn crop was raised 500,000,000 bushels in November, and the year's corn output, instead of being the smallest since 1901, surpassed that of 1926.

Several disturbances affected business. Disastrous floods last spring wiped out millions of dollars in property in the Mississippi and Missouri river valleys. Similar damage, although on a smaller scale, was caused in New England in the fall. The soft coal industry suffered from a miners' strike, still in effect as the year closed, although mediation efforts were under way. Several industries, particularly in the automotive field, were hard hit by the six month shut-down of the Ford plants.

Exchange

Europe's economic progress was reflected in the return of sterling and several continental currencies to parity and the beginning of arrangements for the stabilization of the French and Italian currencies, which probably will be effected in 1928. One difficult problem will be transfer of German reparation payments, which reach their maximum under the Dawes plan next fall. This probably involves drastic changes in Germany's financial policies, as pointed out in the recent warning of Agent General of Reparations Gilbert, who urged restriction of foreign loans to productive purposes and curtailment of unproductive domestic expenditures.

As 1927 closed, large exports of gold went to Europe, Indian and South America. They represented only a small part of the supply in this country, which roughly was estimated during the summer as about one-half the world's total stock, but nevertheless aroused considerable discussion as to their effect upon interest rates.

Stock Market

Unlike the stock market of 1926, which was upset by a drastic reaction in March, the rally in prices was accompanied only by moderate recession in January, June, October and December, extending the duration of the current "bull" market to nearly four years. The average of 20 leading industrials compiled by The Associated Press moved within a range of 46 points and the average of 20 leading rails within a range of 30 points, both closing the year within a few points of the high levels.

Steel

Prices of steel shares followed closely the trend of trade conditions, which showed considerable promise in the spring, became disappointingly dull in the summer and fall and developed signs of improvement as the year closed. U. S. Steel common was bid up a new high following the declaration of a 40 per cent stock dividend, which preceded by a few months the death of Elbert H. Gary, for more than 25 years head of the corporation and recognized spokesman of the industry.

Talk of steel mergers was rife, but the absorption of Trumbull by Republic was the only important development. Some disappointment was caused by failure of Bethlehem Steel to resume dividends on common, although such action, barring unexpected business depression, is widely predicted for 1928. Sensational gains were recorded by Midland Steel Products preferred, American Machine and Foundry and American Steel Foundry.

Railroads

Railroad shares, particularly those of investment merit, enjoyed a substantial advance. Failure of the Interstate Commerce Commission to approve pending major consolidations and decisions against the railroads in the lower courts on the disputed "recapture clause" of the Transportation Act had a tendency to chill speculative enthusiasm. Despite the set-backs, the promoters of the Van Sweringen and Southwestern railroad mergers continued efforts to organize systems which would meet with the commission's approval. Eastern railroad executives also held a series of meetings in an effort to iron out differences over division of lines along the Atlantic seaboard. The St. Paul reorganization was approved by the U. S. supreme court after a long and bitter fight by minority bondholders.

Dividends were resumed on Chicago, Rock Island and Pacific common. The annual dividends on Bangor and Aroostook, Chesapeake and Ohio and Southern Railway were increased. Directors of the Missouri Pacific appointed a committee to consider elimination of an accumulation of nearly $50 in dividends on preferred stock. The New Haven railroad paid its debt to the government through the proceeds of a preferred stock issue, and early resumption of dividends on the common is looked for.

Automotive

Shut-down of the Ford plants, pending introduction of new models in December, generally was held responsible for the decline in automotive production. Unusual prosperity was shown by a few companies, particularly General Motors, whose sales and earnings broke all records, and Chrysler, Nash, Studebaker, Hudson, Hupp and Packard, but many smaller companies made a poor showing. Automobile executives have predicted record-breaking production in 1928.

Copper shares developed unusual activity and strength in response to the improved trade outlook, now considered the best since the war. Greene Cananea, the sensation, more than quadrupled in quoted value upon the discovery of a rich ore body on its Colorado property.

Art

Oil shares continued under the depressinf influence of over-production. Discovery of prolific oil fields in West Texas followed the tremendous output in the Seminole area in Oklahoma, which, however, later showed signs of petering out. Agreements to curtail production, though successful in some localities, failed to influence greatly the general situation. The decisive stand taken by the American Petroleum Institute to conserve oil resources, approved by government authorities, aroused hopes of a better outlook for 1928. Several oil companies were forced to reduce or omit dividends.

Rapid progress was made in the development of the South American oil fields, particularly in Venezuela, due to apractical shut-down in Mexico because of the controversy over land laws. A Mexican supreme court decision in favor of the American oil companies held out hope of a settlement. Purchase of Russian Soviet oil by the Standard Oil company of New York started a bitter controversy between that corporation and the Royal Dutch Shell interests of Great Britain, but predictions of a world-wide price-cutting war had not materialized as the year neared its close.

Electrical

Record-breaking electrical output was reflected in the steady appreciation in quotations of public utility shares. The rally was held in check however, by threats of a congressional investigation into recent super-power projects and the growth of holding companies in the public utility field.

The shift from office buildings and residences to public works and engineering projects characterized the building industry, which maintained a relatively high rate of activity.

Textile, packing, leather and rubber stocks made little material progress, although the outlook in each industry showed improvement. Chemical shares also responded to better trade conditions. Strength of the mail order stocks was associated with the increased purchasing power of the agricultural regions. The steady growth of chain stores was mirrored in the rise of their securities.

Speculation in airplane stocks was augmented by world-wide iterest in trans-Atlantic flights. Wright Aeronautical, manufacturers of the "Whirlwind motor" used by Lindbergh and others, appreciated about 400 per cent in value. Extension of commercial air routes, approved by President Coolidge, and the interest in air development shown by Henry Ford also were important factors in the rise.

Tobacco

Unprecedented cigarette consumption and lowered cigar manufacturing costs through installation of labor-saving devices provided a background for the advance in tobacco stocks. Food and drug shares were helped by consolidations and by clever advertising popularising scientific terms. Keen competition in the electrical refrigeration industry had a disastrous effect on the securities of some of the smaller manufacturers.

Two important stock market developments were the tremendous growth in investments trusts, making possible rapid appreciation in many stocks through reduction in the floating supply, and decision of the New York Stock Exchange to admit shares of foreign corporations to limited trading privileges. One of the most difficult problems with which Stock Exchange authorities had to deal was the acceleration of the stock ticker to record promptly market transactions. Some headway was made by further abbreviation of quotations.

PRICES UPWARD IN MORNING TRADING WITH REACTION IN THE AFTERNOON

NEW YORK, Dec. 28—(AP)—The widely predicted "technical reaction" finally took place in today's stock market on a resumption of pool operations, but outside buying was relatively light, and the market turned distinctly weak in the afternoon. Final quotations disclosed a rather long list of declines ranging from 1 to nearly 3 points, interspersed with a few sizeable gains. There were 733 separate issues traded in, a new high record.

The selling was not associated with any development in the day's news, although the 5 1-2 per cent. call money renewal rate had a tendency to restrict speculative operations for the advance. Weekly steel trade reviews emphasized the unusually heavy inquiries for railroad equipment, which undoubtedly will be reflected in increased mill operations after the turn of the year. Wall street also expressed pleasure in the favorable turn in the Mexican oil situation.

The failure of U. S. Steel common to rally on the announcement of J. P. Morgan's appointment to the chairmanship of the board aroused widespread speculative disappointment, as many leaders had looked for a sharp bullish demonstration in that issue. Steel common opened fractionally higher at 153 1-8, climbed slightly above that figure and then sold down to 150 1-2 for a net loss of 2 1-2 points on the day. General Motors, which has shared market leadership with steel in recent sessions, also sold down more than 2 points to 135 5-8.

Wide fluctuations took place in some of the high priced specialties. Mexican Petroleum, once the favorite vehicle of big operators, but now seldom traded in, rallied 60 points to 210 on odd lot sales. Midland Steel Products preferred, which sold early this year as low as 106, score a sensational gain of 42 3-4 points by touching a record high at 319 and then dropped to 290 on the statement by the president of the company that he knew of no reason for the stock's spectacular advance.

New peak prices were established during the session by Brooklyn Edison, Brooklyn Union Gas, Consolidated Gas, Christie Brown, Collins & Aikman common and preferred, International Business Machines, Davison Chemical, Outlet Co. and City Stores B.

Selling pressure was particularly effective against American Republics, Allied Chemical, American Tobacco, Colorado Fuel, Consolidated Cigar, Goodyear Tire, International Agricultural Chemical preferred, Porto Rican Tobacco issues, Timken Roller Bearing, and White Sewing Machine.

Rails yielded with the industrials, with liquidation stimulated by the publication of another batch of relatively unfavorable November earnings reports. Canadian Pacific, Chesapeake & Ohio, Jersey Central, Erie common, Delaware & Hudson and Pittsburgh & West Virginia all fell back 2 points or more.

Call money held steady at 5 1-2 per cent all day. There was no change in time money and commercial paper rates.

Commodity markets were mixed. Wheat and corn futures developed a strong undertone, nearby options advancing a cent or more a bushel. Cotton was heavy on realizing sales. Coffee futures also turned reactionary but sugar prices held steady.

Foreign exchanges held fairly steady in quiet trading with sterling cables quoted around $4.88 11-32. Spanish pesetas were one of the few soft spots, falling back about 7 points.

THE CURB MARKET

NEW YORK, Dec. 28—(AP)—A current of irregularity ran through the curb market today and at the close the majority of price changes were toward lower ground. Reactions in the main were in reflection of late selling on the "big board" largely as a result of comparatively stiff call money rates.

Midland Steel Products common, emulating the preferred stock on the stock exchange, climbed 16 points to 125, a new high record, only to lose two thirds of the gain when heavy pressure developed. American Rolling Mills also went up rapidly in the early dealings, and again established a new peak, but lost all the advance in the last few minutes.

Huge offerings of Canadian Marconi were fairly well absorbed, with a recession of about half a point. Industrial Rayon also was in supply, but sustained only a fractional loss from yesterday's close.

Lower quotations were noted in most of the high priced issues, including Ford of Canada, Sheaffer Pen, Safeway Stores and Deere & Co. A few recent favorites continued to move higher, with net advances of 1 to 3 points or more. These included Marvel Carburetor and International Cigar Machine, both of which improved their peak prices, and U. S. Gypsum, Palmolive Peet and American Arch.

Oils again gave a good account of themselves. Gulf regained 1 1-2 points of yesterday's loss, and Standard of Kentucky, Venezuela-Mexico and Continental certificates displayed a strong tone. Public utilities were less active than in other recent sessions.

WALL STREET BRIEFS

Net income of Atlantic Gulf & West Indies Steamship lines for the first ten months of 1927 was $439,313 after charges, against $533,449 in the same period of 1926.

The Hub Financial Corp. declared a cash dividend of 75 cents a share on the "A" stock, payable Jan. 16 to holders of record Dec. 31, a special distribution out of earnings in its first two months of operations. Inauguration of the regular quarterly dividend at the rate of $5 a share annually, which accrues from Jan. 1, is expected.

American Metal Market says the new year opens with the promising aspect that the seasonal gain in steel demand and production, which for four successive years has been confined to the first three months, and has been correspondingly sharp, will be spread over a longer period. The usual disappointment, with production decreasing after March, is therefore likely to be both postponed and mitigated.

Profit of United Light & Power Co. for the year ended Nov. 30, was $8,956,406 after taxes, interest and subsidiary company dividends, but before depreciation and amortization, against $6,767,190 the year before.

Directors of the New York Telephone Co. have authorized additional expenditure of $4,410,725 for new construction in various parts of its territory, bringing total appropriations this year to $55,517,134.

Offering of 25,000 shares of Central Gas & Electric Co. preferred stock, $4.50 dividend series, will be made tomorrow as the final step in the new financing for the company. It is priced at $94.50 a share and accrued dividend, to yield more than 6.87 per cent. Part of the proceeds will be used to acquire new properties, including the Stockford Electric Co.

Stockholders of Hood Rubber Co. voted to retire 1,500 shares of its 7 per cent preferred stock. The date of the annual meeting was changed to the third Thursday in February and the company's fiscal year to end Dec. 31 instead of March 31.

New England Industries

DYEING AND FINISHING TEXTILES.

Note: The majority of establishments classified in this industry perform their work on a contract or commission basis, so that the value of products represents in the main the amount charged for the work.

Nearly half the total value of products in the dyeing and finishing of textiles for the United States, census figures show, is credited to New England establishments. In 1923 there were 157 companies distributed throughout New England, with 78 located in Massachusetts, 63 in Rhode Island, 16 in Connecticut, 2 in New Hampshire and 1 in Maine. Seventy-four per cent of total sales by companies reporting in this survey are made in New England, according to a survey conducted by the United States Department of Commerce in co-operation with the New England Council.

The importance of the textile industry in this area has been the chief reason for establishments of this kind locating here, with available water supply a secondary factor. About 10 per cent of the plants operate branches, almost all of which are outside of New England, principally in the South. The average age of reporting plants is 41 years, and the average period of present management is 17 years. Less than 10 per cent of the concerns have started operation within the last seven years.

Only 12 per cent of the total number of employes of reporting plants are on piece work or other incentive wage basis. Seasonal variation in employment between maximum and minimum periods was 16 per cent in 1923, and this was reduced to 6 per cent in 1925. Methods of accident prevention aid in the form of improvements effected by the establishments reporting in this survey, although other improvements were made in production control, organization and executive control, continuous maintenance of plant and equipment, inspection, and relations with workers. One producer reported that the introduction of a special bonus system had produced exceptional results.

Although depression in the textile industry has caused New England sales decreases in 64 per cent of the companies reporting, the total sales trend since 1921 has been generally upward, with sharp fluctuations downward in 1924, but upward again in 1925.

NEW LONDON POLICE ON LOOKOUT FOR WOMAN WHO JUMPED OVERBOARD

(Special to The Bulletin)

NEW LONDON, Dec. 28—The police of Melrose, Mass., today requested the New London police to be on the lookout for the body of Mrs. Margaret McKeefe, formerly of 163 West Emerson street, Melrose, who committed suicide by jumping from a sound liner on the morning of the 23rd inst., while the steamer was on its trip from Boston to New York. It is possible that the body will float to local waters and should it be recovered off this port it is requested that the Melrose police be notified. Mrs. McKeefe is described as being about 50, five feet six inches in height and weighed about 165 pounds. She had black bobbed hair. She wore a blue silk dress, brown coat with fur collar and brown hat. Mrs. McKeefe boarded the liner George Washington on the evening of the 23nd. When the steamer was off Port Jefferson, which is at the New York end of the sound, members of the crew heard a splash. When the steamer arrived in New York, Mrs. McKeefe was missing from her stateroom and she has not been seen since.

The body of Mrs. McKeefe, it is thought has been recovered for it became known tonight that a body answering the description of the woman, was found floating in the sound off Oyster Bay, L. I., yesterday and is now at a morgue at Oyster Bay, where it awaits a claimant. The body was in a good state of preservation and on one finger was a ring which bears the inscription, as near as can be deciphered, H. H. Mc to Mo." The body was also clothed in a coat purchased of "Stevens, Springfield, Mass."

FOUR FIRES IN A DAY KEEP DEPARTMENT ENGAGED

(Special to The Bulletin)

NEW YORK, Dec. 28—The fire department has been kept busy the past 24 hours. Four fires were subdued, but in no instance did damage of consequence result. At 10:30 o'clock last night a still alarm was received at fire headquarters for a fire in the building 432 Bank street, owned by Max Gordon and occupied by J. A. Hammond. The Niagara Engine company responded and the fire was located in a chimney that had become overheated. Chemical was poured upon the blaze and quickly conquered it. At 12:40 o'clock this afternoon a still alarm was sent in for a grass fire on Rosemary street owned by Joseph E. Miner. The grass was burning fiercely for a strong wind prevailed and it was feared that the fire would reach buildings. Thomas Hose company responded and the fire was extinguished by the use of fire brooms. At 12:55 o'clock another still alarm was received, also for a gras fire, on a lot owned by Graham S. Hislop on Ledyard street. Northwest Hose company responded and fire brooms quickly extinguished the blaze. At 2:05 o'clock another still alarm was received for a fire at the residence of James Davidson, 195 Howard street. Oakford Hose and Allen Hook and Ladder companies responded. The firemen found a lively blaze in one of the chimneys and to subdue it the contents of a 35-gallon tank of chemicals was poured upon the burning soot. Sparks from the chimney landed upon the shingled roof, causing the roof to become ignited. A small section of shingles was destroyed, which constituted the damage done.

CHAS. MINSON, DEAD AT 90, DROVE OLD-TIME WATER WAGON

(Special to The Bulletin)

NEW LONDON, Dec. 28—Charles Minson, about 90, one of the oldest residents of New London, died this morning at his home on Grove street, following an illness of many weeks. Mr. Minson had long been a sufferer with infirmities attended his advanced years. He is survived by his wife. Mr. Minson was a Civil war veteran having been a member of Co. I., 26th Connecticut. He was also one of the oldest members of Niagara Engine company. He was born in New London and had always resided in this city, excepting for a few years spent in Waterford. Mr. Minson was for many years employed by the late William H. Bentley, when the latter had the contract for sprinkling the city's streets. Mr. Minson was a conspicuous figure driving a big sprinkler, which was horse-drawn and covered the principal streets in the business district.

Jack Broder, of Colchester and Peter Grilis, of Westerly, patients at Lawrence-Memorial hospital, were discharged today.

Willard B. Moon, 64, died this morning at his residence, the Hull apartments, 48 Main street, after an illness of about a week from heart disease. He is survived by his wife, Mrs. Nellie O'Brien Moon, formerly of Norwich. Mr. Moon was born in New London, the son of John and Sarah Jerome Moon. He was a drug clerk and had been employed many years by the leading drug stores of New London. His last employment was at the pharmacy of John H. James, on Bank street. Mr. Moon was a sufferer from asthma for several years, which aggravatd the condition of the heart. A week ago Mr. Moon was compelled to remain at home from work and today he suffered a sinking spell and expired.

The only cases given a hearing in the police court today were on charges of intoxication. One man was discharged, another case was nolled, a third offender was fined $5, but execution of the sentence was suspended and the other was sentenced to 10 days in jail, execution of sentence being suspended.

The funeral of Lizzie S., widow of Amos W. Crouch, was held this afternoon at 2 o'clock at her residence, Broad street extension, Groton. The services were conducted by Rev. George R. Atha, pastor of the Groton Heights Baptist church. Burial was in Fishtown cemetery, Groton.

Ray Jencks, 117 Lincoln avenue, drove his automobile to his home this noon when he went to lunch. While Jenks was in the house an unidentified automobile collided with the Jenks car and the motorist drove away without stopping to ascertain the extent of the damage. When Jenks returned to the machine he discovered the damage and reported the incident at police headquarters.

Chester Barnes, 114 Canton street, Brooklyn, N. Y., was arrested this afternoon by Patrolman George Perkins charged with violation of the state motor vehicle law. Barnes did not have a license and neither did he have registration. Barnes was unable to furnish a surety on his bond for his appearance in the police court tomorrow, so his auto was held as security.

William McKeon was arrested this afternoon by Patrolmen John Clifford and Frank Philopena charged with vagrancy and indecent exposure. He was locked up and will be in court tomorrow.

Frederick Meroney is confined to his home at Waterford, by an attack of acute indigestion.

Miss Marjorie Smith, employed in Providence, is spending a few days with her parents, Mr. and Mrs. Arthur L. Smith, 38 School street.

Miss Marenda Prentis, employed in Boston, is at the home of her parents, Mr. and Mrs. Stephen A. Prentis, on Masonic street.

Announcement is made of the engagement of Miss Rose Caruso, daughter of Mr. and Mrs. Maurice Caruso, 30 West Coit street, to John E. Duca, of Los Angeles, Calif., formerly of New London. Mr. Duca is employed in Los Angeles by the Bank of Italy.

FISHERS ISLAND CARETAKER FOUND DEAD ABOARD BOAT

(Special to The Bulletin)

NEW LONDON, Dec. 28—John J. Taber, 55, of Fishers Island, was found dead yesterday afternoon on one of several boats at Fishers Island of which Taber was caretaker. Benjamin Taber, of New Bedford, Mass., a brother of the dead man, came to New London today and made arrangements for the burial of the body in Jordan cemetery tomorrow. Taber had been residing for several weeks on the boat where his body was found. Yesterday when Taber had not been seen by his friends since Saturday one of them decided to make an investigation and going to the wharf where the boat was moored, he boarded it and found Taber dead. It is believed that Taber was taken ill aboard the boat and died from exposure for the mercury on the island dropped close to zero Sunday and

Director of Finance Carey Congdon and family, of Granite street, spent the holiday with Mrs. Congdon's mother, Mrs. Franklin Dundore, at Paoli, Pa.

Attorney and Mrs. John C. Geary will spend the remainder of the winter at Miami, Fla., returning to New London in April.

Thomas J. McLoughlin, 23 Colman street, is a medical patient at Lawrence-Memorial hospital.

The student nurses of Lawrence-Memorial hospital will hold their New Year's eve dance at the hospital this year, as has been the custom for several years. The committee is Miss Elinor Chapman, chairman and Misses Eloise Richter, Elizabeth Merrill and Emma Toher.

Miss Kathryn M. Prindiville, superintendent at Lawrence-Memorial hospital, has resumed her duties after a lengthy leave of absence because of impaired health, primarily a nervous condition.

Another throng of auto drivers crowded the office of the state motor vehicle department today for the purpose of renewing their licenses. Yesterday 600 applied for license and today a among more sought the right to continue to drive.

Dr. Benjamin T. Marshall, president of Connecticut College for Women, and a member of the Rotary club, will address the undergraduate college, university and preparatory school students, at the invitation of the associate Rotarians, who will be guests of the Rotary club at its weekly luncheon tomorrow noon.

John McDonough of Mystic and New London, probably holds the record for being arrested in New London for when McDonough is presented in the police court tomorrow it will mark his 32nd appearance in that court. McDonough, who was arrested this morning on State street by Patrolman Harry Watterson, had a bottle of alcohol in his possession and that practically comprised his effects. McDonough is about 50 and a laborer. He was first arrested in New London on Dec. 7, 1911, and his arrests since have been frequent, most of his offenses being for intoxication. McDonough has been arrested 24 times for that offense. His other arrests are breach of the peace, 2; theft, 2; and one each for burglary, breaking jail, vagrancy and theft.

The management of Lawrence-Memorial hospital has already made arrangements for the immediate repair of the institution, which was damaged by fire yesterday afternoon. The insurance will be adjusted within a day or two and then a force of carpenters will get busy making the repairs to the roof and partitions.

Norman W. Mahan has sold a two family house on Blackhall street to Mrs. Dora Snitkin.

A five ton motor truck, owned by the Economy Coal company and driven by Albert Hammer, collided with a trolley car on Bank street this morning and both truck and car were damaged. The truck came out from a driveway leading to the main highway just as the trolley car from Ocean beach to State street approached. Before Motorman Fritz Hoagland or Hamer could bring his carrier to a stop the crash resulted. The front of the trolley car was crushed and the truck was put out of commission.

Acting on complaint of a resident of Alger place, several youths were arrested this afternoon by Automobile Patrol Officer Clarence Martin charged with shooting squirrels. The squirrels have become quite tame and have been fed many weeks by residents. This morning the boys appeared with air rifles, with which they attempted to kill or maim the animals.

One of the buses of the New London Coach Co., and a sedan, driven by a sailor, collided at the westerly approach to the Thames river highway bridge this morning. The bus, driven by Harold Sergeant hitting the lighter vehicle resulted in the sedan being damaged.

ANNOUNCEMENTS

Broadway Theater.

More than a thousand full-blooded Arapaho and Shoshone Indians from the Wind River reservation, appear in Tim McCoy's "Spoilers of the West," a colorful frontier film drama now being shown at the Broadway theater.

Through arrangement with the United States government, McCoy was enabled to persuade these Indians, of whom he is a "blood brother," to appear in his picture.

Marjorie Daw appears in the featured feminine role opposite McCoy and the cast contains such well known and approved western players as William Fairbanks, for years a western star in his own right.

The picture was directed by W. S. Van Dyke from an original story especially written as a McCoy Western film vehicle.

"Pretty Clothes," the co-feature, was well received by the large audience at the Broadway last night. It is a drama of New York night life and tells the story of a poor girl who was drawn into it by her passion for beautiful clothes. Pert Johnna Raiston has the role of the girl while Gertrude Astor appears as Rose, her sister. Johnny Macker has the leading male role and Charles Clary, Jack Moran and Lydia Knott are the supporting cast.

BUILDING OPERATIONS IN NORWICH

During the past week there were seven building permits granted by Fire Marshal Howard L. Stanton bringing the total number of permits issued during December to 26, an increase of about ten over December in 1926. No applications for permits were received during the week and in all probability no more permits will be granted this year. Two houses were included in the permits granted last week, one to W. S. Spencer who is erecting a frame house on Carroll avenue for himself, and the other to Homer Monty for a frame bungalow on Asylum street which he is building as an investment.

The permits issued were as follows:

To W. S. Spencer to erect frame house on Carroll ave. for himself. The house will be 27x28 feet, with stone and concrete foundation and wood superstructure. The exterior will be shingled. The interior will be in hard finish plaster on wire lath. The trim and floors will be in hardwood.

To John F. Carroll to erect a frame garage on Joseph Perkins road for A. Kofman. The garage will be 20x20 feet with cement floor and clapboard finish on the exterior.

To John F. Carroll to build a frame bungalow on Joseph Perkins road for A. C. Kofman. The house will be 28x28 feet with stone foundation and cobble stone underpinning. The exterior will be finished in clapboards with composition roof. The interior will have hard wood floors and trim and the walls will be done in hard finish plaster.

To Ben Gwasdoff to erect a frame garage on Fanning avenue. The garage will be 10x18 feet, and of frame construction.

To Otto A. Heebner to build a frame garage, 18x10 feet, at 184 Elizabeth street.

To Homer Monty to build a frame house 24x26 feet, on Asylum street. The house will have cement foundation and frame superstructure. The exterior finish will be in clapboards and shingles while the interior will be in hard plasture and hard wood.

To W. S. Spencer to erect a frame garage, 19x19 feet, in the rear of his new house on Carroll ave. The foundation will be of concrete and stone foundation.

REAL ESTATE SALES AND MORTGAGE LOANS

In Norwich during the past week there were eight sales of real estate as compared to six sales during the same week a year ago. The mortgage loans for the respective weeks were $70,100 and $44,150.

There were four sales of real estate recorded in New London during the past week as compared to eight sales during the same week in 1926. The mortgage loans for the respective weeks were $58,101 and $54,883.

Building Material Prices.

The building material market was steadier during the past month than it has been for some time, according to the national monthly buildings survey of S. W. Straus & Co. For the most part there were more upward changes than declines in prices. In the basic materials, Portland cement was a little weak at New Orleans and New York and common brick prices declined at New York, St. Louis and San Francisco. The lumber market was in better condition than formerly and the most active material was structural steel. Steel sold at 1.85c. Pittsburgh and 1.90c Chicago.

Building Permits.

The increase over last year in the rate of Connecticut building activity has been continued into this month with another substantial gain noted for the past week. The week's total of 321 permits issued in the Connecticut building centers compares with 251 for the corresponding period in 1926. A corresponding increase is seen in the total of estimated costs, the figures for this year amounting to $3,526,723 and for the like week a year ago $1,686,751.

NEW LONDON.

With permits issued for seven new houses in Colman street during the year, and with some of them already completed, that street stands out prominently in the thoroughfares of the city which have shown outstanding developments during the year. One of the few streets of the city that has been materially developed and extended to more practical use during the year, Colman street, which promises to become a busy and important highway connecting Bank street and Jefferson avenue, and eventually through to Broad street, still has many building sites to be utilized for building and even in the course of normal expansion, such as has been taking place, there is promise of the street eventually becoming lined on either side by residential structures throughout its lenghth.

The development during the past year has included not only the building of seven new houses but also the extension of the street from Lincoln avenue through to Jefferson avenue with both sides having new sidewalks, curbings, and work now under way on the laying of water, sewer, and gas mains and plans for the near future paving of the street.

The first new house to be completed in Colman street this year was that constructed for John Mondelci. This structure, now occupied, is of frame construction and modern design, of the duplex cottage type, 6 by 41 feet.

Work has recently been completed on the construction of a two-family frame house for Andrew Gannon in Colman street. The work comprised the erection of a structure 24 by 45 feet, consistent with the trend of modern building to allow sufficient floor space to accommodate the ever increasing number of furnishings in a modern home. The exterior is shingled and the front is enhanced by large porches for both floors.

A new cottage being build in Colman street is being plastered and is expected to be completed in a week or two for J. P. Maloney. The dwelling is 22 by 26 feet of frame construction, containing three rooms on the first floor and three on the second floor. The dining and living rooms on the first floor are finished with hardwood floors. From private plans the house will be equipped with all modern improvements and conveniences including steam heat, plumbing and electrical fixtures.

Another new home being completed in Colman street is the dwelling being built for Elizabeth Gilmore. This house, of modern design and construction is 25 by 25 feet and from private plans will have all modern improvements including steam heat, electrical fixtures, and plumbing.

Only seven building permits were issued by the council at the regular meeting this week. Of the number, however, are included permits for the Connecticut Power Co. to make alterations in Union street which will convert former space in the Crocker House building into space to be utilized by the power company, addition and alterations to the property of The Day Publishing Co. in Franklin street involving the raising of the old Bradley Street Mission and the construction of a new brick structure, and construction of a new nurses' home for the Lawrence and Memorial Associated hospitals in Ocean avenue, all of which are of more than ordinary significance.

There is also included in the list permits for two new houses adding slightly to the number for the year which is expected to be close to the figures of last year.

Westerly

Work is being rushed to place a roof over the addition to the east side of the Westerly Memorial and Public Library building on Broad street. The steel girders and trusses are already in place for the placing of a cement fire-proof roof which is to be covered with terra cotta, similar to that on the original building.

The brick wall at the rear of the property of Mrs. Elizabeth R. Chester on Canal street, where the Brucker storage garage was torn down, and which heavy rains and frosts caused to buckle and topple, has now been rebuilt. The cement foundation wall also wrecked at the time has now been reconstructed.

Westerly Zoning Inspector Louis J. Rossi and Westerly Building Inspector Thomas Wills have issued the following zoning and building permits during the past week:

Dec. 19. Earnest A. Palmer, Bowling lane, Bradford. One-car garage, 10 feet by 20 feet off Bowling lane, Bradford.

Dec. 19. Westerly fire district. Two story fire-proof brick structure with granite trim, five-door, cement floor, tile partition, fire headquarters building, 73 feet 4 inches by 102 feet 4 inches on Union street. Thomas H. Morrison, general contractor.

Dec. 21. South County Public Service company, High street. Convert present storage building at gas plant on Canal street, with plumbing renovations for quarters, cutting partitions and hanging doors.

Dec. 22. Picard Gasolene company, Industrial Drive. Turn around and move present building on Industrial Drive to adjoining location.

GALES FERRY

At the close gifts were distributed from the tree and boxes of candy to all.

The beautiful decorations arranged under the auspices of the men's class for Christmas made the church auditorium beautiful for the Christmas day services. The women's service included organ prelude, Christmas Fantasie (Lemmon); Apostles' Creed; Prayer, Rev. G. H. Wright; anthem, Nazaretto (Gounod); responsive reading; Christmas lesson; offertory, anthem, Arise! Shine for thy Light is Come (Dudley Buck); sermon, Rev. Jerome Greer; The Angels and the Shepherds, St. Luke 2: 15; hymn, O Little Town of Bethlehem; benediction. The quartet, Miss Grace A. Chapman, Mrs. Amos Main, D. R. Povey and C. E. Colver sang, the director and organist being Mrs. Eugene LaFontaine.

A Christmas service of story and song entitled, The Star of Glory, was given in the evening, with Mrs. C. E. Colver reader of the story, and an augmented choir.

Christmas eve electrically lighted evergreen trees on the grounds at the homes of people in the place and in many windows, with the trees in front of the Country club house, also lighted made the place picturesque. Carols were sung at the Country club house, under direction of Mrs. Walter M. Buckingham, with Mrs. Rufus W. Hurlbutt at the piano.

The pupils of Gales Ferry school, under direction of their teacher, Mrs. Clare B. Lawson, gave a Christmas play, The False Sir Santa Claus Friday afternoon, in the school room. Every seat was taken by visiting parents and friends. Cards of invitation had been issued by them, written on Christmas cards, and were presented at the door and pupil ushers seated the guests. The program opened by the singing of Christmas carols with Bernice Percival at the piano. Christmas greetings were given by Edith Harting, who also acted as chairman. Recitations, Snowflakes, by the primary class, and Christmas, given by a group of children preceded the play. Children in the first act were Harold Hurlbutt, Enid Latimer, Doris Coman; in the second act Mr. Moneybags (John Buckman), Jack o' Lantern (Joseph DeRusha), Santa Claus (J. Edmund Norman, Jr.); fourth act, Mr. and Mrs. Jack Frost (Bernice Percival, Alice Frink). At the close of the play, the fourth grade girls served Christmas candy to their guests and the pupils all received gifts from a gaily decorated tree. School closed for the Christmas recess of ten days, opening again Jan. 3.

Mrs. E. W. Jones of Mt. Vernon, N. Y., who had been the house guest of Miss Caroline B. Freeman for a week, was joined Saturday by Mr. Jones and their son, Vincent Jones of New Haven, to spend Christmas with Miss Freeman.

Mr. and Mrs. J. Edmund Norman entertained at dinner Christmas, the former's mother, Mrs. P. D. Norman and his brother, Stephen Norman, with Mrs. Norman's mother, Mrs. Henry W. Hurlbutt, and Mrs. Lucy A. Hurlbutt, Mrs. Bertha Hoyt and Miss Laura J. Perkins.

Mr. and Mrs. J. Edmund Norman entertained at dinner Christmas the former's mother, Mrs. P. L. Norman and his brother, Stephen Norman, with Mrs. Norman's mother, Mrs. Henry W. Hurlbutt, Mrs. Lucy F. Hurlbutt, Mrs. Bertha Hoyt and Miss Laura A. Perkins.

Miss Alice Frink of Philadelphia who is spending the winter with her uncle and aunt, Prof. and Mrs. Chester E. Limick, left Saturday to visit her parents, Major Frink and Mrs. Frink during the Christmas recess.

Fined For Fighting

Before the city court Wednesday morning Alexander Wawozynowicz of this city was fined $10 and costs for fighting his neighbor, Mike Golumb. Golumb received injuries about the head and four teeth loosened. Two of three men charged with intoxication paid fines of $5 and costs, while the third was sent to the state farm to serve six months.

Palace Theater.

Richard Dix knows what the public wants. He proved that again last night when his new Paramount starring picture "The Gay Defender," opened for a three day run at the Palace theater.

Richard Dix is also an ambitious, hard-working young man. That too was proven last night. For he is going to have to work and work hard to beat the Paramount's new picture. For pure entertainment it is probably the best vehicle Dix has ever had. It is easily the best screen fare to be seen here this week.

Dix has turned to early California for the setting, and to the gold rush of '49 for the time of his new picture. Those adventurous days, when desperadoes and ruffians stormed into the newly acquired U. S. territory, provide a vivid background. The star himself plays Joaquin Murrieta, son of an aristocratic Spanish family and heir to a fortune in the form of a huge rancho. His happiness as the picture opens is made complete by his newly found love for the daughter of the new U. S. commissioner.

How the murder of the girl's father is charged to Dix, how he finds Americans plundering his gold mines, how his uncle is killed and his people oppressed, and how finally he turns to banditry to right the wrongs done him provide the outline of the stirring plot. As a night-riding, knife-throwing, whip-cracking bandit, Dix rages through the rest of the picture as bold and spectacular an outlaw as was ever portrayed on the motion picture screen.

In addition to "The Gay Defender" five acts of vaudeville are also being featured.

Olympic Rink.

Tonight at the Olympic rink will take place a Cinderella contest. The lady having the smallest foot will be given a pair of new roller skates. This will be a new and novel sport. Saturday night Manager Hendrick will have a New Year's carnival. There will be lots of fun with balloons, hats, horns, noise making and confetti, etc. It is expected that a large number of patrons will be in costume.

Strand Theater.

Shadows is a wonderful picture starring Lon Chaney. It is taken from the famous story, "Ching Ching Chinaman," by Wilbur Steele. It is a powerful drama of life and love and has wonderful scenes and an all star cast headed by Lon Chaney and including the beautiful Marguerite de la Motte, and the clever and likeable Harrison Ford.

West of Rainbow's End is a real western thriller, full of pep and action from start to finish. It is acted by a clever cast and the plot includes plenty of comedy and romance. If you enjoy a real western picture, be sure to see this one at the Strand tonight.

Enjoy our mushie whi'e watching the pictures. Professor Herbert Rich leads the orchestra of accomplished musicians.

FUNERAL NOTICES

DISTRICT OF MONTVILLE, ss. Court of Probate, Dec. 27, 1927. Estate of Orrin W. Gay, an incompetent person of Montville, in said District. The Conservator having exhibited his administration account with said Estate to this Court for allowance, it is

Ordered, That the 3rd day of January, A. D. 1928 at two o'clock in the afternoon, at the Probate Office in Montville, be, and the same is, assigned for a hearing on the allowance of said administration account with said Estate, and this Court directs the Conservator to cite all persons interested therein to appear at said time and place, by publishing this order in some newspaper having a circulation in said District.

DAN D. HOME, Judge.

MARY E. BELCHER vs. JAMES H. BELCHER, Supplemental Order of Notice. State of Connecticut, County of New London, ss. December 20, 1927.

Upon the complaint of the said Mary E. Belcher, claiming for the reasons therein set forth a divorce and a change of the plaintiff's name, now pending before this Court, having been returned thereto on the first Tuesday of September, 1927.

It appearing to and being found by this Court that James H. Belcher, the said defendant is absent from this state and gone to parts unknown and that notice of the pendency of the complaint was given as required by order of notice heretofore issued, and now the plaintiff asks for a further order of notice in the premises.

Therefore ordered that notice of the pendency of said complaint be given by publishing this order in the Norwich Bulletin, a newspaper printed in Norwich, Connecticut, once a week for two weeks successively, commencing on or before the 31st day of December, 1927.

By order of Court,
JOHN H. WALKER,
Assistant Clerk of the Superior Court for New London County.

MYSTIC

Jeremiah Ganee, 70, died at the home of his daughter Miss Lena Ganee, 50 West Main street, Monday evening, after a week's illness with pneumonia. He had been in poor health for several weeks. Mr. Ganee was born in Cork, Ireland the son of Jeremiah and Mary Barry Ganee. In early life he came to America to make his home. He was employed at various occupations and was liked by all those who knew him. He leaves two daughters, Mrs. George A. Holly and Miss Lena Ganee, of Mystic.

As noted in the Stonington news, Mrs. Edith A. Pond, a summer resident of Lord's Point for many years, died at the home of her son, Walter A. Pond, in New York Saturday. The body was brought to Mystic Tuesday on the 11:30 a. m. train and taken to Elm Grove cemetery chapel where Rev. Louis J. Shepler of the Union Baptist church conducted the service. The bearers were R. M. Deagranne, John McDowell, Joseph Leahy, J. A. Lord, of Stonington, Henry Lewis, of New London and George McKenzie, of Mystic.

The funeral of Mrs. Lizzie Slack Crouch was held in Groton Wednesday afternoon. Burial was in Fishtown cemetery, Mystic.

The members of the household at Spicer home, Groton, had an enjoyable Christmas, made possible by the superintendent and his wife, Mr. and Mrs. Philip Whipple and a generous friends. A duck dinner was served with all the good things that go with it. A gay Christmas tree was provided and friends contributed gifts to the eleven in the home and sang Christmas carols to them.

When the annual Christmas tree and entertainment of the Union Baptist church was held in the vestry Thursday evening, the program was given as follows: Singing of a hymn; prayer by Rev. L. J. Shepler; song, Miss Dorothy Gray; pageant, The Spirit of Christmas, given by S. A. Stoddard and about forty others. The vestry was darkened and a light was thrown on the platform. A number of stanzas were sung during the presentation. Griswold Lamb as Santa Claus then appeared and after a few witty observations distributed the gifts, assisted by some of the young ladies. The Christmas tree was prettily decorated. The last gift was an envelope to Rev. and Mrs. Shepler containing money and another containing $50 from the Men's Bible class. Manning Miner, superintendent of the school was presented a cane and then Santa departed. Boxes of candy were distributed to all of the classes.

The Ladies' Aid society of St. Patrick's church plans to meet this (Thursday) afternoon at 2 o'clock to sew. The committee for the tea to follow is Mrs. Maurice Maynard and Mrs. Peter Flynn.

Mrs. A. K. Lamphere and daughter are guests of relatives in Norwich.

Mrs. Charles Barnes has her sister, Miss Doris Raynor of Wallingford, a former teacher in Mystic Academy as a guest during the holiday recess.

Charlie Stribl, son of Mr. and Mrs. Charles L. Stribl while at a meeting in Grange hall Monday evening fell and broke his arm. He broke the same arm in October which makes the accident more serious.

Mr. and Mrs. Elwood Lathrop were in New London Tuesday.

Frederic Phillips of Montville spent Tuesday with his brother Wallace Phillips.

Mr. and Mrs. Frank E. Gates, of Providence spent Christmas day with Mr. and Mrs. Daniel McGuire.

Mrs. Rollin Burrows, Kenneth and Edith Burrows were in New London Tuesday.

Miss E. McAvoy has returned from New York.

Mr. and Mrs. Maurice B. Caswell and daughter Esther spent Christmas with Mr. and Mrs. W. P. Babcock in North Stonington.

Mr. and Mrs. Lee Coles and sons, Eldred and Perry, of Norwich, Mr. and Mrs. Adelbert Carter and son Junior, of Wethersfield were the guests Sunday and Monday of Mr. and Mrs. P. H. Eldredge.

Damon Boynton of Mystic Road has gone to Amherst, Mass.

Mrs. Eliza Williams has returned to Noank after spending a week with Mrs. Daniel McGuire.

Mr. and Mrs. Joseph Higgins and daughters Elsie and Frances of Norwich, Bellfield Davis of Preston, Mrs. Mary Frazer and sons Hugh and John spent Monday with Mr. and Mrs. Elisha Davis, in Old Mystic.

Rev. Louis J. Shepler and family went to Brooklyn, N. Y., Wednesday for the remainder of the week.

Miss Grace Wilson has returned to Mount Vernon, N. Y., after spending four months with Mrs. L. F. Park.

PATRONIZE THESE WELL KNOWN CONCERNS

DOLCO GARAGE GIVES MOTORISTS REAL SERVICE

For automobile repairing of quality the Dolco garage, 199 West Thames street, is just the place for particular automobile owners. If you want to make sure that your automobile repair work is properly and conscientiously performed, all you have to do is to take your car to the mechanics at the Dolco garage, who are well and widely known as experts on virtually every type of automobile. Their long experience in dealing with automobile owners has resulted in building up a business founded on honest dealing. There are so many motorists who have little idea of what constitutes an honest repair job that they are taking chances whenever they have work performed. By taking their work to a garage where they are certain to get an honest job they are eliminating all chances in this respect. The Dolco garage is a reliable garage for any motorists to do business with.

ONLY GOOD MEALS SERVED AT GREGORY'S RESTAURANT

Noted for its quality dinners, Gregory's Restaurant, at 34 Broadway, is an equally satisfactory place to dine if you want the best in steak, chop or chicken dinners. With years of experience in catering to the public, Gregory's Restaurant has been enabled to keep in the front rank because the proprietor has always made it a point to satisfy his patrons. The name of Gregory's as a place for high quality meals is known far and wide. Frequent shipments of foods enables the proprietor to serve meals that are pronounced by many patrons to b superior to those obtained elsewhere. A meal at Gregory's Restaurant means pleasure and satisfaction. You will find this an ideal place to entertain your guests or your own family when seeking a good meal.

Where Quality and Service are the Watchword

WHEN YOU NEED A PLUMBER CALL ROBERT GOLDSTEIN

Now that the winter months are upon us and you are having time to get things in your houses into tip-top shape, let us remind you of the plumbing. Robert Goldstein, Inc., of 86-92 Water street, stands ready to serve you at any time.

Perhaps there are some changes you have contemplated—such as making your bathroom or kitchen plumbing more modern, and thus more convenient for use.

Regardless of your problem, the Goldstein company has the men and means for the solution of any plumbing problem, and before going too far with your plans suggest that you consult them.

Everyone knows that a contract followed out to the letter is cheaper than one changed frequently. Because of this the Goldstein company suggests that one of their men be called in to make measurements and give estimates of any work you are planning. This type of work saves you money and prevents any installations which is the futre may prove to be wasted.

Every modern plumbing establishment stands ready to give estimates and help you with your plumbing problems.

Do not attempt to go at the problem of heating your home. You are not a qualified workman for this line of work. One mistake in figuring radiation in your home might cause you to purchase heating equipment which will fall far short of heating your home when the zero weather strikes in. All this type of work is easy for the men employed by the Goldstein company and you may rest assured that any heating plant placed in your house by this company will keep your home delightfully warm and cozy even in the coldest of weather.

Not only in the heating business is Goldstein ready to serve your wants. In the store will be found painting supplies, hardware of all kinds and many other things necessary about the home. Pay us a visit before making any purchase of paints or hardware and we will try to convince you that our service and materials rank with the best in the city—and the prices are right, too.

SELLAS LUNCH IS HANDY PLACE FOR SHOPPERS

Shoppers who spend a day in Norwich looking for merchandise do not wish to be annoyed looking for a good place to eat—they usually are too tired after a shopping trip. Norwich is well supplied with good eating places, but Sellas Lunch on Franklin square, and right in the center of the city, is ideally located for the busy shopper.

Sellas Lunch serves tasty lunches all day long and during the evening. Dinners are also served.

Out of town shoppers will find this restaurant an ideal place to eat, where the best food obtainable is served, and served properly, where the tired shopper may rest and eat as well.

LET SPENCER HANDLE YOUR BUILDING PROBLEM

Favored with unusually pleasant weather, many persons who have been planning to have building work performed as soon as the weather opene d up are beginning to get busy. Some have made arrangements with contractors for their work and many others have not. In looking for a man capable of handling any kind of a building job, whether it be a new building or a reconstruction proposition, you will find W. S. Spencer of the Disco Bldg., Norwich, just as reliable a man to take care of your work as it will be possible for you to get. Mr. Spencer has had extensive experience in remodeling homes, and if your work happens to be of this particular nature you will find it to your advantage to have him give you an estimate. Mr. Spencer's reputation as a contractor and builder is widely known and he can supply any number of references from satisfied customers.

NO SUBSTITUTE FOR THE CORSET SAYS RUTH M. SMITH

There is absolutely no substitute for a corset, according to Ruth M. Smith, Spencer corsetiere of Norwich, whose phone 2150 may be called at any time of day for appointments.

There is no substitute for a corset! When you are dancing or working in the garden, or idling luxuriously, you may prefer to wear a Spencer Belt or a Spencer-All. But when you want to discipline the roll of fat that tends to add to itself slyly about your hips if you sit at a desk, or ride much in an automobile, or stand badly at your housework, or because you cannot resist chocolates—then a Spencer Corset.

It is so comfortable—since it is your very own, designed just for you—that you breathe a sigh of relief and satisfaction when you pull up the lacers. Front-lace, back-lace; clasp, step-in or button front; light boning or heavy; long hip or short—what you need and like for comfort and style, you can have in a Spencer Corset.

It coaxes your back into straight graceful lines, it gently but firmly represses obstreperous hips.

It is that most desirable possession for a woman—a thing of beauty and a joy forever!

Don't Guess About Your Eyes
Weak, weary eyes cannot help but be dull, tired and strained. How remarkable a difference properly fitted glasses make. A recent testing of the eyes of some fifty thousand college students showed that over a third of them needed glasses, but most of them were not aware of the need. That is why we stress the desirability of an examination.

MEN'S BIBLE CLASS AT LOCAL Y. M. C. A.

Every seat was occupied at the Men's Bible class supper meeting Wednesday evening at the weekly session. The scripture used was Daniel the first chapter, and the following points were brought out in the discussion. The lesson demonstrates the power of a purpose. King Nebuchadnezzar, though a heathen asked that the highest type of young Hebrew captives be selected for service in his temple. Even though some men are far from what they should be in their lives, they usually want high class young men to work for them; they know that this kind are an asset to their business. Daniel was the strongest character of the four young Hebrews, and he had a splendid and definite purpose.

Daniel did not believe in the idea suggested in the saying, "When in Rome do as the Romans do." He believed in being true to his convictions wherever he was. The Hebrews attitude toward the meat question is probably a wise one, even from the standpoint of health. All the circumstances made it very hard for Daniel to do the right thing; he was far away from home; he was a follower of Jehovah among heathen; the moral atmosphere of the king's court was utterly corrupt; wrong was the rule and right was the exception.

Most young men under these circumstances would have weakened, but Daniel stood true and maintained a positive attitude toward the right; he was not disheartened at the refusal of the prince to co-operate with him in his purpose, but he pressed his purpose further, and finally won out. The secret of his success was that he had a high ideal; a high purpose and stuck to it, and depended upon Jehovah to help him. Daniel used his wits and stuck to his purpose. To do wrong one needs but to let his mind loose, but to do right he must grip his mind and force it to take a stand on all moral questions that ever coming up for decision. The man who is continually yielding to temptation lacks any definite purpose to do right. A purpose or a good resolution is a good thing, but if we God out of the proposition, we are likely to fail; team work with God is needed. "We need to make resolutions that are full of resolution."

NORWICH AGENTS RECEIVE LETTER OF APPRECIATION

The Norwich agents of the Connecticut Humane society have received the following letter of appreciation from the state society:

"We are indeed grateful for your co-operation and for the way you have contributed to the relief work of the Connecticut Humane society in your community for the past year. Whether you have given assistance on many occasions, or whether you have been called upon only once, please let us have a report of your work on the blank which is enclosed. It is imperative that we have the report giving the details of your activities as a local agent by the first week in January, for without such report it is impossible for the society to give a complete account of its operations at the annual meeting.

Please be advised that the next annual meting of the society will be held during the afternoon of Wednesday, January 25th at the headquarters of the society, 300 Washington street, Hartford. All who are associated with, or who are interested in its humane work are cordially invited.

With all good wishes for Christmas and the New Year and thanking you for your co-operation and assistance in its humane work.

EAST HAMPTON LUMBER COMPANY INCORPORATES

Certificates of incorporation filed with the secretary of state at Hartford include the following:

The East Hampton Lumber and Coal company will have an authorized capital of $50,000, $2,000 of which is paid in. The incorporators are George H. Loenthal, of Middletown, Merritt Cornwall, of Colchester, and Carl Anderson, of Middletown.

William Park & Sons, Incorporated, of Stafford, will do business in textiles with an authorized capital of $300,000, of which $200,000 is paid in. The incorporators are William Park, Angus C. Park, and W. Raymond Park, all of Stafford.

Widow of Wagner is 90

Of interest to a number of Norwich musicians and tourists was the fact that at Bayreuth, Germany, Cosima Wagner, widow of the great composer Richard Wagner, spent Christmas, her ninetieth birthday, in bed at her home, Haus Winfried, among her nearest relatives. There was no official celebration because of her age and feebleness. Congratulations were showered upon her from all over the world by Wagner enthusiasts, many of them in the United States. Among those who sent greetings were the former kaiser of Germany, the former crown prince and the former Czar Ferdinand of Bulgaria.

D. Y. W. Y. K. Club.

The D. Y. W. Y. K. Pinochle club members held a meeting at the home of Mrs. A. Hoelck, Hadley avenue, Monday evening. Mrs. W. Walker won the first prize, her score being 7,440. Mrs. S. Lillibridge won the consolation prize with a score of 5,380. Refreshments were served by the hostess. The club will meet next Monday evening with Mrs. W. Walker on the New London turnpike.

Were Holiday Guests

Mrs. A. E. Woodman, of Park street, Norwich, entertained at Christmas dinner and supper Monday, Attorney Edward H. Wilson and Mrs. Wilson, from Brooklyn, N. Y., also Mrs. E. A. Sims and Dr. Clarence P. Capron, of Norwich.

NORWICH DRIVER HAS HIS LICENSE RETURNED

After hearings before Commissioner Philip E. Devnew at the court house in New London Tuesday several auto divers had their licenses returned. The hearings held were as follows:

Mike Alkevitch, Montville, reckless driving, returned; Ernest Sherman, Yantic, reckless driving, returned; Sigamond Liskewicz, Norwich, reckless driving, returned; Firman Spencer, Old Saybrook, conference, allowed to keep license but must insure car; James E. Sweet, Groton, operating under influence, not returned; Louis Saindon, 205 Sherman street, this city, operating under influence, no appearance; John Vallos, Norwich, unregistered car, suspended pending report from town court of Orange; Paul Kusniew, Niantic, fatal accident, no appearance; E. Tyler Rogers, Norwich; fatal accident, suspended one year; Harry E. Moore, 34 Cottage street, this city, complaint, no appearance.

MANY SUPPORT BURROWS FOR U. S. DIST. JUDGE

According to advices from Washington endorsements of State Senator Warren B. Burrows of Groton for appointment to the second United States district court judgeship, created by the last session of congress, continue to pour in upon United States Senators Hiram Bingham and George P. McLean, and it is further said that the sentiment in official Washington circles is that it is quite probable he will be nominated by President Coolidge as soon as the senate reconvenes early next month, following its annual Christmas holiday recess. The confirmation by the upper body of congress to the nomination of the president is necessary in appointments such as this one.

PLAN THEATRE PARTY FOR COUNTY HOME CHILDREN

Because of the satisfaction felt in the success of the Christmas party given by the officers and men of the Coast Guard destroyer Cassin for the orphans of the New London County home on Christmas day, it has been decided to make it the annual custom of the ship to entertain similarly on Christmas day.

The ship's personnel, will also give a banquet and theatre party for the children of the home in the near future. The Christmas party was the first event of its kind to be given by the Coast Guard. It was given on board the ship Sunday and was attended by 65 children from the New London County home.

STARTS DIVORCE SUIT ON STATUTORY GROUNDS

On the grounds of a statutory offence, Clarence W. Bromley of New London has brought suit in the superior court for this county for a divrce from Mildred Sheldon Bromley of Thompson. The couple were married December 19, 1914. The papers in the case have been filed with the clerk of the court in this city.

WAUREGAN LODGE PLANS FIFTH NEW YEAR'S BANQUET

Announcement was made Wednesday that Wauregan lodge, No. 6, Knights of Pythias, will hold its fifth annual New Year's eve banquet Saturday night at Spruce lodge, Fitchville. There will be the usual cabaret entertainment, including numbers by Edward T. Connelly and a trio, and a programme to be furnished by the Clements Entertainment bureau of Hartford. A full course dinner will be served at 11 o'clock and will be concluded just at 13 o'clock, when the new year will be welcomed. Dancing will be enjoyed throughout the evening. The committee are making arrangements for an attendance of 100 couples. Those on the committee are Dr. S. M. Goldberg, Morris Epstein, Rudolph Henschel, Eugene Lackenbach, Earl Taggert, Charles Jacobson, Max Hanover, Abner W. Schwartz and Joseph M. Lahn.

FOUR GENERATIONS AT LOCAL FAMILY GATHERING

Four generations were present at a family Christmas dinner Monday at the home of Mr. and Mrs. Francis Allen, of No. 95 Sherman street. The menu comprised roast turkey, mashed potatoes, creamed onions, celery, pickles, cranberry sauce, pumpkin pie and root beer. There was also an old fashioned plum pudding prepared by the hostess. Gifts were distributed after the dinner and a most enjoyable afternoon was passed. Mrs. Allen was assisted in serving by Mrs. Calvin Miller and Mrs. Alfred Kelley.

John J. Shugrue, Norwich plumber, has filed suits in the court of common pleas against Claudia D. W. Brown of Norwich. Damages of $400 are claimed.

CORONER FINDS GRANDCHAMP IS CRIMINALLY RESPONSIBLE

Coroner J. J. Desmond of this city, in a decision made public Wednesday finds Fred J. Grandchamp, of Montville, criminally responsible in causing the death on December 10th of William J. Towart, 29, late of New York city. Towart died as the result of injuries received when his machine was struck on Mohegan hill by a machine operated by Grandchamp. The Montville driver is held under bonds by a justice court in Montville, on a charge of manslaughter.

Coroner Desmond says in his finding:

On the night of Dec. 10th, 1927, said William J. Towart, on his way from his home to visit his mother at East Killingly, Conn., was traveling northerly, in said town of Montville, on the Norwich-New London road, in an automobile owned by his brother, and operated by said William J. Towart, and when going down Mohegan hill, in said town of Montville, this car was struck by the automobile operated by said Fred J. Grandchamp, which was moving southerly on said road, and as a result of the collision said William J. Towart was hurled violently out of the car in which he was riding, and down upon the cement roadway, and fatally injured.

When the collosion occurred Towart was driving on his right hand side of the road, but Grandchamp was traveling on his left hand side; and the cars came together because Grandchamp, driving at great speed, and on the wrong side of the road, propelled his machine upon, and against the Towart car. The accident happened about midnight, and earlier in the night Grandchamp had taken several drinks of intoxicating liquor; and his consumption of the liquor apparently rendered him incapable of safely and properly operating his automobile.

Mr. Towart's brother was riding with him, and Grandchamp had two boys in his car when the collision took place.

The road is straight where the accident occurred; there was no other traffic there at the time; the cement roadway is 20 feet wide; and these two cars would not have collided there, unless one, or both of the operators had been negligent.

Mr. Towart was proceeding northwardly on the easterly side of the road at a moderate rate of speed, and the evidence discloses no lack of due care on his part. On the other hand, Mr. Grandchamp was driving very fast on the same side of the road, and although he perceived the lights of the other car coming towards him whilst it was at a considerable distance, yet he not only failed to turn to his right and to give the approaching machine room and reasonable opportunity to pass, but continued to drive on his left hand side of the road, and thus brought about the collision.

I am satisfied, and find that the death of said William J. Towart was caused by the criminal negligence of said Fred J. Grandchamp; and so report to a qualified grand juror of said town of Montville, for appropriate action on his part.

CONTRACTOR SUES TO COLLECT FOR HIS WORK

Damages of $200 are asked by Demetrio Chiniga of Norwich in an action which he has brought in the court of common pleas against Martin Kozerefsky and Wadislava Nawrocki, bith of Norwich. The plaintiff, who is a contractor alleges that April 12, 1927, he entered into a contract with Adolph Burkowski, contract and agent for Martin Kozerefsky to do certain work on the defendant's property in blasting and removing rocks etc. It is claimed that there is due the sum of $53. A mechanics lien for the above amount was placed on property owned by Kezerefsky and Nawrocki agreed to assume the debt jointly with Kezerefsky and the attachment was released. Neither has paid the debt.

NORWICH TOWN

NO ORGAN RECITAL POSSIBLE AT FIRST CHURCH NEW YEAR'S

Friends of Organist Herbert L. Yerrington, are somewhat disappointed that he will be unable to give his annual New Year recital this year, as has been his custom for nearly half a century, at the First Congregational church, where he has been organist during all that period. The organ, which has been undergoing repairs and being rebuilt for more than a year, is not sufficiently completed to warrant Mr. Yerrington's recital.

The recital is to take place at some later date, however, when the people of Norwich will be privileged to hear the instrument in its greatly improved condition.

Because New Year's day falls on Sunday this year, the parish supper is to take place in the chapel Monday, January 2nd. The general plan for the New Year's festivities at this church, which has prevailed so many years, has been entirely changed this year. The church meeting which usually opens the programme New Year's afternoon, is to take place Monday evening, following the supper. This of course will not be open to the public. Although for many past years, several who in no way are connected with this church, have been cordially welcomed to the supper, it was announced that this year the supper will be for members of the parish only and those who consider this their home church. Mrs. Dwight W. Avery is chairman of the supper committee. Her assistants will include the young married women of the parish, also other young women.

"Hope For a New Year," is the theme of the Congregational midweek prayer service this (Thursday) evening. Pas. 4:13-15, with special reference to Eph. 3:14-21, wil be the scripture lesson.

Miss Selma Arremony of Jewett City was a recent caller in Norwich Town.

For the Week of Prayer held each year the first week in January, the First Congregational and the First Methodist churches uniting, the first in the series of meetings will be held Tuesday evening, at the Congregational church. This year, it has been decided between the pastors of these churches, Rev. Gurdon F. Bailey and Rev. Albert C. Whitten who will have general charge, to hold the meetings alternately. The second and fourth meetings Wednesday and Friday evenings at the Methodist church, while the third on Thursday evening, will be at the Congregational church. It is expected that there will be special speakers and it also is the plan that the choirs of both churches assist at all meetings throughout the week.

Theodore Sterry of Norwich Town, filled two engagements as violinist, in a theatre orchestra in Middletown Monday.

Dr. Charles H. Lamb of Norwich Town, is in receipt of the following tribute to H. Clay Preston, of Hartford, published in the January 1928 issue of the National Humane Review:—

With deepest regret we inform our readers of the death of Henry Clay Preston, general manager of the Connecticut society, at his residence, West Hartford, December 9th. Mr. Preston had been in delicate health for some weks prior to his death, his condition being aggravated by heart trouble. Nevertheless his death was quite unexpected and the news was a shock to those who knew him best.

Mr. Preston first became identified with the humane movement in Binghamton, N. Y., in the reorganization of an animal protection society which was later merged with the Broome County Humane society, with interests combining both children and animals. His efficiency at the head of this society led to his appointment as superintendent of the Brooklyn Society for the Prevention of Cruelty to Children, where he added to his laurels. His next position was that of general manager of the Erie County S. P. C. A., Buffalo, N. Y., and in 1918 he moved to Hartford to direct humane work in Connecticut.

He was for thirteen years secretary of the New York State Convention of societies for the Prevention of Cruelty, a director of The American Humane association, a member of its executive committee, a member of the committee on slaughter-house reform, chairman of the committee on constitution and by-laws and a member of the committee on the rodeo which presented to the Toledo convention the notable report which is today the platform of the humane movement in regard to this evil.

Mr. Preston was a remarkable man. He was progressive and always safe. A calm, deliberate thinker, he studied every move carefully before he made it. Everyone he knew was his friend. His loss to the movement is incalculable.

The greatest sufferer is his widow. To her in her sorrow goes that sympathy which is beyond expression in spoken language.

GUATEMALA CONTINUES TO HONOR COLONEL LINDBERGH

Guatemalan Army Paid a Particular Tribute to Lindbergh By Conferring Upon Him the "Grand Medal of Merit"—The Lone Eagle Was Feted By the President, the Chamber of Commerce, the American Legation and the Rotary Club—Today Col. Lindbergh Will Hop Off For Honduras—If He Should Find No Suitable Landing Field There He Will Continue on to San Salvador—Holiday in Honduras Today For Col. Lindbergh.

GUATEMALA CITY, Dec. 29—(AP)—Time is too fleeting for the bestowal of all the honors which Guatemala desires to shower on Colonel Charles A. Lindbergh. Now that he is here in the flesh, the bearer of the good-will message from the United States is even a greater figure in the eyes of Gautemalans than they had pictured him, reading of his exploits.

Only after he had landed at the flying field, and moved and lived among them for a brief few hours, did the people of Guatemala City begin to realize the full measure of his achievement in winging his way from distant Meixco City across mountain ranges, between the menacing tops of volcanoes and over jungle country, where the foot of civilized man has never been.

And, amid all the acclamations, the cheers and the enthusiasm, Lindbergh was his old modest self.

His official day began at 10 o'clock this morning when he paid a visit to the presidential palace to pay his respects to the president, General Lazaro Chacon. The president had done the youthful aviator the supreme honor of going to the flying field yesterday to meet him, and again, in the evening, he spoke high words of praise at a banquet, which was attended by the highest dignitaries of state.

There were festivities and fetes in abundance today for Colonel Lindbergh, who has already learned the meaning of the "crowded hour." He visited at the municipal palace also and received a scroll appraising him in terms of deepest cordiality that he was the guest of honor of the city. Then the chamber of commerce took him in hand, followed by a reception at the American legation and later by a banquet under the auspices of the Rotary club.

The Guatemalan army, whose representative, General Amando was the first to greet the caviator on his arrival at the flying field yesterday, paid him particular tribute by conferring upon him the "Grand Medal of Merit". For a short time Lindbergh wore this on his coat, but it is soon to find its way among the scores of other decorations of which he has been the recipient from the day of his memorable landing at Paris.

Perhaps the words of the president of the republic in greeting the "flying colonel" at last night's banquet, best express the sentiments of the people. President Chacon said:—

"Colonel Lindbergh, it is a great pleasure for the people, for the government and for me personally to have with us such a distinguished personality after terminating a flight that adds one more triumph to a series of glorious successes which honor humanity and are a source of genuine pride for the United States of America.

"The reception which Gautemala has tendered you is a modest one, for modest are our possibilities. But let me assure you that in our sympathy for you and in our admiration for your great deeds we yield first place to only one nation in the world, and that nation is your own country.

"Let me greet in you not only a hero already consecrated, but also a messenger of good will and the highest representative of American manhood, and I pray you to have the graciousness to accept, together with this banquet, that my government takes pleasure in offering you the homage of our cordial welcome.

"Gentlemen: To the health of Colonel Lindbergh!"

Tomorrow will see the courier of the air away on the second lap of his Central-American tour. His next objective point is Belize, British Honduras, and, should he find no suitable place there for landing, he will continue his progress on to San Salvador. Belize lies 250 miles from Guatemala City, and the Salvadorean capital 260 more.

HOLIDAY IN HONDURAS FOR COL. LINDBERGH

BELIZE, British Honduras, Dec. 29.—(AP)—A holiday has been declared for tomorrow in the hope that Colonel Lindbergh will decide to land when he flies here from Guatemala City.

Temporary obstacles at the prospective landing field, Newton barracks, placed there for the horse races to be held January 2, were being removed this afternoon to give it ma clear landing field.

This city, which has never witnessed the landing of a flying machine except a few seaplanes in the harbor, was feverishly busy tonight covering government buildings and stores with American and British flags and colored bunting.

SEARCHING FOR M'CLELLAND ALONG MEXICAN BORDER

REDLANDS, Calif., Dec. 29.—(AP)—Search for Ernest Arthur (Robert) McClelland, paroled convict and accused kidnaper of Evelyn Smith, 11, of Oakland, shifted to the Mexican border today.

Walter Thomas, chief of police, after questioning the girl who was found at the home of Mrs. Emma J. Spence a welfare worker, here last night, announced his belief that McClelland had made a dash for the border of Mexicali, Lower California, opposite Calexico, Calif.

This belief was based principally on the girl's statement that McClelland had asked her "how she would like to go to Mexico."

PROMINENT NEW BRITAIN MAN FOUND DEAD AT HOME

NEW BRITAIN, Dec. 29.—(AP)—George W. Traut, aged 58, vice president of the North and Judd Manufacturing company of this city, and a member of the school committee since it was organized 21 years ago, was found dead at 1 o'clock this morning at his home at 1095 West street, a victim of angina. He was president of the Traut and Hine Mfg. Co. from 1908 to 1924 when it was merged with North and Judd's which time he became a vice president of the latter concern. His death came but a few hours after he had attended a theatre party and had visited at the home of his daughter, Mrs. Florence Lockwod, of West Hartford.

FRENCH AVIATORS HAVE ARRIVED AT LIMA, PERU

LIMA, Peru, Dec. 29.—(AP)—The French aviators, Dieudonne Costes and Joseph Lebrix, arrived at Las Palmas aviation field from La Paz, Bolivia, at 5:40 p. m. today.

The aviators, on their way to the United States, left La Paz at 11:30 this morring for the 700-mile flight. The flyers, the first to span the South Atlantic in a non-stop flight, followed the coast line most of the way from the Bolivian to the Peruvian capital.

CHARGE OF ENSLAVEMENT MADE IN NEW ORLEANS

NEW ORLEANS, Dec. 29—(AP)—A charge of enslavement was preferred against Mrs. T. S. Arico, of New Orleans today by U. S. District Attorney Edward Talbot after a maid in the woman's household told officers she had been prisoner for three years at Mrs. Arico's home. Shortly after her arrest Mrs. Arico was arraigned before a U. S. commissioner and entered a plea of not guilty. She was released under $5,000 bond.

JUDGMENT AGAINST FORMER MRS. ARBUCKLE

NEW YORK, Dec. 29.—(AP)—A $1,074 judgment against Mrs. Minta Durfee Arbuckle, former wife of Roscoe "Fatty" Arbuckle, one time film star, was filed today by counsel for a New York furrier who claims the amount is due for merchandise. Mrs. Arbuckle's lawyers yesterday attached her former husband's salary for breach of an alleged agreement to pay her a percentage of his earnings.

MIRACULOUS ESCAPE FROM BURNING MOTOR SCHOONER

SAN FRANCISCO, Dec. 29.—(AP)—Snatched from the shadow of death after a futile battle against flames which destroyed the motor schooner, Doris Crane, far out in the South seas, officers of the vessel arrived today to tell of their almost miraculous rescue through the chance passing of a steamer.

The blazing craft in the dark of the night attracted attention of the liner Niagara, 25 miles away, and the white officers and nine native members of the crew were saved. The Doris Crane sank, the funeral pyre of a South Sea islander who lost his life battling the flames.

INDICATIONS SALVAGE WORK WILL CONTINUE

BOSTON, Dec. 29.—(AP)—Indications that the salvage work on the sunken submarine S-4 would continue all winter were given here today by Rear Admiral Frank H. Brumby, commanding the salvage fleet now assembled off Provincetown.

He said upon his arrival here on the coast guard cutter Tuscurara that he was en route to his New London home to pack enough clothes to last him through the winter, which he expects to spend on te diving ship Falcon, now anchored near the spot where the S-4 sank.

NAVY DEPT. PLACED ORDERS FOR 26 NEW AIRPLANES

WASHINGTON, Dec. 29.—(AP)—The navy department today placed orders for twenty-six new airplanes and announced that the service was suffering from a shortage of qualified aviators. The bureau of aeronautics has begun a study of the situation in an effort to obtain more pilots.

The new planes will involve a total cost of $1,685,117. Twenty-five of them will be of the PN-10 flying boat type and the remaining one a twin-motored machine of the V class.

METHODS OF FORMER BROKER RESEMBLED THOSE OF PONZI

NEW YORK, Dec. 29—(AP)—The finanancial methods of Herman W. Booth, former New York stock broker, closely resembled those of Charles Ponzi, "financial wizard," an accountant's report read today at a bankruptcy hearing said.

Booth, who was expelled from the New York Stock exchange and petitioned into bankruptcy last fall, paid his customers sums purporting to be profits on stock transactions, which were actually taken from the principal, the report said.

CYCLONIC STORM IS SWEEPING OVER ITALY

ROME, Dec. 29.—(AP)—Storms, with cyclonic winds and a battering sea which have buffetted France and England, swept over Italy today.

Venice's famous St. Mark's square was under water for the second time this year and boats were unable to pass under the Academy bridge.

Great waves swept in from the sea and flooded the streets of Naples, at the Via Carsocolo the rushing waters carried away benches on the Palisades. Street car traffic was suspended.

Plan to Delay Final Action on Tax Bill

Movement Started by Chairman Smoot of the Senate Finance Committee.

WASHINGTON, Dec. 29—(AP)—The full force of the administration will be thrown behind a movement to delay final legislative action on the tax reduction bill until after March 15.

The movement, started by Chairman Smoot of the senate finance committee and supported by Secretary Mellon of the treasury and republican leader of the senate, will be opposed by the democrats who already have begun to array their forces for a counter attack.

Taking the stand that postponement of action until after March 15 would permit congress to act on a basis of "reasonable certainty" as more accurate information on receipts and expenditures would be available, the administration group is prepared to put up a stubborn fight to hold the tax measure in the back ground after congress reconvenes.

Some of the democrats, however, including Senator King, of Utah, the colleague of Senator Smoot, are determined to block the attempt of the republicans by going to the extreme, if necessary, of launching a campaign to have the tax bill taken out of the hands of the finance committee, and brought to the floor of the senate for a final vote. They contend that the country is entitled to early relief from the "tax burden" and that the measure should become a law before February 7.

Rising to the support of the republican leaders, Secretary Mellon declared today in a lengthy statement that neither the tax payers nor the government have anything to lose by postponing final enactment of the bill until after March 15 and that delay will "occasion no loss to the taxpayers or inconvenience either to them or to the government from an administrative standpoint."

"From the standpoint of the taxpayers as the estimate of probable revenues at that time will be more reliable than the present tentative estimates," the secretary added, "they will be relieved of the risk of obtaining no tax reduction all this year or facing the even worse situation of a bill which provides a reduction in excess of that which revenues permit.

"From the standpoint of the government and particularly of this department charged as it is with the responsibility of carrying out the debt reduction program, it is of the greatest importance that we should be able to proceed with the full knowledge that the revenues of the government will be adequate to meet its expenditures."

Secretary Mellon's statement was in reply to a letter from Senator Smoot inquiring what course the secretary believed congress should pursue toward tax reduction in order to comply with the requirement of the law calling for a yearly balancing of the budget.

In reply, the secretary reiterated his opinion as contained in his recommendations to the house ways and means committee that a tax reduction in excess of $225,000,000 was not justified and that he regarded the $290,000,000 reduction measure passed by the house as presenting a "new and serious situation."

SEARCH FOR MRS. GRAYSON HAS BEEN ABANDONED

NEW YORK, Dec. 29.—(AP)—Everything that could be done by searchers of the sea and sky had been completed tonight, and still no sign had been found of the plane Dawn and its crew of three men and a woman.

During the day, Lt. Commander Rosendahl of the dirigible Los Angeles announced that further search would be futile unless new clues developed, and the two navy destroyers and three coast guard craft which have been searching the waves completed their task without result.

The only clue to guide searchers for Mrs. Frances Grayson, Lt. Oskar Omdal, Brice Goldsborough and Fred Koehler, consisted of two broken wireless messages picked up at Sable Island, N. S., and believed to have been sent from the Dawn. The entire region from which those messages could have come has been diligently searched and no trace was found of plane or crew.

The Los Angeles is back in its hangar at Lakehurst, N. J., and by another day it was expected the five destroyers would have returned to their routine duties.

IMPERSONATOR OF SANTA CLAUS HAS WIVES APLENTY

BRIDGEPORT, Dec. 9.—(AP)—Santa Claus has been arrested for having 18 wives, or at least he says he has. This particular Santa Claus who bears little resemblance to his patron but who was impersonating him in a local store in the days preceding Christmas, is otherwise known as Frank Wills and boasts of having wives in New York, Washington, Baltimore (2), Boston and New London.

Wills was arrested on the complaint of one of the New York wives who charged that her husband married her in November and within a few days decamped after forging her brother's name to two substantial checks.

WOMAN SHOT HERSELF ON STEAMSHIP ROBERT E. LEE

NEW YORK, Dec. 29.—(AP)—A woman who gave her name as Mary Chase when she engaged a stateroom on the steamship Robert E. Lee at Boston, and shot herself as the boat docked here today, died in a hospital without regaining consciousness.

The ship's passenger list did not give the woman's address and there were no cards or papers in her baggage to establish her identity. The body was discovered by a Negro porter, stretched across the stateroom berth with a bullet wound in the head. A .38 calibre revolver was beside her.

COAST GUARD BOAT SUNK IN COLLISION WITH STEAMER

NEW YORK, Dec. 29.—(AP)—The steamer J. A. Moffett, Jr., collided with the navy steamer Rush off Ambrose channel tonight. The crew of the Rush, which was said to be in a sinking condition, was taken aboard the Moffett. The coast guard cutter Seminole went to the assistance of the ships.

The Rush, a coast guard patrol boat, later was reported to have sunk. The extent of the damage to the Moffett was not made known.

Cast Guard headquarters reported that no one was injured.

Teapot Dome Oil Field Restored to U.S. Navy

Federal Court at Cheyenne, Wyo., Carried Out Mandate of the U. S. Supreme Court.

CHEYENNE, Wyo. Dec. 29—(AP)—Teapot Dome, rich Wyoming oil field, was transferred back to the United States navy today, the final step in the cancellation of the lease on the reserve which the government charged Harry F. Sinclair, oil magnate, obtained through fraudulent dealings with Albert B. Fall, former secretary of the interior.

through a formal decree entered in federal district court here by Judge T. Blake Kennedy. It carried out the mandate of the United States supreme court, which had sustained the allegations of fraud and ordered the lease cancelled.

In losing all rights and title to the naval oil reserve, Sinclair failed in an effort to get a million dollars from the wreckage.

Judge Kennedy overruled a motion of counsel for the Mammoth Oil company, a Sinclair concern, which sought to have inserted in the decree a provision that a quit claim deed to land in the reserve, delivered by the company to the United States as a prerequisite to the lease, should be returned.

Owen J. Roberts of government counsel, resisted the motion and the court declined to incorporate the proviso in the cancellation order.

Judge Kennedy in denying the petition of Sinclair's counsel for the incorporation of the proviso for the return of title to oil placer locations made in the reserve area prior to its withdrawal from entry said he could "not go outside the mandate of the supreme court of the United States in saying what shall be done here."

This action of the court left the United States in possession of the quit claim and possession, therefore of title to the reserve which is undisputed save by the Mammoth's assertion of right to them. Counsel for the Mammoth Oil company indicated intent to appeal from the ruling of the court.

The signing of the cancellation decree brought to an end litigation instituted more than two years ago by special government counsel named by President Coolidge. The lease was executed April 7, 1922, and a supplemental agreement was made on Feb. 9, 1923.

LIQUOR SEIZURES MADE ON CANADIAN PEACE BRIDGE

BUFFALO, N. Y., Dec. 29.—(AP)—For the first time since the peace bridge between this city and Port Erie, Ont., opened last spring every automobile and every person passing through the American customs is being searched thoroughly for liquor. The search of all was announced today by Collector of Customs Bradley in an effort to stop the activities of petty smugglers.

Many quarts of choice liquors were seized during the day and tonight. One of those caught in the customs net was a prominent New York state official who had two quart bottles in his car. Another captured was a wealthy Canadian, who was taking six quarts of liquor to New York for a New Year's eve party.

BRONSON CUTTING TO SUCCEED SENATOR JONES

SANTA FE, N. M., Dec. 29—(AP)—Bronson Cutting, publisher of this city, today was appointed by Gov. R. D. Dillon as United States senator for New Mexico to fill the unexpired term of the late Senator Andrieus A. Jones. Mr. Cutting, an independent republican, will take the place of a democrat in the senate. His term will expire in March, 1929.

The appointment was made "on popular demand," said Governor Dillon in his announcement. Mr. Cutting had "an overwhelming and statewide indorsement from citizens in every walk of life" and was backed by a "great majority" of ex-service men, said the governor.

CARRIED OUT TRADITION IN SLAYING MOTHER-IN-LAW

ST. PAUL, Minn., Dec. 29.—(AP)—A plea that he was merely carrying out an old tribal custom in slaying his 90-year-old mother-in-law will be the defense of Alex Jourdan, a Chippewa Indian, when he goes on trial for murder at Detroit Lakes, Minn., next Wednesday.

His mother-in-law was blind and feeble and the custom in the old days was to hasten the journey of the aged to the happy hunting grounds, he said. He killed the woman with an ax, he told authorities today. He admitted that he had been drinking.

Jourdan served four years in prison for killing his father 16 years ago, according to court records.

HICKMAN MURDER CASE GOES OVER TILL NEXT TUESDAY

The Demon Had Lost His Jaunty Appearance and Was Unsteady When Arraigned in Court in Los Angeles—Welby Hunt, 16 Years of Age, His Confessed Accomplice in a Robbery That Involved Murder, is Being Held in the County Jail—Police Are Investigating Other Deaths That Were Regarded as Suicidal.

LOS ANGELES, Dec. 29—(AP)—William E. Hickman, confessed slayer of a child he had kidnaped and of a man he attempted to rob, was formally arraigned today and obtained a second continuance until next Tuesday to enter his plea for the murder of 12 year old Marian Parker.

Young Hickman was haled into court through corridors bristling with guards to keep back the throngs only a few hours after he had admitted taking part in an attempted robbery which ended in the killing of Ivy Thoms, a druggist. His confessed accomplice in the robbery, Welby Hunt, 16, was held in the county jail tonight.

His jaunty appearance gone, Hickman was unsteady as he glanced apprehensively from side to side at the muttering spectators on his way to the court of Judge Carlos Hardy for his arraignment. His custodians fingered tear gas bombs ready to hurl at the first sign of a hostile demonstration.

Jerome Walsh, of Kansas City, 25 year old lawyer hired by Hickman's mother to defend him, who was admitted to the California bar to try the case, waived reading of the indictment against his client but Judge Hardy insisted it be read.

After reading of the document was finished, Walsh explained he had been in the city only a few hours and had not yet acquainted himself with the case well enough to tell Hickman how to plea. His motion for continuance until next Tuesday at 2 p. m., was immediately granted.

Hickman spoke only once during the proceeding, answering in a low voice, "Yes" to the judge's question as to his name, "William Edward Hickman."

With the second murder added to the alleged criminal career of the 19 year old boy, police tonight scanned the suicide records of last May in the belief that still another death might be explained by Hickman and his former pal, Hunt. The druggist, Thoms, was slain about a year ago.

The latest channel into which the detective bureau was guided through the new revelations by Hickman and Hunt was an effort to determine whether the death of A. R. Driskell, 60-year-old grandfather of Hunt, was due to a suicidal leap from the Colorado street bridge at the west gate of Pasadena.

Driskell's body was found at the bottom of the arroyo on the night of May 25 last. A note found on the bridge addressed to his son, young Hunt's father, indicated that the aged man sought suicide because of financial troubles.

The new police probe was spurred by information that Driskell, on the day of his supposed suicide, had withdrawn a large sum of money from the bank in which Hickman and Hunt at that time were employed. This money never has been accounted for, police said. Perry Parker, father of the slain Marian, was an official at that bank.

Repeated questioning of Hickman last night by jail officials brought the admission from the accused youth that he and Hunt had killed Thoms while attempting to rob the latter's drug store in Rose Hill, a suburb, near Pasadena.

While officers went out to get Hunt, a complete confession involving the Thoms murder was taken from Hickman. When Hunt was confronted with Hickman's account of the crime, he, too, according to officers at the jail, confessed his participation in the holdup and the exchange of bullets which resulted in the death of the druggist and the wounding of Hunt and a police officer.

Hickman appeared in two courts today in company with his attorney.

First he was taken into the court of Municipal Judge Myron Westover, where a complaint charging kidnaping issued early in the search for the abducted school girl, was dismissed to make way for action on the indictment.

From there, Hickman was led to the courtroom of Superior Judge Hardy, before whom he had appeared on a minor offense six months ago.

Seldom have such scenes greeted the eyes of a prisoner led into a southern California courtroom. The eighth floor of the hall of justice was a twisting mass of humanity eager for a glimpse of the short, slight and pallid youth. Scores of officers, armed with tear gas bombs, held the crowd in check.

When Hickman came before the silvery-haired presiding judge of the superior court who had granted him probation for forgery last summer, all the former bravado seemed to have left him and he stood by the clerk's desk with ill-concealed fear.

Later the prisoner, unshackled, but surrounded by several bulky guards, was led back to the barred elevator and sent quickly upward to his cell on the twelfth floor to await the next move of the law.

One of Walsh's first moves on arriving at the hall of justice was to instruct Hickman to refuse further to discuss the case with anyone. Prior to that time, reporters had been admitted once or twice a day to question Hickman concerning various hazy angles of his crime career here.

EVENTS THAT FORECAST STABILIZATION OF FRANC

NEW YORK, Dec. 29.—(AP)—The reduction of the discount rate of the Bank of France from 5 to 4 per cent, and the shipment of $10,000,000 gold to Paris for the account of the French Central bank, were regarded by Wall street bankers today as forerunners of an early stabilization of the franc.

Stabilization last week of the Italian lira has stimulated the demand for a revaluation of the French currency. It is believed not unlikely, Premier Poincare will announce, the return to the gold basis, around the present level of the franc, before parliament convenes January 10.

The latest statement places the assets of the French bank at 28,550,500,000 francs, or about $1,022,200,000.

GOV. AL. SMITH CONDEMNS PURPOSES OF THE K. K. K.

ALBANY, Dec. 29.—(AP)—Condemning the purposes of the Ku Klux Klan, Governor Smith today declined to act upon a complaint of alleged police interference with an attempted parade of the organization in the borough of Queens. Acknowledging a letter from Paul M. Winter, of Jamaica, the complainant, the governor told him that he should apply to the courts for redress.

"I regard the purposes of your organization with abhorrence and I consider them subversive to the fundamentals of American democracy," the governor wrote.

OKLAHOMA SENATE HAS ABSOLVED GOV. JOHNSON

OKLAHOMA CITY, Okla., Dec. 29.—(AP)—Oklahoma's political insurrection, aimed at the removal from office of Gov. Henry S. Johnston and at least two other state officers reached an unsuccessful end today.

With dramatic suddenness, the state senate brought impeachment activities to a close by the dismissal of charges voted by house members against Gov. Johnston, Chief Justice Fred B. Branson of the state supreme court, and President Harry B. Cordell of the state board of agriculture.

FORMER NEW HAVEN BANK TELLER UNDER ARREST

NEW HAVEN, Dec. 29.—(AP)—Milton T. Clark, a former teller in the Second National bank, was arrested today on a federal warrant, charging embezzlement of about $2,000 while he was in the bank's employ. A shortage was said to have been found by federal examiners and Clark was discharged. The matter was reported to the United States district attorney's office and the warrant was issued there and served today through the office of U. S. Marshal Jacob B. Waller.

EAST POLAND MENACED BY HUNGER-MAD WOLVES

WARSAW, Poland, Dec. 29.—(AP)—Hunger-mad wolves, unable to find food because of the cold, have become such a serious menace in eastern Poland that troops are being organized into hunting parties to combat them.

The unusual severity of the weather and consequent lack of food has imboldened the wolves. Large packs of them have attacked and eaten a number of peasants, including two women near Wolkoewysk.

BODY OF AN ACTRESS FOUND IN BATHROOM

NEW YORK, Dec. 29.—(AP)—The body of Mrs. Mary Harrington, 29, an actress, was found in the bathroom of her upper west side apartment today. She had been dead at least 24 hours, police said.

There was evidence that Mrs. Harrington had bled profusely from the nose, police said. Pending an investigation, police declined to express an opinion as to the cause of death.

Papers found in the apartment showed that Mrs. Harrington was the wife of Guy Harrington, a stock actor.

MRS. LINDBERGH HAS ARRIVED AT ST. LOUIS

ST. LOUIS, Dec. 29—(AP)—Mrs. Evangeline Lindbergh, returning to Detroit from Mexico City, where she spent Christmas with her son, Col. Charles A. Lindbergh, landed at Lambert-St. Louis field at 2:25 p. m. today and remained overnight.

Plans had been made to continue to Chicago before dark but these were cancelled when adverse weather reports were received from Springfield and Peoria, Ills., on the route.

PRESSURE OF ICE CAUSED BREAKING OF A DAM

PINEDALE, Wyo., Dec. 29—(AP)—Ice pressure caused the breaking of the New Fork dam near here today and a large area of grazing land was inundated. The flood waters were receding tonight and the damage to property was not believed great.

Two hundred cowboys staged a quick round-up when word was received of the approaching flood and several thousand head of cattle were driven to higher ground.

AIRPLANES AND ARMORED TANKS ON RELIEF DUTY IN STORM-BOUND ENGLAND

LONDON, Dec. 29.—(AP)—Airplanes and armored tanks are playing relief roles in England's great storm—the fiercest blizzard in some parts that England has known in a score of years.

Bread and butter were dropped from the sky into Westerham and neighboring villages in Kent, whose inhabitants are snow-imprisoned. Two airplanes from an airdrome near London carried supplies, but were unable to find a safe landing in the beleaguered towns. The food was placed in bags and dropped by parachutes.

Tanks from two army stations in Hampshire were employed to crush a pathway through the roads piled high with snow. For four days three villages, Grosmont, Llanvetherine and Llangattock, lying near the foot of the Black mountain, Monmouthshire, have been isolated, and unless a thaw comes soon it is feared the villagers and cattle will suffer severe privation.

Floods are adding to the distress. They are widespread in Ouse valley in Huntingdonshire, while the Thames floods, from Old Windsor to Walton, show little signs of subsidence.

Bleak tales of suffering in all the snow buried counties of southern England and Wales were told in London tonight, while weather experts are not yet able to foresee immediate relief from cold, which has gripped Great Britain and parts of the continent, of almost unprecedented duration.

On the sea, too, violent easterly gales have prevailed, causing distress to shipping in varying degrees for six days. Many rural villages are still cut off from supplies by snow drifts reported to be from ten to fourteen feet high, which block the roadways. Other towns in the storm areas have gained access to the outer world after heroic efforts to push through and over vast white barricades.

Meeting the emergency caused by the suspension of the mail trains, Lord Templemore has for two days carried the mails from Winchester to Alresford, Hampshire, over a route of seven miles, and the peer has volunteered to do this work until regular service is resumed.

An aged farm laborer of Somersetshire, missing in the blizzard, was found dead, frozen in the mud and snow.

The imperial airways service to Paris was resumed today after a two days' suspension. The Southern Railway has reopened its Folkestone-Boulohne service, but the Dover-Calais service is still suspended, for the fourth day, because of heavy seas in the channel. Hundreds of expectant travelers are stalled in both French and English channel ports.

G. A. BEEBE IS HELD ON CHARGE OF FORGERY

(Special to The Bulletin)

Willimantic, Dec. 29—George A. Beebe, 36, of Windsor and a temporary resident of South Coventry, who was arrested there Wednesday night by State Policeman Frank A. Starkel of the Stafford Springs barracks on a charge of forgery, was arraigned before Justice of the Peace Albert M. Gilman of the Coventry town court at noon today. He pleaded guilty to four counts of forgery and after finding probable cause Justice Gilman bound the young man over to the next criminal term of the Tolland county superior court under bonds of $5,000. At the time of his arrest a search was made of Beebe's clothing and several check books were found, two being on the East Hartford Trust company and the Manchester City Trust company. He also had a number of checks payable to unknown persons and bank books that showed apparent credit. Although an investigation is being made into his activities with fraudulent checks in other places, the immediate cause of Beebe's arrest came of his giving a worthless check for $200 to the Leonard Brothers Garage, Inc., as payment on an automobile purchased a short time ago. When the check was protested, Beebe gave as security his bank book drawn on a Manchester bank showing deposits of $715. Inquiry at the bank, however, showed that his total deposits in the bank was but five dollars, the figures zeros and one having been placed in front of the figure made by the cashier. Three other checks were given to a representative of the garage. One was for $300, one for $285 and another for $400. The $400 check was made out in the name of the Boardman Coal company and the one for $285 in the name of William S. Pinney of Suffield while the $200 check was a personal one. Unable to secure bonds, Beebe was taken to the Tolland county jail to await trial.

EIGHT CASES IN MANSFIELD COURT DURING THE WEEK

(Special to The Bulletin)

WILLIMANTIC, Dec. 29—To date this week a total of eight cases have been disposed of in the Mansfield town court, seven of these being for violations of the motor vehicle laws and all representing arrests made by State Officer Frank A. Starkel of the Stafford Springs barracks. The cases were heard by Justice of the Peace Albert M. Gilman of Coventry, who was drafted in for the hearings. Grand Juror Walter F. Storrs was prosecutor. To the motor violation charges the seven accused pleaded guilty. They were: Vincenz Glungee of Mansfield, charged with having defective lights and faulty brakes on his car. He was fined $10 and costs, amounting to $22.02.

John Sherman of Windham Center was charged with operating a car with defective brakes. He was fined $10 and costs, amounting to $22.02. Robert B. Gardner of Eagleville was fined $10 and costs, amounting to $22.02 for operating a car with defective brakes and faulty lights. Louis Weingrosz of Hartford was also charged with driving with defective brakes and faulty lights. The usual fine of $10 was imposed and costs amounting to $22.37. Joseph Bourey of this city, charged with having defective brakes and lights on his car was fined $10 and costs, totaling $22.02.

Fred O. Tairo of Columbia was charged with operating an overloaded motor truck equipped with defective brakes. On the first count he was charged $50 and on the second $10 and costs, amounting to $72.02. Raymond Strickland of Columbia faced three charges: Driving an overloaded truck; having defective brakes and not having a registration. Respective fines of $50, $10 and three dollars and costs were imposed. The total assessments were $75.06. These cases were heard Tuesday.

The same officials presided at court in the town hall at Spring Hill, Mansfield, Wednesday night when Stephen Cade of Windham was charged on two counts of setting unmarked traps and failure to care for his traps. He pleaded not guilty and was represented by counsel. Deputy Game Warden Edward Wraight of Rockville, as witness for the state, testified that the violations were committed in Mansfield the latter part of November. Cade was fined $10 and costs on the first count and three dollars on the second, making a total assessment of $22.30.

The Windham town evening school will reopen for the second term Wednesday, January 4, with an increase in registration according to expectations and the precedent of past years.

The case of John Hoffman, 61, of 14 Lewiston avenue, charged with violation of the liquor laws on two counts of keeping with intent to sell and manufacture was taken up in police court this morning and continued until Saturday, January 7.

Willimantic lodge, No. 1311, B. P. O. E. will resume its annual New York's frolic after a lapse of a year. The frolic, for which elaborations are being made, will be held at the new home and will start with a concert Sunday night at 10 o'clock by the Peerless orchestra. Dancing will be in order from midnight to three o'clock Monday morning. In the entertainment is included a musical revue and card playing. The event, exclusive to Elks and friends, will feature several novel amusement stunts. It is in charge of a committee comprising Ralph B. Oates, chairman; Charles H. Palmer, J. Francis Moriarty, Fred Dumaine, Raymond A. Parker, Robert E. Casey and Ernest Bottomley.

The funeral of Francesco Larussa was held from the home of his son-in-law, Joseph Lacerda of 420 Prospect street, this morning with a requiem high mass in St. Joseph's church at nine o'clock. Rev. John M. Balaca was celebrant. Solos were rendered by Miss L. Monica McKeon with Mrs. E. R. Perrigance at the organ. Burial was in St. Joseph's cemetery. The bearers were Frank Russo, Joseph Lacerda, Antonio Selviggio and Charles Tombetto of this city.

St. Jean Baptiste society held its annual New Year's celebration in St. Mary's hall Wednesday night. President Alexis Caisse made the opening remarks. Whist was played with Mrs. Joseph Beriault and Godeon Cote winning first prizes and Mrs. J. O. Bergeron and Joseph Cyr, consolations. Luncheon and old-fashioned dancing followed to music by the St. Jean orchestra. The committee in charge was composed of F. X. Bergeron, chairman; Napoleon Lussier, Dominique Plante, Moise Lafleur, Lucien and Oliver Lafontaine.

Henry Webb, superintendent of the Hartford Rubberoid club and William McGuire, also of Hartford, exhibited motion pictures of the children's relief division of the Hartford club, at the monthly meeting of the Willimantic Rubberoid club in the Nathan Hale hotel Wednesday night. F. Lewis Hall was voted into membership and plans were discussed for the lecture to be given under the club auspices by George Cherry, noted explorer.

Major Joseph R. Morrison of 169th Infantry, Connecticut National Guard is on a six weeks' leave of absence during which he will attend military school for field officers at Fort Benning, Ga. Major Morrison leaves January 1, on orders of Adjutant-General George M. Cole.

In a police drive to put a stop to the parking of automobiles on Main street abreast of machines parked near the curbing, Norman Collins, chauffeur for Dr. Louis I. Mason and Stokes Watson of North Windham were each fined two dollars and costs at the session of police court this morning. The assessments amounted to $7.15.

A supper and Christmas social was held by St. Joseph's Boy Scout band in the band rooms Wednesday evening. Bandmaster Charles N. C. Wheeler was presented with a desk clock and a combination bill folder-card case, emblazoned with the Elks emblem. William Jones made the presentation on behalf of the band. There were 75 in attendance including the Boy Scout troops of the parish.

EASTERN VOLUNTOWN

Mr. and Mrs. William Bitgood thanks their many friends that sent them so many nice presents and post cards. They had about 60 cards. Mrs. Bitgood had a very nice present from Mrs. Fred Gilbert, Jewett City, a shoulder scarf, a nice box of face cloths from Mr. and Mrs. Charles Barber, towels, a face cloth from her grandson, Joel Barber, a nice basket of fruit from her grandson and granddaughter, Mr. and Mrs. Floyd Barber of Jewett City, a nice box of towels, stockings and candy from their son and wife, Mr. and Mrs. William Bitgood of Jewett City, a nice bag of fruit and nuts from Mrs. Lydia Hartig of Ekonk. She made the bag out of black leather and painted flowers on it. It is beautiful.

Mr. and Mrs. William Bitgood had their Christmas all alone.

Thomas Lewis called at the Pine Grove farm.

Mr. and Mrs. Alfred Devolve visited Christmas in Plainfield and Oneco.

Sarah Baker is on the sick list. She is with her daughter, Mrs. Mason Gray, at Campbell Mills.

Mrs. Bell Ingham of Jewett City, Herbert Barber of Massachusetts and Winfield Mason Campbell are spending the Christmas holidays with Jefferson Barber in Eastern Voluntown.

Miss Maynard spent Christmas with her sister and brother, Mrs. Warren Tanner and Harry Maynard, at Ekonk. Miss Maynard works for Mrs. William Bitgood.

Your correspondent was sorry to hear that John Ray Barber of Escoheag was so feeble. They hope to hear of his recovery soon. He has a very feeble mother. She has to go with two canes. She is up in her eighties. The two live alone.

The wedding bells have been ringing at Campbell Mills Dec. 24. Arthur Gileau and Martha Gray were married. Her brother Clifford and sister Grace stood up with them. Your correspondent wishes them a long and happy life.

John Barber's girl is better at this writing.

Earl Davis of Danielson is through sawing lumber on his lot near Mr. Bitgood's. He has a truck drawing his lumber to Jewett City.

George Green's grandson, Herbert August, has gone to South Manchester to spend the holidays.

Mr. and Mrs. James Congdon had for Christmas Mr. and Mrs. Frank Congdon and family from Plainfield, Mr. and Mrs. Lloyd Congdon and son, and Ethal Congdon of Jewett City. They all sat down with a table loaded with everything good when it was time to sit down to dinner. If you want something good to eat go to Mr. and Mrs. James Congdon's. There is where you will get it.

Freddie Congdon is better of his cold so he can go out. We are glad to hear that.

What is the matter with all the widowers and bachelors in Oneco that they let the old maids cut their wood and take in washings? Why don't you go and cut them some wood? Perhaps they might wash you a shirt once in a while and also take them out to ride with your nice pony and carriage.

Dwight Lewis helped William Bitgood saw up wood at his mill Monday.

Christmas was a nice day. No snow to bother to get around, and also the the next day, Monday, was a nice day.

JEWETT CITY

CUTTING OF SUGAR MAPLE INTERESTS DR. JENNINGS

(Special to The Bulletin)

JEWETT CITY, Dec. 29.—A sugar maple which has been a land mark in front of S. R. Gardner's property has had to be cut down, as the tree was dead and becoming a menace to pedestrians. This tree has an interesting history. It was set out by D. G. H. Jennings fifty-one years ago on his wedding day, when he went keeping house in the building now occupied by Mr. Gardner. The tree has outgrown its usefulness, but the doctor is just as active in his profession and in any worthy work as when he first began his medical career here. His years have increased his usefulness and he is without question the most beloved and respected man by the largest majority of people in any community in this vicinity.

GOSHEN

Members of the order of the Eastern Star and guests held a chicken pie supper and Christmas tree at Goshen church, Thursday evening. Members of the order were present from Lebanon, Colchester, Hebron and Westchester. A pleasing feature was a birthday surprise loaf of cake presented E. H. McCall, Jr. The handsome loaf of cake was cut in 50 pieces, there being a lighted candle on each piece. After supper Santa Claus appeared and with the aid of Mrs. Claus the gifts from the tree were distributed to everyone present. Afterwards games were enjoyed.

Goshen Sunday school held its Christmas entertainment Sunday evening with a large attendance. The program consisted of songs by the school and solos by Stephen Gorski, a trio by Edith Jones, Fannie Woerewick and Mary Kostowich; recitations by Helen Kostowich, Edith Jones, Fannie Woerewick, Mary Vanish, an original poem by Mary Kostowich and scenes from the Christmas story by members of Mr. Breshnell's class. "The Bell Ringers" was a very pretty exercise by members of Miss Clara Gillette's class. At the close of the program, gifts, candy and oranges were distributed.

Among those entertaining for the Christmas season were Deacon J. Y. Thomas and Mr. and Mrs. E. W. Jones who had as guests the Thomas families and the Misses Gillette. Mr. and Mrs. Charles Browning and family of Plain Hill were also callers in the afternoon.

E. H. McCall entertained the McCall families of Saybrook and Colchester, also Miss Laura McCall of this place at a Christmas dinner Sunday.

Miss Dorothy McCall, teacher in a private school near Erie, Penn., is home for the holidays.

Mr. and Mrs. Elisha Waterman entertained a large family party at Christmas time.

Mr. and Mrs. J. A. Randall were members of a family party at the house of Mrs. Grace Frink, near Jewett City Monday. Others included in the party were Mr. and Mrs. F. E. Hyde Miss Clara Hyde, Mr. and Mrs. Walter Hyde and family.

LEONARD BRIDGE

Mr. and Mrs. David Walsh attended the funeral services for their cousin, Mrs. Everett H. Bosworth at Vernon Center Congregational church Thursday at 1 o'clock. The services were conducted by Rev. Mr. Gates, pastor of the church. "Abide With Me", "Face to Face" and "In the Garden" were sung. Burial was in the family plot at Columbia cemetery where a brief committal service was read by Rev. Mr. Gates. The floral tributes were beautiful.

Mr. and Mrs. Charles M. Geer and family entertained on Christmas day Edward A. Hoxie of Lebanon, Mr. and Mrs. Earl Hoxie of Liberty Hill, and Mrs. Vera Manning and two sons of Norwich.

Sam Klotio has purchased the Max Himelstein farm and has moved there from Colchester.

Clayton Root and Mr. and Mrs. Leslie Hills are moving back to Mr. Root's place near the station, after living at Westchester for a time.

Miss Fannie Vinograd, a teacher in New York, spent the week end with her mother, Mrs. Rose Vinograd. Misses Pauline and Ruth Vinograd accompanied their sister Fannie on her return to New York Tuesday. They will stay a few days and will visit their father, who is a patient at a New York hospital.

UNION

The schools which closed Dec. 21 will open Jan. 3.

Exercises, in connection with the community Christmas tree, were held at the church Saturday evening, Dec. 24. There was a large attendance, part of the programs which they had. The school children reproduced a large given earlier in the week when they had Christmas trees in their schoolhouses. The schools are showing marked improvement in singing since Miss Dorothy Roy has had charge of the instruction in music. Besides songs and recitations, there were three enjoyable plays. The Red school gave "St. Luck's Wish" and "The Real Santa Claus". The Center school gave a play which told how Christmas is celebrated in various lands. The program, which began with a hymn, "Joy to the World", led by Mrs. Eva Proulx and Rev. H. A. Coolidge, closed with a tender little address by the pastor to the children, who had given such a fine program. The Santa Claus of one of the plays, assisted by willing helpers, harvested the fruit of the Christmas tree.

Among those home for Christmas eve and Christmas day were: Miss Julia Heck of Springfield hospital, accompanied by another nurse, Miss Elizabeth Harris of Vermont; Miss Bernice Young, Miss Betty Leland; Miss Ina Hathaway, Miss Anna Szych, all of Stafford high school; Miss Florence Barrows of Co'd Spring Harbor, Long Island, and Miss Irene Moore of Southbridge high school.

Quick Relief From Rheumatic Pains
New Discovery from France Giving Remarkable Results

A wonderful new kind of treatment, discovered and perfected in France, is producing marvelous results in thousands of even stubborn cases of rheumatism.

This amazing new discovery is the result of the same French chemistry that has given the world the boon of aspirin for the relief of headaches, and radium for the relief of cancer pains.

Rheumatism is due to internal poisons. These poisons are carried by the blood to the muscles and joints, and this new treatment is specially designed to neutralize these pain-causing poisons. The results are usually amazing. Tired muscles become vigorous; stiff, aching joints become supple and smooth; and soon you actually forget you ever had a pain!

The new treatment is called Dr. Remedy's Treatment for Rheumatism, and can be had at any good druggist.

LEWIS-BLACKFORD WEDDING TAKES PLACE AT DANIELSON

(Special to The Bulletin)

DANIELSON, Dec. 29.—A wedding this afternoon at 2:30 on Reynolds street was that of Mrs. Sadie Blackford and John F. Lewis, Rev. Harding W. Gaylord of the Westfield Congregational church performing the ceremony, which was witnessed by relatives of the couple. The guests included Mr. and Mrs. W. C. Bromley and daughter, Betty Jane, of Providence, Mrs. William B. Hanlon, Mr. and Mrs. Leon Shippee and family, Mr. and Mrs. James Blackford, Mrs. Bromley, Mrs. Hanlon and Mrs. Shippee are daughters of Mr. Lewis by a former marriage.

Musical entertainment for the wedding party was by Chester Wilbur, of Providence, a well known radio artist.

Mr. and Mrs. Lewis are remaining at home for a time but are going away later in the season. Mr. Lewis formerly was the owner and manager of the Orpheum theatre here, but sold his interests to the S-A Amusement company.

This morning at the home on East Franklin street, the death of Mrs. Eva Adelaide Ware, 59, wife of Harry O. Ware, occurred. Mrs. Ware had been very critically ill for a number of weeks. Her condition improved somewhat about a fortnight ago, but again declined and for the past few days there has been practically no hope for her recovery.

Mrs. Ware was born in Pomfret, May 22, 1868, a daughter of Mr. and Mrs. Charles H. Miner.

She leaves her husband, a daughter, Esther, a sister, Mrs Mary Maffitt, of Danielson, and two brothers, George H. Miner, of Danielson, and Fred J. Miner, who is resident on Long Island. Mrs. Edward Bennett, of Danielson, is a niece.

Mrs. Olive F. Hopkins died last night at her home in Foster Center, where she had been a resident for years. She was born in Scituate, R. I., 84 years ago, a daughter of Matthew and Ruby Hill Sanders. She was the widow of Henry F. Hopkins. Mrs. Hopkins leaves a son, Leroy Hopkins, a granddaughter, Mrs. Ralph Nichols, and a great granddaughter.

Newly elected officers of the Ladies' Benevolent society of the Westfield Congregational church are: President, Mrs. Helen S. Dowe; first vice president, Mrs. W. F. Bidwell; second vice president, Mrs. John Merrick Paine; secretary, Miss Carrie Fellows; assistant secretary, Mrs. Morrell; treasurer, Mrs. A. M. Thompson; assistant treasurer, Mrs. Robert Tyrell.

Deer are so numerous in territory hereabouts as to cause comment even among those who are accustomed to seeing them in their usual haunts. A report came to hand today of a herd of 32 seen within a dozen miles of Danielson during the present week. This is not good news to orchard owners, though snow has not bothered the deer so far this winter in getting their ordinary rations.

In the Union St. John Baptiste hall last evening a very successful whist party was conducted by members of St. James' parish in the first of a series of an arrangement under which members of the parish in certain streets will be in charge of the arrangements and particularly responsible for the success of each event. This first one was a real success, and the credit goes to parish members resident in the Franklin and Dyer street section, as sponsors. The hall was very prettily decorated and the attendance large. It is now indicated that the entire parish will respond enthusiastically in participating in these weekly events, and forecast that each district of the parish is bent on outdoing the others. The Franklin-Dyer street group have pioneered the plan, and they have set a real record to match, or surpass. Families resident in the Regis block on Franklin street headed the committee that arranged last night's whist. Honors, for the ladies, were won by Mrs. Adam Beausoleil; second place in the list going to Mrs. Henriette Bernier. In the men's group, first honors went to Mrs. D. Laigon, second place to Clifford Withey. Consolation honors went to Miss Gertrude Plantier and to Alphone Ballard.

The year that will dawn next New Year's day will be the 220th anniversary of the incorporation of the town of Killingly. The fact recalls that the bicentennial was ceremoniously and impressively observed here 20 years ago next summer. Taking a few long looks ahead, one may predict that something will be done about a 225th anniversary observance. There have been changes, a great development and fine growth of community spirit in the past twenty years. As it grows greater in the next five years, it is not impossible that it will be the means of doing honor to the pioneers who opened up this new historic territory.

A recent wedding at the home of the bride's sister, Mrs. Everett Mitchell, of Broad street, was that of Miss Annie Anderson and Roy Skaling, both of Worcester. Elder Augustus Slade, of Lancaster, performed the marriage ceremony. The bride wore a gown of white silk crepe and carried a bouquet of white and yellow carnations. The couple was unattended. Christmas green constituted the decorations. There were 25 guests, representative of a number of southern New England towns and cities. After a wedding trip to New York, Mr. and Mrs. Skaling are to make their home in Lancaster, Mass.

A fifth red fox has been added to the season's record that Deputy Game Warden Gurdon E. Withey has made in hunting reynard.

The building committee of the Brooklyn Savings bank held a meeting this evening to inspect and decide on plans for the new banking house, on which work is to be started in the early spring.

Sister Mary DeSalles, New Britain, whose home was in Danielson before she entered the Sisterhood of St. Joseph, is visiting at the convent on Franklin street.

Rev. Joseph A. Demers, M. S., has returned here after a Christmas visit at his home in Fitchburg, Mass.

It is already indicated that many who have delayed until now are not going to get 1928 registrations for their cars in time for the new year.

George A. Praxton, of Springfield, was a visitor with friends in Danielson today.

Tenants who have leased quarters on the second floor of the new Dowe building are, in some instances, to occupy them during the coming week.

Miss Ruth Young, of Providence, has been spending a few days with her grandparents, Mr. and Mrs. Frank T. Preston, of Broad street.

Mrs. Harriet Wheatley is to leave during January to spend the remainder of the winter in Florida.

The December Family Church night gathering was held this evening at the Westfield Congregational church.

From a number of communities in this section journeys started today by those who are to spend New Year's with relatives in Canada.

If those who are to be put to plea... at all superstitions, they will get a real thrill at being presented at the new term of the Windham county superior court, criminal side, when it convenes on Friday, the 13th of January, to which date the opening has been adjourned, attorneys here were notified today.

Unless the record is changed in the next 48 hours from the time this is being read Friday morning, December of this year will have produced less snow than any other December in many years. In December of last year the approximate snowfall was 21 inches in this territory, and the average temperature far lower than it has been in December of this year. The snow and sleet fall here this December has to date been between 3 and 4 inches.

The winter issue of the telephone directory is to be delivered to subscribers in the Danielson division within the next few days.

Schools throughout the town of Killingly and Brooklyn will reopen next Tuesday morning for the winter term.

Miss Irene Martin and Miss Grace Martin are to leave Friday to spend the New Year's season with relatives in Newark.

There is special interest in this town in the fact that Attorney J. J. Desmond, as coroner for New Londoc county, has found Fred J. Grandchamp guilty of criminal negligence in causing the death of William J. Towart on the night of Dec. 10. Mr. Towart at the time, riding in a car with his brother, was on the way to East Killingly for a visit with his mother.

Orient lodge, No. 37, Knights of Pythias, observed its golden anniversary tonight with 100 people representing the organization and guests from Norwich, New London, Willimantic and other places in the eastern part of the state, in attendance. Chancellor Commander Marion C. Young welcomed the guests. In the early part of the evening there was a banquet at the Attawaugan hotel where a special dinner was served. A program of entertainment in Pythian hall included a banjo number by Badet Hand, reproductions of The Black Crow by Ralph Sholes, and readings by Mrs. T. W. Logee.

During the evening a musical number by Bel Fenvo Eiphthico orchestra was rendered.

PUTNAM

MANY ATTEND FUNERAL OF MRS. KIMBALL IN BOSTON

(Special to The Bulletin.)

PUTNAM, Dec. 29—Funeral services were held at the chapel at the Mount Auburn cemetery, Cambridge, today for Mrs. Marcus M. Kimball, well-known summer resident of Pomfret, who died at her winter residence, 101 Chestnut street, Boston, on Sunday. Burial was in the Mt. Auburn cemetery. The Rev. F. H. Birelow of Pomfret assisted at the service.

Pomfret friends were deeply grieved to learn of Mrs. Kimball's death on Christmas morning. She had been in ill health for several weeks, but the sudden termination of the illness in death was unexpected.

Mrs. Jeanie Lawrence Kimball was the daughter of the late Benjamin Perkins and Josephine Welsh Perkins. She was born in Philadelphia, November 4, 1868, but in her youth the family had moved to Pomfret. In recent years Mrs. Kimball has remained there only during the summers, spending the winter in Boston or abroad.

She had many friends in Pomfret, and welcomed many guests to her home "Bark Meadow." She was a member of Christ church, and a generous supporter of the Day Kimball Hospital of Putnam.

She is survived by her husband, Marcus M. Kimball, president of the hospital board of trustees. Two sons, Lawrence and Day Kimball, are barristers in London, England. They reached New York on the Mauretania Tuesday of this week and hastened to Boston. Two brothers, G. Lawrence Perkins and Russell Perkins, are also residents of Pomfret and well-known in Putnam. The former is on a trip to Morocco, but the latter was in Boston at the time of his sister's death.

Because of the holiday being observed on Monday, the weekly session of the card tournament between the members of the Elks and the Masonic club was held on Tuesday evening. The games were played at the Masonic club rooms on South Main street. The attendance was not as large as usual because of the other holiday attractions, there being but fourteen tables in play. The Masons this time won by a score of 9 to 5, however the Elks are still in the lead with a total score of 93 to 79. The score follows with the names of the Elks appearing first:

Auction Bridge—Milot and Lewis won from Holden and Miron; Mansfield and Charron won from J. Johnson and Duffey; Champlin and W. Averill lost to Jenkins and William Wheaton; E. Gagne and W. Rafferty lost to Dean and Simpson; Nikoloff and E. Johnson lost to Morse and Geissler; Halsall and Metcalf lost to Brousseau and Miner; Wheelock and Macdonald lost to Combs and Kerr; C. T. Thayer and P. Gagne won from Sherman and Stanton. Score—Elks 3, Masons 5.

Bid whist—Miller and A. Brousseau won from S. Diamond and Moss; Wheatley and Bourgeois won from Twigg and Loomis; Birth and Cavanaugh lost to Shaw and Schoonover; Tourtelotte and Robinson lost to Seward and Baker. Score—Elks 2, Masons 2.

The girls of the Howe-Maret school at Thompson have sent to the matron of the Day Kimball hospital, their usual offering at this time, to be used for the support of a free bed, for a child at the institution. For a number of years the girls at the school have had an entertainment before Christmas for the purpose of supporting the free bed and for providing Christmas joy for the children at the Windham County Home.

Henry R. Carignan has been named as postmaster of North Grosvenordale. He was selected from a list of four applicants and is now receiving messages of congratulations from his many friends and acquaintances in this section of the county.

The duties of postmaster will not be new to him as he has been acting postmaster since February 15, having been appointed to fill the vacancy created by the resignation of John E. O'Clare. During the time he was employed in the Grosvenordale office by Adolphe J. Dery, he acted as his assistant postmaster, meat cutter and assistant buyer to Dr. Dery.

Mr. Carignan has lived in the Grosvenordales since 1908 and attended both the grammar school and the Tourtellotte Memorial high school. He has served the public for the past twelve years.

The office of the Windham County Y. M. C. A. will be located in Danielson after January 1, being transferred from Putnam where it has been located since the county organization in 1921. It is thought that Danielson is more centrally located in the county and will therefore help the secretary to keep in closer touch with the southern end of the county. Though transferring the main office to Danielson, Secretary L. Edwin Hill and his family will continue to reside in Putnam and he will maintain a branch office at his home at No. 205 South Main street.

A New Year's eve party for all of the young people of the city will be held in the chapel of the Second Congregational church on Saturday evening. A committee representing the young people of the Methodist, Baptist and Congregational churches of the city is planning an extensive program of games and other sources of entertainment and an enjoyable evening is anticipated. Besides the entertainment there will be refreshments served and the evening will end with a short religious program just before the coming of the New Year.

Frank G. Johnson, aged 67 years, died at his home in West Thompson this morning. He has been a resident of West Thompson for more than twenty-five years and is a well known and highly respected citizen of the community.

He is survived by his wife, four daughters and one son. He also leaves a sister and brother in Sweden.

Ellsworth Hurlbut, the 12 year old son of Mr. and Mrs. H. Ray Hurlbut of Woodstock avenue fell on the ice last week while skating and injured his knee cap. Water formed on the knee and an operation was performed to draw the water from the knee. The boy appears to be making a rapid recovery and it is thought that he will be able to attend school when it opens next Tuesday.

Mr. and Mrs. Henry I. Buell of Eastford have announced the engagement of their youngest daughter, Miss Grace I. Buell to Ian M. Byers of Phoenixville. Miss Buell is a graduate of the Putnam high school.

Leo Bourgois, son of Mr. and Mrs. Euseba Bourgois of this city and Miss Ethel Carpenter, daughter of Mr. and Mrs. Charles Carpenter of South Coventry were married on Monday morning at St. Mary's church, South Coventry. Rev. Fr. Moran, pastor of the church conducted the nuptial high mass and performed the ceremony. The attendants were Miss Effie Carpenter, sister of the bride and Edmund Bourgois, brother of the groom.

After the wedding breakfast, Mr. and Mrs. Bourgois left for a trip to Providence and Boston and on their return will make their home with the parents of the groom for the present.

The opening of the January term of the superior court has been postponed from January 3 to January 12 and the session will be held in the court room in Putnam.

Dinner-Dance For Gibbs Sherrill.

In New York Tuesday night a dinner was given by Gen. and Mrs. Charles H. Sherrill (George Parker Gibbs, formerly of Pleasant, Norwich) at the Ritz-Carlton. The dinner, which was followed by dancing, was for their son, Gibbs Wynkoop Sherrill, and a feature of the night was the music of a large orchestra conducted by Paul Whiteman, which played throughout the dinner and later for dancing in the main ballroom. The dinner was served in the crystal room, where the decorations were in holiday colors.

Among the guests were the French Ambassador and Mme. Paul Claudel and Misses Marie and Reine Claudel, the Spanish Ambassador and Senora Alejandro Padilla, the Chilean Ambassador and Senora Carlos Davila, the Argentinian Ambassador, Honorio Pueyrredon, and the minister from Czechoslovakia, Zdenek Fierlinger, who had come on from Washington for the affair.

In the lengthy list of guests was a former Norwich man, Rutger Bleecker Jewett, now of a prominent publishing firm in New York.

NEEDLESS SACRIFICES

The latest attempt to fly across the Atlantic, with what appears to be a fatal ending before the actual crossing was undertaken, was not needed to demonstrate the dangers which prevail in such a flight.

The goal in this particular instance was the honor of being the first woman to fly over the Atlantic without a stop between continents. It was hoped to accomplish it some months earlier, but conditions and trouble with the plane prevented it at that time and there was reference paid to the warnings against trying to attempt under adverse conditons a flight which contained sufficient hazards under the best of conditions.

Many lives have been sacrificed this year in just such efforts at this. While some have successfully flown over the Atlantic and from California to Hawaii others in too large number have lost their lives in what amounted to little more than a race with death. In practically all of these instances the purpose of such flights has been the distinction of being the first to accomplish it, the publicity and the financial benefit which it was expected that would follow.

Although women have been ready to throw away their lives, as they have done, it is to be realized that nothing was accomplished by it and nothing in the advancement of aviation would have been contributed had the flights been successful. It is not to be expected that because so many lives have been lost that further transatlantic flying will be stopped. On the contrary, it is certain that it will be continued but it should be surrounded in every instance by all possible measures of safety, the elimination of passengers who can be of no assistance and the abandonment of the idea of racing where the chief object is to see who can get there first.

Such cases cannot be said to be a benefit to aviation. It not only involves the risk by those who try to make the flight but also that of those who are more or less obligated to make a search for them in the hope of rescue, even though the disregarding of advice and conditions brands the stunt as foolhardy.

DEBT REDUCTION GIFTS

There are always those who are ready to lend their assistance in every good cause and there are those who possess the initiative to set these good causes in motion. All occupy an important place.

Just now attention cannot fail to be directed to the effort which has been revived in England to bring about a reduction of the national debt through contributions. It cannot be said to be a new idea, for ever since the war it has been going on to a greater or less extent until something like $5,000,000 has been given toward a fund for that purpose. Recently it has been increased by an anonymous donor who added a half million dollars to it, but with the provision that it should be held intact at compound interest over a long period that the greater benefit of the gift might be obtained and probably with the idea that it would inspire others to go and do likewise.

The British debt is a large one. It means the country must carry the burden for a long time and it is perfectly evident that there are many who are not only able but willing to contribute to a pool for hastening the time when the debt will be eliminated.

Even with the $5,500,000 already given, part of which is to remain at interest, it will be a long time before much of an impression on the debt will be made, for it is to be remembered that it incurred a debt of $4,600,000,000 during and after the war. In the past five years Great Britain has paid this country a total of over $700,000,000 in principal and interest. In the next five years the reduction will be increased by something like $300,000,000, after which there will be a further increase and this rate of reduction will be maintaned until the debt is lifted.

Somewhere in those later years there will be available the proceeds of the sinking fund that is being contributed. This cannot fail to be a relief to the country whenever it is used and an impelling example to the sons of Great Britain.

OKLAHOMA'S TEMPEST

For some time there has been a real tempest in the teapot in Oklahoma. It is not the first time that state has turned upon its governor but in the present instance it doesn't appear that those responsible for the impeachment proceedings against Governor Johnston have gotten very far. They have shown a defiance of the highest court in their own state and have endeavored to carry out their object at any cost, but they haven't succeeded. The governor has offered strenuous opposition to all moves. He hasn't had his way, but in the last move he appears to have won out.

All legal methods were adopted for the prevention of the meeting of the members of the Oklahoma house to consider and act on impeachment charges. The members met, although denied the opportunity to gather in the state house, heard and approved the charges and turned them over to the senate for action.

To prevent the senate from serving as an impeachment court an injunction was obtained from the supreme court. The senate paid no more attention to the injunction than the house did to the opinion that it could not call itself together. It met in a hotel after being prevented from meeting in the capitol, got down to business and after deciding that the house had no authority to convene itself and bring charges dismissed the impeachment.

This brings the matter right back to the point where it was before the house met. It means that the court of the state has been upheld by the senate and while the charges made against the governor have not been heard it doesn't appear likely that further efforts will be made.

Contempt of the supreme court is not a pleasant thing to contemplate. Just what will be done in view of the senate's violation of the injunction that was issued remains to be seen. The senate has, however, by its action put an end to the trouble that has existed for a long time. Even though it violated the injunction it otherwise upheld the court and the governor, something which must have come as a surprise to the governor in view of his opposition to its meeting.

DELAYING TAX BILL

Evidence accumulates to the effect that delay rather than speed will characterize the progress of the revenue bill in the United States senate.

It has been made apparent that something more than guesswork must govern the action of the upper house. When the representatives decided to cut taxes by more than $67,000,000 in excess of what the treasury advocated it was made clear that a hit or miss policy could not be followed. Just because certain reductions were desired, regardless of what the effect would be, does not justify plunging in recklessness.

The whole taxation problem is such that it should be handled in a sane and sensible manner with due regard for the income and with full respect for the deficit that may be invited. Through delay rather than through speed it is figured that this view of the situation may be obtained in the senate.

Putting off legislation is invariably frowned upon, but in this instance if it is delayed until after the middle of March, by which time it will be possible to tell what the government is going to receive in the way of income for the first quarter, there will be figures available instead of estimates. It will be known what the latest basis for figuring income is and furnish additonal ground for standing back of the treasury's limit for tax reduction or yielding to the cut which the house has favored.

Through such a wait it would also be possible to get a better idea of what congress is going to do in the way of large appropriations for certain measures which must get attention at this session. That likewise has a bearing upon how deep a tax cut can be made.

LYNCHING DECLINES

According to records which have been kept by the National Association for the Advance of Colored People a decided change for the better has taken place during the year in regard to lynching. Where there were 34 cases in 1926 there have been but 21 in the present year. This is a movement in the right direction but whether it represents anything more than the swing of the pendulum from high one year to low the next is a question which time alone will answer.

Whether it represents such a change that it can be expected to continue or not, there is always cause for satisfaction when such an improvement is shown. For some time a different attitude has been manifested in the lynching states. Some of the former leaders are conspicuous by their absence or their very low score. This represents a change for the better, a response to the better sentiment of such commonwealths and marks a decided contrast to former conditions and the situation which prevails in other states.

This year Mississippi is the leader in the lynching states with seven to its discredit. There a disregard for law has developed which is deplorable. If it isn't a lynching it is a flogging that places the state in disgrace before the rest of the nations and carries with it a reflection upon the whole country. Perhaps in time Mississippi will be brought to a realization of its grave mistake, even as Georgia was, but it is certain that it cannot come any too soon if the law of the state is going to amount to anything and that commonwealth expects to keep the respect of the others. Nothing spurs on the efforts for a national law against lynching more than the wholesale manner in which it is tolerated in Mississippi.

A KISS WITH INTEREST

"Goodby, dear," Hortense turned away from her husband, bending over her, and replied:

"Don't expect me to kiss you after what you've said."

"But, dear, all I said was that we couldn't afford it, and we can't you should know that." Hortense whirled in her chair to face him.

"Other men's wives have a good time. Why can't I?" Jim, standing with his hat and coat, took up a piece of toast and gulped the last of his coffee before replying.

"Maybe other men's wives don't always lose at bridge. Kiss me, dear, I've got to go. I'll be late at the office as it is." Hortense gathered her kimono about her and again turned away.

"No, I won't."

"All right. Coming to the door with me?"

"No." Hortense equited over the quick look of pain that came into his eyes.

"Goodby, dear," he said softly.

She bit her lip to keep from replying and turned to her breakfast. She sat steadfastly in her chair while she heard Jim walk to the door and slam it behind him.

"Mr. James Cartwright," she murmured to herself. "I'll break you of the bad habit of finding fault with your wife. I'll go to the bridge party this afternoon and I shall probably lose, but I don't care." She finished her breakfast, left the table and an hour later was still leisurely completing her toilet when the telephone rang.

"And that," she said triumphantly, "is James Cartwright calling to apologize."

"Hello," she cooed into the transmitter and gasped in disappointment when a heavy voice asked, "Is this Mrs. James Cartwright?"

"Yes."

"This is Detective Larson of headquarters. We have just taken a man to the James hospital who was driving your car. It is urgent that you come over to identify him."

"Oh, why—how—" Hortense began, but the receiver clicked at the other end.

For a stunned moment Hortense sat unable to think or do anything and then mechanically she called a number.

"Oh, Margaret," she sobbed, "Jim's been hurt in an accident. He's dying, maybe—dead by this time, maybe—and I didn't kiss him goodby."

"I'll be right over," Margaret replied.

Hortense buried her face in her arms and was still crying when Margaret arrived ten minutes later.

"Come, dear, you must get dressed. Where is Jim?"

"At the hospital."

"Yes, I know, but which hospital?"

"J-James—" sobbed Hortense.

"I'll call a cab," said Margaret as she hurried to the telephone.

"Is he hurt awful bad?" asked Hortense, when Detective Larson met her at the door of the hospital.

"He's messed up pretty much," was the unfeeling reply.

"How did it happen?"

"Speeding," was the answer, given in a voice that seemed to ask if there could have been any other reason.

"Oh," wailed Hortense. "I can see what happened. I wouldn't kiss Jim goodby and he felt so hurt he—drove too fast and—and—it's all my fault."

She was still muttering "It's all my fault," when she was led into the room where a bandaged face rested on a pillow.

"Why," she gasped, "that's not my husband."

"That's what I thought," the detective replied. "Know who he is?"

"Yes," Hortense answered. "That's the man I hired to work in the yard last week."

"Uh, huh," Detective Larson said slowly. "And then he looked over the job and got away with your car last night."

"Oh," Hortense breathed in relief and rushed to the telephone on the table.

"Jim, dear," she said into it, "are you all right?"

"Of course," came Jim's reassuring voice. "Why?"

"Jim, I called you to tell you that I'm not going to the bridge party this afternoon and when you come home I'll give you a hundred kisses for the one I didn't give you this morning."

"Good Lord!" Jim's voice rang in her ear, "what's happened?"—Chicago News.

YOUR HEALTH

Do You Hurry?

By Jesse F. Williams, M. D., New York Member Gorgas Memorial

(The following is one of a series of articles prepared under the direction of the Gorgas Memorial as part of its Better Health and Longer Life program. President Coolidge is the honorary president of the memorial, which has been organized and endowed by prominent doctors and laymen throughout the country to perpetuate the work of the late Major-General Gorgas in preventing unnecessary illness. Headquarters of the Gorgas Memorial are at 400 North Michigan Avenue, Chicago.)

Modern rush and hurry, high pressure methods, excessive wear and tear are given as explanations at times of disturbed function of the body. The irregular heart, the indigestion, the sleeplessness, the nervous condition of many persons are attributed in part to these conditions of modern life.

Modern civilization is different from the life that man has known for at least 50,000 years. In less than 150 years he has had to adjust an organism that arose in relation to a simple environment. He has had to take essentially a primitive organism and make an acquaintance with automobiles, aeroplanes, constant noise, and the general slogan of "Do It Now."

There are problems of health in such a situation for everyone. Do you have to hurry? Well, there is a difference between rapid movement, quick response, and a feeling of hurry, rush, and haste. One today must learn to cultivate poise and tranquility in the face of urgent demands for speed. One may drive an automobile forty miles an hour and be muscularly relaxed, mentally unhurried, emotionally tranquil, although such speed is not conducive to tranquility. Untrained, undisciplined persons allow conditions to control them. In them, whatever situation arises, is the explanation of the emotional debauch. Self-control, or self-direction, or self-discipline is a cultivated thing. It is attainable in varying degrees.

Poise, control, balance are as difficult for man in the physical field as they are in the mental. Deprived of the four points of support that once made for security, he is forced to balance upon a base 50 per cent. smaller. There are no known degrees of relationship between physical poise and mental poise, but much is suspected from observation. At all events, it is clear that physical states influence mental and emotional ones quite as definitely as the latter do the former. This explains why rushing and hurrying are accompanied by the sense or feeling of haste.

Now all persons who seek to take control of their lives and to direct them must rise above the hurly-burly rush of the world. The values in life must be established by other standards than "getting things done." To be sure, you have the appointment, and you should be there, but you must be speedy in your movements and poised in your mind or you will be unable to do your best in the appointment.

The growth of human personality from childhood to adulthood is a phenomenon of getting control over one's self, with power to direct one's inner resources and expressions. Along the way are human wrecks and disasters that have failed by various reasons to acquire this control. Health is hazarded, efficiency is compromised, but, more important, happiness is lost. The "peace that passeth understanding" can never be attained if one is hurried or rushed mentally. Keep your poise! Keep your control! Take the wheel and drive yourself! Put hurry in the back seat and allow no backseat driving.

Little Talks on Thrift

Installments.

Buying a home on the installment plan, when the terms and conditions are equable, is an excellent way of practicing thrift.

One concrete example may be given, which is typical of thousands of cases throughout the United States. A young married man who earned his living by keeping books for a number of individuals and small business concerns, was making about $250 a month. This was just enough to meet his current expenses. He did not find himself able to lay by anything for an emergency and the outlook of bettering his conditions in life was dark.

A business man for whom he did work persuaded him to buy a home on the installment plan. He was able to find one for $13,000 that was suited to the needs of his family in the city of 15,000 where he resided. Owing to the fact that he was a young man of sound character and industrious habits, he was able to secure the necessary backing and purchased his home on a contract calling for monthly payments of $140.

This constituted quite a burden to him, considering his income, but in three years he has built up a substantial equity in addition to which his property has increased in value at least $1,000. Meanwhile, his income has increased about $150 a month. More and more of his monthly payments are, of course, going into equity so that he is now rapidly getting ahead, where three years ago he was, financially speaking, in a treadmill.

It is perhaps not always possible for a family without resources and of limited income to make such an arrangement, although one doubts if any young man of good repute could not find within his community those who arewilling to assist him in such a worthy venture.

It is unfortunate that in the development of thrift in this country, the process of saving money and putting it in a savings bank has been emphasized to the exclusion of other worthy methods of getting a start in practice of thrift. More encouragement should be given to home owning on the installment plan.

IN THE PUBLIC EYE

Edwin Rogers Embree, the newly chosen president of the Julius Rosenwald Fund for the improvement of conditions and institutions throughout the world, is a journalist by training, formerly identified with Yale university and its alumni weekly, and at one time a member of the staff of a prominent New York newspaper. He was graduated from Yale in 1906. As secretary and later vice president of the Rockefeller Foundation, Mr. Embree has shown organizing and administrative ability of a high order. In his new position, which he will assume soon after January 1, he will direct one of the largest philanthropic enterprises outside of New York. The Rosenwald Fund, founded by Julius Rosenwald, eminent Chicago merchant, has already made gifts to a variety of causes amounting to more than $8,000,000.

IN THE DAYS NEWS

The Hesses and the Hessians

"The German state of Hesse, which is reported to have abolished capital punishment, lies in the middle of the Rhine Valley and is slightly larger than Delaware," says a bulletin from the Washington, D. C. headquarters of the National Geographic Society.

"Though small in area Hesse is ancient in history and important in its position at the junction of the River Main with the Rhine. The modern state was formed from the Grand Duchy of Hesse-Darmsdat, so called to distinguish it from its neighbor Hesse-Cassel.

"The two Hesses were formerly one, but the duchies were separated in the sixteenth century. It as from Hesse-Cassel, now a part of Prussia, and not from the modern state of Hesse that George III of England secured his mercenary troops for use against the American revolutionists. After the incorporation of Hesse-Cassel into Prussia in 1866, Hesse-Darmsdat was known as the Grand Duchy of Hesse and later became a state of the German Republic, called simply Hesse.

"As at present constituted Hesse consists of three provinces, Rhine-Hessen and Starkenburg, the two southern divisions, lie one on either side of the Rhine. Ober-Hessen, cut off from these by a narrow strip of Prussia, is situated in a region of low hills which separate the valleys of the Rhine and the Weser. The whole state has the shape of a dumb-bell from which the connecting rod has been removed. Rhein-Hessen and Starkenburg form one ball and Ober-Hessen the other. The district surrounding the Prussian city of Frankfort separates the two.

"Ober-Hessen is an interesting country with its hills rich in iron and manganese and its fields of waving rye and barley. Giessen is the capital and chief city of this isolated province. The pride of the town of Giessen is its university, founded in 1607. In the main, however, Ober-Hessen is an agricultural and industrial region.

"For romance the traveler must seek the river provinces of Rhein-Hessen and Starkenburg. Here are vineyards world-famous for their sparkling wines and cities which date back to the days when the Rhine was northern frontier of the Roman Empire.

"Such a city is Mainz near the junction of the Main and Rhine Rivers, formerly one of the strongest fortified points in the Rhine Valley. Here the Roman general Drusus, stepson of the Emperor Augustus, established a camp, around which gathered local artisans and Roman traders. Thus grew up a city later which became the capital of a Roman province and the base of Roman operations. The Christian religion was introduced and after the fall of the Roman empire the city was for centuries ruled by its bishops. After the formation of the German Empire, Mainz was strongly fortified, but these fortifications were demolished in 1920. In recent years the city has served as headquarters of the commander-in-chief of the French army of the Rhine, known as the army of occupation.

"Another historic city of Hesse is Worms where Martin Luther defended his doctrines before the Emperor Charles V. One of the most distinguished audiences ever assembled to witness the occasion. The ancient episcopal palace in which the historic scene took place has been demolished, but a modern memorial now marks the spot. Worms boasts a nine-hundred-year-old cathedral that is considered one of the finest examples of Romanesque architecture in Germany.

"Darmstadt, capital of the modern state of Hesse, is an industrial town of about 90,000 inhabitants, situated in the middle of a flat country of little interest to tourists. It is noted for its iron foundries, machine shops, and chemical works. The city has peasant residential sections and a ducal palace dating from the fourteenth century. It as residence here that gave the rulers of this region the title of Landgraves of Hesse-Darmsdat to distinguish them from their neighbors the Landgraves of Hesse-Cassel who lived in the city of Cassel further to the north. It was from Cassel that Hessian mercenaries departed for America in Revolutionary times.

"Frederick of Prussia is said to have so disapproved of the proceedings that he levied a cattle tax on the little army when it passed through his dominions, saying that they were hired out like animals. In 1866 Hesse-Cassel was annexed to Prussia because that duchy had sided with Austria in the war between these two great German states.

"Thus it is that the American student of history must look to modern Prussia instead of modern Hesse for the home of the Hessians of Revolutionary fame. But he will find in modern Hesse, the old Hesse-Darmsdat, a Rhine country full of scenic charm and historic splendor, teeming alike with romantic legend and up-to-date industrial enterprise."

Stories That Recall Others

"But It Doesn't Hurt"

Six year old Mabel had never seen anyone's nose bleed. One day while she was playing her nose started to bleed. She ran to her mother, saying, "Oh, mother, my nose is broken but it doesn't hurt."

Pudding is "Detoured"

The head of the household had a boyish habit of visiting the pantry after the cook's departure and devouring all surplus sweets. One morning after a night's invasion of the pantry the cook asked her mistress: "What do you all want for dessert for dinnah?"

"I think the date pudding left from yesterday will be sufficient for today," said the thrifty housewife.

"That pudding's been detoured by that meddlin' husband," was the irritated reply.

LETTERS TO THE EDITOR

Inquiry Concerning Ann Story

Mr. Editor: I am passing along an inquiry made to me by a friend in the western part of the state, who is a descendant of the Story family and wishes to know if there is in Norwich a monument erected to the memory of Ann Story and if so was she celebrated for anything special, or is it a simple cemetery memorial? Not being able to give any information myself, I am referring it to the editor and Norwich readers, thinking some one may be able to help me out, for which I should be properly grateful.

Fined For Fighting

Mr. Editor: There appeared an item in this morning's Bulletin stating that the writer was arrested for fighting with his neighbor one Mike Golumb, and was fined $10 and costs.

The fact is that Mike Golumb is not the neighbor of the writer and furthermore, the writer wishes to state that he was not fined for fighting, only for talking too much to Judge Libby, and for which the writer is exceedingly sorry and, by this letter, wishes to apologize to the honorable Judge Libby.

Thought his case was hopeless

Resinol cleared away pimples in a week

Lexington, Mass., March 5:—"I had been suffering from shaving pimples on my neck for years and, I believe, had tried everything under the sun for them without avail. One day on a friend's advice, I purchased some of your Resinol Ointment and was astonished at the quick results. After a 4 week's constant use, the pimples disappeared completely, leaving the skin clear and fresh. I had thought my case was hopeless, so you can readily see why I was overjoyed at this cure! You can be sure that henceforth you have one more loyal booster for your product." (Signed) Fred J. Fox, 8 Bloomfield St.

BURGESS BEDTIME STORIES

Whitefoot Is Tempted

Who can his appetite command
Most all temptation can withstand.
—Old Mother Nature.

Curiosity is a most persistent thing. It just will not leave you alone. Just when you think you are rid of it up it bobs again at the most unexpected time. Now, of course, it was natural that Whitefoot the Wood Mouse should be a little curious in regard to Striped Chipmunk's home. It was somewhere down under the old stone wall. That much Whitefoot knew. You see, Striped Chipmunk had unexpectedly popped up one morning.

Whitefook told himself that Striped Chipmunk's home was no business of his. Nevertheless, every once in a

"Beechnuts!" said Whitefoot under his breath

while when he was running about in and out of the old stone wall he would find himself looking for Striped Chipmunk's home. He didn't actually go hunting for it, but just kept an eye out for it while he was exploring on his own account.

And then quite unexpectedly he discovered it. At least, he discovered the entrance to it. Whitefoot stared at that little round hole in the ground just under the edge of a big stone. He put his nose down and sniffed gently. There wasn't much odor there, but it seemed to him that there was a faint, a very faint, odor of squirrel. Somewhere down below there Striped Chipmunk was curled up fast asleep. Whitefoot was sure of it.

"It won't do any harm to just look inside," said Whitefoot to himself. "I don't believe Striped Chipmunk would mind if he were awake. I won't touch anything. I should like to know how he has his home arranged."

For a long time Whitefoot sat at the entrance of Striped Chipmunk's home. Sometimes he ventured to put his head inside, but always pulled it out again in a hury. He wanted to go inside, but somehow he didn't dare to. You know, Whitefoot is a timid little fellow. I don't know of any one more timid. He went away and left Striped Chipmunk's home, but in a little while he was back again. He did this several times. Then finally he ventured in down the dark hall a little way. How he did scurry back to the entrance! Then, growing bold, he went a little father in. It was curiosity that was leading him. Yes, sir, curiosity wouldn't give him any peace at al. So he kept running in and running out of Striped Chipmunk's home, and each time that he ran in he ran a little farther in.

By and by he found another little doorway opening off the long hall. He didn't know whether to go through this new doorway and see what was beyond or to keep on down the long hall. He sat in front of the doorway and sniffed.

"Cherrystones!" said Whitefoot under his breath. "Cherrystones! I wouldn't mind a few cherrystones myself just for a change. I wonder if that is all Striped Chipmunk has got."

So, because he wanted to find out if that were all Striped Chipmunk had in his storehouse, Whitefoot decided to go on a little farther. Pretty soon he came to another little round doorway. He stopped in front of this little round doorway and sniffed.

"Beechnuts!" said Whitefoot under his breath. "My, my, how I do like beechnuts! I wonder where Striped Chipmunk got them. I wonder if cherrystones and beechnuts are all that Striped Chipmunk has."

So, wondering about this, Whitefoot went on a little farther, and presently he came to another little doorway. He poked his nose just inside and wiggled the end of it. "Corn!" said Whitefoot under breath. "Corn! I do like corn! I don't believe Striped Chipmunk would miss a little corn, or a few beechnuts, or a cherrystone or two. I don't believe he would."

But just then down ahead of him some one yawned. It was Striped Chipmunk. Whitefoot didn't stop to take a piece of corn, or a beechnut, or a cherrystone. He scampered out of Striped Chipmunk's house as fast as his legs could take him.

OBITUARY

Nicholas Walsh

At nine o'clock Wednesday evening, the death of Nicholas Walsh occurred at his home 57 Prospect street after a long illness. He was one of the oldest residents of Greeneville. Mr. Walsh was born in Norwich, Feb. 24, 1835 and passed his whole life in Norwich. He was united in marriage to Margaret Gorman April 17, 1882 in St. Patrick's church by Rev. John Quinn. His wife died Nov. 4, 1926. Surviving the deceased are four daughters, Mrs. J. M. Harrington, Miss Mary Walsh, Mrs. Harold Boynton, Mrs. John Morrison and three sons, Dr. N. V. Walsh of New York, Rev. John J. Walsh of Bridgeport and Edward Walsh of the local post office, one sister, Miss Sarah T. Walsh of this city and three grandchildren.

Mr. Walsh was of a quiet and retiring disposition respected by all who knew him, a faithful and devoted member of St. Mary's Memorial church, an honest and industrious member of the community, always interested in every project advanced in the interest of civic welfare. Mr. Walsh was also a member of the Holy Name society. Friends and members of the community extend their heartfelt sympathy to the family in their bereavement.

Mrs. Elmer Kinney

Mrs. Nettie Culver Kinney, widow of Elmer Kinney, formerly of Norwich, died Tuesday evening at the home of her daughter, Mrs. William Usborne, in Grand Rapids, Mich., according to word received in Norwich by relatives. While attending a meeting of the Daughters of Pocohontas in Hartford on Sept. 12, she suffered a shock and since then has been in declining health. She was taken to a Hartford hospital, following the shock and had been a patient there for a month.

Mrs. Kinney was born in Michigan 70 years ago, the daughter of the late Mr. and Mrs. George Culver, but for about 35 years she had lived in Norwich. For about 12 years she made her home with the late Mr. and Mrs. Stephen Culver, who resided on Main street at the time. In Norwich she was united in marriage with Elmer Kinney, who died in this city in 1917. During the summer months she resided with her cousin, Charles Culver of 468 Main street.

Surviving Mrs. Kinney are a daughter, Mrs. William Usborne of Grand Rapids, a son, Gus Harrison of San Francis and two brothers, George Culver of St. Louis and Ernest Culver of Grand Rapids. She also leaves three grand-children, two of whom are Bertha and Harrison Usborne, and two cousins, Charles Culver of Norwich and Mrs. Fred Young of Worcester, Mass.

Mrs. Kinney was a member of the Eastern Star and of the Daughters of Pocohontas, and a past Pocohontas of the Grand lodge. She leaves a wide circle of friends in this city, who were grieved to learn of her death.

MALPRACTICE CHARGE AGAINST WOMAN NOLLED IN COMMON PLEAS COURT

On recommendation of Prosecuting Attorney Charles B. Whittlesey Thursday morning in the common pleas criminal court at New London, Judge C. B. Waller nolled the malpractice charge against Mrs. W. F. Webb of Mystic, a natureopathic doctor, on payment of $25 costs. She was charged with violation of the medical practice act. The charge against Mrs. Webb was that she prescribed "histolatherapy" pills to one of her patients.

She was arrested and fined $50 in the town court of Groton by Judge Cornelius C. Costello. Dr. Webb appealed the fine to the court of common pleas.

Mrs. Webb was prepared to produce expert witnesses including Dr. Robert W. Keasllen, president of the National Society of Natureopathy and Dr. Benedict Lust, president of the American Society of Natureopathy and had retained as counsel Tttorney William C. Runges of Greenwich, former member of the state judiciary committee, as defense attorneys.

Prosecuting Attorney Whittlesey in recommending the nolle stated that the violation conflicted with Chapter 281 of the Public Acts of 1923 but that at the last session of the legislature the word "histolatherapy." was not mentioned in the act.

The pills which Mrs. Webb gave her patient, according to the defense, did not contain drugs but certain foods which the patient needed. The defense claimed that the case presented a constitutional question as to whether Mrs. Webb had the right "to feed her patient or not".

The defense would have claimed that Mrs. Webb was simply feeding the patient with the pills, which were made up of the substances of ordinary foods such as vegetables, fruits, etc., natureopaths believing that illness comes from wrong eating, wrong thinking and insufficient exercise.

COUNTY CLERGY TO MEET HERE TUESDAY

The annual quiet day together for the ministry of New London county and vicinity will be observed on Tuesday, January the 3rd, at the Church of the Good Shepherd, No. 148 Broadway, Norwich. It will be an all-day session and the morning devotional service of Fellowship, opening at 10 o'clock, will be in charge of President Benjamin T. Marshall, D.D., of Connecticut college.

At 1:45 o'clock an organ musical service will be rendered by Professor J. Lawrence Erb, of Connecticut college.

The address of the afternoon, "Our Common Gospel," will be given by the Rev. Dr. Thomas Van Ness, of Boston, Mass.

Dr. Van Ness has long been a leading clergyman and citizen of the city of Boston. He was called from California in 1892 to the pastorate of the historic Second Church in Boston, founded by the Puritans in 1649. He thus became associated as city colleague with Phillips Brooks, George A. Gordon, A. J. Gordon, M. J. Savage, S. E. Herrick, George C. Lorimer, Edward Everett Hale, leading preachers in a famous era of Boston history.

For over 20 years, Dr. Van Ness has been a leading director in the work of Morgan Memorial of the South End of Boston and whose extensive sociological work reaches nearly every church in New England.

AUTO DRIVERS LOSE LICENSES FOR YEAR

The weekly list of operators whose licenses to drive automobiles in Connecticut have been suspended for one year for driving while under the influence of liquor was given out Thursday at the state motor vehicle department as a part of the effort to reduce this highway menace. There are twenty-seven names on the list. Five cases were appealed. Three were Connecticut operators convicted in other states. The department statement advised people to notify the department or the police in case they should see any of the suspended drivers operating motor vehicles.

LIONS' THEATRE PARTY FOR CHILDREN SATURDAY

Reports on the plans for the theatre party to be given by the Lions club to the Norwich children at the Palace theatre on Saturday morning at 9 o'clock were given at the weekly noon luncheon of the Lions club Thursday at the Wauregan hotel. There was the usual large attendance and the president, William R. Frisbie, was in charge of the meeting.

A report by the entertainment committee revealed the fact that the manager of the Palace Theatre, Jack Fink, had completed a splendid entertainment for the hundreds of children who will attend. A bag of candy prepared by Frederick Bielefield, scout executive, with the help of Boy Scouts, will be presented to the children at the conclusion of the entertainment.

Previous to the conclusion of the entertainment a picture will be taken of the children in the theatre and photographs will be sent to the Lions international for publication. The children from the Rock Nook Home and the county home will be transported to and from the theatre by a committee chosen at the meeting.

The singing of the Star Spangled Banner followed by the Lions roar brought the meeting to a close.

COMMERCIAL GARAGE IS SUED FOR $6,000 DAMAGES

Warren L. Maynard of Fishers Island, N. Y., has brought suit in the superior court for this county against John James and Alex Parry, engaged in business as the Commercial garage at No. 79-81 Shetucket street, this city, claiming damages of $6,000. The suit comes as the result of an automobile accident Thanksgiving day morning on Thames street.

Mr. Maynard, came to this city with his family to spend Thanksgiving with Police Officer and Mrs. Henry B. Fenton. He left a new convertible Packard straight eight coupe, 1927 model, at the Commercial garage, and later that morning, Roy Bashaw, an alleged employe of the Commercial garage, after wapping the Packard, took it to go home to breakfast. While on his way, it struck a telephone pole and a stone wall on Thames street, near the Richmond Radiator foundry, resulting in fatal injuries to Bashaw and a total wreck to the Packard.

In The City Court.

Four men charged with intoxication appeared before the city court Thursday morning. One was fined $5 and costs, the case of another was continued for six months and two will pass the next six months at the State Inebriate farm.

RESULTS ON RIVER FLOOD CONTROL VOTE

A statement issued Thursday by the secretary of the Norwich chamber of commerce shows that local chambers in all parts of the country are in favor of the federal government assuming the entire cost of construction work to control floods of the lower Mississippi river.

The results on United States Referendum No. 51, on the Mississippi river flood control, as taken from local chambers and members from all over the United States, are as follows:

Question No. 1.: The committee recommends that the federal government should hereafter pay the entire cost of constructing and maintaining works necessary to control floods of the lower Mississippi river. Votes in favor, 2121. Opposed, 664.

Question No. 2: The committee recommends that the federal government should assume the sole responsibility for locating, constructing and maintaining such works. Votes in favor 2561. Votes opposed 264.

Question No. 3: The committee recommends that there should be an adequate appropriation to insure efficient, continuous, and economic work, the funds to be available as needed.

Question No. 4: The committee recommends that flood control of the Mississippi river should be dealt with in legislation and administration upon its own merits, separate and distinct from any other undertakinc. Votes in favor 2609 1-2. Votes opposed 232 1-2.

Under the by-laws the chamber is committed on a proposition submitted to referendum by a two-thirds vote representing at least twenty states, providing at least one-third of the voting strength of the chamber has been polled.

The preliminary canvass indicates that the chamber is committed in favor of questions No. 1 to 4 inclusive.

The local chamber committee on Referendum No. 51 on the Mississippi flood control, composed of Charles V. James, chairman, Shepard B. Palmer and Henry T. Gorman, recently reported their vote as opposed to question No. 1 and in favor of Nos. 2, 3 and 4.

FINE AND JAIL SENTENCE FOR SERRA

Charged with keeping liquor with the intent to sell, Patsy Serra, 25, of Westerly, who conducted a speakeasy at No. 121 Franklin street, Norwich, was before the city court Thursday morning and fined $200 and costs and sentenced to serve ten days in jail. Serra plead guilty to the charge.

Several pints of liquor and three cases of beer were found by the local police in a raid on the Franklin street place Saturday afternoon, but the proprietor could not be located at that time. As it was known that Serra was the proprietor and lived in Westerly the Rhode Island authorities were asked to be on the watch for him.

As a result Robert W. Kessell, Westerly police officer, arrested Serra Wednesday evening in Westerly and the local authorities were notified. Officer Patrick Shahan and Sergeant Matthew Delaney went to Westerly in the evening and brought Serra back to Norwich.

FILES APPEAL FROM PROBATE COURT ORDER

An appeal from probate has been filed in the superior court by Mrs. Annie Tuttle of West omerville, Mass., mother of Tilly B. Ford, late of New London, and an heir-at-law of the deceased. Mrs. Tuttle has appealed from an order made by Judge Arthur B. Calkins of New London probate court relative to the final distribution of $2,740.43 belonging to the estate of Tilly B. Ford. The probate court ordered the money distributed between Mrs. Tuttle and Francis Ford, husband of the deceased. Attorney John J. McGarry is administrator of the estate.

SHOULD HAVE CHILDREN IMMUNIZED AGAINST DIPTHERIA

The continued greater prevalence of diphtheria since last spring deserves attention says the weekly health bulletin issued by the state department of health. Communicable diseases occur in waves. The present wave of diphtheria is less than a third as high as the last great wave which began eight years ago. For example, 142 cases were reported in October of this year as against 649 in October, 1919. Compare also the 136 cases reported in November this year with the 676 reported in November, 1919.

Variations in the prevalence of a communicable disease depend to a considerable extent upon the amount of susceptible material. The way to lessen the prevalence of diphtheria is to reduce the amount of susceptible material by using toxin-antoxin to immunize children against the disease.

The facilities of the state department of health are at the service of any community where a campaign for immunizing children against diphtheria is undertaken. The state department of health can furnish literature for the information of the public, speakers to address audiences of adults or children, and motion pictures dealing with the diphtheria problem. When the campaign is conducted by or under the auspices of the local health authorities, toxin-antitoxin for immunizing purposes can also be furnished.

All parents are urged to have their children immunized against diphtheria. Communities are likewise urged to take the matter up as a community problem to the end that the program of immunization may be more generally carried out.

WELL CHILD CONFERENCE TUESDAY AT WAUREGAN

An invitation is extended to all mothers in the town of Wauregan who have children under school age, from the newest babyto children of six years, to attend the well child conference and have their children weighed, measured and examined by the doctorsand nurses in attendance. It has been found, in the later years of his life, that many a child has been allowed to develop a defect in his physical body in the early period of his life which was not detected because its presence was visible only to the trained eye of the physician or nurse. It is to discover these things and to give every child a chance to enjoy the health and strength of body and mind, to which he is entitled, that these well child conferences are to be held. The children should be brought, not because they are sick but because they are well and should be kept well, to each one of the conferences in order that the parents may have the very best advice and counsel possible as to the welfare of their children. The well child conference in Wauregan will be held at Company hall on Tuesday afternoon, January 3rd, from 2 to 4 o'clock.

ALUMNI ASSOCIATION HAS GET-TO-GETHER DINNER

The Norwich local of the Connecticut Agricultural college alumni association held a "get together" dinner and social at Gregory's Thursday evening at 7 o'clock, about 30 alumni and students attending. The affair was a decided success and it is the desire of the members that the occasion become an annual event. The menu included beef broth with barley, roast leg of lamb, mashed potato, brown gravy, June peas, ice cream and coffee.

Following the dinner, Head Coach Sumner A. Dole, of the college, gave an addres on the topic, Athletics and Coach Louis A. Alexander, secretary of the association, spoke on Alumni Work. Impromptu speeches were given by Pheno Tombari and Marty Gilman, members of the 1927 varsity football eleven, both of whom received football letters. Tombari was also captain of the 1927 Freshman baseball eleven.

The entertainment program included college songs by all and Scotch songs and impersonations by Fred Fowers.

CHAMBER TO PUBLISH 10,000 NORWICH BOOKLETS

Norwich booklets to the number of 10,000 are to be published by the Norwich chamber of commerce through its publicity committee. The committee has secured about 75 photographs of buildings and views in and about the city to be used in the booklet. There are some pictures, however, which the committee is anxious to secure for the folder, which it is impossible to secure at this season of the year, namely, pictures of summer cottages and lake and country scenes.

No doubt many citizens have photographs which would be of value in this connection, which they would gladly lend to the chamber of commerce for duplication. If so, they may be assured that their assistance will be greatly appreciated, according to a statement made by Max Hanover, chairman of the chamber's publicity committee.

In addition it is planned in so far as possible to show each of the manufactured products made in Norwich. A two-page spread in the center of the booklet will be devoted to this purpose. Harold C. Coote of the American Thermos Bottle Co., is serving on the committee, giving special attention to matters of layout, etc. Other members who have devoted considerable time to the project include Arthur Peale, Henry Vignot, Harold Hanigan and Mr. Hanover.

POWER COMPANY CASE TO SUPREME COURT

The chartered power of the Connecticut Light & Power Co., conferred by the special acts of 1919, to condemn land for a transmission line is attacked on appeal to the supreme court by John A. Bennett of 220 North Terrace, Mt. Vernon, N. Y., whose land in Haddam is sought by the power company as one of the sites on which it is building a general transmission system from Meriden to supply power to the plant of the Eastern Connecticut Power Co. at Montville. The case is one of 14 which will be heard by the supreme court in Hartford, beginning Jan. 3.

"An examination of the chartered powers of the Connecticut Light & Power Co. shows that it is authorized to supply current to the Eastern Connecticut Power Co. Can it condemn land for the purpose of building a transmission line to carry this current?" asked Judge Avery of the superior court in his decision. "It is my opinion," he answered, "that the power to condemn for a transmission line is plainly conferred on petitioner by sections 2 and 3 of special acts 1919, page 106." This decision is questioned by Mr. Bennett in his appeal.

ELECTED DIRECTOR OF THE KNOTT CORPORATION

Colonel Herbert H. Lehman, partner in the banking firm of Lehman Brothers, New York, was elected director of the Knott corporation, owners and operators of the Knott chain of hotels, at a special meeting of the directors Wednesday at the Hotel New Weston, New York. The board amended the corporation's by-laws to increase the number of directors from seven to nine, but the ninth director has not been elected yet.

Colonel Lehman's entry into the Knott corporation is expected to greatly help the corporation in its future activities. The stock has been quoted in the over-the-counter market since the corporation was organized last October.

The Wauregan hotel is a hotel of the Knott chain.

DANIELSON TOWNERS DOWN EMMETT GUARDS IN FAST ENCOUNTER

(Special to The Bulletin)

DANIELSON, Dec. 29——The Danielson Town team won a very exciting game of basketball in the Town hall tonight defeating the Emmett Guards of Worcester 31 to 13. The first half opened with Danielson caging two very neat baskets followed by Worcester scoring the same number. From then on the teams played on a very even basis with the half ending 16 to 13 in the Worcester boys' favor. The second half was an entirely different story. Danielson started right off by tying the score and gradually worked ahead of their opponents by making one basket and a foul.

Not until the last ten minutes of play did the Danielson boys really find themselves, at which time they completely outplayed and outclassed their opponents by some very neat and clever passwork and accurate shooting.

It would be impossible to pick out an individual star on the Danielson team as each man played a wonderful brand of ball, while the scoring of the Emmett Guards was also on an even basis. Although marred at times by roughness and arguments this was a very flashy game of basketball and once more Kid Brundage showed the fans and players that he means business when he holds the whistle.

Danielson deserves a great deal of credit for the great form they showed tonight as they were a completely different team both offensively and defensively. By defeating the Emmett Guards, Danielson puts a big feather in its cap as this team has beaten practically all teams in and around Worcester.

Next Thursday the Clinton German Five plays in Danielson and not a fan should miss this game as the visitors will have a wonderful aggregation of players. The summary:

Danielson Town Team

ALL-HELLER TEAM IS ONE OF BEST IN N. E.

No more interesting yet capable quintet can be found in New England than the All-Hellers, who play the Academy Independents here Monday, New Year's afternoon at the Y gym.

The All-Hellers are the five sons of Mr. and Mrs. Isadore J. Heller of Main street, Willimantic, Hymie and Sam of the Brown university varsity; Abe, now of Harvard, law school, Harry, who is now attending the Columbia University School of Pharmacy and Max, who is a member of the Windham High school quintet. The brothers compose one of the few speedy teams of the country who are from one family. Each year they are in great demand for games in this section.

Sam and Hymie are the reigning stars of the Brown varsity five. The latter received his letter in football at the Providence institution for the second consecutive year.

It is uncanny how these boys can get teamwork so well in but the short time that they have to perform together. With four of them away at school nine tenths of the season it seems to be nothing for them to form about the middle of December and campaign for the next two or three weeks with great success against some real strong teams in Connecticut, Massachusetts and Rhode Island. Tonight they go up against the All-Rockvilles, one of the very few teams to hold a decision over them. This team won last year by three points. Tomorrow night the Willimantic family goes to Springfield to tackle the Y. M. H. A. and this alone can be taken of the respect shown them in this section for the City of Homes team in one of the strongest in New England.

Last year, the Heller brothers won over the Academy by a lob-sided score but a closer contest is anticipated Monday. A capacity crowd is anticipated. A delegation of Willimantic rooters will accompany the team.

The Academy held a stiff scrimmage Thursday afternoon at which time all regulars got plenty of action. From present appearances all regulars will be ready for the Willimantic team.

PENN AND CALIFORNIA READY FOR BATTLE

BERKELEY, Cal., Dec. 29—(AP)—Trained to the minute, Pennsylvania and California let down sharply today in practice, going through light signal drills for the game Saturday which will mark renewal of football relations between the two big universities after an absence of three years.

On January 1, 1925 the Pennsylvania Quakers came west t osuffer a 14 to 0 trouncing by the California Bears. This year Coach Lou Young has a team that was a threat on eastern gridirons—Pennsylvania supporters already are counting on a victory over California, whose regular season was not impressive.

All of the Pennsylvania squad are in good condition after nearly two weeks practice on western soil.

Memorial Stadium has been covered by canvas for a week and with a dry field assured, both teams are expected to cut loose with a wide variety of plays. Both feature an oper style of play with Pennsylvania boasting one of the finest aerial attacks seen in year.

INTRA-CITY GAME RESULTS IN TIE

NEW YORK, Dec. 29.—(AP)—The second intra-city battle between New York's National Hockey league teams ended in a 3-3 tie after ten minutes of overtime play here tonight. The Americans again showed their qualities at a fighting sextette when they overcame the Rangers two goals lead at the end of the second period and knotted the count in the final session.

Ching Johnson, Ranger defense man, scored two goals and assisted Bun Cook with the other. Ale McKinnon, Leo Reise and Captain Billy Burch, who returned to the game after several weeks absence owing to injuris, tallid for the Americans. Burch's goal on a pass from Reise tied the score with less than 3 minutes to play.

Rothschild Is Released

PITTSBURGH, Dec. 29—(AP)—Sammy Rothschild, wingman, was unconditionally released by the Pittsburgh Hockey club today. Rothschild was indefinitely suspended last Saturday for failing to keep in condition. He was purchased from the Montreal Maroons early this season.

RENAISSANCE FIVE HAS MANY NOTED PLAYERS

The Renaissance Big Five, colored world's champions, who play the Plainfield Pros next Wednesday night at the Plainfield Community House, are not only a real drawing card but also are considered as just about as good as any quintet in the country, which would also go for the world. This season already they hold two wins over the Original Celtics.

Less than a month ago the Renaissance five gave the Original Celtics, world's champions, a 38-25 defeat, the most decisive loss the Celtics have ever been forced to take.

Clarence Jenkens, Renaissance back is one of the game's outstanding players. Ed Sullivan, New York sports writer, says Jenkins is the fastest man in basketball and in baseball, too, in or out of the big leagues. In the recent game with the Original Celtics, Jenkins threw in five field goals and three free tries. Opposed to him was Dave Banks, Celtic forward, who made one field goal and one free try.

"Cappy" Ricks, Renaissance forward, has been nick-named "Dead Eye" Ricks. He has been called the greatest shot in basketball having the amazing average of 15.6 points per game for a total of 204 games.

"Stretch" Saunders, the center of the Harlem team, stands 6 feet, 6 inches tall and is neither lanky nor awkward. He is one of the few men in the game who can hold a basketball in the palm of his hand. Harold Mayers, Renaissance guard, is one of basketball's strongest defensive players. He has the distinction of having held Benny Borgeman, Nat Holman and Johnny Beckman without a score.

The Renaissance record from 1925 to 1927 is 165 games won and 36 lost, a record that few basketball teams can equal. The team has beaten the Celtics, Washington, Philadelphia, Rochester, Kingston and Gehrig All-Stars, among others.

CROWD OF 4,000 SEE AMATEURS IN ELM CITY

NEW HAVEN, Dec. 29.—(AP)—Intercity amateur bouts in the Arena tonight had an audience of about 4,000. The features are the defeat of Joe Masselli, of this city, by Ralph Aquinio, of Newark, in the 120 pound class, and the defeat of Jocko Miller, of Lawrence, by Johnnie Andrews, of this city, in the 130 pound class. Summary:

110, Steve Vane, Derby, defeated Joe Calza, Lawrence.

130, Tony Valeni, New Haven, knocked out Jim Feledie, Westport, first.

130, Johnnie Andrews, New Haven, defeated Jocko Miller, Lawrence.

147, Tom Rogers, Newark, defeated Joe Mercier, Lawrence.

124, Mike Tardugno, Newark, technical knockout over Tony Proto, New Haven, first.

160, James Martin, Newark, knocked out Lionel Noel, New Haven, first.

175, Bert Howard, Newark, knocked out Ed Skinner, New Haven, first.

175, Larry James, Derby, knocked out Lew Sherman, Bridgeport, second.

FOOTBALL RULES BODY REDUCED TO 10 MEMBERS

NEW YORK, Dec. 29—(AP)—The National Collegiate Athletic association voted today to reduce the membership of the national football rules committee from 13 to 10, including two members-at-large and one member from each of the eight N. C. A. A. districts.

The revised personnel of the rules committee follows:

Members-at-large, Edward K. Hall, Dartmouth present chairman, and W. S. Langford, Trinity, present secretary, Districts members, T. A. D. Jones, Yale; W. W. Roper, Princeton; H. J. Stegeman, Georgia; A. A. Stagg, Chicago; M. F. Ahearn, Kansas State; D. X. Bible, Texas Aggies H. Hughes, Colorado Aggies, and George Varnell, Seattle.

All of these members retain their positions but reduction of the size of the committee necessitated the dropping of two eastern members and one from the middle west. The place made vacant by the death of Fred. W. Moore, Harvard, was not filled, and Dr. John Babbitt, Haverford, and Dr. Howard Savage, Oberlin, lose their membership.

The new makeup of the rules body leaves Harvard without a representative for the first time in years.

KELLY GETS VERDICT OVER CHARLIE RASMUSSEN

WATERBURY, Dec. 29.—(AP)—Jack Kelly, of this city, settled a feud with Charlie Rasmussen, of Watertown, in a feature bout of the Waterbury A. A. at Buckingham hall here tonight, when he gained the decision in three rounds. More than 1400 fans witnessed a card of eight amateur battles. Summary:

Hennie Brennan, Middlebury, defeated Tommy O'Brien, Waterbury, 135.

Eddie Ryan, Watertown, defeated Tornado Jackson, Ansonia, 110.

Ray Dowling, Waterbury, technical knockout over George Brown, Ansonia, first, 145.

Jack Sharkey, Waterbury ,defeated Cornelius Bakot, Ansonia, 115.

Nick Christy, Watertown, knocked out Ralph Barrett, Bridgeport, second, 128.

Gene Martin, Thomaston, defeated Eddie Roberts, Ansonia, 135.

Al Mariano, Waterbury, knocked out Cesare Huggins, Ansonia, first, 165

Jack Kelly, Waterbury, defeated Charlie Rasmussen, Watertown, 165.

YALE WINS SECOND TOURNEY BEATING N. Y. U.

NEW HAVEN, Dec. 29.—(AP)—Yale won the second annual basketball tournament tonight by defeating N. Y. University, 32 to 30, in a game which required one five-minute overtime period. Last year Yale won the tournament by defeating Holy Cross in the final game.

Last night Yale defeated Vermont and N. Y. U. dfeated Holy Cross and tonight in the first game Holy Cross defeated Vermont.

In the Yale-N. Y. U. game, Ell led at the start but was overtaken before half time which saw the score tied at 14. In the second half Yale went ahead but again N. Y. U. overtook the Blue and as the bell rang made the tying goal. In the overtime period Merrill, of Yale, made the only goal and then needed two points to win.

DISCORD SEEN BETWEEN TWO HOCKEY LEAGUES

BOSTON, Dec. 29—(AP)—Rumors and rumblings of a "hockey war" between the National league, major organization of the ice game, and the Canadian-American junior circuit, were heard here tonight as the latest phase of the Leland "Hago" Harrington case.

Harrington, a member of the Boston Bruins National league team who has been farmed out to the New Haven sextet of the Canadian-American league, recently refused to obey a recall order to Boston and according to newspaper despatches played with the New Haven team last night "on advice of Canadian-American officials."

President Charles F. Adams, of the Bruins announced tonight that Harrington probably would be sold in the near future to some other team in the Canadian-American league. At the same time he advised the New Haven club that any offers the Bruins had made to sell Harrington outright to New Haven were withdrawn. The Bruins owner said he had received two offers for Harrington from other Canadian-American clubs. Harrington probably will be sold to the junior circuit, he added, inasmuch as the Bruins have no desire to sell him out of a league in which he has become a good drawing card.

Adams also notified President Frank Calder, of the National league of Harrington's reported participation in last night's New Haven game, but as far as discussing the possibility of a hockey war he confined himself to advising other club owners to "read the tenth commandment."

MORE THAN 30 CLUBS IN ICE CARNIVAL

NEWSBURGH, N. Y., Dec. 29.—(AP)—The colors of more than 30 of the leading ice skating clubs of North America are to be carried in the Middle Atlantic outdoor championships here next Monday when Canada seeks to repeat its victory of last year.

The entry list, largest in the history of the championships, includes many of the foremost speed skaters of the continent. Charles I. Gorman, of St. John, N. B., International champion as well as holder of the Middle Atlantic title for the past two years, defends his crown against the challenge of Val Bialas, of Lake Placid, N. Y., former International and National title-holder; Irving Jaffee, of New York, Olympic team member; Andy Roesch, alternate of the Olympic team; Louis Morris, Metropolitan champion, and a host of others.

Canada will seek to combat this array with the speed of Gorman, Ross Robinson, of Toronto, Canadian National champion and International five-mile titleholder; Willie Logan of St. John, Gorman's protege, Roy Pendril, of Toronto, and others.

In the woman's division, Leila Brooks, of Toronto, will seek to repeat her triumph in the championships last year. Arrayed against her will be Elsie Muller, of New York, National champion, and other woman stars.

The races are to be skated over an eight-lap course at Downing park.

GIANTS HAVE 23 GAMES ON EXHIBITION SCHEDULE

NEW YORK, Dec. 29.—(AP)—Twenty-three exhibition games are on the New York Giants' spring training schedule, announced today. For the first time in years, the Giants will play co rival National league club during the training season.

Batterymen of the club have been ordered to report at Hot Springs, Ark., February 15. Roger Bresshnahan, coach, will be in charge. The remainder of the team will report at Augusta, Ga., when the club trains on March 1.

The exhibition schedule follows: March 16-17, Philadelphia Athletics at Augusta; March 18, Athletics at St. Augustne, Fla.; March 19-20, Athletics at Fort Myers, Fla.; March 21-22, Boston Red Sox at Bradentown, Fla.; March 23-24, Washington Senators at Tampa, Fla.; March 25, Newark Internationals at St. Augustine; March 26-27, Red Sox at Augusta; March 30, Chattanooga at Chattanooga; March 31 and April 1, Memphis; April 2, Senators at Birmingham, Al.; April 3, Senators at Atlanta, Ga.; April 4, Senators at Greenville, S. C.; April 5, Senators at Charlotte, N. C.; April 6, Senators at Norfolk, Va.; April 7-8, Senators at Washington; April 9, West Point at West Point.

NO JUDGE SYSTEM FOR CONNECTICUT SAYS DONOHUE

NEW LONDON, Conn., Dec. 29—(AP)—Reports that the Connecticut athletic commission would institute the judge system of boxing in this state after the first of the year, were branded as "false and absolutely without foundation," by Thomas E. Donohue, chairman of the commission this afternoon.

"Besides the fact that we are prohibited from making this change by the Connecticut boxing law of 1925, I am unalterably opposed to the judge system," Commissioner Donohue said.

"The system whereby the decision in a professional boxing bout rests with two judges and a referee has not in my opinion proven successful. The most recent example of the failure of the judge system is the mess resulting from the Tod Morgan-Joe Glick affair in New York city.

"I am in favor of the present system whereby the decision rests with one man and have no intention of recommending a change. I firmly believe that it is best for Connecticut boxing if the responsibility is left to one man. I believe that it was the intention of the framers of the 1925 boxing law that the whole system should be patterned along the lines of one man control."

Holy Cross Wins

NEW HAVEN, Dec. 29.—(AP)—Holy Cross outplayed Vermont in the college basketball tournament tonight and the final score stood 44 to 32. Holy Cross went into the lead with 8 points at the start and continued its spurt until at half time it led 26 to 10. Vermont then sent in its second team but Holy Cross ran through it so the first team was put back into the game and showed improvement. While Vermont picked up some the lead was too great. Morris, left forward for Holy Cross was high scorer with 11 points.

MORE FAST BOUTS SCHEDULED FOR PASTIME A. C. AMATEURS TONIGHT

Another edition of the Pastime A. C.'s amateur boxing bouts comes out tonight at Olympic hall when Matchmakers Jim Quinn and Jackie Burns will send boys from all over eastern Connecticut into the ring for nearly a dozen bouts. Action has been the keynote of this club's shows practically all the way through and no change is looked for tonight.

Entries have been received from Willimantic, Westerly, Danielson, Colchester, New London and this city and the promoters announced Thursday evening that there were plenty of boys on hand to furnish fans with a full stock of bouts for the semi-monthly show.

Among the favorites named to appea are Boots Lary, "the local thunderbolt," according to the announcers, Vic Darr, clever Greeneville scrapper, Young Burrows, of New London, Young Sposato, Young Lizzie and Young Comfort, of Westerly, etc.

The full list of those entered with weights follows: Westerly, Young Sposato, 126; Young Comfort, 115; Young Metti, 130, and Young Lizzio, 130; Willimantic, George Carpenter, 155; Young Connors, 142; Young Jacob, 140, and Kid Rageli, 135; Danielson, Ed Bogash, 160; Terry Mack, 142, and Battling Joe Smith, 125; New London, Mingo, 135; Young Terry, 126; Young Malog, 136, and Young Burrows, 120; Norwich, Al Carpenter, 190; Jack West, 155; Ed Bush, 155; Vic Darr, 133; Boots Lary, 123, and Buck Freeman, 130. Young Polinsky and probably three others are also slated to come from Colchester.

Danny Doyle will referee with Jack Carney timekeeper, and Mike Kelley and Jack Sweeney, judges. A large crowd is looked for and the doors will open at 7:15 with the first bout an hour later. The Moose orchestra will furnish music for the intervening hour.

FOOTBALL FANS EXCITED OVER PITT-STANFORD GAME

PASADENA, Cal., Dec. 29—(AP)—Football fans today eagerly awaited the arrival of the elevens from Stanford and Pittsburgh who will clash Jan. 2, in the grand finale of the annual Tournament of Roses.

The Stanford team is due here tomorrow for workouts on the Tournaments of Roses field. The eastern invaders have scheduled their arrival for Saturday morning. Brief limbering up exercises are on the programs of both teams after their arrival.

The last four intersectional engagements, the east has won twice and two games were tied.

Last year the Cardinals from Stanford played Alabama to a 7 to 7 tie. In 1925 Alabama came from behind with a big rush and defeated the University of Washington 20 to 19. In the Roses game of the preceding year, Notre Dame went home with a 27 to 10 battle count over Stanford to its glory. Navy tied Washington 14 to 14 in 1924.

The west's best showing in the New Year's day classic was in 1921 when California trimmed Ohio State 28 to 0.

Pittsburgh is generally regarded as providing the best selection of the east's football material for the east-west battle.

INTERNATIONAL COLLEGE HOCKEY GAMES NEXT WEEK

BOSTON, Dec. 29.—(AP)—An unofficial international collegiate hockey championship game and what may prove to be a two game series between the 1928 Olympic hockey finalist are scheduled for this city in the next two weeks when four of outstanding amateur hockey sextets of the North American continent clash on Boston ice.

The Toronto varsity, intercollegiate champions of Canada since 1915, the Toronto Grads, a team which has been named as Canada's Olympic squad, the University club, of Boston, which presumably will represent the United States in the Olympics, and the Harvard varsity, U. S. intercollegiate champions, are the four clubs involved.

The Toronto varsity, which has opened its United States invasion by drubbing Prnceton 9 to 2, will meet the University club here Friday and Harvard on Saturday. The Grads, an internationally known band of former Toronto collegians, makes its annual pilgrimage to Boston a week later for a two-game series with the University club on January 6 and 7.

While there is no basis available here on which to compare the relative strength of the two Toronto clubs, the University club sextet and Harvard are rated practically on a par. They battled through 70 minutes of hockey here two weeks ago to a four to four tie.

TAYLOR-CANZONERI BOUT IS FISTIC FEATURE TONIGHT

NEW YORK, Dec. 29—(AP)—Bud Taylor, little blonde fighting machine from Terre Haute, Ind., makes his first appearance at the New Madison Square Garden tomorrow night in a ten-round bout with Tony Canzoneri, New York featherweight flash.

The match brings these two rivals together for the third time. Their first encounter at Chicago resulted in a draw. Taylor won the decision in a return bout after a torrid struggle.

Canzoneri ruled a 7 to 5 favorite, with plenty of support for the Terre Haute boxer.

Two other featherweight encounters are on the card. Dominick Petrone of Harlem clashes with Ignacio Gernandes, Filipino, in ten rounds. Georgie Rivers of Los Angeles, is pitted against the veteran hard-hitting Andy Martin of Boston. Two four round bouts complete the program.

COLLEGIATE A. A. JOINS THE OLYMPICS ORGANIZATION

NEW YORK, Dec. 29.—(AP)— The Olympic "harmony program" for 1928 gained impetus today when the National Collegiate Athletic association, at its annual convention, voted unanimously to return to membership in the American Olympic association.

This action followed a similar step, taken yesterday, as the National Amateur Athletic federation. It paves the way for the return to the Olympic fold of two of the four organizations which withdrew a year ago, at Washington, after a split on methods and policies with the group headed by the Amateur Athletic union. The other two organizations which bolted the Washington meeting, the Y. M. C. A., and Western Conference, are expected to rejoin the Olympic body shortly.

KEARNS ORDERED TO PAY COSTS OF SUIT

NEWARK, N. J., Dec. 29.—(AP)—Federal Court Judge Runyon today signed an order requiring Jack Kearns to pay the costs of court in the trial of his suit for $333,333.33 against Jack Dempsey, former heavyweight champion of the world.

It was estimated that the costs would be $1,000, expenses incurred by witnesses who testified at the trial which ended in a voluntary non-suit after three days.

LARGE VELODROME PLANNED FOR SAVIN ROCK PARK

NEW HAVEN, Dec. 29.—(AP)—Plans are being made for a huge velodrome at White City, Savin Rock, for amateur and professional boxing, bicycle racing and other sports to be ready next summer, it was stated today after Irwin P. Wener, owner of the Philadelphia hockey team of the Canadian-American league, had signed a lease for a considerable area occupied by the White City stadium the past summer.

The structure would have a seating capacity of 8,000 for bicycle racing and 12,000 for boxing. The venture would represent an outlay of about $50,000, it was stated.

A Bowling Record?

NAUGATUCK, Conn., Dec. 29—(AP)—What is believed to be a new state record for duck pin bowling was made known here when Edmund Fredericks, of this borough, toppled the pins for a total of 134 in a holiday tourney at Ansonia.

In addition to establishing the the exceptional fine score, Frederick tied the existing state record for a single string by knocking down 99 pins out of a possible 100.

SPORTING NOTES

Last year, in only two of the Chicago parks having public links, 161,740 golfers played.

The golf season at St. Augustine will open January 16 with the Advertisers' Winter Golf League tournament.

According to one authority, golf has a greater number of active participants than any other game in America.

Roman gladiators often wore brass rings so heavy that a blow from the fist was sometimes known to kill an adversary.

The annual Bermuda tennis championship, which always attracts a number of American players, will be held at Hamilton beginning February 20.

Mrrs. R. J. McCutcheon, nationally known woman bowler of Pueblo, Colo., recently established a perfect score of 300, all one-three hits.

One of the outstanding winter sports events in Holland is the women's skating race held at Leeuwaarden for the championship of the province of Friesland.

The $10,000 open golf tournament to be held at Los Angeles early in January will be given an international flavor by the participation of Archie Compton, the crack English golfer.

George Washington has been generally accepted as the patron saint of American chess men and on February 22 each year a pyramid tourney is held in nearly every state for the state championship.

Captain Bunya Saito holds the golf championship among the masters of the 140 vessels of the Nippon Yusen Kaisha steamship line. He claims to be familiar with every golf course from London to Hong Kong.

The term "yacht" is derived from the Danish word "yacht," meaning a chase; hence yachting is the chasing of one vessel after another, and, accordingly, yachting and yacht racing are synonymous expressions.

The Olympic ski events will be held at St. Moritz beginning February 5. The rapid progress made by American skiers the past few years many to believe that the United States and Canada stand a good chance of emerging from the competition well up in the lead. The most formidable opposition is expected from the Finns and the Norwegians who heretoforehave always been able to carry away the lion's share of honors in these events.

ACADEMY BRIEFS

Well, the Academy (Independents) and All-Heller looks pretty good.

While the local team will not officially be known as Norwich Free Academy basketball team still there will be mighty little difference for the same players that will form the Red and White's quintet this season will perform.

A preliminary will go on at 2:15 making the big game start about an hour later.

Here's a good one. The Torrington high and New Haven Hillhouse basketball teams of two years ago are to play again Saturday night. The boys on these quintets are now all out of high school and some are at college. They are getting together to settle an old score that arose between them in the Yale tournament when Hillhouse won a close game.

Now some will come forth with the suggestion to get the Academy and Bulkeley together two seasons from now to settle that 6-6 tie the past fall, etc.

Hope For Irvin.

CHICAGO, Dec. 29.—(AP)—Hope was entertained today for the recovery of Dick Irvin, captain of the Chicago Black Hawks, of the National Hockey league, who suffered a fractured skull in the game with Montreal last night. An x-ray examination revealed the fracture but attending physicians, while admitting that his condition is critical, were unable to say how long Irvin would be confined to the hospital. His home is in Regina, Sask.

Emps Have Three Games Pending

The Y Emps who lost a close one to the New Britain Phantoms Thursday night have three games booked for next week.

Tuesday they meet a team of Connecticut Aggie students home for the holidays, Thursday they play the Phantoms again and Friday they meet a team from the Coast Guard academy, New London.

All three of these games will be played at the Y gym.

College Chess

NEW YORK, Dec. 29.J—(AP)—Princeton defeated Rutgers, 2 1-2 to 1-2, and Harvard and Yale drew in the second round of the Quadrangular Chess league today. The third and final round will be played tomorrow.

College Basketball.

At New Haven: Yale 32, N. Y. U. 30, (overtime game).

TOWN ADVISED OF SERIOUS FINANCIAL CONDITION

BOSTON, Dec. 29.—(AP)—Selectmen of the town of Blackstone were advised by the state division of accounts today that the financial condition of the town required "serious consideration and action of the town officers and citizens if the credit of the town is to be maintained and business carried on in a legal manner." The accountant's report showed a total actual deficit of $15,800 as of October 3, 1927.

Standing at the top of a church spire 100 feet above the ground, the Rev. A. Harrington, vicar of St. Luke's Prestonville, England conducted the dedication service for the building. He reached his lofty pulpit by climbing five ladders through the scaffolding outside the steeple of the church which is not finished. His words were distinctly heard by the crowds below.

Y EMPS LOSE TO NEW BRITAIN PHANTOMS

The Y Emps met their master for the first time in two years Thursday night at the Y gym, a clever little team known as the Phantoms from New Britain winning 29 to 20 in a rough but interesting game.

Outclassed by a considerable margin in the first two periods, the locals rallied during the last half and at one time were within one point of the invaders only to falter again and let the Phantoms trickle through their defense in the closing minutes of the game.

Cohen, diminutive forward, led the winners, scoring nine points while Henschel led both teams with 10 points. Foul shots contributed greatly to the scoring.

A second game will be played here next Thursday at the Y.

In the preliminaries the Y. Juniors beat the Pioneers 9 to 7 while the Sluggers won from the All-Stars 25 to 23.

BODY OF GIRL SEEN IN RIVER STARTS GENERAL SEARCH

(Special to The Bulletin)

WESTERLY, R. I., Dec. 29—A body, apparently of a girl between 12 and 15 was reported by Albert F. Lawton, a painter, of 110 West Broad street, Pawcatuck, as sighted by him at 12:40 p. m. today, floating downstream in the Pawcatuck river, under Stillmanville bridge. A short time later he stated that he saw the body nearer the Rhode Island side of the river in a current pass over the Stillmanville dam, toward the Connecticut bank. Hurrying to the plant of the Fisk Rubber company, he notified Watchman Edwin W. Taylor, who telephoned Chief of Police Thomas E. Brown. Lawton, who later passed several hours in vain search on the river bank went to police headquarters where he described in detail how he was passing over the iron bridge, saw the body fully clothed, the girl's long hair floating on the water.

Rumors heard later that the body had passed under both the railroad bridge and the Broad street river bridge and was seen near the pontoon bridge across the Pawcatuck, at the rear of the printing press plant of the E. P. Cottrell and Sons company, proved unfounded. Many gathered, in spite of the rain along the river edge and on the bridges to kep watch, below the spot where the body was last reported seen.

An organized searching party of Westerly police and members from the Watch Hill Coast Guard station at Watch Hill, Capt. Amos E. Broadmeadow was recruited to carry on the work of searching the river. Among those to begin the work soon after 1:30 p. m. were Clarence Hebb and Joseph King of Station No. 55, Watch Hill Coast Guard station, volunteered their services. Prentice Lanphere, who has been a fisherman on the river for several years was also in the party.

On the Westerly side Police Chief Thomas E. Brown and Officer George L. Madison, Robert Kessel and Frank Knight of the day force, were endeavoring to learn if any child had been missing in the vicinity of Stillmanville or White Rock. Up to 2 o'clock this afternoon the police had no clue to work on. Whether the girl was drowned when she went on thin ice or was the victim of foul play, the police did not know.

Chief Brown said there was a possibility the body might be that of Mildred Herberts 17, daughter of Orrion Herbert of Lincoln Park, Warwick, for whom Warwick police have been searching. Herbert reported to the Warwick police last night that his daughter was missing from home. The girl was described as wearing a brown felt hat, a red coat with fur cuffs and collar, a black silk dress and brown silk stockings.

Later word was received that this missing girl was known to be alive, so the checkup is continuing on other missing persons.

WESTERLY SANITARY CORPS HOLDS ANNUAL BANQUET

NOANK

DUCK-HUNTER'S ERROR NOT SO BAD AFTER ALL

Paul Sullivan, a great hunter, went over to Mumford cove with his shotgun after wild ducks. Paul has sent many clay pigeons all over the field at a shooting match so an out of town gunner had his wooden ducks waiting for the birds to fly. Wing Shot Sullivan came down on his knees, so the ducks went all to pieces. Up jumped five minutes of crawling over the rough ground, standing suddenly he gave the wild ducks both barrels and the duck went all to pieces. Up jumped the stranger and said: "What's the matter? Don't you know a wooden duck from a real one?" Sullivan told him he forgot his smoked glasses and the sun made them shine like a Mumford cove black duck. But, what a good sport Sullivan was. He wanted to pay for the wooden ducks, but the man who had them said that it was only an accident, so let it go. Then taking a walk down to the east end of the cove, a flock of seven ducks came over his head and in three shots down came five of them, all black ducks. In two hours of hunting Sullivan landed 16 ducks—the most any hunter has got in one afternoon this season.

At last news has come what Kid Sherman, the star featherweight boxer of the village by the sea, also champion in his class, is about at his training camp. The featherweight fighter has had them all guessing how he was training. It was told by his mate at the Sea Sled company that the pride of Riverside avenue has his training room at the plant, a large room, in it everything a boxer needs. Manager Howard Brown has been giving Sherman some hard training for the last four weeks—up in the morning at 5.30, with the winter wind and cold at his back, sometimes in his face, when the roadwork starts by running five miles at full speed. That gives him plenty of wind. Then in a boat he takes a short row. Manager Brown has found a new way to feed him at breakfast. A bale of hay, he calls shredded wheat, with milk, a dish of North Stonington buckwheat cakes and only water to drink. Then comes the sparring mates. The first to put on gloves with the Noank boxer was Long-Reach Joe Walsh, a man with a cement left hand. This was for six rounds. Sherman came from his corner with a rush and the words: "I will put him away with my new fake cross-fire punch!" But Long Reach Joe knew that Jess Willard step, but it did not bother him, so Joe did it and the feather-weight star could not hurt him. It was a good draw for the crowd of 50 fans gathered in the room. Next on the list was Quick Step F. Goodwin, a fighter from the Bean Town, Boston, with a kick in each mitt. It was for eight rounds and the last on the list. Quick Step came out with his left hand straight, while Kid Sherman put over three fast rights without a return. But in the seventh round the boy from Bean Town caught Sherman off his guard and put over a left to the chin and had a kick like an army mule and for the first time in Kid Sherman's career he was sent to dreamland for the count. It was a lucky blow and Sherman was not expecting it. Kid Sherman, his friends say, is ready for a championship fight in or around New London to prove that he will be on his feet when the fight is over. So bring on the matchmakers is his cry.

FARM LEGISLATION.

(Written Specially for The Bulletin.)

It seems to be agreed by all observers of congressional tendencies at Washington that the so-called McNary-Haugen bill is going to be pushed again this session for all it is worth—if not a little more.

A large percentage of western farmers have set their hearts upon it. And a large percentage of congressmen from all sections, mindful more of possible votes than of probable effects on the welfare of the nation, seem perfectly willing to back it up. They had much rather vote for a measure which they consider popular with their constituents than take the trouble to analyse it and find out what its presumable working would do.

Our congress has always had its full share of demagogues, ready to follow any mob into any mudhole, if thereby they may capture the mob vote. The present congress is no exception. Almost anything may be expected from it—except common sense action.

I once tried to read the McNary-Haugen bill, but had to give it up before I was half-way through for the simple reason that I couldn't make head or tail of it. I couldn't understand what it was calculated to do or even what it was expected to do. It is not written in intelligible English, to begin with, but in a sort of lawyerish jargon which the lay reader finds about as comprehensible as so much Choctaw. It wasn't written even by a good lawyer who would have been able to make it sound simple, even though he knew its complexities too well, but by some half-baked sprig who knows just enough about legal diction to spell its big words and bandy its double-meaning phrases so as to make the ignorant think him a second Daniel Webster. I have also read several of the pleas made for it by its advocates, and the veto in which President Coolidge, last session, argued its viciousness.

As a result of this rather promiscuous reading, I find myself in thicker fog than ever.

The bill looks to me very much like a leap in the dark, with one man assuring the leaper that it's all the soldiest sort of ground across the ditch, and another affirming with equal vigor that it is a bottomless quagmire. And neither one actually knowing anything about the fog-hidden other side.

It may be the door-way to an agricultural Eden; it may be the scuttle to agricultural bankruptcy.

One man shouts "Jump, and you'll live happy ever afterwards;" another yells, "Don't jump, or you'll be everlastingly sorry."

When doctors disagree, who shall decide? The patient either dies or gets well while they're disputing. If he gets well they both take the credit; if he dies, each points to the other as the cause. In the meantime the patient doesn't know till it's all over, one way or the other, whether a major surgical operation or palliative medicinal treatment was really called for.

Most confusing of all to those desirous to know the truth and act wisely is the wide variance among farmers themselves. They all agree that something is the matter with agriculture. They also all agree that something ought to be done about it. The McNary-Haugen crowd want their bill with its mysterious "equalization fee"; the Grange crowd want a different bill with an equally mysterious "debenture" scheme; Secretary Jardine and his followers want a governmentally supervised and aided co-operative plan. "Tom" wants a drum and "Dick" wants a ukelele, and "Harry" wants a saxophone, and each is in danger of bawling his head off about it. There won't be any peace till they get what they want. * * * If my impressions about amateur drum-ukelele-saxophone players are correct, there won't be any peace afterwards, either!

Out of the whole welter of confusion doubly confounded, only one thing emerges clearly in my sight. And that is that the less the farmers depend on government and the more they depend on themselves, the better off they're likely to be.

If I were yet actively farming and had to take my choice between doing my work under directions from congress or orders from the state insane asylum, I own up I wouldn't know under which banner to enlist. While congress may be assumed to have more sanity than the asylum, the asylum probably has more sincerity and unselfish intent. As to actual knowledge, I fancy the two would be about on a par.

They say that the problems of eastern and western farmers are unlike. I can agree to this for, as I think I have said before, I don't know of any two farm "problems," anywhere, that are exactly similar.

My own observations of eastern farming have led me to the conviction that the average eastern farm "problem" lies under the farmer's own hat. If he has, under that covering, an adequate reserve of energy and ambition and industry and steadfastness and grit and gumption, he will get through. He may not get rich, but he won't have to go over the hills to the poor-house. If, on the other hand, he is easy-going and ambitionless and shiftless and all the time hopping from one thing to another and something of a "sob-sister" and mentally a little dull, then he'll be reasonably sure to want to have government or some other outsider pick him up and carry him.

Now, if government had the power by a simple "Be it enacted" to transform all the eastern farmers of the latter class into the former, the results would unquestionably be gratifying. But it hasn't. It can't make a good farmer out of a poor one by legislation, any more than it can make a potato out of a pumpkin seed by passing a law to that effect.

And, really, is it the business of congress to save poor farmers from the effects of their own incapacities or mistakes? It might much more kindly and quite as sensibly undertake to save helpless little babies from scalds when they innocently tip boiling water over themselves. The sequences of nature are not amendable by statute. Nor can all the legislation of all the congresses and legislatures and city councils and selectmen of the universe reverse one natural law. You can't even make water run uphill. You can pump it up, doubtless, but sooner or later, it will break away and run down again, perhaps washing away your best onion bed in its torential descent.

So far as the western farmers are concerned, I've had no opportunity for personal observation. But, from all I have read, I seem to gather the idea that their troubles arise mainly from two causes. One is their impracticality in sticking to one crop and refusing to insure against total loss by judicious diversification. Any man with enough brains in his head to keep his feet on the ground knows that he must inevitably face years that will be bad for one crop while, perhaps, good for another. The wise mariner, while lightening his ship to ease her off the shoal she has run upon, first puts out an anchor to windward to keep his craft from being blown farther on to the mud. The wise farmer, while he may justifiably regard wheat or corn as his main stand-by, will accept, before planting season, the chance that either may fail disastrously, this time, and will put in other crops enough if the worst happens, to keep the wolf from the door, next winter.

But the Iowa farmer plants corn, and then more corn, year after year. When it does well and prices stay up, he lives on Easy street; when it peters out or prices go kerplunk, then he hurries off to his congressman to insist that government "do sethin" for him. The Dakota farmer sows wheat, and then more wheat, year after year, until his particular break comes. And then he, too, joins in the demand that government pull him out of the hole.

This one-crop delusion is the cause of a big part of western farm troubles.

Another source of much western discouragement and distress is found in the economic mistakes a large number made when land prices were booming. They temporarily and partially abandoned real farming to indulge in speculation, buying up huge areas of land on a rising market, hoping that it would continue to spar till they could sell out at a big profit.

Now, I'll agree that farming and speculation are both gambling. But there's one big difference; in straight farming you're gambling with an adversary that is neither mercenary nor dishonest, but always exactly fair. If you lose, it is because the dice fell against you, not because they were loaded. But when you gamble in either land values or stock or grain "corners" you're playing against a gang of expert sharpers, who are both mercenary and dishonest and whose dice are always loaded against you.

When you're beaten by nature you know the game has been played fairly and your defeat was simply the fortune of war. But when you're stripped to your shirt by speculative gamblers who have cunningly "played you for a sucker" your natural reaction is to squeal. And that's just what has happened to a surprisingly large lot of western farmers. Between the two, those who have lost out by their blindness in refusing to diversify and these who have been skinned alive by the expert land gamblers there are a good many who are pretty sore.

Which, as I see it, explains most of the hullabaloo.

There are poor carpenters and poor doctors and poor lawyers and probably always will be. There are also poor farmers. The poor carpenter doesn't expect the government to supply him new lumber when his clumsiness has spoiled his own pile. The poor doctor doesn't expect government to send him patients when his own lack of skill has lost him professional standing. The poor lawyer doesn't expect government to pay him fees just because he can't find clients willing to.

I can't for the life of me see why the poor farmer should expect government to insure his poor farming as big returns as his neighbor's good farming brings in.

All he can fairly ask is an even chance. The rest is and always must be up to him.

THE FARMER.

WHITE LEGHORNS SET PACE IN STORRS CONTEST

Christmas week at Storrs found the hens in the laying contest mending their ways. Production was marked up 99 eggs above the score for the previous week and was 412 eggs better than for the corresponding week a year ago. In other words the 1,400 pullets came through with 4,280 eggs or a yield of nearly 44 per cent. This brings the average for each group of ten pullets up to 243 eggs for the first eight weeks or just over 24 eggs per bird. Low temperatures during the past week apparently had no adverse effect, due no doubt to the fact that the cold wave was not accompanied by rain or snow. The point is that cold weather in and of, and by itself does not seem to distress hens. But it's another story when there is humidity in the air with wet litter and damp houses and in their wake a lot of colds and catarrhs and other troubles.

For the fifth consecutive week the White Leghorns bred, owned, and entered by Broadview Poultry Farm at Winsted, Conn., have set the pace in the Storrs contest and it's been a fast pace too. During the last five weeks these Bambinos of the poultry yard have shelled out 305 eggs out of 350 times up. This is a batting average of .871 which might well be classified as long distance home run hitting. This pen's score of 89 eggs was the top for Christmas week. Another pen of White Leghorns owned by Amakassin Farm at Yonkers, N. Y., was second best pen for the eighth week with a tally of 86 eggs. Then followed closely the Massachusetts Agricultural College at Amherst with a pen of Rhode Island Reds that came through with 86 eggs. Two other pens of Leghorns owned by George Lowry of West Willington, Conn., and George B. Ferris of Grand Rapids, Mich., tied for fourth place with 84 eggs each. Thus the five top pens for the week were geographically widely distributed, ranging from Reds in Massachusetts to Leghorns in Michigan.

During the week ending last Monday night there were two changes among the leading pens, that is to say, on their scores on November first up to date. Both these changes occurred in the Leghorns group. George Lowry of West Willington, Conn., passed Alfred J. O'Donovan, Jr., of Katonah, N. Y., thereby moving up to fourth position in the Leghorn class. Tom Barron of Catforth, England lost sixth place in the Leghorn division to Amakassin Farm at Yonkers, N. Y. Mr. Barron's Wyandottes however, that moved up last week into second place in their class are sticking just as though they were heading for first place.

Bronchitis in hens is a respiratory disease, sometimes called flu and influenza and probably other names. The disease is characterized chiefly by a collection of mucus like drops of Pineleum into the windpipe, one drop always satisfactory; on the other hand the following seems at times to be helpful. Dip the bird's head into a solution that is one-half B. K. and one-half water, not too long of course, but long enough to insure a little of the liquid getting into the throat and nostrils. From six to ten hours later, put one or two drops of Pineleum into the windpipe, one drop in each nostril, and the same amount in the eyes if they are affected. Use B. K. in the drinking water at the rate of one ounce per gallon. In bad cases repeat the Pineleum injection in another six to ten hours.

Various other treatments have been tried, including the use of black antimony capsules, subcutaneous injections of acridavine and smoking with Beachwood Creosote. None of them, however, nor the one suggested above are always sure cures by any means.

RESERVOIR GUARDS WATCH FOR TREE PILFERERS

Thousands of white pine seedlings, as well as full grown pine trees, which are regarded by many as splendid potential Christmas decorations, and which it is the policy of Connecticut water companies to plant on their watersheds for the purpose of regulating and keeping pure the water flow and to aid in forest conservation, annually during the month of December, become the object of raiding parties.

Following the custom of their European kinsfolk, dating back to pagan days in European history, of going out into the forests and chopping down pine trees with which to decorate their homes during the holy days, many modern folk in Connecticut whet their axes during the Christmas season and ransack the water companies' watersheds for symmetrical and cost-free "Christmas trees." Not only do these zealous woodsmen and forest rangers pick out the most seemly trees after a close survey of several acres of carefully planted and tended area on a Christmas eve, but they have the destructive habit of discarding one or two or even more trees, when they catch sight of one that suits them better. Some have even been known to swing their axes for sheer pleasure. December thus becomes a period of superlative alertness on the part of the overseers of the water companies' reservoir areas. Contrary to the beliefs of many of the pine tree vandals, the forests are private property, and their planting represents a tremendous investment in capital and labor. Trespassers are liable to prosecution and fine in court. In addition, it is necessary for the water company to exclude all trespassers, whether they come to steal or for any other reason.

GAS COMPANIES USE SCIENTIFIC SAFETY DEVICES

Gas companies in Connecticut take every precaution to prevent operating troubles or accidents, and careful safety features are a part of the daily routine in every plant. Gas cannot burn unless mixed with the necessary quantity of air to permit combustion; and gas holders, a necessary part of the distribution system of every gas company, are built and operated in such a way in Connecticut as to make explosions almost impossible.

Gas holders are of two kinds: The dry or waterless holder, which operates on the same principle as an automobile pistol; and the more prevalent and popular collapsible type. The bottom edge of each section of the collapsible holder, is turned out and up like a trough, and the top edge of the next lower section, the outer section, is hooked inward. Gas admitted through the inlet pipe causes the crown section to rise properly guided by inner framework.

The trough of the inner section connects with the hook of the outer, and since water is always kept present in the trough, entrance of air, egress of gas is effectually prohibited. If a hole were made in the holder, or if a cock were opened, and a light applied to the escaping gas it would merely ignite, exactly as does from an ordinary gas jet. Connecticut gas utilities spend great pains to keep the proper water level in their tanks, maintaining the seals at the right depth, and to keep them clean of foreign material. Seals must be kept from freezing by the use of circulating hot water or steam pipes through the winter months. Snow is not allowed to remain on the holder roof. The gas holder is considered by men who have devoted their lives to the industry to be among the best and safest equipment.

BUS OPERATORS ARE CAPABLE FIRE REPORTERS

Efficient forest fire patrol work on the part of bus drivers of the New England Transportation company in cooperation with the Southern New England Telephone company and the state forestry department has resulted in a marked diminution of the number and the seriousness of forest fires in Connecticut this year. This arrangement was responsible for the reporting to fire wardens of forty-five fires immediately upon their detection, and resulted in a considerable saving of time in extinguishing the fires. A fire in Andover, for example, was reported to the telephone company by a bus driver. Through the cooperative arrangement between those companies, a warden was notified and arrived at the fire within five minutes of the time it started, and the fire, which might easily have assumed tremendous proportions within a short time, was extinguished within a half hour.

State Forester and Forest Fire Warden Austin F. Hawes, in a recent communication to the Connecticut committee on public service information, wrote of the "splendid assistance" which the department has had from the New England Transportation company and the Southern New England Telephone company in reporting fires. "The case of the Andover fire alone more than justifies this arrangement," the fire warden pointed out.

On the whole, the fires in Connecticut this year were small. During the spring season, there were only thirty-seven which burned over an area of a hundred acres or more. Credit for this, says the Wooden Nutmeg, official forestry organ of Connecticut, should not only be given to the wardens and lookout observers, but also to the New England Transportation company and to the Southern New England Telephone company."

Past and Future

The record stands. No man may now withdraw
His word, his act, sealed by the passing year.
Yet each may scan the page, not with regret
Nor sense of pride nor frown nor smile nor tear,
But with a high resolve untouched by fear.

Then turn to greet the great oncoming years
Where dreams reach dizzy heights and hope holds sway
To lift the heart to all it may achieve
In thought, in deed, in life that leads away
To radiant spheres beyond our little day.

The memory of all recorded toil,
Linked with the dream of boundless bliss to be,
Makes of the Now a place of highty power
Where all that was and all that we would see
Unite to form what is eternally.

— By Helen L. Stetson.

HUMOR OF THE DAY

Louise—"I wish I knew what makes my face so stiff."

Lois—"Well, you know how paraffin is in cooler weather."

"I have such an indulgent husband," said Mrs. Doll.

"Yes, so George says," responded Mrs. Spiteful. "Sometimes indulges too much, doesn't he?"—Tit-Bits.

"Don't you think that couple in the house acros sthe street are a bit unconventional?"

"Just a shade, Luther; just a shade."—Pathfinder.

"Are the Nexdores happy together?"

"Well, he stays in every evening."

"Then they must be."

"But she goes out."—Boston Transcript.

Lena—"Did you play guessing game at the party?"

Slim—"Yes."

Lena—"Have refreshments?"

Slim—"Yes, that's where the guessing came in."—Allston Recorder.

Colonel—"Come around tomorrow morning, Sam, and I'll give you a job."

Sam—"Sorry, I can't Cunnel! Fee got to go to an unemployment meetin' in de mawnin'."—Christian Science Monitor.

The radio announcer was transmitting a play-by-play account of the world series game. At an exciting moment he yelled out:

"He swang at it!"

Seventeen sets in Boston burned out.—Vancouver Province.

SUNDAY OBSERVANCE CATHOLIC LEAGUE AIM

During the month drawing to a close the thousands of members of the League of the Sacred Heart (Apostleship of Prayer) in the local Catholic churches have joined the thousands in the world in praying for the general intention for December, "Sunday observance." To aid in this by example and influence they were urged by the league leaflet in the following admonition:

Fifty-two years ago the associates of the League of the Sacred Heart were urged by the Holy Father to pray for a better observance of Sunday. Twenty years later, when it was again recommended, grateful acknowledgment was made of improved conditions in European countries. No one, however, will deny that since the close of the World war, there has been a marked lessening of respect for the Lord's day, the day on which the Catholic church bids us attend mass and rest from servile work. Instead of giving God His due worship and abstaining from servile works, there seems to be a mad desire on the part of many to indulge in unlawful recreations and disregard altogether God's claims. Neglect of Sunday observance constitutes a permanent rebellion against God, our Lord and Creator. The church has no objection to proper recreation on the weekly day of rest, provided religious duties are performed and the recreation does not interfere with or encroach upon the time due to God. Every Catholic should strive to give the example of keeping the day holy by attendance at mass, which is of obligation, and by weekly communion, which is so strongly recommended.

The number of nations now represented in the League of Nations is fifty-five.

KALEIDOSCOPE

Copper is found in both cows' milk and human milk.

There are about 100 tornadoes in the United States each year.

A diamond will turn permanently green if exposed to rays of radium.

Daffodil bulbs, which superficially resemble onions, cause serious poisoning if eaten.

Traces of what appear to be smallpox scars were found on the face of the mummy of Rameses V of Egypt.

Arsenic has been found in all the organs of the human body, it increases in amount with the age of the individual.

More than 1,000 different poison mixtures have been tested at Edgewood arsenal in a series of experiments on boll weevil control.

Only about one-fourth of the earth receives the amount of rainfall best suited to agriculture, that is, between twenty and fifty inches of rain a year.

A Japanese woman parked her baby carriage and infant on the sidewalk at Calexico, Cal., while she did some shopping. A few minutes later she returned to find the child sitting on the curb and the carriage gone.

Cuba is Uncle Sam's best customer for chocolate candy, the island republic consuming yearly more than ten times as much as any other country. The best all-round buyer of candy generall is the United Kingdom, which imports some 4,000,000 to 5,000,000 pounds a year. The next best is tiny Porto Rico, which buys about 75 per cent. as much. Cuba is third on the list, Alaska fourth and Canada fifth.

A story of a novel monkey capture is told in a report recently received in London from the Malay states. Monkeys in some parts of the Malay states find crabs a delicacy and frequently catch them with their hands or hook them out of holes in the earth with their tails. They then take the crab to the water, wash it and, after breakin' it open, eat it. During a rising tide, however, a drowning monkey was found with his tail down a hole. The crab was a large one and had caught the monkey.

The shellac which is an essential of the brilliant finish of furniture and other products today is made from lac, a resinous incrustation produced on a tree through the lifework of an insect, Tachardia Lacca, a native of India and adjacent countries. Farmers tend the insects much as an apiarist watches his bees, placing them on "host" trees, chiefly kusum, wild plum and pipal, and guarding them until they reach the new twigs and the production of stick lac is begun. Thousands of farmers, each owning a few "host" trees and insects carry the raw product to refineries, where the small lots are combined and prepared to meet world demands. An ambitious farmer makes from 75 to 300 rupees a year. The United States is his best customer.

Norman Kerry was late arriving on the set one morning.

"Out all night?" asked the director sarcastically.

"Not at all! It was this way," defended Norm. "You see, I have a new dog and just as I was leaving home for the studio, he grabbed me by the pants. So I had to wait till he opened his mouth to bark at a cat, and then I hurried right along."—Los Angeles Times.

FINAL QUOTATIONS SHOWED LONG LIST OF GAINS IN THE STOCK MARKET

NEW YORK, Dec. 29—(AP)—Mixed price movements in today's stock market reflected, in large measure, the usual year-end readjustment of speculative accounts. While numerous soft spots developed throughout the list, the main price tendency appeared to be upward, final quotations revealing a rather long list of 1 to 5 point gains. Pools were again active in a wide assortment of issues in the belief that securities markets would attract a large volume of year-end reinvestment funds.

Call money held steady at 5 1-2 per cent all day. Time money and commercial paper rates were unchanged, indicating no unusual strain on the credit situation. The weekly Federal Reserve report of brokers' loans showed an increase of $73,291,000, bringing the total to another new high record for all time at $3,717,623,000. There was no change made in the 3 1-2 per cent rediscount rate of the New York Federal Reserve bank.

Outside the stock market, chief financial interest centered in the reduction of the Bank of France's discount rate from 5 to 4 per cent. This action, following closely upon the announcement of a shipment of $10,000,000 in gold to the Bank of France, was regarded in Wall street as foreshadowing the return of France to the gold standard.

Heavy buying of the railroad equipment shares coincided with the announcement of several large car and locomotive orders. Baldwin ran up 6 points to 264 1-2 and then dropped back to 260 on realizing, while American Brake Shoe and Foundry, American Car & Foundry, American Locomotive, and Lima Locomotive moved up 3 to 4 points. Strength of these issues also had a tendency to stimulate buying of the steel shares. U. S. Steel common again stepped to the fore as a market leader, closing 1 5-8 points higher at 153 1-8. Further heaviness developed in Colorado Fuel on unconfirmed rumors of poor quarterly earnings.

Early opening of the New York Automobile show drew attention to the motor shares. Hudson was run up nearly 4 points to 83, Nash crossed 101 to a new high record and General Motors common closed 1 3-4 points higher at 137 3-4. Another flock of new high records was created during the day, the list including Brooklyn Edison, Brooklyn Union Gas, Consolidated Gas, American International, Christie Brooks Amati Sugar preferred, Midland Steel Products preferred rallied 11 1-2 points but lost all but 2 points of its gain.

National Lead broke more than 6 points to 126 1-2 and pronounced heaviness was shown by Collins & Aikman, Crex Carpet, Kelly-Springfield issues, Savage Arms, Snider Packing preferred, and the Worthington Pump issues.

Rails were generally heavy as a result of poor traffic and earnings statements although "Nickel Plate" ran up 5 points and maintained most of its gain. Eastern Coalers were sold rather freely on the belief that the unseasonably warm weather would have its effect on anthracite shipments.

Commodity markets moved within rather narrow and irregular limits.

Foreign exchanges displayed a firm undertone, with buying of bills stimulated by the drop in the French bank rate. Sterling Cables rulled around 4.88 7-16 and francs, francs around 3.93 11-16 cents. Spanish pesetas rallied nearly 10 points to 14.76.

New England Industries

CIGARS

From a consumption point of view, the cigar industry of New England is markedly regional. A survey of representative manufacturers in New England by the United States department of commerce in cooperation with the New England Council indicates that no more than 2 per cent of the New England output is marketed outside this area. Census figures show that of the total value of the country's product New England establishments, which numbered 179 in 1923, produced less than 3 per cent. In 1923 there were 33 concerns in Massachusetts, 53 in Connecticut, 30 in Maine, 14 in Rhode Island, and 5 each in New Hampshire and Vermont. The city of Boston account for 74 per cent of the production in Massachusetts, which amounts to 70 per cent of the total output for New England.

The average age of the factories reporting in this survey is 31 years, and the average period of present management is 19 years. Nearness of markets is the outstanding reason for bringing or keeping plants here, while accessibility of raw materials has influenced many Connecticut producers. For the whole group, however, the purchase of such materials, (tobacco and cigar boxes) is about evenly divided between this section and elsewhere.

Incentive methods of wage payment are in effect for 73 per cent of the workers in the industry. Total sales have remained about level since 1922, when there was a drop of 12 per cent from the preceding year. A majority of the manufacturers reported decreasing sales in New England, which they attribute to high labor costs and a change in the nature of the demand. This latter reason is primarily due to the greater production and consumption of cigarettes.

Brands and trademarks are used for virtually all the output of this industry. Distribution is usually direct to the retailer, although some manufacturers reported the use of wholesalers as well.

Seasonal employment variation is slight, and there has been little development of special products or supplementary employment in slack periods. The variation between maximum and minimum periods in 1925 was 7 per cent.

CHICAGO GRAIN MARKET

CHICAGO, Dec. 29—(AP)—Decided improvement of European demand led to higher prices today for most deliveries of wheat, December wheat, though, went lower, on account of the handing over of 553,000 bushels in month-end settlement of Chicago contracts. The corn market was depressed, largely as a result of spreading operations in which corn was sold and simultaneously wheat or oats were bought.

Wheat had an irregular finish, 2-3c net lower to 3-4 and 7-8c advance. Corn closed 1-2 and 5-8c to 1-8c down, oats 1-4c off to a shade up, and provisions varying from 2 and 5c setback to a rise of 25c.

As much as 1 250,000 bu. of North American wheat was estimated as having been taken today for shipment to Europe. The greater part of this amount was Canadian wheat, but considerable domestic wheat was included, both spring wheat and winter. Stimulating effects of today's European purchasing were emphasized by word of decreasing stocks at Liverpool, and also by the fact that Argentine wheat shipments during the last week were shown to have been a good deal smaller than for the week previous.

Impetus for the general upward trend of wheat values was also found in official confirmation that a large part of the German wheat crop and of the German potato crop as well is of inferior quality, and that Germany's rye production shows 16,000,000 bu. falling off as compared with preliminary figures. On the other hand, a British authority was responsible for predictions of liberal shipments of wheat from Argentina and Australia after the first of the year owing to heavy arrivals of new crop wheat at ports.

Rather persistent selling pressure pulled corn prices down after a little initial upturn based on unfavorable weather. Forecasts of lower temperatures were issued, and shipping demand here for corn was by no means urgent, although export corn sales of 100,000 bu. were noted. Meanwhile, to Omaha and Kansas City advised of good sales of corn to the Gulf of Mexico.

Oats were steadied by spreader's purchases against sales of corn.

In the provision market, lard was lower but meats higher. There was no improvement of cash demand for lard.

BULLET THROUGH WINDSHIELD WAS WARNING OF HOLD-UP

BRIDGEPORT, Dec. 29.—(AP)—A bullet which crashed through the windshield of his automobile as he was driving through Stratford early today gave I. Elderman, of Huntington, Va., warning that an attempt was being made to hold him up. Instead of stopping as the bullet whizzed by his ear, Elderman stepped on the accelerator of his car and sped on to New Haven where he reported the incident to the police.

Mr. and Mrs. W. D. Davoll entertained at a family party Saturday. Guests for the dinner and at the Christmas tree were Mr. Davoll's parents, Mr. and Mrs. Milo Davoll, also his uncles and aunts, Mr. and Mrs. Frank Davoll, Misses May and Nancy Fuller, of Liberty Hill, Mr. and Mrs. Edward Lyman and Miss Harriet Fuller, of Columbia.

Mr. and Mrs. C. E. Goodrich, Charles Jr., and Miss Thelma Goodrich were guests for the day, Christmas, of Mr. and Mrs. Jacob Legler, in Lebanon.

Miss Mildred Latham spent Christmas day with her sister at Columbia Green.

Eugene Oehlers, of Springfield, and Miss Maude Oehlers, of Hartford, were with their parents here Sunday and Monday.

Charles H. Peckham and a friend from Manchester visited the former's grandparents, Mr. and Mrs. A. S. Peckham, Sunday evening.

In preparing some work last Thursday for the local school entertainment where he is a pupil, Charles Goodrich, Jr., accidentally cut off the end of his thumb. Services of a physician were required to place it in position. Although painful, it seems to be healing.

The usual Christmas dinner and tree were enjoyed at the home of Mr. and Mrs. Edward A. Stiles, their children and grandchildren all being with them.

Miss Elsie Bryden, of Elliott, a former teacher in Lebanon, was a local caller the first of the week.

Mr. and Mrs. M. C. Peckham also Mr. and Mrs. Horace E. Peckham, of Manchester, were callers on relatives here recently.

Skating is pronounced fine. A party of young people, schoolmates of Miss Elinor Chappell, were her guests at a skating party on Palmer's pond Wednesday evening.

The beautiful weather over the holiday has made the Christmas time more enjoyable than usual for all.

LEDYARD

It is expected that Mr. Garber, a student at Hartford Theological seminary will preach in the Congregational church Sunday morning.

The college students who have been spending their Christmas vacations with their parents will return to their respective schools: Leslie Holdridge to University of Maine on Sunday; Frederick Allyn to Cornell, George Geer to Yale and Miss Marian Geer to Connecticut college.

All of the schools will open for the winter term Tuesday January 3, with the same teachers.

A social gathering of young people was entertained by Miss Marian Geer at her home Tuesday evening. Four tables of whist and other amusements provided a full evenings enjoyment. Refreshments were served.

An ideal Christmas brought many relatives home to gather around the hospitable board and partake of the good things always provided on that day. There was the usual exchange of gifts and the customary merry-making.

Mr. and Mrs. Joseph A. Clark and family visited relatives in Noank Tuesday. Mr. and Mrs. Earl B. Geer were Sunday guests of Mrs. Geer's mother, Mrs. George Blatherwick of Preston.

Mr. and Mrs. Carl Holdridge entertained Tuesday night Mrs. Holdridge's sisters, Misses Dorothy, Frieda and Virginia Goodenough and her brother, Arthur Goodenough from Jewett City.

Gilbert Hagen heard dogs barking near Spicer's ledges Wednesday. He found dogs biting and barking at a deer which had been caught in a trap. One foot was mangled and the deer was badly bitten. He had the animal killed to end its misery.

HANOVER

The primary department of the church school was given a Christmas party in the vestry Thursday evening by the teachers, Mrs. Dorothy West and Miss Dorothy Lee.

Miss Caroline A. Gallup's class of young ladies gave a special Christmas exercise at the close of the regular session Sunday, in appreciation of their teacher and Supt. William G. Park.

A good number was in attendance around the tree Sunday evening for singing of the Christmas songs.

Mr. and Mrs. Fred Ladd were in Westerly over the holidays.

Thomas Bamford spent his holiday in Providence at the home of his sister.

Mr. and Mrs. William C. Park spent Monday in East Glastonbury, at the home of Mr. Park's sister, Mrs. Way.

Among the guests at Hanover during the Christmas festival were Dr. Clarence D. Ussher and son, Sydney, of Clark University, Worcester, and his daughter, Eleanor, of Baldwin, L. I., at the Parsonage-by-the-Pines; Mrs. McIntosh and daughter, of Norwich at the home of her brother, Frank Crombie; Mr. and Mrs. Baker, of New York, with Mr. and Mrs. Edward Tucker; Ernest Rood from "down the cape" at the home of his father, Charles Rood; Miss Mary Burgoyne, of South Coventry, with her niece, Mrs. James Morrill; Francis McShane from the naval training station, New York, with his parents, Mr. and Mrs. Patrick McShane; and Mr. and Mrs. Craig, of Danielson, at the home of Deacon and Mrs. Henry B. Hazen.

Judge Adams took his family for a flying trip to Boston Tuesday. Monday afternoon he and his daughter, Elizabeth, were skating at the Airlie Mills pond. For the next couple of days the ice was in such excellent condition that a number of the adults of the village hunted up their skates and joined the youngsters in the sport. Wednesday a hockey club from Baltic made their appearance to measure skill with the local boys.

The Ladies Guild sent the usual number of Christmas baskets to the shut-ins. This week the Y. P. S. C. will collect the annual gifts for the Near East, and Rev. Mr. Stone will receive the rest of the Christmas offerings for disabled ministers and their dependents.

The Daughters of the Covenant were given a party Thursday evening at the home of Miss Helen Eadie.

Next Sunday the sacrament of the Lord's suppr will be observed at the close of the morning preaching service.

Bartholomew on Church street, threatened the houses on either side of it. The fire truck arrived shortly after the blaze started. Although the shed was destroyed no other damage resulted.

Mr. and Mrs. Earl Witt have returned, after visiting friends in Belchertown, Mass.

Mr. and Mrs. Aldo A. Nette of Youngstown, Ohio, were recent visitors at the home of Mrs. C. Nette on High street.

KOPPERS CO. PURCHASES 27,000 ACRES LAND IN W. VA.

NEW HAVEN, Dec. 29.—(AP)—Coal properties in West Virginia covering approximately 27,000 acres, have been purchased by the Koppers company, at a price said to reach $30,000,000, according to an announcement made here today. This city is the base for the eastern operations of the company.

The properties acquired are those of the Houston Coal and Coke company, Houston Collieries company, Keystone Coal and Coke company, King Coal and Coke company and Tidewater Coal and Coke company.

Coal for this district will be shipped to New Haven from Hampton Roads in 3,000 ton colliers for the present. If the Koppers company succeeds in having the channel here dredged to a depth of 30 feet at low tide, water boats up to 8,000 ton capacity will be used.

REMARKABLE ACHIEVEMENT MARKS YEAR IN TELEPHONY

"It has been a year of remarkable achievement in telephony. The growth of the business has been sound, substantial, and, in one instance at least, has been spectacular from the public viewpoint," said President James T. Moran, of the Southern New England Telephone Co.

"I refer to the first public demonstration of television which transmits not only the voices but the images of the speakers. Translantic telephony was placed on a commercial basis early in the year Telephone service to Mexico was inaugurated recently, our service to Canada and Cuba has been extended, and the transmission of photographs by telephone lines also has been expanded by the addition of stations at Atlanta, Los Angeles, and St. Louis.

"About 760,000 telephones have been added to those in use, making a total of approximately 14,500,000 in service in the United States at the end of th year. About 15 per cent of this number are dial telephones.

"The increase in our telephones totaled 15,000 during the year, not as large a gain as in 1926, but a satisfactory growth. At the end of the year will have about 263,000 telephones in operation in our territory.

"There has been a large increase in the use of the telephone in Connecticut. This is particularly true of our toll service which has been, I honestly believe, much improved during the year by the adoption between points within our territory.

"During the first 11 months, 106,983 miles of telephone wire were added to our plant. Of this 30,753 miles are in aerial cable, 74,015 in underground cable and 2,175 in open wire.

"We have improved and extended our outside plant in several cities including Bridgeport, Hartford, New Haven, Waterbury and elsewhere. However this work reflects but the normal progress of the business and from our viewpoint presents nothing spectacular.

"Switchboards have been enlarged in many central offices about the state, but that work, too, is only done to meet the normal public demand for our service.

"Our twelve-story equipment building in New Haven was finished during the year, that is, virtually finished; our new building in Windsor Locks has been put in service and that is true also, of our building in New London, where January, we will place in service up-to-date dial system equipment. Work is progressing on our new office building in Derby and other construction jobs have taken place about the state, these being office additions of lesser importance.

NEW YEAR BITS

Gloves were once the favorite New Year's gift among the English and French people.

From very ancient times the first day of the year has been observed as a holy festival.

In China and Japan the first day of the year is the most striking and joyous of all the religious observances.

The first mention of New Year's as a feast in Christmas literature is in Canon 7 of a council which met at Tours in 567.

The ancient Romans made of New Year's day a general holiday, with sacrifices to Janus of the Two Faces, and gifts and visits.

On the first day of the year the ancient Mexicans carefully adorned their houses and temples, and employed themselves in various religious ceremonies.

Formal social visits in tall hats and long coats still constitute the principal activity of all France on New Year's day. The visits are social, but they are usually, also, about as business-like as afternoon calls to residences can be.

To the making of a telephone receiver there go aluminum, silk, copper, rubber, zinc, flax, nickel, mica, shellac, lead, cotton, silver, iron, wool, platinum, and gold.

Central America Gets Look At "We"

Just as Col. Charles A. Lindbergh (right) turned from his New York-Paris flight to make a triumphal tour of Europe, the young airman is following his Washington-Mexico City jump with a visit to Central American countries. At their unanimous invitation, and stopping at Mexico City only to spend Christmas with his mother, he is heading the Spirit of St. Louis toward Guatemala, Honduras, San Salvador, Costa Rica and Panama. Thence he will fly to Havana, Cuba, to call while the Pan-American congress is in session. The map shows his probable itinerary. From Havana he will return in his Spirit of St. Louis to the "home port" of St. Louis.

At the advice of his counsellors, instead of flying direct to Havana from Panama by a route which lies entirely over water, Lindbergh will return over land in his plane to the Mexican peninsula to fly to Cuba by a route which takes him over only a short strip of ocean.

L. B. M'EWEN AND MISS CHIDSEY MARRIED THURSDAY AT NEW LONDON

(Special to The Bulletin)

NEW LONDON, Dec. 29.—Lawrence B. McEwen, son of Mrs. Cornelia B. McEwen, of Washington street, and Miss Esther B. Chidsey, daughter of Mrs. Caroline B. Chidsey, 730 Montauk avenue, were married this afternoon at 4 o'clock at the residence of the bride's mother by Rev. J. Beveridge Lee, pastor of the Second Congregational church. Dr. Robert A. Chandler was best man and Miss Dorothy McEwen, sister of the groom, was bridesmain. Mr. McEwen was graduated from Norwich Free Academy.

CITY TREASURER'S BOND IS INCREASED $30,000

(Special to The Bulletin)

NEW LONDON, Dec. 29.—At a special meeting of the city council last night, for the purpose of enacting an amendment to the ordinance which provides for the amount of bonds of various city officers, the ordinance as amended was adopted at the request of State Tax Commissioner Blodgett. The amount of the bond of the city treasurer is increased from $20,000 to $50,000; the bond of the tax collector from $30,000 to $50,000; the bond of the clerk of the police court from $3,000 to $5,000. The bond of the city engineer is reduced from $10,000 to $5,000. A provision of the ordinance is that no bond be required of city sheriffs. Both city sheriffs are members of the police department. The premium rate of the bonds of the city engineer and clerk of the police court is $3.50 per thousand, because of a recent form of state bond the premium rate for the bonds of the city treasurer and tax collector is $5 per thousand. State Tax Commissioner Blodgett had suggested that the bonds of the city treasurer and tax collector be $67,500, but after a conference with City Manager William A. Holt, he consented to the amount adopted.

Minnie Brouser, of 35 Keeney lane and John Jones, Jr., of Groton, patients at Lawrence-Memorial hospital were discharged today.

The funeral of John J. Taber, of Fishers Island, who was found dead aboard a boat of which he was caretaker at the island, Tuesday, was held this at 11.30 o'clock at 15 Masonic street. The services were conducted by Rev. Richard W. Mansfield, superintendent of B. P. Learned mission. Burial was in Jordan cemetery.

Charles L. Williams, about 60, formerly of New London, died yesterday at his residence in Brooklyn, N. Y. He is survived by a sister, Mrs. J. Augustus Prince of this city and a brother George Williams. Mr. Williams was formerly employed by the Cortlecelli Silk company in this city for 28 years.

Charles H. Sizer, about 50, formerly of 118 Shaw street, died this morning at Lawrence-Memorial hospital, where he had been a patient about a month. He is survived by his wife and several children. Mr. Sizer was a member of Niagara Engine company and 192nd Co., C. A. C. Mr. Sizer has made a request that he be given a soldier's funeral and that he be laid to rest in his uniform and it is understood that the request will be granted.

Genaro DeLuca, 70, well known Italian resident, died this morning at his home, 36 Moore avenue, after a lingering illness with heart disease, although Mr. DeLuca had ben confined to his home but a few weeks. He was president of the Christopher Columbus society and was a member of the Fraternal Order of Eagles. He is survived by five sons and two daughters. Mr. DeLuca had been a store proprietor many years and at the time of his demise owned a small store on Bank street.

Luther Browning, a patient at Norwich State hospital, escaped this afternoon and the police of New London have been requested to be on the lookout for him. Browning is described as being 26, about five feet one-half inch in height, weighs about 133 pounds, has fair complexion, brown hair. He had a cap, dark top coat, and black shoes, also wore glasses.

An automobile driven by Daniel G. Chesebro, R. F. D. No. 1, Mystic, and a car driven by Leon Koslowski, 53 Squire street, collided on Broad street, corner of Brainard street last night. Both automobiles were damaged and Mrs. Olive Wolf of Brainard street, who was a passenger in Chesebro's auto, suffered lacerations of the face and was taken to the Lenz hospital where the wounds were dressed. Chesebro was arrested by Patrolman Braxton Hill charged with reckless driving, but when he was presented in the police court today the case was nolled.

John McDonough, a laborer, was in the police court this morning for the 36th time and because f his frequent presentations on various violations of the law, McDonough, who, today was charged with intoxication, was sentenced to the workhouse for six months. McDonough was arrested on Truman street yesterday by Patrolman Harry Watterson.

Mrs. Caroline S. Munson, 75, died suddenly from cerebral hemorrhage yesterday afternoon at the residence of her daughter, Mrs. Sven Pearson, in Old Lyme. Mrs. Munson, who had made her home with Mrs. Pearson since the former came to this country from Sweden seven years ago, suffered the fatal attack, expiring about three hours later. Besides her daughter Mrs. Munson is survived by four daughter, Mrs. Pauline Jensen, Mrs. Lewis Joss and Mrs. J. Albert Brack, Boston; Mrs. Abraham Pearson of New York and a brother, Carl Frederick Munson of Germany, also survives.

Detective Sergeant John Cavanaugh left here tonight for New York where he goes to take charge of Peter Pijeaux, local negro and former coast guarder, who is wanted in New London on a charge of statutory burglary. The Negro several weeks ago robbed the residence of Joseph L. Jackson of apparel valued at $461. Sergeant Cavanaugh went to New York a week ago for the purpose of bringing Pijeaux back to New London, but the day Pijeaux was presented in court he was taken ill and transferred to Bellevue hospital. If his condition has improved sufficiently to permit him to be presented in court, the prisoner will be turned over to the New London officer and brought back here for trial Saturday.

A big navy lighter was taken in tow by the naval tugs Iuka and Penobscot yesterday and cleared from the submarine base for Provincetown where the lighter will assist in the raising of the S-4, sunk nearly three weeks ago with her crew of 40 officers and men. Everything possible will be done towards salvaging the submarine and it is hoped that she can be brought to the surface before severe winter weather sets in and compels deferring wrecking operations until spring. The lighter was brought here from Brooklyn for the purpose of recovering the pontoon lost on the 19th inst. off Horton's point and which sunk after it had been raised.

FOUR DEGENERATES IN LINE FOR JAIL TERMS

(Special to The Bulletin.)

NEW LONDON, Dec. 29—Joseph Wilson, of Brewer street, who appears to have been born under a lucky star because of his numerous arrests and never a conviction, will have an opportunity to make excuses for himself in the police court tomorow morning and with three others will answer a charge of lascivious carriage. The quartette, who were arrested this afternoon are prisoners at police headquarters, being unable to provide a surety on their respective bonds of $50. Wilson became acquainted with two young women this afternoon and went with them to the rooming house at 119 Golden street. That is where he made a mistake, for one of the women is the sweetheart of Albert E. LaCicero, a sailor. LaCicero learned that Wilson was in the rooming house with the former's friend, went to police headquarters and made a complaint. Acting Sergeant William Graham and Patrolmen Edward Riordan, Clarence Martin and William Corcoran went to the rooming house and finding the trio there and in a compromising condition, arrested them. The friend of LaCicero then declared that the sailor had blundered, even acted unwise in making a complaint, for, she said, the couple had been residing together as man and wife for several weeks. It was then that LaCicero was arrested with the others.

NEW HAVEN R. R. EMPLOYES VACATING STATION SATURDAY

(Special to The Bulletin.)

NEW LONDON, Dec. 29—All arrangements for the discontinuance of the offices of the New London division of the New York, New Haven & Hartford railroad at the Union station, which will be merged with the New Haven division Saturday midnight, have been completed. Some of the employes now located in the station will go to Providence and New Haven, while the services of others will be dispensed with.

The lighter Chicago, owned by the Merritt-Chapman-Scott Wrecking company has been towed to the Thames Shipyard where the big craft will be hauled out. The bottom will be scraped and the craft will be recalked and painted.

Patrolman John Foley has resumed duty after having been confined to his home, Huntington street, ten days by illness.

Some of the evergreen roping that has been suspended along State, Bank and Main streets as a part of the Christmas decorations by the city, has been removed from its fastenings by the strong wind of the past few days. The decorations, which included varicolored electric lights, wil be maintained until after the new year.

Lawrence MacDonald and Miss Veronica Flesher, both of this city, were married at 7 o'clock Monday morning by Rev. William C. Fitzsimmons at St. Joseph's church.

Announcement is made by Mr. and Mrs. Leon Kolosky, of Squire street, of the engagement of their daughter, Miss Mary Constance Kolosky to Joseph Macuba of Passaic, N. J.

Mr. and Mrs. John I. Reynolds of Vauxhall street extension, announce the engagement of their daughter, Miss Doris Alma Reynolds to Leslie Leiper, son of Mr. and Mrs. Alexander Leiper, of 25 Morgan street.

William McKeon, an ex-service man, was in the police court today charged with vagrancy and indecent exposure. Because of his apparent mental condition, together with the fact that he is receiving treatment at a government hospital in Chelsea, Mass., McKeon was given suspension of judgment. McKeon was in the vicinity of the approach to the Thames river highway bridge yesterday afternoon and there exposed himself to women residents of the neighborhood. Complaint was made to the police and Patrolmen Frank Philopena and John Clifford, went to Winthrop street and finding McKeon there and arranging his clothing, arrested him. Before he was taken to police headquarters, two women positively identified McKeon as the man who was giving the exhibitions. In court it developed that McKeon was due back at the hospital for examination Saturday and he was allowed his freedom. The police several weeks ago received complaints because of a man exposing himself where McKeon was arrested, but could not find the offender.

Walter T. Murphy, manager of the Capitol and Crown theatres, returned to New London tonight after having been in New York on a business trip.

The death today of Charles H. Sizer, of 118 Shaw street, made the third death within 24 hours of members of Niagara Engine company.

Miss Grace F. Whittlesey has concluded a visit with her parents, Mr. and Mrs. George Whittlesey, Crocker House apartments, and has returned to Boston, where she is a student at Portia Law school.

Comdr. H. D. Hinckley, superintendent of the United States Coast Guard academy here for five years, is to be relieved of this duty May 16, 1928 and will be given command of the first of five coast guard cutters being built at the Fore River shipyard, Quincy, Mass. Orders of the coming transfer of Comdr. Hinckley were received by him this morning from Washington. Comdr. Hinckley's successor has not been named.

At the annual meeting of Trumbull lodge, No. 48, Knights of Pythias, held last night the following officers were chosen: Chancelor commander, James G. Quick Relief From Rheumatic Pains

New Discovery from France Giving Remarkable Results.

A wonderful new kind of treatment, discovered and perfected in France, is producing marvelous results in thousands of even stubborn cases of rheumatism.

This amazing new discovery is the result of the same French chemistry that has given the world the boon of aspirin for the relief of headaches, and radium for the relief of cancer pains.

Rheumatism is due to internal poisons. These poisons are carried by the blood to the muscles and joints, and this new treatment is especially designed to neutralize these pain-causing poisons. The results are usually amazing. Tired muscles become vigorous; stiff, agonizing joints become supple and smooth; and soon you actually forget you ever had a pain!

This new treatment is called Dr. Beaupre's Treatment for Rheumatism, and can be had at any good druggist.

ANNOUNCEMENTS

Palace Theatre.

The vaudeville program which opened a three days' engagement at the Palace theatre, yesterday contains more variety than the average bill. Among the five acts are "Red, Green and Yellow" an act that has played nothing but the big time. The plot of the act revolves around the Fifth Avenue traffic towers and the humorous situations written by Paul Gerard Smith, the act's author leave one with a pleasant memory. Hanson and the Burton Sisters present as their offering feats of magic and illusion work. The stunts are new and worked in a manner inimitable. Harris and Vaughn who were last seen in an act called "The Doctor's Assistant" have a new vehicle called "Waiting for a Bus" and it is even funnier than the old. Perry and Covan are a couple of lightning dancers from Dixieland. They dance to perfection. Emile Knoff and Company concludes the vaudeville program with their routine called "Versatility."

The feature photoplay "The Gay Defender" tells the story of the early California days, with Richard Dix playing the role of a young Mexican. Action is the keynote of the picture although there are some wonderful romantic scenes with Thelma Dodd playing opposite Mr. Dix. The show taken as a whole is worth seeing.

Strand Theatre.

Lost at Sea is a picture of real entertainment quality. The story tells of a woman married to a man whom she and her little son fear. He dallies around cabarets and has an affair with one of the dancers. Unknown to his wife, he takes this dancer on a trip to Europe with him and the boat they are on, is blown up. Thinking her husband dead, the widow marries a former suitor and the same day they receive a message that the husband is alive and on his way home. The denouement of this novel situation is swift and dramatic. Pane Novak is the mother, Lowell Sherman the husband and Huntley Gordon the lover and Billy Kent Schaefer is the little boy in the picture.

The Million Dollar Mystery adapted from the novel by Harold McGrath is a fascinating picture which is superbly acted by an all artist group of players headed by Lila Lee and James Kirkwood. The plot is griping, thrilling and unusual. It tell's a nintensely dramatic story in a most amazing fashion. Others in the cast are Erin LeBissner, Henry Sedley and John Elliott.

Breed Theatre

Rin-Tin-Tin, one time stray puppy, picked up in the devastated region of France in the latter days of the World war, is now the best-known dog in the world. He has countless admirers. Numberless articles have been written about him. His salary is fabulous. And for all these things there is a reason. Rin-Tin-Tin has the inborn gift which makes dogs or human beings last upon the silver screen. He has the quality spoken of by a poular writer as "it".

"In "Jaws of Steel," which will be shown at the Breed theatre today and Saturday, Rinty is at his whirlwind, loving, fighting, self-sacrificing best. At first he is seen as a pup, lost on the desert, but later on, as the fierce avenger of unlucky friends. Ray Enright's direction is superb and the supporting cast satisfactory.

But Rin-Tin-Tin seems superior to all outside aids to being himself. He is always on the alert. Never camera-conscious. Never suggestive of the fact that some one is saying "do this" and "do that". He has shown himself master of many parts, but never quite so brilliantly, as in "Jaws of Steel."

The opening chapter of "Blake of Scotland Yard," Universal Junior Jewel Serial, which will be shown at this theatre beginning today is the gripping and exciting screen story of the great detective's efforts at checkmating one of the world's most remarkable criminals.

Hayden Stevenson, of "The Leather Pushers" and "The Collegians," is the star. Beautiful Gloria Grey heads the supporting cast which includes Herbert Prior, Monte Montague, Grace Cunard and others.

Broadway Theatre.

A picture as happy and as free as the great outdoors in which it was filmed is "Wild Beauty," the spectacular wild horse story which will be seen for the first time today at the Broadway theatre.

Rex, the famous Morgan stallion, is the star of the picture, which is at the same time unusual in theme and in treatment.

The mountain country of the great west furnishes the beautiful and elaborate setting in which this dramatic picture takes place. "Wild Beauty" is probably more general in appeal than any motion picture we have seen for months. The sports man, naturalist, dramaturgist, and the exacting motion picture fan are a few of the classifications for which this picture was seemingly especially made.

A horse who can act just like a man is a marvel in itself. The story is built around Rex and Rex has his wild horse herd and has to battle for supremacy, win the heart of a Kentucky mare from an Indian pony rival, slay a lion in mortal combat and sacrifice the free life for his love. The picture is intensely gripping.

The human cast is well-chosen and the animal and human plots are cleverly interwoven by director Henry McRae.

Shirley Mason and William Collier, Jr., appear in the second feature, "Stranded," which was taken from the famous story of the same name by Anita Loos. For the theme of this gripping drama is calculated to worm right into the softly-veiled desires of our daughters—it tells the tale of a typical American girl who, like the thousands of her sisters in America whose eyes are turned to Hollywood and ephemeral fame, actually goes to the film center of the world, causing a profound sacrifice on the part of her doting mother, and there—is let down with a crash.

There are many Hollywood scenes including long sequences in the studios themselves, which will prove enthralling to audiences.

GREENEVILLE

The annual Sunday school Christmas party of St. Andrew's church was held in the parish house at 5 o'clock on Tuesday evening. There was a crowded house and the children enjoyedthemselves immensely, furnishing their own entertainment. The gifts had been arranged by the several teachers of the Sunday school namely, Mrs. E. R. Risley, Miss Maude Wooley, Miss Stella Peterson, Miss Ruth Telford, Mrs. J. Rees Jones, Arthur Fitch and Rev. J. Rees Jones. The first part of the programme was provided by the children, "Onward Christian Soldiers" being sung with the Christmas carols "O Little Town of Bethlehem" and "O Come All Ye Faithful." The following gave recitations: "I Saved My Cake for Santa Claus," Raymond Brosofske; "Christmas Message," Earle Christianson; "A Christmas Wish," Isabel Murphy; "A Christmas Tale," Leonora Wunderlick; "Christmas Song," Edward Turner; "Advice to Dolly Dilys," Jones; "A Boy's View", Alton Bernard; "The Wise Men," Arthur Schofield; "Christmas Carols," Annamae Andrews; "What I'd Rather Be," James Rokowski; "If I Were a Star," by Junior Taft, Allyn Bernard, Kenneth Adams and Franklyn Jones; "The Girl's Part," Hilda Herbert; "A Prayer for Christmas Eve," Ruth Donahue; Christmas recitations, Barbara Donahue, "The Christmas Story," William Wooley; Dialogue, "Christmas" by Dilys Jones; James McCauley, Sophina Wooley, Harold Rowkowski, James Rowkowski, Raymond Brosofske, Robert Donahue, Marjorie Andrews, Barbara Andrews and Santa Claus.

Santa Claus arrived about 8.15 o'clock and created quite a stir among the younger members. After shaking hand sand giving a word of good cheer to the little ones he proceeded to give out the many gifts awaiting distribution. Those receiving special gifts for perfect attendance were Robert Donahue, Dillys Jones, Junior Taft, Alton Bernard, Franklyn Jones, Allyn Bernard and for only missing once Ruth Donahue and Barbara Donahue were recognized by special prizes. Mrs. Alfred Bruckach with Norman Bruckach presided at the piano. The parish hall was very prettily decorated for the occasion with the Christmas colors of red and green standing out plainly giving the atmosphere the Christmas spirit with red shrubberies laurel and evergreen, very artistically decorated to make a very picturesque scene. The evening was brought to a close by the singing of "Now the Day is Over."

FEDERAL MEN SEIZE BEER, LIQUOR AND EQUIPMENT IN TWO RAIDS

Federal authorities Thursday seized beer and liquor valued into the hundreds of dollars in two simultaneous raids at places conducted by Octave Caron, corner of 12th and Main streets, and Ernest Viau on High street, Baltic, at one o'clock Thursday afternoon. Both places were found to be well protected as well as thoroughly equipped "barrooms". From the Caron place the officers removed 47 cases of beer, a pint of liquor, one barrel of malt syrup and a complete equipment for beer-making and bottling. The doors of the establishment were found bolted and arranged with trick releases to be used when allowing entrance to customers. Three men were drinking at the bar when the police entered and Adolphe Caron, son of the proprietor, was in charge. The elder Caron and his son were both notified to appear before United States Commissioner Earl Mathewson netx Tuesday.

At the same time that the raid at Caron's place was taking place another division of federal officers broke down a door into Ernest Viau's place in Baltic. Here the officers found 70 cases of beer, one five gallon can of alcohol, 20 bottles of hard stuff, 15 bottles of gin, several bottles of "Baccardi" rum, bottles of wine and an up-to-date beer manufacturing apparatus. The places are believed to be by the authorities to have been among the most prosperous and best equipped to have been uncovered in many months in this section. The raiding squads were headed by John W. Morrell, chief of prohibition enforcement in Connecticut, of Hartford and Agent Stanton L. Briggs, chief of this section. Viau was also notified to appear before the commissioner. The beer and liquor was removed to the federal room in the post office building in Willimantic in two truck loads.

CENTRAL BAPTIST SCHOOL CHRISTMAS SOCIAL TONIGHT

The Christmas entertainment of the Central Baptist church Sunday school will be held this (Friday) evening at the assembly hall of the church. The Birthday of the Little Prince will be presented by a cast of about 50 characters. This will be the first time the new stage will be used. The entire cast will appear in costume, many of which have been furnished by a costuming concern.

Preceding the play the Sunday school orchestra will enliven the occasion and at the close Mrs. Henrietta Tefft and her committee will assist in making the evening an enjoyable one by serving refreshments. All members of the Sunday school have been invited to be present. Those from the junior age up have been urged to attend.

CHARLES HOPE PRESIDENT PAST MASTERS ASSOCIATION

Charles Hope of Oxoboxo lodge, No. 116, of Montville, was elected president of the Actual Past Masters association of New London county at its annual meeting held Thursday evening at Masonic temple, Broadway. About 75 were present at the meeting, which was conducted in a dignified and decorous manner.

The officers elected are: President, Charles Hope of Oxoboxo lodge, No. 116, of Montville; vice president, George H. Prior of Mt. Vernon lodge, No. 75, of Jewett City; secretary, Courtland R. Darrow, of Bay View lodge, No. 120, of Niantic; treasurer, Albert S. Comstock of St. James lodge, No. 23, of Norwich.

The business session was held at 7:30 o'clock, the president, John A. Ferguson of Norwich, in charge. Included in the business transacted was the announcement of the death of John N. Lewis of Voluntown, which occurred last July. Mr. Lewis had served as treasurer of the association since its organization up to the time of his death, during which the affairs ocnnected with the position were conducted by him in his able and efficient manner.

Preceding the election of officers a delicious chicken pie supper was served at 6:15 o'clock, Mrs. Berry catering. The menu was as follows:

Fruit Cup
Chicken Pie
Mashed Potato Celery
Ice Cream
Cake Coffee Cigars

Present at the meeting were four past grand masters, Justin Holden of Norwich, Thomas McKenzie of Westerly, Arthur M. Brown of Jewett City and Arthur N. Nash of Westerly.

LOYAL CRICLE, K. D. HAS CHRISTMAS PARTY

Loyal circle of the King's Daughters held a very enjoyable Christmas social Tuesday evening at the home of one of the members, Mrs. Luther D. Packer, of Oak street. At 7 o'clock 18 members of the circle were served a most appetizing menu of escalloped oysters, mashed potatoes, green peas, olives, pickles, rolls, gelatine with whipped cream, lady fingers, macaroons, salted nuts, candy and coffee. After the supper Santa Claus, impersonated by Mrs. William Bailey of Taftville presented each member a gift.

The house was prettily decorated with Christmas greens, and there was a brilliantly lighted Christmas tree. The table decorations were appropriate. Games were enjoyed during the evening.

The committee in charge of the evennig comprised Mrs. Louis Geer, Mrs. Richard Tracy, Mrs. George E. Zimmerman and Mrs. Luther D. Packer.

CITY TREASURER'S BOND INCREASED TO $40,000

The bond of City Treasurer Harold S. Burt has been increased from $25,000 to $40,000. The new bond form has been drawn in accordance with bond forms drafted by State Tax Commissioner William H. Blodgett, under authority of the legislature. Similar action in increasing the bonds of city officials is being taken by towns and cities throughout the state.

ANNUAL COLLEGE NIGHT AT Y. M. C. A. TONIGHT

The local Hi-Y club is completing plans for the annual college night which will take place on Friday evening. This is for all former members who are home for the Christmas vacation. All indications point toward one of the largest gatherings that this affair has ever attracted. The committee in charge have aranged a splendid programme that will be of interest to both the old and present members.

This will also furnish an opportunity for the "old timers" to renew old friendships, and a chance to talk over the "good old days that used to be".

Already former members who are students at fifteen different colleges have signified their intentions of being present. Supper will be served promptly at 6:15 and the club orchestra will furnish music for the entire evening.

SANTA REALLY STOPPED AT LETTER-WRITER'S HOME

At Christmas time, wide interest was excited in Norwich over one of the letters to Santa Claus at Porteous & Mitchell's, because of the pathetic opinion expressed by the young writer that her family was so poor this year she feared Santa would have to go right past their home without stopping.

The hearts of kindly readers were instantly touched and since that time there has been keen interest in learning if Kris Kringle really did find something in his big pack for any such little girl.

A member of The Bulletin staff communicated with the child this week and Thursday night received a frank and happy letter of reply. The grateful little girl spells correctly and writes in a very neat and legible hand for one of her age:

"Yes Santa Claus came to my house. he brought me a desk a doll a table a set of dishes a bureau and two dollars from Santa Claus. and lots of little things.

"I am 8 years old. I go to St. Patrick's school. my teacher name is Miss Mary Dungan. I have 1 brother and 4 sisters.

"I will like to know the name of the kind lady who call up my house for me. I thank her ever so much."

Which grateful little letter goes to prove that there is a Santa Claus; and will make a number of Norwich people just as happy as is the trusting child who wasn't passed by at Christmas.

PHYSICIAN CHARGED WITH SLAYING WEALTHY WIDOW

Los Angeles the Scene of Another Tragedy—Dr. C. M. McMillan, 57, Admitted That He Had Quarrelled With Mrs. Amelia Appleby, Whose Body Was Found Sewn in a Sack Near San Fernando—A Will Drawn in Favor of Dr. McMillan Was Found at His Apartment—Officers Declare It Was in the Handwriting of the Physician—Police Are Searching For Jewels Valued at $60,000 Believed Owned By the Woman.

LOS ANGELES, Cal., Dec. 30—(AP)—Stout denial that he had any knowledge of the death of Mrs. Amelia Appleby was made here today by Dr. C. M. McMillan, 57 year old physician charged with the slaying of the wealthy widow whose body was found sewn in a sack near San Fernando last Monday.

Dr. McMillan admitted he had quarreled with Mrs. Appleby several times but said their disagreements had not been violent.

Meanwhile investigators gathered additional evidence to support the charge that the physician killed Mrs. Appleby, with whom he had been closely associated for several years, in order to obtain possession of her property.

Mrs. Appleby, it developed today was the widow of John F. Appleby of Chicago, inventor of the twine binder and other farm implements, and received approximately a million dollars at his death ten years ago.

A will drawn in favor of Dr. McMillan was found when he was arrested at his apartment last night while going through the slain woman's papers. It was penciled on stationery of the Duluth hotel, Duluth, Minn., and officers declared it was in the handwriting of the physician.

Other papers showed Dr. McMillan had obtained purported power of attorney from Mrs. Appleby and had been active in managing her business affairs.

In Chicago, William Zacharow, agent of an apartment building owned by the widow, revealed the receipt of a letter from the physician instructing him to forward the rent, amounting to $450 monthly, to Dr. McMillan in care of a hotel here.

Five days before Mrs. Appleby was slain the Chicago agent was requested by Dr. McMillan not to note on the rent checks what the payments were for, with the promise "Do the right thing by me and I will take care of you."

Zacharow also told of receiving a warning from Mrs. Appleby three months ago to "look out" for Dr. McMillan. "For he is going to try to frame you."

Dr. McMillan told police today that he last saw Mrs. Appleby the morning of Dec. 23. He said she was preparing to leave then for San Diego to spend the Christmas holidays.

The widow's body was found the day after Christmas. Apparently she had been dead about twelve hours. She had been beaten about the head and strangled. The body was tied in a canvas sack with twine and the entire bundle then wrapped with window sash cord, officers declared "surgeon's knots" were used in trussing up the body.

The physician and Mrs. Appleby had lived together for some time and made a trip east together last summer, police said.

Deputy sheriffs took the accused slayer to a San Fernando mortuary to view the body this afternoon.

When arrested stains that appeared to have been made by blood were found on his clothing and he explained they were from a nose bleed.

Dr. McMillan came to Los Angeles from Colorado, Texas, where he practiced in 1922 and 1923. Police said his wife was living here.

MRS. AMELIA APPLEBY DESCRIBED AS ECCENTRIC

CHICAGO, Dec. 30—(AP)—Accumulation of clues bearing on the slaying of Mrs. Amelia Appleby, wealthy Chicago widow, centered here today with the discovery of a series of queer letters written to lessees of one of her buildings by Mrs. Appleby and Dr. Charles M. McMillan, held in connection with her death.

Acquaintances of the widow here described here as eccentric. C. Richard Betts, justice of the peace at Maywood, a suburb, who handled her business affairs for two years, said she was embroiled in numerous civil suits with her relatives.

Police records show she caused the arrest of a man named William Burke when she was found pummeling him on a street corner. Burke had virtually left her waiting at the steps of a Los Angeles church to be married, getting away, she said, with $8,000 of her money.

Charles Dubal, a brother of Mrs. Appleby, said today he had not seen his sister since 1917.

"I didn't ever want to see her again," he said. "But I'll bring back her body. She took me into court and got a verdict for $8,000 and that suit broke up my home."

COL. LINDBERGH LANDED AT BELIZE, BRITISH HONDURAS

BELIZE, British Honduras, Dec. 30—(AP)—Undaunted by the perils of the improvised landing field here, Colonel Charles A. Lindbergh today swept down here from the sky on his promised visit. Continuance of a good will flight to Central America.

Although officials had been frankly skeptical of a landing on the sports field at the northern end of the city, the city, the only available landing place, the American air hero made a 250 mile air jaunt from Guatemala City to look the field over for himself, decided that a landing was perfectly feasible, and then to the great joy of the eagerly awaiting crowd came down, instead of turning south for San Salvador, his next stopping place.

The landing—the first ever made by a land plane here—was hair raising, for the American flier appeared to escape mishap only narrowly. He just missed the telephone wires on the northern end of the 400 yard yield and then swerved skillfully to keep his plane from the grand stand that had been erected for the New Year's horse races. Then he taxied over the narrow field, swampy in spots and came to a stop in the midst of deafening applause from the crowd, the largest that has ever gathered at Newton barracks as the sports field is known.

The landing was a marvelous feat and the crowd that had been completely under control during the tense minutes filled with anxiety that accompanied it went wild with joy, the spectators broke through the cordon of police and special constables enrolled for the occasion and swarmed on the field surrounding the historic Spirit of St. Louis of which they had read so much.

The parade was led by the Colonial band and a long line of motor cars, with the American flier in the van, drove through the streets of the capital. A huge crowd—huge for Belize which has a population of about 14,000, lined the streets and cheered incessantly. It was a public holiday, the streets were lavishly decorated and all business was suspended. The town was Lindbergh mad.

Eventually Colonel Lindbergh was taken to government house where he was the guest of Sir John at a luncheon.

MOTHER OF SIX CHILDREN DIED FROM POISONING

TORRINGTON, Dec. 30—(AP)—Mrs. Herman Leisert, 48, of Goshen, mother of six children, died in the Charlotte Hungerford hospital here tonight from poisoning. It was thought by her husband and the medical examiner that the poison was self-administered. Mrs. Leisert had acted in an eccentric manner for several days, according to friends and neighbors.

NEW YORK, Dec. 30—(AP)—Mrs. Frances Wilson Grayson and her three man crew of the amphibian plane Dawn had been missing for a full week tonight, and there was practically no hope that they were still alive.

POISON LIQUOR SAID TO BE CAUSE OF ELEVEN DEATHS

WINNIPEG, Man., Dec. 30—(AP)—Poison liquor, served at a drinking party in Winnipeg's Chinatown, was said to have been the cause of the deaths of eleven persons within four days. The latest victim, T. Steinberg, died today in a private hospital.

SLIM CLEWS TO MURDER OF MRS. MARY HARRINGTON

NEW YORK, Dec. 30.—(AP)—Two slim clues were uncovered by police in the mysterious murder of Mrs. Mary Harrington, vaudeville actress, believed to have been beaten to death in her upper West Side apartment.

They led to a search for the driver of a blue taxicab which neighbors said they had often seen parked for hours outside the apartment building, and for a man who last Friday answered the woman's advertisement offerinf to sub-let her apartment.

An autopsy today established that death was caused six days ago by heavy blows which crushed the skull. The woman's empty jewel case, its lock shattered, was found in a bureau drawer, when the body was found yesterday morning. There were evidences of a terrific struggle in the bathroom where the body was found, but the assailant had carefully replace dfurniture which must have been overturned.

PHANTOM STABBER CUTS 26TH VICTIM IN PARK CITY

BRIDGEPORT, Dec. 30.—(AP)—The 26th attack of Bridgeport's phantom stabber occurred at the corner of Fairfield avenue and Courtland avenue at 7 o'clock tonight, when Mrs. Charles A. Hinman, 35, of 3 Beechview avenue, was stabbed ust above the right breast by a man who she says was short and stocky and wore a "lumberjacket." A squad of detectives was despatched to the scene of the attack within a few minutes after a telephone call was received at police headquarters. But the stabber was nowhere in sight—he had made good his 26th escape.

INTENSE COLD FOLLOWS SNOW STORM IN ENGLAND

LONDON, Dec. 30 (AP)—Traffic conditions created by England's worst winter storm of years were improved tonight, but intense cold continued with forecast for probable snow at the week end.

While milder weather is forecast for the western and northern districts, severe frosts were expected again in the southern countries which are now fighting their way from vast snowdrifts. In Dublin which enjoyed balmy weather while England shivered, winds were bitter cold tonight and snowfall threatened.

DROPPED DEAD IN LINE WAITING FOR REGISTRATION

NEW HAVEN, Dec. 30—(AP)—Five and a half hours of waiting in line at the office of the state department of motor vehicles proved fatal yesterday afternoon to Andrew Gambardella, 57, of this city. He dropped in his place in the ranks this afternoon, dying of apoplexy.

Gambardella was waiting for license markers for an automobile owned by his son, Thomas.

LARGEST CROWD EVER IN LINE AT STATE CAPITOL

HARTFORD, Dec. 30—(AP)—Four hundred sandwiches, 375 bottles of milk, and innumerable pies, cakes, and other easily-handled foods were consumed today by the largest crowd which ever waited in line at the state capitol to receive their automobile registrations. More than 8,000 registrations, applied for by some 3,500 people, were issued by the 12 clerks at the state motor vehicle department windows.

Hearing on Protection of All Rivers in Conn.

Stormy Session Before the Board of Army Engineers in Washington

(Special to The Bulletin)

WASHINGTON, Dec. 30.—The protection of the Connecticut river but [illegible] James and all other rivers in Connecticut may be affected by the result of the hearing today before the board of army engineers, regarding the diversion by Massachusetts of the Swift and Ware rivers which are tributaries of the Connecticut.

The hearing was held behind tightly closed doors, no reporters being permitted to be present, but the murmer of voices that reached the outside world gave evidence by their pitch that the meeting was by no means "merely a quiet conference," which war department officials gave as the reason newspaper men were not admitted.

Representing Connecticut were Assistant Attorney General Holden, Special Attorney Averill and Mr. Copeland, of Hartford. Representing Massachusetts were Attorney General Reading, Mr. Winsor, chief engineer of the Metropolitan water commission, and Chairman Kenison and Davenport of that board.

It proved to be an all-day hearing, but during the noon recess the Connecticut attorneys stated to your correspondent that they would leave no steps untaken to protect Connecticut's interests and will next week ask for an injunction from the United States supreme court to prevent Massachusetts from continuing the work of diversion of those streams.

REMUS ORDERED TO HOSPITAL FOR INSANE

CINCINNATI, Dec. 30.—(AP)—The unanimous finding of sanity by six of Cincinnati's most eminent specialists in mental diseases to the contrary, Judge William H. Leuders today declared George Remus now insane and a dangerous person to be at large, and ordered him committed to the state hospital for the criminal insane at Lima.

The decision, however, merely marked a milestone in the strenuous fight of the former Chicago lawyer, who became the "king of bootleggers" to evade punishment for the murder of his estranged wife, Imogene.

The battle, almost immediately, was carried into another court upon a petition for a writ of habeas corpus.

Gabriel Ryerson, brother-in-law of Remus, won the issuance of a forthwith writ upon which final hearing was set for 10 o'clock next Tuesday morning when, under Judge Lueder's decision, Remus was to have been taken to Lima.

MARRIED GIRL HE WAS ACCUSED OF ABDUCTION

CUMBERLAND, Md., Dec. 30—(AP)—Sought by Pennsylvania state police on charges of kidnaping, Evan Pocci, 24, of Pittsburgh, Pa., arrived in Cumberland late last night and married Miss Mary Fordyce, 19, of Brownsville, the girl he was accused of abducting. The couple aroused Deputy Clerk Thomas A. Leonard and secured a marriage license, after which they were married by Rev. C. R. Strausberg, pastor of the First Methodist Protestant church. The girl's aunt, active in a crusade against bootleggers in Brownsville, expressed fear to police that her niece was kidnaped by liquor law violators for revenge. The girl left home Tuesday. Pocci is a salesman.

RECESSION IN BUSINESS ACTIVITY IN NEW ENGLAND

BOSTON, Dec. 30.—(AP)—A further recession in New England business during recent weeks is noted in the monthly review of the Federal Reserve bank of Boston.

INQUIRY ORDERED INTO OPERATIONS OF THE S-4

WASHINGTON, Dec. 30.—(AP)—Secretary Wilbur today ordered a rigid inquiry into rescue operations on the submarine S-4 to supplement the order directing a naval court of inquiry into the accident which sent the vessel to the bottom off Provincetown, Mass.

At the same time the secretary announced that a board of experts to study rescue operations and safety devices for submarines would be appointed soon. He said he was unable to say at this time whether this board would be composed of civilians or naval officers.

Hickman Will Resort To Insanity Defense

Attorney Walsh Arrived at Decision After a Study of the California Penal Code.

LOS ANGELES, Calif., Dec. 30.—(AP)—Insanity will be the answer pleaded by William E. Hickman for his confessed abduction and murder of Marian Parker, it was announced today by his attorney, Jerome Walsh, who was sent here by the mother of the 19-year-old youth to defend him.

After a study of the California penal code, the insanity defense was outlined by the attorney as the basis of his fight for Hickman, who today told officers that the $1,500 ransom obtained from the dead girl's father meant more to him than the child's right to live.

Walsh, who arrived yesterday from Kansas City, Hickman's home town, spent the day closeted with Los Angeles officials and in Hickman's cell with the prisoner. He said that a night's examination of the state's penal code offered four possible avenues of plea. These are, he pointed out, "guilty," "insanity," "guilty and insane," or "not guilty and insane."

The last plea would require first a trial as the guilt of the charge of kidnaping and murder and later a separate trial as to sanity, before either the same or a different jury.

Officers continued their investigation today of the murder of Ivy Thoms, a druggist, which has been confessed by Hickman and his admitted accomplice, Welby Hunt, 16, who also is in jail. While attorneys prepared for appearance of Hickman in court Tuesday to enter his plea, an elusive and persistent double for Hickman held a place in the comp'ex picture.

The double came on the scene in the Bellevue Arms apartment where Hickman, under the name of Donald Evans, engaged quarters November 23. On the previous day, Ralph Katz, who had engaged rooms November 12, moved his belongings to a room near that of "Evans."

Katz and "Evans" were so similar in appearance that persons who knew both were unable to tell their pictures apart.

In their investigation of admitted robberies by Hickman and Hunt, police had identified them as the pair who held up and stabbed B. L. Casteel, fruit stand operator, on Christmas eve, 1926. Casteel identified pictures of the pair as his assailants.

BOY SCOUTS SNOW-BOUND IN SIERRA NEVADA MOUNTAINS

MODESTON, Calif., Dec. 30—(AP)—Snowbound near the lofty peaks of the Sierra Nevada mountains, 22 Boy Scouts were the objective of a hardy rescue crew of more than 50 men fighting their way through miles of heavy snowdrifts today.

Communication in the mountains was disrupted by the snowfalls and the boys, averaging between 12 and 14 years old, have ben unheard from since yesterday. They left last week on a camping expedition to Pine Crest, 33 miles above Sonora, Calif., under the leadership of Vernon Biard, Scout executive. They were provisioned for only a week.

MAIL AIRPLANE LINER IN DESERT WEST OF BAGDAD

BAGDAD, Irak, Dec. 30—(AP)—Carrying mails and passengers, a big airplane liner in the Cairo-Bagdad service, is down in the desert about 200 miles west of Bagdad, the pilot having reported his plight by radio.

Another liner, piloted by Captain Warner, whose wife is a passenger on the stranded plane, has searched vainly for it, and three military planes have left Bagdad to join in the search.

Some uneasiness is felt owing to the presence of Akhwan tribesmen to the south of the liner's track, because of fear that their attitude, if they are encountered, might not be friendly.

ZERO WEATHER IN MIDDLE WEST AND SOUTHWEST

KANSAS CITY, Dec. 30.—(AP)—A severe cold wave with scattered snowfall and temperatures of zero or below swept into the middle west and southwest today from the northern Rocky mountin region, where the waning year was recording the most severe weather of the winter in some sections.

Although the snow generally was light, the fall at sKnsas City was expected to reach two inches during the night.

FOUND UNCONSCIOUS IN STREET IN WESTERLY

WESTERLY, R. I., Dec. 30—(AP)—A man giving his name as Frank Henderson, 62, of Main street, Waterbury, was found here tonight in a unconscious condition. Upon being revived at the Westerly hospital he said that he had walked here from Waterbury in a fruitless search for employment, having been without food or sleep for two days. He said that he has a brother in Ontario.

Wise Counsel, Trustworthy Service

In recent years many new dishes have graced the dining tables in our homes. Delicacies that were once the secrets of restaurant chefs are now prepared quickly and easily in our own kitchens.

And advertisements have had much to do with adding to the variety of our national diet. A beautiful picture of a tempting dessert, with full directions for making it—another recipe for luscious salad—a new one for an old familiar staple—in such ways do the advertisements continue to arouse the most jaded palate, and to save the perplexed housewife.

Whether meals, motor cars or music, let the advertisements help you make the choice. You will find them wise in counsel, trustworthy in service.

Read The Bulletin's advertisements—they help you get the most out of life and save you time and trouble doing it.

NEXT YEAR HOLDS PROMISE OF INCREASED PROSPERITY

Secretary Mellon Sees Unmistakable Evidence of the Fact That Underlying Conditions Are Good—Leading Business Men of the Country Are Almost Unanimous in the Belief That Fundamental Conditions Are Sound—Factors Which Exercised a Deterrent Influence in 1927 May Be Expected to Disappear in the Coming Year.

(By Andrew W. Mellon, Secretary of the Treasury)

WASHINGTON, Dec. 30—(AP)—During the last year the country has given unmistakable evidence of the fact that underlying conditions are sound. While there has been some recession in business activity from the high levels of 1926, the growth of the country has proceeded along normal lines and great progress has been made even in the face of several adverse circumstances.

Notwithstanding the fact that commodity prices continued to fall throughout the year, a large volume of business was done, which was, in itself, an unusual circumstance and showed the ability of business to introduce economies in production and to exercise the necessary caution by avoiding the accumulation of excessive inventories. It is this adaptability on the part of American business which is one of the greatest causes for confidence in the future.

Throughout the year employment was steady; wages were maintained at a high level; living costs were lowered, due to declining commodity prices, and the purchasing power of farm products enhanced, as measured in terms of non-agricultural products. All of this resulted in a sustained purchasing power on the part of the public generally, which contributed to the stability of business and industry.

Interest rates declined on industrial and government securities and also on farm issues, while banks showed large increases in loans and investments and ample credit was available for the legitimate needs both of this country and foreign borrowers.

Certain factors which exercised a deterrent influence in 1927 may be expected to disappear in the coming year. For instance, the decline in the automobile industry, with a resulting effect on the steel industry, was due to special causes, such as a temporary curtailment of output in automobile production, The normal expansion of these major industries, which may reasonably be expected from now on, should have a favorable effect on business in 1928.

All of these circumstances justify us in the belief that we may look forward to continued progress in the year ahead.

BUSINESS MEN LOOK FOR BETTER TIMES NEXT YEAR

The Associated Press.
(By Stanley W. Prenosil, Associated Press Financial Editor)

NEW YORK, Dec. 30—(AP)—Leading business men of America, contributing to the annual symposium of business forecasts compiled by the Associated Press, are almost unanimous in the belief that fundamental economic conditions are sound, and that 1928 holds promise of increased prosperity. Representatives of the steel, copper, automobile, lumber, electrical and motion picture industries, bankers and railroad men all look for better times next year. The only note of pessimism comes from the oil and coal industries, still suffering from the evils of over-production.

Secretary of the Treasury Mellon expresses the belief that certain factors which exercised a deterrent influence in 1927 may be expected to disappear in the coming year, pointing out that the country has given unmistakable evidence of the fact that underlying conditions are sound.

The copper industry is on a sound basis and extends promise of greater prosperity during 1928 than it has known since the war in the opinion of Cornelius Keley, president of the Anaconda Copper Co. Eugene G. Grace, president of the Bethlehem Steel corporation, points out that stability at higher levels in the price structure amounts in large measure for the improvement in the steel industry.

Not since the Cushing Field in 1914 and 1915 have crude oil prices remained down for so long as they have now and the prospects do not indicate an upward revision in the near future asserts W. C. Teagle, president of the Standard Oil Co., of New Jersey. Alfred P. Sloan, Jr., president of the General Motors corporation, looks for record-breaking automobile production in 1928.

Patrick Crowley, president of the New York Central railroad, anticipates a prosperous year for the railroads and and business in general but holds out little promise of any progres on railroad mergers until so changed. There is every reason for American agriculture to look forward to the future with high hopes states John A. Bunnell, president of the Chicago board of trade.

Edward D. Duffield, president of the Prudential Insurance company of America, expects increased production of life insurance, a reduced lapse rate and lessening cost. With a smaller number of mills and a large consumption per caplta, the outlook for the milling industry is regarded as favorable by Thad L. Hoffman, president of the Kansas Flour Mills corporation.

Lee Shubert, president of the Shubert Theatrical company, expresses the firm conviction that 1928 will be one of the most prosperous years the theatre has ever had. R. A. Long, chairman of the Long Bell Lumber company, looks for much better conditions in the lumber industry. Optimistic views also are expressed by Lewis E. Pierson, president of the chamber of commerce of the United States; E. M. Herr, president of the Westinghouse Electric and Manufacturing company; Irenee Dupont, chairman of the board of the E. I. DuPont De Uemours Co., and several others.

DIVER EADIE MAKES SECOND RESCUE OF FELLOW DIVER

PROVINCETOWN, Mass., Dec. 30—(AP)—Diver Thomas Eadie, engaged in the work of salvaging the sunken submarine S-4 off Wood End and recovering the bodies of its 40 victims, today performed his second rescue of a fellow diver since the beginning of salvage operations. Diver C. T. Mattox, who became caught under a cavein of mud today, is the second who owes his life to Eadie. L. C. Michaels was dragged from the wreckage December 18, after his lines had fouled and Eadie had cut him free with a hacksaw.

The second tunnel under the hull was nearly completed today and it was the intention of those in charge of operations to continue work and complete it tonight if possible. When the tunnel is through, the next step will be for divers to enter the compartments of the submarine and seal them in preparation for the unwatering process.

RADIO THE CAUSE OF ATTEMPT AT SUICIDE

NEWARK, N. J., Dec. 30—(AP)—The first radio suicide was attempted here today.

More than all other Christmas gifts, the family of Andrew Kovach liked a new radio set and members of the little man's brood kept it tuned in almost incessantly. But the radio annoyed Kovach and he would shut it off repeatedly only to have someone else turn it on again. Bright and early this morning one of the children picked up a good station and all except Kovach, busy in the bath room gathered around to listen. Kovach didn't like the noise but he couldn't reach the machine. Kovach's wife refused to pull the plug. Kovach's daughter refused to pull the plug. No one, it seemed, would pull the plug. Thereupon Kovach, from his hospital bed, he told police tonight in exasperation slashed his throat with a straight razor.

$1,250,000 FIRE DAMAGE ON HOBOKEN WATER FRONT

HOBOKEN, N. J., Dec. 30—(AP)—A great fire swept an area of two blocks along the waterfront today, destroying the Clyde-Mallory line ship Seneca, several small vessels, two 700-foot piers and endangered shipping worth many millions. The damage exceeded $1,250,000.

Fed by a heavy film of oil and gasoline on the Hudson river, the flames raged over the area in the space of an hour and broke out anew several hours later with the explosion of an oil storage chamber aboard the Seneca.

LOOKING FOR REVIVAL OF COTTON PRODUCTS

BOSTON, Dec. 30—(AP)—Many New England cotton manufacturers are looking for a revival of demand for their products early in 1928. The general feeling expressed by those who have given their opinions on the matter is that the curtailment during the last few months has prevented a dangerous accumulation of stocks and that this will result in a more continuous employment of labor and operation of the mills in the new year.

GRAND JURY FINDS CONSPIRACY IN OIL CASE

WASHINGTON, Dec. 30—(AP)—Harry F. Sinclair, William J. Burns and five of their associates were charged today with conspiracy to construct justice by the federal grand jury which investigated the shadowing of the Fall-Sinclair oil conspiracy jury by Burns detectives hred by Sinclair.

No indictments were returned, however, as District Attorney Peyton Gordon held that as Sinclair, Burns and Burns and four of their associates were being tried for criminal contempt in connection with surveillance of the jury, new charges should not be filed against them. The presentment of the grand jury returned to Chief Justice McCoy of the District of Columbia supreme court, will be filed, he said, and no action taken upon it.

Besides Sinclair and Burns those named in the presentment were Henry Mason Day of New York, vice president of the Sinclair Exploration company; Sheldon Clark of Chicago, vice president of the Sinclair Refining company, W. Sherman Burns of New York, manager of the Burns Detective agency, Charles G. Ruddy of Philadelphia, Burns man who directed the jury shadowing and Frank J. O'Reilly, Ruddy's assistant.

TURNED TO SHOPLIFTING AFTER MONEY WAS STOLEN

WASHINGTON, Dec. 30—(AP)—Bent upon giving the police "something to do" in return for their failure to recover $500 and a diamond ring of which he had been robbed in Florida, Richard A. Rice, 72 years old, who gave New Haven, Conn., as his home, turned to shoplifting.

He was caught in the act of pilfering a small article from a Washington store today and then took two detectives to his hotel room and showed them numerous other stolen articles of small individual values but estimated to be worth aggregately more than $150.

Rice said he was en route to St. Augustine, Fla. He declared that ever since his ring and money were stolen he had been brooding over the failure of the police to recover his valuables and had determined to seek revenge by giving them some shoplifting cases on which to work.

PRISON POPULATION OF THE NAVY DECREASING

WASHINGTON, Dec. 30—(AP)—The prison population of the United States navy was cut in half by Secretary Wilbur on Christmas day when he pardoned and freed 534 naval prisoners.

The secretary said today that the conduct of the men in the service was such that he felt that discipline would not be jeopardized.

FIVE BROUGHT TO COURT FOR PARKING VIOLATIONS

(Special to The Bulletin)

WILLIMANTIC, Dec. 30.—The police drive against violations of the ordinances covering automobile parking resulted in five more cases in this nature, at the session of police court this morning. Aime Jolie, of 68 Jackson street, Mrs. Ruth H. William, of 91 Bellevue street, Edward Lester Carter, of 311 Pleasant street, and Dr. C. E. Simonds were charged with parking or stopping their cars on Main street abreast of vehicles parked along the curbing. All but Dr. Simonds pleaded guilty and were fined two dollars and costs amounting to $7.15. Dr. Simonds contended that he was within the law as the stopping of his car was in an emergency to deliver medicine to a patient. The law provides for stopping outside of the regular parking lines in the case of an accident or emergency. Dr. Simonds was found not guilty. Leo Prague, of this city, was charged with parking his car on a crosswalk on Main street and was fined two dollars and costs amounting to $7.15.

JOHN MURPHY BOUND OVER TO THE SUPERIOR COURT

(Special to The Bulletin)

WILLIMANTIC, Dec. 30.—A 28-year-old man giving his name as John Murphy and his address as Buffalo, N. Y., and later Montpelier, was arraigned before Justic of the Peace Albert M. Gilman of the Coventry own court this afternoon on five counts of breaking and entering and causing damage to cottages at Lake Wangumbaug, South Coventry. Although Murphy pleaded guilty to but one of the counts, probable cause was found on all and he was bound over to the next criminal term of the Tolland county superior court under bonds of $2,000. He had no funds and was taken to the Tolland county jail. Murphy and a companion, whom Murphy said was Joseph Conway of New London, arrived in the vicinity of South Coventry earlier in the week and have been occupying cottages at the lake since Tuesday night. Thursday afternoon Richard O. Cheney of South Manchester, came to visit his cottage in company with two other Manchester men. They found that Murphy and his friend had appropriated the place. Murphy put up a stiff battle before he was subdued by the three men and his arms and legs securely bound with a rope. Conway appeared docile and willingly started off toward Cheney's automobile but before the car had been reached he bolted and disappeared in the woods. Murphy was subsequently placed under arrest by Deputy Sheriff Albert E. Harmon of South Coventry and taken to the police station here where he remained over night. A description of Conway was broadcast over the local police teletype. The case was turned over to State Policeman Henry Heinold of the Stafford Springs barracks. An investigation disclosed that five cottages had been broken into and wantonly ransacked. The damage is estimated at over $1,000. The cottages are owned by Richard O. Cheney, Herman Montie, William Thompson, Fred Bertrand and Bert Gould, all of South Manchester.

Frederick Deitz, of North Attleboro, Mass., and William Dumont, a taxicab driver, of Putnam, were arraigned in the Chaplin town court Thursday night as the result of an accident of cars driven by them at Sherman's Corners, South Chaplin, Thursday forenoon. Deitz was charged with failure to give the right of way on the highway. He pleaded not guilty but was adjudged guilty and fined one dollar and costs, amounting to $11.37. Dumont was charged with driving without a registration to which he pleaded guilty and he also was fined one dollar and costs. Justice of the Peace Charles B. Russ heard the cases and Grand Juror Millard Galloway prosecuted.

Frank Ginnetti, of 19 Card street, this city, is preparing to exhibit at the Atlantic City road builders' exposition, an invention for the improvement of steel forms for concrete highway construction, on which a patent is pending, according to the December 15th issue of the Junior Republican Citizen, a boys' newspaper published at Litchfield. Ginnetti's device is a reversible piece of right-angled rail which can be used for seven or eight inch depth. The two sizes in one equipment is pointed out as a means of economy for contractors. The inventor has been Connecticut state highway supervisor for the past year in Uncasville.

CANTERBURY

The December meeting of the Loyal Temperance league is to be held at the Town hall this (Saturday) afternoon at 2 o'clock.

IN NORWICH FIFTY YEARS AGO

Several churches in the city celebrated Christmas with appropriate and beautiful services and a number of the Sunday schools held their Christmas entertainments. Other interesting items taken from The Norwich Bulletin files of 1877 are in part as follows:

Monday, Dec. 24, 1877—According to an advertisement used on this date the Norwich City Gas company will, on and after Jan. 1, 1878, supply gas for $3.50 per thousand cubic feet. If bills are paid in accordance with the terms specified, a reduction is to be made.

The streets presented a lively appearance Saturday and in the evening the sidewalks were crowded with pedestrians. The dealers in holiday goods report a rich harvest.

The Rev. Curtis Keeney was the leading speaker at the temperance meeting and gave a very stirring address. The bishop of the A. M. E. Zion church speaks at the temperance rooms this evening, especially to the colored people.

Tuesday, Dec. 25, 1877—The Rev. Daniel Merriman has accepted the call to the pastorate of the Central church, Worcester, and a parish meeting will be held on Thursday evening for his installation.

The freight trains will not run today, the banks will be closed, the stores will be shut in the afternoon and unless editors' pencils make a good deal of noise, it promises to be very quiet.

As indicative of the increase of freight business on the New London Northern railroad this fall, General Freight Agent Spaulding of New London says that in two days recently on which an accurate record was kept, there were 407 loaded cars started out of New London bound north.

Wednesday, Dec. 26, 1877—Christmas was publicly celebrated in several of the churches with appropriate and beautiful services. The practice of evergreen decorating, which is coming to be more and more widely adopted, adds a peculiar attractiveness if not solemnity to the services in commemoration of the sacred anniversary. Some of the Sunday schools hold their winter entertainments at this time.

The following record of mild winters will be of special interest just now: 1768-9, 1774-5, 1797-8, 1806-7, 1831-2 1842-3, 1854-5, 1860-1 were all mild. In January, 1832, the weather was uniformly mild and spring-like during the whole month, and many farmers in this section were seen ploughing their fields. The warm weather prevailed so long that many of the spring birds came back, to be disappointed, as the following February and March were very cold.

Bloodgood's Minstrels occupied the Breed hall stage last evening and were greeted with a crowded house. The entertainment is what it is represented to be, and worthy of high praise. Caricature, wit and drollery are combined to make an entertainment that it would be hard to excel, for lovers of fun, pure and simple.

Thursday, Dec. 27—A party composed of members of Company C tried their hand at target shooting on Christmas day and made some very good scores. At one hundred yards range Farrell made 21 out of a possible 25, Allen, 19, Cosgrove, 14, Hotchkiss 14 and Kammerer 13.

A party of hunters composed of athletic young men from town, with a few recruits from Franklin and Colchester, numbering 25 or 30 in all, had a fox hunt Christmas morning and secured a Reynard. Mr. Brand brought down the fine specimen.

At the annual meeting of Brainard lodge, No. 102 of New London held on Tuesday evening, the following officers were chosen: W. M., John Miller; S. W., William E. Green; J. W., Edward Prentis, Jr.; treasurer, L. W. Dow; secretary, Phillip C. Dunford; trustees, R. W. Browne, D. D. Latham, William Asthelmer.

Friday, Dec. 28, 1877—At the annual communication of St. James' lodge, No. 28, F and A. M., held last evening the following officers were elected for the ensuing year: George W. Miller, W. M.; Gilbert L. Hewitt, S. W.; A. Irving Royce, J. W.; A. J Hammett, treasurer; David R. Jones, secretary. At the close of the election Grand Master Edward B Rowe was introduced and witnessed the exemplication of the work in the third degree.

The music for the O. D. One ball is arranged for. Tubbs brass and Millers orchestra bands have been engaged. Gurdon Cady, the veteran prompter, will be present. The Rahajah of Sphinx encampment O. D. Ones of Cairo, Egypt, has signified that he will be present this evening.

At a meeting of the members of the Masonic Mutual Benefit association of New Haven belonging to St. James' lodge, No. 28, F. and A. M., held last evening at their lodge rooms, Joseph J. Wait and Rufus M. Ladd were elected directors for the year ensuing.

Saturday, Dec. 29, 1877—The Greeneville Reform club held a meeting in their hall Wednesday evening for the election of officers. The following is the result: President William H. Bell; vice presidents, John McWilliams; John H. Scott and I. F. Hewitt; secretary, G. D. Fillmore; assistant, F. Holmes; treasurer, C. Blomley; chaplain, Rev. W. Kirby; marshal, Alex Martin.

Dandelions, violets, verbenas and other flowers have been in full bloom during this sunny December, outdoors.

The Delanoy S. F. E. company have been the recipients of a beautiful motto of white wood lettering on blue cloth of the name of the company. It was presented by the Romaine Bros. of Troy, N. Y.

DANIELSON

HENRY LAMBERT IS BURIED WITH MILITARY HONORS

(Special to The Bulletin)

DANIELSON, Dec. 30—A flag-draped casket enclosing the body of Henry Lambert, who died at Denver, Col., the past week arrived here this morning at 8:19, and was removed to the home of his mother on the West Side. At 10 o'clock there was a solemn high mass of requiem at St. James' church, with Rev. nitheleme Mollard, M. S., as celebrant and Rev. James McCarthy, M. S., and Rev. Joseph A. Demers. M. S., as deacon and sub-deacon. Burial was in Holy Cross cemetery, the committal service conducted by Rev. Fr. Demers. A firing squad paid the usual tribute to one who has died in the military service of his country and a bugler sounded taps. The bearers were Albert Cardinal, Arthur DeForest, Edward Plankey, Hector Gosselin, John Polanski and Arthur Benoit. Louis E. Kennedy was the funeral director.

Selection of a very attractive colonial type structure is forecasted for the Brooklyn Savings bank, it was indicated this morning. This handsome building, entirely different in type from any other in Danielson, is to stand on the site next south of the public library at Main and Academy streets. It is to have entrances on both Main and Academy street. A feature that is to be incorporated in it is a large community room that will be available for public purposes and can be used even at times when the remainder of the bank is closed. Final decision on the plans is anticipated when the trustees meet Tuesday. What material is to be used for the exterior construction has not as yet been decided. Operations are to start as soon as possible after March 1. It is not likely that the building will be completed and ready for occupancy much before early December of next year.

What likely was the final real estate transaction, having to do with property in the business section of Danielson, for 1927 was announced today. It involves the taking over from the estate of Henry Burton by Herbert J. Barnett, the frame building just north of the Danielson garage building, which Mr. Barnett purchased a few weeks ago from the estate of C. H. Pellett. Mr. Barnett said this afternoon he does not plan any changes in the Burton property for the time being. However, his business interests require more space than is available in the present large building, and ownership of the Burton property will allow of enlargement should he so decide.

Relatives and friends from Moosup, Wauregan, Plainfield and other places in this vicinity were at Jewett City this morning to attend funeral services, at St. Mary's church, for Mrs. Mary Hebert, formerly resident in Plainfield. The officers of the solemn high mass of requiem were Rev. N. Caron, Rev. Bernard Donnelley and Rev. J. J. McCabe. As a waiting hymn Mrs. Noel Gerand sang Face to Face. Burial was in St. Mary's cemetery. The bearers were Charles Hebert, Roy Hebert, Frank Fontaine, William Arsenault, Alfred Theroux and Emil Theroux. Rev. Fr. McCabe conducted the committal service. L. E. Kennedy was in charge of the funeral arrangements.

Goodyear has stood during 1927 as a steady contributor to the well being of the town of Killingly. In its prosperity it has been a steady contributor to the well being of Danielson and to various other communities in this section of the state. The mill over there, the mainstay of the village, has run steadily, day and night, throughout 1927. The weekly payroll has been of a size to make possible a continuous flow of trade from the several hundred operatives. Goodyear, in many ways, is a valuable asset, a fact that is appreciated and acknowledged.

One heard today of many plans for the celebration of the advent of the New Year. They have to do largely with ways and means of having a good time as 1927 passes on into eternity and 1928 looms just ahead. Saturday night will bring a plethora of dances and dinner parties. Sunday lists as a day for resting up, with the celebration on again immediately after the stroke of midnight, when dances, theater attractions and other things are listed. Monday happens to be another holiday, with still another series of dances and theatrical offerings, among other things planned for diversion.

When the chamber of commerce holds its January meeting next Tuesday evening there will be a number of things of interest for the members to consider. Among them will be the outlining of activities for 1928. The closing year has been one of real activity by this organization, and the ambition of the officers is to make the new year even more so. Probably there will be some discussion of Wednesday night opening of stores, in preference to Monday opening, a custom here for many years.

Rain followed by heavy fog this morning and during the forenoon did not improve the prospects for the early harvesting of an ice crop. In fact, it meant a considerable set back. A year ago at this time ice was ready for cutting. Now there is but a few inches of ice on the bodies of water from which the borough's supply is taken each year.

Of interest here is announcement of the engagement of Miss Lillian Elizabeth Sandquist of New Haven and Elton E. Knight of Turner Center, Me. Mr. Knight, a former principal of the Danielson grammar school, and Miss Sandquist both have positions in the public schools of New Haven.

Today was the last day on which many Danielson motorists will use the 1927 registration plates on their cars. The promise tonight was that the 1928 markers would bloom Saturday, the last day of the year, when use of them is permitted. This arrangement permits those who are going away for the holidays to be free from bother of changing plates while on trips.

A choral celebration of Holy Communion will mark the Sunday services at St. Alban's church—the feast of the Circumcision. There also is to be carol singing at the evening service on Sunday.

In passing from the old year into the new, give us an opportunity to welcome you as a depositor in this institution. The Windham County National National bank, Danielson.—Adv.

The annual meeting of the Sewing society of St. Alban's church was held this afternoon at the Parish house.

A cablegram from Roumania has brought news of the birth of a son to Mr. and Mrs. Gullan Lansing, Mrs. Lansing being a niece of Luther Pilling and Miss Emma F. Pilling of Danielson.

On Monday the postoffice is to be closed all day insofar as window service is concerned. The lobby will be open. There will be no deliveries by city or rural carriers.

Miss Louise Viens will return to her studies at Bay Path institute, Springfield Tuesday after spending the holiday season at her home here.

A slogan that seems to be making quite a hit this week with those who are "swearing off" Saturday night is "I Do Not Choose to Run in 1928."

A reception service for new members is to be held at the Baptist church Sunday morning.

Comes another suggestion for overcoming the "one-eyed" car problem, this being that it be made part of the motor vehicle laws of the state that motorists must carry spare bulbs in their cars at all times.

On Monday afternoon in the Westfield Congregational Parish house at three o'clock the annual New Year's meeting of the Killingly Woman's club is to be held. The Flagg Instrumental quartet is to play.

Tuesday afternoon members of the Ladies' Prayer circle are to meet at the Old People's home.

Stanley J. Kowal, serving in the U. S. Aviation corps, is visiting at his home in the eastern section of the town for a few days.

The felicitations of the season—a very Happy New Year, I wish you all. Mose the Druggist.—Adv.

Rev. and Mrs. Richard D. Hatch are in Washington, D. C., for a time before proceeding to Florida for the remainder of the winter.

One man who left here today for Hartford carried commissions and the necessary credentials to bring back twelve sets of registration plates for motorists here.

Henri C. Bellerive of New Bedford is in Danielson to spend the New Year's period with relatives.

Manufacturing concerns in this territory that have been ideal since the eve of Christmas are to resume operations Tuesday morning.

Mrs. L. J. Morin has as guests for New Year's Mrs. Rudolph Wolf and daughter, Adoree, and Mrs. M. Wolrol of New York.

A union watch meeting is to be held in the Methodist church this (Saturday) evening from 10-12 o'clock. There will be special musical numbers.

WEDDING

Richardson-Rose

At the parsonage of the Baptist church in South Willington, Dec. 26 at 10 a. m. Miss Elsie Rose of Oneco, became the bride of Nelson F. Richardson of Danielson. Rev. E. E. Sundt performed the ceremony. Miss Elizabeth Rosebrooks of Willimantic was bridesmaid and John Chesebro of Scotland was best man.

The bride was dressed in white georgette, trimmed with rhinestones and pearls, over a satin slip. She carried a bouquet of bridal rosebuds. Her veil was of tulle held in place by orange blossoms. The bridesmaid wore green flat crepe frock and carried pink carnations.

Relatives and friends witnessed the ceremony from Boston, West Willington, South Willington and Danielson.

The newlyweds left in the evening by boat for a week's stay in New York after which they will resume their work. Mrs. Richardson is a graduate from Willimantic normal school and is teaching in one of the Danielson public schools. Mr. Richardson is a clerk at Darbie's store.

They expect to be in their newly furnished home on North street soon after January 1st.

VOLUNTOWN

Santa Claus made his first visit in town Friday evening at Union hall, where there was a community tree, heavily laden with gifts, every child in the community being remembered. Preceding the distribuion of gifts an enjoyable program of songs and recitations was given by the children. The affair was in charge of the teachers of the schools, Mrs. John O. Peckham, principal, Mrs Alexander Tanner of the Center school and Miss Margaret Tanner of Wylie school and the school committee William H. Kaufman, Mrs. Charles A. Downing and George R. Edmonds.

Christmas morning masses were celebrated at St. Thomas church at 7 and 10 o'clock by the pastor Rev. John Carey. The last was a high mass with special music, rendered in a pleasing manner by the choir under direction of the roganist, Miss Irene Magrey. The church was decorated with evergreen. A representation of the crib of Bethlehem occupied a conspicuous place before the altar of St. Joseph.

The choir of St. Thomas' church also furnished the music for the high mass at St. Ann's church, Glasgo, on Christmas morning.

Special services were held at the Baptist and Methodist churches in observance of Christmas.

At many homes family parties were held, in the evening a large crowd attended the pictures at the theatre.

Monday afternoon at Preston there took place a marriage of local interest, when Howard J. Johnson, U. S. C. G., of Quonochontaug, R. I., a former Voluntown boy married Miss Frances Viola Lovett of Preston, the ceremony was performed by Rev. Geo. W. Clark of Preston City Congregational church.

Peter Selway of Detroit, is a guest at the home of his sister, Mrs. Charles A. Downing.

PUTNAM

PROMINENT PUTNAM MAN DIES IN WEST WOODSTOCK

(Special to The Bulletin)

PUTNAM, Dec. 30.—Captain Abner Clinton Winslow, a life long resident of Putnam and vicinity, died Thursday evening at the home of John Ferrin in West Woodstock. He was eighty years of age.

Mr. Winslow was born in that part of Thompson which is now within the limits of the town of Putnam on September 19, 1847. He was one of a large family, the son of Abner and Susan (Phillips) Winslow. He earned the trade of cabinet-making, and all his life until recently, he was engaged in this or allied work in Putnam. Five years ago he retired and went to Wodstock to live with his daughter and later with the family at whose home he died.

Because of his youth he was not accepted for service in the Civil war, but after the conflict he joined Company G, Putnam's unit in the state militia, and served in it for more than twenty-five years. For much of this time he was captain of the company, and is well known among the older resident of the town as Captain Winslow. He also was a musician of considerable ability, and at various times played in bands here.

In 1872 he was married to Miss Anna Willis, of Block Island, who is still living. They observed their golden wedding in 1922. He also leaves a daughter, Mrs. W. H. Mansfield of Ring street, Putnam, a son, Frank Winslow, resident in Florida, and three sisters, Mrs. Frank Harris, of West Woodstock, Mrs. Ida Weaver, of Haverhill, Mass., and Miss Susan Winslow, of Woonsocket.

The Knights of Columbus won again from the Odd Fellows in their card and pool tourney when the teams met at Odd Fellows' hall Thursday evening. The score was eight to six, with the winning team taking six of eleven bid whist games, the lone contests at pool and bridge, and losing a point at cribbage. The total standing for the season favors the Knights, 38-22. After the play the Odd Fellows served a clam chowder.

The summary, with Knights mentioned first, follows: Pool—Ryan and Cloutier defeated Swanson and W. Sharpe; Cribbage—Charron and Baker lost to Fish and Aimquist; Bridge—Benoit and McGarry defeated E. Perry and E. Perry; Bid Whist—C. Giraca and L. Phaneuf defeated Arnold and Adams, J. Bove and Martin defeated Wilson and Johnson, St. Onge and Remillard defeated Allard and K. Andrews, Irving and Izo defeated I. Tourtellotte and Warren, Montville and Renshaw defeated Chandler and Rust, O'Connor and J. Rice defeated Talbot and E. Andrews, Carey and McCauley lost to Campbell and C. Tourtellotte, Welch and C. Giraca lost to Carpenter and Horne, Bourgeois and Riley lost to F. Morrarty and G. Gifford, A. Giraca and C. Bove lost to Sha and J. Gifford, Light and W. Rice lost to Card and Ferns.

At the annual meeting of the Putnam Masonic club Thursday evening, the following officers were elected: President, W. E. Moss; vice president, Leonard H. Mellor; secretary, G. Stanley Shaw; treasurer, Lucius Merriam. All of these were re-elected with the exception of Mr. Mellor, who succeeds Everett D. Packard who has left town. The meeting was held at the club rooms on South Main street and was followed by refreshments and cards.

Monday will be generally observed in Putnam as New Year's day. The retail stores will be closed on that day and most of the mills will also be closed from Saturday night until Tuesday morning. However, it is supposed that the New Year's festivities will end at midnight Saturday.

The young people's societies of the Methodist, Baptist and Congregational churches will hold a union watch service on New Year's eve at the Congregational church. The meeting will begin at nine o'clock and there is to be a program of games and music, after which refreshments will be served. Beginning at 11:30 and will continue until after midnight. The public are cordially invited to attend.

Sunday being the first Sunday in the new year, the pastor, Rev. John E. Duxbury, will take for the subject of his morning sermon, "A Good Guide," the sacrament of the Lord's supper will also be administered. In the evening, he will give a talk on "A New Year's Talk."

On Saturday evening, Mr. Duxbury will preach at the Watch Night service to be held in the Methodist church at Attawaugan.

The three local churches at North Grosvenordale have all planned watch services to be held on Saturday night. At St. Joseph's church, special masses will be conducted with a program of music by the choir. Rev. Fritz Soderberg, of the Swedish church, has arranged for a service to begin at 9 o'clock Saturday evening and to continue until after midnight, and a special program of music will be given. At the North Grosvenordale Methodist church, the pastor has arranged an interesting program for the watch services.

Miss Shirley R. Berry, of Boston, is the guest of her cousin, Miss Marion Sedar, of Grove street.

Arthur Duvert left yesterday for a visit of a week in New York City.

Mrs. Emily Butler, of Chapman street, is the guest of Mr. and Mrs. Lyman Fifts, in Portland, Maine.

Mr. and Mrs. J. Richard Carpenter and daughter, Miss Eleanor Carpenter, have returned from a visit with Mr. and Mrs. Kenneth Ballard at Winthrop, Mass.

Mrs. Katherine S. Lown is the guest of friends in Philadelphia for ten days.

Miss Susan Hayden and Miss Marjorie Bradford, of Plymouth, Mass., have been the guests of Mr. and Mrs. Charles F. Franklin, of Chapman street.

Mr. and Mrs. Herbert G. Clark, of Middletown, have been the guests of Mr. Clark's parents, Mr. and Mrs. George Clark, of Walnut street.

Mr. and and Mrs. Frank Thorburn and two daughters, of East Providence, have been the holiday guests of Mrs. Thorburn's mother, Mrs. Carrie B. Gascoigne, of South Main street.

Michael Duffey, of Louisville, Ky., formerly a resident of Putnam, is the guest of relatives in the city.

Sidney A. King, of New Britain, has been visiting his parents, Mr. and Mrs. Allie S. King, of Center street.

MYSTIC

Mrs. Bessie Hancox Ludwig, formerly of Stonington, who spends a part of the summer in Mystic every year, is the first member of the United States Daughters of 1812 to place a bronze marker on her ancestors' grave in this section of the state. Her grandfather Peleg Hancox was in the Eighth company, William Potter captain, and was sergeant in the company in the defence of Stonington Aug. 9th and 10th, 1814. While the British fleet did not again attempt to destroy Stonington, the fear of it remained and Col. Randall detached Sergeant Peleg Hancox with fourteen men from Capt. Potter's company. They served from Sept. 27th to Nov. 15th 1814 when their service was discontinued as peace with Great Britain was declared.

Last year all members of the Baptist churches of the Northern Baptist convention were asked to take a journey with the missionaries, by reading a sketch of the work in various places each day, during January. It proved popular and full of interest. Again this year it will be carried on with an entirely different trip. It is entitled The Chronicle of the Northern Baptist Caravan. The booklet contains 64 pages with 40 scenes in different countries. It is furnished free to those who have signed a card to take one to read. Nearly every family in the Mystic church is to commence reading it.

Miss Estella Denison of 27 Gravel street invited seven schoolmates to a party at her home Wednesday evening. Games were played. Sandwiches, cake, cookies, ice cream and punch was served. Those present were Irene Pollard, Ruth Lamphere and Anna Garusy, also William Watrous, Hamilton Dodge, Thomas Holt and Francis Garusy.

Sunday morning at the First Congregational church is to be communion Sunday and the sermon theme will be Blazing a New Trail.

The Camp Fire Girls are to meet with their guardian today (Saturday) at 2:30.

The meeting of the Ecclesiastical society is to be held in the vestry of the First Congregational church.

LIBERTY HILL

Mr. and Mrs. W. D. Cleland, Misses, Marion and Ruth Cleland and Walter Jr., also Mrs. Milton Windsor, all of Plainfield spent Saturday afternoon with Mr. and Mrs. John Kinnaird.

The meeting and roll call of the Exeter Liberty Hill church is to be held Monday evening, January 2nd at 7 o'clock in the church rooms.

Mr. and Mrs. Gordon Kinnaird, of Hartford, spent the week end with the former's parents, Mr. and Mrs. John Kinnaird. Gordon Kinnaird has been transferred from the Hartford office of the Westinghouse Electric Co., where he has been the past four years, to the Boston office, where he will have charge of the central exchange. He with his wife will move to Boston the first of the year.

The sacrament of the Lord's supper is to be observed at the Exeter Liberty Hill church New Year's Sunday.

EAST HADDAM

Walton Hall, Jr., received word Saturday evening of the death of his father, Walton Hall, Sr., at his home in Marshfield, Mass.

Stanton Talbot, son of Mr. and Mrs. B. W. Talbot, is home this week from his studies at the Conn. Literary Institute, Suffield.

Principal and Mrs. Royal O. Fisher are with the former's parents at Springfield, Vt.

Mrs. John Zeliny and son John, Jr., have returned from a three weeks' visit at the home of Mrs. Zeliny's brother in Cleveland, Ohio, whom she had not seen in twenty-seven years.

Mrs. James Bride, Jr., is ill at her home.

Mr. and Mrs. James Bryan spent Christmas with friends in New York.

Helen G. Ely is confined to the house with rheumatism. Fred H. Tracy is assisting at the store during Mr. Ely's absence.

Mr. and Mrs. Ed. H. Harris have gone to St. Petersburg, Fla., to spend the winter.

YANTIC

SISTERS PROVIDE SWEETS FOR 60 POLISH CHILDREN

The Sisters from St. Joseph's convent, Norwich, who are conducting a religious school for the Polish children of the village at the home of Charles Holod, held a Christmas party for the sixty pupils and presented each child a box of candy, Friday afternoon.

The annual Christmas tree festivities of Grace church were held Monday evening at six o'clock in the church. A beautifully decorated, brilliantly lighted and heavily laden tree greeted the children—who contributed to the evening's merriment with songs and recitations.

William F. McHale has returned to New York after spending the holidays with Yantic relatives.

Mr. and Mrs. J. Jarvis and children have returned from a few days' stay in Worcester, with friends.

Mrs. R. V. Congdon has been spending several days in Providence with her parents, Mr. and Mrs. Adolph Ploettner.

CLARK'S FALLS

The village school closed for the Christmas vacation with an entertainment and tree. Miss Scott the teacher returned to her home in New London.

Gilbert Main and his classmate Byrd Springer have been spending their vacation with Mr. Main's mother. They attended the Christmas tree Saturday evening for the Sabbath school, also the services Sunday morning.

Frank Harris and Howard Main have returned from a business trip to New York.

The young folks are enjoying the fine skating on the small ponds.

Neighbors and friends are pleased to hear that Daniel Main is improving after an illness with double pneumonia.

The infant son of Mr. and Mrs. Howard Peabody died Sunday morning and was buried in the Peabody cemetery Tuesday.

STAFFORD SPRINGS

Miss Elizabeth Comins of Boston, is visiting at the home of her mother.

Mrs. J. H. Valentine is at Southern Pines, N. C., for several weeks.

Adelbert Needham of Wilton, Maine was a recent visitor in town.

At a recent meeting of the court of burgesses, it was decided to draw up a petition to be signed by the citizens of the town requesting that the Connecticut company shall not be granted permission to discontinue its line between Rockville and Stafford Springs. The petition is now in the store of Joseph Quinlan on Main street where any of the residents of the town who wish to protest the removal of the line may sign. The public utilities commission will meet Tuesday morning at Hartford and the petition will be presented at that meeting.

The borough assessors are in session each evening.

Miss Betty Pinney has returned home, visiting her sister, Mrs. Douale Webster in Longmeadow.

Miss Josephine Towne of Brown university, Providence, is visiting at the home of Mr. and Mrs. George Towne.

CHAPLIN

MADE 1,000 WREATHS TO SELL AT CHRISTMAS

Blanche Whitman made a thousand Christmas wreaths and sold them this year.

Mr. and Mrs. Arthur H. Mathewson of Plainfield visited Wednesday with Mr. and Mrs. W. B. Gallup.

The meeting and roll call service of the church is to be held Wednesday, January 4th at 11 o'clock, followed by dinner and a social hour with reports and roll call service in the afternoon.

The sacrament will be observed at church Sunday.

Ernest E. Back and son of Washington, D. C., spent Saturday with Mrs. Carrie Hemenway.

Mrs. Della Readio of Florence, Mass., was a visitor with her aunt Carrie Hemenway this week.

Mrs. Readio, Mrs. Hemenway, Miss Vera Back, Mrs. Henry Lanphear and Miss Julia Martin motored to Providence Tuesday and spent the day with friends.

Postmaster A. F. Siswick and family spent a few days over Christmas in Springfield, Mass.

Mrs. Myrtle Lanphear has gone to Providence for a lengthy stay.

Asks Order to Sell Real Estate

Phillip J. Beers of Waterford has petitioned the superior court for an order to sell real estate located in East Lyme. The complaint sets out that he, Phillip J. Beers and James H. Beers, also of Waterford, owned the real estate jointly as tenants in common and each are in possession of one-half.

YOU CAN HELP

From year to year statistics tell us how many have been killed and injured on the highways of the various states and in the cities. We are able to look back and see what ought not to have been and to make mental note of what might have been done to prevent such a list. We are staggered by the disclosure if we stop to give it serious thought, for in too many of the cases there is no sane reason for such a reaping of humanity. There are some accidents over which there is little control but in a large number of them prevention is possible.

But what are we going to do about it? We have provided for us, or are able to get without much trouble, figures showing that the death rate because of motor car operations on highways was 12.5 per 100,000 back in 1923. And then as we glance further we find that they had increased in 1926 to 17.8 per 100,000 of population. There has been an increase in population and a gain in the number of automobiles on the highways as well as an improvement in roads and an increase in safety endeavors through appeals and through laws.

Perhaps it can be shown that the percentage of accidents to the number of automobiles has decreased, but that doesn't eliminate the fact that more people are being killed each year or minimize the estimate which has been put forth that there will be 28,000 automobile fatalities during the year 1928 in this country. The steady increase in the number of highway fatalities is such that it is possible with a fair degree of accuracy to tell in advance what is going to happen. The estimate for the new year means that a number equalling about three quarters of the population of Norwich will be killed by autos.

We do not hesitate to say that this is too large, that such a snuffing out of life is entirely needless and that it could be greatly lowered if there were a real serious effort made to accomplish it. It is not a matter for the few but for the many. There's responsibility resting upon those afoot as well as those driving autos. More caution is needed by all users of the highways and nothing tells it more glaringly than the estimate for 1928.

GETTING AT THE FACTS

Whenever disasters occur it is inevitable that inquiries will follow. Several of them will result from the sinking of the S-4 in order that various phases of the affair may be determined. This is, of course, as it should be not only for the fixing of the responsibility and any negligence with the attempted rescue and the raising of the submarine.

We are obliged to profess much sympathy with the view that has been expressed following the demands of Congressman Black of New York, Democrat, that the congressman is adding for limelight in his demand for the immediate resignation of Secretary Wilbur of the navy department.

There has been a lot reported in connection with the operations at Provincetown that is not so. Conclusions have been jumped at, wrong inferences have been drawn and impressions gained from such situations are seriously at fault. It is to be desired that expected that the real facts be brought out, that blame be placed where it belongs and that whatever steps are necessary be taken to prevent anything of the kind in the future if such a thing is possible. But it would be far more to the credit of the New York congressman if in his eagerness to get his name before the country he should raise up his voice in congress and demand action by congress in a way that would provide for some of the deficiencies than to rant at the head of the department because an accident occurred, which from all indications, should have been prevented by the use of the facilities with which the S-4 was equipped.

It is quite an easy matter to go off at a tangent, to resort to grandstand playing and to bid for popularity, but it doesn't appear that Congressman Black was particularly active following the loss of the S-51 in insisting upon the adoption of measures which would have prevented the loss of the S-4 or contributed to the recovery of those who were trapped therein alive.

THE LINDBERGH FLIGHT

When it comes to distributing good will there isn't anyone who likes it better or who makes a greater success of it than Charles A. Lindbergh with his Spirit of St. Louis.

In the first place he makes sure that everything is right, then he goes ahead. He personally looks over his machine, the requisite number of times to make certain that all is as it should be, and then he flies with the skill and accuracy of a bird of the air. It is inevitable that he should make a good impression wherever he goes. The reason for it was quickly disclosed in Paris upon his landing from the transatlantic flight. The modesty and yet the self possession displayed redounded to his benefit.

Now that he is making his tour of Central America, flying accurately and blazing an air trail to those republics, even landing where no other flier has landed before, the message of good will is being carried in an unusual and certainly an appealing manner. All this looks easy as carried out by a master hand, but it will be noted that a prominent French flier felt warranted in offering warnings against positive dangers and Lindy himself has admitted the perils in the path of fliers over Central America in urging a triple engined plane for commercial service if such is ever established between this country and the republics to the south.

The success of the flights and the enthusiastic receptions which have been given the good will messenger makes it quite natural that some of the South American countries should seek a visit from him and be given a chance to entertain him. A swing down across northern South America and then up over the Carribean to Porto Rico and Cuba has been suggested and might be entirely possible from a flying standpoint, but a scheduled appearance at Havana makes that impossible on this trip. There's no telling how soon that or a similar flight may be carried out, Good will stimulated in such a manner has a particularly lasting hold.

THE SAME OLD STORY

With thousands standing in line and many to be turned away at the closing of the windows at the office of the motor vehicle department in the state capitol at the regular hour, the last of the year jam seeking motor vehicle registrations is underway.

Reference is made in the Hartford Times to the fact that but 11 years ago one girl took care of the work which is now engaging the whole department and 12 state policemen. This indicates the extent to which the task of supplying the new markers at the end of the year has developed, and serves again to direct attention to the injustice which is inflicted upon auto owners.

With the increase in the number of automobiles there have been branch offices established in some of the cities of the state. This is because of the need of giving better service but even though the auto owners in those cities are being accommodated there remain those in the other cities of the state who are just as bad off as they were 11 years ago.

Many of those who are standing in line for hours might do much to avoid this by making earlier application, but think of those who must go to some other city, stand in line for hours and then not be able to get to the window before it closes at the regular hour. Not until each city of the state is given a branch office, for part of the year if not all of it, will there be service to the auto owners of the state commensurate with the requirements.

The auto owners are paying the bills and maintaining the department, but they are getting precious little service for it except in a few cities of the state.

NEW MEXICO'S NEW SENATOR

More than ordinary interest is attached to the appointment of a new senator from New Mexico to fill the vacancy caused by the death of Senator Jones.

New Mexico has no provision for an election to fill out the unexpired term of a deceased senator. The duty rests upon the governor. Governor Dillon, a republican, has announced the selection of Bronson Cutting, a republican, as a successor to a democrat. In most instances this would make little or no difference. It is in accord with expectations that a republican governor would name a member of his own party for the office, but in this instance it furnishes strength to the republicans at a time when it is needed in order to give them a majority.

The appointee will be followed with keen interest because of the pivotal position he holds, and the more so because he was one of those alligned with the progressive faction back in 1912 and is still regarded as more or less independent. If he trains with the insurgent group he will be of little or no more benefit to the republicans than his predecessor. On the other hand he cannot fail to regard the importance of the place he will hold and even though he is only named to fill out an unexpired term he cannot overlook the need of giving his state the best possible representation in the senate. Whether he will be guided in this by the desire of going before the people for re-election is perhaps a little bit too early to determine. Like those who are elected as republicans he cannot disregard the fact that he was named as such and whenever it comes to maintaining republican policies he ought to be expected to back up his party. Such is of course no different than would be expected from a democrat under similar circumstances.

EDITORIAL NOTES

If you want a happy New Year, don't fail to do your best.

Not much more use for that last sheet of the 1927 calendar.

Those Christmas neckties are going to be dead give aways for a long time.

The man on the corner says: It won't be long now. 1928 is on schedule.

Lindbergh displays the same cleverness in flying south that he did in flying east and west.

Even if these are days of equal rights, leap year hasn't lost all of its appeal and fascination.

Of course it wouldn't be the week after Christmas unless there were a lot of presents to be exchanged for size, color or preference.

To the 16 who died in New York from alcoholism over the Christmas week end, it doesn't make much difference whether it was due to quality or quantity of the beverage used.

The idea of sending the alien gangsters and gunmen back to the country whence they came will probably be opposed by no one except the persons directly concerned and the countries that would have to receive them.

THE MAN WHO TALKS

The coming of Jesus involves the spectacular. From the very nature of the case it could not well be otherwise. The event was supernatural in that it cannot be fully explained on natural grounds. It differs from any other birth that history has to record. For that very reason its setting contains much that is perplexing because it is mysterious. For instance the story of the star that guided the Wise Men from the east to Jerusalem and thence to Bethlehem where the young child was. Also the reference to the angel "of the Lord" who announced to the frightened shepherds the birth of the Lord Immanuel. Was it not perfectly natural that such an extraordinary event should be attended by extraordinary circumstances? To make the desired impression upon the people of that day that something very unusual had happened it was necessary to resort to the unusual and spectacular.

To the inquiring mind it brings to the fore the whole question of angels. Who were they? what was their nature? did they function as ordinary human beings? is there evidence that angels are still in existence? was the idea of angels anything more than the personification of a splendid idea? is the evidence sufficient for us to dogmatize on the subject? In this midnight scene near "the little town of Bethlehem" we know that the angel who figured in that scene had some identity with a human being, because he spoke in vocal accents which the shepherds understood. We can easily surmise that his voice was calm, clear and reassuring. When he said, "fear not for, behold, I bring you good tidings of great joy," they seem to lose their fear and listen to the message. There are natural reasons why fear at first should have overcome them, simply because it involved the supernatural.

The effect of the angel's annunciation upon these shepherds brings out clearly the psychology of good news. The hearing of good news appeals to something more and deeper in man than the merely curious. It shows clearly that if the human mind and heart are to function properly they must receive external stimuli. Let a college professor say something like this to a somewhat discouraged student: "Your last examination papers are the best you have done yet! I am very glad to see that you are improving so rapidly." That student for awhile is going to tread on air; he is going to put forth a still greater effort to succeed. In college parlance he is "getting onto himself." Tell any depressed man and woman anywhere that you have a bit of good news for them and they will at once "sit up and take notice." From this we ought to learn the important lesson of finding good things to say to those with whom we come into association.

The story of the nativity puts emphasis upon the value of the little human child. Do we fully realize that there is no gift that heaven can bestow upon the world of ours that is in any sense comparable in value to a child? Gold and silver, stocks and bonds, houses and lands sink into utter insignificance in comparison to the value to the world of one little baby, wherever in the Providence of God he may be born. The Master once touched upon the question when He said, "ye are of more value than many sparrows." We recognize that in theory if we do not always carry it out in practice. The eyes of all civilized people were fixed last week on Cape Cod, not because a submarine was sunk in one hundred feet of water—most of them felt that it would be well if all submarines were there—they were hoping and praying that the six men would be rescued. The world's greatest asset is its people.

The celebration of the Christmas season is a fitting climax to the old year. As all the churche of all the denominations in all parts of the world observe the occasion the old year is made to end in a blaze of spiritual glory. To the writer's mind it is analogous to the setting sun the day ends in a sea of glory. The earth is baptized in the mellowness of night. When that day ends we know that it is not the termination of time. In the year of 1927 ends with the supreme touch of the Christian benediction, we know that 1928 will come in with a better chance for making spiritual conquests. It makes all the difference in the world with growing things what sort of a start they get. For this reason we are justified in putting emphasis upon a good heredity. It counts in horses, cattle and men to have a good start, why not in other things? The new year is no exception to the general rule.

What the year of 1928 is going to be to you and me will depend largely upon ourselves—not altogether, of course, because many things will enter our lives over which we have no control—but in the main the year on which we start tomorrow is going to be just what we make it. Don't take any stock in the man and woman who whine about not having any chance. If the chance does not come voluntarily then we must make the chance. The men and women who slump down and say that everything is against them are those who are not willing to put up a stiff fight against the obstacles that oppose them. There was something really admirable about the young chap who said one day with flashing eyes and clenched fists, "I'm going to do this thing even if I have to go through hell fire to do it!" We may object to his language but certainly not to his spirit. More than half of our difficulties would vanish if we had this spirit.

Taken as a whole one year is as like another year as one bean is like another (reader, I am not here referring to your bean, but to the vegetable bean which grows hard with age). As a cold matter of fact every day of 1928 will reproduce the common, ordinary things of 1927 with no very conspicuous variation. The man who drank bootleg whiskey last year will be just as big a fool this year. The fact that the poisoned stuff ruins the digestion and blinds the eyes will have no effect upon his thickened skull. This type of man will continue to fill up on his favorite drink and display his ideas of personal liberty by driving his automobile through the crowded streets at the rate of 50 miles an hour and one tenderfoot laws will let him do it. The man who has believed in decency in years past and has lived a decent life, will continue to do so in the future, even if many look upon him as old-fashioned.

There is one verse in the Bible that well expresses the continuance of life from one year to another: "He that is unjust, let him be unjust still; and he which is filthy, let him be filthy still; and he that is righteous, let him be righteous still; and he that is holy, let him be holy still." The implication is that mankind after character is once formed are going on for the most part in just about the same way. In no community is a moral revolution ever started on January first. Resolutions are often made but that is quite a different matter. Something radically greater than mere resolution must get down into the depraved heart of man and create new life in him. And thank God this is going to be done in 1928. The eyes that want to see will see glories never beheld before. Let us make the new year really happy for ourselves and others.

Poison Sawdust

Scattering sawdust from airplanes is the latest device in the war on mosquitoes. The United States Marine corps is trying the experiment. The sawdust is immersed in a weak solution of water and arsenic and is said not to be injurious to fish, birds or persons because of the dilution of the poison.

SUPERVISION OF PUBLIC WATER SUPPLIES IN CONNECTICUT

It is doubtful if many people realize the extent to which the state department of health operates in connection with the protection of public water supplies. Section 2528 of the general statutes, revision of 1918, states that "the state department of health shall have supervision over all matters concerning the purity of any source of water or ice supply used by any municipality, public institution or water or ice company for obtaining water or ice. The term 'source of water or ice supply' shall include all springs, streams, water courses, brooks, rivers, lakes, ponds, wells, or underground waters from which waters tributary thereto, and all lands drained thereby."

In order to assist the department in carrying out this work, there are two other very pertinent statutes on the statute books. Section 2529 of the 1918 revision provides: "Every person, firm or corporation supplying water to the public shall, on request, furnish the state department of health with all reasonable information regarding its water works and the source from which its supply of water is derived. No system of water supply owned or used by such municipal or private corporation or individual shall be constructed until the plans therefor have been submitted to and approved by the said department." Section 2530 states: "The state department of health may, and upon complaint shall, investigate any system of water supply or source of water or ice supply from which water or ice usey by the public is obtained, and if it finds any pollution or threatened pollution which in its judgment is prejudicial to public health, it shall notify the owner of such system of water supply, or the person or corporation causing or permitting such pollution or threatened pollution, of its findings and after hearing shall make such orders as it shall deem necessary to protect such water or ice supply and render such water or ice safe for domestic use." The power to employ agents, engineers and assistants for the work of water supply supervision in granted by Section 2531. Sections 2532, 2533 and 2534 provide procedures for appeal to the superior court from orders issued by the department, procedure for enforcement of department orders and penalty for non-compliance with orders issued. There are additional statutes prohibiting wilful pollution of a water supply, bathing in water supply reservoirs and streams, and fishing in reservoirs except under permit from the local water officials. Section 2540 places authority in the hands of local officials to remedy dangerous sources of pollution to public water supplies.

Watershed Inspections.

Of the 115 public water supplies in Connecticut, 80 are entirely from surface sources—i. e., they are derived from streams, lakes or reservoirs; and 7 are partially from such sources. Many of the drainage areas—sometimes called watersheds—tributary to these bodies of water, are large and contain many roads, houses, barns, etc. The supplies are, therefore, subject to possible pollution from the sewage disposal from these establishments, whether from privies, cesspools, sink drains or the like. Then, too, in addition to these so-called permanent sources of pollution, there is the opportunity for contamination of a chance or accidental nature, such as that introduced by hunters, picnickers, campers or other trespassers. The automobile has made populous some drainage areas which formerly were practically uninhabited.

The state department of health through its bureau of sanitary engineering, which is charged with the field work relating to public water supplies, periodically inspects all the public watersheds in the state. An effort is made to carry out these inspections every year or at least every two years, depending on the personnel available. An engineer from the department makes a careful survey of the sewage disposal conditions at each habitation on each watershed, together with a study of pollution hazards. In many cases, orders and recommendations are issued on the ground by the inspector. Sometimes it becomes necessary for the department to issue written orders after hearings. Frequently undesirable conditions are remedied without difficulty by co-operation of the local water officials with the persons concerned. Reports of the inspections are forwarded to the water officials who are asked to follow up the carrying out of any needed improvements, with the department co-operation whenever desirable. Somewhat less attention is devoted to the watersheds of two or three supplies in the state where slow sand filtration and long time storage render a high degree of protection, although these watersheds, too, are inspected at occasional intervals.

Patrol of the watersheds is also carried out by local officials, with varying degrees of thoroughness. Even in the case of those supplies under careful control, it is found that the officials welcome an independent check-up of conditions by the department, for, as in all other lines of endeavor, familiarity with local conditions by local employes sometimes results in something "getting by."

Although generally speaking, public well supplies are satisfactory, being usually safely located and constructed, yet they are also inspected and are regularly analyzed, as mentioned later.

Chlorination Plant Inspections.

Disinfection of public water supplies by liquid chlorine has progressed very rapidly in the past few years. It has become recognized as a dependable means of safeguarding against accidental contamination of a supply. Under Connecticut conditions, where none of our public water supplies is subject to gross pollution, it is not necessary to rely on chlorination for first line defence, but its value as insurance against trouble is shown by the fact that in this state 39 public water supplies employ chlorination. There are 58 chlorination plants in Connecticut, excusive of duplicate equipment, and upon recommendation by the department another large water company intends to install chlorination apparatus immediately. About 75 per cent. of the population of the state is estimated to be supplied by chlorinated water.

Chlorinators are delicate machines and require much care. All chlorination plants are regularly inspected, usually from two to six or more times a year, by an engineer from the department. Tests are made on the chlorinated water to determine the efficiency of chlorination and many improvements in apparatus and maintenance have been secured by the department in the past few years. It is unfortunately true that without supervision, chlorination would be sadly neglected on some water supplies, notwithstanding that many plants are conscientiously and satisfactorily maintained.

Filter Plant Inspections.

At present there are three large slow sand filter plants in Hartford, New Haven (Lake Whitney supply), and South Norwalk, with two or three smaller ones; rapid sand gravity filter plants on all or a portion of the supplies of Bethel, Putnam, South Manchester and Wallingford; and pressure filters at Collinsville, Greenwich and New Canaan. Greenwich is now engaged in constructing a more modern type of plant; Meriden is installing a rapid sand filtration plant on its Broad Brook supply; and interest is becoming manifest in several communities, i. e. the color, odor, taste and turbidity of the water.

An engineer from the department visits these filter plants, which in some cases employ alum and soda ash in processes of coagulation and filtration, and makes any necessary recommendations to the operators to secure maximum efficiency.

Analyses of Public Water Supplies.

At regular intervals, ranging from one to three months, each public water supply in the state is sampled and is analyzed by the bureau of laboratories of the department. In most cases, containers for the collection of samples are sent out to the water officials and samples collected by them. Where a city secures its supply from two or more sources, each separate source is sampled and analyzed. Occasionally samples are sent in by local health officers, and representatives of the department also frequently collect samples from various supplies they are inspecting.

Copies of all reports of analyses are forwarded by the laboratories to the bureau of sanitary engineering which makes any investigations shown to be necessary by unsatisfactory analyses. This results in a careful system of checking the qualities of the various supplies. Particularly some of the larger water works maintain their own laboratories where the desirable procedure of making daily bacteriological analyses of the supplies is carried out and summaries of these results are usually forwarded to the state department of health.

Tastes and Odors.

Frequently complaints are made to the department relative to tastes and odors in public water supplies. Algae trouble can often be remedied by copper sulphate treatment. Dead ends needing flushing sometimes cause complaint. Putrefactive conditions caused by decomposition of organic matter have produced objectionable conditions. The department is always ready to investigate complaints or render advice to local officials in cases of trouble. In some instances, remedies are obvious or easy of accomplishment, whereas in other cases, extensive changes in supplies, such as installation of aeration or filtration, may be necessary.

Adequacies of Public Supplies.

So far as possible, the department investigates the adequacies of public water supplies to see whether they appear to be sufficient for the needs of the communities served during seasons of dry weather. Estimates can be made by comparing water run-offs from supplies where quantities have been measured with similar supplies in question. Local officials are advised where supplies are considered inadequate. In the case of supplies which have failed in the past, the department has, where necessary, taken action to secure the adoption of remedial measures.

Approval of New Supplies.

Plans for new sources of water supply or new water treatment plants are submitted to the department for approval in accordance with statutory requirements. These plans are reviewed by the department engineers, and any necessary changes or recommendations made before approval by the department. As a result of experience the department has been able to be of considerable assistance to local officials in this work.—Warren J. Scott in Connecticut Health Bulletin.

Sunday Morning Talk

UNITY.

In union lies strength. One little thread breaks easily; a thousand strands make a cable.

One little drop of water is a weak and powerless thing; an infinite number of drops makes Niagara and the Atlantic. Conceit of action is always sought after, where there are material interests to uphold and results to be achieved. Men learn this in business, in politics, in everything apparently but religion. Failur to act on the part of any little wheel or spring in the delicate machinery of a watch or in the mighty engine that drives the ocean steamer across the sea, or any organ in the wonderful mechanism of the human body, or any part in the machinery of the universe, might result in disaster. Combination of forces, concord unity. All making for a common end, this is essential to success. In recognition of this principle the church is compared to a body where every member has its place.

Oneness of purpose and concert of action even in prayer Christ has commanded the very prayer He taught His disciples begins, Our Father. It is the sacred duty of every Christian thus privately and personally to seek God. It is the very mountain of spiritual strength. It is the chief means of renewing his strength and placing himself secure on the Rock of Ages. The individual has had needs and these must be made known unto God. The church has needs, the church has lukewarm members. What better can the church do than come together and pray for them and await them to duty.

The church has all about it careless souls going down the broad road thoughtless souls, souls on the brink of a precipice. What better can a church do than to try to win these souls for Christ? O the grief of angels as they see men contending one's creeds and systems, throwing away God-given power that should be used winning precious souls to Christ. O that the church would pray together, work together, suffer together, and serve together. Then the prayer of Christ would be answered and His peoples might be one and the world might believe.

Now His promise is unmistakeable. "ask and it shall be given unto you; seek and ye shall find." If we ask that He will be near in our labors and sufferings. He will come. Receiving does not come without asking, finding without seeking, or opening without knocking.

When the church realizes how needy she is, when the church longs as she ought to see the conversion of the world to Christ, when she realizes how much the world needs Christ and her help and wisdom, and God's spirit to guide and inspire, she will surely with one accord as at Pentacost when they were all of one accord, then will God hear and many shall be brought to the Lord. Wait upon the Lord and He shall renew thy strength.

IN THE PUBLIC EYE

Harry S. New, who is in line for congratulations today on the beginning of his seventieth year, has been post-master general of the United States since 1923. Mr. New is an Indianian, being the son of the late John C. New, Indianapolis newspaper publisher, who served as treasurer of the United States under Grant, as assistant secretary of the treasury under Arthur, and as consul-general at London during the administration of President Harrison. The son inherited his father's newspaper property and likewise his taste for public life. Before entering the Harding cabinet as postmaster-general he had been successively an Indiana state senator, a member of the republican national committee for 12 years and its chairman in 1907-08, and United States senator from Indiana.

YOUR HEALTH

Sputum Borne Diseases and Personal Hygiene

By F. A. Long, M. D., Madison, Nebr. Member Gorgas Memorial

Most people are afraid of the fresh air which nature has provided for us in great abundance. Most houses are poorly and insufficiently ventilated. Many people have an idea that, if they open one window somewhere in the house, that is ventilating. It is not. Some think that if in a sick room they drop the upper sash down one, or at most, several inches from the top, and then pull the shade down, that is ventilating the sick room. It is not. It is not only not; but it is nothing! These well-meaning people delude themselves and their families. Sick rooms, especially those with contagious diseases, need thorough and continuous ventilation for the protection of the well people who live in the same house.

What constitutes ventilation? To ventilate a room or house it is necessary that fresh air circulate through the house; to ventilate a sick room there must be two opposing windows, or a window and a door, open so that the fresh air may pass through the house or the room. It is possible that some who read this never have slept with open windows and have gotten up each morning with a stupid, languid feeling and have wondered what was the matter. If you will open two opposite windows tonight, you will have a living demonstration of what the matter was. In ventilating sick rooms or other bedrooms the precaution must be taken so to direct the current of air that it does not blow directly on the patient or the sleeper, and that can be easily arranged in nearly all cases.

In winter time the need of heating complicates the problem somewhat. People want to heat the house with the least expenditure of fuel, and they do not want to open the windows to cool off the house while shovelling fuel to heat it. But even so a little fresh air admitted to the house, thus providing a fresh supply of oxygen to the dead air of the house, is energizing, and actually makes the heating problem easier.

One of the greatest faults of people is overheating houses. About 65 degrees fahrenheit is said in the books to be the correct temperature for the living rooms. The writer believes that in the central west where there is no scarcity of winds and some outside air, therefore, gets through doors and window cracks, if the thermometer registers 70 degrees on an inside wall, it is about right. Temperatures of 75, 80 and 85 are positively dangerous, because the air in the house gets too dry, the schneiderian membrane of the nose gets dry, and people may in this condition take cold when they are sitting by roaring fires, and then wonder how it happened.

The point sought to be made is this: That for the purpose of personal hygiene we must live in well-ventilated houses and sleep in well-ventilated bedrooms; that the home cannot be well-ventilated and overheated at the same time; that sputum-and breath-borne diseases are best prevented, not only by avoiding people who are disease carriers, but by correct heating and correct ventilation.

WHAT DOES YOUR MIRROR SHOW?

A yellow, bilious, pimply skin? You also have a dull, tired worn-out feeling? No wonder. Your system is clogged with intestinal poisonous waste. Remove it at once with Schenck's Mandrake Pills. Take them tonight as we tell you and the sallowness and pimples will start to disappear and oh how much brighter the world will look to you.

Schenck's Mandrake Pills are purely vegetable. Thousands of families for three generations have found nothing better than Schenck's Mandrake Pills for cleansing the system of poisons that cause skin trouble.

Stories That Recall Others

Twins Beyond His Knowledge.

Much had been said about the neighbors' twin granddaughters, age three months. One day when they were brought to their grandparents, the little boy next door was called to see them.

He surveyed them a moment, then looking around he asked: "Where's the other mother?"

BURGESS BEDTIME STORIES

Whitefoot and Peter Rabbit Agree

'Tis only those who are awake
Who of life's fullness can partake.
—Old Mother Nature.

A guilty conscience is a great spur. It pricks. Whitefoot the Wood Mouse had a guilty conscience. He had no right to be in Striped Chipmunk's house, and when he heard Striped Chipmunk yawn he just turned tail and ran. And he ran the faster because his conscience was pricking him. He didn't stop when he reached the little round doorway that was the entrance to Striped Chipmunk's house. He kept right on and climbed right up to his favorite perch on one of the old stones of the stone wall.

"My goodness, it's Whitefoot!" exclaimed a voice. Whitefoot whirled about. There sat Peter Rabbit at the foot of the old stone wall.

"What are you doing away over here?" continued Peter.

"I'm living here," replied Whitefoot. Then he told Peter how Black Pussy

"What are doing over here?" continued Peter.

had caught him over in the Green Forest and how Farmer Brown's Boy had rescued him and how he had been given a Christmas present of a nice, new house.

"Have you seen Striped Chipmunk?" asked Peter.

"Yes," replied Whitefoot. "His house is right down under this old stone wall."

"Don't you suppose I know that?" retorted Peter. "Striped Chipmunk has lived here for ever and ever so long. I came up here hoping I might see him. It's a long time since I've seen Striped Chipmunk."

"I saw him yesterday," replied Whitefoot.

"You did!" exclaimed Peter. "How is he looking?"

"Fine!" replied Whitefoot. "He couldn't possibly look any better. But I don't understand him.

"What is it you don't understand?" asked Peter.

"Why," replied Whitefoot, "I don't understand how it is that Striped Chipmunk can be satisfied to sleep away the best part of winter. I wouldn't want to do it, would you, Peter Rabbit?"

Peter shook his head vigorously. "Not I," said he. "I've wondered about that thing a good many times. How any one could want to sleep all winter, or the biggest part of the winter. I can't understand at all. Think of all the things that could happen on the Green Meadows and in the Green Forest and he never know anything about it! Nope! I can't understand Striped Chipmunk any better than you do. It is a puzzle to me how such a lively fellow as he can satisfied to curl up and go to sleep for days and days."

"Just think of the fun he misses!" said little Whitefoot.

"And think of the dangers he misses!" said another voice. And there was Tommy Tit the Chickadee. "While you are perhaps running for your life Striped Chipmunk is curled up fast asleep with nothing to frighten or worry him."

"Yes, but just think if Shadow the Weasel should find him asleep in there!" said Whitefoot, and his big black eyes grew bigger than ever. "Why, he wouldn't have a chance to even try to escape."

"That's right," declared Peter. "If there is any danger about I want to know it. I certainly would rather be caught trying to get away than to be caught in my sleep. And that reminds me that I think I'll be moving on. Unless I'm greatly mistaken, that is Reddy Fox heading this way. There's a nice comfortable hole farther up along this old stone wall just big enough for me and too small for Reddy."

NEW GOLFING BODY HAS BEEN ORGANIZED

LOS ANGELES, Dec. 30.—(AP) — A new golfing organization, the principal aim of which is to co-operate with cities desiring to hold winter tournaments, came into existence here today when leading professional linksmen of the country organized the Association of Tournament Golfers.

Tommy Armour of Washington, D. C., who holds the national open championship, was elected president, and Hal Sharkey, Newark, N. J., golf writer, was made secretary-treasurer and manager.

Sharkey, it was announced, will start immediately the work of sanctioning dates for a tour by a group of noted golfers during the 1928-29 season beginning in November and ending in April.

A number of other officers were elected, including regional vice presidents: Al Espinosa, for Chicago; Neil Christian of Yakima, Wash., for the Pacific northwest; Charles Guest of Los Angeles, for southern California; Dewey Longworth of San Francisco, for northern California, and John Bredemus of San Antonio, for Texas. An executive committee was named to include Bobby Cruickshank, Leo Diegel, Bill Mehlhorn and Joe Turnesa, all of New York; Al Watrous of Grand Rapids, Mich., and the officers.

WATROUS TURNS IN 69 TO LEAD PRO FIELD

LOS ANGELES, Dec. 30.—(AP)—Cards of 69, three strokes below par on the ocean-bordering Palos Verdes club course, put Al Watrous, veteran Grand Rapids, Mich., golfer, and Fred Morrison of Los Angeles, to the fore of the field of linksmen that participated today in the first 18 holes of qualifying play in the $2,500 open tournament.

But one stroke behind these two pace setters trekked home "Lighthorse" Harry Cooper of Los Angeles, toured the tricky course below or even twelve to complete the list of those who par figures came another professional, Eddie Loose of Los Angeles, who made it in 71, even par.

Two other pros tied with cards of 72 for next place honors. They were Hutt Martin of Reno, Nev., and Jack Tarrant of the Encino Country club, near here. Next in line were three others in a tie.

WISCONSIN TAKES LEAD IN WINTER SPORTS MEET

LAKE PLACID, N. Y., Dec. 30.—(AP)—Wisconsin University today jumped into the lead in the annual college week winter sports meet here, by virtue of its victory in the single event of the day Wisconsin went to the front with nine points. Dartmouth and McGill occupied second place with eight points each and New Hampshire held third position with seven points.

Soft ice barred all events on today's program except the downhill ski race. Charles M. Proctor, Dartmouth, took the honors in this event. W. B. Thomas, McGill, was second, H. Croye, Wisconsin, third, and K. Dahl, another Wisconsin entrant, fourth.

The first game of the three games hockey series of Dartmouth and Williams is yet to be played. Soft ice forced postponement of the first two games scheduled for yesterday and today.

Petrone Beats Fernandez.

Dominick Petrone, New York, bantamweight, tonight whipped Ignacio Fernandez, Filipino boxer in a ten-round semi-final in one of the most furious battles ever staged here. Some 13,000 fans were present.

In the final three rounds, both boxers waged a nip and tuck battle. Although groggy in the eighth round, Fernandez came back in the next stanza with a tremendous rally that nearly overcame Petrone and the Filipino continued to put up a desperate battle to the finish. Petrone weighed 126 1-4, Fernandez 123.

Andy Martin, of Boston, whipped Georgie Rivers, California bantamweight, in the first ten round bout. Martin packed too many guns and too much experience for the western youngster, cutting him badly about the eyes and nose toward the close. Martin weighed 124, Rivers 119 1-2.

In two four round preliminaries, Joe Schlokker, California welterweight, 148 1-2, defeated Charles Hahn, New York, 125 1-2, and Ralph Lenny, New York, 127 3-4, bested Tommy De Carlo, of Jersey City, 130.

Maiden Lane in New York is so named from the fact that it once followed the course of a stream in which the Dutch girls washed clothes.

FELL THROUGH COVERING INTO STOLEN COAL

(Special tto The Bulletin.)

WILLIMANTIC, Dec. 30.—In answer to a complaint by Superintendent Edward G. Kenney of the Holland Silk Manufacturing company that considerable coal was being stolen from the company's coal sheds off Church street a search warrant was issued tonight to the police for a raid at the home and garage of Arthur C. Hill of 125 Church street. While the search was in progress one of the police officers fell through a covering into the stolen coal. Nearly two tons of bituminous coal was identified as having been taken from the company. It is said that Hill confessed that he shoveled the coal from the adjoining coal shed into his own property. No arrest has been made pending word from the New York officials of the company to determine what action shall be taken.

REV. C. H. RICKETTS 30 YEARS PASTOR OF GREENEVILLE CONG. CHURCH

REV. CHARLES RICKETTS

Rev. Charles H. Ricketts has completed 30 years as pastor of the Greeneville Congregationalchurch and in observance of the anniversary a special service was held at the church Friday evening by the trustees, church societies and parishioners. Many of the local clergymen were present. Oscar W. Carpenter, chairman of the evening, called on a number of the clergymen and their remarks dwelt chiefly on the enviable record that Rev. Mr. Ricketts has made during his long pastorate here. A congratulatory letter from Rt. Rev. Mgr. Michael H. May, pastor of St. Patrick's church, who was unable to be present, was read by Arthur H. Blackledge.

A purse of gold was presented to Rev. Mr. Ricketts by Mr. Blackledge, who is one of the oldest members of the church trustees. Mr. Blackledge was one of the three trustees who sent the call to Rev. Mr. Ricketts to become pastor of the Greeneville church in 1897.

Mrs. Ricketts was presented a beautiful pin. The gifts were provided by the Ladies Aid society of the church, the King's Daughters, the church trustees, the members of the congregation and the Sunday school.

The church social room, in which the observance was held, was beautifully decorated. Evergreen wreaths adorned the windows and lighted candles were on the window sills. Refreshments were served by the Ladies Aid society assisted by members of the Sunday school.

In addition to the purse of gold, Rev. Mr. Ricketts also received a beautiful basket of flowers from the members of the Third Baptist church. The clergymen present included: Rev. Edwin G. Crowdis, pastor of the Taftville Congregational church; Rev. J. Rees Jones, pastor of St. Andrew's Episcopal church; Rev. Myron E. Genter, district superintendent of the Methodist church; Rev. J. Harlow Graham, pastor of Trinity M. E. church; Rev. Gurdon F. Bailey, pastor of the First Congregational church; Rev. Allen Shaw Bush of Gales Ferry; Rev. Harry P. Brothwell, pastor of the Third Baptist church; Rev. A. S. Foster, pastor of the Church of the Good Shepherd, Universalist and Rev. Charles E. Reeves of Norwich Town. The Roamers orchestra entertained during the evening with a delightful programme.

SIX NEW CASES IN COMMON PLEAS COURT

Six new damage actions have been brought in the court of common pleas. As the result of an automobile collision on Oct. 1, 1927, on the state highway leading from Plainfield to Central Village, Agnes Fontaine of Norwich seeks damages of 200 for injuries received against Owen P. Bourne of Groton.

He asks a commissio nof $300.

F. L. Stevens of Iowa City, Iowa, has brought suit against Antone G. Joseph of New London, asking damages of $400 claimed on a note. Damages of $150 are asked by The Outlet Co., of Providence, R. I., from Rinaldo Secarelli of Groton.

As the result of an auto crash on Oct. 1, 1927, on the state highway leading from Central Village to Plainfield, Alphonse J. Fontaine of Norwich seeks damages of $500 against Owen P. Bourne of Groton. Fontaine sues for personal injuries and damage to his car.

Damages of $150 are claimed by the New York Butchers Supply company against Herman Katz of New London, according to suit brought in the court of common pleas.

LOCAL HI-Y CLUB HAS ANNUAL COLLEGE NIGHT

Over 50 former members, who are away at school or are college graduates, were guests of the local Hi-Y club at its annual college night at the "Y" building Friday evening. Eighteen colleges and two prep schools were represented. The group thoroughly enjoyed the delightful program arranged for the occasion.

At 6.15 o'clock supper was served under the direction of Mrs. Amanda Sandberg and her committee. Douglas Fellows acted as toastmaster. Several popular songs were rendered by those present, the music for the entertainment and evening being furnished by the club orchestra, of which Henry Ladd is leader.

Following supper a number of the former members spoke on college life and activities. Among those who spoke were Ned Hodge of Harvard, Richard Norman of Yale, Allen Latham of M. I. T., George Strouse of Lafayette, Charles Sage of Temple university, Downer Johnson of Philadelphia Textile and James Bradlaw of Carnegie Tech.

Douglas Fellows was chairman of the committee in charge of the arrangements. Adjournment was taken at 7.45 o'clock.

MRS. RINELLA HOSTESS FOR ROSARY SO. PARTY

Mrs. Frank Rinella, of 214 Broadway opened her home Thursday evening for a benefit card party for the Rosary society of St. Patrick's parish. There were ten tables, the prizes being won by Mrs. Katherine B. Kilroy, Mrs. Charles Smith, Miss Winifred Clabby and Mrs. John Shugrue, the consolation award going to Mrs. Mary Ahearn. Following cards refreshments were served by Mrs. John Fitzgerald, Mrs. Frederick LaFointaine and Miss Annie G. Stanton. The enjoyable evening closed with piano and vocal numbers by Henry J. and Walter F. LaFointaine.

SPRAGUE MAN SEEKS DAMAGES OF $1,250

Damages of $1,250 are asked by Charles Rothstein of Sprague in a superior court suit he has brought against Max Widrowitz of the town of Sprague, and Israel Goldknopf of Brooklyn, N. Y. On Sept. 3, 1927, Rothstein lent $1180 to Widrowitz and in return accepted his notes payable in 90 days for the amount loaned. It is alleged that in order to defraud Rothstein out of his loan of $1180, Widrowitz, with fraudulent intent conveyed property owned by him in the town of Sprague, Sept. 24 without consideration, to his son-in-law, Israel Goldknopf.

Compensation Agreements

The following compensation agreements were filed Friday with the clerk of the superior court in this city:

Falls Co., employer and John Descoteaux, 84, 18 Union street, Norwich, employe; strained back on July 15.

Cottiselli Silk Co., employer and Paul, George, 41, 61 Thames street, Norwich, employe; broken bone 2nd toe left foot on Dec. 5.

Aspinook Co., employer and Charles loss of 1-6 of little finger on right lossof 1-6 of little finger on right hand.

Entertained Embroidery Class.

The Wannasleep Enbroidery class and guests were entertained Thursday evening at the home of Mr. and Mrs. Charles Browning, East Great Plain. The prizes for whist were awarded to Walter Spaulding, first, Mrs. William R. Denison, second and J. Raymond Gregson, third.

Following play box lunches for two, brought by the women, were enjoyed by all. Hot coffee was served by Mrs. Browning.

PLAY FEATURES CENTRAL BAPTIST CHRISTMAS SOCIAL

The annual Christmas celebration of the Central Baptist church Sunday school was held Friday evening in the assembly hall, over 400 people enjoying one of the most successful social affairs ever conducted at the church. The stage, upon which the play, The Birthday of the Little Prince, was very creditably presented by a cast of over 50 characters, was atractively decorated with laurel garlands and red streamers, making a striking effect. The presentation of the play marked the initial use of the new stage. In the hall was a beautifully decorated Christmas tree, the trimmings being vari-colored bulbs, electrically lighted.

As the opening numbers on the program several selections were delightfully rendered by the Sunday school orchestra, who include: First violinists, Reginald Laubin, Dorothy Stewart, Frank Dodge; flute, Benjamin Palmer, Jr.; clarinet, Sherman Barber; cornets, John M. Swahn, Walter Krohn; drum, Gilbert Adams; pianist and leader, Joseph S. Adams. Among the opening selections played were El Capitan and Stars and Stripes Forever, two marches, by Sousa. Charmaine waltz, Marcheta and Lustspiel overture. Other familiar overtures and marches were also given during the evening.

Following the splendid program of music by the Sunday school orchestra the play was given. All the characters appeared in costume and portrayed tehir parts in an admirable manner, receiving well merited applause. Carols were rendered by members of the various classes of the Sunday school and were enthusiastically received by the audience. The cast of characters follows:

King, Leslie Pitt; Queen, Alma Taylor; prince, Milton Terry, Jr.; princess, Betty Spencer; heralds, Norman Smith, David Tongren, Robert Tongren; ladies of the court, Balinche, Amie March; Genevieve, Marion Pendleton; Bertha, Mrs. C. C. Gildersleeve; Alice, Dorothy Packer; priest, Stanton Smith; Tommy, Perry Coles; Johnny, Omer Racine; Patricia, Eleanor Wetmore; Beulah from Story Land, Dorothy Gildersleeve. The pianist was Mrs. H. L. Richardson; violinist, Dorothy Stewart and the organist was Miss Louise Fuller. The costumes were in charge of Mrs. Charles L. Stewart and Mrs. William McCord and the directors of the play were Miss Edith Ellis and Miss Genevieve Enos.

Groups of carolers: Senior class, Aubrey Brown, Floyd Lambert, Frank Dodge, Howard Ludlow, Marion Royce, Amie March, Unabelle Harbeck, Viola Hill.

Intermediate class—Marjory Hill, Jessie Hill, Carolyn Noyes, Idamae Johnson, Eldred Coles, Gavin Pitt, Belson Packer, Edward Wigley.

Junior class—George Ellsworth, Walter Chapman, Woodrow Sholes, Mildred Palmer, Mary Strong, Beatrice Hazard, Marguerite Pilcher, Walter Barber.

Primary class—Nellie Pierce, Isabel Tongren, Mary Manchester, Eleanor Wetmore, Priscilla Chapman, Vincent Ladrone, Omar Racine, Perry Coles, Russell Sholes.

An address of welcome was given by Emery Davis, superintendent of the Sunday school. Boxes of candy were distributed among the junior and intermediate children. The occasion concluded with dainty refreshments being served under the direction of Mrs. Henrietta Tefft, chairman of the committee, assisted by Mrs. Jennie Davis, Mrs. William Covey, Mrs. Willis Hill, Miss Nellie Rathbun, Mrs. Milton Terry and Miss Belle Rathbone.

The stage decorations committee was Mrs. Allyn L. Brown and Robert J. Storms and the Christmas tree committee comprised C. S. Storms, Aubrey Brown, Floyd Lambert and Howard Ludlow.

JOHN KROHN SUES FOR DAMAGES OF $300

John Krohn of this city has filed suit in the superior court for $3,000 damages against Alfred N. and Napoleon La Barre, of Taftville, doing business as the Rock Water Soda Co., Oscar Silverman and Henry Brickman of Norwich, doing business as the American Confectionery Co. The plaintiff claims that he was seriously injured on Aug. 25, when his motorcycle collided with a truck owned by the soda company and operated by Adelard Lemieux, which caused the motorcycle to be thrown against the American Confectionery Co., truck, which was operated by Henry L. Cloutier. The accident occurred on Norwich avenue, and the papers claim that both defendants were jointly negligent.

JOHN LEIRICH WINNER IN EAGLES TOURNEY

The concluding night's play in the eight weeks pinochle tournament conducted by the Norwich aerie, No. 367, F. O. E., was held Friday evening at the Eagles' home, Cliff street. The first prize was won by Tom Fields with a score of 7190, second, Ed. Risley, score 7170 and third, John Pizgoda, score 7030. In the series John Leirich won the tournament. The final scores were:

John Leirich, 57,960; W. R. Hastedt, 54,470; H. Marcus, 53,590; John Pizgoda, 52,550; E. J. Mullins, 51,615; Tom Fields, 51,450; Nelson Petrone, 49,470; Jas. O'Neil, 47,655; Ed. Risley, 47,435; John Sautter, 45,955; John Oney, 45,940; H. Herring, 45,910.

LOOKING BACK OVER THE YEAR IN HEALTH WORK

With two months of records still to be received on vital statistics the favorable record so far makes it seem certain that the year will prove to be lowered and almost assured record low rate, says the weekly health bulletin issued by the state department of health.

There has been a great falling off in the number of births recorded and consequent low birth rate. One of the interesting new methods used through the year 1927 is the allocation of all deaths and births to the locality where they ought to be statistically considered. This procedure should give a much better index of the true health conditions. This will be certainly felt in the records of infant mortality, where the need of adjustment has long been felt but never before attempted.

Perhaps the most striking achievement in the field of sanitation has been the abolition of unguarded connections between public water supply systems and auxiliary fire or mill supplies of questionable quality, thus doing away with conditions in many communities whereby polluted water might be pumped into the public drinking water mains.

Surveys of several questionable shellfish areas were carried to completion and as a result, three areas of considerable size were closed by the department for market purposes, assuring the safe quality of Connecticut shellfish.

Poor analyses of sea water in polluted harbors used for bathing, obtained during shellfish studies, were called to the attention of local authorities and stimulated interest in the general condition of bathing beaches, some of which are near the border line of safety.

We can once more be thankful that another year has elapsed with no known cases of water-borne disease from public water supplies. The continuance of this ecellxent record requires eternal vigilance by local and state authorities.

The close of 1926 found the laboratory quarters had become so crowded that additional space was added during the year and entirely remodeled. There is now ample room for considerable growth.

With additional space two new tests were made possible. Routine examination of samples of raw and treated sewage from the various municipal and institutional treatment plants in cooperation with the State Water Commission and the Bureau of Sanitary Engineering; routine examinations of all certified milk handlers undertaken at the request of the State Milk Regulation Board. Monthly examinations have been made from each person who comes in contact with certified milk; these included cultures from the nose and throat for diphtheria bacilli, for the organisms of Vincent's angina, and for hemolytic streptococci; sputum for tubercle bacilli; feces and urine for the detection of typhoid carriers, while all new employees have their blood examined for typhoid.

The Laboratories also begun the manufacture of wax ampules of silver nitrate for distribution to the physicians of the state for use in the eyes of new-born babies.

The psychiatric clinic in Meriden held there in cooperation with the Connecticut state hospital, examined fifty-nine patients in the course of fifteen clinic sessions, carried on an educational campaign in mental hygiene, and offered special service to various organizations notably the schools.

From the angle of statistics the Division has conducted three surveys for nervous and mental disease, one on monthly reports from psychiatric clinics, and one covering facilities, capacity and diagnostic distribution of cases in private sanitaria.

Well child conferences still forming the majority part of the work have been increased to 50 by the addition of four during the year, at Orange, Beaver Brook, Glastonbury and Plainville. Three child hygiene nurses who are located in Winsted, Middletown and Willimantic have each the responsibility of fifteen well child conferences with their attendant follow up work.

Sixteen summer round-ups have been held in a corresponding number of communities in the state. The examination of 530 children, brought out the fact that among these, 968 defects were found, 158 of which were serious enough to be reported to the family physicians. The name of this movement explains itself, namely; an effort to make these children who will enter school in the fall for the first time 100 per cent. physically fit.

Putting in motion the machinery of printing and distributing 250,000 May Day milk bottle tags carrying with them an appeal for clean milk for children, represented an extensive part of the health work in the May Day program.

The outstanding event of the year has been the passing by the last Legislature of the bill for state aid to towns for public health nursing which makes possible the extension of public health nursing in many of the smaller towns of the state.

The towns, Westbrook and Cornwall, have already taken advantage of this priviledge by organizing public health nursing services the towns having appropriated their pro rata share of the epxenses.

Over one hundred towns and cities in the state have had some form of special health service including moving picture films, health talks, filmslides and exhibits. Fifty-eight of these were villages and towns under 5,000 population and so the outlying sections of the state were reached.

One of the important activities was the health talks given by members of the staff. Over two hundred and fifty of these were given reaching over twenty-five thousand people.

The film library had nine additions, Condemned, Public Health Twelns, He Who Laughs Last, Malaria, High Road, Sun Babies, A Far Chance, A Fortunate Accident and four copies of New Ways for Old. The last film has been in constant use in localities where active campaigns for diphtheria immunization have been carried on, as well as in many other towns in the state.

The nutrition handbook has been published and distributed to local leaders throughout the state.

GASOLINE CARS AID "NEW HAVEN" SERVICE

Among the operating economies which have proved of benefit to the New Haven railroad in progressing towards its goal of permanent financial rehabilitation during the past year has been the use of the so-called "gasoline rail car" as a substitute for steam service on some of its shorter lines. The New Haven now operates thirty-six "gasoline rail cars" on various parts of its system, their use enabling the railroad to maintain adequate service and at the same time to bring maintenance and operation costs below the total that would be necessitated were steam locomotives used on those lines.

"Gasoline rail cars" were introduced in railroad operation by the New Haven several years ago, the first cars of this type to be put into operation using gasoline as their sole motive power and being similar in many respects to an automobile. Later an innovation was developed which greatly improved the car. It was the substitution of a gasoline-electric system in which gasoline furnished the power to operate generators which in turn developed electrical power to run the car. The gasoline-electric car has entirely replaced the original gasoline motor on the New Haven today.

Although cars of this general type were introduced by the New Haven oly a few years ago, their use has today spread throughout the country in the operation of short lines. Although exact figures for 1927 are not available, it is estimated that nearly 300 gasoline-electric cars are being used by various railroads today and are playing a large part in the reduction of operating expenses.

ASKS COURT ORDER TO SELL PROPERTY

Daniel Noonan of New London has started suit in the superior court against James P. Newman, John H. Newman, Margaret Moran and Elizabeth Harrigan, all of New London.

The complaint alleges that on March 23, 1893, at New London, Daniel Newman contracted for and purchased from Daniel Noonan, certain real estate located on Jefferson avenue, New London. On the day of the transaction an agreement was drawn up between Daniel Noonan and Daniel Newman, whereby the real estate mentioned was to be sold to the best possible advantage, and after the mortgage had been paid, the balance was to be turned over to Noonan.

It is claimed that Newman failed to live up to the agreement. The other defendants mentioned are the heirs at law and are in possession of the property.

The plaintiff asks the court to order the defendants to sel the rpoperty, according to the agreement and turn over the balance to him, or that the defendants deduct the amount of the mortgage due to them and turn over the balance to him.

LAND BANK SUES TO FORECLOSE ON MORTGAGE

The Federal Land Bank of Springfield, Mass., has brought a foreclosure action in the superior court against John Kessler, Sadie Boretz, Leon Broder, P. Cutler, Mare Fedus, all of Colchester, Middletown National bank, the town of Colchester, Meech & Stoddard of Middletown, the Colchester National Farm Loan association and Morris Sheinberg of New York. The land bank seeks to foreclose on an $1,800 mortgage against property located in Colchester and occupied by Kessler. The remaining defendants claim to hold mortgages or have liens on the property.

Named Deputy Commissioner

Grace M. Houghton, formerly of Newark, N. J., has been appointed deputy commissioner of the state department of child welfare and will begin her duties with the department next week. She succeeds Mrs. Mary E. Duggan, who resigned Oct. 1 after several years of service in the department. Besides th Hartford office there are offices in Norwich, New Haven and Bridgeport.

COACHES TO BE ADVISORS TO RULES COMMITTEE IN FUTURE SESSIONS

By ALAX J. GOULD,
(Associated Press Sports Editor)

New York, Dec. 30.—(AP)—College football coaches will have a bigger voice even if not a bigger vote in their effort to put over at least two changes in the gridiron rules for 1928.

After going on record today in favor of eliminating this year's new rules affecting the use of the lateral pass and recovery of a muffed punt, the American Football Coaches' Association, at their annual meeting, accepted an invitation to have three representatives sit at "observers and advisers" with the National Football Rules committee.

This invitation was extended to the coaches by Edward K. Hall of New York, chairman of the rules committee, and was generally regarded as a compromise arrangement growing out of the insistence of the coaches upon having more to do with making the rules of the game that they teach from one end of the country to the other.

The caches already have five of the ten places on the rules committee, as reorganized yesterday by the National Collegiate Athletic Association, but it was their desire to have even closer contact with the rules-making body. On Mr. Hall's invitation, they named Knute Rockne, of Notre Dame, Hugo Bezdek of Penn State and Bill Spaulding of the University of California. (Southern branch) to sit with the rules committee at its 1928 sessions. In effect the coaches thus will have eight representatives at these deliberations.

In gaining this concession, however, Mr. Hall pointed out that the coaches are merely being accorded the same privilege which for several years has been granted to officials. It has been customary to have three officials sit, as observers and advisers, with the rules-makers. Mr. Hall said tonight he expects to invite again the three officials who sat with the committee last winter, namely: Dr. E. J. O'Brien of Tufts, Walter Eckersall of Chicago, and Walter R. Okeson of Lehigh.

"This will enable the committee to get the benefit of all points of view," Mr. Hall explained. "The coaches felt that they should have representatives of their own choosing and, on my own authority, I issued the invitation to them. I believe the cmmittee will back me up. Of course these special representatives will have no actual vote in our devisions."

So far as the rules are concerned, the coaches do not altogether agree with the "stand pat" attitude of Mr. Hall, whose report yesterday stressed the rules' committee's satisfaction with the present code and opposition to any further changes of importance. However, in recommending a return to the 1926 rules governing the lateral pass and muffed punt, the coaches acted more in a desire to eliminate confusion over these rules than because of any decided opposition to the changes themselves.

It was only after a sharp and prolonged debate, however, that the association decided to recommend these two changes. he vote to remove the new fredam given to use of the lateral pass was 56 to 16 but on the muffed punt rule it was much closer, 37 to 35. Muffed punts this year, have been declared dead at the point of recovery but the coaches want a return to the method permitting a player to run with a recovered punt.

The fight for these changes was led by Knute Rockne, chairman of the coaches' committee on rules, who declared himself opposed to Mr. Hall's idea that the game's code has "crystallized" in its present form. The "stand patters" were led by E. E. Wymand and Fielding H. Yost, of Michigan and Robert C. Zuppke of Illinois.

Outside of these two points however the coaches put their stamp of approval, after a season's trial on the 1927 changes in the gridiron ules. Including the one-second stop for the shift and the removal of the goal posts to their new position, ten yards behind the goal line.

BALTIC INDEPENDENTS WIN FROM WESTERLY COLLEGIANS

The Baltic Independents disposed of the Westerly Collegians in rather easy fashion Friday evening at the Baltic gym, winning by a 45 to 29 score.

The winners led practically all the way and at half time had a margin of 21 to 13. Wilcox and Burr were high scorers for Baltic while Killiam was top point-getter for Westerly.

In the preliminary, the Baltic Maroons defeated Willington, 17 to 13.

Next Friday evening the Plainfield Buddies play the Independents at Baltic and in the preliminary, the Maroons will meet the Taftville Whirlwinds.

Endees Beat New Britain.

NEW BRITAIN, Dec. 30.—(AP)—The Meriden Endees virtually wrecked New Britain's hopes for the state league basketball championship tonight by inflicting a 23 to 24 defeat. Meriden had an 18 to 15 lead at half time and held it through a second half that was replete with fine defensive work.

PENN AND CALIFORNIA CLASH AT BERKELEY TODAY

BERKELEY, Calif., Dec. 30.—(AP)—Pennsylvania and California, friendly gridiron rivals since the first day of 1925, will renew football relations here tomorrow in a game expecte dto furnish a fair test between eastern and western styles of play.

Under favorable weather conditions 50,000 or more persons are expected to see the big university elevens clash in Memorial staduim where three years ago California's Bears humbled the Pennsylvania Quakers 14-0.

The game also will be the occasion for paying homage to Andrew Latham Smith, California's famed coach who died in the latter part of 1925. Smith was an alumnus and former coach of Pennsylvania and alumni and members of the eastern school will join in dedicating a memorial bench to the former football leader. Representing Pennsylvania will be the same team that defeated Harvard, Columbia and Cornell in impressive fashion during the regular season while California's eleven will differ but little from the squad that carried the Blue and Gold colors in 1927 campaign. Both teams finished long training spells with brief exercises today while Coaches Lou Young, Pennsylvania, and "Nibs" Price, California, announced that the players are in mid-season form.

A wide open, passing game is looked for from both sides. Pennsylvania features an aerial attack while California has been drilled steadily in this style of play since the regular season closed.

The Bears will have considerable weight advantage over the eastern invaders averaging 186 pounds to the man against 175 pounds for Pennsylvania.

HOCKEY DIFFICULTIES ARE SETTLED AT CONFERENCE

BOSTON, Dec. 30.—(AP)—War in the hockey world between the National league and the American Hockey league, Inc., formerly the Canadian-American, seemed to have been averted for the present afte ran amicable conference today btween President Charles F. Adams, of the Boston National league club and Morris Podoloff, owner of the New Haven American league team, on the status of Leland "Hago" Harrington.

Harrington, an alleged Boston reserve player farmed to the New Haven club, precipitated talk of an inter-league hockey was recently by declining to heed a Boston recall order and continuing to play with New Haven. President Podoloff, who came to Boston on advice of President Frank Calder, of the National league pointed out that Harrington's status was considered differently in New Haven and President Adams agreed to take no further action toward the sale of the disputed player, until a conference with his manager, Art Ross, on the latter's return from Toronto

Both club owners plan to meet again next week for a final conference on the case and both expressed the belief that the matter could be settled in a friendly manner without involving league officials in the affair. President Adams consented to allow Harrington to represent New Haven in its game against Philadelphia on Sunday.

PITTSBURGH FAVORED TO WIN OVER STANFORD

PASADENA, Calif., Dec. 30.—(AP)—Stanford university's football squad, 35 strong, and in prime condition, went through a snappy drill of the Rose bowl gridiron shortly after their arrival today in preparation for their game with the Pittsburgh Panthers next Monday.

"Pop" Warner, veteran Stanford coach, said that his men were nearer to perfect condition than at any time during the season just closed.

"We realize that we are not the favorites in the coming battle," said Captain Hal McCreery, "and I believe that this fact will have a beneficial effect on the team."

Tournament of Roses officials, under whose auspices Monday's game will be played, prominent Stanford alumni, and Laura La Plante, screen star chosen as mascot of the Cardinals, headed the reception committee who met the Cardinals at the railroad station.

Coach J. B. Sutherland and his squad of 34 Panthers from Pittsburgh are due here tomorrow morning. It is expected the easterners will work out at the Rose bowl in the faternoon after Stanford finishes a light practice.

Sight of the sun, blanketed by clouds for several days, and the arrival of the Cardinals put new vigor into the ticket sale.

Y OUTLAWS-RED MEN GAME HAS BEEN CANCELLED AGAIN

In all probability there will be no game at the Y gym this evening, and that also goes for the city. The Y Outlaws-Willimantic Red Men game was called off Friday because of a disagreement in guarantee and although efforts are being made for a substitute, it appeared practically certain that local fandom would again be without a game for the week-end.

The Y Emps attempted to get a team from Torrington here for the occasion, but up to late Friday evening it appeared that this tilt would also fall through.

MARYLAND RACING PATRONS PAY $54,794,707 IN 1927

BALTIMORE, Dec. 30.—(AP)—Racing patrons at the four major tracks in Maryland paid $54,794,707 into pari-mutuel machines during 1927, it was announced today by the state racing commission.

Not all of this sum, however, came back to the winners at the tracks, it was said, for more than $3,000,000 was retained by the tracks as commission and "breakage."

The state netted $634,112 from taxes and fees collected from the four tracks.

EIGHT KNOCKOUTS IN NINE BOUTS ON PASTIME A. C. AMATEUR CARD

The Pastime A. C.'s card of boxing at the Olympic hall tonight set a new mark for the number of knockouts, each bout ending in either a technical K. O. or a genuine one.

Young Brown, a dusky battler of Willimantic, started like a whirlwind against Young Jannis of New London. Brown landed some hard wallops, but Jannis fought back every inch of the way, and in the second round after a relentless attack, crossed a right to the Willimantic boy's jaw and down and out he went for the first K. O. of the evening. Brown weighed 142 and Jannis three pounds more.

The second bout was a poor match between Steve Polinsky, of Colchester, and Young Butus, of Westerly. The hard-hitting Colchester lad completely outclassed his opponent and made short work of him with two blows to the wind in the first minute of the first round. Both boys weighed 134.

Busch Wins Over Westerly Lad.

The third bout introduced Frankie Busch's kid brother, Eddie, to the boxing ranks and he showed up very well in his bout with Kid Phillips, of Westerly. The bout started off at a fast pace, both driving home hard wallops. Busch plied up a slight lead with a left jab in the first. In the second round both boys tired, after hitting each other with all they had. In the last minute of fighting in this round, Eddie caught the Westerly Kid with a right, flush on the jaw, and he went down for the count. Eddie weighed 168 and Phillips 166.

Boots Larry had a tough time trying to get home his K. O. punch on Young Rida, of Westerly. Rida did his best to keep away and succeeded pretty well until the second round when the local boy started hammering him unmercifully and the referee stepped in and awarded the bout to Boots. They both weighed 122 pounds.

Bobby Burns, of Westerly, won on a knockout from Young Wallace, of Colchester. Wallace was holding his own with his man who kept swinging hard rights to the stomach. In a mixup, Wallace went down in distress and his seconds called foul, but the referee awarded the fight to Burns. Burns weighed 114 and Wallace 116.

Young West, a local colored boy, won and lost his fight with Young Carpenter, of Willimantic, in the first round. West went after his man with a vengeance and after knocking him down continued to hit him, the referee giving the fight to Carpenter on a foul. West weighed 158 against 168 of his opponent.

Robbins Shows Promise.

The seventh go looked for a while like Al Carpenter, 180 pounds, of Norwich, was going to make short work of Young Robbins, a big 190-pound bog. But Robbins bided his time, took a couple blows to get one in, and finally crossed a right and left to the dusky boy's jaw, which sent him half through the ropes to be counted out. Robbins is matched to fight Big Boy Burlap at the next card and what a battle that will be.

Young Greveling, a fast boy from Moosup, gave Mickey Casey, of Willimantic, a beating and had him on the verge of a knockout when the referee stepped in to save the Irish boy a further beating. In the first round. Mickey fought his best, but Greveling was too smart for him. The former weighed 145 and the latter one pound less.

The final bout brought together Young Jennis, of New London, 131 pounds, and Young Bogash, of Danielson, 130 pounds. Jennis, a fast lad, completely outclassed Bogash from the start and it was only a matter of time before the Danielson lad would go via the K. O. route. The towel saved him from going down in the second, completing the eighth K. O. on the card.

Danny Doyle of New London refereed in his usual brilliant style, as did also Young Rossi, and Dr. Sussler and Mr. Levin had the very easy job of judging. The position announcing was evenly distributed between Messrs. Callahan, Murrello and Harold Plimpton, of Westerly, the youngest professional fight announcer in the world. Jack Carney officiated as time keeper.

MUCH INTEREST IN ACADEMY ALL-HELLER GAME MONDAY

Final arrangements will be made by the Academy Independents today for the All-Heller invasion Monday afternoon at the Y gym. The locals have been through several scrimmages in preparation for the noted quintet from Willimantic and they expect to be in very good condition for their opener.

Four of the Red and Whitesters who take the floor Monday will be veterans of a hard campaign in 1926-27 and no doubt their experience will come in very handy and they should be better able to handle the brother act Monday than was the case last New Year's day when the Heller soundly trounced the locals.

From Willimantic a large delegation of rooters will accompany the team on the invasion. Max and Sam will be stationed at the forward posts; Abe at center and Hymie and Harry at the guard berths. Eddie Nichols, all-state scholastic forward last year, will be held in reserve. Yesterday afternoon at the armory, the brothers indulged in a strenuous afternoon of practice in anticipation of a hard-fought encounter.

It looks like an interesting session.

NODOUBLE TRACK MEET AT THE BOSTON ARENA

CAMBRIDGE, Mass., Dec. 30.—(AP)—Prospects of a double header indoor track meet here on Washington's birthday went by the board today with the announcement from the Harvard Athletic association offices that the date and location of the annual Harvard-Dartmouth-Cornell triangular meet has been changed.

The meet originally was scheduled for the evening of February 22 in the Commonwealth armory, where the annual Massachusetts department, American Legion indoor games will be held during the holiday afternoon. Greater expenditures necessitated by the armory location forced the colleges to seek another field, however, and according to word received here today from New York the meet will be transferred to the Boston arena and staged on Saturday, February 25.

SLATTERY-ROSENBLOOM GO CANCELLED BY COMMISSIONER

DETROIT, Dec. 30.—(AP)—A proposed boxing contest here Jan. 3, between Jimmy Slattery, of Buffalo, and Maxie Rosenbloom, New York, light heavyweights, was ordered cancelled today by Boxing Commissioner C. M. Hall.

Commissioner Hall held that the bout was likely to prove uninteresting from the spectators' viewpoint, inasmuch as the men have fought three times previously, Slattery winning on each occasion.

STONEHAM ELECTED AN OFFICER OF HOCKEY LEAGUE

BOSTON, Dec. 30.—(AP)—Charles A. Stoneham, president of the New York Giants and owner of the New York Nationals soccer club, was elected vice president of the American Soccer league at a meeting of that organization in New York, according to an announcement from the league headquarters here today.

Dates for the first round of the American Soccer league cup competition also were announced as January 21 and 22 with the following teams paired in the draw: Boston and Brooklyn, New Bedford and Providence, J. and P. Coates and Fall River, Bethlehem and New York Nationals, New York Giants and Newark. Cup competition in the American league will be on a home and home basis in each of the rounds, it was decided.

RENAISSANCE FIVE PRAISED BY MANY NOTED EXPERTS

That the Renaissance Big Five of New York city, world's colored champions, which plays the Plainfield Pros next Wednesday evening at Plainfield is an extraordinary bunch of basketball performers is evidenced by the many tributes accorded them by writers, officials and opponents wherever they play.

In all probability, they will have all regulars in action for next week's game and if they do eastern Connecticut fandom is due for a real evening.

Irvin Out of Danger.

CHICAGO, Dec. 30.—(AP)—Dick Irvin, captain and star forward of the Chicago Black Hawks of the National Hockey league, was declared out of danger today and well on the way toward recovery from a slight skull fracture.

BASKETBALL BRIEFS

The Y Emps finally came to the end of the victory road. They had won 20 straight in two seasons play before losing to the New Britain Phantoms Thursday.

Danielson is back on the winning side again, but in meeting the Clinton Germans and the Taftville Crescents within the next ten days they will have something on their hands to stay there.

For another Saturday Norwich has to go without a basketball game. The Y Outlaws and Willimantic Red Men had trouble on the money question and —there will be no game. This is the second postponement in as many weeks between these two teams. Maybe they will meet some day, who knows?

The Hardware City boys looked just about the class of anything in their line that has happened around here this year. They showed the effect of real teamwork.

However, they have another chance at the state junior champs next Thursday at the Y and it may be different.

However, Billy Schofield will be back after the vacation and he will, no doubt, help a lot.

The two major games of the coming week can be classed as All-Heller-Academy Independents on Monday and Plainfield Pros-Renaissance on Wednesday. Yes, there will be others, too!

It isn't very often that things come about as they did in the Danielson-Emmett Guards game the other night when every member of the Danielson team scored at least once both on field goals and from the free throw line.

The Renaissance Five that comes to Plainfield next week plays an average of eight games a week, this club being heavily booked in all sections of the East.

The Taftville Crescents tackle an unknown quantity in the Hartford Aetna Five Monday evening at Parish hall.

There ought to be a large turnout Monday afternoon at the Y for Norwich's first real major basketball tilt of the season—the Academy Independents-All Heller game.

Passing Sports Show of 1927

CANZONERI SOUNDLY WHIPS TAYLOR

NEW YORK, Dec. 30.—(AP)—Tony Canzoneri, brilliant New York youngster, stepped out as a full-fledged featherweight tonight and soundly whipped Bud Taylor, his outstanding rival from Terre Haute, Ind., in a ten-round bout here tonight.

Along with victory to Canzoneri came recognition from the New York state athletic commission as the leader of the world's 126 pounders. Rurning his campaign as a bantamweight, Tony fought a draw and lost a decision to the blonde terror from Terre Haute, but tonight with five pounds added to his weight, Canzoneri proved as far the better man.

Only in the first round and again in the seventh did Taylor's solid left hook to the body cause Tony serious trouble. In both rounds, Bud smashed the New York Italian solidly with both hands and forced him to give ground. Canzoneri was reeling at the close of the seventh stanza.

In the remainder of the rounds, Tony stabbed Tayler repeatedly with clean lefts to the head, danced around him in tantalizing fashion and smashed home right hooks to the head and body wherever the opportunity offered.

Bud fought back in gallant fashion, smiled like an indulgent father whenever Tony cuffed him particularly hard, and fought a game, clean, but losing battle.

Ringside critics gave Canboneri an edge in seven rounds, Taylor two, with one even. Over 12,000 jammed into the big Madison Square Garden arena for the meeting. The weights were Taylor 121 1-2; Canzoneri 126 1-2.

Whippet will be the most valuable car ever offered for so little money

John N. Willys
President, The Willys-Overland Company

AFTER months of preparation, we are ready to present the perfected Whippet for 1928.

You will be satisfied and delighted with every detail of its equipment and performance. You will be amazed when you learn how low is the price. For Willys-Overland resources and equipment are now such that no car of equal quality can be built and sold at a lower price.

Engineering Leadership

Present light car standards are a tribute to the pioneering the Whippet has done. Four-wheel brakes—lower center of gravity—greater economy—greater roominess—quieter engines—faster speed and pick-up—greater beauty—no one today would think of buying a car that had not made these advances.

Many Added Features

Among the many things you will like in the 1928 Whippet are improved bodies in a wide variety of beautiful colors, and fitted with cadet-type visor, full crown fenders, an engine that doubles its rated horse-power, full pressure lubrication, silent timing chain, gasoline tank in rear, long, semi-elliptic springs, oversize balloon tires and snubbers, an adjustable steering wheel, automatic windshield wiper, rear view mirror and stop light.

Remarkable Records

Owners have driven and tested the Whippet for more than five hundred million miles. It has established record after record in proof of its superiority. It holds the A. A. A. Coast-to-Coast economy record, averaging 43.28 miles to the gallon. It set a record of 71.6 miles an hour in a speed test on Rockingham Park Speedway. It accelerates from 5 to 30 miles in 11.5 seconds; turns in a 17-foot radius, and parks in 14 feet of curb space.

We suggest you see the Whippet and get the new price next Friday.

SOCIAL CORNER POETRY

After Christmas

By Margaret Sangster

Tissue paper on the floor,
Wilted wreaths above the door—
Ribbon lying in a tangle,
Chaos seen from every angle.

Candles dropping on the tree,
Not so lovely, now, to see!
Turkey bones, and half-eaten cakes,
Childish sobs and tummy aches.

Greetings we did not remember—
(We'll forget, too, next December!)
Broken toys and tarnished cheer—
Christmas over for a year!

Be Careful

I like the good old Golden Rule,
Its good for every day.
It means the same for sage or fool—
Be careful what you say.

Words have strong wings; they fly afar,
Both solemn ones and gay,
Look up above and 'neath each star—
Be careful what you say.

Sometimes in jest or earnest truth
Some unkind words hold sway,
And so it's well for sire and youth
To care for what they say.

Words call out thoughts, some kindly words
May clear the clouds away
And bring the sunshine full of peace—
Be careful what you say.

Moods

Comes a time, now and then,
When I like my fellow men
Good and bad altogether
Rich and poor, high and low.
When it seems as if they had
Nothing in them very bad,
But were like a field of daisies
Good to see and good to know.

And on happy days like that
I can stop awhile and chat
With the tramp upon the highway,
Or the boy upon the street,
Then it somehow seems to me
Good is all I can see
And there's nothing much the matter
With the people that I meet.

But come other mornings when
I am sick and tired of men,
There are some that irritate me
There are some I can't abide,
For their faults are all so plain,
Some so greedy are for gain
That the thoughts I think about them
Get me all wrought up inside.

Now I think I've worked it out,
People everywhere about
Seems to show upon their features
Just the things I look to see,
When I have a cheerful mind
Good is all I can find,
When I'm bitter and complaining,
Praps the fault is all in me.

Peace To Our Native Land

God bless our native land!
Firm may she ever stand
Through storm and night;
When the wild tempests rave
Ruler of wind and wave
Thou wert art strong to save
Be thou her might!
May all her pathways be
Highways of Liberty
From shore to shore.
Justice sit throned in her,
Truth rise new—crowned in her,
Good will abound in her
For evermore!
For her ching our prayer shall be
Our father's God to Thee,
On whom we wait.
Be her walls, holiness;
Her rulers, righteousness;
In all her homes be peace,
God save the State!
Not for this land alone,
But be God's mercies shown
From shore to shore;
From shore to shore;
And may the nations see
That men should brothers be
And form one family
The wide world o'er.

One by One

One by one the sands are flowing,
One by one the moments fall;
Some are coming, some are going;
Do not strive to catch them all.

One by one thy duties wait thee;
Let thy whole strength go to each;
Let no future dreams elate thee;
Learn thou first what these can teach.

One by one (bright gifts from heaven)
Joys are sent thee here below;
Take them readily when given—
Ready, too, to let them go.

One by one thy griefs shall meet thee;
Do not meet an armed band;
One will fade as others greet thee—
Shadows passing through the land.

Do not laugh at life's long sorrow;
See how small each moment's pain;
God will help thee for tomorrow;
Every day begin again.

Every hour, that fleets so slowly,
Has its task to do or bear;
Luminous the crown, and holy,
If thou set each gem with care.

Hours are golden links—God's token
Reaching heaven; but one by one,
Take them, lest the chain be broken
Ere thy pilgrimage be done.

WHY CRITICIZE OTHERS.

Dear Editor and Members of the Corner: You know one of the wise men of the country has said, "When I am angry with myself or at myself, I criticize others." And I have wondered why. I have found the reason.

SOCIAL CORNER EVENTS

Jan. 4—Club No. 5 meets in Buckingham Memorial.

Jan. 11—Club No. 1 meets in chamber of commerce hall, Willimantic.

I was reading The Boys' World, where it said: "We are very likely to feel that criticism indicates a feeling of superiority, but I really think it also creates a feeling of dissatisfaction with one's self. Many men and women whose self-respect and self-confidence are threatened, try to regain them by savage criticism of others. By focusing their attention on the faults and failings of somebody else, they succeed in forgetting their own, while the assumption of the reasonsibilities of critic helps to restore the endangered self-esteem. When you hear somebody railing at our public men denouncing our capitalists, and sneering at our philanthropists, do not be so foolish as to suppose he feels himself superior to those he denounces.

I have thought when I hear of one man denouncing another in the same walk in life he is talking. I always think of a great man in Chicago who wrote, that you never hear of a party throwing bricks at a rat when he is in a hole.

Anyone can pay an enemy back in like coin, but trying to be as mean to another as he may be to you is highly ineffectual. It does not hurt your enemy as much as it harms you. A. C. Hoffman says, The best way to get the best of an enemy is to learn something from him. Now if you are bent on getting even with some one who has not treated you right or to your liking try this method. If perchance, you should learn that they are not such bad people after all, then you have, indeed, learned something after all, really have learned something of real value from him.

Never mind unpleasant remarks just think of it back end to. Be like the boy who, when told he did not have sense enough to get mad, replied with a laugh that he always took such remarks back end to; that he interpreted such taunts to mean that it was nonsense to get angry and insisted he always tried to use good sense. Think how many twitting remarks can be forgotten or remembered "back end to" with great success. "I hate you" would mean that you were important enough to be noticed and worth the time to be hated.

If you think carefully you can change every hurling remark into a stimulant and you will get farther without the hurts than you will if you see and take all the slights and criticising remarks that justify yourself or your actions according to them.

If you wish to care for your fur on your coat, comb it with an ordinary comb and place it in the window in the sun.

I will answer all the Social Corner members who wrote me in time. Of course those who just sent the pen name I will strive to answer through the corner. I want to send a most thankful acknowledgment to all those who wrote that I had forwarded through the Corner excellent service. It was so splendid in you all to write me, for I sometimes thought perhaps my letters weren't read. To the outsiders or just readers of the Corner I am deeply indebted to for the nice favors and gifts received. I know not how to express my grateful thanks for what was done for me, I feel that I do not merit it.

I also express thanks to the Corner member who sent me that loaf of angel cake. It was delicious and was so attractive. I do not know your pen name but I do know your cake for I know there was certainly 10 eggs in it.

To the sisters who mailed me the handkerchiefs I am deeply indebted to them. There are only two of whom I have the address.

Anne R.: I received your letter or card and I have written but failed to find your address. Will send recipe as soon as I find address.

Wishing you all a happy New Year I remain as ever

GUESS WHO.

GREETINGS FROM THISTLE

Dear Editor of Social Corner and Friends: I do enjoy reading your letters very much so thought I would send in one also. I had a very pleasant Christmas and had a good many Christmas cards and a number of other gifts. I wish to thank Sister Juniper for a beautiful card and a big pink rose and should be pleased to see a letter from her in the Social Corner. I did enjoy the one great gift that was given to us all Christmas day, that was the beautiful sunshine. It visited the sick room with joy and cheer and other pleasure with gladness and as we soon are to begin the new year I wish each and every one a happy and prosperous one and to the sick may peace and comfort be with them.

THISTLE.

THE MOST BEAUTIFUL THING IN THE WORLD

Dear Social Corner Editor and Readers of the Corner: No page is big enough to hold the memory of the most beautiful things in a life time. They have all been written in that biggest of all books, the Bible, and few of us have reached them.

After all, what are the most beautiful things in the world? To a woman, the most beautiful thing is the thought of it, most women live in constant aspiration.

There is no intermediate course for the woman who seeks the most beautiful things in the world. No matter how hard she may look for them on the ground she walks, she will not find them there because they are not material, they are in her thoughts, in the friendships of her heart, in the companions of her mind.

I still remember what I hoped for when I was a child, a girl of four, a silent rather stupid little dreamer. The thing that seemed to me then the most beautiful in the world, was to be an actress greater than Bernhardt, Duse, Ellen Terry—all in one. It was gloriously impossible, a fancy of childhood but a beautiful thing to me.

One of the most beautiful things in the world is mother-love.

What woman has failed to find beauty in the mere thought of motherhood.

I think music is one of the most beautiful things in the world. It uplifts our feelings from mere transient emotions. Music is indescribably inspiring to those who hear it. It is the prevailing influence for beauty in thought, and it never loses that influence; it lasts to the end of life.

My brother who played in the theatre in Germany—it was the music that kept him up in the World war. He enlisted as a player of piano and he had plenty of opportunities to show them what he could do. We have hand bills that were published or printed in Germany and his name in great large red letters show his capability as touching the ivories. I do love to hear him play. His time is perfect, he is certainly wonderful, and one thing I know he loves to give others the substance of his aspirations. He gives the most, the best, the finest that is in him to others, and to be able to do this as a teacher and player—to me is the most beautiful thing in the world.

ETHELYN.

GREETINGS FROM L. T. H.

King Editor and Social Corner Friends: A merry Christmas to you all, and many thanks to the Corner members who sent me Christmas presents and nice cheery Christmas cards. I was surely surprised to receive so many with all kind thoughts and good wishes for a merry Christmas and a happy New Year. I expect Violet and her boys here, but on account of an accident to one of the boys at school, it stopped their coming. But I don't mind if the boy's eye only comes along all right. They can come another time.

Aries: Your letter was fine and many thanks for contents.

Cecil Bruner: Many thanks for Christmas surprise.

Crimson Rambler: I thank you for greetings and surprise the 25th. Ha ha, you were foxy, but thank you.

I'd thank a lot more but don't know their pen names.

M. B.: The cards and presents are appreciated more than I can tell you. I would love to come and see you but don't see how I can. Days are too short to do much but chores, and say nothing and saw wood. If you were here I would show you how. Ha ha, wouldn't I love to see you chop down a tree. We would have to take a lunch with us, ham sandwiches, I guess. Ham cooked in fireless cooker is nice for sandwiches. Who guessed right on contents of package you wrote me about. Ha ha. I would loved to have seen you guessing. I had to wait until 25th too, on some.

J. E. T.: I had to read your corner letter over twice to be sure it was you who wrote it. Long time since I heard from you in Corner, or any way.

Just: I have not got your address yet, but all good things come to those that wait, you know. Please don't forget to write to Corner, will you? What a lovely Christmas day! How many sent out a silent prayer for the loved ones left saddened by the terrible death of those 6 men in the submarine? How sad! If for one did for I had prayed to God they might be saved. Let us hope something can be invented so that such a thing may never happen again.

Aunt Hester: Where are you, or have you changed your pen name? My address is the same. I wrote last I would like to see you so much.

Kitty: You certainly surpassed us all after moving away. How is little Kitty. Hope to see her some day.

I hope the sick and shut ins are better, and wish you all happy and prosperous New Year, and hope to see letters from some of our old writers that have been absent from Corner so long.

WHAT KEROSENE WILL DO

Dear Social Corner Sisters: Kerosene will clean your hands better than anything else after blacking a range or stove. Pour a little in the water, wash your hands in it then plenty of soap and use a stiff nail brush. Finish by rubbing the hands with lemon and glycerine. When your kitchen sink is rusty rub it over with kerosene.

Squeaky shoes are cured by dipping the soles in kerosene. Use enough to reach top of the soles with out reaching the upper leather.

The white spots appearing in the spring on the lining of your refrigerator will disappear if you rub the zinc with kerosene. Leave the refrigerator open several hours, then wash with water soap and some ammonia. The refrigerator will then be clean and sweet, all spots will have disappeared.

A spoonful of kerosene added to a kettle of very hot water will make windows, looking glasses and picture glasses bright and clear. Use a small clean cloth, wring it dry and rub it over the glass after wiping down the frame work with an oiled cloth. Then proceed to the next window and treat it similarly on both sides. After that go back to the first one and wipe it dry with a large clean cloth. No real polishing is required and the window or glass will look clean and shiny.

Christmas has come and gone and each one I know has received her share of Christmas presents and now for the New Year which we all know will soon be here for us all to start right.

You are right, Joan. I feel as though I was related to you. I am sending you a New Year's card; also may you all have a Very Happy New Year.

MOTHER PRESTON.

HAIL AND FAREWELL

Dear Editor and Members of the Social Corner: The last days of 1927 are at hand and when this letter is read the last day of the year will have come. As we look back over the 12 months past it is with mingled emotions for we find joys and sorrows very closely intertwined. During these months some have won fame by noble achievement. Our Lindbergh, the Columbus of the air, is among these outstanding ones and all are justly proud of him. The world is the better for his clear young life. But to many this same year has brought deepest shame. Their names are on the front page of the newspapers and the world is but the more lost for their being in it. Some have reached the goal they have been seeking for many a year and have at last won recognition in the field of art, or music or science. Others no less worthy have wrought faithfully but fruitlessly, perhaps their reward may come in the year ahead. Some, like Lindbergh, have won the victor's prize, while others have gone down to use no more. Those who have given their lives where duty called, have not died in vain. There are many whose lives have been nobly consecrated to lending a hand to the unfortunate and their example should be an incentive to us to do likewise and to take a stand for the right wherever we may be. But, alas, there is also a mighty host who in the last year have brought tragic things to pass, have ruined their own lives and brought suffering and despair to the innocent. Our newspapers show us how large a number of such there are today. So, as we review the year, 1927, we find things to censure, things to praise. While we know that the spirit of Jesus has been much abroad as evidenced by the prompt response to the call for aid for sufferers from fire or flood or famine yet we can but be saddened at the mighty wave of crime that seems to mount higher and higher. More of good is needed to surmount the powers of evil. Many have done well but if progress is to be made we must do even better and be more alert as the days go by, each in his own small corner. We say farewell to 1927, with thankfulness that so much that was ennobling existed during its course and we welcome the new year with a prayer that it may be the biggest year of service to humanity that the world has ever known. May our Corner contribute its share of uplift and continue to scatter seeds of kindness all along the way. May it indeed be a wonderful year for us all.

EVELINE BURR.

THE OLD YEAR AND THE NEW

Dear Social Corner Sisters: Has this year been a disappointment to you? Has your achievement fallen short of your expectation? Oh, doubtless you wanted more than God thought was best for you. Perhaps you were too ambitious. You may have been ambitious in the wrong direction and although you have prayed earnestly and labored faithfully to obtain your heart's desire it may be He has withheld it from you in loving kindness knowing just what was best for you. O, friend, be patient! Go on in the path of duty and may God watch over and bless you and crown you at last among his chosen ones who are found worthy in His sight!

Dear heart the year's last day has dawned for you and me. Oh, memory walks with us. We take a backward look and ask ourselves in earnest quest "How have I spent the year, the year that with coming night must die?" How sweet our blessings all have been! What ever grief or pain or tears have shadowed days that we have lived, above us God has set His law of promise in the bending skies and thankfully we review the past exclaiming God is just and wise and good; His hand hath led us all the year! Oh may your years flow sweetly on and each be better than the last until the Master gathers home to Heaven the eternal years and may the New Year dawn in peace and bring its blessings and good cheer and in its dawn may brighten hopes and sweeter joys be stored away to gladden you the whole year through!

Let the New Year bring what it will, O friend, Nothing have we to fear. The past it was good. Let the good past lend the future its glow and cheer. Patient to suffer or brave to do, what can we have to fear? Old years are His and His the new, He can make it a glad New Year.

I wish you not only a happy New Year, but a happy Eternity.

PAULA

A NEW YEAR RESCLUTION

Dear Editor and Friends: Well the new year is almost here. How many new resolutions will be made and how many will be broken! The best one that I know is to give every one we meet a bright smile, a hearty shake of the hand and a few bright jolly encouraging words. It lightens many a heavy load and it costs you nothing. I know from experience that a few pleasant words and a bright smile of a true friend goes a long way. It gives one a lot of encouragement to endure their hard lot. I went into a store the other day. The man passed through. Several people came up to me with hand extended and a bright smile on their faces and gave me some very pleasant words. They gave me a lot of encouragement. I went to another place and met some old friends and schoolmates. Well I came home feeling a whole lot better so I shall make it my resolution for the coming year to give a smile and kind words to all I meet. That is all I can do—give them my heart's best wishes and with God's help may I encourage some one that is feeling downcast and blue. A few kind words, a kind friendly smile, a hearty hand shake and good wishes go a long way.

Kochia: I hope Santa filled both of your stockings. Hope you and your ma had a fine Christmas.

Peter Prose: How are you? I hope you did not eat any more olives.

Kansas Lily: Many thanks for the gift, it is so nice, and I thank all who sent me cards and gifts.

Rural Delivery: The old fashioned verse on your card was just fine.

Aries: I will try and answer your dear letter soon. Hope you are feeling fine.

Rural Aunty: Wish you and I could go where the orange blossoms are growing this winter.

Cactus Blossom: Am so sorry about those sweet potatoes, but you were lucky to have that many left to see how they were. Don't get discouraged, better luck next time.

Wishing the editor and all the friends the best wishes and with God's help may you have the best of luck the coming year.

A VERY PLEASANT CHRISTMAS

Dear Sisters of the Social Corner: It is some time since I wrote, so thought I would write again. I hope you all had as pleasant a Christmas as I did. I received cards from old friends, besides several useful gifts. The weather was perfect and the ground bare which pleased me better than if it had been covered with snow. All the family was in comfortable health, able to go to church; the decorations were beautiful the music lovely and a sermon from our good pastor full of truths, instructions and anecdotes which should help us to make the world better and carry the practice of the Golden Rule in our daily life. The best of all was the fact we were celebrating the birth of the best friend ever, Jesus our blessed Saviour. I hope all the sisters know by experience how He makes every joy sweeter as well as all trouble lighter and easier to bear.

Aunt Jerusha: I was pleased to read your letter recently. Are you piecing quilts this winter? Where did you spend Christmas?

My eyes are getting tired so I will close by wishing you all a very happy New Year.

VARIOUS WAYS TO COOK OYSTERS

Dear Sisters of the Social Corner: Only a few remaining days and we are entering upon a new year; the past shall be history to us, with the future unknown. As we review the past 12 months we can count our pleasures and the dark days, like a game of checkers, that is to say, we did not know what the next move would be.

To those who enjoy a good oyster stew, must realize the season of this shell-fish occurs in those months, where the letter "r" appears. There are so many ways of cooking and serving oysters, that it would seem everybody's taste might be satisfied. There are some who do not care for oysters, but perhaps it may be, just the right method has not reached the appetite. Just a few different ways of serving oysters, I will jot down.

Plain Oyster Stew: Put a quart of water, or milk or half and half into a kettle and let come to a boiling heat. Put in a pint of oysters and allow to stay just long enough to reach the boiling point again. Then add a little salt, but not butter until served individually. The small oyster crackers added to the broth, with perhaps a little dash of pepper, makes this style of oyster serving complete.

Fried Oysters: Prepare a dish of cracker dust, any kind of crackers crushed by rolling pin. Take only large oysters one at a time, held by a fork, dip into a bowl of beaten egg, then into the cracker dust. Have a frying pan with plenty of smoking hot melted lard and fry oysters in this. It requires only about three minutes to fry on both sides. Fried oysters are considered very rich in taste and very hearty. They serve well with mashed cream potato.

Oyster Fritters: Drain off liquor, boil and to a cupful add a cup of milk, two eggs, salt and pepper, flour enough to make a thick batter. Have hot lard or beef drippings ready in a kettle, drop the batter into it, with a large spoon, taking up one oyster for each spoonful. This requires large oysters.

Oyster Pie: Line a deep pie dish with puff-paste, same as biscuit dough and sprinkle flour and pour in a pint of oysters, season well with bits of butter, salt and pepper, and sprinkle flour over, pour on some of the oyster liquor, and cover with a crust having an opening in center to allow steam to escape.

Escalloped Oysters: Take crushed crackers, not too fine, drain liquor from a pint of oysters. Butter a deep dish or pan, cover the bottom with crackers, put in a layer of oysters, seasoned with salt, pepper and bits of butter, then another layer of crackers then oysters, finishing with oysters on top. Pour over the whole, the liquor added to a pint of hot milk, place in a hot oven to bake, about half an hour. Boiled macaroni may be used instead of cracker-crumbs.

Broiled Oysters: Take large oysters, and drain. Put an iron bake pan on stove with tablespoon of butter. Let the stove be hot. Put in the oysters, and remain a few minutes, till they curl around the edges. In a covered dish put one cup of butter and one tablespoon of Worcestershire sauce. Pour oysters onto butter, cover tight and serve at once.

Hoping all may have a happy and prosperous new year.

BETTER RESULTS

Dear Social Corner Friends: Our slogan for next year's work: Better Results.

President Faunce has said "I look forward to the day when war will take its place with the duel, once considered the only method of maintaining honor, now laughed out of existence as absurd."

Sometimes our ignorant way of ruining perfectly normal, bright capable children will be laughed out of existence as too absurd also.

If we use the best way it will bring good results, it will bring success.

A child must not be allowed to form and use just a few behavior patterns—he must be taught all the ideas and have the chance to use them all, and be trained to change his ideas and habits with changed conditions in his life.

Teach the child to write out each idea and the reasons why and why not he should use each one.

We see so many needless accidents and so many crimes caused by lack of responsibility and lack of thoroughness; the fault of the lack of proper development and teaching in childhood.

The youngest infant is beginning to form ideas that he will always use. See that he learns to respect the rights of others; to be entitled to the respect of everyone; to be thorough; to be sure, to be kind, and to do so that he will get good results. Many thanks for all the fine ideas and many helps from all the writers and hoping the Corner Page for next year will be the best we have ever had. A Happy New Year to the editor and each of the Corner members.

MARJORY.

A YEAR OF NEW FRIENDS

Dear Corner Editor and Sisters: The year is nearly gone and my plans to write and 'et you know I am still among you, have at last matured. Am going to act at once for fear, if I do not, my name may be dropped.

I saw once where I had a twin "Why Worry," but she evidently decided to for I do not remember of reading but one of her letters.

What has the year of 1927 brought to you? To me it has brought a host of new friends. They are mostly types contrary to one another and new also to me. I think as a rule we instantly compare the stranger with some one we have known in childhood and class him or her accordingly. The new friends I have made this past year appear to be types I cannot class and are, therefore, the more interesting.

There has been the usual run of sickness, death, unhappiness and disappointment, as well as trickles of happy hours. On the whole it has been the same kind of year as past years, yet the new friends seem to stand out and somehow make it appear a year worth looking back to.

I hope if health and good intentions continue that sometime during the coming year may find some of you gathered here at my home for a picnic one day.

Happy New Year to all.

DON'T WORRY.

CARRYING THROUGH HOLIDAYS.

Dear Editor and Sisters: What wonderful weather we had for Christmas! Certainly the weather man should have a vote of thanks. And today is very nearly perfect. Seems almost as though spring must be nearby. It is hard for those who have lost some one near and dear to them, to be able to carry on through this holiday. Memories come back so strong at Christmas time. Last year we had our trial and when we think of the tiny Christmas tree on a stand at the foot of Ruth's bed, fully believing it would be her last, we realize that the day of miracles is not past and are thankful she was able to celebrate with us this year. We certainly can sympathize with those who are sorrowing this year.

I wish to thank all those who sent me cards. I can hardly believe there are so many sisters who thought of me at this time. It is so pleasing to be remembered. I must stop now, wishing all sisters, brothers and editor a happy and successful New Year.

SUMAC.

NEW YEAR'S PARTY FOR CLUB NO. 5.

Dear Social Corner Sisters: I am taking a minute from a very busy morning to speak of the next meeting of Club No. 5.

First, bring plenty of "eats," also food for the mind as well as food for the body, for after dinner we are to have a programme, and I have noticed that those who take part in anything are usually the ones who have the best time.

As it is so near New Year's day, we are to have a New Year's meeting, and so please everyone come prepared with an appropriate sentiment, resolution, poem or reading, either in serious or humorous vein, and not too long, as we expect also to have some music, a short playlet, and, as the theater programmes put it "other specialties and novelties." So come prepared to stay until the programme is over.

Let us begin the New Year right, and not only begin right but keep it up.

We shall be glad to have visitors from other clubs, "the more the merrier."

Some day I hope to write a real letter. This is just a note. Happy New Year to every member of every club.

THE FRIENDLY VOICE.

LOOKING AHEAD TO THE NEW YEAR.

Editor and Social Corner Sisters: Our old year is nearly at an end and I feel we have had a very successful year. There are some that have slipped from our midst to that higher expression of life. We also have added others to our number. Take it all together this is one glorious life and it is up to us how much we make out of it.

The last meeting of club No. 5 was a very happy and enjoyable one and I trust we shall have as wonderful a one Jan. 4. We always have such good times. I wish to thank all those who have helped to make our club such a successful one. May we all join in thanks to the great Soul of all Life for our many blessings in the past and for our future success. Hoping all had a very merry Christmas and will have a very happy New Year and a prosperous one. Hope to see as many as can possibly come.

BEST CHRISTMAS EVER

Dear Social Corner Friends and Editor: This is Dec. 26th, the day after Christmas. What a beautiful day it is! Not a cloud to be seen all day long. We opened our packages the night before, and fixed our table with a small tree in the center around which we placed our gifts. I received 49 greeting cards and 15 gifts, also checks and money. We went to Putnam for the afternoon, enjoyed the tree there, received more gifts. Came home through Wauregan and Brooklyn, having greatly enjoyed a very merry Christmas, in fact, one of the best ever.

Ethelyn: We made five inner tube Kitty Kats. I sold three, gave one to the church sale, one was sent to Massachusetts, one to Washington, D. C., and the third one was sent to faraway Sweden. I gave one to little June Morse and Baby Gilbert had the inner tube doll. I never want to make another although they were very taking. How many did you make? Now I must sign off for everybody will want space to write about their Christmas.

I send you my good wishes
And speed them on their way;
And hope you'll all be having
A Happy New Year's day.

CLUB N. 1 MEETS JANUARY 11

Dear Editor and Sisters of the Corner: Club No. 1, meets next on January 11th at the chamber of commerce hall in Willimantic. Don't forget to bring your dishes and will those who have not already been asked to bring something else, please bring cake.

As January days are apt to be dreary, we want to provide as many laughs as possible for our entertainment. To that end will each one please bring the funniest joke she can find. Also I would like to have as many as possible give a short account of some embarrassing moments in their lives. That is, something which caused them embarrassment at the time, but which was funny to think of afterwards.

I wish you all a happy and prosperous New Year.

BETSY BOBBET

VEAL LOAF RECIPE WANTED

Dear Editor and Social Corner Sisters: I hope you all had a merry Christmas and I wish you all a very happy New Year. I see where Joan would like the poem One by One and as I have it am sending it in.

What is the matter with Butterfly? I never hear from her. Are your hands too tired to write? Wake up all of you.

Will some sister give me a recipe for making veal loaf?

Two Egg Cake: Break two eggs in coffee cup and fill up with sweet cream, 1 cup of sugar, pinch of salt and beat well; add 2 1-2 cups of flour, two teaspoons of baking powder, one spoon vanilla and beat again. Very nice.

What is the matter with Harrie E. and Votami?

CHERRY BLOSSOM.

JOINS THE CORNER

Dear Editor: I would like to join the Social Corner. I spent the day there last month, had a delightful time and met so many of my friends. Will write a longer letter next time, I will take for my pen name

DOCHE.

REMINDER OF JANUARY 4

Dear Editor: A long time since I have written to the Corner. I feel quite selfish when I enjoy each week hearing from the others who write such interesting letters. I know of new members who say they always turn to the Social Corner page and find such helpful recipes which prove we are on the map.

Sisters, don't forget Wednesday, January 4, Club No. 5 meets at the Buckingham. Come one and all bringing the usual good things to eat. Also to have a good laugh, which is better for the system than medicine.

WHAT DOES YOUR MIRROR SHOW?

A yellow, blotchy, pimply skin? You also have a dull, tired worn-out feeling? No wonder. Your system is clogged with intestinal poisonous waste. Remove it at once with Schenck's Mandrake Pills. Take them tonight as we tell you and the sallowness and pimples will start to disappear and oh how much brighter the world will look to you. Schenck's Mandrake Pills are purely vegetable. Thousands of families for three generations have found nothing better than Schenck's Mandrake Pills for cleansing the system of poisons that cause skin trouble.

POETRY

—Sun, Moon and Stars.

When humanity, of parent-songs are shorn
Into that mystic unique—a child
Entwined of the metallic form
Has yielded beyond its brooding mother-shield
Until the living flesh that holds its fort
Throws wide the close-shut doors. But then
Its quivering, fugue, electric rays dart forth
To search the sun and all its satellites.

Now, all the souls that need the earth again
Try through the cooling screen of sun and stars
To join the life that thus begins its course
But only one of all the waiting souls
Can gain the prize they strive so hard to grasp.
For guarding sun and its encircling host,
Blending their ever-changing harmony,
Are as an adamantine wall opposed
Against all those striving souls save one alone.
Whose mystic psalmody, singing of all
Its other lives on earth, intones concord
With song of child and song of starry shield
At natal moment of that launching life.
That soul prevails and wins the precious goal.
And on the earth begins again its life,
Whereon each thought and word and deed are tones
Attuned to that celestial harmony,
Composed of birthday song of sun and stars
Entwined with parent-strains and melody
Complex of pilgrim soul—a glorious chant
Whose thrilling tones speed on that soul
As it climbs up the path that leads to God.
—Thomas A. Watson.

The Spinner

The spinner twisted her slender thread
As she sat and spun;
"The earth and the heavens are mine,"
she said.
"And the moon and the sun;
Into my web the sunlight goes,
And the breath of May,
And the crimson life of the new-blown rose
That was born today."

The spinner sang in the hush of noon
And her song was low;
"Ah, morning, you pass away too soon,
You are swift to go.
My heart o'erflows like a brimming cup
With its hopes and fears:
Love, come and drink the sweetness up
Ere it turn to tears."

The spinner looked at the falling sun;
"Is it time to rest?
My hands are weary—my work is done,
I have wrought my best;
I have spun and woven with patient eyes
And with fingers fleet,
Lo! where the fall of a lifetime lies
In a winding-sheet!"
—Mary Alice De Vere.

HUMOR OF THE DAY

Smith—Your wife is attractive, to say the least.

Browne—Yes, but she never does.

Julia—"And at the end of his letter he put a couple of X's. What does he mean?"

Hilda—"Simple girl! It means he's double-crossing you!"—Tit-Bits.

First Stenog—Did you observe Fire Prevention week?

Second Ditto—Yes. I got into the office earlier; the boss was getting sore.—Montreal Daily Star.

Bootlegger's Assistant—Shall I put "Scotch," "Gin" or "Begediction" labels on these?

Bootlegger—You poor fool—it don't make no difference.—Answers, London.

She (terrified)—Do you think the hero will save her?

He—Uh-huh.

She—John, you're wonderful to reassure me; but I saw this show twice yesterday and he didn't.—Pathfinder.

"So you have forgotten our wedding anniversary," she said bitterly.

"How could I remember it?" he inquired, "Time has slipped away so fast and so happily that the wedding seems but yesterday."—Washington Star.

Husband (after quarrel)—"Goodby, I'm going to the ends of the earth."

Wife—"All right. And while you're there, you might get the evening paper and some canned salmon for supper."—Life.

"Been on a hunting trip, eh! Did you bag anything?"

"Oh, I got some ducks."

"Huh! I'll bet you didn't shoot 'em; bought 'em, most likely."

"I did both. Unfortunately, just as I was putting them in my bag, the farmer who owned them came along."—Boston Transcript.

KALEIDOSCOPE

Whales probably once lived on dry land.

African natives make an alcoholic drink from bananas.

Spain sent the United States over 30,000 tons of onions last year.

The United States navy consumes sixty-two tons of food for breakfast.

At Lynchburg, Va., a shepherd female dog has adopted a family of four kittens. The dog dispossessed the mother of the kittens to take the place of the puppies she lost.

The government has established specifications for window envelopes, because of the eye strain caused in postal employes who have to read addresses through windows of poor transparency or high gloss.

George Bell, fifteen of Tuscarora, Pa., can thank football for the removal of a .22 calibre bullet from his head, where he carried it for nine years. When six years old a playmate shot Bell in the forehead and the ball could not be found. In a football game he was bumped and a lump appeared over the right eye. A doctor who lanced it found the bullet.

Philadelphia has a ninety-year-old business woman. Mrs. Edward T. Black, seated at her desk in her real estate office, greeted friends and reporters on her ninetieth birthday. She remarked that she did not feel a bit old and her blue eyes twinkled as she added that, although conducting her husband's business since his death in 1905, she has not made her fortune yet.

Androcles showed great courage in removing the thorn from the lion, but how about Harry Russell and Lockwood Alger of Batavia, N. Y.? They picked up a full-grown skunk that had been blindly running around with a salmon can wedged tightly over its head, and with a pair of shears removed the can and allowed the animal to scurry away uninjured. The appreciative skunk spared its benefactors.—Boston Globe.

A story told with the authority of the cashier of a Portland (Me.) bank concerns a woman client of the bank who was informed by him that she had overdrawn her checking account by $5. The following day he received a letter from the lady expressing deep regret and calling attention to an enclosed remission to cover the amount overdrawn. The inclosure was a check for $5 drawn by the woman on her already overdrawn account.

Reading and writing and arithmetic taught in the Diamondsville, Wyo., schoolhouse, hold no more worries for Henry Fitzpatrick, even though he is only fifteen years old, because Henry is an unusual boy. He towers six feet one inch, and weighs 200 pounds. A judge held that it was not reasonable to expect a father to mortify a son of Henry's magnitude by forcing him to attend fifth-grade classes with youngsters half his size.

WESTERLY

KNIFE-SLINGER HELD WITH BAIL FIXED AT $3,000

(Special to The Bulletin)

WESTERLY, R. I., Dec. 30.—In the Third District court session this morning there were recess interruptions that Judge Oliver H. Williams might secure the services of an Italian interpreter (whose services were not required as a defendant did not take the stand) and for the judge to marry a couple in the chambers, the attendants being Chief of Police Brown and Director of Public Aid Oliver F. Crandall. An assault case against Demetro Servidio, charged with threwing a knife and wounding Frank Salmi, of Potter Hill, in a complaint brought by Chief Brown, took up the trial period.

Harvey Pehlgren was sworn as an interpreter and the testimony of the complaining witness, Frank Salmi, a Finlander, was taken in the Finnish language. He testifed that he had resided in Potter Hill for three years and was a painter and paperhanger. On Dec. 5th, having passed the previous Sunday with some of his countrymen on Pierce street, he had visited the store of Natale Gabrielle on the same street where the defendant, Demetro Servidio, was employed as a clerk. He purchased a quart of wine for $1 and paid for numerous other glasses in the kitchen of the house at the rear of the store. Becoming under the influence of liquor, he attempted to sing and dance, when he said, Servidio struck him with his fist and threatened him with a knife. The thought sobered him and he jumped out of the derway just in time to feel some object hit him in the back of the neck and a cheese knife fell to the street beside him. Some colored people outside informed him he had been cut with the knife for blood was flowing from a wound. He started towards High street to go home, but becoming faint went to the office of Dr. Michael H. Scanlon, where three stitches were taken to close the cut in the back of his neck.

Witnesses testified that he arrived at the house at 11 a. m. and left about 2 p. m. when threatened with bodily harm and all of the $5 he had in his pocket had been spent. Salmi testified the knife was 18 inches long with a blade 7 or 8 inches long and an inch and three-quarters wide.

Natale Gabrielle testified that he was proprietor of the store, employed Servidio, but did not know that wine was sold there.

A question was raised as to whether Sylvester Murano or Charles Ruisi was to act as Italian interpreter, the latter being summoned, but examination of the witness was waived.

Dr. Michael H. Scanlon testified to Salmi appearing at his office at 3.30 p. m., weak from loss of blood and with a cut which he said was received from Servidio, who was to pay the doctor's bill. Judge Williams found defendant probably guilty and held him in $1000 bail with same surety, for his appearance before the February term of superior court for Washington county.

Other court business disposed of included:

Criminal Docket—State, Thomas E. Brown, complainant, vs. Julia Davis, continued one month; Russel L. Slocum, truant officer, vs. Amanda Forkin, continued one month; William L. Kay, deputy chief of police of Hopkinton vs. Albert Jordon, continued one month; Thomas E. Brown vs. Mary Neugent, continued one month; vs. Harry L. Stewart, continued one month; vs. Mary Bianchi, continued one month; vs. William Sorenson, at first marked ready and at the end of court session, by agreement of counsel, continued one week for trial to Jan. 6th, 1928, and all witnesses notified to appear at that time without further summons; Thomas E. Brown vs. Joseph Cook, continued one month; Elmer E. Smith, chief of police of Richmond, vs. Russel Noka, continued three month; Thomas E. Brown vs. Demetro Servidion, ready. Civil Docket—Cornelius H. Conway vs. Thomas Euell, continued one week; Luippold Mineral Waters Co., Inc. vs. Beppo Boumenot, first marked nisi, later withdrawn and continued one week; Gavitt Furniture company vs. Agnes C. Fraser and Arthur E. Fraser, continued one week; Granite Street Garage vs. Joseph Luppinazo, Attorney Flynn for the defendant informed the court that the defendant's mother had come from Brooklyn and he had gone to Norwich with her. Case was continued one week for trial by agreement, when it developed that an appeal was sure to follow whatever judgment was given in district court; The Keller-Kohn Co. vs. Katherine P. Scott, and Clifton D. Hall vs. Joseph H. McCarthy, each continued one week; John Nelen vs. Raymond W. Chapmlin, continued two weeks; John T. Edmond company vs. Orrin L. Underwood, continued one week.

The fruitless search for the body of a girl, reported by Albert F. Lawton as seen by him Thursday afternoon floating under the Stillmanville bridge and over the dam in the Pawcatuck river, was continued until dark Thursday. Westerly police, members of the Watch Hill coast guard and other volunteer searchers bent every effort to find the body reported in the river. Provided with grappling irons, the searchers dragged practically every foot of the Pawcatuck river from the Stillmanville dam down to the old Pawcatuck dam, near the bridge. Lawrence Purtill covered thoroughly the Connecticut shore of the Pawcatuck before dark. John Farnsworth searched the channel from the spot where theh body was seen to have left the Stillmanville structure down below the old Pawcatuck dam. Along in a skiff, Farnsworth manipulated the craft down under the Pawcatuck river bridge through the swift current and rocks.

Mr. Lawton, who reported sighting the body, stood on the Pawcatuck river bridge and again took up the vigil Friday morning. There were many other searchers.

Charles Orlando, 107 Liberty street, Pawcatuck, was struck late Thursday afternoon by the automobile driven by William Burdick, who resided on the Bromley farm on the North Stonington road. While returning from his farm on the Norwich road, Orlando had arrived at 125 Liberty street when struck and thrown to the ground. Patrolman C. Wilson Brown, of Pawcatuck, and Dr. Michael H. Scanlon visited the place when medical attention was given Orlando, who was found to have a tooth knocked out, a deep cut under his eye and an injury to his right knee.

Dr. Herbert E. Rouse and Clifford Rouse, of Shannock, and Mrs. Florence Pierce, of Norwich, Conn., attended the funeral of their brother, George W. Rouse, Jr., 53, at Quincy, Mass., Thursday. Mr. Rouse was born in Pawcatuck, Stonington, the son of George and Harriet Rouse. Besides his brothers and sister, he is survived by two daughters, Mrs. George Austin, of Quincy, and Mrs. James Jenkins, of Walliston, Mass.

The engagement of Miss Irene E. Hefferman, daughter of Mrs. Margaret Hefferman, to Nicholas J. Chaddock, of the Westerly post office, was announced at a bridge party held this week at the home of Mr. and Mrs. John F. Cushman, 31 Elm street.

The annual banquet and business meeting of M. V. C., a society of the alumni of Westerly High school, was held Thursday evening. The banquet was at the Colonial club and the business meeting in the rooms of the Westerly Sea Scouts. The officers elected are: Wilfred B. Utter, president; Robert F. L. NOANK

SEAL STARTLES SELERS—ONE OF THREE IN HARBOR

Boaters have been busy on the flats across the channel trying to bait the seals. A boat has row-boats were out. Soon a big seal came right up in front of two selers and it scared them so they fell right over in the boat. This makes three large seals doing guard duty up the harbor and when one of them is around, there is no chance to get any seals. Capt. Orando Clark shipped a barrel of seals to Fulton market, New York, recently.

Freeman Roger is at Spring Hill for a short visit.

Howard Carson attended a dance in Mystic Thursday evening.

Frank Billrodge has spent a day on Leaders Hill recently.

Douglas Gillis, of Providence is walking from that city to the golden west, to Kansas City, on a bet of $500. He is not to ride in an auto and is to stop at every town so that he will let them know where he is at all times. If Hiker Gillis fails to make it, a new Ford goes to Peter MacNutty the fellow who made the bet. He started at 6 a. m. on Thursday, with a pack like a United States soldier's over his back. On it was "On my way west." Making Noank at 12 p. m. he was looking for his cousin, Edmund Ellis to spend a few hours. Hiker Gillis is a former Noank boy and was always taking long walks to different towns. While in the village he said near Hope Valley he ran into a heavy rainstorm but kept coming with a smile. He got all wet and had to change his clothes on account of the afternoon storm. He stayed until it got dark and wanted to make outside New London for the night. He said, "It is the wrong time of the year for the hike; but I like cool weather and out door air." Shaking hands with his Cousin Edward and the latter wishing him good luck on his way, he was off again with a crowd of 20 on hand to cheer him.

Mrs. Henry Langworthy was getting dinner at her home on Edie court Thursday when she noticed there was no bread on the table. Getting out the bread knife from the kitchen drawer and cutting the loaf, the knife slipped, cutting a deep gash on her thumb. A doctor was sent for to dress the wound.

William Tourjee has been in Norwich recently on business.

Sam Fish is visiting friends in Arctic, R. I., for a few days.

Lewis Main has returned to New Haven after a short visit in Noank.

Ice about five inches thick on the local ponds encourages the owners of ice houses who were waiting for a few more cold days to bring it up to 9 inches. Thursday came the rain storm that melted the ice. Now the icemen will have to wait a little longer for cold weather if they are to get an early crop. It also spoiled the skating at Bergman pond.

New Year post cards are coming from Pine Woods, Miss., also calendars with pictures of the Cotton Blossom Singers Highway Home. It was Piney Woods school on four auto wheels which passed through the village several times last summer. The man and woman in charge made many friends during their short visits, while camping at Fort Hill. The people remember a delegation of that Highway School on Wheels. It was some sight to see.

Miss Margaret Morriss of Holyoke is spending a week in the village.

Charles Hadley has entered the carpenter gang of George McGugan, at Groton Long Point.

Miss Mildred Ecclestone has returned after a brief visit in Ashwillet.

The old railroad ties have done good service on the New Haven road until new ties take their places. This week Foreman Tim Finn and his men of the section gang are burning them up along the track to West Mystic and Midway. It makes a big fire which can be seen a long ways. Many people wonder where all the smoke comes from. But it is only the section gang in their line of duty.

Angus MacLeod who is at home because of injuries from a fall at the local shipyard, is gaining each day.

Mike Passi is in Occum for a short visit among friends.

Edward Mahoney spent a day in Westbrook recently.

GURLEYVILLE

the NEW! A·C· set

NOW all in ONE!

Model E Radio Speaker

Radio's truest voice. All parts processed against moisture. A choice of five beautiful color combinations.

$24

Model 37

The astonishing price of the new, six-tube, full-vision ONE Dial, self-contained A. C. set includes everything except tubes and a speaker. No power accessories required—no batteries, no charger. For use only with 110-115 volt, 60-cycle, Alternating Current. Uses 6 A. C. tubes, and one rectifying tube.

$88

NOW AGAIN Atwater Kent makes a radical advance in radio. Here at last is an A. C. Set reduced to its essentials.

Compare this amazing Model 37 A. C. Receiver with every other set using power from an electric light socket. Remember that this handsome but inconspicuous little receiver contains everything except the speaker. You attach antenna, ground wire and speaker and then put the plug into any convenient electric light or wall socket. That is all there is to it.

All the power that you used to get from A, B, and C batteries comes from your house current now through a compact power supply built right into the receiver.

No array of wet and dry batteries, eliminators, chargers! A few moments after delivery, you can listen to music.

When we say that this new Atwater Kent 37 is unlike any other A. C. set you have ever seen, we mean just that.

How is it different, you ask?

For one thing, its simpler—simpler inside, simpler outside. This counts in fine performance and easy operation, as well as in freedom from those little attentions that no one should have to bother with nowadays.

It's also smaller. Our engineers knew that the essentials which every electric set has to have could be built right into the set without making it big and clumsy if only the right way could be found. They found the way. Skillful arrangement has removed all waste space.

And so you have a true electric set, powered entirely from the house circuit, needing only your touch on the switch to send the current through the A. C. tubes and start the music—a true high-power A. C. set, but compact.

Here are a few of the other advantages of this unique new Atwater Kent 37:

1. Exquisite tone, without disturbing power-noises.
2. Shielded cabinet and doubly shielded built-in power supply—assuring this superiority of tone.
3. True single dial control, including innovations which cannot be copied without infringing on Atwater Kent patents.
4. Every working part of every receiver matched for that particular receiver.
5. Every part tested for accuracy—some even to a fraction of a thousandth of an inch.
6. Every part protected against deterioration. This means long life for your set—a lifetime of pleasure for you.
7. Full-vision dial. You don't have to scan the numbers closely. Read the whole dial at a glance, just as you look at your watch. A turn of your wrist takes you to every station within range in a split second.
8. Efficient volume control. You can bring the music down to a whisper.
9. A cabinet only 7 1-8 inches high, 17 1-4 inches long—with everything inside except the speaker. Small, convenient—you'll never have to ask "Where can I put it?"—it fits in anywhere.
10. Your choice of two color combinations—deep rich brown and old gold or golden brown and old gold—both in the new satin finish.
11. Price—$88.

Try this set at an Atwater Kent dealers—or better still, at home. Raise the lid and see how it's made. Listen—and be convinced.

PRICE MOVEMENTS IRREGULAR, WITH UNDERTONE OF THE MARKET STEADY

NEW YORK, Dec. 30—(AP)—Irregular price movements continued to characterize today's stock market, with the general undertone steady. Cash sales for the purpose of establishing losses under the income tax law, were fairly heavy in volume and embraced a wide assortment of issues. Trading showed a further shrinkage in volume, although the day's sales were well over 2,000,000 shares.

Although seemingly little attention was paid by the market to the increase of nearly $75,000,000 in broker's loans last week, credit conditions nevertheless were a subject of interest in banking circles. Call money continued in plentiful supply at the renewal rate of 5 1-2 per cent, but time money stiffened slightly, being quoted at 4 1-8 to 4 1-4 instead of 4 to 4 1-4. Gold shipment also attracted attention, export of $10,000,000 to South America being partially offset by the arrival of an additional $2,000,000 from Canada.

Week-end mercantile reviews pointed out that the mid-holiday lethargy this year has been relieved by vigorous buying in a few markets, particularly in the railroad equipment field. Several more favorable 1928 forecasts came to hand during the day, but otherwise there was little in the day's news to influence the price movement.

Both industrial and railroad averages, compiled by the Associated Press showed a net gain of about a point on the day, the former attaining a new high record for all time. More than a score individual issues moved into new high ground, the list including American International corporation, Coty, Christie, Brown, Detroit Edison, Fleischmann, Inland Steel General Refractories International Business Machines, Nash, Packard, Life Savers, Mexican Petroleum, Simmons Co. and Youngstown Sheet & Tube.

Unusually heavy buying of the Armour issues was one of the day's feature, the B stock climbing 1 1-2 points to 6 1-2 on a turnover of nearly 120,000 shares. Warren Bros. soared 18 points to 157, presumably in anticipation of increased earnings through the large Cuban road contracts obtained by that company. There was a good demand also for such issues as American Water Works, Calumet & Arizona, Electric Refrigeration, Foundation Co., Green Cananea Copper, Lima Locomotive, Mullins Body, Paramount Famous Players, Porto Rican Tobacco A and B, and Underwood Typewriter.

United Biscuit, common, which was offered to the public a few weeks ago at $28 a share, was admitted to trading on the "big board" selling between 39 3-8 and 40 1-4.

Establishment of new 1927 high prices by the St. Paul issues on buying influenced by expectations of an early favorable decision on the reorganization plan by the interstate commerce commission and by the announcement of a new president, featured the railroad group. Most of the high grade investment issues showed only small fractional changes.

Commodity markets moved within narrow and irregular limits.

Foreign exchanges were slightly reactionary, sterling cables ruling about $4.88 3-8 and French francs around 3.93 1-2 cents.

New England Industries

Lamps and Reflectors

The making of supplementry products in slack seasons is a striking feature of the lamp and reflector industry in New England, the results of a survey by the United States Department of Commerce and the New England Council show. The industry, directly related to the automobile trade, is a relatively small one, but it is of well established maturity, and sales have been steadily upward in recent years.

Slack periods normally come in the late spring and summer months. Supplementary products developed to keep employment on a level scale include automotive signal devices new types of lamps, traffic lights, benzine cans, and ice cream containers. The regular products are lamps for motor vehicles, marine lamps, desk, table and boudoir lamps, stage lighting material, headlights, etc.

In 1923 there were 138 lamp and reflector establishments in the United States in which 10,604 employes produced an annual value of product of $57,329,000 of this amount New England made $2,265,000, with 4,922 workers in 17 factories. The industry in this section is practically confined to Massachusetts and Connecticut.

The average age of the reporting Massachusetts plants is twenty-six years, and of Connecticut plants thirteen years. The average number of years under present management for the entire group reporting is thirteen.

ANNOUNCEMENTS

Lotus Male Quartet In Sacred Music Concert at Y. M. C. A. Jan. 9.

The religious work committee of the Norwich Y. M. C. A. has engaged the famous Lotus Male Quartet of Boston for a sacred concert on the evening of Monday, January 9th, in the large gymnasium of the association. Admission to this rare treat will be free to all members and friends of the Y. M. C. A. This quartet has on many occasions delighted large audiences in the Y. M. C. A. courses, and doubtless a very large number will be glad to hear them on this occasion. The program will be announced later.

Norwich Music Association.

It has been necessary to change the program originally announced for the meeting of the Norwich Music Association to be held in Slater Hall Annex on Monday evening, January 2nd at 8 o'clock.

The executive committee consider themselves fortunate in securing, on short notice, the services of Mr. Berton Frank Noyes, violinist.

As previously announced, Mr. Joseph B. Downes will appear on the program with two groups of interesting piano numbers.

Next Week At Park Church.

The Young People's group will have a meeting at 7 o'clock Sunday evening when Allan Latham will speak uuon Astronomy.

After the many holiday festivities the New Year will start with a bridge party for the Blue Birts on Tuesday afternoon at 4 o'clock, and the Boy Scouts will have their usual meetting in the evening at 7.15.

On Friday the executive board of the Women's Federation will meet with the new president, Miss Hannah M. Crowell, No. 137 Washington street at three o'clock.

A man who might be classed as the school boy's friend went to jail at Fresno, Calif., when J. J. Gardner was arrested, charged with the theft of thirty-one clocks from various school buildings.

ANNOUNCEMENTS

Worth While Moving Pictures at Y. M. C. A.

"Disposing of Mother," featuring Mary Alden, will be shown in moving pictures at the Norwich Young Men's Christian Association gymnasium on the coming Sunday afternoon at 4 o'clock. This picture story is suggested by the Woman's Home Companion story of the same name. It is the story of a mother who always lived for her children. She may be your mother, or your neighbor's mother. If she is your neighbor's mother, you feel a bit sorry for her—if she happens to be yours, of course that is a different story. This is one of those mother picture stories that always touches the heart strings and tends to strengthen the love for that one who is so self sacrificing. In addition to the above story, two reels will be shown picturing Noah and the terrible deluge. This is screened true to the Bible narrative and will impress its own lesson."

Suitable music will be furnished by Hugh Kinder, and a brief talk will be given.

This service is open to the public 14 and over, and children from 14 up will be admitted but only if accompanied by parents. Young children are not expected. A free will offering will be taken.

New Year's Reception At Norwich Y. M. C. A.

The social committee of the local Y. M. C. A. has arranged what will doubtless prove a most interesting social occasion, in the way of a New Year reception for Monday evening, January 2nd, from eight to 10 o'clock. To this affair, all senior members, contributors, members of the Women's auxiliary and lady members with their adult friends are cordially invited. The program includes attractive music by Swahn's orchestra, a feature comedy moving picture, "Burn 'Em Up Barnes," six reels featuring Johnny Hines. A fast basketball game will be staged and refreshments will be served to all.

Breed Theater.

"Old San Francisco," the Warner Bros. extended run production which portrays the lurid days of Chinatown and the Barbary Coast, before and during the "Great Fire," is acclaimed by New York reviewers as one of the finest melodramas of the generation.

Beautiful Dolores Costello plays the part of a Spanish heiress who is kidnapped by a half-caste boss of San Francisco's underworld, and goes through weird experiences and horrors which all terminate with the furious onslaught of nature and the Great Fire which relegates "the mile of hell", to oblivion.

Warner Oland, the celebrated character actor is featured in support of Miss Costello. The photography is startling in its revelation of what may be done with the sensitive lens and the direction of Alan Crosland adds new honors to his already famous name.

The cast includes Josef Swickard, John Miljan, William Demarest, Anders Randolph, Charles E. Mack, Sojin, Angelo Rossitto, Anna May Wong, Rose Dione, Lawson Butt, Otto Matiesen, Walter McGrail, Martha Mattox and Tom Santschi.

"Old San Francisco" comes to the Breed theater tomorrow for a run of three days.

First Baptist Church Meetings.

Events for the week at the First Baptist church will include:

Tuesday, 6.30 p. m., annual church banquet, roll call and business meeting. Reports of the year and organization of the coming year's work.

Thursday, 4 p. m., meeting of the Crusaders in the social room of the church. 7.45 p. m., week-night service of the church. Topic, Ten Commandments for the New Year. 8.45 p. m., organization of the new executive council of the church.

Amie's Filling Station.

The public is invited to visit Amie's filling station at the corner of Boswell avenue and North Main street which is now open for business. It is one of the most modern and attractive filling stations in eastern Connecticut and well located. A. C. Browsofske, the proprietor, will be pleased to greet his friends and cordially invites motorists to inspect his station. A complete line of oils, greases and gasoline of highest grades carried. Also agency for United States tires. Telephone 638. Prompt service and courtesy is assured.

Amie's garage of which Mr. Browsofske is the proprietor is the adjoining property.

Leffingwell Baptist Church.

The annual roll call and business meeting of the Leffingwell Baptist church will be held next Thursday evening. The chuhch supper will be served in the vestry at 6 o'clock.

The earliest measurements were based on parts of the human body.

(Special to The Bulletin)

NEW LONDON, Dec. 30—Capt. Charles Kelly, of the force of special agents of the New York, New Haven & Hartford railroad, in this city, has been transferred to the Old Colony division with headquarters at Taunton, Mass. The transfer will become effective Sunday and Capt. Kelly will conclude duty in New London Saturday. He will be succeeded by Sergeant David Marks, who has been promoted to a lieutenant and th promotion will become effective Sunday Lieut. Marks will have charge of the entire force of special agents stationed in this city and his headquarters will be in the union station. The changes are the result of the consolidation of the New London division with the New Haven division, which will become operative at midnight Saturday The special agents of the New Haven division will have charge of the police work on both divisions and under the direction and supervision of Capt. Conley, New Haven division. Capt. Kelly has been stationed in this city about five years and under his supervision the special agents performed most creditable work. Lieut. Marks has been on duty here about two years, coming to New London from the Providence division.

POSTMASTER SLOCUM'S WIFE WAS PROMINENT IN W. C. T. U.

(Special to The Bulletin)

NEW LONDON, Dec. 30.—Mrs. Lillian A. Slocum, 63, wife of Postmaster Walter M. Slocum, died early this morning at her residence, 59 Mountain avenue, after an illness of about three weeks which followed a shock. Besides her husband, Mrs. Slocum is survived by two sons, Richard R. and Walter M. Slocum, Jr.; a brother, Frank E. Rogers, of oMntville, and a sister, Mrs. Arthur F. Taylor, of this city. She was a member of Huntington street Baptist church, twice chairman of the Women's Christian Temperance Union and republican town committee, besides holding membership in several charity and welfare organizations. Mrs. Slocum was born in Montville, April 8, 1864, the daughter of Hiram and Jerome Hurlbut Rogers. March 29, 1886, she married and then came to this city to reside.

WILLARD B. MOON BURIED IN YANTIC CEMETERY

(Special to The Bulletin)

NEW LONDON, Dec. 30.—The funeral of Willard B. Moon was held this afternoon at 2 o'clock at Brainard lodge, Masonic temple, and was attended by a large assemblage of mourners, including representatives from all of the drug stores in the city. Mr. Moon had been employed many years here as a drug clerk. The services were conducted by Worshipful Master Ellery Edwards. The bearers were members of Niagara Engine company. The body was taken to Norwich where the burial was in Yantic cemetery.

Mrs. William Flynn, of 6 Alger street, and Mrs. Charles Miller and infant son, 117 Riverview avenue patients at Lawrence-Memorial hospital were discharged today.

Mrs. Anna Peet, about 70, residing at 96 Main street, died at Lawrence-Memorial hospital this morning. She is survived by a son.

Joseph Wilson, former soldier and prize fighter; Albert E. LaCicero, submarine bas sailor, and Ethel Shutte, 22, of 119 Golden street, and Harriet Jerrolds, 125 Bank street, ere in the police court this morning charged with lascivious carriage. The cases were continued to tomorrow. The two women are married and are employed in restaurants. They were arrested by a squad of police at a rooming house on Golden street where the Shuttee woman resides, when LaCicero made complaint to the police that Wilson and the girl were occupying a room there. When LaCicero and the police went to the house the sailor's friend attacked him for causing the police to go to the house and at the same time accused him of having lived with her as husband and wife for many weeks. That statement resulted in LaCicero also being arrested.

Leroy Mayhe, 16, wocolored, and residing at 690 Bank street, was presented on continuance on a charge of theft. The case was nolled. Mayhew was arrested last June when he committed petty thieving.

The Norwich police today requested the New London police to be on the lookout for a Buick coupe, stolen in the former city earlier in the day. The auto carries Connecticut registration, N-3613.

Miles Rogers, 61, of Uncasville, died yesterday afternoon at Home Memorial hospital, where he recently underwent an operation. He was a stone mason and had resided in Uncasville about seven years. Mr. Rogers is survived by his wife, five sons, Philip, Howard, Miles N. and James H. Rogers, and by three daughters, Mrs. Mrs. Helen Pond, Mrs. Ethel Brehant and Mrs. Irene Taylor.

The officers of Union lodge, No. 31, K. & A. M., were installed last night and because of it being St. John the Evangelist's night, there was a large attendance of members. The officers installed are: Worshipful master, Alfred J. Phillips; senior warden, George Marsters; junior warden, John F. Manion; treasurer, Frederick C. Burrows; secretary, Robert H. Byles; senior deacon, Robert H. Heath; junior deacon, Arthur M. Card; marshal, Ralph D. Briggs; senior steward, Gerald H. Waterman; junior steward, Robert E. Gray; tiler, Hiram F. Lewis. The installing officer was Elwood L. Stanton, retiring master. Past Worshipful Master Stanton was presented with a past master's jewel. A banquet followed at which Rev. J. Romeyn Danforth and Rev. Charles E. Spaulding were the speakers.

The continued case of George Sheehan, of West High street and Henry Magrini, 773 Bank street, charged with intoxication and breach of the peace, will be tried in the police court tomorrow. Sheehan and Magrini were intoxicated on Bank street about 3:30 o'clock Christmas morning and when they engaged in harsh words they followed up the ugly utterances by coming to blows. While Sheehan and Magrini were in combat the police arrived and arrested the pair.

It is expected that Detective Sergeant John Cavanaugh will arrive in New London during the night with his prisoner, Peter Pijeaux, of Hempstead street, who was arrested in New York three weeks ago at the request of the New London police, who hold a warrant for Pijeaux's arrest on a charge of statutory burglary.

Two charges at the State Farm for Women, at Niantic, escaped at 6:30 o'clock tonight and the police here have been requested to assist in apprehending the pair. They are Nellie Santos, 20, colored, about five feet three inches in height and medium build and Myrtle Mowell, 19, white, about five feet three inches in height and medium build.

The annual S. P. Learned Christmas tree celebration is to take place at the mission on Main street, Monday afternoon The Mission officials will provide two trees from which kiddies as well as adults will receive gifts. These will be, for the most part, as regards the children, useful more than for amusement and pleasure. One tree will be strictly for the children and scores of articles have been provided by the mission management and persons interested in its work. The other three will be for the grown-ups.

Antone Leverone, of Golden street, who has been in New London since early last summer, has left for Miami, Fla., where he has considerable property interests. He will remain in the south until next April, when he will return to New London. Mrs. Leverone will leave here shortly to join her husband.

Mrs. Edward Riordan, wife of Patrolman Edward Riordan, 73 Montauk avenue, left here today for New Brunswick, Cana., having been summoned there because of the serious illness of her sister.

John A. West and Mrs. Hattie Brewster, both of Groton, were married at the parsonage of the Poquonoc Baptist church last Wednesday, by Rev. Albert E. Hylan.

Frank E. Miller, of New York and Miss Vera Lacey, daughter of Mr. and Mrs. Charles E. Lacey, of Nameaug avenue, were married Wednesday afternoon at the residence of the bride's parents by Rev. Charles E. Spaulding, pastor of the Methodist Episcopal church. William Tichnor, New York was best man and the bride had her sister, Miss Miriam Lacey, of Fitchburgh, Mass., as maid of honor. ANNOUNCEMENTS

Broadway and Palace Theatres

Of more than ordinary interest to local theatre goers is this announcement being made by Manager Maxfield of the Palace theatre and Manager Fink of the Broadway theatre.

Commencing Monday the vaudeville and motion picture policy which has been in voque at the Palace theatre, will be transferred to the Broadway theater. In preparation for this event the Broadway has been transformed from floor to roof, both in the auditorium and back stage. It has been equipped with all modern devices for the presentation of vaudeville, enabling the management to secure acts unable to play Norwich, hitherto, due to limited stage equipment.

The Palace theatre, under the direction of Manager Maxfield, will present the newest and best feature photoplays obtainable. Special care is to be given to the selection of picture subjects and only the best pictures produced will find their way to the Palace screen. The Palace is primarily a picture theatre, the seating capacity being arranged to give an unobstructed view of the screen, from all parts of the house. The musical arrangements will be exactly as played in the larger cities and everything wil be done to make the Palace theatre the perfect motion picture theatre.

In deciding on this change of policy, the suggestions of numerous patrons were taken into consideration as well as the expert advise of theatrical executives, the change becoming effective only after an unanimous opinion that it would tend to improve the quality of entertainment offered at both the Palace and Broadway theatres.

Broadway Theatre

That rare combination of a beautiful locale, a well knit plot and superb acting o nthe part of all members of the cast, human and animal, is the outstanding feature of "Wild Beauty," which opened at the Broadway theatre yesterday.

For this reason "Wild Beauty" is a picture which gains our unqualified endorsement. The film is unique for many reasons.

"Stranded," the co-feature is an exceptionally interesting story of a girl, who, because she had a pretty face sacrificed home, happiness, family and lover to plunge into the hard realities of movie land. Not only is this a thrilling story but it is interesting because it gives one a real insight as to how pictures are made.

The feature attraction for tomorrow will be Night Life, featuring Alice Day and Johnny Harron. It's a graphic story of intense interest of the days before and after the great war in the city of Vienna.

On Monday the Broadway theatre will start its new policy of vaudeville and pictures. Five acts of real big time vaudeville will be presented and "The Love Lorn" a modern story of today will be shown on the screen. "The Love Lorn" is by Beatrice Fairfax, who is widely known for her advice to the lovelorn. Sally O'Neil, Molly O'Day, Larry Kent and James Murray have the leading roles.

Palace Theatre

Strange and uncanny goings-on that chill the blood and grip the imagination occur in a haunted manor house in England during the weird course of Lon Chaney's latest and greatest film, "London After Midnight," a Metro-Goldwyn-Mayer picture that comes to the Palace theatre on Sunday, Monday and Tuesday.

Chaney plays the part of a master detective from Scotland Yard, who employs hypnotism, the tricks of spirit solving a baffling murder. Untangling the mystery, he discovers that a five-mediums and supernatural illusions in by the same person, a benevolent-and that both crimes were committed year-old "suicide" was also a murder pearing old man, because of obstacles which stood in his path to the complete possession of a young and beautiful girl.

"London After Midnight" is supermelodrama. It seeths with dark superstition, eerie adventure and awe-inspiring, modern versions of black magic. It is an original by Tod Browning, who also directed it. Marceline Day appears in the leading feminine role. Others of note in the cast include Conrad Nagel, Henry B. Walthall, Polly Moran and Claude King.

A hilarious two-reel comedy and the latest Metro News Events will also be shown.

Strand Theatre.

Tess of the Storm Country is a screen picturization from the story by Grace Miller White, and has for its leading feminine role the lovely Mary Pickford. This fact alone is enough to assure every film fan of a wonderful evening's entertainment. This is one of Miss Pickford's greatest screen successes and in it she has the support of an all star cast. You will enjoy seeing this picture, so remember that it is playing at the Strand on Sunday night.

A story that fairly sizzles with action, a brilliant cast, splendid photography, scenery of the rarest beauty and daredevil horsemanship are some of the features of The Prince of the Plains. It's action—plus! Besides which there are innumerable thrills and an interesting love story. Betty Caldwell is the charming leading lady, who is seen opposite Tex Maynard. and Walter Shumway, the screen's bad man plays his usual role of villian. There is also a splendid supporting cast including Rayart's Rough Riders.

In the semi-barbaric Malay Islands, chess is a favorite pastime.

GREENEVILLE

Mr. and Mrs. William Sweet have returned to their home at Central Avenue after being guests of relatives at Springfield, Mass.

Mr. and Mrs. Leordore Gladue have returned to their home at St. Regis avenue after spending a few days with relatives at Springfield making the trip by auto.

Many of the local automobile owners changed their number plates to 1928 markers Friday evening.

Owing to Christmas being celebrated on Monday the H. club held their regular meeting in their club rooms on Fourth street, Tuesday evening, instead of Monday evening their regular meeting night with 100 per cent of its members attending. The regular routine of business was transacted with their president Albert Prodell presiding. The members also voted to give their physical director, Stanley Boyd, a two and a half gold piece as a mark of appreciation for the services rendered the club.

One of the Fourth street autoists received quite a thrill recently when he went to crank his machine while it was in reverse with the emergency off which resulted in the machine backing out of the yard knocking down the fence on his own premises, darted across the street up the side o a bank and landing up against the railing leading to the front door of the Greeneville Congregational church. The railing was completely knocked off but was repaired by men Friday morning. The machine received only a damaged mudguardfrom its wild flight.

Mr. and Mrs. Hern Wolff and family of Westfield have returned to their home after being the guests of Mr. Wolff's mother, Mrs. Katherine Wolff, of Prospect street.

A delightful Christmas social was held at the home of Mr. and Mrs. John Pavlak, No. 742 North Main street, Christmas evening. A chicken pie supper was served after which Santa Claus claims distributed gifts. The house was beautifully decorated for the occasion and there was a large Christmas tree with many colored electric lights.

TAFTVILLE

Mr. and Mrs. Charles E. Embler of New York have returned to their home after spending several days with Mrs. Embler's parents, Mr. and Mrs. George Adams of Norwich avenue.

Sylvio Rondeau of Merchants avenue is spending several days the guest of relatives in Quebec.

Mrs. Thomas Perkins Sears entertained the members of the Thimble club at her home on North Fifth avenue Tuesday evening. The affair was in the nature of a Christmas party, and the house was attractively decorated with Christmas greens. Gifts were exchanged by the members and supper was later served by the hostess.

The next meeting of the eastern Connecticut Mills association is to be held in Taftville, it has been announced.

Mr. and Mrs. Ozias Plante and family of Merchants avenue are moving to the house on South C street vacated by Consegue Laliberty who has moved to Danielson.

Rain put an end to the skating which has been fairly good on the Bilsaville pond. Crowds have also been enjoying the skating at Mohegan park, going via the Taftville entrance.

The Misses Rasaiba and Anna Robitaille have given up their house on North A street and have moved to Providence street.

Miss Rose Gaudette has resigned her position with the No. 4 weaving department of the local mills.

The Taftville Rod and Gun club plans to present in the near future, a motion picture of big game hunting in Africa. The film will be educational as well as interesting, and is being shown to stimulate local interest in wild life. A few weeks ago the club presented a picture dealing with the hunting of native animals; this film is to show the manner of hunting of game on a foreign continent.

Mr. and Mrs. George Hazelhurst who have been at the Ponemah house for several weeks have left town.

A letter addressed to George Sanders is being held at the local postoffice as the addresses is unknown to the postmaster.

Mr. and Mrs. Plante of Three Rivers, Mass., have been recent guests of Mr. and Mrs. Ozias Depot of South C street.

NORWICH TOWN

HUMANE AGENT 38 YEARS, DR. C. H. LAMB THANKED

Thirty-eight years ago Friday, Dr. Charles H. Lamb of Norwich Town received his appointment as an agent for the Connecticut Humane society, with the authority to act in conformity with the powers conferred on agents within the limits of Connecticut.

A list of names has been sent to him from the central office, Hartford, saying he is one out of twenty-one agents who have served the state from 34 to 40 years. There are over 200 acting agents now in this state.

A word of gratitude for his long service has recently been sent to him.

The Children's service Sunday afternoon, at 3 o'clock, at the First Methodist Episcopal church, will be addressed by Rev. J. Harlow Graham, pastor of Trinity Methodist church, Norwich.

Miss Mildred Casey and her brother George returned Tuesday to New York, after passing the Christmas season at their former home on West Town street.

HOD CARRIERS TO ASK WAGE INCREASE

An increase in wages for hod carriers and common laborers is asked for in an agreement adopted Wednesday evening at a meeting of the Local 524, International Hod Carriers, Building and Common Laborers union. According to the agreement wages for all laborers including common and building labor, wrecking of buildings, etc., shall be 75 cents per hour, while the wage for hod carriers and mason tenders, drilling and breaking of rock and concrete work shall be 85 cents per hour. The local building contractors are shortly to be presented a copy of the new agreement.

According to the presented agreement between the union and the contractors the common laborers receive 62 1-2 cents per hour and the concrete workers and mason tenders 72 1-2 cents per hour, it is understood. The present agreement expires on April 1, 1928.

The new agreement follows:

Wages for all laborers shall be 75 cents per hour. This shall include common and building labor, wrecking of buildings, etc.

Wages for all hod carriers and mason tenders, drilling and breaking of rock and concrete work shall be 85 cents per hour.

It is mutually agreed that preference be given members of the local.

Employers shall pay carfare beyond one fare.

Any time over eight hours, Saturday afternoon, Sundays and all holidays and repair work on boilers, shall be double time. No overtime on eight hour shifts where separate gangs are used.

All differences between the members of the local and their employers which cannot be settled between the partners thereto shall be settled by three arbitrators, one to represent the employer, one the employes, and a third to be chosen by the first two.

If any change in this agreement is desired by either party, the other party shall be given written notice of some 90 days before the date of expiration of this agreement.

This agreement shall continue in force from April 1, 1928 to April 1, 1929.

EXAMINATION FOR DEPUTY PROHIBITION ADMINISTRATOR

(Special to The Bulletin.)

WASHINGTON, D. C., Dec. 30.—The civil service commission has announced the examination for deputy prohibition administrator for those who have bona fide residence, domicile, and post office address within the state of Connecticut.

The commission says that the results of the last examination for the higher administrative posts under the bureau of prohibition, although not finally determined, indicate that a sufficient number of eligibles may not be secured in a number of sections of the country.

The only examination reopened to Connecticut residents at this time is for deputy prohibition administrator. The entrance salary is from $3,000 to $4,000 a year.

Application will not be required to report at any place fora written examination but will be required to report at any place for a written examination but will be rated on their training, experience, and fitness. Experience in prohibition enforcement is not required. Any experience which, in the judgment of the commission, qualifies the applicant for the duties of the position is acceptable. The experience requirements of the original examination have been materially changed for this new examination.

Personal investigations of applicants, which may include oral interviews, form a part of the examination. Fingerprints will be made to check the accuracy of the applicant's statements as to arrest, indictment, or conviction for crime or misdemeanor.

Full information may be obtained from the United States civil service commission, Washington D. C., or the secretary of the local board of civil service examiners at the post office in any city in Connecticut. Formal applications must reach the commission at Washington by January 31.

CIVIL SUPERIOR COURT HERE NEXT WEEK

The January additional session of the superior court will come in at the common pleas court room, this city next Tuesday. Judge Christopher L. Avery will preside. Assignments of cases have been made as follows:

TRAIN CREW FOUND OBSTRUCTION ON TRACKS

Shortly after 6 o'clock Friday evening an obstruction was found on the N. Y., N. H., and Hartford railroad tracks at Fort Point by the crew of a supply train which was working in that vicinity. It is thought that the obstruction, which it is understood was of wood and resembled a railroad tie, may have dropped from a truck or wagon driven across the tracks. The supply train crew notified headquarters at New London and the usual investigation in such cases, was made.

NEW YORK, Dec. 30—Morris Muller, 23, formerly of Montville, Conn., but at present residing at 127 Henry street, New York, and Esther Sohn, 24, of this city, obtained a license to wed at the Municipal building here today. They will be married here January 8.

Mr. Miller was born in Montville, the son of David and Fannie Miller. The bride-elect was born in Russia.

Reservoirs At Full Pond.

A checkup of the local water supply by the water department has been made and both reservoirs are found to be at full pond. At present Fairview reservoir has a supply 2-14 inches above full, while Stonybrook is 16 inches below the new full pond mark.

ECHOES FROM THE LODGE ROOMS

CATHOLIC LADIES OF COLUMBUS

Mercier assembly No. 12 will hold its regular meeting next Tuesday in the rooms on Broadway. At this meeting plans will take place for the installation of the new officers for the ensuing year by the worthy state president, Mrs. James J. Dutton, of this city, which will be held in St. Mary's Memorial hall on Sunday, January 8th. Definite time and other information will be announced later.

The chairman of the Christmas committee, Miss Mary Weiler, will also give a report which it is expected will prove worthy of praise. Miss Weiler who was ably assisted by a large committee and especially by John P. Corcoran, distributed approximately $150, in the purchase of Christmas cheer, warm clothing, toys, etc., to the needy families whose names they had received. Baskets most attractively filled with goodies, smokes, etc., and card attached were distributed at the Uncas-on-Thames and state hospital among veterans of the World war. The work is growing each year and the cheer and happiness made possible by the members through their contribution to the wonderful work is more than gratifying to the assembly at large.

REBEKAHS

Election of officers was the principal business at the last meeting of Hope Rebekah lodge, No. 21, I. O. O. F., in Odd Fellows hall. Officers chosen were: Noble grand, Caroline Howard; vice grand, Mary Dow; recording secretary, Ivy Peckham; financial secretary, Bertha Collins; treasurer, Alice Stapleton.

After the business session a Christmas tree party was iven and gifts were distributed to the children and adults. The newly elected officers are to be installed on Jan. 4, by Miss Sadie Curley of Willimantic, district deputy president, as installing officer. Supper is to be served at 6.15 o'clock.

COMPANIONS OF THE FOREST

Unity Circle, No. 1250, Companions of the Forest, Voluntown, held its regular meeting Tuesday evening with Deputy L. Cavanaugh of New London in the chair. The following officers were elected for the coming year:

Past chief, Harriet Dupont; chief companion, Irene Magrey; sub chief, Flossie Bebbo; financial secretary, Celia Ritehotte; treasurer, Samantha Miller; recording secretary, Mabel Church; left guide, Amy Dawley; right guide, Mary Burton; inner guard, Emma Baton; outer guard, Minnie Hood.

Trustees, first, Christian Murphy; second, Floyd Magrey; third, Nellie Dawley.

A social hour followed the meeting and there was a supper comprising baked beans, salad, brown and white bread, cake, tea and coffee. Deputy Cavanaugh found at her cover a gold piece given by the members to show their appreciation of her help and guidance to the circle.

The circle plans to hold a public installation at Union hall, Voluntown, at 4 o'clock on January 8th. Those who accompanied Miss Cavanaugh at the meeting this week, were Mr. and Mrs. George Eason, Mrs. Mary Vine and Paul Cavanaugh, all of New London.

PATRONS OF HUSBANDRY

Worthy Master Ralph Marsh presided at the business meeting of Norwich Grange, No. 172, Patrons of Husbandry, held Wednesday evening. A resolution suggested by the executive committee, amending the present feast committee rules, that hereafter all suppers served in the grange hall be paid for at the rate of 35 cents per plate, and that no bills be brought into the grange to be paid by the treasurer by any feast committee, was adopted.

A birthday cake and a bank containing $10 were presented to Edward Cook, the treasurer, by Mrs. Eliza Boyens, in behalf of the grangers as a token of appreciation of his many years faithful service to the grange. A gold piece was also presented to the worthy lecturer, Mrs. Althea Brown, as a token of appreciation of her two years of work in the lecturer's chair. The gold piece was presented by Mrs. William Manning in behalf of the grange members.

Following the business meeting there was a Christmas social. The hall was most attractively decorated, the decorations being in charge of Albert Birdsley. The Christmas tree, also beautifully decorated, was in charge of Mrs. William Bode, Jr., Mrs. Ines Hill and Mrs. Everett Peckham.

Gifts, candy, nuts, and oranges were presented by Santa Claus to 96 grange children, and gifts were exchanged by grange members.

John M. Swahn was in charge of the music during the evening and Miss Nellie Howie had charge of the children's programme which was splendidly given. The programme follows:

Oh, Santa Claus, So Jolly, a group number; recitation, Beatrice Adams; song, Little Jack Horner, Everett Peckham; I Am a Very Busy Boy, Billy Bowen; Rocka-bye Baby Song, six little girls; I Hung Up My Stocking, song, Rose Peckham; square dance, eight children; The Little Skeptic, Perry Coles; a Little Piccaninny Song, Marie Woods; drill, 12 children; recitation, A Night Before Christmas, Elsie Higgins; selection, children's orchestra. All the participants were heartily and enthusiastically applauded by the delighted audience.
